Town of Nelson

For the year Ending

Taking Stock

The theme of our Town Report for 2018 is Taking Stock. As another year of work on behalf of our Town comes to an end, and as we put the finishing touches on our plans for the upcoming year, we have occasion to reflect back on what we have accomplished during the past seven years of our tenure. Since your present Select Board took office in 2012, your town government has been active, creative, well organized, and fiscally responsible. With your support and the good work of our very capable and dedicated employees and contractors, we, with the help of our Advisory Committees, have achieved improvements in all aspects of the operations of your local government. A listing of a number of our accomplishments is provided below. The list is organized under the categories of Administration, Infrastructure, and Operations.

Now that we have employed competent professional staff, established policies and procedures that are appropriate and well defined, and acted to assure that our buildings and infrastructure are sound and secure, we can move forward to working on the development of a renewable energy regime for the Town of Nelson. We will work with our Town Buildings Committee and with engineers and consultants to develop a Nelson Green Energy Plan. We will present the first steps in this effort for your consideration at our Town Meeting in 2020.

In closing, let us say that it is with an appreciation of the past, a command of the present, and a vision of the future that your Select Board intends to continue to serve our town.

Local Government Accomplishments Since 2012

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Nelson
Nelson, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Nelson, New Hampshire, as of and for the year ended December 31, 2017, which collectively comprise the Town's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, which includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Nelson, as of December 31, 2017, and the respective changes in financial position thereof, and the budgetary comparison statement for the General Fund, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the pension related schedules on pages 26 and 27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Town of Nelson has not presented a management's discussion and analysis. Accounting principles generally accepted in the United States of America have determined that the management's discussion and analysis is necessary to supplement, but is not required to be part of, the basic financial statements.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Nelson's basic financial statements as a whole. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. They are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

NELSON TOWN MEETING MINUTES

MARCH 13 & 17, 2018

For the second year in a row, the election portion of the Town Meeting was held once again during a snow storm, a Nor'easter. However, this year there was no doubt if the election would be held or not. The state made it very clear that our traditional Town Meeting held on the 2nd Tuesday of March would not be postponed. The polls opened as usual at 11 am and closed at 7 pm. 96 Nelson voters cast their ballots.

Article 01: Choose necessary Town Officers for the year ensuing (by official Ballot)

Selectmen - 3 years, David Upton
Moderator - 2 years, Lewis Derby
Trustee of the Library - 3 years, Lewis Derby
Trustee of Trust Funds - 3 years, Thomas Newcombe
Cemetery Board - 3 years, 3 positions Unfilled
Nelson Fire & Rescue Equipment Committee - 1 year, John Bunce, Barbara Roland, Bob Lenox
Supervisors of the Checklist - 6 years, Anita Flanagan
Emergency Management Officer - 1 year, Dennis Dellagrecia
Planning Board Member - 3 years, Mark Levine
Zoning Board of Adjustment - 3 years, John Cucchi, Dennis Dellagrecia
Road Equipment Committee - 3 years, John Bunce
Treasurer - 1 year, John Shea

The business portion of the meeting was held on Saturday, March 17 and started promptly at 10 *am*. We began with the cub scouts of Pack 530 presenting the colors and lead us in the Pledge of Allegiance. The moderator went over the correct rules and the civil manner in which our town business is conducted, according to New Hampshire state laws. The meeting began with Article 2 since Article 1 was decided by ballot votes on March 13, 2018.

Article 02: To defray the Town charges for the year ensuing

To see if the town will vote to raise and appropriate the sum of \$896,954 for general municipal operations of Town departments including Executive, Administrative, Cemetery, Fire, Police, Highway, Emergency management, Health Officer, Conservation Commission, Agricultural Commission, Planning and Zoning Boards, for the year ensuing. This article has anticipated offsetting revenue of \$240,600. The Selectmen recommend this article 3-0.

Motion made and seconded to accept Article 2 as read. Selectman David Upton spoke to the article by going through the budget department by department.

Cathy Schillemat called everyone's attention to the section of the annual report on town salaries in which the Select Board is asking for a 69% increase for themselves and a 4.1% increase for the Administrative Assistant. She pointed out how other town departments, except the Police Dept. were not receiving increases. A motion was made by Kathy Schillemat to reduce the budget by \$4,000. It was seconded by Elaine Giacomo. She proposed that a 2% increase across the board for all town employees and town officials be considered which would reduce the budget by \$4,000. She felt that to reward everyone in this way would be more fair and equitable. Upton responded to this amendment explaining

the boards reasoning. After discussing this amendment for some time, a vote was called. The amendment was **PASSED** by a voice vote.

A motion was made by Michael Blaudschun to amend the budget to \$803,384 budget which decreases the budget by \$85,700. Motion was seconded. Blaudschun spoke to his amendment. Upton responded to this motion by mentioning the future costs that we could expect and the need for contingency budgeting. A lengthy discussion followed Amendment *FAILED* by a voice vote.

The article as amended reducing the budget to \$892,954 was called to vote.

Article **PASSED** by a voice vote.

Article 03: Support of Town Library

To see if the town will vote to raise and appropriate the sum of \$38,158 for the support of the Town library, \$32,167 to be raised by taxes and \$5,991 to come from Library Memorial Funds, gifts, grants, and other sources. The Selectmen recommend this article 3-0.

Motion made and seconded to accept Article 3 as read. Susan Peery spoke to this motion. She thanked the Librarian, her staff and the Friends of the Library for all the good work they do.

Article **PASSED** by a voice vote.

Article 04: Funding of various social service agencies

To see if the town will vote to raise and appropriate the sum of \$6,502 for support of social service agencies which provide assistance to Nelson residents. The agencies chosen to receive funds are: American Red Cross (\$350), The Community Kitchen Inc. 2018 Report of Library Trustees

The five trustees met monthly (except in July) with library director Kris Finnegan to discuss library matters, including programs, budget, personnel, and any other library-related items. During the month of July, the library sponsored the weekly Summer Forums on Thursday evenings in the town hall. These popular talks, free and open to the public, focus on subjects of local or regional interest, and are often presented by local speakers.

In 2018, in addition to regular library business, the trustees were able to add Gretchen Ezell to our board as an alternate. She is a nonvoting member unless a trustee is absent from a meeting, and we appreciate her interest in the library. In 2018, the trustees also invested the two largest, unrestricted memorial funds with Raymond James (Monadnock Capital Group), after working with the Charitable Trusts staff in the State Attorney General's office to understand and meet all fiduciary requirements.

Trustees attended several workshops and regional meetings sponsored by the New Hampshire Library Trustees Association. These informative sessions keep us up to date on policies and regulations. In the course of the year, we also reviewed and updated library policies and the library director's job description.

For exact user data for our library, please see Kris Finnegan's detailed report.

We are fortunate to have our beautiful library, an experienced and enthusiastic staff, and support from town residents, who can check out books, movies, and other traditional library materials, use the computers, attend programs, and socialize with their neighbors. We thank our many volunteers who donate time, books, landscaping and carpentry skills, and many other gifts. We especially thank the Friends of the Olivia Rodham Memorial Library for their generous support. This year, we also received many small donations and several unexpected gifts. Thank you to everyone!

Susan Peery, Laurie Smith, Kathleen Vetter, Russ Thomas, and Lew Derby, trustees

2018 Report of the Olivia Rodham Memorial Library

The Olivia Rodham Memorial Library is constantly evolving to meet the needs of our community. Far from being a simple repository of books, today's library serves as an invaluable resource for everything from eBooks and downloadable audiobook collections, DVDs, and the State Library's InterLibrary Loan service. It is a community center with a weekly coffee hour, classes, get-togethers and lectures. The library actively engages the community and is filled with conversations about our latest interesting program, people drawing, folding origami, using computers, and kids learning technology skills with Maker Play kits. The activities that take place at this public library are a direct reflection of this community's interests. So visit your public library often.

