REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush;
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5:00 P.M.
 - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

GOSHEN FIRE DEPARTMENT 1965

Once more the time has arrived for me to thank the townspeople for all the help they have given the fire department during the past year.

We have had another good year as far as fire loss goes. It has not been all luck. The men in the department deserve most of the credit. They have given freely of their labor and time at no cost to the taxpayers. As we realize this, it behooves us all to give them our utmost support. I feel greatly indebted to each and every member of the department for the loyalty shown me this past year.

REPORT OF THE SECRETARY OLIVE G. PETTIS LIBRARY, 1965

The trustees of the Olive G. Pettis Library met 10 times during the year. We joined the State Co-operative Library Plan which entitles us to order books through the state library and get a very generous discount. Also we were presented with \$125.00 worth of much needed reference books.

Electric outlets were installed, the front steps rebuilt, and a wrought iron railing, the gift of Mrs. C. J. Oliphant, installed.

Mr. Kerwin Purnell has donated an oil burner and Mr. Ralph Wright has offered to install it with the help of volunteers from the Friends of the Library. Several members offered cement for the foundation.

The book and food sale this year was co-sponsored by the trustees and the Friends of the Library and was most successful. We wish to thank all who helped make it so.

The Library has been open for two hours on Wednesday evenings in addition to the regular Saturday afternoon hours.

We have had many books donated for which we are most grateful.

GOSHEN-LEMPSTER SCHOOL DISTRICT SUPERINTENDENT'S REPORT

To the School Board and Citizens of the Goshen-Lempster Co-operative School District;

ENROLLMENT

The records indicate that the enrollment in September totaled 135 as follows:

Grade 1	19 pupils
Grade 2	20 pupils
Grade 3	19 pupils
Grade 4	15 pupils
Grade 5	14 pupils
Grade 6	17 pupils
Grade 7	14 pupils
Grade 8	17 pupils

STAFF

Although a fifth teacher was employed, the fifth classroom was not available since the building project did not get underway until late in the fall. Consequently, it was necessary to place the eighth grade students in the Utility Room. Both the students and the teacher are to be commended for their patience and understanding in this temporary situation.

Three of the five teachers were new to the Goshen-Lempster School. Although they have made a good adjustment to a new teaching situation, every effort should be made to reduce the teacher turnover. Buildings and materials are essential parts of a learning situation. However, the teacher remains the most important factor in providing a satisfactory education for your children. If you are to keep and recruit successful teachers, salaries must be at least on a competitive basis with those paid in surrounding communities.

BUILDING PLANS

Prices for the building addition, voted last year, came in higher than the estimates on the funds available (\$20,000.). Consequently, it was necessary to make some changes in the original proposal in order to get the needed additional space.

An article is included in the Warrant calling for \$3,000. to complete the building and provide some needed equipment. Since this additional amount should qualify for State School Building Aid of 40%, the net cost would be \$1,800. for completion of the building project.

FEDERAL FUNDS

You are eligible for funds on a matching basis under the National Defense Education Act of 1958 for reference materials and equipment in the fields of Science and Mathematics. We are recommending that the District take advantage of its share of these funds to provide some much needed equipment.

Goshen-Lempster qualifies under Title I and II of the Elementary and Secondary Education Act of 1965.

Title II is handled on a Supervisory Union basis. Consequently, this District is eligible to receive \$234. of library and instructional items under this Title.

Your allotment under Title I for this school year (1965-66) is \$2,495.28. We hope to get approval to use these funds toward a reading improvement project. This would involve employing a teacher assistant to work with small groups needing added drill and extra attention. The bulk of the funds would go to equip the present Utility Room into a Library-Learning Center. If funds permit, it may be possible to convert the present Kitchen into a Health area. Expenditure of these funds before June 30 of this year is called for in an article in the Warrant.

CONCLUSION

We officially became connected with the Goshen-Lempster School District on October 1, 1965.

The Teacher Consultant, A. J. Soucy, has spent a generous amount of time in working with the teachers and reviewing the present pro-

grams to determine both strengths and weaknesses, in order to be in a better position to make intelligent recommendations for future improvements.

If the entire school community — citizens, parents, School Board, staff, and administration — continue to work together toward an improved educational program for Goshen-Lempster students, I am certain that some real progress will result.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools

PRINCIPAL'S REPORT

This has been an unusual year for all concerned with your school due to several factors: inclusion into Union #43, departmentalization of the three upper grades, three teachers new to this school, and the building program.

At the retirement of Mr. Noyes Stickney on October 1, 1965, School District #5 was discontinued and the Goshen-Lempster Co-operative School came under the jurisdiction of Mr. Gordon B. Flint in Union #43. He and Mr. Alphonse J. Soucy have been most helpful in assisting us to make this transition.

