ANNUAL REPORT 1978

1978 TOWN REPORT

This report has been compiled through the efforts of your local public officials and is intended to serve as a permanent record of the events and transactions which have occurred during this past year 1978.

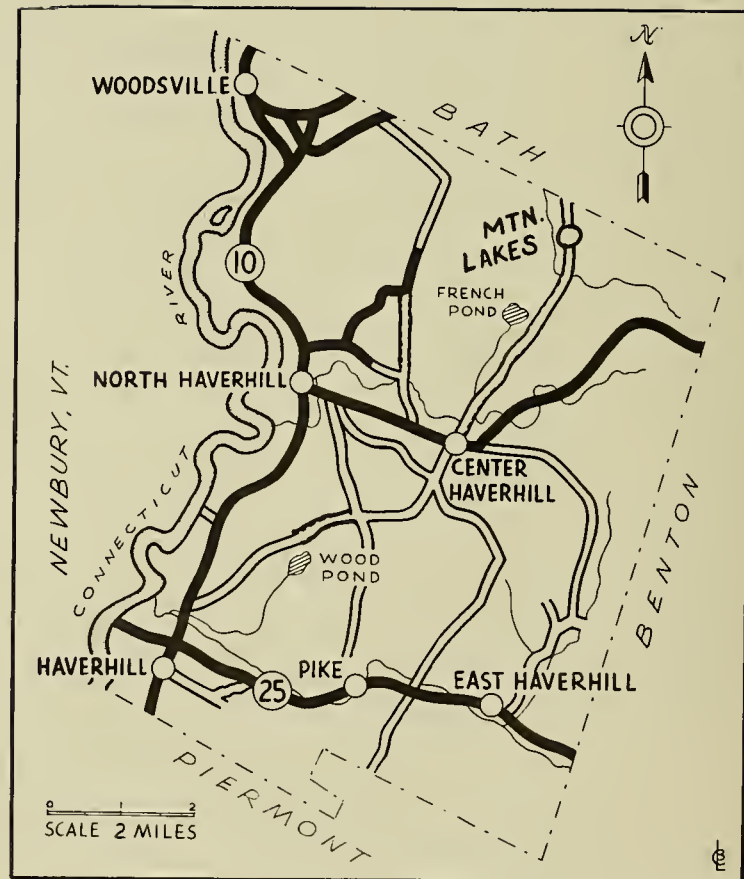

It is our hope that you will find this report to be informative as well as readable. Many hours of time and energy have been donated towards the preparation of this report and we would like to take this opportunity to extend our appreciation to Patti Klark, Susan F. Holden and Dawn Kennedy for their hard work and perseverance. We would also like to thank Bernie Marvin for his contribution of the photos which appear on the front and back covers as well as being dispersed throughout this report.

Last, but not least, we would like to thank all the local Town officials who have provided the information which has been printed in this report, for without their efforts there would be no report.

1979 ANNUAL TOWN MEETING WARRANT
STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Haverhill, in the County of Grafton, and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the James R. Morrill School in North Haverhill, in said Town on Tuesday, March 13th, 1979 at eight o'clock in the forenoon to act on the following matters. Articles I & II will be decided by written ballot. The polling booths will be open from 8 A.M. to 6 P.M. for voting on these articles. At 6 P.M. the meeting will adjourn to reconvene at 8:00 o'clock P.M. at the James R. Morrill School Auditorium in North Haverhill, said Town of Haverhill for consideration of the remaining articles in this warrant.

Article 1. To choose by a non-partisan ballot one Selectman for a term of three (3) years, a Town Clerk for a term of one (1) year, a Treasurer for a term of one (1) year, a Trustee of Trust Funds for a term of three (3) years, a Highway Agent for a term of one (1) year and a Tax Collector for a term of one (1) year.

Article 2. Referendum question #1. To see if the Town will vote to make approximately twenty acres of the Dean Memorial Airport property available for an Industrial Park.

Article 3. To announce the results of the balloting on Articles 1 & 2.

Article 4. To choose one or more Auditors, for a term of one (1) year, two Library Trustees, one for a term of three (3) years and one for a term of one (1) year, one Cemetery Commissioner for a term of five (5) years and all other necessary Town Officers.

Article 5. To hear the reports of the Selectmen, Treasurer, Cemetery Commissioners, and any other Town Officers and Committees heretofore chosen and pass any vote relating thereto.

Article 6. To see if the Town will vote to contribute funds for the construction of Class V Highways, as provided in Chapter 241 RSA, as amended.

Article 7. To see if the Town will vote to authorize the Selectmen to issue interest bearing notes or orders in anticipation of taxes, to provide for expenses of the current year.

Article 8. To see if the Town will vote to authorize the Selectmen to accept, appropriate and expend gifts of Federal or State aid in the name of the Town of Haverhill.

Article 9. To see if the Town will vote to authorize the Selectmen to distribute Inventory Blanks by mail.

Article 10. To see if the Town will vote to authorize the Selectmen to administer, or to sell real estate acquired by the Town through Tax Collector's Deed, by public auction sale or by advertising for sealed bids, except that the Selectmen would be empowered to make one last offer to the person who was divested of his property and a late redemption would be allowed upon payment of all taxes, costs and interest.

Article 11. To see if the Town will vote to authorize the Selectmen to sell real estate acquired by the Town through Tax Collector's Deed to abutting land owners upon payment of amount not less than all taxes, costs, and interest. This Article shall have effect in the area known as the Mountain Lakes District only.

Article 12. To see if the Town will vote to make any alterations in the amount of money to be raised and appropriated for the ensuing year for support of the Town as recommended by the Budget Committee in its report, to raise and appropriate all sums so determined for said purposes, and to pass any other vote relating thereto.

Article 13. To see if the Town will vote to appoint or elect a Budget Committee to recommend to the next annual Town Meeting the amounts to be raised for various purposes, such recommendations to be printed in the next Annual Report.

Article 14. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as setoffs against budget appropriations for the following specific purposes and in the amount indicated herewith or take any other action hereon:

<u>Appropriation</u>	<u>Amount</u>
White Mt. Community Service	2,000.00
Senior Citizens	5,000.00
North Country Home Health	4,000.00
Ambulance	3,000.00
	<u>\$ 14,000.00</u>

Article 15. To see if the Town will vote to appropriate twenty thousand (\$20,000.00) dollars for a new highway truck and authorize the withdrawal of twenty thousand dollars (\$20,000.00) for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

Article 16. To see if the Town will vote to authorize withdrawal from Revenue Sharing Fund established under the Provisions of the State and Local Assistance Act of 1972 for use as a setoff against the following debt service.

<u>Purpose</u>	<u>Amount</u>
1978 Town Maintenance Building	10,000.00

	<u>\$ 20,000.00</u>

Article 17. To see if the Town will vote to provide Workmen's Compensation coverage for eligible employees by participating in the New Hampshire Municipal Association Self-Funded Workers Compensation Program, commencing April 1st, 1979, and to authorize the Selectmen to take such action in furtherance of this vote as may be necessary.

Article 18. To see if the Town will vote to raise, appropriate and contribute the sum of nine thousand dollars (\$9,000.00) to the Cottage Hospital.

Article 19. To see if the Town of Haverhill will vote to adopt the current National Fire Protection Association's Life Safety Code 101. This code deals with life safety from fire and like emergencies. It covers construction, protection and occupancy features to minimize danger to life from fire, smoke, fumes, or panic before the buildings are vacated. It specifies the number, size, and arrangement of exit facilities sufficient to permit prompt escape of occupants from buildings or structures in case of fire or other conditions dangerous to life. However, private homes are excluded. This code gives the local authority the jurisdiction.

* Article 20. To see if the Town will vote to keep town owned important agricultural land in agriculture.

* Article 21. To see if the Town will vote to authorize an organization called "Citizens for Proper Planning" to develop and present to the Town sensible alternatives for land use.

Article 22. To see if the Town will vote to authorize the Selectmen to appoint a Highway Agent to supervise all town maintenance functions within said Town. The Highway Agent would be hired by and accountable to the Board of Selectmen and serve at the pleasure of the Board. This article would take effect as of March 11th, 1980.

* Article 23. To see if the Town of Haverhill will adopt the following resolution: Whereas, there is determined to be the need of a Housing Commission in the Town of Haverhill...Now therefore, in accordance with Section 4 of Chapter 203, et. seq. of New Hampshire Revised Statutes Annotated; and in accord with the foregoing finding of need, there is hereby created a Municipal Housing Commission for the Town of Haverhill, with all the powers and authority granted by said Chapter 203.

* Article 24. To see if the Town of Haverhill will vote to amend resolution #16 of March 8, 1977 Town Meeting ("to sponsor 25 additional units of existing housing for elderly low income persons under Section 8") to read - "elderly and/or low to moderate income persons."

Article 25. To see if the Town will vote to discontinue the Highway described as that section of Hollins Road from the Intersection of Route 10 to the Intersection of the Ladd Street Cemetery Road as allowed by RSA 238:1.

Article 26. To transact any other business proper to come before said meeting.

Given under our hands and seals this 12th day of February A.D. 1979.

SPECIAL TOWN MEETING

September 5, 1978

To see if the Town will vote to raise and appropriate the sum of seventy-six thousand dollars (\$76,000) for the purchase of one (1) new road grader, and authorize and empower the Selectmen to give notes or bonds for said purpose until such time as the money can be raised by taxes.

Richard Kinder moved the article and Francis Lackie seconded the motion. Selectman, Richard Kinder and Road Agent, Rober Maccini presented the options open to the town. By ordering now the Austin-Western all-wheel drive grader will cost ninety-six thousand dollars (\$96,000). If the town waits there will be a price hike of eight thousand dollars (\$8,000). There is a twenty thousand dollar trade-in on the present grader, leaving a final price of seventy-six thousand dollars (\$76,000). This to be financed over a period of seven years. The first installment payment to be six thousand dollars (\$6,000) with ten thousand dollar (\$10,000) payments each year until balance is paid off.

Everett Sawyer called for a ballot vote and Margaret Ohlmann seconded the motion.

The ballot vote was 36-8 to approve the purchase of the new grader.

On a motion by Paul LaMott and seconded by Bernard Wolfe the meeting was closed at 8:30 p.m.

Respectfully submitted,

Helen M. Smith
Town Clerk

SELECTMEN'S REPORT

The justification for the existence of government is to provide necessary services to the members of the community which individuals cannot effectively provide for themselves or which can be most effectively provided by a joint effort. The most obvious example is public roads. In Haverhill we maintain about 120 miles of roads with five men. Bob Maccini, Road Agent, served during a period when the physical plant for the road equipment was greatly improved. In October the move was made from beneath the Town Hall to the new garage on Airport Road. Although the Town Garage building account shows an overdraft, we felt that it is in the long term interests of the Town not to compromise on quality. At that time Mr. Maccini resigned to go into private business and Brian Kennedy was appointed to replace him, then the grader broke down. The cost of repair was considered excessive and the Town, at a special meeting, voted to buy a new grader. Fall grading of the roads was seriously impeded because of the delay. During the winter of 1978-79 road conditions have been bad with snow and freezing rain. Brian and his new men have done well under very trying circumstances.

The Police Department is considered to be one of the better small town departments in the state. Chief Stephen Savage is commended for the fine job he is doing. A budget increase in the Police account is requested in order to maintain the staff which was supplemented in 1978 with Crime Commission and CETA funds.

In addition to the Police Department, CETA (Comprehensive Employment and Training Administration) funds were used for workers on the road crew, the North Haverhill summer

recreation program, Mountain Lakes District recreation management, school department and Town office. We feel that this basically has been a good program for the Town and those who participated in it.

The Town office responds to a variety of concerns and requests in increasing amounts each year. We feel the staff of Secretary/Bookkeeper Patti Klark, Tax Collector Norma Lavoie and Town Clerk Helen Smith are effective and responsive to the needs of the public. Administrative Assistant, Dan Ayer, continues to do an outstanding job of managing the day to day activities of the Town. We are fortunate to have a man of his dedication and ability.

