REPORT OF THE BARRINGTON LIBRARY ASSOCIATION

LIBRARY HOURS.

Wednesday - 8:30 to 2:30 for school children;

2:00 to 4:00 for adults

1st Monday of the month - 7:00 P.M. to 8:00 P.M.

The Barrington Public Library has now for a little over a year been open the first of the month from 7 to 8 P.M. with the result of one new adult patron who took out three books (this patron has since moved out of town).

Both librarians took a ten week course in Cataloging and Classification starting October 16, 1968, which the State Library paid for, and we have found out that it will take two or three years to completely catalog our library.

Dover Public Library is our Service Center Library, and we have received a good deal of help. We have borrowed specific books from them

when a special request has come.

The Bookmobile arrives about every three months and supplies us with a wider selection of E (pre-school), J (juvenile), Y (young adult) and Adult books, both fiction and non-fiction.

Libraries no longer deal in just books, and Barrington, through the State Library, has been able to add a new service – that of films. These films are sponsored by the Barrington Public Library and because of such are able to be shown to the school children. We have supplied the school with 95 films. Films may also be obtained upon request by an individual or organization. Mr. Parent, our District Consultant, will even bring state library equipment and run it if none is available.

Statistic wise we are only able to give an approximation until cataloging is completed. We have weeded out about 150 books. There are many more that should be discarded or updated but because of lack of funds we have hesitated to do this.

Upon going through the New York Times Book Review, we have also discovered that most books have about doubled in price.

Donations of books are always welcome but the library does have the prerogative of using them as they see fit.

One hundred and eighteen new books have been added and cataloged this past year, although we have added some paperbacks which are not notated in the same way. There have also been donations of books, some of which are fine for the shelves.

We had a book sale during the last months of 1968 and the money from this helps to pay for index cards, tape, glue and the like.

The circulation is approximately 7031 and the majority of these are the school children. We have about 12 active adult members.

We received \$100 worth of reference books as members of the State Library Association, but this can be lost if the town does not continue to give its support.

It is necessary because of our particular set-up to have at least two people during the hours the school children are there. In fact it is even better with three as help can be given them easier. Mrs. Mildred Mansfield deserves a lot of thanks for her volunteer work this past year.

The librarians,
Phyllis C. Andrade
Ann K-V. Brooks

REPORT OF BARRINGTON FIRE DEPARTMENT

The 1968 fire log shows the following calls – House fires 2; chimney 2; brush fires 11; out of town calls 2; lost persons 2; car accidents 2; resuscitator calls 2. This does not include many calls checked out but not requiring response of equipment.

Our tank truck is 20 years old this year and consideration must be given to replace it.

Two water holes with dry hydrants have been made available in town this last year. These are very beneficial especially in winter weather.

Your attention is called to the District Chief's report. With many of the town's old roads being partially reopened the exposure to brush fires is increased and often access into and out of these areas is a problem in case of an emergency.

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted match is an adventure, burnt fingers and a dropped match is another fire. A little older, we like to have a woodland cookout or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result — escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help

1. To teach our children the danger of lighted matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn —
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish or grass by householders between 9:00 A.M. and 5:00 P.M.
 - c. Have equipment on hand to control your fire **before** you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

WHITE PINE BLISTER RUST CONTROL PROGRAM

In 1968, 142 towns and cities appropriated approximately \$18,000.00 to advance the control program in their communities. This sum, combined with state and federal cooperative funds — \$51,355.00, enabled us to cover 175,059 acres of the control area.

Recognizing the towns' fiscal problems, the Division's appropriation requests are kept to minimum amounts necessary to maintain the present status of control. Although individual town appropriations which provide funds for trained eradication personnel may seem relatively small, they are an essential part of the whole cooperative financial structure shared by town, state and federal governments and make the over-all control program possible.

