BOARD OF SELECTMEN'S REPORT

The Selectmen's Office is very pleased to see a great deal of progress being made in 1999. Some of our biggest changes are the completion and dedication of the new library addition, the landfill reaching it's final stages of closing, a new town reassessment being put into effect in the year 2000, the Fire Department's new tanker, the Troy Senior Housing Project which is now ready for tenants, a new Head Start Program at Troy Elementary School, the near completion and dedication of the Band Stand, and the dedication of the Heritage Marker on the Town Common. These projects have taken many hours of planning and hard work and we certainly thank everyone responsible for helping in forming Troy's future.

Although 1999 saw a lot of progress and change, the year 2000 will still have many challenges. Some of the projects that will be worked on this year will be renovating the Train Station, developing a tourism and business brochure, continually updating our town records and computers, work on developing a Historic District, changing the way we recycle at the landfill, and the need for a new ambulance. With the great number of volunteers and committees, these projects and others will be moving in the right direction.

Over the past year the town has been helped by many people and businesses which we would like to thank. We would like to thank the individual who paid for the voting booths in recognition of the many years Bill Matson has devoted to working with the youth in Troy; John Holman for building a ball field at the Sand Dam in exchange for the use of the town bulldozer, Troy Mills for materials from their pits for completing the landfill closure, the VFW for the donation of a new flag pole on the Town Common, and the Senior Citizens for purchasing a bench for the Town Common. The town is extremely grateful to these people and businesses for all their support.

The Monadnock Regional School District will once again have a major article to vote on for Troy residents. A 50/50 formula is once again being proposed. We currently have a 100% enrollment formula, and we are asking you to support a formula which would be 50% enrollment and 50% valuation. In 1962 when the Monadnock Regional School District was formed the court ruled that a 50/50 formula was the fairest way of

BOARD OF SELECTMEN'S REPORT

funding the district and we believe the same is true today. The passage of this article would help the Town of Troy with their continued high taxes for the school.

We are very pleased to have our new Police Chief, Rich Busick, on board and new patrolman, Jeff Clark. Rich was hired in September and Jeff recently graduated from the Police Academy in January. We look forward to working with Rich and his department in the years to come.

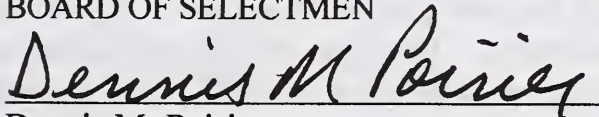

The town received a good report from our auditors, Vachon, Clukay & Company. We thank Cindy, Ralph, and Janet for their fine work in maintaining our town financial books.

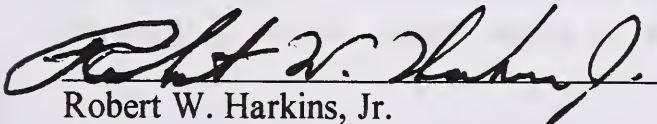

We would like to express our deepest sorrow for the loss this past year of Phyllis Callahan and Junie Blaisdell. Phyllis, who has been very active in town, and the Postmaster for several years, will be greatly missed. We shall also miss a good friend to Troy, who always listened and was a very powerful voice for the town and that was our State Senator, Junie Blaisdell, who past away this past summer.

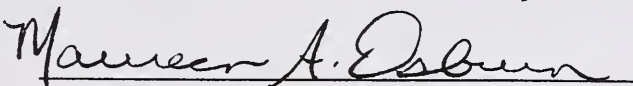

The Selectmen would like to thank all town employees, volunteers, and committee members for all your hard work in 1999. We would also encourage any town's person to get involved by volunteering to serve on one of our many committees.

Respectfully submitted,

BOARD OF SELECTMEN

Dennis M. Poirier

Robert W. Harkins, Jr.

ADMINISTRATIVE ASSISTANT

I am pleased to present the 1999 Annual Town Report. This document provides a review of the year's activities and provides financial information for both the current and proposed budgets. This report also allows our citizens to judge the responsiveness of Town Government by review and approval of the proposed Town Budget.

1999 was a year of rebuilding for the Town of Troy. The Library renovation/addition project was completed, the Troy Landfill saw the transition to a Transfer Station/Recycling Center, and the Band Stand on the Town Common is so close, needing stain, some railings, and a weather vane. The VFW Post in Fitzwilliam donated and installed a new flag pole which is lighted on the Town Common, and the Troy Senior Housing Project revitalized the south end of the Town Common. Gap Mountain Bread, under the new ownership of Diane Kellner, was repainted and the white picket fencing rebuilt. Kimball Hall was also repainted and the kitchen stove was replaced with a commercial stove to accommodate the community use of the building. Jonathan Kirstein also reopened the Village Barn on the Town Common.

1999 was a challenging tax season for the Town of Troy, implementing the new state school tax rate, getting the second issue tax bills out with the new format, and getting the Town Offices Y2K compliant. It was also a challenging year for the Town Clerk's Office, issuing the new license plates.

We have completed the three-year, town-wide review of property. No changes were implemented in 1999, mostly due to the changes in the state school tax. A booklet will be sent out to all property owners in March 2000 with the new assessments. Hearings will be scheduled to review assessments and the final figures will be set in April. You will see your new assessment reflected on your second issue tax bill in the fall. Once complete, we will be able to adjust values without a town-wide revaluation.

ADMINISTRATIVE ASSISTANT

Reviewing the year, I would like to recognize Phyllis Callahan. Phyllis was installed as the Postmaster in Troy on October 25, 1975. With appreciation and many fond memories, Phyllis' passing is a loss felt in many areas of our community and for many of Troy's citizens, she was their connection to the Town of Troy.