Mountain Lakes continues to be a mixed blessing to the Town. Action on appeals to the State Board of Taxation has reduced some assessments which will bring stability to the values of that community. The purchase and operation of the ski area by local taxpayers has made a real contribution to the area's appeal. The Town is bring suit against the principals of the bankrupt development company for recovery of funds to complete needed road and water service work. We look forward to some progress in 1979.

Dean Memorial Airport is presently under lease to Northern Air, Inc. Unfortunately, they are finding that it does not have the commercial potential they anticipated. Changes at the Airport include the installation of landing lights and improvements to the hangar.

Several other projects were completed in 1978. Among them the restoration of the Bedell Covered Bridge, channel improvements in the Oliverian Brook, and the bridge on Jeffers Hill Road. Much remains to be done with

all the village district water systems, the
Woodsville sewerage treatment plant and the
Opera Block project. 1979 will be a
challenging and, we hope, rewarding year.

RICHARD G. KINDER

1978 ADMINISTRATIVE ASSISTANT'S REPORT

It gives me great pleasure at this time to render my third annual report to the inhabitants of Haverhill. 1978 has been a very good year for the Town and I would like to take this opportunity to touch on some of its high points.

The financial position of the Town is in relatively good order. 1978 saw a small increase in the total Town tax rate. The 1977 rate was \$2.04 per one hundred dollars valuation, the 1978 rate was \$2.07 per one hundred dollars valuation. This represents a 1.5 percent increase in the tax rate over the last year. The small increase in taxes which most of the taxpayers enjoyed in 1978 is due in large part to the fiscal restraint practiced by the local boards and commissions, such as the School Board, Town Budget Committee and all the Precinct and County Commissioners.

It should be pointed out at this time that the minimal increase in taxes comes in the same year that the Town granted approximately \$1,250,000 in expanded elderly exemptions. Woodsville was the big loser with the loss of more than \$500,000 from their valuation or approximately 5% of their value. The decrease in net valuation of the Woodsville Precinct is the major cause for an increase in Precinct taxes.

It appears at this time that the Town portion of the 1979 tax rate will not increase. The 1978 rate was .43 and the projected 1979 rate would be .43. However, one fact that should be remembered is that for approximately every \$5,000 raised over and above the 1979 recommended Budget Committee Report .01 will be added to the tax rate.

A new town maintenance building has been constructed on the Airport Road. This building will prove to be a major asset to the Town for many years to come. We are now able to keep all of the Town owned equipment under cover in a heated building. This alone should facilitate lower maintenance costs and increased life expectancy of all vehicles and equipment.

1978 also saw the completion of the feasibility study in relation to constructing an Industrial Park at the Dean Memorial Airport. The study provided for services associated with the following items: (a) complete boundary survey, (b) topographic survey, (c) subsurface soil investigation to determine the feasibility of on-site wastewater disposal, (d) investigation of North Haverhill water works, (e) test well work. When this project was conceived by the joint boards of the Industrial Development Commission, the Town Selectmen and the North Haverhill Commissioners, there was no indication that a conflict would arise concerning the preferable use of this land for agricultural purposes. However, as the study progressed it became obvious that certain agricultural interest had serious objections to the use of this land for an Industrial Park. Other alternative sites have been evaluated as recommended, and it has been concluded that the Town owned property is the most appropriate location for development.

After a thorough study and review of all the facts the Engineering Report makes the following recommendation: "The major consideration should be to allow continued agricultural use of a large percent of the land and confine the industrial development to areas having soils of limited available water holding capacities." This concept has been backed by the Extension Service and appears to be the best solution to a

very complex problem. You, the voters of Haverhill, will have the opportunity to express your opinion on this matter by casting your vote on Referendum Question #1 found on your official ballot.

Many other important events have taken place in Town over the past year. However, space does not permit continued discussion. In closing out this report I sincerely appreciate the continued support and cooperation which has been extended to me over the past year by the Board of Selectmen, my fellow town employees and most of all by you, the citizens and taxpayers of Haverhill. Furthermore, I remain convinced that you, the taxpayers of Haverhill, get more bang for your tax buck than any other Town of comparable size in the State of New Hampshire.

YOUR 1978 TAX DOLLAR

REPORT OF THE HAVERHILL POLICE DEPARTMENT

The Department would like to extend its appreciation to the Board of Selectmen and all the residents of the Town of Haverhill for their support and cooperation during 1978.

This past year brought to many of us painful recognition of the presence of a serious juvenile problem. The depth of the problem confronting us was measured by the tremendous, startling growth of property crimes. These crimes such as Burglary, Theft, Criminal Mischief, and Stolen Automobiles, continue to rise, in spite of our patrol and follow-up efforts. Crimes against persons, such as Assaults, continue to reinforce all of us with the notion that all of us and our children can become victims at any-time.

In order for the Police Department to impact on crimes against persons and property, we must recognize that responsibilities are shared and that we must work together in spite of common differences.

During 1978, we committed ourselves to the goal of attempting to achieve total citizen support. We implemented a Bicycle Safety Program, a Shoulder Patch Design Contest which was won by Mr. John M. Mitchell of Haverhill, our 2nd Annual Ride-Along Program, and our weekly publication of police news in area newspapers, all of which were well-received. Additionally, members of the Department stepped up efforts to apprehend criminal violators by devoting more time to criminal follow-up investigations of reported crimes.

Shortly thereafter, we realized that if our efforts in criminal apprehensions were to become fruitful, then advanced police education was necessary. Officers of the Haverhill Police Department, during 1978, attended one-week seminars on Criminal Investigation, Crime Prevention, and Drug Investigation. Also, members attended seminars on Firearms Training and Managerial Budgeting. 1978 reflected that police service, at least in Haverhill,

was multi-faceted and characterized by Community Relations, Criminal Investigation and Education.

With the passage of each year, mutual respect and friendship between Haverhill residents and their Police Department has appeared to grow and solidify and has greatly impacted on police performance and morale within the Department. Perhaps with continued close relationships between citizens and the police, we can eliminate the prevalent misunderstanding and frustration that plagues each of us each year.

The Haverhill Police Department will, as a matter of policy, continue to reflect a concerned attitude toward citizen problems thereby ensuring an increasingly responsive Police Department for the Town of Haverhill.

1978 REPORT OF THE HAVERHILL PLANNING BOARD

In 1978 the Planning Board has undergone several changes. After the resignation of all Board members, the Selectmen reorganized a new Board. It was decided to hire a clerk to assist the Board and to help reorganize the files.

Since reorganization, the Board has approved eight (8) applications for subdivision and two (2) waivers.

The Board holds public meetings on the third (3rd) Tuesday of each month, in the Selectmen's office, Court House, Woodsville, in order to consider all applications for the subdivision of land as required under the Town's subdivision regulations.

All inquiries concerning subdivision matters should be directed to the Haverhill Planning Board, being mailed or left at the Selectmen's Office.

Anyone conveying land that adjoins other land owned by them (even from separate deeds), should contact the Board for a determination of the need to obtain subdivision approval. The subdivider will then be guided by the Board concerning the need for further compliance with the subdivision regulations, and obtaining final subdivision approval.

The Board is in the process of setting up a committee in order to prepare a Master Plan for the Town of Haverhill. Anyone interested in serving on this committee or having any suggestions, should contact the Board.

The Planning Board welcomes suggestions and the efforts of interested townspeople to work with

the Board in order to bring about the orderly use of land within the meaning of the subdivision regulations.

The members of the Board are as follows:

Richard Fabrizio, Chairman
William Hall, Secretary
Richard Kinder
Bernard J. Wolfe
Susan Leonard
Robert Maccini

The clerk for the Board is Patricia Wolfe.

Respectfully submitted,

TOWN REPORT
North Country Council, Inc.

In Haverhill, North Country Council assisted the town and the Haverhill Development Corporation with furthering the proposed industrial park and water improvements to the North Haverhill precinct area. NCC assisted in preparing a preapplication for HUD community development funds. Coordinated a marketing survey for the town in conjunction with the UNH Business School. Assisted Haverhill Corner with its water supply problem and general matters.

The Council is equipped to assist the town and planning board with a community plan in order to guide future growth.

The North Country Council continued to make substantial progress in 1978 by providing services in the following areas:

Planning Services: Providing local technical assistance to member communities continued to consume a good amount of Council time. Areas of assistance include: master planning, subdivision regulations, zoning, reviewing development proposals, mobile homes, grantsmanship, etc. Through a grant from the Farmers Home Administration, NCC will have the services of a project planner and planning engineer to further assist communities in water supply, solid waste and review of development proposals.

Economic Development: NCC updated its Overall Economic Development Program, a requirement which entitles the North Country to EDA grants and loans. The Council also completed a Wood Energy Study and a Downtown Improvement Program for 1 town. Through the resources of the University of New Hampshire, a business counseling program is being developed. Federal and state agencies use the

Council's work as a guide for future public investments.

Preparation of Regional Plans: In 1978, the Council adopted and published both the Land Use Element and the Housing Element. Both of these documents provide a broad framework for action in these two areas. In the area of solid waste, the Council has coordinated a number of meetings with the NH Air Pollution Control Commission, Division of Public Health and sponsored a meeting on solid waste disposal in January 1979. The Council has continued to make progress in the Public Transportation Program. NCC also coordinated with the NH Department of Public Works and Highways in the annual meeting to receive local input on needed highway improvements. Much of the Council's time is spent responding to requests from Selectmen on various planning matters. Fact sheets have been prepared on soils and community planning, wetlands, and master planning. Other educational documents will be prepared in 1979.

North Country Perspective: NCC continues to respond to opportunities to provide a North Country perspective to federal and state policies. NCC represented the area in a 3-day workshop as part of the Farmers Home Administration's national assessment of rural community facilities. Council members represent the North Country on the State's "208" Water Quality Program, solid waste program, and other areas. The Council testified before the NH House subcommittee on Growth.

Education and Information: For the third consecutive year, the North Country Council co-sponsored the six municipal law lectures. A special workshop was held on the development of small hydro sites. NCC also sponsored a North Country meeting of bankers, real

estate agents, local officials and other development interests to inform them of the opportunities under the NH Housing Finance Agency's mortgage program. With the advent of Planning Profiles, the Council's monthly newsletter, NCC is making an effort to keep local officials and interested persons up-to-date on Council programs and other related planning activities. In a further effort to solicit local input on planning projects, the Council has been holding a series of subregional meetings around the North Country.

In 1979, the Council expects to provide more services to local officials to help them carry out the goals of their own towns. The newly-funded Area Development Assistance Program will provide greater assistance to communities. NCC will be working on an energy program to determine the practicality of developing indigenous energy resources. Requests for community planning services will increase.

Membership in the Council over the last five years has increased from five members in 1973 to forty active members in 1978. A good deal of service has been provided in that period and it is hoped that more can be provided in the years ahead. Ideas on how the Council can be of greater assistance to towns are welcomed. The Board of Directors and all the members of the North Country Council greatly appreciate the support received from the towns. This support has enabled the Council to provide its planning services for the region and local communities.

BEDELL BRIDGE

Bedell Covered Bridge, Inc. can report that they have raised 100% of the funds needed to restore the Bedell Bridge. Some two or three weeks of flooring, siding, and clean up remain to be done when the weather moderates. The cables that raised and supported the bridge during its restoration have been removed. The townspeople can look forward to a formal opening to pedestrian traffic in late spring at the time the new park is dedicated by state officials. The State of New Hampshire will continue to own and manage the bridge and has covenanted with the National Park Service to keep it in repair to Federal Historic Preservation standards.

The Corporation's thanks are extended to the people of Haverhill for supporting this project for three years for a total of \$1500 at a time when demonstrated support was badly needed.

DEAN MEMORIAL AIRPORT

This year improvements have been made in the areas of flight safety, utilization and building maintenance. Landing lights purchased with state funds were installed on runway 1-19. New electrical service entrance and siding for the hangar was furnished by Northern Air and the work done by their crew. Agreement was made between the town and Mr. Everett Henson to cut the trees at the south end of the runway and we now have clear approaches up to F.A.A. Safety Flight Standards.