The importance of Blister Rust Control Program is evidenced by the prominent place white pine holds in our state economy— 1. approximately 70% of all lumber cut in New Hampshire is white pine; 2. 17% of our New Hampshire labor force is sustained by revenue derived from white pine timber sales, wood operations, and the manufacture and sale of hundreds of white pine products. All of this is endangered by the destructive White Pine Blister Rust Disease.

New Hampshire has the largest control area in the United States — 2,500,000 acres. The combined town, state and federal government control effort has been successful. Control of the disease has been established on approximately 99% of the control area. The current critical problem is to hold the line and maintain the hard-earned control status. If white pine is to continue to contribute substantially to New Hampshire economy, periodic re-examination of control areas is necessary to determine the recurrence of currant and gooseberry bushes and, when found, destroy them. Continued cooperation on the part of towns and cities is essential to assure the success of this undertaking.

THE LAKES REGION ASSOCIATION OF NEW HAMPSHIRE

As the Lakes Region Association enters its thirty-fourth year of service to the thirty-one towns and three cities it represents, we face the annual task of appeal to our communities for support of their association. Regional cooperation in economic development as practiced by the Regional Associations in New Hampshire, was once most unique, but now several other states have watched the fruits of our efforts and have adopted a similar program for their state. We present herewith our request for your consideration in the preparation of your town's 1969 Budget.

An investment in the future development and promotion of the Lakes Region equal to 1/100 of 1% of the assessed valuation is the basis for our request to each town and city for the 1969 budget of our Association.

Your Association becomes the catalyst in coordination action between the State agencies and the local communities, so that the greatest benefits from research, planning, development and promotion can all be realized within our Region.

We certainly hope that your municipality will participate in support of the Lakes Region Association, for it is with the united support of all shoulders to the wheel, that the wheel of progress turns.

Norman Hubbard, President

REPORT OF SUPERVISORS OF THE BUILDING CODE

Building Activity is up by approximately 60% when you compare this year's figures with those published in 1967.

On the other hand, house trailers or mobile homes as they are otherwise known, have dropped somewhat.

Activity in all areas of construction is being affected by the water pollution acts now in force, the high interest rates demanded by banks etc. for loans, and our growing tax burden.

In 1968 we processed permits for the following:

No. Issued	Description	Value Estimated
21	New Homes	\$163,350
15	House Trailers	39,795
1	Apartment Buildings	40,000
14	Summer Camps	36,118
1	Barns	4,500
6	Additions to Existing Houses	2,489
1	Tool Sheds	295
4	Garages	4,850

REPORT OF THE DOG OFFICER

Due to the increase in the Dog Nuisance Complaints in the past year I would like the dog owners in the town of Barrington to read and understand the State Law on when a dog is a nuisance.

A dog is causing a nuisance or is a menace under the following conditions

1. It barks continuously for sustained periods of time.
2. It turns over garbage cans or waste containers, or otherwise causes garbage or waste to be scattered in yards or on streets and sidewalks (while it runs at large on the streets or on property other than its owner's.)
3. It barks at or snaps at or runs after persons walking on sidewalks or streets, or at persons riding bicycles on the streets (while it runs at large).
4. It barks at or runs after motor vehicles being driven along the streets (while it runs at large).
5. It gathers in packs with other dogs and runs with the pack after game, domestic animals or human beings (while it runs at large).
6. It digs or scratches in gardens or around cultivated areas so as to uproot or destroy growing plants, shrubs or trees (while running at large).
7. While in heat is unconfined.

(466:31; 1967:294)

This is a state law and your town officers will enforce it.

18 Stray dogs were picked up and taken to the veterinarian for disposal.

9 Lost dogs of which 6 were found and returned to their owners.

23 Dog complaints.

5 Reports of dog bites.

We assisted the State Fish & Game Dept. in tracking 4 dogs running deer.

