TOWN OF CENTER HARBOR

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Center Harbor:

In this, my fourth annual report, the following subjects are briefly discussed:

- (a) Statistics of our schools
- (b) standardized tests
- (c) Changes in supervisory unions
- (d) Transportation of high school pupils
- (e) Our "No School" signal

STATISTICAL TABLE

For Year Ending June 30, 1937

School and Teacher	No. half-days School in session	Total Enrollment	No. Pupils (Average membership)	Percent of Atten.	No. Tardinesses per pupil	No. not absent nor tardy
Village Grammar (Donald Piper)	356	26	24.9	92.9	0.8	2
Village Primary (Alice Zolner)	356	28	26.3	94.4	0.8	2
Town House (Anna Sargent)	358	23	21.3	95.6	0.8	4
West Center Harbor (Elena B. Smith)	354	15	10.4	96.3	0.3	2
<hr/>						
All Center Harbor (Total or Average)	356	92	82.9	94.5	0.8	10
State of N. H. (Average)	353.4			94.7	0.9	

TOWN OF CENTER HARBOR

Any comment on the foregoing table could only be in the nature of commendation for the excellent record maintained during the past year. In every particular—length of school year, percentage of attendance, and small number of tardinesses—Center Harbor's record shows up very well in comparison with the State average. The very few tardinesses at West Center Harbor, and the distinct improvement in the Village Grammar school's record in this respect over last year, are especially to be commended.

Standardized Tests

For two years, standardized tests have been given once or twice a year to determine the proficiency of our pupils as compared with those elsewhere. Results show that our schools seem to be doing as well as the average in reading, arithmetic, and language, but are somewhat less successful in spelling. Special efforts are being made this year to reteach the ancient art of sounding letters and groups of letters. Specialists have told us that this kind of training has been overdone in past years, and that such over-emphasis has caused inefficient habits of reading. The newer methods have evidently improved our pupils' reading ability, but at the cost of some loss in ability to spell correctly.

Changes in Supervisory Unions

In accordance with a law passed by the recent session of the General Court, the number of supervisory unions in the state has again been decreased. This union now consists of the following six districts, with the number of teachers and pupils in each as indicated:

TOWN OF CENTER HARBOR

Ashland	12 teachers	307 pupils	
Meredith	16 "	350	" 406
Center Harbor	4 "	80	"
Holderness	4 "	63	"
Moultonboro	5 "	76	"
Sandwich	10 "	163	"
	51 "	1039	"
		1095	

Transportation of High School Pupils

At the 1937 district meeting it was voted to defray the expense of transporting pupils to high school, the total cost not to exceed \$1.50 per week per pupil. This is a step in the direction of equalizing educational opportunity for all. At the present time 40 or more of the school districts of the state are paying part or all of the cost of high school transportation.

Our "No School" Signal

The school board has recently arranged with the fire department to sound an alarm on days when roads or weather make it expedient to close the schools. The intention is that the signal shall be used only on rare occasions, when the health and safety of the children require that they be kept at home.

The signal is ten short blasts on the fire whistle, blown at 7:30 in the morning, and indicates that there will be no session of school for the day either the Village or Town House school. At West Center Harbor, where the whistle cannot be heard, arrangements for closing the school can be made by telephone.

TOWN OF CENTER HARBOR

Conclusion

As usual, the schools owe a debt of gratitude to organizations and individuals who have cooperated in many helpful ways with teachers and school authorities. Let us continue to work together for the good of our children.

Respectfully submitted,

ALMON W. BUSHNELL, Superintendent

REPORT OF SCHOOL NURSE

It is a pleasure to submit the following report to the Citizens of Center Harbor:

89 pupils were inspected

7 pupils were found with defective vision

1 pupil was found to be under treatment for cardiac disease

55 pupils were found with defective teeth

5 pupils were found with symptoms of diseased tonsils

5 cases of measles were reported

70 visits to schools

51 visits to homes

53 pupils were transported to Meredith for dental treatment in Dr. Pottle's office.

Report of the Dental Clinic

45 pupils were examined

38 pupils were treated

37 had their work completed

29 cleanings were done

5 temporary teeth were extracted

1 permanent tooth was extracted

65 Amalgam fillings were made

18 porcelain fillings were made

1 x-ray was taken

TOWN OF CENTER HARBOR

7 patients received novacaine
126 total operations

The above work was almost wholly paid for by the parents. Some aid was given by the Red Cross.

The children in Center Harbor are unusually free from physical defects.

The regular co-operation with the Dental Clinic has certainly reduced the cost of the yearly visit to the dentist to the minimum.

Thanks are due to all who have helped completion of the school program.

EVA M. NELSON, School Nurse