In December a lease for a fixed base, freight and charter operation was given to Northern Air, Inc. At this time active operation is to be resumed in the spring.

As of December 31, 1978 there were seven planes stationed at the airport.

The airport was again used for aerial seeding of winter rye.

WHITE MT. REGIONAL ASSOCIATION

Summary of your Region Association's Activities/
Programs for the Fiscal Year July 1, 1977 -
June 30, 1978

- Solicited and prepared the 1978 edition of the State's Lodging in New Hampshire, and your Association's Where to Stay/Dine in the White Mountains Region.
- Began an overhauling of much of your Association's promotional literature. The major result will be an improved Map and Guide to the White Mountains Region.
- Prepared all text material for issues of Outlook Magazine, copies of which are sent to all White Mt. region businesses, selectmen, county commissioners, and to all state legislators and state department commissioners, and directors.
- Continued its work in support of the White Mountains Center for the Arts.
- Held a joint annual meeting with the Society for the Protection of New Hampshire Forests at Bethlehem's Rock's Estate in an effort to give the proposed Farm and Forest Museum more publicity to regional businesses and citizens.
- Represented on several committees and organizations throughout the state and the region.
- Provided informational and promotional material to out-of-state promotion and travel agencies.
- Continued its support of 4-H groups and activities in Grafton, Coos and Carroll Counties.
- Sponsored a seminar on advertising and promotional essentials for businesses in the region.

WHITE MOUNTAIN REGIONAL ASSOCIATION CONTINUED...

- Put together an inventory of the number of overnight accommodations in the region to help determine what the total population of the region would be if all beds were filled (residents plus visitors). (Hospitals needed such information to prepare for any widespread emergencies such as flu epidemics.)
- Spoke before several groups and organizations.
- Continued to help finance publication of the Christmas Tree Vendor which, in turn, helps support the \$1.2 million industry here in the region.
- Answered 3000 single inquiries.
- Answered 520 bulk inquiries.
- Wrote 196 personal letters.
- Sent 53 bulletins of Lodging and Real Estate Inquiries.
- Processed 13,598 mimeographed letters.
- Wrote 7 news releases.

COTTAGE HOSPITAL

COTTAGE HOSPITAL

Dear Residents of Haverhill:

BUDGET SUMMARY

We at Cottage Hospital are requesting your financial support of \$9,000. These funds will be used to purchase a Portable Defibrillator to monitor and aid heart patients, and a Cryostat for the Laboratory.

The Portable Defibrillator can be used at any time or place to monitor and aid a heart attack victim. The size and portability of the equipment makes it easy to take to the victim's home and is used as a monitor while the victim is being brought to the hospital. The Defibrillator is operated by one person and may be used to "defibrillate", i.e., restore the rhythm of an irregular heart.

The Cryostat has direct correlation with our operating room in the detection of malignant tissue. Presently, questionable tissue must be evaluated after a surgical procedure to determine if the tissue is benign or malignant. If pathology tests indicate malignancy, the patient must return for additional surgery. The Cryostat will allow for tissue examination at the time of surgery. The presence of malignant tissue can be detected by the pathologist while the patient is in surgery and the surgeon can proceed based on the pathological findings. The positive results of these procedures are the elimination of call-back surgery and patient anxiety while awaiting laboratory results.

The Medical Staff supports the acquisition of the equipment requested and we all feel it will enhance the service we strive to perform.

Thank you,
THE COTTAGE HOSPITAL

Edward A. Loranger
Acting Administrator

NORTH COUNTRY HOME HEALTH AGENCY

Annual Report - 1978

North Country Home Health Agency, from its main office at 60 High Street, Littleton, and satellite offices in Cottage Hospital and Linwood Medical Center, provides health care services aimed at both prevention and treatment of disease. The Agency serves residents of fifteen (15) towns in the North Country.

In 1978, the following services were delivered:

6173 Skilled Nursing Care Visits to patients in their homes. These are for the chronically ill, care following hospitalization or acute care in lieu of hospitalization.

507 Health Promotion Visits for the assessment and evaluation of a person's needs and/or problems.

160 Visits to Newborns and their mothers for assistance and reassurance. No charge is made for either health promotions or newborn visits.

200 Physical Therapy Visits to homebound patients.

22 Speech Therapy Visits to homebound patients. This is a new service added in November.

8130 Homemaker/Home Health Aide Visits for assistance with personal care, light housekeeping and meal preparation, and other medical-related services which enable people to remain in their own homes.

Public Health Activities, Aimed at Prevention:

A total of twenty-nine (29) clinics for children

were held throughout the area, as well as four (4) adult health screening clinics co-sponsored with Lions Clubs. Follow-ups as needed were made on problems discovered in the clinic settings. Seven hundred thirty-nine (739) children received services ranging from immunizations to orthopedic evaluations. Five hundred one (501) adults attended the health screening clinics in four (4) towns. Clinics are available to all residents without charge.

This Agency is approved by Medicare and the New Hampshire Department of Public Health as a certified provider of home care services. The Board of Directors is composed of volunteer members representing the towns served. It is a non-profit agency.

Services to Residents of Haverhill include:

1411 Skilled Nursing Visits
94 Health Promotion Visits
66 Visits to Newborns and Mothers
46 Physical Therapy Visits
2010 Homemaker/Home Health Aide Visits

Eighty (80) children attended clinics held in Haverhill and one hundred four (104) adults attended the Adult Health Screening. Haverhill residents may attend any clinic held in our service area.

WHITE MOUNTAIN MENTAL HEALTH CENTER

Executive Director's Report

January to December 1978

Enclosed in this report are facts and figures which reflect the activities of White Mountain Mental Health Center during the past year. Our request for town support is based primarily on our goal of maintaining service delivery at this level for the coming year. I hope you find this information useful.

A. Clinical Activity:

- (1) Enrolled 325 clients (260 of which, or 80% were new referrals). A total of 658 clients were counselled during the year in 4,636 sessions.
- (2) Held numerous consultation sessions with other professional persons and volunteers (doctors, nurses, social workers, attorneys, etc.) and organizations concerning those individuals they were attempting to serve.
- (3) Held educational and community planning sessions with and for interested professional and lay persons in the region served by the agency.

B. Services Rendered:

- (1) A 24-hour seven-day a week on-call emergency service for problems that need immediate attention. A WMMHC professional staff member is on call at all times.
- (2) A partial hospitalization program to provide more extensive care for those individuals for whom individual therapy is not sufficient.
- (3) Outpatient counselling to area residents—the major activity of the clinic. The services offered include individual

counselling, group therapy, family therapy, marital counselling and play therapy (for children). The services are provided in Littleton and in three satellites located in the Cottage Hospital in Woodsville, in the Lin-Wood Medical Center in Lincoln and at Weeks Memorial Hospital in Lancaster.

- (4) Intensive diagnostic and inpatient care in our local hospitals for those individuals experiencing an emotional problem.
- (5) Psychotropic medication. In certain cases medication is used as an adjunct to the New Hampshire Hospital in Concord.
- (6) Pre-admission screening and aftercare services for patients entering and leaving the New Hampshire Hospital in Concord.
- (7) Social, psychological, and psychiatric evaluation and/or testing for schools, Courts, and State vocational/rehabilitation services.
- (8) Psychiatric consultation to physicians and to hospital staffs serving patients hospitalized in our local general hospital; mental health consultation to the District Court, school system, police, Head Start, public nurses and the Welfare Department.
- (9) An on-going inservice program for community and school nursing personnel.
- (10) Sponsorship of T.E.M.P.O., Inc., a sheltered workshop for developmentally disabled persons between the ages of 15 and 65 and now serving 27 individuals. This program provides job skills training through contracts obtained from local business and industry. This program has recently expanded to a new facility on Main Street in Littleton (the old Saranac factory) and now offers a comprehensive program of skills training to individuals with various needs and levels of skills.

- (11) Specialized clinical services for the elderly so as to strengthen our support to this population over 65.
- (12) Expanded clinical programming for post-New Hampshire Hospital patients with the help of a State Hospital employee as well as an experienced para-professional so as to deliver more consistent after-care services.
- (13) Participation with other local people to maintain an acceptable halfway house facility as an alternative to inpatient hospitalization.
- (14) Participation with PADA (Program on Alcohol and Drug Abuse) to maintain joint programs so as to strengthen services to alcoholics.

REPORT OF DISTRICT FOREST FIRE CHIEF
and
YOUR FOREST FIRE WARDEN

ANNUAL REPORT OF THE WOODSVILLE FIRE DEPARTMENT

To the Inhabitants of Haverhill:

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire Staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000.00 or a jail term of up to one year or both.

REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!

The year, 1978, was a very busy one for the Woodsville Fire Department. The year got started early in the morning of New Years Day with the devastating loss of the Newman Lumber Company Finishing Mill. This was a terrible loss to the community and fortunately has been replaced by a nice new facility.

We put a new piece of apparatus into service and have put many hours training in on it this year. It has proved to be a tremendous addition to our equipment. Preconnected hose lines and the extra water carried on board have cut our set-up time and increased our firefighting power greatly.

We have been working hard on our new reel truck that will replace our 1938 Chevrolet and expect to put it into service very shortly. Along these same lines we have done all of our own maintenance and feel that we have saved a considerable amount of money.

It seems that whenever you get a new piece of equipment it gets used quite a bit. In the last ten years, we only had two occasions to use a row-boat which we had to go and borrow. We now have our own which was donated to us by Ira Mitchell. We used that boat three times this year, twice successfully to aid people in trouble. We rescued three boys who were stranded on ice and to remove a person who had fallen from the Woodsville/Wells River bridge.

We are proud to announce as members of Twin State Mutual Aid Fire Association that our dispatch center is in operation and we feel that it is doing a good job for us. The fire department, as a whole, supports mutual aid, what it stands for, and what its goals are; namely, helping one another in times of need such as Newmans fire and, in the future, lower insurance rates for our homeowners. Also,

better improved training facilities and more and better equipment to protect the citizens of the North Country. Some people question the cost of mutual aid, however, in Woodsville, in 1977, with two major fires, we received aid equal to ten times what we spent to give it. In 1978 the ratio was about eight-to-one. We feel this is a pretty good return on your investment. This is a rural area and many times our involvement in a mutual aid call is only a tanker and three men to carry water to out-lying areas.

Another serious situation we had to deal with was four bomb scares at the High School. These scares consumed forty-four man hours of labor plus the equipment used.

We wish to thank the Police Department, Precinct Commissioners, Selectmen and you, the inhabitants of the Town of Haverhill, for your help and support in 1978.

The runs for 1978 were as follows:

Chimney Fires	4
Gas spills and problems associated with them	5
Fill B & M Diesel with water	1
Outside Fires & Calls	4
Bomb Scares	4
Brush Fires	3
Mutual Aid outside Haverhill	7

1978 COMMUNITY RECREATION REPORT

The 1978 Woodsville Recreation Program began in January with a little league basketball league composed of players 9-13. Coaches were Victor Roy, Perry Davidson, Phillip Davidson, Dale Thornton, Bruce Evans and Troy Dodge. There were 4 teams and after 4 round robins were played, playoffs commenced. The Legion entry, coached by Perry Davidson, were eventual winners. Much gratitude is extended to those coaches who gave unselfishly of their time. Saturday afternoon recreation was continued and basketball for the older group (ages 14-18) was conducted.

Little League baseball began in June and coaches included Camille Roy, Arnold Blood, Francis Smith and Philip Davidson. After a very competitive regular season, the Legion entry (Coached by Philip Davidson) won the championship.

T-Ball was conducted for the second year in a row for players both boys and girls ages 7-9. John Wardrop assisted by Perry Davidson and Steve Lang conducted the program. A girls softball league was started and girls 9 through 14 were enrolled. Teresa Bagonzi assisted by Laurianne Boyce and Bernadette Fraser organized and conducted the program.

Summer Basketball for high school age students was continued and games were played with Littleton, Lebanon and Groveton.