Before his retirement Mr. Stickney and your School Board set up departmentalized teaching in the 6th, 7th, and 8th grades. Two teachers share the responsibility for these three grades, with Mr. David Callum teaching Social Studies and Science, and Mrs. Irene Cain teaching English and Mathematics. These pupils have had to become accustomed to changing rooms for classes, and also become acquainted with both of these new teachers. The other teacher new to your school this year is Mrs. Martha Motes who has the 2nd and 3rd grades. We have been fortunate to retain the able services of Mrs. Hester Morrissey for the 4th and 5th grades, and Mrs. Myrtie Starkey for the crucial first grade spot.

In spite of crowded conditions and the use of the former cafeteria room as a classroom, the Hot Lunch Program is being successfully carried out under the able direction of Mrs. Francese Newton, assisted by Mrs. Faulkner. Mrs. Newton has received a letter of commendation from the State Department for her efforts this year.

Each Friday afternoon Mrs. Bruno offers music to the children of each room in the school. She directed a Christmas program which was presented at the Lempster Town Hall and enjoyed by a capacity audience.

Grades 5 through 8 were invited to attend the lecture and demonstration conducted at the Newport Junior High School when the N. A. S. A. Spacemobile came in December. This proved to be a most enjoyable and informative program.

Our School Nurse, Miss MacIver, is conducting an active health program with a series of immunization clinics. She had the Heaf tests

for tuberculosis given, and is now conducting eye tests.

A successful Dental Clinic was carried out under the sponsorship of The Parents' Club and Miss MacIver. Mrs. Myrtie Starkey was the teacher-coordinator working with the Parents' Club Committee, Mrs. Ralph Wright and Mrs. Frances Newton. All children were examined by Dr. Houlihan at the school. There were nine visits made to his office where 22 children were treated. Interested parents furnished transportation.

Our school was the recipient of some funds under the National Education Act which will provide a new set of encyclopedia for the upper grades, some library books for the primary grades, and an S. R. A. Reading Laboratory on a higher level than the one currently being used by the 4th and 5th grades.

Mr. and Mrs. Campbell are doing a most efficient job in getting the pupils to school safely and punctually, and Mr. and Mrs. Henry Hoyt have been keeping the school beautifully clean and comfortable. Both couples have been most cooperative and pleasant to work with.

All of us teachers wish to express our appreciation of the efforts and interest of the School Board, the Parents' Club, Miss MacIver, Mr. Flint, Mr. Soucy, the Building Committee, and the others who have worked so tirelessly for the school. Meanwhile, we are all watching the construction of the addition with interest and anticipation of another fine classroom and an activity room which will be available not only for school events, but community ones as well.

Respectfully submitted,

IRENE W. CAIN

Principal

GOSHEN-LEMPSTER COOPERATIVE SCHOOL NURSE'S REPORT

To the School Board and Citizens of Goshen and Lempster I here-with submit my annual report as school nurse.

During this past school year our usual testing programs were carried out and any problems found were reported to parents for follow-up.

One hundred and thirty-one vision tests were done, followed by 12 re-checks. Nine defects were found and all corrected.

One hundred and twenty-nine hearing tests were done followed by six audiograms (full-scale hearing tests). Three children with impaired hearing were detected and medical treatment was instituted. General inspections, heights and weights were done on 128 children.

Thirty-two children attended the Dental Clinic which is sponsored by the Parents' Club with the assistance of the New Hampshire State Department of Health. Dr. Houlihan in Claremont conducted the Clinics.

Tuberculin testing with the Heaf Test being used was carried out in grades one, four and eight as well as the adult members of the school staff. One adult reacted to the test and a chest x-ray was done. The result was negative.

A series of three Immunization Clinics was started in September and will be continued during the winter. These Clinics were sponsored by the New Hampshire State Department of Health and made available to children and adults in the area. Sabin Polio Vaccine, Triple Toxoid (Diphtheria, Tetanus and Whooping Cough Vaccine) and Small Pox Vaccinations were provided at no cost to those attending the Clinics. A group of Peace Corps workers from the Experiment in International Living in Putney, Vermont, and wanting the experience of setting up clinics took care of the publicity and made a great many pre-school contacts. The Clinics have been well attended. Several volunteer workers in the communities gave of their time for which I am grateful. Without volunteer help clinics of this type could not be managed.

I would like to take this opportunity to thank you all for your interest in the School Health Program.

Respectfully submitted,

FLORENCE MacIVER

School Nurse

7. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of the statutory obligations of the District.
8. To see if the District will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low-income families, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

9. To see if the District will authorize the School Board to appropriate receipts from federal lunch reimbursements, tuition, gifts, and other receipts from miscellaneous sources, in addition to the original appropriation for 1966-67, for the school lunch program, general expense, equipment and improvements.

10. To see if the District will authorize the School Board to make application for and to receive, in the name of the District, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or State agencies.

11. To see if the District will vote to complete and equip the addition to the Goshen-Lempster School and to appropriate a sum of money not to exceed \$3,000. therefor to be raised by borrowing in accordance with the provisions of the Municipal Finance Act RSA Chapter 33 and any amendments relating thereto.

12. To transact any other business that may legally come before this meeting.

Given under our hands at said Lempster this fourteenth day of February 1966.