What the Olivia Rodham Memorial Library offers you:

- Our library is open 18 hours a week, and is free and open to the public.
- Nelson residents may borrow books, audio books on CD, magazines, a telescope, DVDs, kids games and puzzles, puppets, a felting kit.
- Online services include library computers, WiFi printers, and a scanner.
- More online services that can be accessed in the library or from home: downloadable eBooks, audio books, Kindle books, Ancestry.com, and EBSCO, a periodical data base.
- Special programs: author talks, summer forums, wildlife speakers, and Nelson history topics.
- Monthly and weekly programs: Coffee hour every Saturday, handcraft group, book group, cookbook book group with a potluck, summer reading program with activities.
- Webpage: townofnelson.com with town events, updates on town groups, a town calendar, links to local groups and events.
- NH Humanities programs: *Rudyard Kipling Revisited* and *Putting Faces on the Textile Industry*.
- Origami, singing, movies, snap circuits, Lego, and Gears.
- Art Shows: Fermata Arts: 2 shows of art by children to promote peace around the world, and an art and Robert Frost show.

Events at the library, organized by the library: 133 events this year with 1,779 participants.

Books groups met 24 times with 229 people discussing.

Coffee Hour was held 51 times with 586 participants.

Knitters met 6 times with 9 pairs of knitting needles.

NH Humanities: 2 programs enjoyed by 76 in the audience.

Origami classes met 3 times with 12 participants. Storytelling had 15 in the audience.

Saturday morning speakers: 30 times with 496 participants.

Summer Forums were presented 4 times and had a total of 246 attendees.

Summer Reading Programs met 4 times and totaled 49 participants.

10 movies with 74 viewers.

Use of the library by groups: There were 101 meetings by 15 groups. The library meeting room on the lower level is used for meetings and events by the following groups: Agricultural Commission, Conservation Board, Shape Note Singers, Roads Scholar, Game of Village, Friends of the Library, Library trustee meetings, Monadnock Folklore Society, Cemetery Board, Nelson School Auction, and Library COOP.

Contributions to the library in time, talent, and material goods.

The library is thankful for the 254.5 hours that volunteers put in this year at the library. There were many other contributions and every one helps keep the Olivia Rodham Memorial Library the

community resource it is today. The volunteers were: Dave Pyles (Web page) computer help; weekly volunteers Mary Cornog Susan Hansel, Linda Cates, Martha Collins, Brenna Kucinski, and Judy Waterston. Tom Buttrick picked up donuts for coffee hour. Cleaning the library and library gardens: Gretchen Ezell and other volunteers. Tyler Pelczarski created the new children's section. Our monetary supporters this year are the Library Friends group (\$1,000.00), Mike French, John R. Bradshaw, Sally Coughlin, Marcia Sexton, KBA Grant, NH Humanities Council, and Library memorial funds. Many donations are made also of actual books, audio-visual materials, and magazines. Al Stoops donated the subscription to *Northern Woodlands*, a magazine.

Library Trustees during 2018

Susan Peery (Chair), Laurie Smith (Treasurer), Kathleen Vetter (Secretary), Russ Thomas (Correspondence), and Lew Derby.

Children's Programs

The theme of the 2017 Summer Reading Program at the Nelson Library was "Reading Rocks." During this reading program, 43 kids read 172 books. Four special programs were offered in July: The first was making "Stone Soup" with Sara Shepherd and reading this popular book. Second, Bill Dunn offered a hands-on recycling activity, making dustpans from old license plate. In the third program, Nelson resident and geologist Marshall Davenson shared a fascinating presentation on Nelson rocks. Finally, we celebrated our theme with music and Rich Popovic. We "rocked out" with Rich and his fans. Steve Corning, variety show artist, came to the Nelson Town Hall on August 10. (Funding for the Kids, Books, and the Arts events, known as KBA, is provided by the Jack and Dorothy Byrne Foundation, CHILIS, Cogswell Benevolent Trust, and is supported in part by a grant from the NH State Council on the Arts and the National Endowment for the Arts as well as funds administered by the NH State Library and provided by the Institute of Museum and Library Services.) During Old Home Week, Deke Conklin and Henry Engle regaled the kids with a sing-along in the library. We awarded ice cream certificates (donated by Twinkle Town) to readers.

Friends of the Library

The annual book sale on Old Home Day was a huge success. The sale is run by the Friends of the Olivia Rodham Library. This year the sale earned \$1200.15, reported treasurer Betsey Church. Book sales, \$749.15; memberships in the Friends, \$434; and book bags, \$17. Donna Kidd, the president of the Friends, supervised the sale, which requires weeks of sorting and last-minute arraigning and labeling on tables in the rooms in the library lower level. This could not be accomplished without the generous help of many volunteers: Russ Thomas, Marty Craig, Amy Whitney, Nancy Quigley, Darcy Quigley, Susan Peery, Laurie Smith, Anita Flanagan, Susan Hansel, Sarah Wilson, Ellen Von Horsten, Mark Levine, Linda Kates, Donna Kidd, and Betsey Church. Sarah Wilson made a new sign for the sale that was very effective. Because of the sale the Friends were able to give the library an extra \$500 for the purchase of new books. That is in addition to the \$1,000 normally given to the library in January for the purchase of books. The Friends group organizes a group of people to clean the library once a year. Beginning in 2019, used books can be purchased on the first Saturday of each month from 9 a.m. to 11 a.m., in the meeting area on the lower level.

The Nelson Library Summer Forum for 2018

This year's summer forum talks, which are free and open to the public, and introduced by live music, included: "Nubanusit Tales" (John P. Wengler's history and stories of Nubanusit's classic camps and boathouses, and how one family, the Gilmores, influenced the lake community); "Why Write Songs?" (Nelson's own Julie Snow's answer to that question, with her own tuneful songs inspired by friends, song-writing circles, and life's surprises); "To Soar Like a Hawk" (ornithologist Eric Masterson of the Harris Center related his amazing bicycle journey from Hancock to Panama as he

followed the broad-winged hawk migration); and “Gas Guzzlers to Tesla” (Mike French, physics professor and car aficionado, revealed the physics, chemistry, and electrical secrets of achieving fuel efficiency, from muscle cars to today).

DRA has provided a reference range of fund balance retention amounts below. Please utilize these ranges in the determination of the adequacy of your municipality's unrestricted fund balance, as currently defined in GASB Statement 54. Retention amounts, as part of the municipality's stabilization fund policy [1], should be assessed dependent upon your governments own long-term forecasts and special circumstances. Please note that current best practices published by GFOA recommend, at a minimum, that "...general purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." Nelson School District Meeting
March 9, 2018

Following a ribbon cutting and tour of the new addition to the Nelson Elementary School, the meeting was called to order at 7:00 pm by Lewis Derby, School District Moderator. Two students from Nelson School led the Pledge of Allegiance. Lew read the rules of the meeting. 33 town residents were in attendance, as were three teachers from the Nelson School, Principal Ron Upton, and administrative staff from SAU 29, Robert Malay, Janel Swanson and Dottie Frazier.

Article 1: To hear the reports of agents, auditors, committees or officers chosen, and to pass any vote thereto. It was moved and seconded that Article 1 be accepted as read. Article 1 passed by voice vote.

Article 2: To see if the District will vote to raise and appropriate the sum of \$1,964,745 for the support of schools, for the salaries for school district officials and agents, and for the statutory obligations of the District, or to take any action in relation thereto. It was moved and seconded that Article 2 be accepted as read. Kelly French, Board Chair, explained the budget for 2018-2019. After some discussion, Article 2 passed by voice vote.

Article 3: To see if the District will vote to raise and appropriate up to \$32,500 for the purpose of paving the existing driveway and parking lot of Nelson Elementary School and related costs. This sum to come from unassigned fund balance, if any, remaining on hand at the end of fiscal year, June 30, 2018. It was moved and seconded that Article 3 be accepted as read. After some discussion, Article 3 passed by voice vote.

Article 4: To see if the District will vote to raise and appropriate up to \$25,000 from its unassigned fund balance, if any, remaining on hand at the end of fiscal year, June 30, 2018, to the Capital Reserve Fund established by the voters of the District at the March, 1972, District Meeting for the purpose of construction/reconstruction of buildings and/or purchase of equipment, and/or the acquisition of land for school purposes. If there is an insufficient, undesignated fund balance as of June 30, 2018 to fund this appropriation and the appropriation in Article 3 (Paving Project), then Article 3 will be funded first, with any additional unassigned fund balance to be applied to this warrant article. It was moved and seconded that the article be accepted as read. The fund balance is \$85,120. The article passed by voice vote.