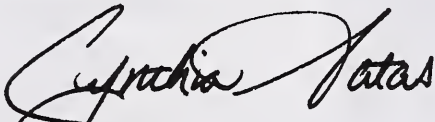

I would like to remind all Troy property owners that street addresses should be prominently displayed. Address numbers should be in clear contrast to the background on which they are attached and be clearly visible to emergency services responders from the street. Most properties have displayed their addresses since they were assigned but some homes are still not marked. It is important that emergency personnel are able to find an address quickly in the event of a fire or medical emergency. Mail carriers and delivery trucks also need to be able to find the street address.

If you are unsure of your E-911 street address, or how to display it properly, please contact the Selectmen's Office, 242-7722.

I would like to express my sincere appreciation to the Board of Selectmen which has been tremendous and very supportive, and to all the town employees, committee members, and volunteers, who are Troy's greatest asset. Your contributions are appreciated.

If you have any questions regarding local government, please contact the Selectmen's Office.

Respectfully submitted,

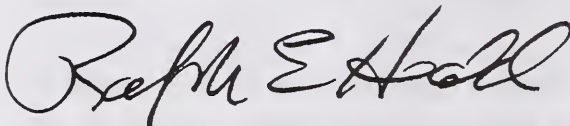

Cynthia Satas

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Selectmen
Town of Troy, New Hampshire

We have audited the general purpose financial statements of the Town of Troy, New Hampshire, as of and for the year ended December 31, 1999, and have issued our report thereon dated February 1, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Town of Troy, New Hampshire's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of general purpose financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Troy, New Hampshire's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level of risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Troy, New Hampshire in a separate letter dated February 1, 2000.

This report is intended for the information and use of the Board of Selectmen and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**The State of New Hampshire
Town Warrant**

To the inhabitants of the Town of Troy, in the County of Cheshire in said State, qualified to vote in town affairs, you are hereby notified to meet at Troy Elementary School, the 14th day of March, next at 10:00 AM in the forenoon for balloting upon matters specified in Articles 1 and 2, listed below, and you are hereby further notified to meet at the Troy Elementary School on Wednesday, the 15th of March at 7:30 PM to act upon the remainder of the listed warrant.

ARTICLE 1. To bring in your vote for one Selectman for three years and other Town Officers elected by ballot as passed by Town Meeting or State Statute for the specified number of years.

ARTICLE 2. Are you in favor of the adoption of **Amendment No. 1** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To amend Article XIV, Administration and Enforcement, Paragraph A, to allow the Selectmen to designate authority for enforcing the ordinance, as follows: "The Selectmen may appoint an agent to administer (accept and issue building permits and inspect) and enforce this ordinance."

Are you in favor of the adoption of **Amendment No. 2** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To amend Article XIV, Administration and Enforcement, Paragraph B, to require that 200 square foot accessory structures be subject to a building permit. (Currently they are exempt.) "It shall be unlawful to erect and use any structure without first obtaining a building permit."

Are you in favor of the adoption of **Amendment No. 3** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To amend Article XII, Non-Conforming Uses, Structures and Lots, Paragraph B, to allow the replacement or relocation of a non-conforming structure, provided the non-conformity is no greater than the original.

Are you in favor of the adoption of **Amendment No. 4** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To amend Article XII, Non-Conforming Uses, Structures and Lots, Paragraph C, to allow a non-conforming lot to be enlarged, even though the enlargement does not make the lot conforming.

ARTICLE 3. To see if the Town will vote to raise and appropriate the sum of Ninety-Five Thousand Dollars (\$95,000) to purchase a new ambulance and to enter into a long-term lease/purchase agreement in the amount of Seventy-Five Thousand Dollars (\$75,000) payable over a term of sixty (60) months at a rate of Sixteen Thousand Seven Hundred Ninety-Seven Dollars (\$16,797) annually and to raise and appropriate \$16,797 for the first year's payment for this purpose from taxation; furthermore, to authorize the withdrawal of \$20,000 from the Ambulance Capital Reserve Fund created for this purpose. The 1990 Ford ambulance will be sold and the proceeds will go into the general fund surplus for the purpose of replenishing the Ambulance Capital Reserve Fund. Recommended by the Selectmen and the Budget Committee. **(2/3 Ballot Vote Required)**

ARTICLE 4. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the following expenditures:

ANIMAL CONTROL

During the year 1999, over 200 complaints regarding both domestic and wild animals were handled. The Town of Troy employs a part-time Animal Control Officer. When this officer is unavailable, police officers respond to these complaints.

We realize that animal complaints, especially barking and roaming dogs, are quality of life issues. We are attempting to handle these calls as quickly and efficiently as possible. During the past year, we had a manpower shortage. This shortage prevented us from taking any proactive approaches to animal control issues. We hope to improve our service to the community in this area in the coming year.

Sincerely,

Richard V.C. Busick
Chief of Police

ARTS FESTIVAL COMMITTEE

The 23rd annual Troy Arts Festival was held on the Troy Town Common, July 22nd and 23rd. Over fifty crafts persons and exhibitors presented a wide variety of pleasant browsing. A variety of activities were planned specifically for children. Troy's civic groups provided food while live music could be heard at the bandstand throughout the day.

The evening before, the Gap Mountain Lions Club again held their renowned chicken barbecue while the Westmoreland Town Band provided a delightful evening of stirring music.

The Arts Festival Committee also sponsored the October youth concert, "Poor Man's Stew", chaired by Cindy Satas.

One change the Troy Arts Festival committee has decided to make as we enter the new millennium is to change our name to the Troy Crafts Festival. Our committee feels it better reflects the wider diversity of all our exhibitors. The committee wishes to express our thanks not only to those who have worked so long and faithfully on the actual committee, but also all those who participated and provided food, entertainment, and exhibits to make the day enjoyable for all.

