STATE OF NEW HAMPSHIRE TAX COMMISSION

May 25, 1965

George L. Howard, Jr., Chairman
Board of Selectmen of Bartlett
Glen, New Hampshire

Dear Mr. Howard:

In checking the Financial Report of the Town of Bartlett for the fiscal year ended December 31, 1964, I find that the following changes should be made in the Balance Sheet:

ASSET ACCOUNTS:

(1) There should be added to the Asset Accounts the following item:

Uncollected State Head Taxes — Levy of 1964 — \$635.00.

LIABILITY ACCOUNTS:

(2) There should be added to the Liability Accounts the item State Head Taxes — 1964 — Collected — Not remitted to State Treasurer, \$396.50.

(3) Yield Tax Bond and Debt Retirement due state should be \$381.65.

(4) The balance of School Tax Due the School District should be \$68,881.20 instead of the reported amount of \$69,301.17. The corrected balance is arrived at as follows:

Balance of appropriation due school district, 12/31/63	\$83,950.96
School tax, 1964-65	<u>106,301.17</u>
	\$190,252.13
Paid school district, 1964	<u>121,370.93</u>
Balance of appropriation due school district, 12/31/64	\$ 68,881.20

With these changes, your Balance Sheet totals should be as follows:	
Total liabilities	\$78,776.17
Surplus	<u>27,416.40</u>
Total Assets	\$106,192.57

Please advise me if you are in agreement with these revisions and, if so, make the corresponding corrections in your copy of the Balance Sheet.

Yours very truly,

Harold G. Fowler
Director
Division of Municipal Accounting

STATUTE REGARDING JUNK CARS

The Legislature in its 1965 session passed a Statute relating to storage of Junk Cars which are unregistered or no longer intended or in condition for legal use on the highways.

This Statute provides that all such vehicles shall be removed unless stored in a licensed junk yard or at the place of business of a new motor vehicle dealer as defined in the Statute. In order to operate a licensed junk yard, the person so operating must have a license from the selectmen and a certificate of approval as to the location of the junk yard. In order to grant such a certificate and license, there must be a public hearing with a notice published in The Reporter or other newspaper at least seven days prior to the hearing. No junk yard can be located less than 660 feet from the right of way lines of Class I, II and III highways, nor less than 300 feet from the right of way lines of Class IV, V and VI highways. The annual license fee is twenty-five dollars (\$25.00). On or after October 9, 1965, there will be assessed a maximum fine of \$10.00 per day for each day of continued use and the selectmen may obtain a mandatory injunction in addition thereto.

This notice is being circulated to bring this new Statute to the attention of all interested parties.

LIBRARIAN'S REPORT

The book circulation for the Bartlett Public Library for 1965 was 6,210. Three hundred and thirty-five new books were added to the collection. The library received \$25.00 from the Piatt Pipher Theatre Group for children's books and \$10.00 from the Bartlett P.T.A. As our library also serves as a school library, we received \$150.00 from the White Mountain National Forest Reserve Fund which was divided among the elementary school libraries in Carroll County.

It is the policy for the library to spend one-third of the book budget on children's books and the remainder on adult and young adult fiction and non-fiction. The children's book circulation has increased 72 per cent during the last five years, while the adult circulation has remained approximately the same. Many new best-sellers and up-to-date non-fiction have been added, and we hope to see more adults using the library.

This year we are planning on the following improvements. We are adding five new magazines to the list of thirteen that we are now taking. These are the New Hampshire Profiles, Harper's, Science News Letter and Jack and Jill. We are also planning on having the library open on Wednesdays from 9:00 until 4:30 during the school year. This will make it possible for the townspeople to drop into the library when picking up their morning mail, as well as giving the librarian time to catalog new books and develop an instructional program for the lower grades on the use of the library and the Dewey Decimal System.

The librarian took a course in "Principles of Book Selection for Adults and Young Adults" that was offered in Littleton, last fall, and plans on taking a course in "Cataloging and Classification" in March of this year. Credit for these courses will be given toward a certificate awarded by the University of New Hampshire in Public Library Techniques.

The Friends of the Library group, with Mrs. Gloria Grant as chairman, held a food sale last summer and raised money towards the bulletin board that has been put up next to the post office. This bulletin board may be used by townspeople with the right side reserved for the library, to publicize library services. The "Friends" have also cleaned the library and had a "book mending bee." They are now making plans for observance of National Library Week in April.

