THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of Salisbury in the county of Merrimack in said State, qualified to vote in Town Affairs:

(L.S.)

You are hereby notified to meet at Town Hall in said Salisbury on Tuesday, the 11th day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To elect one Selectman for three years.
4. To see if the Town will vote to accept the budget as submitted by the Budget Committee.
5. To raise and appropriate such sums of money as may be necessary for the Town Budget.
6. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on notes of the Town in anticipation of taxes.
7. To hear reports of agents, auditors and officers heretofore chosen.
8. To see if the Town will vote to raise and appropriate a sum of money for the control of White Pine Blister Rust (Estimate $100.00).
9. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting and to make an appropriation to cover the expense of such audit (Estimate $200.00).
10. To see if the Town will vote to raise and appropriate a sum of $150.00 for the Franklin Hospital.
11. To see if the Town will vote to use $1500.00 of the Capital
Reserve Fund interest for road maintenance in the floor control basin.

12. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and fifty eight.

FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

New Hampshire faces a continuing challenge in its forest fire problem—97 percent of all our forest fires being man-caused and preventable—a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Careless and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires—all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort—The rules are simple.

1. Don't burn at home—use your town dump and avoid all fire problems.

2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.

3. Be sure that all lighted material—cigars, cigarettes and matches—are completely out before discarding them. Use ash trays in automobiles.

4. Make certain that your debris, camp and cook fires are completely out before leaving them.
5. Insist that others be careful and comply with burning requirements.

6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER—the fire you prevent might be the one which could burn YOUR property.

REMEMBER FOREST FIRE PREVENTION IS EVERYBODY’S BUSINESS AND OUR MOST IMPORTANT UNDERTAKING

1957 Forest fire record for your town of Salisbury:

Number of fires 1; Acreage burned 14;

Number of permits issued 35.

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Salisbury qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March 1958, at 7:30 o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance
between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to raise and appropriate a sum not to exceed sixty thousand dollars ($60,000) for a new elementary school, including the construction of the building, furnishings and equipment, architectural and other fees, grading, artesian well, necessary plumbing and sewerage and other items necessary for such construction, and to authorize a Building Committee consisting of the School Board and three other legal voters of the District to be appointed by the School Board to determine the final construction plans, select and purchase a suitable site, to engage the services of an architect, to solicit bids from competent firms, to accept the most advantageous bids, to supervise the construction and to see that the contracts are carried out, to purchase the necessary equipment and furnishings, to accept the project for the School District, and to take any other necessary or desirable action in connection with such bids, contracts, construction, and all other matters in connection therewith, all plans and specifications to be finally approved by the School Board acting alone as required by law; and to further authorize the School Board to issue serial notes or bonds on the credit of the District in accordance with the Municipal Finance Act R. S. A. Chapter 33, and any amendments relating thereto, for all or any part of the sum so appropriated.

10. To see if the District will authorize the School Board to make application for and to receive in the name of the District such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government or any State agency.

11. To see if the District will vote to raise and appropriate the sum of $10,000 for repairs and improvements to the present school buildings including new heating systems, 4 lavatories with flush toilets, 2 artesian wells, interior painting, fire exit
door at South Road School, sanitary drinking fountains for both schools, foundation work at South Road School and any other necessary repairs on both schools, provided Article 9 is defeated.

12. To see if the School District will adopt as its school check-list the Town check-list, as provided in RSA 197:12a, as inserted by Laws of 1957, Chapter 57, this provision to be effective for the 1959 and subsequent annual District meetings.

13. To transact any other business which may legally come before this meeting.

Given under our hands at said Salisbury this 4th day of February 1958.

SCHOOL DISTRICT MEETING

Salisbury, N. H.

March 11, 1957

At the time and place mentioned in the warrant, the legal voters of the School District of Salisbury met and transacted business as follows:

The meeting was called to order at 7:30 P. M. by the Moderator, Frederick L. Adams, who read the warrant.

The polls were declared open for balloting for election of officers under Articles 1, 2, 3, and 4 in the warrant.

Art. 5. This article being affected by action on Art. 11, a motion was made and seconded to take up Art. 11 first. Vote in the affirmative.

Art. 11 A motion was made and seconded to raise the salaries of the school officers to $200.00. The Moderator declared the voice vote in the affirmative.

* Note: only one of these items is essential. If the $60,000 new school item is voted, the $10,000 school improvement appropriation will not be needed. If the new school is not voted, consideration of the improvement item is imperative.

†Note: The budget total depends on whether a new school is voted, or funds voted to improve existing schools. This total will be reduced by $10,000 if a new school is built; reduced by $62,250.00 if improvements only are authorized.

NORMA C. LOVEJOY
District Treasurer

______________________________

AUDITORS' CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Salisbury of which the above is a true summary for the fiscal year ending June 30, 1957 and find them correct in all respects.

GEORGE E. BEAULY
Auditor

August 10, 1957.
REPORT OF THE SUPERINTENDENT

To the School Board and the Citizens of Salisbury:

My report to you this year will be brief but to the point. It concerns the problem of school housing facilities for the years immediately ahead.

You, like many other small communities, are faced with the problem of increasing enrollment, with the consequent result of not enough school space.