Article 5: To see if the District will vote to raise and appropriate up to \$5,000 from its unassigned fund balance, if any, remaining on hand at the end of fiscal year, June 30, 2018, to the Special Education/Middle And High School Tuition established by the voters on March 5, 1999, for the purpose of paying future year unanticipated special education/ and or middle and high school tuitions. If there is an insufficient, undesignated fund balance as of June 30, 2018 to fund this appropriation and the appropriation in Article 3(Paving Project) and Article 4 (Addition/Renovation), then Articles 3 and 4 will be funded first, with any additional unassigned

fund balance to be applied to this warrant article. It was moved and seconded that Article 5 be accepted as read. The current fund balance is \$128,489. Article 5 passed by voice vote.

Article 6: To transact any business that may legally come before this meeting. It was moved and seconded that Article 6 be accepted as read. Kelly French announced the opportunity and need for a deputy treasurer for the school district. Interested parties should email Superintendent Robert Malay at the SAU 29 office. No roles and responsibilities are as yet defined, but the primary responsibility will be to take over for the current treasurer, Hope Lothrop, as needed.

It was moved and seconded that the meeting be adjourned, at 8:30 pm.

Respectfully submitted.

NELSON BUDGET DISTRIBUTION BY MAJOR AREAS

DISTRICT REPORT

Mission

The Mission of Nelson Elementary School is to instill strength of spirit and ignite a love of learning. This has been adopted by the School Board and is what the entire staff hopes to do each and every day.

New Staff

We are very pleased to have added another certified classroom teacher to our staff for this school year. Alyssa Ehrentreu is our Grade 1 teacher. We have several new "Specials" teachers as well this year: Yumiko Sandoe - Art, Colleen Hartman - Music, Leo Echavarria - P.E., and Karen Rent - Nature Studies. Our nursing responsibilities will be handled by Donna Gawron. Leigh Chickering and Amy Aro-Youngman are with us as tutors while Richie Hoffman is our new custodian.

Facility / Maintenance

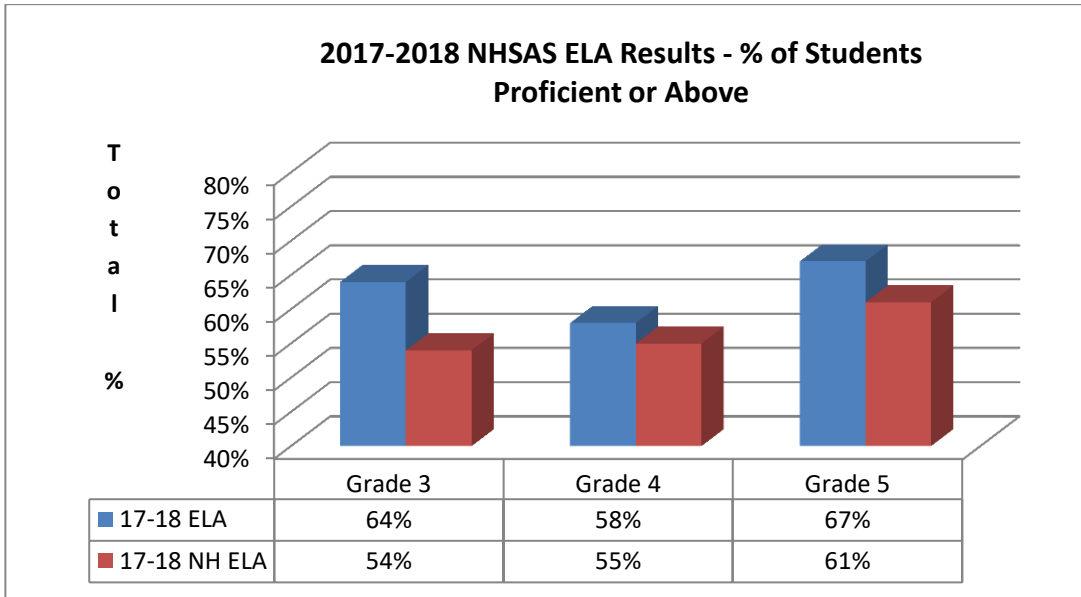

Our new addition was completed in late winter and we took occupancy on March 5, 2018. We are thankful for the support of the community in recognizing our need for more space as our enrollment numbers continue to increase. Our MPR (multi-purpose room) was increased by 50%. Two large classrooms were added, one for an additional classroom and the other for our "Specials" classes which includes Art and Music. The remaining area is comprised of a couple of storage rooms, a custodial closet, a restroom, and a conference room. The elevation of the addition caused some challenges that were addressed by installing a retaining wall on the playground side of the addition. Several other changes were made to ensure ADA compliance regarding entrances and exits. The parking lot was modified (by removing the middle entrance) and then paved. Trees that were dangerously close to falling and damaging the building were removed and a buffer space created behind the school. We are currently exploring the feasibility of installing solar panels on site as well.

Community Support / Service/Volunteers

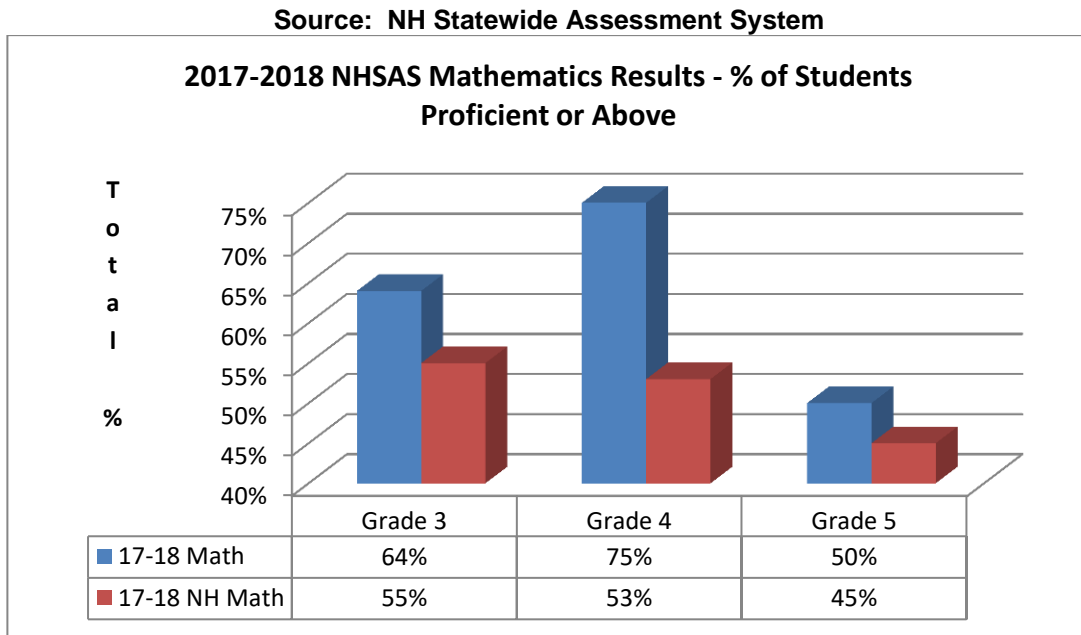

Our community continues to provide exceptional support in a variety of ways. Ms. Benner's "Friday Friends" partners students up with community volunteers who come in and read with their buddies. We have several community members who help out weekly with our STEM Club. We have expanded the STEM club by adding a "Competition Robotics Club" which would not be possible without the many hours of volunteer support. Members of the town's Trail and Agriculture Committees volunteer their time to work with our students and provide instruction. Our Parent Teacher Organization continues to support our students in a variety of ways. Parents help volunteer for various activities in both the classroom and entire school. The Keene Lions Club has provided vision testing for our K-1 students and also provided financial support in obtaining eyewear for some of our students. The Cheshire Smiles organization has provided dental care as well as fluoride treatments to a number of our students already this school year. The Keene Rotary Club supplies all of our 2nd grade students with new sneakers as well as provide dictionaries to our 3rd graders. The Nelson Town Band has graciously partnered with our school to provide financial support of our instrumental music program and we look forward to expanding that relationship. Our "Community Service" club has worked with the Keene Community Kitchen during the holidays to help stock shelves and sort the donations collected. The Harris Center continues to provide unique learning opportunities to our students by bringing artifacts into our classrooms each week. The staff and students are extremely thankful for the continued support of our parents, community members, and friends. Nelson Elementary School was awarded "**Blue Ribbon Status**" by the state of NH Partners in Education. The primary factor in determining this award was community support and volunteers in our school. Nelson was one of 86 schools in NH earning this distinction. This is truly a community award!