Our proposed budget for 1966 is as follows:

Salary	\$1,080.00
Books and magazines	900.00
Supplies	90.00
Travel	40.00
Janitor	30.00

Report of Forest Fire Warden and District Chief

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the state for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush:
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5 p.m.
 - c. If burning a field or brush, have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our state and towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

Fire record for 1965: state, 887 fires, 1,255 acres; district, 93 fires, 23 acres; town, two fires, $\frac{1}{8}$ acre.

TO THE SELECTMEN OF THE TOWN OF BARTLETT:

Let us thank you for your progressive approach in making the Bartlett area a safe haven for those of us who suffer from ragweed pollen. Bartlett's citizens should recognize that theirs is one of the few towns in which the Selectmen have had the vision to inaugurate an eradication drive on roadside ragweed.

If this program is made an annual project, relief for many who sneeze, cough and wheeze in August and September will result. Poison ivy will be killed by this same roadside spraying. Certain other broadleaf weeds also will be destroyed — but nothing else. No unsightly brown areas will be left; no grass will be affected by the spray.

If individual families will co-operate with the Town and the State by pulling or cutting ragweed on their premises during the first week in August, this noxious pest, which is an annual and propagates only from its seed, can be eliminated.

In appreciation,

Mr. and Mrs. Judson G. Trent

Regional Airport Report — 1965

Eastern Slope Regional Airport at Fryeburg, during 1965 has continued to have an increasing effect upon the towns surrounding it. Aviation use of the airport has grown steadily, and an estimated 2,000 aircraft called there during the year. Of particular interest is the fact that several industries which have located, or are considering locations within the area, have cited the airport as an important reason for their interest. At least one industry has flatly indicated the airport as a determining factor in its consideration of the area.

The Authority has found that lack of an attendant has on occasions disconcerted visitors to the airport. We are hoping that this situation will be remedied if we are able to procure more active local flight use of the airport by way of pilot instructions, air-taxi services, and greater local pro-

motion of flying. In the meantime we have, for the first time in several years, budgeted some money in 1966 to insure an attendant at the airport, at least on times of maximum expected use. Talks are now going on which give promise that a scheduled air service may be available during the summer months of 1966.

The Airport is considered an excellent one by pilots, and in the long run its impact on this area must be important. The property taxes on seasonal homes for flyers, and on industries attracted by it, will along repay us for the small expense of maintaining this facility. Then also, existing businesses and their customers continually use it more, as well as inns and ski areas. Your continued support of the airport will be deeply appreciated, and everyone should call in and visit it, since it is a facility belonging to all of us.

Respectfully submitted,
Eastern Slope Airport Authority

Program of the White Mountains Region Association

1965 - (28th Year)

Printed and distributed over 180,000 folders and booklets promoting the White Mountains Region.

Received 6,987 inquiries in the office which were answered promptly with a kit of folders or by personal letters.

Sent over 22,471 letters and 33,317 individual folders by mail. The balance were distributed by freight or by automobile.

Wrote 25 news releases for use in the local media and four news letters to our members. Wrote one article for N. H. Profiles on "Industrial Conway" and helped prepare other articles for use outside of the region.

Supported the 4-H awards program to encourage the role of agriculture and awarded Mrs. George Clement of Lisbon the "Outstanding Farm Wife of the Year."

Have sent a weekly bulletin of lodging inquiries to member innkeepers who subscribed for them and a monthly real estate bulletin to the member real estate dealers.

Sent out a packet of ski area and lodging folders in response to inquiries on skiing.

Presently we are revising our White Mountains Map which lists nearly 200 points of interest in our region, which was designed to keep the tourists with us a little longer. Information booth people tell us it is very popular with tourists. The new edition will be printed this winter.

Worked in co-operation and attended meetings with the White Mountains Recreation Association, Coos County Rural Areas Development Committee, Coos County Planning Committee, Carroll County Rural Areas Development Committee, N. H. Ski Area Operators Association, White Mountains Region Industrial Council, the Coos, Carroll and Crafton Counties Community Action Program. The association with these many groups has been mutually helpful in developing new projects and programs in the North Country.