Babe Ruth Baseball for players age 13-15 was again conducted. Bob Ward was the coach. The team was entered into the Triangle Babe Ruth League, Walker's Motors sponsored uniforms for this entry.

It is anticipated that at least one Woodsville Little League team this coming year will be entered into the Connecticut Valley Little League.

1978 COMMUNITY RECREATION REPORT CONTINUED

The 1978 Summer Youth Recreation program began in July and enjoyed a very pleasant summer. Very little time was lost to rain. Two visitations with the Littleton Program highlighted the summer activities and many special events produced interest throughout the summer.

Bicycle rodeos, pet shows, doll fashion shows, crafts, stilt walking contests, model boat sailing, and skate board contests livened the program and brought about a good daily attendance. Swimming was conducted at the A.P. Community Swimming Pool. Sharon Brown, as Waterfront Director, was assisted by Teresa Bagonzi, Bernie Fraser and Laurianne Boyce and Katy Page. The Summer Y-R activities ended with a Field Meet and Swim Meet which was well attended. Numerous ribbons and awards were given out at an award ceremony.

The A.P. Hill Community Swimming Pool was open throughout the summer (June-September) and water temperature which was constantly in the mid 70's brought numerous swimmers and sun bathers to the pool. Hours were 1-5 p.m. and 6-8 p.m.

A life guard staff of Sharon Brown, Teresa Bagonzi, John Wardrop, Katy Page, and Bernie Fraser were on duty during these hours.

I would like to thank the precinct commissioners for their help and guidance in the operation of the swimming pool, and members of the Recreation Committee, Arnold Blood and James Slayton, for their time in reconstructing the main baseball back stop.

Also, I'd like to thank all the organizations who willingly made donations toward the conduct and operation of the Recreation Program. I would like to especially thank Thelma Strobbridge for her very thorough work as treasurer of the program.

Respectfully submitted,
John Bagonzi
Recreation Director

A District Clerk for a term of one year.
A District Moderator for a term of one year.
And such other District officers as may be required by Law.
- II. To see if the District will vote to incur debt in anticipation of taxes and other revenue of the financial year in order to pay current maintenance and operation expenses and to issue notes therefore in conformity with the New Hampshire Municipal Finance Act, RSA Chapter 33.
- III. To see what sum the District will appropriate to pay the expenses of the District during the 1979 fiscal year for the purposes set forth in the District budget.

MOUNTAIN LAKES DISTRICT

WARRANT FOR ANNUAL DISTRICT MEETING CONT'D.

- IV. To transact any other business that may legally be brought before the District meeting.

Given under our hands and seals this day of March, 1979.

District Commissioners:

JERRY JOHNSON
JAMES DOCKHAM
KATHIE DEBAISE

(Articles may be added or amended up to time official warrant is posted.)

MOUNTAIN LAKES DISTRICT

ANNUAL MEETING

March 18, 1978

The 1978 Annual Meeting of the Mountain Lakes District was called to order at the District Building at Mountain Lakes on March 18, 1978 at 7:00 P.M. by the Moderator, William Hall. The Moderator then read the Warrant.

Article I. To elect the following District Officers: One Commissioner for a term of three years, a Treasurer for a term of one year, a District Clerk for a term of one year, a District Moderator for a term of one year and such other District Officers as may be required by law.

The Moderator called for nominations for one Commissioner for a term of three years. The names of Kathie DeBaise and Jim Dockham were placed in nomination. After balloting, the Ballot Clerk announced that Kathie DeBaise received thirteen (13) votes and Jim Dockham received eighteen (18) votes. Jim Dockham was declared elected.

Nominations were called for the office of District Treasurer. Josephine Osso was the only name placed in nomination and having a majority of votes was declared elected.

Nominations were called for the office of District Clerk. Usa Philion was the only name placed in nomination and having a majority of votes was declared elected.

Nominations were then called for the office of Moderator. William Hall was the only name placed in nomination and having a majority of votes was declared elected.

The oath of office was then administered by Attorney L. Gardner, Justice of the Peace, to all the duly elected officials of the District.

MOUNTAIN LAKES DISTRICT

ANNUAL MEETING OF MARCH 18, 1978 CONTINUED...

Article II. To see if the District will vote to incur debt in anticipation of taxes and other revenue of the financial year in order to pay current maintenance and operation expenses and to issue notes therefore in conformity with the New Hampshire Municipal Finance Act, RSA Chapter 33.

Mabel Billings moved the article be accepted as written. Roger Knauth seconded the motion. It was so adopted.

Article III. To see if the District will authorize the Commissioners to take all action necessary for the eventual acquisition of the water system, furnishing water to homes in the District including participation in all rate proceedings before the New Hampshire Public Utilities Commission.

John Poellein moved the article be accepted as written. William Hall seconded the motion. Walter Bennett moved the article be amended, the word "home" be changed to "properties", to accurately include the Younis Construction building which is commercial. Roger Knauth seconded the motion. The amendment was approved by a voice vote. The article was adopted with the noted change in wording.

Attorney Larry Gardner, sworn in prior to the meeting to act as Assistant Moderator, assumed the chair at this point.

Article IV. To see what sum the District will appropriate to purchase the Mountain Lakes Ski Area and to issue notes or bonds therefore in conformity with the New Hampshire Municipal Finance Act RSA Chapter 33.

Walter Bennett moved the District appropriate no money to purchase the Mountain Lakes Ski Area. John Poellein seconded the motion. Following

MOUNTAIN LAKES DISTRICT

ANNUAL MEETING OF MARCH 18, 1978 CONTINUED...

extensive, disputive and confusing discussion, William Hall moved to defer the vote on Article IV until vote on Article V was completed. Mabel Billings seconded the motion. This motion was carried unanimously.

Article V. To see if the District will appoint a three person committee to lease all or a portion of the District Building and the land on which it is located to any operator of the Mountain Lakes Ski Area including as an option the right to purchase the District Building and the land on which it is located upon such terms and conditions deemed by the committee to be in the best interests of the District, on the condition that in the event of a purchase, the price shall not be less than the original cost of acquisition by the District.

Anne Marie Godston moved the Article be amended to read: To see if the Treasurer will appoint a three person committee to negotiate to lease all or a portion of the District Building and the land on which it is located to any operator of the Mountain Lakes Ski Area on the condition it provide for District usage of the building or any other such terms and conditions deemed by the Committee to be in the best interest of the District. John Poellein seconded the motion. On a voice vote it was decided to accept the amended article.

At this point, the Assembly turned its attention back to Article IV and Walt Bennett's motion that the District appropriate no money to purchase the Mountain Lakes Ski Area. John Poellein moved to amend Walter Bennett's motion as follows: In the event that private parties don't negotiate to purchase the ski area from the present owners, the District will authorize its Commissioners to take all action necessary to purchase the ski area and to bring it to the attention of the District at an appropriate and expedient time and to see if the

District will authorize the Commissioners to petition the Legislature for special legislation to allow the District to exceed the Debt Limit under the Municipal Finance Act in the event a need arises to purchase the Mountain Lakes Ski Area. Connie Kelleher seconded the motion. Discussion followed at some length. The amended article was then voted on and defeated by a voice vote. The motion as presented by Walter Bennett to appropriate no money for the purchase of the ski area was carried unanimously.

Following vote on Article IV, William Hall resumed the chair as Moderator.

Article VI. To see what sum the District will appropriate to construct and develop a camping area to be located within the boundaries of the District.

Association Campsite Director, Chuck Ragland, presented a brief outline of the campsite proposal, which petitioned for the construction of twelve (12) camping sites to be located in the vicinity behind the District Building adjacent to the leaching field. Kathie DeBaise then moved to have the District appropriate \$6700 as outlined in the campsite proposal for the construction of a camping area. John Poellein seconded the motion. Twenty voted in favor of the motion, three opposed and two abstained. The motion carried.

Article VII. To see what sum the District will appropriate to pay the expenses of the District during the 1978 fiscal year for the purposes set forth in the District Budget.

Roger Knauth gave a visual presentation of the budget and answered questions. Walter Bennett moved to accept the budget as presented for the amount of \$55,747. Roger Knauth seconded the motion. It was so adopted.

MOUNTAIN LAKES DISTRICT

REPORT OF THE COMMISSIONERS

To the Voters and Taxpayers of Mountain Lakes District:

To mood of 1978 was one of new energy and prosperity as the Mountain Lakes District continued in its efforts to establish itself.

Key to this was the hiring of a new Administrative Assistant, John Philion. From the start John showed a unique combination of creative foresite and initiative. Starting at the ground level, he refurbished all the District facilities, improving upon District buildings, with fresh paint and colorful flowers, ground areas with new seed, recreational areas with improved beaches, and the installation of a campsite. Various new signs carried the arty, new Mt. Lakes logo and gave real designation to our area.

The District also had the pleasure of employing John's wife, Usa, through the Comprehensive Employment and Training Act. Thanks to her, Sundays were "unique" for visiting homeowners and guests with a Continental Breakfast and Orientation. Through the Philions' joint efforts a Renter's Guide with seasonal updates was published for the first time to assist homeowners in their rentals. 1978 also saw the publication of a Builder's Guide, Part I.

Commissioners Roger Knauth and Walter Keane left their posts early in the summer to become the new owners of the former Swiftwater Valley Ski Area, along with partner, Bill Hall. They were replaced respectively by Kathie DeBaise and Jerry Johnson.

Summertime recreation reached an all-time high with a wide variety of activities both old and new: daily exercise classes, movies, beach parties,

MOUNTAIN LAKES DISTRICT

REPORT OF THE COMMISSIONERS CONTINUED...

square dances, craft classes, softball games, tennis and swimming instruction and canoeing. Labor Day wound it all up with a Birthday blow-out, Junior Olympics and Square Dance. Thanksgiving brought a harvest of activities for the first time, among them a Pumpkin Hunt, "Ole Time" movie and Pie Party.

Wintertime recreation in Mountain Lakes again saw alpine and nordic skiing with the opening of the Monteau Ski Area Christmas week. Monteau's assets are considerable: three slopes and trails, complete rentals, snack bar, lounge and night skiing at the beginner's area three nights weekly.

Our roads were hit hard in June with a tremendous deluge, but thanks to the Town the wash-outs were soon repaired. Several new roads were also taken over this fall: the northern portion of Swiftwater Circle in Highview, Pinnacle Way into the Lodge and the northern portion of Haverhill Lane in Woodsmere.

The 1978 District and Association leadership pledged their efforts to take over the Water System and put into operation the ski area. Thanks to private enterprise the ski area is now in operation. However, the Mountain Springs Water Company court litigations are still in progress. It is again the pledge of the District and Association to continue their efforts to take over the water system.

With a new year upon us, the 1978 tradition of energy and prosperity is as strong as ever. Your District Commissioners and an active, vital Association pledge their efforts to "keep the ball rolling" in 1979. We look forward and request your support. Thank you.

Respectfully submitted,
Jerry Johnson

ANNUAL MEETING OF MARCH 18, 1978 CONTINUED...

Article VIII. To see if the District will vote to authorize the Treasurer, with the approval of the Commissioners, to appoint a Deputy Treasurer as provided in RSA 41:29a.

Roger Knauth moved to accept the article as written. Walter Bennett seconded the motion. It was so adopted.

Article IX. To see if the District will authorize the Commissioners to rename those roads within the District that have duplicate or confusing names after a public hearing.

Roger Knauth moved to accept the article as written. John Philion seconded the motion. It was so adopted.

Article X. To transact any other business that may be legally brought before the District meeting.