Here are the facts as shown by the School Census of 1957:

<table>
<thead>
<tr>
<th>Age</th>
<th>Number of Pupils</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>12</td>
</tr>
<tr>
<td>2 years</td>
<td>8</td>
</tr>
<tr>
<td>3 years</td>
<td>8</td>
</tr>
<tr>
<td>4 years</td>
<td>11</td>
</tr>
<tr>
<td>5 years</td>
<td>11</td>
</tr>
</tbody>
</table>

The resulting effect upon school enrollment, assuming that all now present stay in town and no new ones come is as follows:

<table>
<thead>
<tr>
<th>Number</th>
<th>Grades 1-4</th>
<th>Grades 5-8</th>
</tr>
</thead>
<tbody>
<tr>
<td>Present Enrollment 1957</td>
<td>59</td>
<td>33</td>
</tr>
<tr>

This will be pretty crowded classrooms for effective teaching, won’t it?

Now even if you spend money for repairs and improvements which are badly needed you still won’t have rooms enough.

You have chosen a pretty level-headed committee to work with your school board on this study. You should listen carefully to their reports and recommendations.

I hope you will act wisely on this question of construction of a new school.

WILLIAM B. HOUNSELL
Superintendent of Schools

REPORT OF SCHOOL COMMITTEE

Last year the School Board was besieged with requests that something be done about our schools. So many people felt that we should look into the possibility of Salisbury building a new school that we were prompted to insert an article in our warrant: "to see if the District will choose a committee to study the school situation in regard to the building of a new school or do anything in relation thereto." In answer to this article it was voted at the March 11, 1957 School District Meeting: "to have three men appointed to work with the School Board on the school building situation and the School Board to appoint same.

The School Board chose Arthur Schaefer, Max Parris, and Frederick Adams to work with them on this project and the group started work immediately. The two present schools were evaluated and it was a discouraging job:

1. The South Road School well water has been condemned. This means a new well immediately.

2. The old fashioned chemical toilets have been labeled "malodorous" by the State Department of Health and we have been told to correct this condition. This means four new lavatories and probably a new well at the Heights School to provide an adequate water supply to handle flush toilets. It also means two septic tanks and overflow dry wells as well as complete plumbing for the two schools.

3. The heating systems in both schools are inadequate. The State Fire Marshall in his report said that heaters of this type are known to cause "flash fires" and are dangerous. Children have been known to sit for hours with their coats and boots on in order to keep warm. The lavatories are not heated now and when new plumbing is installed adequate heat would be needed to keep pipes from freezing. As there is not room for such a heating system a small room would have to be built to house a furnace in each school.

4. The State Fire Marshall advised that a fire exit door, remote from the entrance, be built at South Road.

5. The lighting is poor in both schools. We have been asked by
the State Board of Health to correct this.

6. Work should be done on the foundation at the South Road School—it is open causing cold floors. This may also be the reason for the floors "buckling up" in the summer and fall.

7. The State Department of Health asks that we provide:
   a. Sanitary drinking fountains.
   b. Running hot water for lunch program.
   c. Three compartment sink for lunch program.
   d. Adequate sized refrigerator for lunch program.

8. Both schools need a complete painting job.

9. South Road School needs a new ceiling.

10. Both classrooms are becoming overcrowded. According to the local child census, within five years the school enrollment will be increased by at least eighteen. The present rooms would not be large enough for this many pupils.

11. The playgrounds are not large enough at either school.

12. After making all these repairs on the present schools we will still have two old buildings which will continue to need repairs year after year.

Figures were obtained from a contractor. Each item of repair and improvement was estimated separately and the total figure was well over $10,000. The committee felt this was a staggering amount to put into old buildings. Still if we are to use the present buildings this money must be spent this year. These repairs would have to be financed by the town as there is no State Aid available for repairing school buildings.

The Committee reviewed the Consolidated School idea and found that we not only had to pay our share of building a school in another town but had to pay tuition as well, based on the number of children we sent. We would also have to pay for the
transportation of all Salisbury elementary children and a share in repairs and improvements.

At this point the committee decided to investigate the new school angle. Mr. Paul Farnum, then Field Supervisor of the State Board of Education, was contacted. He agreed to spend an evening with the committee. A great deal was learned at this evening meeting. Plans were looked over, costs and laws were discussed. We were pleased to learn that the State of New Hampshire will pay 30 percent of the yearly principal payment—and that the State Board of Education would work free of charge with the architect of our choice. The building we choose will have to be approved by the State Board of Education therefore assuring us a building which would meet every specification.

Letters were written to our Senators and Representatives in Washington asking their views on the possibilities of any school federal aid bill going through Congress. Senator Bridge’s reply in part read, “The prospects for the passage of such a Bill in this Session of Congress are somewhat dim.” Senator Cotton and Representatives Bass and Merrow said practically the same. They offered to cooperate in any way they could if a later date Congress takes favorable action on school aid.

The next step was to contact an architect. We chose Mr. Irving Hershey of Durham, New Hampshire who worked with the School Board some twenty years ago in their plans for a new school. He agreed to work with the committee at no charge. We agreed that if the District voted a new school and his plan was accepted he would be hired as architect. He has worked well and diligently with the committee and has given sound and worthwhile advice gained by years of wide experience.

Mr. William Hounsell, Superintendent, has attended nearly all of the committee meetings and has advised and helped in many ways.

The school building plan the committee has finally chosen is one picked from many plans and ideas. It best suits our purpose and can be easily enlarged when and if needed.

This building can be built for less than $60,000, including well,
grading and land according to Mr. Hershey. A meeting was held with Mr. Willard Rand of the Valley Trust Co. in Penacook. He was agreeable when asked if his bank would handle the financing of the new school. He would work through a Boston bank.

The School Board feel that a modern school building would be an incentive to induce teachers to our town. One cannot blame a teacher for turning her back on us when she can have her choice of fine modern schools.

It is the School Board and School Committees' unanimous decision that the only wise solution of improving the school situation in Salisbury is the construction of a new school building as soon as possible.