Our Troy Crafts Festival Committee is comprised of interested Troy residents and will be delighted to welcome new members. Meetings are open to the public and we are most interested in new ideas and suggestions to improve our production. If you are interested in learning more about becoming involved, either in the earlier planning stage, or for the week prior to the Festival and/or the days themselves, drop by the Gay-Kimball Library and leave word at the main desk. Librarian, Darcy Doyle, will see that the current committee chairs receive the message. Our first committee get together is scheduled for early February 2000.

BUDGET COMMITTEE

Our department heads are extremely conscientious of their budgets, and they all want to provide the town with the best possible service in their department. Since November, the Budget Committee has met with each department head to consider their requests. The Budget Committee has the task of weighing the costs of town services against the importance of those services and the tax rate burdening our citizens. It is a difficult undertaking, but the committee feels that it is important to be equally fair to the departments and to the citizens of Troy.

We feel our budget recommendations are trim and in line with what the department heads need, to run their departments in 2000. We also feel that the tax payers are getting a dollar's worth of service for every dollar spent.

Thank you to the sixth grade students of Troy Elementary School and Channel 8 for your hard work and professionalism during the public hearing. All of the members who served on the Budget Committee during the year deserve thanks from the Town for their efforts.

CEMETERY COMMISSION

The cemetery crew spent another busy summer upgrading and improving the appearance of both Mountain View Cemetery and the Village Cemetery.

The Cemetery Commissioners held a public meeting in 1999 to discuss some new rules and regulations. We hope by the year 2000, we will have the new rules and regulations that are quite comprehensive in place and available to the public.

The headstone cleaning and repair program at the Village Cemetery was started in 1999 in conjunction with the Troy Heritage Commission and Keene Monument Company. Each marker is documented and photographed as the work progresses.

If anyone has any questions about the cemeteries in Troy, or any suggestions, please contact the Cemetery Commissioners directly, or you can contact the Selectmen's Office. We welcome your suggestions in order to improve our community cemeteries.

TROY CONSERVATION COMMISSION

Since July 1999 the Conservation Commission has reorganized and reviewed our charge as a committee to serve the Town of Troy. Currently, our agenda has focused on:

- annual site review of Town owned land
- wetlands map update
- conservation education for Troy youth
- development fund for acquiring conservation land

Specifically, we are planning an April evening seminar for residents. Our featured speaker will be John Harris, the director of Franklin Pierce College's Monadnock Institute. Information concerning the seminar will be published in the Troy Town News.

Additionally, we will be hosting a 'Town Clean-Up' Saturday on May 6, 2000. Refreshments will be available for all volunteers. Once again, information concerning our Town Clean-Up will be published in the Troy Town News.

Members from our committee will be training 6th grade students at Troy Elementary School on developing biological diversity plots using the Smithsonian Institute's Man & Biosphere protocols in late May.

We meet the last Tuesday of each month at the Library from 4:30 until 5:30 PM. Please look for our monthly agenda posted in the Town Hall and join our meetings!

Respectfully submitted,

FIRE DEPARTMENT

1999 saw completion of our new tanker. We would like to thank the citizens of Troy for their support of this project. The new tanker should give many years of service to the town. It is equipped with a 1250 gallon per minute pump, 3000 gallon water tank and a Newton Quick Dump, which will allow the 3000 gallons of water in the tank to be dumped into a folding tank in two and a half minutes.

Also placed in service during the year was our light rescue truck. This truck is carrying special firefighting and medical equipment. The plan is to back up and assist TEASI when the ambulance is out of town on another call.

In this year's town warrant there is an article to upgrade and replace some of our self-contained breathing apparatus. When the purchase is completed we will have sixteen units in service. The Department responded to the following calls for assistance during the year of 1999:

| | |
|-----------------------------------|------------|
| Structure Fire..... | 2 |
| Chimney Fire | 3 |
| Motor Vehicle Fire..... | 1 |
| Electrical Fire/Problem | 4 |

| Alarm Activation | 9 |
| Hazardous Material Call..... | 2 |
| Cover Truck | 11 |
| Other | 34 |
| Total Calls for 1999 | 106 |

Thanks to all the members of the department for their dedication, hard work and training. You make it all work.

TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. During the 1999 season Forest Rangers were busy assisting communities with suppression of difficult and remote multi-day fires. Forest Rangers have also investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1999 fire season was a challenging but safe year for wildland firefighters in New Hampshire. The severe drought conditions throughout the spring and summer months combined with residual effects of 1998 Ice Storm, resulted in a dramatic increase in wildland fires. In addition to burning in excess of 452 acres, 35 structures were also impacted by wildfire. Wildland fires in the urban interface is a serious concern for both landowners and firefighters. Homeowners can help protect their structures by maintaining adequate green space around them and making sure that houses are properly identified with street numbers.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

GAY-KIMBALL LIBRARY

There were enormous changes at the library during 1999. We started out the year with limited service at the Town Hall while the library building was being renovated and increased in size. On April 1st, volunteers, trustees, and staff started to move back into the new building. On May 9th, the library reopened and on May 16th there was an open house reception to mark the occasion. The improved facility has made the library to be completely accessible, offer more services such as computer terminals and meeting room space, as well as increased shelf space. More efficient work space and a beautiful new circulation desk, designed and made by volunteer, John Gove, have made for increased staff productivity while retaining the same number of hours.

Since the re-opening of the library, many more groups and committees have used the meeting room and activities for children and adults have increased. Exhibitions by local artists have been held now that there is sufficient wall space, summer reading program activities took place indoors and out, a holiday party was held in December, and ESL tutoring takes place weekly. Many library patrons use the computers for the Internet, research or word processing. Thanks to several large donations, we were able to buy a new computer, TV, VCR, chairs and a conference table for the meeting room. Furnishings for the main room include comfortable chairs, a reading table and computer tables. The children's room has new chairs, tables and a study carrel.