PRECINCT OF HAVERHILL CORNER

Warrant for Annual Meeting

To the inhabitants of the Precinct of Haverhill Corner, in said Haverhill, who are qualified to vote in District Affairs:

You are hereby notified to meet in the Chapel, in said Precinct, on Wednesday, March 14, 1979 at 7:30 o'clock in the evening to act upon the following articles:

- Article 1: To elect a Moderator for the term of one year.
- Article 2: To elect a Clerk for the term of one year.
- Article 3: To hear the report of the Treasurer and other agents.
- Article 4: To elect one Precinct Commissioner for the term of three years.
- Article 5: To elect a Treasurer for the term of one year.
- Article 6: To elect an Auditor for the term of one year.
- Article 7: To see if the voters will vote to install a six inch pipeline from the spring lots to the reservoirs. The maximum cost limit to be determined by the voters.
- Article 8: Pursuant to Article #7, if approved, authorize the Precinct Commissioners to borrow by long term note the funds determined necessary by work approved in Article #7.
- Article 9: Pursuant to Article #7, if approved, vote to raise all existing water rates to fund the cost of installing a new pipeline. Rate increase to become effective April 1, 1979.
- Article 10: To see if the Precinct will vote to raise and appropriate a sum not to exceed Ten

Thousand (\$10,000.00) dollars and appropriate an additional sum not to exceed Thirty Thousand (\$30,000.00) dollars for the purpose of preparing a facilities plan on sewage which is a requirement contained in the Federal Water Pollution Control Act as amended (33 U.S.C., Sec. 1251 et seq.) and will qualify the Precinct for Federal Funds, sums to be generated as follows:

Ten Thousand (\$10,000.00) dollars to be raised by general taxation, Eight Thousand (\$8,000.00) dollars of which will be reimbursed to the Precinct of Haverhill Corner by the State of New Hampshire upon completion of the Facilities Plan.

Thirty Thousand (\$30,000.00) dollars to be provided by the Federal Government under the Financial Assistance Program of the Construction Grants Section of the Federal Water Pollution Control Act as amended (33, U.S.C., Sec. 1252 et. seq.).

And, further, to allow the Commissioners to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants Section of the Federal Water Pollution Control Act as amended (33, U.S.C., Sec. 1251 et. seq) and pass any vote relating thereto.

- Article 11: To see if the Precinct will vote to authorize the Commissioners, until directed to the contrary at a subsequent Precinct Meeting, to apply for, negotiate and do all other things necessary to obtain such Federal, State, or other assistance as may be available for the report for, design of, and construction of a sewage disposal system,

and to authorize the Commissioners to borrow money in anticipation of said assistance as outlined in New Hampshire Revised Statutes Annotated 33:7-B et seq. as amended and pass any vote relating thereto.

Article 12: Vote to authorize the installation of one (1) street light in proximity to the Nowell Brown residence on Route 25, in said Precinct.

Article 13: Vote to authorize the Precinct Commissioners to borrow money to provide for current expenses, or for emergency, until the taxes are collected and to give note for same.

Article 14: To raise such sums of money for the ensuing year as printed in the budget.

Article 15: To transact any other business proper to come before this meeting.

1978 ANNUAL MEETING
PRECINCT OF HAVERHILL CORNER

The 1978 Annual Meeting of the Precinct of Haverhill Corner was called to order at the Parish House in Haverhill Corner on March 22, 1978 at 7:30 p.m. by the Moderator, Karl T. Bruckner.

The Moderator announced that under Article 1 of the Warrant, the election of a Moderator for the coming year was in order. Karl T. Bruckner was nominated by Harry Fogarty and seconded by Jane Frechette. Karl T. Bruckner was the only person nominated for this office and, having a majority of the ballots cast, was declared elected.

Under Article 2, Sue Bruckner was nominated for Clerk by Nancy Pompian and seconded by Stuart Pompian. Sue Bruckner, having a majority of the ballots cast, was declared elected.

Under Article 3, it was moved by Earl Aremburg and seconded by David Frechette that the report of the Treasurer and other agents be accepted as printed in the Town Report. It was voted unanimously to accept the reports.

Under Article 4, Howard Evans nominated and Paul Hunt seconded Charles Ford for the three year term as Precinct Commissioner. Helen Smith nominated and Karl Elsner seconded the nomination of Walter Morris for Commissioner for the three year term. Marilyn McDonough nominated and David Frechette seconded Roger Warren for the three year term of Commissioner.

David Frechette moved and Harlan Hutchins seconded a motion to close nominations. As no candidate received a majority of votes cast, the Moderator declared that a second ballot would be taken and the voting restricted to Charles Ford and Walter Morris, the candidates who had received the highest number of votes.

Walter Morris had the majority of ballots cast and was declared elected.

Under Article 5, Stewart Holden was nominated for Treasurer by Ken Smith, seconded by Charles Ford. Stewart Holden being the only person nominated and, having a majority of ballots cast, was declared elected.

Under Article 6, James Barber was nominated for Auditor by Mary Ford and seconded by Mrs. Marion Andrews. James Barber, having a majority of ballots cast, was declared elected.

The oath of office was administered by the Moderator to all the above persons with the exception of James Barber who was not present.

Louis Pike called for a report of the Street Light Committee consisting of Karl Elsner, Stuart

Pompian and Earl Aremburg before taking up Article 7. On behalf of the committee, Karl Elsner reported that the charge by CVEC for each of 63 poles was \$3.62 plus one pole at \$4.62; that this rate was a flat rate and that the Village could save approximately \$1,500.00 by removing every other light. He suggested that \$3,000.00 was a disproportionate share of the budget just for street lights.

It was moved by Mary Campbell and seconded by Ruth Fogarty and unanimously voted that the report of the Street Light Committee be accepted and that a vote of thanks be given to the committee for a fine report.

It was moved by Paul Hunt and seconded by Charles Ford that 50% of the street lights be disconnected, and that the Commissioners determine which lights should be disconnected. The discussion which followed was dominated by the problem of how many and which lights to turn off. There were many suggestions on how best to accomplish this. Some felt that all lights were needed for safety and dog control, and that it was necessary to illuminate intersections and town buildings. William Andrews suggested that we take a scientific approach and have CVEC determine the intensity of illumination between lights and turn down or off street lights on a technical and non-personal basis. It was also suggested that each person pay for his own street lights.

Stuart Pompian moved that we terminate discussion and Karl Elsner seconded. Upon voice vote, that motion passed. The Moderator called for a vote on the main motion and that motion failed to carry.

Under Article 7, it was moved by Charles Ford and seconded by Howard Evans that the district approve the installation of a street light near the site of Louis Pike's new home construction on Route 25. The motion was unanimously approved.

Under Article 8, it was moved by Stuart Pompian and seconded by Edith Celley that the Commissioners reactivate the Planning Board. The Clerk read from

minutes of the 1973, 1974 and 1974 meetings. They indicated that a Planning Board had been established by the 1973 meeting and that seven members had been appointed. Many residents expressed opinions for and against the Planning Board. After prolonged discussion, Ruth Fogarty moved that the previous question and Marilyn McDonough seconded. The motion and the main motion both passed by unanimous votes.

Under Article 9, it was moved by Stewart Holden and seconded by Ken Smith that the Commissioners be authorized to borrow money and to provide for current expenses or for emergencies until taxes are collected and to give notes for the same. The motion was unanimously approved.

The Moderator explained that under Article 10, it was necessary to appropriate a total of \$21,230.00 even though only \$4,325.00 of that sum was to be raised by taxes. It was moved by Earl Aremburg and seconded by David Flewelling that the village appropriate the sum of \$21,230.00 of which \$4,325.00 was to be raised by taxes.

Karl Elsner moved and Paul Hunt seconded an amendment to delete \$1,700.00 from street light budget and use that amount for professional advise and assistance to help solve our water supply problems. After much discussion, the amendment was defeated. The main motion carried by unanimous vote.

Stuart Pompian moved and Dr. Carl Wilber seconded a motion that the Commissioners be authorized and directed to work with the appropriate development and planning agencies to obtain preliminary engineering studies of the water system and its problems at no cost to the Precinct. The vote was unanimously in favor of the motion.

It was moved by Earl Aremburg and seconded by Ken Smith that we give a vote of thanks to outgoing Precinct Commissioner William Andrews for the outstanding job, timely advise and unselfish hours he gave as Precinct Commissioner. The motion carried by acclamation.

It was moved by Tony Smith and seconded by Nancy Pompian that the Commissioners ask the appropriate agencies to eliminate the passing zone on Route 10 through the Village. The motion was unanimously approved.

It was moved by Robert McDonough and seconded by Mary Ford that the Commissioners find out if the power to each street light could be reduced and the costs or savings that would be involved. The motion was approved.

The Commissioners were asked what rules and/or regulations were used to determine the use of the commons. Bob Smith said that the Commissioners tended to disapprove of any use that involved commercial activity.

Roger Warren felt that village affairs should be discussed more than once a year at Annual Meetings and invited everyone to attend meetings of the Haverhill Community Association on the 3rd Wednesday of every month.

It was moved by Charles Ford and seconded by Mary Ford that the meeting be adjourned. Upon an affirmative vote, the Moderator adjourned the meeting at 10:35 p.m.

MINUTES - 1978 MEETING

James R. Morrill Elementary School
North Haverhill, N. H., March 2, 1978

Peter Kimball	1979	Victor Roy	1979
Alan Page	1980	Charles A. Wood	1980
Archie Steenburgh	1981	C. Thomas Chase	1981
Member-at-Large, James Walker, Jr. 1980			

Pursuant to the warrant, the meeting convened at the gymnasium of the James R. Morrill Elementary School, North Haverhill, New Hampshire on the second day of March, 1978, at ten o'clock in the forenoon.

The meeting was called to order by the Moderator, Mr. Richard Rutherford, who read the warrant and the affidavit of posting.

The Moderator asked the School Board Member to please inspect the Ballot Box. It was found empty by Board Member, Charles A. Wood. The Box was closed and subsequently locked by the Moderator who declared the Balloting open.

At seven o'clock the Moderator asked: "Have all qualified voters voted, who wish?" "No!" answered Archie Steenburgh and Paul LaMott who were then allowed to vote. "Now have all qualified voters voted who wish?" asked the Moderator. There being no reply, he continued: "I declare the ballot closed." The Moderator asked the School Board Members not running this year to count the ballots. They proceeded to do so.

At seven-thirty o'clock the Moderator called the meeting to order. He said that he had officially read the warrant in the morning, at the opening of the meeting at ten o'clock.

ARTICLE ONE. To choose by non-partisan ballot a Moderator for the ensuing year.

Results of the voting. Votes cast by Woodsville: 88 (number necessary for choice 45). Richard Rutherford 81, Frank Steigler 6, Roger Wells

1. Votes cast by Haverhill: 39 (number necessary for choice 21). Richard Rutherford having more than a majority of votes cast was declared elected Moderator for the ensuing year and was sworn in by Mr. Wood.

ARTICLE TWO. To choose by non-partisan ballot, two members of the School Board, one from the pre-existing Haverhill School District for a term of three years, and one from the pre-existing Woodsville School District for a term of three years. Votes cast by Woodsville: 88 (necessary for choice 45). Thomas Chase 53, Stephen Elliot 35. Votes cast by Haverhill: 39 (necessary for choice 21). Archie Steenburgh 37, Thomas Chase 1, Stephen Elliot 1. C. Thomas Chase and Archie Steenburgh having been duly elected, were sworn in by the Moderator, Richard Rutherford.

ARTICLE THREE. To hear reports of the School Board, Treasurer, and the Superintendent of Schools and to pass any vote relating thereto.

Mr. Wood explained that because of an unforeseen breakdown of the Littleton Courier where the Town Reports, which included the reports of the School Board, Treasurer, and the Superintendent of Schools, were being printed, they were unable to obtain them until just before the meeting. (They were passed out only a few minutes before the meeting began.)

Mr. LaMott moved that the meeting be recessed until 7:30, March 7, 1978. Seconded by Mr. Roy. The Moderator asked if there were any questions. Mr. Ayer, Town Manager said that it was no fault of the Town Officers that the reports were not out on time, and thought that with the books in their hands they might get on with the business of the evening. Mr. LaMott said that he was sure that other people as well as himself would like a chance to review the reports and humbly urged the people to vote them a chance to do so. Mr. Klark said that the only reason he would like a recessed meeting was because it was not advertised in any public place. Mr. Wood replied that it had been properly warranted, put in papers

two successive weeks and had been advertised on the local radio throughout the day. Moderator Rutherford said: "THIS IS A LEGAL MEETING!" Put to the vote, from the floor the vocal replies of Ayes and Nos were indecisive as proclaimed by the Moderator who said that it was necessary to take a standing vote to decide. This standing vote found those in favor of recessing was 42, opposed 26. The meeting was recessed until March 7, at 7:30 o'clock in the evening.