Academic Programs

Several years ago we made the switch to standards based report cards and we are continuing to work towards competency based evaluations of our students. We have successfully implemented Eureka Math after adopting that program a few years ago. We are being trained and have implemented strategies related to Keys to Literacy and Writing. More cross-curricular projects and units are being mixed into our instruction. The staff is being purposeful about using data to make timely changes and modifications to best serve our students. In addition to our regular classroom curriculum, we offer daily specials to all of our students. A unique educational experience is provided once again this year through the Harris Center. This collaboration allows a Naturalist to work with our students for an hour each week. Spanish, Art, Physical Education, and Music also meet one day each week for an hour block of time in each of our classes. Those teachers collaborate with our classroom teachers to ensure smooth transitions and themes or content that is appropriate to what is happening in their classrooms whenever possible.

All of this work is paying dividends. Our state testing in 15-16 had 61% of our students score “proficient or better” (which was exactly the state average) in ELA. That same year, our Math results showed only 36% of our students being “proficient or better” compared to the 49% at the state level. Our results for 17-18 were recently released showing our students scoring 65% in ELA (state average dropped to 58%) and our Math improved to 65% proficient or better (with the state average falling to 48%). The staff and students have worked hard at focusing on improving our Math education and the results show this effort.

Co-Curricular

We offer a wide variety clubs and activities that meet after school weekly at various times throughout the school year. Those clubs include: Craft, STEM, Robotics, Sewing, Yoga, Dance, Community Service, Yearbook, and Technology. Our afterschool program continues to provide a safe and structured place for many of our students until 5:30 pm daily. Students are able to work on completing their school work, play games, have snacks, and participate in various activities. We are proud to be able to offer this self-sustaining program to our parents. We are fortunate again this year to offer musical instruction to our students each week. Mrs. Colleen Hartman provides instrumental lessons while Ms. Louisa Engle instructs our strings program.

PTO

I would like to thank Becky Dunn for taking over the leadership of our PTO. The membership of this organization has increased and the monthly meetings are well attended. Our annual auction will be in April and this remains the primary source of operating revenue for the group. The auction annually raises between \$8K and \$10K which is used to support the students of our school in a variety of ways. Other social events are currently being planned as well. Many thanks to Becky and all the other members who support our students.

School Start Time

At the October 9, 2018 Keene Board of Education meeting, the Board passed a motion to move forward with a change to the start of school times for Keene High School and Keene Middle School to no earlier than 8:30 a.m. and no later than 9:00 a.m. and no earlier than 8:00 a.m. at the Keene elementary schools beginning with the 2020-2021 school year. The Keene School District is finalizing the proposed scheduling and once complete, the town districts will be informed in order to determine whether or not they will opt to change the start times for their elementary/middle schools. This will give the town districts time to determine what if any impact a change in start times in Keene will have on their transportation needs. Once the start times are finalized in Keene, all impacted school boards will be notified.

School Calendar Update

The committee has been looking at alternatives to having students in schools during voting as several of the schools in SAU 29 are utilized as voting sites. There has been a heightened concern about student safety in schools where there is public access during elections, despite measures to mitigate interactions whenever feasible. Options being considered include, but are not limited to, scheduling workshop days on election days or otherwise identifying such days as “non-school days” for students. At the time of this writing, there has been no action on the Governor’s proposal to push back the start of school until after Labor Day. With changes in the Majority in the House and Senate, this proposal may not have the traction necessary to come to fruition.

Strategic Plan Update

KHS is in its third year of working to become a competency-based (CBE) school. The Core Competency Team (CCT) is comprised of 11 teachers representing their departments, and this group oversees the competency work being conducted at the high school, including setting goals each year. This year’s goal is that all departments will have common quality performance assessments (QPAs) and rubrics for all department competencies in all courses.

The high school continues to build capacity around CBE by sending staff to workshops and trainings. This includes six teachers who are participating in the state’s performance assessment development for PACE. (Access the url <https://tinyurl.com/y79oz5q2> to learn more about the state’s PACE program.) KHS is a Tier 2 PACE school. This means KHS does not assess our students with the state’s performance assessments, but our six teachers are on the committee that develops these performance assessments for Tier 1 schools to use, and these six teachers are receiving additional performance assessment training. This helps us as we create our own QPAs for courses. Five teachers attended two sessions on QPA training offered by the state, and four teachers are participating in formative assessment training sponsored by the state. All of these trainings and workshops deepen our understanding of competencies and help us to incorporate best practices in teaching and learning.

At the fall Open House, parents engaged in an activity called Question Formulation Technique (QFT). Last year, five teachers attended a year-long training sponsored by PACE and NEA NH, and these five teachers led parents in the QFT process, gathering questions that parents have concerning competency-based

education (CBE) and the high school's work toward becoming a competency-based school. Students participated in QFT in their Advisories, and CCT will use these questions to create further messaging about KHS' journey to CBE.

Using the information gathered from the QPA pilot last spring, CCT finalized the rubrics for the four school-wide competencies/work-study practices. School-wide competencies/work-study practices are also referred to as habits of disposition, soft skills, or habits of mind. These represent how students approach learning; KHS' four school-wide competencies focus on collaboration, communication, problem-solving, and responsibility. The feedback from last spring's QPA pilot indicated that the school should explore a fifth competency of creativity and innovation. CCT drafted this competency and its rubric and is in the process of soliciting feedback. Next steps include determining how many times a department competency must be met in each course and how we will assess the school-wide competencies and report out on them.

Finally, the administration is looking at the research into graduate credits and giving consideration to a "differentiated diploma" approach. Currently Keene High requires 28 credits to graduate which is on the high end in NH with the law requiring 20 credits.

SAU 29 Year in Review

The Business Office saw arrivals and departures occur in 2018. Scott Lazzaro came onboard in August as Business Administrator for the town districts following the departure of Janel Swanson who moved on to her home district SAU 93. Michelle Fuller, Staff Accountant, arrived in September following the departure of Stephanie Greene who moved on to new endeavors. And the end of December, saw the retirement of long-time SAU employee, Deb Hatt (SAU 29 bookkeeper) who retired after 19 years with the SAU. The search to fill the position is ongoing.

SELECTMEN'S REPORT 2018

Another year of meetings and administrative services has passed.

As is true each year, the kinds of work that your Select Board does can be described in three general categories:

I. Preserve the Commons:

Preserve Air, Water, Land, Open Space, and Environmental Quality

II. Maintain Civil Order:

Develop and Enforce Rules and Regulations that Restrict Inconsiderate and Irresponsible behavior

III. Provide Public Services:

Provide Administrative Services, Roads, Welfare, Fire and Police Protection.

We'll organize this report of our work in 2018 using these three categories.

I. Preserving the Commons

Energy Conservation Projects Completion and Rebate

We have now completed all of the energy conservation projects that we began in 2017. We have added thermal insulation and sealed air leaks in the Brick Schoolhouse, the Library and Town hall, the Safety Building and Town Barn, and the Granite Lake Station. We choose the Newell and Crathern Company to do all of this work.

Bill Newell, of Newell and Crathern, enlisted the help of Dana Nute at Resilient Buildings Group to make applications for us for rebates on the cost of the work. These energy efficiency rebates are available from Eversource. We were surprised and extremely pleased to receive a rebate in the amount of \$16,932.53 for the work that was done on the Safety Building/ Town Barn and Library/Town Hall. This amount was equal to one half of the cost of the project. Dana Nute has recently applied for the Eversource energy efficiency rebate for our most recent work at the Granite Lake Fire Station. He has applied for a rebate in the amount of \$3,209.65 for this work.

Our Buildings Committee is presently working on the development of plans for a grid-tied solar array that will provide enough energy to light and heat all municipal buildings. We had hoped to be able to bring this project for Town approval at our Town Meeting in 2019, but have concluded that a more deliberate approach in system design development and public discussion to be appropriate. We now plan to conclude our energy studies and system design efforts in early 2019. We will share our plans with the public during 2019 and intend to bring one or more warrant articles for renewable energy projects for a vote of the Legislative Body at Town Meeting 2020.