Fund raising efforts this year were headed by Kathleen Marrotte, Book Sales; and Kelly Budd, Turkey Raffle. Many other volunteers helped with these events to raise about \$3,000 for the building fund and for the library collection. Our thanks to all library volunteers.

The Trustees and staff wish to thank Ralph Wentworth, Building Committee Chairman, and the members of the committee as well as the many townspeople who helped make this up-to-date library possible. It is a credit to the Town of Troy.

HELPING HAND CENTER

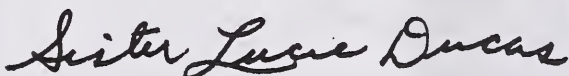

Helping Hand was established in February of 1991 and continually strives to assist people who find themselves financially stressed through lack of employment, poor health, or other unfortunate circumstances. The food pantry, though not refusing anyone, is primarily for people living in Troy and Fitzwilliam and others are referred to their local food pantries.

Between 100 and 150 households continue to be served though the families change somewhat because of people moving in and out of town. The clothes closet side is opened to anyone; suitable and clean clothes are available to anyone from anywhere. Networking for those in need of furniture is available.

We greatly appreciate the solid support from the Town of Troy for their appropriation of \$2,000 and the Town of Fitzwilliam for their appropriation of \$1,000. Food and other funding sources include funds from FEMA; food from USDA, scouting and the Troy School 'Have A Heart Campaign'. The Gap Mountain Lions Club and the Troy Senior Citizens also provide donations annually. Our own efforts at funding were through Second Sunday Coffee House, our annual bake and yard sale, and Christmas Dinner/Concert, as well as the sales of tickets sponsored by Troy Arctic Cat for a raffle. Though we applied for a grant from Philip Morris towards a new or updated van, it did not materialize; however, the Bishop of Manchester awarded us \$2,500 for our continued efforts to help others. Most of these monies go toward food purchases, utilities, insurance and maintenance.

The Board of Directors was reorganized to include the following: Sister Lucie Ducas as director, Joanne Petelle representing the Catholic Churches affiliated with Immaculate Conception, Cindy Satas for Town Welfare, Judy Matson for the Salvation Army, Lucille Decatur from the Gap Mountain Lions Club, Mary Frazier from the Troy Senior Citizens, and Warren Rasmussen who handles publicity.

Our thanks to the day managers and the many volunteers. To accomplish these many tasks we need and appreciate your continued support and recommendations. Volunteers are always needed. We welcome your participation in our efforts to help others.

Sister Lucie Ducas, CSC
Director

TROY HERITAGE COMMISSION

One of the suggested tasks for Heritage Commissions is to provide leadership in the community to establish Historic Districts for inclusion in the National Register of Historic Places. Such a designation would carry with it many advantages for our community. We have provided background information in the Troy Town News, December 1999 issue. On January 10, 2000, we are hosting an informational meeting at 7:30 PM at the Gay-Kimball Library with Christine Fonda, National Register Coordinator of N.H. Historical Resources.

On December 19th, the Heritage Commission hosted a carol sing near the Band Stand on the Town Common. A large group of carolers enjoyed the warmth of song and a fire provided by Bob Hall as they awaited the arrival of Santa Claus and the PTO Bridge of Joy. This is a tradition the Heritage Commission would like to continue.

We note the loss of our Heritage Commission member, Warian Hawkins. Warian was a long time and respected member of the Heritage Commission and devoted much time and effort to commission work. Our meetings are held at the Gay-Kimball Library, the 2nd Monday of every month at 7:30 PM. Please do share your thoughts with us.

HIGHWAY DEPARTMENT

1999 was somewhat a mild winter as far as snow goes; but we had our share of rain and ice so our sand and salt usage was up. We had a busy year with a lot of projects completed. We cleaned up the area and rebuilt the dam on Silica Pond. We replaced some culvert pipes, installed a catch basin on Thayer Avenue, and shimmed some trouble spots in Town. We shimmed South Main Street, Long Meadow Avenue, Quarry Road, and Lawrence Road. We paved the entrance to the Marlborough Road ball field and the parking lot used by the Troy Library. We also overlaid the paved portion of Richmond Road plus all of our regular maintenance and duties.

In 2000 the Highway Block Grant will be used to overlay Tolman Road. We are asking for two special warrant articles, one to reconstruct the dirt portion of West Hill Road and one to purchase a used dump truck.

I would like to thank my assistant, Gary LeBlanc, for another year of dedicated service, and Ray Dicey and Peter Mattson for coming on board when needed.

I would also like to thank all Department Heads for their help all year long and the Town's people for their support.

James E. Dicey
Road Agent

TROY HISTORICAL SOCIETY

The Historical Society and the community were saddened by the loss of members Warian Hawkins and Andrew Goodell in 1999. Warian was full of knowledge and could cite so much from memory. Andy was a bottle and scrapbook collector and always ready to lend a hand. Both of these citizens were historians in their own way and their loss will be sorely felt.

Kimball Hall has received much needed paint and will continue to stand out in the Elderly Housing complex. Kimball House has been restored as part of the housing project and represents another saved historic building in Troy. The former Platt house on the Common has likewise been restored and gleams with new white paint. The train depot buildings have been acquired by the Town and plans are to restore the Depot to it's former self as far as possible. All of the above represent important strides in the historic preservation of Troy buildings. Now it behooves the Historical Society and all community citizens to continue the preservation and documentation of the town history. Unfortunately too few citizens have volunteered to maintain the pace by helping to record the history. Workers are needed to file, index, sort, label, research, and create. The old voting booth panels have been recycled to form temporary walls for a kitchen, living room, a dining room, etc. A long-range project might be the construction of a Troy history quilt or wall hanging. This ambitious project calls for a quilt mistress, artists, designers, quilters, etc. Troy is blessed with talent. Can't we find the elusive factor, time?