* * * * *

At seven-thirty o'clock on the evening of March 7, 1978, the legally recessed meeting of March 2, 1978, of the Haverhill Cooperative School District was called to order by the Moderator, Mr. Richard Rutherford. He said that reconvening from the recessed meeting we had legally completed Articles One and Two and were ready to proceed again with Article Three.

Mr. Wood asked the people to turn to page 98 of the Town Report as two figures for the Senior High and Junior High School needed to be reversed. Several comments were made comparing some of the figures with those of last years. Mr. LaMott made the motion that the reports with the corrections made by Mr. Wood be accepted as printed in the report. This was seconded by Robert Foote. The motion carried unanimously.

ARTICLE FOUR. To see if the District will authorize the School Board to make application for and to receive in the name of the District such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any other federal, state or private source. Mr. LaMott made the motion that we so authorize the School Board. Seconded by several voices including Mr. Footes, the motion carried unanimously.

ARTICLE FIVE. To see if the District will vote

to authorize the application of any unanticipated income to expenses. "I need a motion" said the Moderator after a moment of silence since the reading of the article. Mrs. Smith responded with the motion that the District vote to authorize the application of any unanticipated income to expenses. Seconded by Paul LaMott the motion carried unanimously.

ARTICLE SIX. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of School District Officials and agents and for the payment of statutory obligations of said District and to authorize the application against said appropriations of such sums as are estimated to be received from the State Foundation Aid and Building Aid Funds together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and appropriations, in accordance with the formula adopted by the Haverhill Cooperative School District; and the School Board further to certify to the Selectmen the amount to be raised by taxation by each of the two pre-existing school districts.

Mr. Wood said: "I move that the District vote to raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of said District, the sum of \$1,190,119.21 and to authorize the application against said appropriations as are estimated to be received from the State Foundation Aid and Building Aid Funds together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and appropriation, which balance is to be raised by taxes by the pre-existing districts in accordance with the formula adopted by the Haverhill Cooperative School District; the School Board further to certify to the Selectmen the amount to be raised by taxation by each of the two pre-existing school districts." The motion was seconded by James Walker. "Is there any discussion?" asked the Moderator.

Mrs. Poloquin said that since she had made such a fuss over the budget last year at the preliminary hearing that she would like to compliment the School Board on doing one this year that was much superior...but, she still had some questions. She said that on Page 102, people would like to know about the income estimated year by year. She said: "Take the estimated tuition for 1978 and 1979. How much did you get for 1978? How much for 1976 and 1977?" Mr. Wood answered with: "We are not through the year 1978 yet. We don't have any other figures here with us." Mr. LaMott spoke up and said: Look on Page 104." "I'm a lousy budgeteer", said Mrs. Poloquin. Superintendent Mullen took over. He said that from memory, they received a certain amount such as \$30,000 for 1975 and 76. The year 1976 and 77 they had a balance of \$33,000. Extra money received, \$27,000 coming in at the end of the year, was used for added costs in utilities and heat; also contracted services. He said we started this year with a \$7,000 deficit. Previous year, approximately \$12,000. laid on but not accepted by the State Commissioner. Mrs. Poloquin asked: "Why can't you show figures in a third column?" Supt. Mullen tried to explain about estimating the tuition of outside students etc. Mrs. Poloquin inquired: "If you are underestimating the students, are you underestimating all the other items?" Supt. Mullen patiently explained how you estimate what you expect from Federal Aid and other revenues and sometimes get a certain % of what is estimated and sometimes not anything. Mrs. Poloquin had a 1976 year book she showed Supt. Mullen. She read figures concerning assets, expenditures and accounts due etc. She said: "I can't dispute the figures, but I can't understand them. Can't you make them over so they can be understood?" Supt. Mullen asked Mrs. Anderson (District Treasurer) if she would like to discuss the report as sent to Concord. She refused. With a final word Mrs. Poloquin said that she didn't think it a sound practice to underestimate the income.

Mr. Evans (Principal of W.H.S.) was asked to comment on the Math situation at Woodsville High

School. Mr. Evans said that after much discussion, conferences, etc. that it was felt that one Math position could be eliminated without moderating the program. He said they were offering calculus, Algebra and College Preparatory, using other personnel on the staff such as a Science teacher to help, as he was a professional and experienced teacher. He said there would be a slight modification. An unidentified person asked: "What would this entail?" Mr. Evans said that by altering the Science Program a little, by doing away with Advanced Chemistry or Advanced Science. There would be no great change in the curriculum.

Mr. Mullen said not to belabor the point on Mathematics. He spoke of the number of children enrolled and expansion; that there wasn't a great demand for Math; more students are taking the non-college preparatory courses; that small classes were fine--- that we have to tighten belts; that we don't want to ruin any system but all things have to balance. We can't have only 3,4 or 5 pupils in one class. He said that there had been 3 students in general Math and 6 students in College Prep. The two had merged and no one suffered. One lady said that she would like to go on record as being a dedicated teacher and she did not think it right to create extra stress on other teachers. Supt. Mullen said that there would be no extra stress on the teachers. He said that we will not have as many Math classes as before. A teacher would have 5 classes a day; 60-80 pupils per day. He said that was not a bad load. Stress? Not as much as one thinks, he said. "How can we judge that?" asked Mr. Redman. "Let it work out" replied Supt. Mullen. "Come in and see for yourself."

Mr. Foote said that he had lived in town for thirteen years. Two of these he spent on the District School Board. He said that his daughter had received a very good education in this District. He wished to thank the people, Supt. Mullen, Ass't. Supt. Haskins and the teachers. He ended by saying of the District: "I think it's GREAT!"

Mr. Wood said that he had received a letter from the Department of Education stating that we would receive \$53,447.44 in Foundation Aid. He said that taxes will be reduced by this amount.

Mr. Smith asked why the Building Trades were not included in this program. Supt. Mullen replied that there were not enough participants. "What happens to the Instructor?", asked Mr. Smith. "Riffed" replied Supt. Mullen.

Mrs. Susan Hehre said that she had been thinking about it for two years and now she was going to say it. She said: "Our school has a fine program. Every child who wanted a job got one and everyone who wanted to go to College went to College.

The Moderator asked for a vote of the motion as presented by Mr. Wood. It was unanimously affirmative.

ARTICLE SEVEN. To see if the School District wished to exclude from it's Social Security plan services performed by election officials or election workers for each calendar quarter in which the remuneration paid for such services is less than \$50. "What is the reason for this?" asked Mr. Brooks. The Moderator replied: "So the Bookkeeper won't have to take out the Social Security on small items. What is your pleasure?" Mr. Pompian made the motion to exclude from it's Social Security Plan the services performed by election officials or workers for each calendar quarter in which the remuneration is less than \$50.00. Seconded by Archie Steenburgh. With an AYE, NO vote, the motion passed in the Affirmative.

ARTICLE EIGHT. To transact any other business that may legally come before said meeting.

Mr. LaMott who had been elected Representative to the General Court said that he had been present at the hearing on the evaluation of the students of our schools. He spoke of different bills coming up in Concord which concerned school affairs. He said it

was difficult to determine our own future when Concord passed bills increasing our school costs. One specifically mentioned was a federal law on education for the handicapped. He named several other bills about which we should be deeply concerned. He said that a decline in enrollment was not going to mean a decline in costs. He said to think seriously about the bills coming up and to express our opinions about them to Mr. Mann and himself to show them which way to vote. Mr. LaMott made a motion humbly asking the people to recess the meeting until September 27, to see how things go in Concord, so that we can take advantage of this knowledge instead of calling a special meeting. Mr. Foote questioned the date, September 27. Mr. LaMott said that any action taken before September 1 would be no resolution of the problems. He spoke about the penalty imposed on New Hampshire unemployed, payments made to Federal Government July 1. He said that none will be returned to New Hampshire for any reason. He said every business man, farmer etc. would lose 2.7 to this law. Mr. Walker asked how this affected the Teachers' Retirement. Mr. LaMott replied that this was being studied. Mrs. Smith seconded Mr. LaMott's motion to recess the meeting until September 27. Voted in the affirmative. The meeting was recessed until September 27.

September 27, 1978

At seven-thirty o'clock, on the evening of September 27, 1978, the legally recessed meeting of the recessed March 2nd meeting on March 7th, of the Haverhill Cooperative School District, was called to

order by the Moderator, Mr. Richard Rutherford.

The Moderator reiterated the reason for the meeting and advised that since recent legislation relative to the tuitioning of handicapped students has removed the reason for the meeting, he would like a motion to adjourn the meeting.

Mrs. Smith said that there was a matter they would like to take up. The Moderator said that if it was about the proposition in the newspaper, it would be illegal. "It would not stand up". Mr. Pompian asked: "Do you mean that the notice in the newspaper was not legal?" The Moderator replied that the notice in the newspaper was perfectly legal. But if the group voted tonight to do it, it would be an illegal action. He said: "All we're doing tonight is carrying on the business of the warrant. Under this article there is very little actual business that can be done outside of praising someone or finishing what was started before. That's my interpretation." Mr. Pompian said that he was not a Parliamentarian, but if the construction of the article was not defined, limited or excluding, he couldn't understand why it was not a legal matter. The Moderator replied that the assembly can do anything they want, but it would not be legal! That was his opinion! Mr. Wood, School Board Member said that it would not be wrong to discuss it and perhaps they could take a vote and if any legal action came from it, they could take it to their attorney. Mr. Pompian said that he needed to know because they had applied for Federal Funds for the project. Mrs. Smith asked Mr. Wood if the attorney had suggested this being taken up tonight. Mr. Wood not exactly, that it was only in a conversation that he had recommended it. Mr. Mullen, Superintendent of Schools said: " Couldn't a discussion take place tonight, than sign a petition to call a special meeting?" The Moderator said that the School Board could call a Special Meeting on receipt of a petition signed by at least ten people. The meeting would require a special warrant, naming the new business, proper advertising of the meeting and give the public whose names were not on the

check list a chance to get on. He said that the School Board would need at least two weeks to advertise the meeting. Then the business brought up would be legal.

The Moderator asked again: "Is there any business to come before this meeting?" Mr. Wood made the motion to adjourn. Seconded by Mr. Evans, the motion carried.

November 8, 1978

Pursuant to the warrant issued by the authority of the Haverhill Cooperative School Board, the Special Meeting of the Haverhill Cooperative School District was convened at the James R. Morrill Elementary School, North Haverhill, N. H. on the eighth day of November, 1978, at 7:30 o'clock in the afternoon.

The meeting was called to order by Assistant Moderator, Mr. Archie Steenburgh, who read the warrant, the affidavit of posting and a letter of his appointment as Assistant Moderator by Moderator Richard Rutherford.

ARTICLE ONE. To see what action the District will take for leasing of property at the Haverhill Academy Junior High to the Haverhill Recreation Association for the purpose of building and maintaining a recreational facility. (By Petition)

This motion was made by Stuart Pompian. "I move that the School District Lease the designated property at the Haverhill Academy Junior High to the Haverhill Recreation Association for the purpose of building and maintaining a recreational facility." This was seconded by John Mitchell.