And finally, under state law, Assessors shall make a list of all dogs and owners or keepers on April 1, and return it to the town or city clerk by May 1. A fine of \$10.00 shall be levied on dog owners or keepers answering falsely or refusing to answer. (466:43)

RE: TOWN OF BARRINGTON -- USE OF AYERS LAKE

This will serve as an interim report of our efforts to determine the rights and interests of the Town in the beach area now occupied by Camp Fireside Association, adjacent to the Pond Road, so-called, between the road and the high water mark of Ayers Lake, and to determine the width of the road.

The Atlas of Strafford County, New Hampshire, published by Sanford and Everts in 1871 has a map on Page 9. This map indicates that the road crossed the brook between Ayers Pond and Little Long Pond, at a point Westerly of the Pond Hill Road, so-called. I am told that the Westerly end of the Pond Road has been relocated where it now enters the Pond Hill Road South of the brook.

It also appears that the present high water mark is above the historic high water mark. We have not yet uncovered a layout of this road, in either the registry of deeds or the town records, but we may not as yet have properly identified it. We are continuing our efforts to obtain more information and I hope to have a further report for you before town meeting.

Generally speaking, the problems, as we see it, are

1. If there is a layout, to locate the limits on the ground.
2. If there is no layout, to establish the prescriptive right in the people to use the road, which would be generally confined to the travelled area.
3. How long Ayers Pond has been flowed to its present high water mark.
4. To determine how long access has been had from the road over the land to the water in the area in question for the purpose of bathing, watering animals, etc.
5. Assuming there is prima facie evidence of a prescriptive right in the public to the use of the land between the road and the pond for ingress and egress for the purposes indicated, to
 - a. either to persuade the present owners of the land to allow this use to continue, or
 - b. to bring an action in equity to enforce this claim to use.

ANNUAL SCHOOL MEETING – 1968

The annual School Meeting of the town of Barrington, held at the Barrington Grade School on March 11, 1968, was called to order at 8:05 p.m. by the Moderator, Raymond Spinney, who then read the warrant.

ARTICLE 1. It was voted that Raymond Spinney be nominated Moderator. A voice vote declared in the affirmative. It was also voted that nominations cease. (Motion: J. Richardson)

ARTICLE 2. The present Clerk declined to run again. Motions then put up for nomination several names, each person declining in turn, until Phyllis Andrade accepted the nomination. (Motion: M. Mansfield) It was then voted nominations cease.

ARTICLE 3. No nomination for School Board Member was made from the floor, so this article was acted on later when the Moderator opened the polls for voting by ballot.

ARTICLE 4. The present Treasurer was renominated but declined to run. Patsy Pilgrim accepted the nomination (Motion: E. R. Rowell), and it was then voted that nominations cease.

It was voted that the Clerk cast one ballot for the slate as nominated (Motion: N. Arlin)

ARTICLE 5. Since salaries and other compensation are taken up in Article 8, it was voted to pass over Article 5. (Motion: W. Wallace)

ARTICLE 6. School Board Members William Wallace and E. Richard Rowell spoke at length about the work of the AREA School Planning Committee which, despite difficulties and misunderstandings, still exists. Barrington is assured that both Dover and Rochester are still interested in continuing talks about long-term planning, but it was pointed out that since Rochester is already an AREA school, it might be able to make a decision for Barrington's future more quickly than Dover which has yet to win the plan's acceptance by its city council.

It was voted that the Meeting move on to Article 7 to vote for the new School Board Member and for what action is to be taken re the AREA School Study. (Motion: G. Muster)

M. Timm moved that we give a rising vote of thanks to all those who worked on the AREA committee. Applause!

ARTICLE 7. The Moderator read the three names on the ballot, and the individuals stood up to be introduced. Polls were declared open at 9 p.m. and, after all had voted, were declared closed at 9:27 p.m.