Our proposal for reducing our Municipal Carbon Footprint is as follows:

Goals for reducing municipal fossil fuel consumption

- a. Reduce purchased non-renewable energy consumption in municipal buildings by 90% by the year 2025.
- b. Reduce consumption of fossil fuels by town vehicles by 50% by the year 2025.

Actions completed for achieving established goals

- a. Accounted for all energy presently purchased for municipal use, both buildings and vehicles.
- b. Conducted professional energy audits of all town buildings.
- c. Completed sealing and insulating all town buildings making them more energy efficient.

d. Reviewed sources of renewable energy available to the town; solar, wind, hydro. And concluded that solar PV systems are the best option.

Actions remaining to be completed

- a. Develop plans for using electric energy from solar PV systems for lighting and heating all town buildings. (To be completed during 2019.)
- b. Discuss plans for municipal buildings with the community during 2019 for legislative action in March, 2020.
- c. Study and develop best practices, during 2019, for reducing use of diesel/gasoline by town vehicles.
- d. Beginning in 2020, reduce budgeted amounts of fossil fuel available for use by municipal vehicles by 10% each year in order to achieve the goal of a 50% reduction by the year 2025.
- e. Implement strategies, including conservation and application of new technologies, allowing delivery of necessary municipal services using reduced amounts of fossil fuels.

II. Maintain Civil Order

Building Permits and Tax Exemption Application for Solar Arrays

More folks everyday are having solar arrays installed on their property. That's a great thing to do and we applaud all of you who have done so, or plan to do so. In addition to selecting a contractor and a design, please be aware that you will need to apply for a building permit for the array in order to comply with our zoning ordinances. Also you must apply to the Select Board for a property tax exemption if you do not want the assessed value of your system to be added to your property tax bill.

Building permits must be applied for and approved by the Select Board for both roof mounted and ground mounted solar arrays. For roof mounted systems, Article 5. Section 5:1 of our Zoning Ordinances requires that *"No structure shall be erected or externally altered without a building permit having been issued by the Selectmen."* Ground mounted systems are considered to be structures and as such must be located so as to comply with the *Lot Dimensions and Setback Requirements* described in Article 3 of the Ordinance. Anyone who has installed a solar system should apply for the property tax exemption for it. As you may recall, the Nelson Town Meeting voted to approve an Article allowing the Select Board to grant property tax exemptions for solar arrays. DRA regulations require that folks must apply to the Select Board for this property tax exemption in order for it to be made effective. Please also be aware that this exemption does not "follow the land" so if any change in ownership occurs then a new application must be filed with the Selectmen for approval.

III. Provide Public Services

Accomplishments in both Budget Management, and Public Works projects are worth noting.

1. Administrative Services

Tax Rate Reduction

We are pleased to report that we were able to authorize the use of \$225,000 from Fund Balance to reduce your property taxes for 2018. The resulting reduction in the Town Portion of the Tax Rate helped offset the increase in the School Portion resulting from the first mortgage payment for the new addition to the Nelson School.

2. Public Works Projects

Fire Code Compliance

As we have previously reported, we have, at the direction of the State Fire Marshal's Office (FMO), installed full coverage alarm systems, and internal and external emergency lighting for all of our town buildings; Brick Schoolhouse, Library, Town Hall, Safety Building/Town Barn, and Granite Lake Fire Station. Per the FMO requirements we have also installed fire walls and doors enclosing the Maintenance Bay at the Town Barn, fire rated windows protecting the fire escape in the East end of the Brick Schoolhouse, and safety signage related to escape routes and alarm system status.

Chief Walter is the local official who must make the final determination of the adequacy of our work. He has made an inspection of all of our buildings. We are awaiting his report at the present time.

3. New Bull Dozer for Highway Department

Mike Tarr keeps track of U.S. government advertisements for surplus construction equipment. Last Spring he found a listing for a surplus Caterpillar D6 bulldozer, owned by the Army Corp of Engineers, on Cape Cod. We entered the lottery for it and the Town of Nelson won. This dozer is in excellent condition. It had only 73 hours on the engine hour meter when we got it. The purchase price was only \$3,000. The funds came from the Special Highway Block Grant money for unfunded projects that had been previously awarded to the town.

Mike and Nick are presently using the dozer to move materials in our gravel pit in Gilsum. We all owe Mike a thank you for his initiative and success in (now two) cost saving purchases.

4. New Well

Well Water Quality Approval and the Role of the DES

We have good news regarding the commissioning of our new water well. We are pleased to report that we believe that we have resolved the quality concerns that we have had with the water from this well. It appears that we failed to adequately flush all of the tanks, pipes, and taps that provide water to the Library, Town Hall, and Town Office during our initial attempts at doing the chlorine "shock" treatment of the water from our new well, leaving traces of bacteria to remain. After doing an additional chlorine "shock" and carefully flushing all of the plumbing, the water has tested free of bacteria.

Additional good news is that the well is over 500 feet deep, produces approximately 8 gallons of water per minute, and has a static level of 20 feet below grade. Consequently there is plenty of water to meet the needs of the three buildings that it supplies. An additional advantage is that this well is on Town property. Also, we have created a layout drawing of all the water supply and drain pipes, and all other utility lines buried behind the Library, Town Hall and Brick Schoolhouse. This drawing will be very useful for future reference.

We have shared our layout drawing for the utilities and our water consumption information with the New Hampshire Department of Environmental Services. They have determined that our water usage levels cause the system to be categorized as a "Transient Non-Community Public Water System". As a result, the DES has inspected and approved the system and issued a registration number for it. Going forward, we must test water quality on a quarterly basis, 3 times per year for bacteria alone and once annually for all contaminants. Having this testing regimen in place will help us all have more confidence in the safety of the water that we are supplying to the public.

Closing Thoughts

We continue to believe that Senators Kahn and Shaheen got it exactly right when they spoke at our Nelson 250th Celebration. Nelson is revered for its beautiful hills, forests and fields, clear lakes, artistic culture and rural life. The community's enduring pride, conveyed in its town center, demonstrates its values of education, social connection and environmental stewardship. Nelson's blending of the past and present, as well as its embrace of local culture, make Nelson a wonderful place to live and a wonderful place to visit.

With your support, your Select Board and our Department Heads have worked diligently to assure that Nelson remains the wonderful place to live and the wonderful place to visit that it is today. We hope that you will agree that we have succeeded in accomplishing these goals, and that you will continue to support our work in 2019.

Town Office Staff Report

2018

Municipal files, with ever expanding documentation, continue to mount year after year. These files hold important information that may be sought at any time by property owners, realtors, septic designers, surveyors, historians, Town Boards, abutters, lawyers, and the list goes on.

The documents contained in these files tell many stories about past and present owners, how your home and property came to be as it is today, and how the Town and its various Boards functioned in the past and now. It is critical, not only for those seeking information but for the office staff, that these files remain protected from the elements and well organized at all times.

For some time the files stored in the back room at the Town Office were subjected to moisture, unsuitable temperatures and file cabinets that often could not be opened without force. This year, water leaks posed a critical threat to these files.

Quick action by the Select Board to evaluate the situation and arrange for the necessary exterior and interior repairs resulted in a file storage area that any municipality would be proud of. It is dry, well insulated and temperature controlled. New fireproof files are now offering protection to the files for years to come. Due to the room size not all files will fit but this is a great start. In addition, previously unusable space under the roof drop down now provides ample storage for septic designs, surveys, and Tax maps, all individually packaged and labeled.

I hope you will come by the Town office to see how your property files are being cared for.

Nelson Town Office – Renovated File Room

TOWN BUILDINGS COMMITTEE REPORT 2018

Committee members: David Upton, chair; Lisa Sieverts, secretary, Dave Birchenough, Earl Creasey, Sandy Mackenzie, Russ Thomas

Highlights of 2018

Energy Conservation

- Completed energy conservation remediation in the Town Barn/Safety Building and Granite Lake Fire Station.
- Received rebate from Eversource of about \$19,500, 50% of the cost of the work.

Researched Solar options to meet all municipal energy needs

- Completed inventory to understand current energy consumption of all Town Buildings
- Investigating costs to convert all Buildings to electric-based heating/cooling (air-source heat pumps)
- Investigating costs to build solar array sized to meet current and future electrical requirements.

Town Well

- The new well that was drilled in 2017 had some start-up difficulties. Working with the state of NH, it was determined that the well should be considered a transient public water system, which requires additional paperwork and quarterly testing.
- The water from the well now meets or exceeds all required standards.