Mr. Pompian was given permission by the Assistant Moderator to make a brief presentation of the project to the voters. He said that there were no facilities except for the Common. He spoke about why this recreational facility was necessary and how it would be appropriate for the present. He showed a blue print of the plan for two tennis courts and 1 basketball court; but thought that perhaps they would financially only be able to swing one of each. He said the tennis court would be fully enclosed and the basketball court open. Mr. Pompian said that the fencing arrangements were the biggest cost, say \$10,000 for tennis courts and \$5,000 basketball. He said a local contractor would provide labor and equipment, but the Association would have to pay for the gravel. When asked by someone how much it would total in cost, he replied, "about seventeen or eighteen thousand dollars, depending on cost of fencing." He said that \$3,000 had been donated by the Lion's Club. Mr. Mitchell asked if additional funds would be necessary to cover the maintenance? He said it had been reported that the drainage was inadequate because of poor soil, etc. Mr. Pompian assured him that the design of the courts would not create problems. He said that he hoped the school would incorporate tennis in their Physical Education Program. He said that the courts would always be open to anyone; that there would be no restrictions; only a few rules guiding the use for adults as well as children. He said that if the School wanted to make a contribution, they'll be glad to accept it. Mr. Evans asked if lights would be installed. Mr. Pompian spoke about the neighborhood closeness and thought that the use of it after dark might be annoying. John Mitchell asked if the maintenance was assured for a year. The reply was that it should go four or five years without resealing. Then they

would reseal and paint, costing about 1,000. He said there were three ways of doing this: 1, private money donated: 2, School or Precinct appropriate \$200. for five years: 3, possibly do resealing ourselves. He said that the general collections would take care of sweeping off, net repairs, etc. John Mitchell said that if it was a non-profitable organization care should be taken that it stay that way. Everett Sawyer asked, "What about toilet facilities?" Mr. Pompian said that they haven't looked into it yet. He said that most local courts don't have them. Mr. Page asked: "Who can use it? How long can they stay there?" Mr. Pompian said there would be a sign-up sheet. Court cleared on the hour. Mountain Lakes uses the sign-up sheet and it works well. He said it would not be appropriate to use it at night, that it wouldn't be popular with the neighborhood. Superintendent Mullen asked: "Should the motion include that the lease should be recorded by the Register of Deeds? What about the insurance liability?" Mr. Pompian said that it was a question to look into. The Association has no assets. He said they could not post a no insurance liability. People do sue! If it is appropriate to have it, we'll have to. Mr. Bruckner was concerned should the school become liable? He said the Association should acquire insurance. Will the School District be exposed to any risk, he asked? "They should not be held responsible for any injuries."

Mr. Bruckner amended the motion to read: "I move that the School Board be authorized to enter into a lease with the Haverhill Recreation Association of the land behind the Junior High School for the development of recreational facilities on such terms and conditions as the Board, in its discretion, believe to be in the best interest of the District." Seconded by Mr. Page. The motion passed in the affirmative.

ARTICLE TWO. To transact any other business that may legally come before said meeting. On a motion by Mr. Smith and duly seconded by Mrs. Smith, the meeting was adjourned at eight P.M.
MARY F. ASHLEY, CLERK

SCHOOL WARRANT

E. I. Anderson
District Treasurer

We certify that we have examined the accounts of the Treasurer of the Haverhill Cooperative School District for the year ending June 30, 1978 and find them correct and showing a balance of \$62,737.65.

The Woodsville Elementary School Bonds 226 through 240 and all coupons were paid and destroyed except coupons of Nov. '72, '73, '74, '75, '76, '77 and May '73, '74, '75, '76, '77, '78 #241. This makes twelve #241 coupons outstanding and there is a balance of \$222.00 on deposit in the National Shawmut Bank of Boston to pay these coupons when presented.

The Haverhill Cooperative Bonds 27 through 29 (\$5,000.00 Bonds) of 6.20% issue and all coupons were paid and destroyed.

The Haverhill Cooperative Bonds 15 and 16 (\$5,000.00 Bonds) of the 6.10% issue and coupons were paid and destroyed.

We also certify that we have examined the accounts of the Treasurer of the Haverhill Cooperative School Lunch Programs and have found them to be complete and correct.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my fourteenth annual report to the voters of the Haverhill Cooperative School District.

Last year's report dealt primarily with two major areas of concern facing Haverhill Cooperative voters, the New Hampshire Accountability Plan and the formal implementation of the Handicap Law, P.L. 94-142. These programs are not now on the horizon, but are a very distinct part of our educational program.

First, The New Hampshire Accountability Program is in its infancy with a proposal from each supervisory union or school district due in Concord by March 31, 1979. A proposal has been written and submitted to each school board for board action prior to the deadline date.

In this plan, we have projected a time frame of two years to comply with the implementation of the proposal. Some of the major challenges to everyone concerned with education vis-a-vis accountability will be:

- o How to assure that hard policy decisions do not result in soft implementation.
- o How to motivate students to meet the minimum standards.
- o Communicating to parents, citizens, teachers and other staff members that the minimums are meant as a floor.
- o How to remain patient, rather than abandon the movement because it does not solve the problems in two or three years.
- o How to make sure the skills tested are imbedded in the curriculum but, at the same time, making sure they do not become the only curriculum.

- o How to enable our school system to make the changes required of them, given present fiscal constraints, the sharp division between elementary and secondary philosophies and programs, and the need for extensive teacher training if all are to be required and responsible for teaching basic skills.
- o How to accommodate handicapped students in the scheme of things to be provided. Advice is needed, for example, on how to establish competencies for handicapped students that can be incorporated in federally mandated individualized educational plans.
- o Making school boards, administrators and teachers aware of possible legal challenges. One possible challenge is a charge of discrimination if the minimum competency tests measure knowledge or skills which were never taught in our school. Another could be the charge that minimum competency tests were not given an adequate phase-in period. There are a myriad of other problems associated with this program that will arise.

The greatest challenge we will all face is where do we draw the line in granting a high school diploma? Prior to confronting this dilemma we must make special efforts in the primary grades to teach all children the basics. It will not be easy, but we must proceed cautiously and prudently in providing children the opportunity to learn by changing our teaching methodology where past methods have not been successful. In doing so, we will provide a guide to the clients of education that those who cannot or will not learn shall not be granted a diploma.

The special session of the New Hampshire General Court in the Spring of 1978 changed the funding requirements for school districts under P.L. 94-142. All school districts are obligated to pay double the state average per pupil cost for any out-of-district placement. Before any child is assigned to another

school in another district we must obtain the approval of the New Hampshire Department of Education, since they must pick up the difference between twice the state average and the total cost. There are many other variations to the guidelines and law; consequently, we are all attempting to streamline the operations.

Another area of concern which most people do not wish to recognize or simply will not pay adequate attention to is the use of energy. If the situation continues to deteriorate, and we are faced with rationing of gasoline and heating fuel, brownouts and other conservation possibilities; we must prepare for certain eventualities within the school district. Some of these possibilities are:

- (1) Reorganization of our school calendar:
We must recognize that we cannot continue our same life-style as in the past. Our schools will have to start earlier and end later with extended vacation time during the winter months. This has been and will be a very difficult concept for the general public to accept, but we must face the facts of life.
- (2) Declining Enrollments. Even though it is generally believed that enrollments will not decrease, readers should consult the enrollment projection in this report in order to make up their minds. Taking enrollment surveys into consideration, we may have to adopt schedules and change our entire concept as to how we can deliver educational services to our clients. We may be moving grades from one elementary school to another in order to equalize class sizes and/or to accommodate special programs. This type of action may inconvenience certain segments of our school population; but, whenever a decision is made it will be for the greatest good to the greatest number.

Our appreciation is extended to the Haverhill

Academy Corporation for their contribution of trust funds to the high school academic program. Through their generosity we have been able to enrich our program by offering the Putney Reading Program for approximately forty high school students; field trips; assemblies; school newspaper, etc. The impact of these programs has been positive in every respect and we look forward to continuing the programs.

May I take this opportunity to express my appreciation and thanks to the Haverhill Cooperative School Board members, faculty and voters of the district for their support and cooperation during the past year.

Respectfully submitted,
NORMAN H. MULLEN
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

I herewith submit my ninth annual report to the voters of the Haverhill Cooperative School District.

Our annual Fall Workshop was held on August 30th at Lin-Wood High School. The main theme of the conference was directed at the following question: How do we get creative writing back into the curriculum? This question is a very vital one. In today's classroom, even with our renewed emphasis on basic instruction, learners are too often viewed as receivers of information rather than senders. Most tests are designed to assess the number of facts a child has accumulated rather than his ability to communicate those facts. Presently a far greater premium is placed on a student's ability to read and listen than on his ability to speak and write. These are very serious considerations given the fact that good vocal and written expression are essential to the democratic process. Dr. Thomas Newkirk from the University of New Hampshire was our workshop consultant. The entire day was spent in helping teachers in each subject area and at each grade level to provide a greater variety of writing experiences for their students.

On April 10-11, 1978 all schools in Supervisory Union #23 were visited by a Special Education Evaluation Team from the New Hampshire State Department of Education. The purpose of the evaluation was to determine whether we are in compliance with state and federal laws relative to the education of the handicapped. Under the format used by the team, approvals could have ranged from non-approval to approval for a period up to five years. In a letter from Commissioner Brunelle dated June 9, 1978 we were informed that Supervisory Union #23 had been awarded a four year approval. A summary report of the evaluation teams findings is available in another part of the School District report under the heading, State Department of Education's On-Site Review of Special Education Programs In Supervisory Union #23. In general we feel

that the report was very favorable.

In November Mr. Doug Brown from the Department of Education inspected our school buildings with respect to new federal legislation which requires us to remove all architectural barriers to handicapped students. This law applies primarily to students with severe physical handicaps such as students confined to wheel chairs, severe visual and hearing impairments, and heart disease. It is very difficult to determine exactly what our responsibilities will be relative to this legislation since there is no way to predict the number of physically handicapped children we may have to educate or the nature and severity of their handicapping conditions. In any case it is reasonable to assume that some of our long range concerns may include modification of toilet facilities, extension of handrails at the landings of stairways, visual fire warning systems and the like. All schools have recently completed a self evaluation with respect to compliance with these regulations. We have until September 1, 1980 to assure that there is complete program accessibility for handicapped students.

I would like to direct your attention to the enrollment projection printed separately in this report. This projection averages out our actual enrollment experience from the school years 1974-75 through the present school year 1978-79. As in our previous projections we see a fairly steady drop in enrollments. This of course is due to the rapidly declining birth rate and is a reflection of what is taking place nationwide. Again it appears that our enrollments will be lower at the Woodsville Elementary School than at the Morrill although both will decline. The Haverhill Academy Jr. High shows fairly stable enrollments for the period projected. This is due partially to the impact of the tuition students from Bath and Warren who enter our system in grade 8. Our High School enrollments, of course, reflect what is happening at the Elementary and Jr. High levels in showing a downward trend. As I mentioned before, these figures correspond roughly to what is happening at the state and national levels. Properly used, this kind of

information can be very helpful in determining priorities, funding programs and making staff assignments.

In the area of instruction, both teachers and administrators will be working to meet the accountability deadlines mentioned in Mr. Mullen's report. If our efforts are successful, we will have compiled a continuum of measurable skills in each subject area and at each grade level. Together with these we will formulate competency tests at the end of grades four, eight and twelve. The results of these tests will provide parents and the public in general with more precise information as to how well our children are performing. Also, these tests will allow teachers to judge a child's strengths and weaknesses and to adjust instruction accordingly.

My sincerest thanks to the School Board, the staff and everyone connected with the Haverhill Cooperative School District for their excellent support.

Respectfully submitted,
HAROLD J. HASKINS
Assistant Superintendent of Schools

ON-SITE REVIEW OF SPECIAL EDUCATION PROGRAMS
IN SUPERVISORY UNION #23

New Hampshire State Department of Education
April 10-11, 1978

INTRODUCTION

The evaluation team would like to thank the staff of Supervisory Union #23 for their gracious assistance to the evaluation team during their visit on April 10-11, 1978. The visits of the team required close scheduling and coordination. The staff persons of the Supervisory Union were always available to assist in any way (the evaluation team especially appreciates the help from Mrs. Shari Stolper). Mrs. Stolper spent

a great deal of time traveling on behalf of the evaluation team to insure that records were available and to provide the team with any required clerical assistance.

Supervisory Union #23 is spread over a large sparsely populated geographical area. Most of the schools within the Supervisory Union have a small population, making it difficult to provide a wide range of special education services. The evaluation team was particularly impressed with the imaginative ways of which the special education services team of the Supervisory Union has met this challenge.