A total of 143 votes were cast for School Board Member as follows:

Patricia Newhall	60
Alan Cutler	50
Wynn Rainbolt III	33

A total of 31 votes were cast for the two Auditors as follows:

Irene Calef	19
Dorothy Berry	12

On a separate ballot a total of 142 votes were cast for the AREA School Study as follows:

Resume study with Rochester	86
Continue study with Dover	48
Discontinue AREA School Studies	8

It is assumed that the same Rochester Committee members will serve, but this was not put to a vote.

The tellers counting all ballots were: Dwight Haley, E. Richard Rowell, Ralph Swain and William Wallace.

It was voted that we accept the report of the Auditors. (Motion: F. Timm)

It was voted that we pass on to Article 10. (Motion: E. Caswell) It was further voted that we take up Articles 9, 10, 11 before Article 8. (Motion: W. Wallace)

ARTICLE 9. It was voted that we adopt as the checklist for School Meetings the checklist of the Town. (Motion: W. Wallace)

ARTICLE 10. It was voted that the district authorize the Moderator to appoint a Building Committee. (Motion: W. Wallace)

ARTICLE 11. It was voted that the district raise and appropriate a sum not to exceed \$2000.00 to be used (if necessary) by the Building Committee for preliminary planning for additional school facilities. (Motion: W. Wallace)

Motions were made on the choice of architect, but no action was taken.

It was voted that the district authorize the Moderator to choose Agents and Committees in relation to any subject embraced in this warrant. (Motion: E. R. Rowell)

ARTICLE 8. A motion to raise \$220,844.64 was asked to be withdrawn in favor of taking up the budget item by item. Seconded. A voice vote was taken. Ayes: 78, Nays: 16. (Motion: H. Taylor)

ADMINISTRATION

It was voted to raise for.

Salaries	\$785.00
----------	----------

Contracted services	90.00	
Other expenses	160.00	(Motion:G.Musler)

INSTRUCTION

It was moved and seconded that we raise \$80,260.00 for teachers' salaries. (Motion: G. Musler) An amendment that the School Board bring in a realistic wage scale to work on at the next School Meeting was withdrawn.

It was voted to raise for:

Textbooks	\$1938.00	(Motion:W.Wallace)
Library & Audio-Visual	839.50	(Motion:G. Musler)
		(This is \$50 less than proposed)
Teaching Supplies	3700.00	
Contracted Services	350.00	
		(penmanship)
Other Expenses	500.00	(Motions:W.Wallace)

ATTENDANCE SERVICES

It was voted to raise \$25.00 (Motion: W. Wallace)

HEALTH SERVICES

The Nurse's salary has been raised from \$4500 to \$4900.00, and Barrington's share is \$1718.18. It was voted to raise this amount. (Motion: W. Wallace)

TRANSPORTATION

It was voted to raise \$20,000.00 for transportation. (Motion: W.Wallace)

OPERATION OF PLANT

Since the janitor will have another room to take care of, the School Board feels he deserves a raise. It was voted to raise for.

Salaries	\$4700.00
Supplies	1100.00
Heat	2500.00
Utilities	2200.00 (Motions:D.Haley)

MAINTENANCE OF PLANT

The amount proposed being almost 2-3% higher than the previous year, a detailed explanation was forthcoming from School Board member, Dwight Haley. The best of two or three incinerators @ \$350.00, a good water cooler plus installation @ \$250.00, the laboratory desk repaired @ \$37.50 plus new desks and chairs and extensive painting brought the total asked to \$3173.00. This amount was voted. (Motion: G. Musler)

FIXED CHARGES

It was voted to raise for:

Employee Retirement & F.I.C.A.	\$8278.49
Insurance	1450.00

(Motions: G. Musler)

SCHOOL LUNCH & SPECIAL MILK PROGRAM

It was announced by the School Board that beginning in September, 1968 the School Board will be responsible for the running of the School Lunch Program and that sometime before September it must hire a cook, bookkeeper, and buyer for this program.