Kathy Marrotte is the current Troy Historical Society president and Iver Olsen, the treasurer. Ralph Wentworth is as new to Troy as this writer (1979), but has the enviable grasp of being able to read and retain Troy history. I'm sure we all have been enjoying his monthly contribution to the Troy Town News, Landmarks of Troy. He, Kathy, and Bob Hall have keys to the Kimball Hall museum and office rooms (where the computer is) and would willingly meet citizens there with artifacts to donate. Remember this record keeping is for the citizens of Troy. Use the stored information and continue to add to it.

INDUSTRIAL DEVELOPMENT AUTHORITY

The Industrial Development Authority (IDA) has given special attention in the past year to defining actions that will bring useful services and economic improvement to Troy while preserving our unique village character. Planning has been focused on the prospects for improving the Common and Depot areas as centers for tourism and service to visitors. Travelers to Troy may be interested in shopping opportunities to be developed, may be drawn here by Gap Mountain and Monadnock trails and can be introduced to historical and natural attractions not well promoted in the past. A proposal has been submitted for a grant to support rehabilitation of the Railroad Depot as a center for such activity. The IDA has cooperated with the Planning Board and the Southwest Region Planning Commission in the preparation of a Tourism Plan and brochure to promote Troy as a tourist destination.

It is not well appreciated that Troy is home to about 60 businesses ranging from one man shops to our familiar Troy Mills. The IDA has established a computer web page accessible at <http://www.town.troy.nh.us> as a means for providing information about Troy and communicating within our town and near and far. The website lists Troy businesses and provides links to community events, local attractions, history and demographics. The IDA welcomes contributions to the website content as an electronic meeting place that will grow in usefulness.

LANDFILL/RECYCLING CENTER

After several years of delay for removal of the 180 barrels of hazardous waste, resurvey of the landfill and meeting of the Solid Waste Committee with the consultants, the landfill closure and transfer station plans were finalized. The capping system for the landfill is a less expensive capping because the groundwater monitoring results obtained over the past two years have shown that the groundwater is not significantly affected by the landfill. As a matter of fact, one of the wells has been deleted from the sampling and the well has been removed from the site.

However, with the closing of the landfill it was obvious that other arrangements needed to be made for the managing of the municipal solid waste that has been going to the landfill. As a result, the Town's Solid Waste Committee and the consultant worked on developing a site plan for a transfer station area, additional storage capacity, and several new concrete pads for glass, metals recycling, construction debris and a new concrete block open burning pit for clean wood products.

The contract for closing the landfill and construction of the transfer station was awarded to Park Construction Corp. of Fitzwilliam, NH. Park started construction in late October and continued to work until mid-December when the weather became too cold to place any more capping materials. The work was shut down for the winter and will begin again in mid-April with completion by early summer.

The transfer station layout is designed for one way traffic with as little criss-crossing of traffic as possible.

The Town is keeping the cost of the project to a minimum by using an SRF Loan from the NH DES which reduces the interest on the loan. The Town will also apply for the 20% landfill closure grant for all of the eligible closure costs.

I would like to extend my thanks to my staff for their efforts during the transition and the Highway Department, Jim Dicey and Gary LeBlanc, for their assistance with the equipment, improvements made to the site, and coordinating work with Park Construction.

MONADNOCK ADVISORY COMMISSION

The Monadnock Advisory Commission is charged by the State of New Hampshire under RSA 259:1 to advise the Department of Resources and Economic Development (DRED) on the management of their lands and leased lands of the Society for the Protection of New Hampshire Forests and the Town of Jaffrey. The lands are located on Mt. Monadnock, Gap Mountain, and Little Monadnock.

Saturday, June 16, 1999, the Commission met at The Inn at East Hill Farm in Troy. Business attended to was as follows:

- Discussion on the Monadnock Management Plan was tabled in light of pending legislation to fund a master plan for Monadnock, Gap, and Little Monadnock Mountains. The plan will be formulated sometime after the end of the year.
- Continued discussion on the Dublin Trail parking lot in Dublin.
- The republication of the Monadnock Guide.
- Legislation has been introduced to allow the Commission to accept gifts, grants, and donations and to have tax exempt status. The bill was subsequently passed.
- A time capsule will be buried somewhere at the base of Mt. Monadnock on or about May 1, 2000.

The public is encouraged to contact their Commission members with suggestions and comments.

MONADNOCK FAMILY SERVICES

As you know, Monadnock Family Services is active in your community, providing quality mental health services to anyone who needs them regardless of their ability to pay. As part of this mission, we feel it is important to let you know the extent of our work, and are pleased to give you the enclosed census report, which outlines services provided to residents in your town during 1998-99. Over the past year, Monadnock Family Services provided services to over 3,000 adults, children and older adults, of which 120 were residents of Troy.

Once again, Monadnock Family Services is asking for your financial support to help underwrite the cost of services we provide to the uninsured and underinsured individuals in your town. Based on figures from the 1994 population estimates from the NH Office of State Planning, we are asking for the equivalent of \$1 per capita, which for the Town of Troy, amounts to \$2,130.

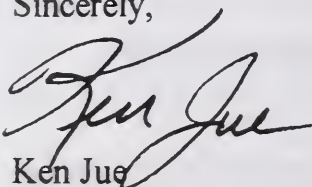

Your ongoing support of our work is deeply appreciated, and we hope that our partnership in caring for the residents of Troy will continue. We work very hard to keep our costs down, and to identify, whenever possible, alternate sources of funding for this population.

In addition to the census report, materials are on file in the Selectmen's Office describing the services we provide.

Again, your support is very important to us. By working together, we help to insure our communities remain healthy and vital places to live, work and grow.

Thanks for your consideration.

Sincerely,

NH 12 TROY BYPASS PROJECT

Activity for Year 1999

During 1999 the project was in transition from conceptual design to engineering design. The NH Department of Transportation (NH DOT) completed the Environmental Assessment. The Environmental Assessment was the basis for design approval from the Federal Highway Administration. Design approval is formal authorization to proceed with the use of federal funds to prepare the construction, purchase right-of-way, and construct the project. The NH DOT also submitted an application for a New Hampshire wetlands permit to the NH Department of Environmental Services Wetlands Board – and awaits receipt of that permit.

The NH DOT began the process of hiring a consulting engineering firm which will prepare the bypass construction plans. The State will advertise for a contractor late in 2002. Currently, the project is scheduled for construction funding in spring of 2004, however, if funds can be moved forward, construction could begin in spring 2003.

Locally, NH DOT began appraisals and negotiations for seven of the effected properties. These are “early acquisitions” undertaken at the request of the property owners.

Residents can contact Jeff Porter, SWRPC at 357-0557 or Jeff Brillhart, NH DOT Project Manager at 271-6152 with questions about the project or the design and construction process.

PLANNING BOARD

The Planning Board was involved in several significant town issues in 1999. Most prominent was the development of the Southwest Community Services Elderly Housing Complex south of the common. The project is nearing completion and residents will soon be moving into 15 apartment units in the renovated Kimball Hotel and in the new building next to it. The house next to the Troy Market has been renovated and will contain meeting facilities. It is hoped that the entire facility will bring more vitality to the central part of the village. Undeveloped space remains in the two original buildings for future commercial use, which the Troy Industrial Development Authority is overseeing.

The Board is indebted to numerous community members, the Southwest Region Planning Commission, the Historical Society, Heritage Commission, Troy Selectmen and Fire Department for their participation in the development process to ensure that Troy got the best and safest facility possible. The project was a massive, and at times traumatic undertaking for a town our size and the configuration of the property posed serious challenges to the developer and Troy's land use boards. An offshoot of this project has been the complete revision of building permits so that key issues won't be overlooked in the future.

The historic depot property with the former railroad station and two outbuildings was purchased by the town this year. The Selectmen and Industrial Development Authority have submitted an application for grant funding to renovate the station for use as a potential visitor center. Other possible uses for this property will be discussed in future public meetings.

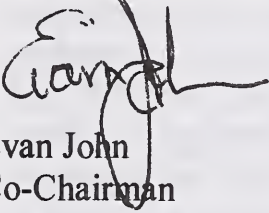

The Town of Troy was the fortunate recipient of a planning assistance grant which enlisted the services of intern Melanie Bedaw and Senior Planner Carol Ogilvie of the Southwest Region Planning Commission to draft a Tourism and Marketing Component to Troy's Master Plan. A number of individuals and town organizations participated in the two public hearings which the Planning Board sponsored. It is hoped that these documents will help focus future efforts to draw visitors to Troy's natural, historic and commercial features. Part of this effort is a brochure which could be used in local Chambers of Commerce, and tourist/visitor facilities to promote our town. There is a warrant article requesting matching funds to have this brochure printed. Copies of the Tourism Plan and mockup brochure will be available both in the Selectmen's Office and at Town Meeting for review.

PLANNING BOARD

The Planning Board supports the efforts of the Heritage Commission to make application to the United States Department of the Interior for the "downtown" area, with 169 historically significant structures, to be entered into the National Register of Historic Places. Troy enjoys the distinction of having one of the largest contiguous potential qualified historic districts in New England. This designation does not create a new zoning district, nor does it restrict the rights of property owners. Hopefully it will serve to enhance the community's self image and standing in the region. Most of the background research has already been completed by The Preservation Company as part of the NHDOT bypass study in 1995. Copies of the consultant's report, The Survey of Selected Historic Properties, are on reserve at the Gay Kimball Library. The Heritage Commission hopes to fund completion of the research and the application process through private sources.

The Planning Board is grateful for the services of Janet McCullough, Co-Chairman, who tirelessly and carefully attends to the increasing level of administrative details. Thanks also to Barbara Hatch for her clerical support and to Carol Ogilvie and the Southwest Region Planning Commission staff for their efforts on behalf of the town.

Respectfully submitted,

Evan John
Co-Chairman

POLICE DEPARTMENT

The year 1999 was a year of transition and change for the Troy Police Department. Former Troy Police Chief Theodore Smith resigned from the department to accept the job of Chief of Police in the Town of Lincoln, NH. During the six month search for Chief Smith's successor, Sgt. William Farnum took on the responsibility of Acting Chief of Police and handled not only the day to day calls for service, but the administration of the police operation. He did an outstanding job! Officer Wayne Kassotis, the Juvenile and DARE Officer for Troy, was sworn in as a full-time police officer in the Town of Swanzey and became the first School Resource Officer (SRO) in the region. He is currently doing an outstanding job at the Monadnock Regional Junior and Senior High School. When Officer Kassotis left his full-time position at the Troy Police Department, he created an opening for a full-time officer. That position was filled by Officer Jeffry Clark. Officer Clark had been a part-time officer in our Department. Officer Kassotis had agreed to stay on and serve Troy as a part-time officer.

On September 12th, I was sworn in as your new Police Chief. I bring to Troy over 23 years of diverse police experience. Upon being offered the opportunity to serve as your Chief, I retired from the Manchester Police Department in Connecticut to accept this honor.

To complicate this year's activities, Officer Kassotis' responsibilities as Monadnock were such that he tendered his resignation from the Troy Police Department as a part-time officer in November. Officer Clark had to attend the New Hampshire Police Standards and Training Academy in Concord to be certified as a full-time police officer. He has been at the Academy since the first week in October and graduates January 14, 2000. As a new police officer in New Hampshire, I too, had to attend the New Hampshire Academy in Concord. I needed to complete the "Law Package" component which consisted of over 100 hours of classroom training. At year's end we still had two part-time officer vacancies. We have conducted background investigations and have recently finished interviews with numerous qualified candidates. We will be selecting the new part-time officers shortly and after training at the Part-Time Police Academy, which begins in mid-February, and a Field Training Program, these officers will be available to serve our community by spring. We will also be training a new DARE officer to serve at the Troy School.

POLICE DEPARTMENT

The only constant in 1999 was the tireless work of Sgt. William Farnum and part-time Police Officer Robert Newell. They are to be commended for the countless hours and excellent job they performed under very trying conditions.

With all of this activity, the ,Troy Police Department continued to provide excellent service to the community. We thank our fellow law enforcement officers from the State Police, Sheriff’s Department and area towns for assisting us in providing police coverage to our community while we were severely short staffed.

I will provide some statistical information with regards to the Troy Police Department but I need to advise you that the numbers are not an accurate representation of the activity that occurred in our Town. It is the number of incidents that Troy officers responded to and does not include all the times we had coverage from the other police agencies during our staffing dilemma.

STATISTICS

POLICE DEPARTMENT

As we enter the New Year we will again have the personnel stability necessary to provide coverage for our community. I am very proud of the officers we have on staff and the dedication and care that they have for the citizens of Troy. As Chief, I am committed to excellence and professional service. The Troy Police Department is in the customer service business. You, the citizens of Troy, are our customers. We will continue to strive, through training and hard work, to provide the Town of Troy with the type of professional policing you deserve. I look forward to working with the Troy Fire Department and TEASI to provide the best in Public Safety.

Sincerely,

Richard V.C. Busick
Chief of Police

SENIOR CITIZENS

During 1999, the Troy Senior Citizens kept very busy and would like to see more Troy people 50 years of age and older come join and become a part of our community. We meet the fourth Wednesday of every month at 1:00 pm at Kimball Hall.

We have an annual Pot Luck Dinner as well as an annual picnic which is held at Bob and Nancy Harkins' home. We take four day trips every year and we also go to the Inn at East Hill Farm for dinner meetings three times each year.

Some of our other activities include exchanging hand-made May baskets, a blind swap, and a pound auction. The first Saturday of every month, the Troy Senior Citizens sponsor a breakfast at Kimball Hall. The buffet breakfasts have been very successful to generate funds for the seniors' activities. The senior citizens are indebted to our cook, Bob Berry, who donates his services for our breakfasts. We couldn't have the breakfasts without Bob.

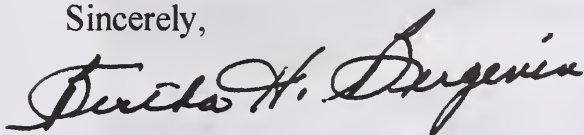

Fruit baskets are made up and delivered to shut-ins during November and in December; the seniors bring gifts for Christmas to take to the nursing home.

The Troy Senior Citizens greatly appreciate the solid support of the Troy community. We would like to thank the Town of Troy for its continued support. The \$1,000 allocation for 1999 assisted us with many of our activities. The seniors are also able to assist organizations in the community; donations are made to TEASI, Helping Hand, and the Bridge of Joy. The seniors also purchased a commercial stove for Kimball Hall which we needed to support our monthly breakfasts.

To finish up the year, the seniors have their annual Christmas dinner at the Inn at East Hill Farm and exchange gifts with the help of our Santa, Reggie Venn.

On behalf of the Troy Senior Citizens, I think you would find that your participation would be fulfilling and provide an opportunity to meet and give back to the community.

Sincerely,

Bertha Bergevin
President

Kimball Hall was a warehouse when first built, then as the Odd Fellows Meeting Hall and today serves as a Community Center downstairs and home for the Troy Historical Society upstairs.

Kimball House built after the Cheshire Railroad came to Troy and served as a hotel for visitors. Today it is part of the Troy Senior Housing Complex completed in 1999.

SOUTHWEST REGION PLANNING COMMISSION

20 Central Square, Second Floor, Keene NH 03431 603-357-0557

The Planning Commission, with a service area covering 35 municipalities in Cheshire and Hillsborough Counties, is one of the State's nine regional planning agencies established by New Hampshire RSAs. We continue to provide planning-related assistance to member communities and to represent the Southwest Region in state and federal programs. Our diverse work program covers activities including local planning assistance, regional information systems & mapping, transportation planning, community & economic development, and natural resources planning. We are funded through multiple sources including local dues contributed by member municipalities. For each dollar in local dues, we've succeeded in leveraging six additional dollars to assist in meeting the needs of the Region and its municipal members. These resources provide the Commission the ability to assemble a professional staff which member municipalities have direct access to. Highlights of Commission activities for the past year include:

- expanded community development activities through several successful grant applications under the State's CDBG program including the Troy Senior Housing project located at the Town Common,
- update of the Southwest Region 10-Year Transportation Improvement Program: 2001-2010,
- preparation of the Town of Troy Tourism planning document,
- completion of the research, findings and recommendations phase of the NH Rt. 101 Corridor Study: Keene to Milford,
- provided continued assistance to the Troy Planning Board on a routine basis,
- assistance in updating Master Plans for several Southwest Region communities,
- continued assistance in representing the Town of Troy with issues related to the Rt. 12 Village Bypass project,

SOUTHWEST REGION PLANNING COMMISSION

20 Central Square, Second Floor, Keene NH 03431 603-357-0557

- assisting towns in identifying high priority natural and cultural resources
- completion of a first-ever public transit planning project, and
- continued progress in building a state-of-the-art information system for Southwest New Hampshire.

We continue to be available to assist you in your planning related activities – please don't hesitate to contact us if you have a project you would like to discuss. Thank you for your continued support of the Commission. We look forward to working with you over the coming year.

Sincerely,

Timothy P. Murphy
Executive Director

SOUTHWESTERN COMMUNITY SERVICES INC

A Community Action Agency Serving Cheshire & Sullivan Counties

OUR THANKS TO TROY

Dear Residents of Troy,

Southwestern Community Services would like to thank the residents of Troy for your continued support of our efforts to serve the needs of our local communities.

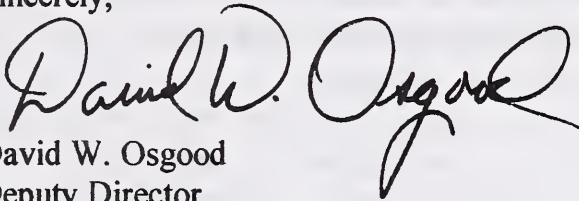

During the past year we have delivered a variety of direct services to 802 citizens of the Town of Troy. The value of these services totaled **\$202,936**.

These were comprised of Head Start, Women Infants & Children (WIC), Fuel Assistance, Weatherization, Eldercare, and The Commodity Food Program.

It is due to the local support which we receive that we are able to conduct the outreach necessary to deliver these services. SCS welcomes any comments or inquiries and invites you to call and schedule a visit to our offices to learn more about what we are all about.

Thank you again for your consideration.

Sincerely,

David W. Osgood
Deputy Director

**TROY EMERGENCY AMBULANCE SERVICE, INC
T.E.A.S.I.**

I would like to personally thank each and every T.E.A.S.I. member and their families for the dedicated service they have contributed to the organization.

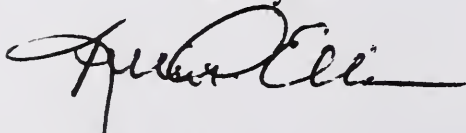

Without these dedicated individuals T.E.A.S.I. would not have been able to provide the community with the services they have come to depend upon or to provide the level of pre-hospital care which was required.

Over this past year we have added many new members to our ranks. T.E.A.S.I. is fortunate to have members trained at all levels of care, from First Responder to Paramedic. Over the next few months of the new year several of our members are dedicated to their continued education to the next level of care to better serve the community.

Our members are all volunteers who share their time with us through their continued commitment of community service, education, training, and providing the greatest level of care to our patients that you have come to expect.

I look forward to the continued services to the Town of Troy that my fellow members and I will provide. It is only through your support and the support and dedication of our members and their families that we were able to provide care for approximately one hundred seventy-eight calls of service over this past year. We look forward to this continued support which allows us to be available and ready when the need arises.

Thank you.

TROY-FITZWILLIAM YOUTH SPORTS ASSOCIATION

Style. That is how Troy-Fitzwilliam Youth Sports finished their 1999 season. Our baseball and softball program fielded thirteen teams. Baseball included ten teams: T-Ball (ages 5-7), Rookies (ages 7-8), Jr. Bambino (ages 9-10), Sr. Bambino (ages 11-12), and Babe Ruth (ages 13-15). There were two teams for softball; a 9-12 year olds team and a Babe Ruth team for 13-15 year olds. New Major League logo uniforms for girls softball, Jr. Bambino, and Sr. Bambino added to the flair exhibited by these players. The kids looked great in their new uniforms and proudly took the field for each game. The players gave us great games, spectacular plays, and comical moments as we all enjoyed watching America's favorite pastime.

An umpiring clinic was held, and this created much interest with our older youth. The training provided at this clinic enabled them to earn extra money while providing a useful service for our games. Because of the success of this clinic, more will be held in the 2000 season in order to educate our young umpires even more. With approximately 145 – 165 games played each season, there is ample opportunity for our young umpires to get involved.

We continue to maintain and improve our facilities. We added a new backstop to our new field at Sand Dam. This year we plan to level the field and have it loamed and seeded. Our goal is to have the field ready for the 2000 soccer season. We began renovation on the rest rooms at Sand Dam so that they will be handicap accessible. A few more small tasks and this will be completed. We also look forward to having plans drawn up for a new building to replace our current one.

Once again, we would like to thank all of the volunteers who made this program possible. Many thanks go out to those who raked the outfield, lined the fields, umpired the games, coached the players, car pooled kids to games, and watched the kids play in all kinds of weather. You are an integral part of our program!

WAR MEMORIAL RECREATION PROGRAM

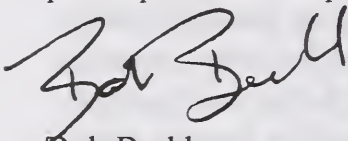

We had a wonderful summer program at Sand Dam this year! Seventy-three children were enrolled, and we averaged 45 – 50 children daily. A superb staff directed by Sandy Smith made the program successful as all was run smoothly and efficiently.

Clinics were held throughout the summer to add to our daily programs of swimming lessons, arts and crafts, and organized games. These included a two-day soccer clinic, an archery clinic, and a jump rope club from Keene.

Field trips were plentiful and provided a great opportunity for the children. We hiked Mt. Monadnock and collected blueberries on Gap Mountain. We visited Gay Kimball Library, and our trips to the Museum of Science and Whalom Park were a big hit.

Two pizza parties and two sundae parties were paid for by the money earned from store sales. This year we sold hot dogs, candy, soda, and chips. Each day we provided two cooler jugs of water for the kids. Our fun day at the end of the season was enjoyed by all.

As a team/community building project, we made t-shirts and individualized each one with our own hand prints. We then wore this on each of our field trips. Another great summer was had by kids who participated in this program!