SECTION II

Program Commendations

The evaluation team would like to commend: (1) The school by its assistant superintendent, principal, and other administrative personnel for their wholehearted support given to special education programs within Supervisory Union #23; (2) The special education program staff for their enthusiastic, knowledgeable, and serious attitudes towards carrying out their duties; (3) The creative way in which the Supervisory Union #23 utilizes aides to supplement a variety of special education services; (4) The prescriptive teacher for her role in providing quality leadership to the special education programs throughout Supervisory Union #23; (5) The comprehensive process called out for the evaluation of special education students throughout the Supervisory Union; (6) The manner in which confidential files were kept up-to-date, complete, and conclusive; (7) The Supervisory Union for providing released time to professional personnel each week for carrying out staffings, parent conferences, and related activities; (8) The employment of certified and qualified special education professional staff teaching in the areas of specialization; (9) The adequate funding of special education materials and equipment as requested by the professional staff; (10) The smooth and supportive relationship of

professional staff members towards each other; (11) The high level of parental acceptance of the programs for special needs children within Supervisory Union #23; and (12) The future plans of the professional staff for program development and improvement.

SECTION III

Program Recommendations and Suggestions

Summary Statement. The committee is quite impressed with the manner in which Supervisory Union #23 is attempting to meet the intent of state and federal regulations pertaining to educational programs for handicapped children. Such a high quality of service is only possible when the total administrative team of a Supervisory Union is working together regarding program goals and objectives.

Evaluations of students are recent and to the point. While the union does not have sophisticated psychological services available on a universal basis, funds were readily spent for such services which simpler levels of evaluation did not provide the needed information. Special education personnel made very appropriate use of less sophisticated evaluation materials to create effective evaluation profiles of students.

The level of involvement of non-special education personnel such as school principals and regular classroom teachers was excellent. Team members did not sense any isolation of special education personnel from the rest of the staff of the school.

The Supervisory Union #23 should be proud of its efforts to meet the needs of special education students. They are making excellent use of the resources available to them.

HAVERHILL ACADEMY JUNIOR HIGH
PRINCIPAL'S REPORT
January 16, 1979

Haverhill Academy Junior High School opened on September 7, 1977, with an enrollment of 168 (80 eighth graders and 88 seventh graders), with a few additions and withdrawals during the year.

There were four teaching staff changes - Miss Carita Aarnio replaced Miss Carol Brunelle, who elected not to return but to further her education. Mrs. Barbara Uresky replaced Mrs. Barbara Krulewitz who elected not to return from maternity leave. Mr. Wayne Dean filled the position formerly held by Mr. Michael Ackerman who transferred to the High School. Miss JoAnn Winn replaced Miss Marilyn Janiczek who decided to return to New Jersey to be nearer home.

The curriculum was changed somewhat this year to give each student more physical training as well as an intramural program. The intramural program allows each student to participate in team games during the school day. Some of our students travel some distance to school and because of transportation cannot compete in the regular sports program with other schools. It worked out fine.

A plastics unit was added to the Industrial Arts program through a grant from the state. It was well done by the instructor and students.

The usual athletic programs were carried on with good results throughout. The prime purpose of athletics at this stage is to learn fundamentals as thoroughly as possible and to apply the learning in game situations.

Open house was held for parents and friends in October with a great deal of interest shown.

During the week before the February vacation, time is allotted for the Winter Carnival, which is entered with enthusiasm by most of the students. Through many

events and contests (geared to include those not athletically inclined), a class winner is acknowledged.

The Science Fairs held in the spring are well done by the students and well received by the public with open house in the evening for anyone to view the exhibits.

A number of assemblies were held during the year. Mr. Cleveland, our Congressman, honored us with his presence. Mr. Raymond Burton, 1st District Executive Councilor, visited us most of one day, holding informal meetings with small groups of students after his talk to the whole school.

Members of the V.F.W. Post 5245 and Auxiliary of North Haverhill visited us on (or near) Veterans Day and Memorial Day to present programs concerning these holidays. It is gratifying that these two patriotic groups offer their time to give the students the true meaning of these historic days.

The eighth grade left money at the end of the year for library books and the intramural program. Also the eighth grade has provided for the flower garden in front of the Academy Building. It is very kind of these people to do this.

At our final assembly on June 15, 1978, graduation was held on the Common and in addition to diplomas, the following awards were given:
(list attached)

Let me urge you all to visit if you can to check the daily routine, visit classes and observe our school in operation.

It is always a privilege for me to have had the opportunity to serve you and many thanks to you all for your cooperation and kindnesses.

Respectfully submitted,

Howard W. Evans

WOODSVILLE ELEMENTARY SCHOOL
REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I submit herein my annual report of the Woodsville Elementary School for the year ending December 31, 1978.

The school enrollment as of the writing of this report is 194. This is an increase of 11 pupils over last year at the same time. The enrollment by grades is as follows: Kindergarten - 30, Grade 1 - 27, Grade 2 - 29, Grade 3 - 33, Grade 4 - 19, Grade 5 - 32, Grade 6 - 25.

There have been two changes in the faculty this year. Mrs. Barbara Uresky, a graduate of Merrimack College with a Master of Education degree from Southern Connecticut University, is teaching Grade 4 and Mr. Charles Gasque, a graduate of the University of Maryland is teaching instrumental music.

The school lunch program, under the direction of Mrs. June Chamberlin, is feeding approximately 135 pupils and teachers each day.

An Open House was held on Tuesday evening October 17, so that parents could visit the school and meet the teachers. Approximately 80% of the children were represented by a visiting parent.

The annual testing program was conducted on all levels in the school. Metropolitan Readiness Tests were given in the Kindergarten. The complete battery of the Stanford Achievement Test was given in grades 1-6 and the Otis-Lennon Mental Ability Test in grades 3 and 6.

Christmas and Spring Music Programs were pre-

ented by the Music Department and were attended by large audiences.

A series of assembly programs was presented at the school the past year. These programs included two folk singers, The World of Percussion, a mime and song duo, a singing group from the High School, The North Country Chorus, Smokey the Bear, and a program on Snowmobile Safety by the Fish and Game Department.

The Special Education Program involves pupils who are having difficulty doing the work in the regular classroom because of learning disabilities. Several tests are used to pinpoint the learning difficulties of these youngsters. These include reading analysis tests, phonics inventory tests, psycholinguistic tests, achievement and intelligence tests. A full time aide is working in this program with the Special Education teacher.

I wish to thank Mr. Mullen, Mr. Haskins, the School Board and all members of the school staff for their constant cooperation throughout the year.

Respectfully submitted,

George C. McKelvey,
Principal

JAMES R. MORRILL ELEMENTARY SCHOOL
REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I submit herein my annual report of the James R. Morrill Elementary School for the year ending December 31, 1978.

The school enrollment as of the writing of this report is 211. This is one less than last year at the same time. The enrollment by grades is as follows: Kindergarten - 26, Grade 1 - 31, Grade 2 - 37, Grade 3 - 28, Grade 4 - 31, Grade 5 - 26, Grade 6 - 32. Grade 2 is split into two sections because of the large number of pupils.

There have been two changes in the faculty this year. Miss Winifred Foss, a graduate of Skidmore College, is teaching grade 3 and Mr. Charles Gasque, a graduate of the University of Maryland is teaching instrumental music.

Approximately 155 pupils and teachers are taking part in the school lunch program. This program is under the direction of Mrs. Mary Allbee.

An Open House was held on Tuesday evening, October 24, so that parents could visit the school and meet the teachers. Approximately 85% of the children were represented by a visiting parent.

The annual testing program was conducted on all levels in the school. Metropolitan Readiness tests were given in the Kindergarten. The complete battery of the Stanford Achievement Test was given in grades 1-6 and the Otis-Lennon Mental Ability Test in grades 3 and 6.

Two awards were presented to sixth graders last June. The James R. Morrill Award was presented to

Kim Blake and the Phyllis Page Memorial Award to Kimberly Nedovich.

Christmas and Spring Music Programs were presented by the Music Department and were attended by large audiences.

A series of assembly programs was presented at the school the past year. These programs included two folk singers, the World of Percussion, a mime and song duo, a singing group from the High School, The North Country Chorus, Smokey the Bear, and a program on Snowmobile Safety by the Fish and Game Department.

The Haverhill Memorial VFW Auxiliary donated forty dollars to help pay for transportation to the Dental Clinic. Everett Sawyer took one group to the Dental Clinic each morning. Without transportation, we would have no clinic and I want to extend to the VFW Auxiliary and Everett Sawyer my sincere thanks for helping contribute to the success of this clinic.

The Woodsville Cohase Lions and Lionesses sponsored the annual preschool Vision and Hearing Clinic held October 27, 1977. The Lions Club paid for all pre-clinic advertising and members of the Lionesses Club assisted at the clinic. The clinic was well attended and several defects were found. Children with defects were referred to their family physicians for further testing and/or treatment.

I want to thank the Cohase Lions Club for their generous contributions to our Sight Conservation Program throughout the year. They pay for eye examinations and glasses when needed.

Mrs. Stark, Dental Hygienist, from N.H. Division of Dental Public Health did a dental survey of grade IV pupils at Woodsville & Morrill Elementary Schools. She taught the students how to properly brush and floss their teeth. For seventeen weeks pupils brushed and flossed their teeth after lunch at school. Following this program, Mrs. Stark returned and did another survey finding much improvement in mouth care. I want to thank Mrs. Roy and Miss Davis for their fine cooperation in this program.

In June the van from Portsmouth Rehabilitation Inc. came to Woodsville Elementary School. Twelve pupils from the area were given hearing tests by the Audiologist. The tests were paid for by the Salvation Army and Title funds. I want to thank our Haverhill Unit of the Salvation Army for their generous donation for this program.

I want to give special thanks to the various Service Organizations that give so generously to our many school Health Programs: Cohase Lions and Lionesses; The Salvation Army; and VFW Haverhill Memorial Post and Auxiliary.

This year a major drive was made to bring school children up to date with their immunizations. In the fall a survey of all school children was done to find any that needed further immunizations. After the survey was completed, permission slips were sent and school clinics were set up. I believe I have spent about one half of my time this school year working on surveys, records and immunization clinics. The following people donated their time at the clinics:

Dr. David Frechette & his nurse, Mrs. Kinder - three mornings

The following nurses: Mrs. Eve Maccini,
Mrs. (Poppy) Clark
Mrs. Virgie Jones
Mrs. Pauline Nobles
Mrs. Jean Putnam

who assisted at the clinics.

The following immunizations were given:

Tetanus and Diphtheria	157
Sabin Oral Polio	299
Measles	154
Rubella	38
Measles & Rubella	10
Measles, Rubella & Mumps	1
Mumps	1

I also want to thank Mrs. Jackie Estes, Mrs. Carol Griffin and the teachers for their help with this program. Without their cooperation we could not have done the job.

I want to thank Mr. Mullen, Mr. Haskins, Mr. McKelvey, Mr. Howard Evans and Mr. Donald Evans and all their teachers for their sympathetic ears and cooperation throughout the year.

I also want to thank the parents and pupil for their cooperation, especially with our immunization program.

SUPERVISORY UNION #23

REPORT OF

SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire requires that school district annual reports show the total amount paid to the superintendent and assistant superintendent.

One half of the supervisory union expenses is prorated among the several school districts of the union on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of Supervisory Union #23, during the 1978-1979 school year, will receive a salary of \$26,365.00 made up as follows: \$2,500.00 to be paid by the State Department of Education and \$23,865.00 prorated among the several school districts. The Assistant Superintendent will receive a salary of \$21,700.00 which is made up as follows: \$2,500.00 to be paid by the State Department of Education, and \$19,200.00 prorated among the several school districts. Allowance for travel within the union for the Superintendent is \$3,000.00 and for the Assistant Superintendent, \$2,000.00 also prorated as above.

The following table shows the proration of salaries and travel to each school district:
