TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Eaton in the County of Carroll in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Eaton on Tuesday, the 9th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same, including town officers' salaries, town officers' expenses, election and registration expenses, expenses of the town hall and other town buildings, Social Security, Police department, fire department, insurance, planning and zoning, damages and legal expenses, Civil Defense, health department, vital statistics, town dump, town maintenance (summer, winter, and general expenses), street lighting, town road aid, town poor, old age assistance, parks and playgrounds, cemeteries, advertising and regional associations, perambulation of town lines, and interest.
3. To see if the Town will authorize the selectmen to borrow money in anticipation of taxes if necessary.
4. To see if the Town will vote to raise and appropriate the sum of eight hundred dollars for the resurfacing of the paved town roads.
5. To see if the Town will vote to establish a Capital Reserve Fund for the purchase of a piece of heavy snow removal equipment, and to appropriate a sum of money, or to authorize surplus funds for said purpose.

6. To see if the Town will authorize the selectmen to trade for a new four-wheel drive truck and plow and raise a sum of money for the same.

7. To act upon any other business that may legally come before this meeting.

8. Polls close at 6 p.m.

Given under our hands and seal, this 18th day of February, in the year of our Lord nineteen hundred and sixty-five.

REPORT OF FOREST FIRE WARDEN

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2,250 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86 per cent wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine co-operation during the past fire season and with your continued co-operation we are confident that we can improve our fire record in 1965.

Number of fires and burned area in 1964 — State, 886 fires, 875 area-acres; town — one fire, 1/10th area-acre.

SCHOOL HEALTH SERVICE REPORT

One pupil in grade four participated in the regular physical examination program at the Memorial Hospital on October 22, 1964. A report of the findings was sent to the parents by mail.

Although dental defects are a big problem, it is encouraging to learn that more children are starting early in life to have periodic comprehensive examinations and corrective services by a dentist. We know that it is through such a program that optimal dental health is attained and maintained.

It is always gratifying to find that the incoming first grader has been examined by the family dentist and has received the necessary dental care before coming to school in September. Not only does this program help the child by saving him discomfort and loss of teeth but money-wise it makes good sense to detect a small defect before it has a chance to become a big problem.

The co-operative teamwork of all concerned — school people, local medical and dental societies, official and voluntary agencies — has played an important role in the health and safety program.

Respectfully submitted,
Rebecca P. Sanborn, R.N.
