## REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

### LEST WE FORGET – IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947 nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a fire-brand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand – a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them dead out when leaving.
4. Most important – Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year – 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned – 1971 season:

STATE	–	463 fires	160 acres
DISTRICT	–	37 fires	27 acres

### REPORT OF HEALTH PROGRAM

The Rural District Council still continues to provide Nurse Service in Middleton and many have taken advantage of this very helpful service.

We are very fortunate to have Miss Arlene Thorne here in town and she has really gone beyond the realm of duty to care for her patients. In September, with the aid of Mrs. Muriel Morin, N. H. Public Health Nurse, a monthly child Health Conference was started at the town hall in New Durham for Middleton and New Durham with Dr. Wendy Tinklepaugh of Amherst, N. H. as attending Physician. With Ethel Auclair and Ann Hynes from Middleton assisting with the children, total number of visits of the Nurse to Middleton: 292

Number of visits to child health conferences	33
Number of children attending	15
Number of families represented	10

The Rural District Health Council has been supported by the funds contributed by the town at a rate of \$1.00 per capita. A state grant and fees for services.

Anyone interested in the program or needing the service is asked to contact the Portsmouth Rehabilitation Center. Tel. 436–5716 or a representative in your own town.

REPORT OF THE SUPERINTENDENT AND ASSISTANT  
SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Middleton School District:

In September of 1971, the enrollment of Middleton children in the Farmington schools was as follows:

Grade	1	2	3	4	5	6	7	8	9	10	11	12	Total
Number	15	7	12	8	10	8	8	7	6	4	8	10	103

Last year there were 102 pupils in school on the corresponding date so that the increase is a fraction of 1%.

Much of the material prepared for the Farmington District, it is felt, would be of equal interest to the people of Middleton, since the two districts presently have a contract for educational purposes, therefore, the following sections were taken from material prepared for Farmington.

1971-1972

Teacher Replacements

<u>New Teacher or Reassignment</u>	<u>Replacement or Additional</u>	<u>Grade or Subject Matter Area</u>
Mrs. Melva Clough	Miss Mary Rundlett	Grade 1
Mrs. Sally Riley	Mrs. Izola Batchelder	Grade 6
Mr. Wayne Meehan	Mrs. Miriam Winter	Grade 7
Mrs. Barbara Robidoux	Mrs. Wendy Leriche	Grade 8 Reading/ Literature
Mr. Jerone Hart	Mr. James Murphy	Grade 9 Social Studies
Miss Carolyn Prybylo	Mrs. Kathleen Serotkin	Grade 9 English
Mrs. Ann Corcoran	Additional	High School Special Education
Mrs. June L. McIntire	Mrs. Vera Maxfield	Grade 6 (January 1971)

For the first time in many years, the number of faculty members which needed to be replaced at the end of the school year was at a minimum. There appears to be many more individuals interested in entering the profession. In order to open school in September of 1970, it was necessary to

recruit twenty persons. Just a year later, it was necessary to recruit only seven additional or replacement teachers. However, it would not be wise to state at this time that the teacher shortage is over. It remains very difficult to find qualified teachers for the primary grades, for mathematics, and for chemistry and physics.

Another problem facing Farmington is the need to find classroom space. As reported last year, the Building Needs Committee solution called for the addition of twelve classrooms in the system. To this end, a building committee was authorized at the last district meeting, but has yet to meet. The minimum amount of additional space needed to open school in September of 1972 is six full size classrooms, four in the Memorial Drive School alone. It does not seem to the undersigned that any other reasonable long term solution of this problem exists other than to build. Other courses could be tried, but these would be as expensive in the long run, and would not lead to the capital investment which must be made eventually.

In December of 1971, the Farmington-Middleton AREA School Study Committee met for the first time. It organized itself as required and began a program to study the educational problems of the two communities and make a recommendation for their solution. This Committee was authorized by the 1969 School Meetings in Middleton and Farmington and may legally exist until March of 1972. When the work of this committee has been completed, it will make its recommendation known to the voters of the districts concerned. The voters will make a decision based upon the report of this committee.

Under the terms and conditions of the Minimum Standards for Elementary Schools, the District must begin to implement the standards in order to be in concert with the legal requirements for public schools. For the first steps in its program, the Board is attempting to meet the needs of the District for an acceptable pupil-teacher ratio. With this in mind, the Board is recommending four additional teachers at the Memorial Drive School and the institution of part time guidance and administration at the Main Street School by employing one additional teacher. There is much more to be done to meet the minimum standards, but hopefully this will be an acceptable start.

An action of the General Court which will influence school districts is the adoption of an act making mandatory medical examinations for all entering pupils, for all personnel employed by the district and for bus drivers. There are many other facets of this act which must be reviewed before a final school district policy is adopted. Of interest to citizens is the question of the source of funds to pay for these examinations, such as the individual family, individual faculty member, or the community as a whole. Another question which must be considered is that concerning the availability of professionals competent to perform the necessary examinations.

The third action which should be reported is that which makes the education of all handicapped children mandatory. In the past this was required only for those children who were physically handicapped. The new act requires the education, at district expense, of all handicapped children. The District may do this by establishing special classes, or by tuitioning to approved schools. If the District elects the latter course, it is liable for the state average tuition to the school and an equal amount to provide for the transportation of the child. In effect, the cost of educating handicapped children becomes twice the state average tuition rate. ( For example, the state average tuition liability for elementary students during the present fiscal year is \$597.00. The District would be liable, in the case of a handicapped child being tuitioned to another school, for up to \$1,194.00 for transportation and education).

In closing, the undersigned should like to express their appreciation for the cooperation they have received from local citizens, school board members, students, and staff members. Your continued cooperation and support is earnestly solicited toward providing a sound educational system for the students of Middleton.

Respectfully submitted,

CHARLES H. MORGAN  
Superintendent