It was voted to accept the "in & out" figure of \$1700.00 of which \$1500.00 is given by the Federal government and \$200.00 by the town to support this program. (Motion: E.R.Rowell)

STUDENT BODY ACTIVITIES

It was voted to raise \$100.00. (Motion: N. Arlin)

CAPITAL OUTLAY

It was voted to raise \$2000.00 with the understanding that the Federal government will help out on this category.

It was voted to raise \$1238.15 for equipment. (Motions: E. R. Rowell)

DEBT SERVICE

It was voted to raise for:

Principal	\$11,125.00
Interest	2,751.88

(Motion: E. R. Rowell)

OUTGOING TRANSFER ACCOUNTS IN STATE

It was moved and seconded that we raise \$55,000.00 for tuition, but after discussion this motion was withdrawn.

It was then voted to raise for tuition \$61,855.00. (Motion: N. Arlin)

It was voted to raise for Supervisory Union Expenses, \$3624.44. (Motion: G. Musler)

EXPENDITURES TO OTHER THAN PUBLIC SCHOOLS

It was voted to raise \$2548.00 for this item. (Motion: G. Musler)

It was voted that the total appropriation to be raised for the 1968-69 school budget be \$220,709.64. Since anticipated revenues and credits total \$30,880.28, this leaves \$189,829.36 to be raised by taxation.

ARTICLE 12. It was voted that the School Board be empowered to handle any publicity that may affect any School District Meeting in the future. (Motion: G. Musler)

The above has reference to the cancellation of a proposed national television coverage of Barrington's 1968 annual School Meeting due to the fact that official permission had not been requested in advance by the network involved.

It was voted that the School Clerk include in the Town Report the minutes of the Annual School Meeting. (Motion: N. Arlin)

At 11:30 p.m. it was voted that the meeting be adjourned. (Motion: F. Timm)

Immediately after the meeting the newly elected officers were sworn in by the Moderator.

Respectfully submitted,
Mary C. Drew
School Clerk

THE STATE OF NEW HAMPSHIRE – WARRANT

To the Inhabitants of the School district in the town of Barrington qualified to vote in district affairs:

You are hereby notified to meet at the Barrington Grade School in said district on the 10th day of March 1969, at Eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see what sum of money the district will raise and appropriate for the purchase of land abutting school district property.

10. To see what sum of money the district will raise and appropriate for the payment of tuition to other school districts or public approved academies beyond the legal obligation of the district.

11. To transact any other business that may legally come before this meeting.

Given under our hands at said Barrington this 18th day of February 1969.

As time passes, there seems to be little diminution in the size, number, or complexity of problems facing public education on any level of government—national, state, or local. Included among these are financing, housing, teacher recruitment, and, most important, maintaining a reasonable level of educational opportunity for our young people.

It is gratifying to note that on January 16, 1969, at a special Barrington School District meeting, a decisive vote in the affirmative to form an Authorize Regional Enrollment Area school for grades 7-12 with the city of Rochester. This action terminates many hours of study and meetings by your representative committees and insures a quality education for your secondary pupils.

In New Hampshire, the problem of financing is most acute, as so great a portion of the burden falls upon the local community, in contrast with the situation in other states. At this writing, there seems little likelihood that this burden will be reduced by the creation of other sources of school monies, unless pressure is exerted on local representatives to the general court that the state must accept greater responsibility in supporting education. To date, the voters and taxpayers have risen to the task of providing a good school system for the community, and is being requested to continue to do so. However, it is time that the legislators implement the existing statutes by 100% funding and stop passing new legislation without adequate funding.

In closing, we would like to express our appreciation for the cooperation received from the local citizens, school board, children, and professional staff of the Barrington School District.

Respectfully submitted

Ramon Martineau

Charles Morgan
Business Administrator

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

Increased school enrollment seems to be the modern trend and Barrington was no exception as our school population numbered 317 pupils last September. As of December 16, 1968 this figure has jumped to 341. This rapid expansion has made it necessary to use the storage room and the Principal's office as classrooms. That we are rapidly approaching our maximum capacity is an understatement.

Space is not the only problem which has forced change. The reading program has been evaluated over the past year and many improvements have been made, such as placing heavier emphasis on phonetics. We have nearly completed a system for the under-achiever in grades one through six. This past summer Barrington had its first reading program financed with federal funds which made a definite difference in the progress of many pupils this year.

Attempts have been made to improve the science offerings as well. The seventh and eighth grade science programs have been reorganized with space science receiving a higher priority. Demonstrations by various governmental agencies and individual rocket experiments have increased the scope of the courses. A much needed mobile science laboratory has been purchased for the first six grades which has enhanced the teacher's ability to demonstrate scientific laws.

With the results of these and similar changes I feel that we are providing better educational opportunities for the children, but much remains to be done. With the continued cooperation of the school board, the teachers and most importantly, you, the citizens, I am confident the present trend of progress will continue.

Respectfully submitted,
Barry Clough,
Principal

 SCHOOL HEALTH REPORT

To the Superintendent of Schools:

As part of the school health services for the year 1967-1968, all elementary pupils in Barrington, Epsom, Northwood, Nottingham and Strafford, received routine health inspections by the school nurse.

This type of inspection includes weighing, measuring, checking teeth and tonsils, checking hair and scalp for the presence of head lice or any infectious condition and doing screening tests to determine if a child has any vision or hearing handicap.

Whenever defects were found, the parents were informed. This is ordinarily done by means of a note, letter or telephone call although in many cases a home call is made by the nurse. Parents have been very cooperative in having such defects corrected, as is shown in the follow-

ing summary

Tests & Inspections	Defects Noted	No. of pupils seen or treated by Physician and/or Dentist
Vision tests - 1019	Vision - 136	Vision - 119
Hearing tests - 1093	Hearing - 18	Hearing - 8
Heights & weights - 1006	Teeth - 330	Teeth - 458
Teeth & Tonsils - 1006	Tonsils - 6	Tonsils - 12
	Weight - 3	Weight - 1
	Speech - 11	Speech - 6

A series of three immunization clinics was held in the fall of 1967 in both Barrington and Strafford. Sylvia Kennedy, M.D. of Exeter was the physician in attendance. The clinics were jointly sponsored by the New Hampshire Bureau of Public Health and local organizations - the Barrington Woman's Club and the Strafford Parent-Teachers Association.

For the first time, all five towns participated in either the Matching Funds Dental Program (which provides for filling and/or extracting teeth) or the Prophylactic Dental Program for having teeth cleaned and topical fluoride solution applied. Both programs are co-sponsored by the New Hampshire Bureau of Dental Public Health and by one or more local organizations. Epsom and Northwood again had both programs, and it is to be hoped that these will soon become an established part of the health program in each town.

The health education film "The Story of Menstruation" was shown to the majority of the girls in grades 5 through 8 in each school. This was well received and will be repeated annually for the 5th and 6th grade girls.

Referrals made by the nurse included one to New Hampshire Department of Public Welfare for custodial care of a child, three to New Hampshire Crippled Children's Service, four to Mental Health Centers for psychological evaluation and one to Camp Lincoln. Vision examinations and glasses were provided for two children - one paid for by the Concord Chapter of the Lions Club and the other by the Nottingham Chapter of the American Red Cross.

A total of 103 home calls was made, and 198 first-aid cases were cared for by the nurse. Transportation was provided to Pittsfield, Rochester, Dover, Concord and Manchester in order for certain children to receive medical care.

I wish to take this opportunity to thank Mr. Martineau, Mr. Morgan, members of the School Boards, the townspeople who sponsored and assisted in carrying out health programs, and the school children for their help and cooperation.

Respectfully submitted,
Dorothy Y. Wells, R.N.