Storage Ell Renovation

- The addition off the back of the Town Offices in the Old School House began leaking and investigation uncovered a number of problems. A renovation was completed using building maintenance funds. This has provided the town with more flexibility for safe storage of documents.

Town Hall Floor

- The Town Hall floor needs to be replaced, even though it is only about 23 years old.
- Prior to the Town Hall renovation in 2014, the crawl space under the floor was often wet. This caused the floorboards to cup. When the floor was sanded after the renovation, this cupping meant that many of the boards ended up too thin, so that the boards' edges broke off.
- Bids have been submitted and accepted to replace the Town Hall floor in 2019.

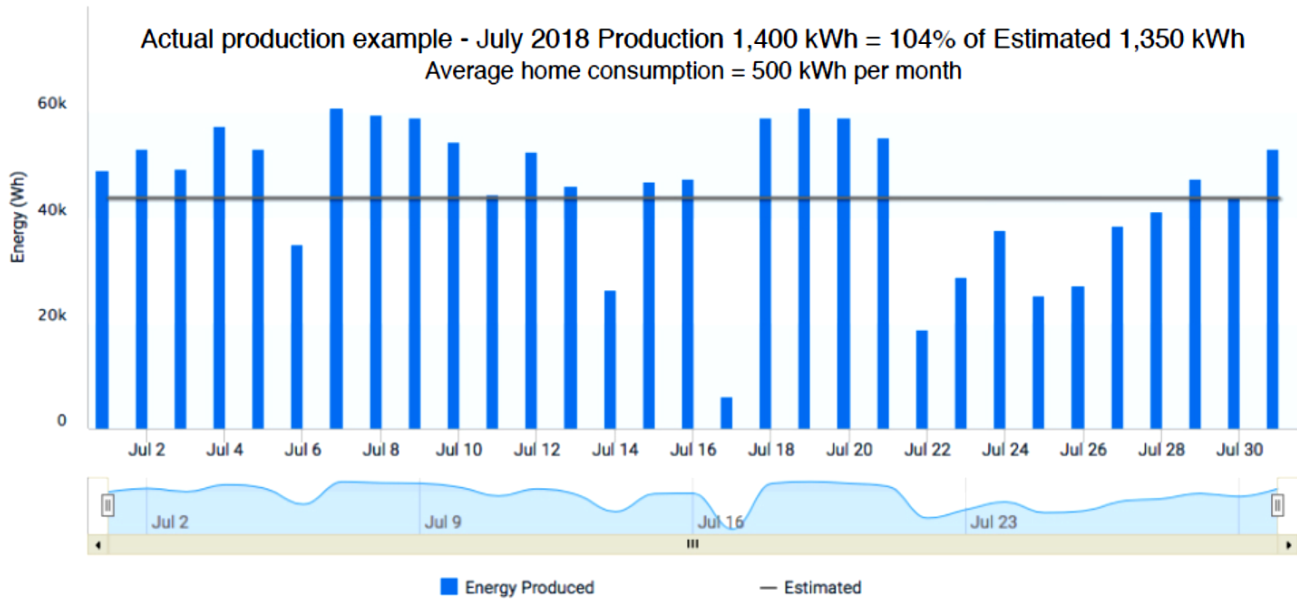

The Nelson Town Buildings Committee serves as an advisory committee to the Nelson Selectboard, focused on the Nelson Town Buildings which include:

- Town Offices (Old Brick School House)
- Town Hall
- Library (responsibility shared with the Library Trustees)
- Safety Building
- Fire Stations in Nelson and Munsonville (responsibility shared with the Fire Chief)

In that role, the Buildings Committee evaluates building issues, recommends projects, reviews bids when appropriate, and makes recommendations to the Selectboard. In addition, the Buildings Committee provides information to the town's residents regarding large and/or complex projects. This information-sharing can take the form of public meetings, web pages, mailings, and other appropriate formats.

The Buildings Committee meets approximately monthly, generally on Mondays at 6 PM in the Nelson Town Offices. Meetings are held more or less often as needed.

Nelson Library Solar Photovoltaic 2018 Summary

The solar panels on our Nelson public library were operational on July 26, 2016. During 2018, a total of 9,710 kWh of energy was produced by its 34 solar panels. Nelson’s 2018 energy savings was worth about \$2,447. At the end of 2018, our total electricity production topped 24.6 MWh and that’s worth about \$6,200 at today’s commercial electricity rate. Lifetime electricity production is about 20% less than anticipated due to the difficulty and dangerousness associated with clearing snow and ice from the panels that are immediately above the breezeway roof during harsh winter conditions.

2018 Town Clerk/Tax Collector's Report

In 2018 the Town Clerk/Tax Collector's office accomplished our required tasks and sometimes even went "over and beyond the call of duty". This was all professionally achieved while dealing with various stressful situations. Nevertheless, I have acquired additional knowledge and experience as a result. As your Town Clerk and Tax Collector I strive to do my best to meet your needs and to have my office provide excellent service at all times.

We had three elections this year: the Town Meeting, the State Primary and General election. Nine open positions were voted on at the town meeting. The school District had 1 open position to fill. In total, 92 ballots with 8 absentee ballots were cast at the Town Election, a substantial decrease from last year, which is probably explained by once again having a snow storm on the 2nd Tuesday of March. In September, I had knee surgery and was unable to work at the primary. I relied heavily on my Deputy Karen Castelli to make sure that the day of election was run smoothly. The Primary Election held on Sept 11th had 195 cast ballots with 19 absentee ballots. The General Election held on Nov 6th had 364 cast ballots with 43 absentee ballots. We currently have 535 registered voters. Elections in this town could not happen so efficiently without the assistance of many people. The moderator, Lew Derby is a real team player and a delight to work with. I'd like to also thank Wayne Fulton, our able custodian who converts the Town Hall into a Polling Station for each election. As always, I depend greatly on a trusted group of wonderful election workers who always contribute to the smooth running of an election. I'd like to extend my many thanks to all of you. If anyone is interest in joining this fun group just let me know.

The Nelson Town Clerk's office registered 1088 vehicles and 29 boats, licensed 202 dogs, recorded 4 marriages, 3 births, and 10 deaths. We also sold 2 cemetery lots. We researched and issued certified copies of vital records and notarized documents as needed. These transactions, along with miscellaneous items, resulted in revenue to the town of \$132,926.

New Hampshire law states that all dogs must be registered by April 30th of each year. Last year we sent out early reminder post cards to all dog owners, we found that this helped in getting your dogs registered in a timely manner. Dogs can be registered either by coming into the office or by mail. The dog application for a license is on our town web site. After extensive research with our dog database I have come up with the following stats: the most popular dog names are Charlie and Max; the most exotic name is Shanti Claire; the most popular breeds are Golden Retriever and Labrador Retriever and the rarest breed was an Entlebucher. As you can see we enjoy registering dogs; however the task can be daunting when we have to deal with the penalties that we have to collect for unregistered dogs in July. The property tax rate for 2018 was 18.26 per thousand dollars of assessed value. The amount of liens executed this year was a decrease from the two previous years.

	<u>2018</u>	<u>2017</u>	<u>2016</u>
Liens executed:	\$54,756	\$69,621	\$61,876

To keep current with new laws and changes in procedures and duties, Karen and I attend various workshops and trainings. For the first time in my tenure, I was unable to attend the two conferences that are held in North Conway because of my mobility issues. Karen attended for me and was very good at sharing all that she learned. Another great asset to this office is the Town Treasurer; John Shea who has served this town for many years, his pleasant and helpful manner has always been appreciated. I'd like to express again my gratitude to the residents of Nelson for their support and courtesy shown to this office. We look forward to seeing you in 2019.

2018 NELSON TOWN ARCHIVES REPORT

Material in the archives and new donations continue to be indexed and described to make it more available for genealogical and historical inquiries from both town residents and visitors doing family research.

This year another function of the duties of the Nelson Town Archivist was added to that described above. The History Calendar Committee voted to establish a Nelson History Fund to support history related projects with the funds remaining from the calendar project. With the approval of the Selectmen, the agent for expending money from this fund will be the Nelson Town Archivist. In addition, a new committee known as the Nelson History Committee replacing the Calendar Committee and functioning apart from the Nelson Town Archives, was established.

We always welcome new additions to the Archives and give our thanks to Maury Collins and Allen Coffin who found us on the internet and sent a copy of "Names and Services".

2018 REPORT OF THE TRUSTEES OF TRUST FUNDS

The Town's continued participation in the New Hampshire Public Deposit Investment Pool (NH-PDIP) provided stable investment returns during 2018.

The NH-PDIP combines trust funds from all member Towns state wide into a conservatively-invested portfolio which provides the security required by state law. Interest earnings on the Town's trust funds invested at NH-PDIP totaled \$14,718.55 in 2018.

Voters at Town Meeting approved a total of \$90,000 in new contributions to existing trust funds in 2018. In addition, voters at the annual school district meeting approved \$60,000 in new contributions to the two trust funds related to school purposes.

The \$145,000 matching grant received in 2017 from the New Hampshire Land and Water Conservation Fund to reimburse 50% of the Town's purchase of 580 acres from the Harris Center had to be transferred out of the Conservation Commission trust fund due to a technical issue with the 2016 warrant article creating that fund. The warrant article did not include the exact dollar amount of the anticipated grant, since the appraisal and purchase price of the land had not been finalized as of Town Meeting. The grant funds were moved into a Town bank account controlled by the Conservation Commission pending a revised warrant article to be voted at 2019 Town Meeting, which will authorize transferring the grant funds back to the trust fund.

The Trustees would like to remind potential donors about the provision in the Trust Fund Investment Policy which authorizes private donations in the form of securities to fund special Town purposes. This option provides flexibility and potential tax advantages to individuals wishing to sponsor or support worthy Town projects.

Any residents who would like further information on Nelson's Trust Funds or investment policy are invited to contact one of the Trustees, or to attend one of our posted public meetings.

2018 REPORT OF THE NELSON CEMETERY BOARD

The Nelson Cemetery Board achieved a long-sought goal in 2018 – full membership! For reasons beyond their control, some of our past members had to resign their positions. As a result, it was difficult to have a quorum for our monthly meetings. I am happy to announce that Linda Cates and Al Stoops joined the board, so with members Harry Flanagan, Marty French and I, we are at full strength.

Michael Shawver continues to do superlative work maintaining our cemeteries, despite the soggy spring weather. Our annual Memorial Day service was beautiful with Cub Scouts from Pack 530 planting geraniums before the graves of all Nelson and Munsonville veterans. Many thanks to the Keene Home Depot, who donated the flowers.

As the “new” Nelson cemetery fills up, the Cemetery Board has begun to address the issue of expanding into the five acre field that was donated by the late Henry Fuller, located across the street from the existing cemetery. The property has already been surveyed, and our predecessors solicited ideas for the cemetery layout, but much needs to be done. We are also talking to other cemetery boards in the area for ideas. We welcome your input.

Many of the items on our 2017 “to do” list still need to be completed, but after discussing the items with the Select Board, we concluded that some of these items can be done in concert with the Town, rather than on our own. Such items include tree trimming and putting gravel on the road that meanders through the Nelson cemeteries.

The Cemetery Board was disappointed that Peterborough Marble and Granite did not repair any headstones in 2018, explaining that they “ran out of time.” After discussing the problem at length, we decided to give them one year to improve, but we will ask the Town for less money for the work in 2019. One member volunteered to keep close tabs on them in 2019 so that the work is done in a timely fashion.

Come spring, the Cemetery Board members will be back up in the Nelson cemeteries cleaning headstones. We use a pH-neutral product called D-2 that is used by professionals and will not harm the headstones. We will announce the cleaning days in advance so anyone interested in helping can do so.

For Nelson residents who want to know more about the sad, but necessary process of burying loved ones, the Cemetery Board has prepared a booklet that is available in the town clerk’s office. Anyone interested in purchasing a cemetery plot should contact either me or Julia Lennon, the town clerk; Julia records the plot purchase and completes the deed.

The Nelson Cemetery Board meets monthly on the third Tuesday of the month at 6:00 pm in the Nelson Library conference room. Guests are welcome. If you have any questions about the cemeteries, please feel free to contact Elaine Giacomo at 847-9019.

2018 REPORT OF THE CONSERVATION COMMISSION

Dave Patek retired from the Commission at the end of his three-year term and the selectmen appointed Rob Germeroth to take his place. We will miss Dave's hard work and wisdom. Kathy Schilemat relinquished the chair of our commission. We have appreciated her leadership over the years. At year end the members were Rick Church, Chair; Tom Newcombe, secretary; Kathy Schillemat; Rob Germeroth, and Gary Robinson, selectmen's representative. We are joined by hard working alternate members: Anne McBride, Rebecca DiGirolomo and Zach Peary.

We recommended grants of \$2,000 each to the Nubanusett Lake Association and the Granite Lake Association in partial support of their Lake Host Programs. These programs check boats entering and leaving our lakes for invasive plants. At our recommendation the selectmen withdrew money from the Milfoil Prevention Expendable Trust Fund for this purpose. The Granite Lake program saw 460 paid and 480 volunteer hours inspecting 744 boats and mailing 4 samples of weeds in for further inspection. (They turned out to be non-invasive.)

Work continued on Partridge Woods, the 580 acres of property on Osgood and Hurd Hills acquired in partnership with the Harris Center for Conservation Education. The Commission hired the firm of Meadowsend Consulting to work with us to create a forest management to inform the development of the property for the use of the public. That work will begin in March of 2019. We hired the Town of Nelson Highway Department to construct parking lots to facilitate public access off Brickyard Road and Homestead Lane. The Commission reimbursed the department \$17,120.06 for time and materials. The work included improvements to Homestead Lane as far as the parking lot to facilitate access. It included water management work that should keep material from washing into Old Stoddard as it as in the past, saving the town money. We installed a kiosk at each parking lot. These will be used to display maps and provide other use information as we develop and map roads and trails for public use. Rob Germeroth designed and assembled the kiosks which were beautifully manufactured by Bill Dunn. Total for two kiosks: \$551 for materials. During the year we received a partial reimbursement for the project from the Land and Water Conservation Fund in the amount of \$145,000. While Rob and I were erecting the kiosk at Brickyard Road, we had a visit from a male partridge that came within a few feet of us as we worked.

2018 REPORT OF THE NELSON POLICE DEPARTMENT

During the year of 2018, your local police force has taken a pro-active stance at keeping the town of Nelson and our local residents safe. Perhaps you have noticed an increase in designated patrols throughout town. We have made it a priority to focus on traffic control, not only during events such as Old Home Day but also performing speed enforcement during opening and closing school times in an effort to protect the safety of our younger residents. We have also focused on other target areas throughout town based on complaints and commute times. Officer Kassotis has been an active liaison at the Nelson School not only with the staff but interacting on a regular basis with the students. He has attended safety meetings with state officials at school and at the SAU level and assisted with the Volunteer Program by fingerprinting the volunteers.

We are also working very closely with the Share the Roads Committee for walkers, joggers & bikers. Nelson has miles and miles of scenic roadways. Why not provide a safe and welcoming environment for all to enjoy? We encourage you to get outside and become active!

As 2018 comes to a close, we continue to ask you to remain vigilant in being aware of your surroundings. If you notice something that “just doesn’t seem right” don’t be afraid to call upon us. As always, we are here to serve and protect you.

Respectfully yours,
Chief Richard Pratt, Jr.
Officer Wayne Kassotis

TOWN OF NELSON ROAD AGENT REPORT 2018

For many of us, the 2017 – 2018 winter felt to be one that was long and drawn out. With the bitter cold starting as early as December and an active weather pattern going through February, March and into April, winter felt like it was never ending. For a second year in a row, winter ran into our spring months and road grading and other road maintenance was late to start.

As planned for every two years, 2018 was the year to process raw materials from the Gilsum gravel Pit. An outside company was hired to do this in June. With this done, the Highway Department was able to easily haul and stockpile these materials in our usual manner. Throughout the summer major work was being done on the Henderson Road. The first phase being in 2018 with full depth reclamation being done along with drainage work to include installing new culverts. The second phase which includes graveling and paving will be concluded in 2019.

In June, the Town was able to acquire a D7 Cat bulldozer that had only 71 hours of use from the Federal Surplus. With the cost being only \$2,900, to include trucking, this purchase has already paid for itself. This piece of equipment was found to be invaluable for the excavating of material at the gravel pit while the raw materials were being processed. In the future, this bulldozer will also be used for reclamation and additional excavation work throughout the Town and at the pit.

Although we experienced a dry summer, the fall months were extremely wet. The first few weeks in December were colder than normal making the roads and ground freeze early. Just before the Holidays we saw temperatures warm up along with more rain. All of this was the perfect recipe for a second mud season taking place in December.

As always, thanks go out to Nick Barrett for his many hours of hard work this past year.

The Highway Department does appreciate updates on road conditions in your area. The Road Crew will respond to any problems in a timely manner using the tools and materials made available to us.

**Respectfully submitted by Mike Tarr,
Nelson Road Agent**

2018 REPORT OF THE PLANNING BOARD

In 2018 the Planning Board unanimously agreed to add Mark Levine to fill the vacancy on the board. After the elections of March 2018 failed to replace Duane Schillemat, whose term had expired, we continued at the reduced number until Andrew Bedard was voted onto the board in December. Mary Cornog was officially elected Chair in April.

In February we discussed the question of whether or not new, specific regulations were needed for installation of solar panels, both rooftop and ground. After careful review we determined that current zoning ordinances (5:1) were adequate so voted to make no changes at this time.

In April we took up a concern that the town lacked sufficient protection from subdivision of large tracts of land and their subsequent development. After careful consideration the board agreed that our existing Master Plan, Subdivision Ordinances, and Zoning Ordinances give adequate means for insuring that any subdivision would be properly regulated.

In June we approved a boundary line adjustment between two lots owned by a single family. In a separately convened public meeting with the Nelson School District we accepted a boundary line adjustment to annex .21 acres from Map& lot 009-017-002 to Map & Lot 009-067-000 belonging to Nelson School District. However, we then undertook consideration of ownership of land on which Nelson Elementary School stands, and voted to reconsider acceptance of the adjustment pending completion of title search to define ownership of land. We voted to table the adjustment. This matter was not concluded by the end of 2018.

The Public hearing was then closed and we considered and voted to table a request for voluntary merger pending question on the need for a waiver of municipal liability. Upon signing of waiver, approval of voluntary merger was subsequently granted.

Respectfully submitted,
Mary W. Cornog, Chair

2018 REPORT OF THE ZONING BOARD OF ADJUSTMENT

2018 was a very busy year for the Zoning Board. There were seven variances brought before the board. Six variances were granted and one was denied. Activity has been up for the past 2 years and I see it continuing into 2019.

The Board was staffed with 5 members. John Cucchi and I were re-elected to the Board at last town meeting as well electing a new member Bill Dunn. John relinquished his chair position and I was elected chair in March. There is one - 3 year term expiring this year and we are looking for an alternate as well. The ZBA encourages anyone with interest to consider running for a position as we really need a full board to successfully meet the needs of the residents of the town. The board does not meet every month, only as needed, so the commitment is not as time consuming as many of the boards which are required to meet each month.

The board meets the first Monday of the month at 7pm in the Town Office meeting room. Hearings may be scheduled on different Mondays in order to meet state requirements regarding the allotted time between filing and being heard. These meetings/hearings are open to the public. If you wish to be included on the Zoning Board agenda please contact the Zoning Board clerk.

Respectfully submitted,
Dennis Dellagreca, Chair

2018 REPORT OF NELSON AGRICULTURAL COMMISSION

Your Agricultural Commission is working hard to promote agriculture in Nelson and assist residents who wish to learn how to raise their own food.

Looking back on 2018 we have had the following events:

- Our Winter/Spring lecture series was well attended and covered the following topics. Making acorn flour with Beth Draper & Rob Germeroth, Mayfair Farm Behind the scenes with Craig Thompson, Protect your garden and livestock, fencing options with Tiger Batchelder, Pruning apple trees with Ted Lenk and a soil workshop with Mary Ellen Cannon, USDA NRCS Soil Conservationist and building Hugelkultur piles with Brandon Hathaway.
- This year's Old Home Day display focused on the Winter/Spring lectures, complete with a miniature hugelkulture, grinding acorns and sampling acorn chocolate chip cookies.
- The Farmers Market in September was a joint venture with the Nelson School PTO. There was a smaller attendance, but an enthusiastic group. Rich Popovic provided music and had the youth up and dancing. The PTO supplied a BBQ.

Looking into 2019, we will be continuing the Winter/Spring lecture series and the ever popular Colonial inspired Kitchen Garden.

We are actively seeking out Cheshire county residents wishing to share their knowledge with the community.

We meet the first Wednesday of every month in the Library basement.

2018 Emergency Management Report

The past year has been a busy one for the Emergency Management Department. Our biggest project was the update of the Nelson Hazard Mitigation Plan which must be accomplished every five years. This required multiple meetings with our Southwest Region Planning Commission Representative and all town departments. This project was funded by a FEMA grant and “in-Kind” match from the Town. Attendee participation is assigned a dollar value to meet the Town’s match. Hazards were identified and ranked by probability of occurrence and damage potential.

Discussion then centered on what the towns response would be and what support or coordination was necessary between the various departments. As a result of these discussions the Hazard Mitigation Plan was updated and is current for the next five years. These discussions also highlighted the importance having the support of certain town officials to the success of any planned town response. As a result it was decided to issue Emergency Management clothing items to them by way of recognition and to identify them on scene to first responders who may not be from our town.

We would like to thank the members of the Fire Department, the Rescue Squad, the Police Department and the Road Agent and Assistant Road Agent for their continuing cooperation. We also thank the Administrative Assistant and the Select Board for their support.

Respectfully Submitted;
Dennis Dellagrecia
Nelson Emergency Management Director

Fire Department Report for 2018

A huge thank you to the men and women of the Nelson Fire and Rescue Department for all the time they sacrifice not only going to rescue calls, but participating in training, work details and volunteering at community events. They give up family time, personal time and time away from their paying jobs. Thanks also to the families of these volunteers for their support and understanding. I would also like to throughout a big thank you to all the past chiefs.

This is my second full year as Chief and boy is my hat off to the past chiefs. We have endured some ups and downs this year for sure as you will see in the roster. In all my years this seems to come in cycles with our rescue personnel. We have gone from 5 rescue to 1 so If you yourself or if you know of anyone that would be interested in the Nelson Fire & Rescue please have them contact us. We currently have two members taking the EMT Class.

- The Nelson Fire and rescue department responded to 76 calls in 2018.
- Regular monthly member meetings were held.
- We currently have two new members Attending a EMT Class.
- We were donated eight air pack's that with minimal cost have been through there test and are currently in service.
- Nelson fire and Rescue member's participated in Fire prevention training at the Nelson School.
- Joint rescue training sessions were held monthly with Harrisville, Sullivan, and Nelson. These trainings receive CEC credit that is required for Nelson Rescue to maintain our license to operate our rescue.
- Joint town training for firefighters is also planned. Joint training ensures that all towns know each other and work together efficiently when called to a multiple response scene.
- Rescue personnel set up a station at old home day to perform vitals checks for all citizens and to support the races of the day.
- 3 Tanker 1 did not pass its annual pump test. There will be an article on this year's warrant to replace this 32 year old truck

We the Nelson Fire and Rescue have had a very trying year in the fact that we have lost some very outstanding volunteer's this year. I would like to invite you all if you see any of these individuals to thank them for their years of dedicated service. Ben Mullett , Lynn Mullett , Carol Raynor, Roberta Gline and Maureen Lord.

To see if the Village District will vote to raise and appropriate the sum of \$10,000.00 to be added to the *Dam Capital Reserve Fund for dam maintenance/ repair/ replacement established in 2008*. Commissioners recommended.

We have about \$58,000. in reserve now.

A motion to approve was appropriately made and seconded. vote was affirmative.

Article 3. General operating expenses

To see if the Village District will vote to raise and appropriate the sum of \$3000.00 for Village District expenses. This article does not include appropriations contained in special or individual articles addressed separately.

A motion to approve was appropriately made and seconded. vote was affirmative.

Article 4. Insurance

To see if the District will vote to raise and appropriate the sum of \$800.00 to pay for liability insurance for the District.

Barbara Ropiecki, former treasurer, mentioned that the amount went down \$30. from last year.

A motion to approve was appropriately made and seconded. vote was affirmative.

Article 5. Gate upgrades

To see if the District will vote to raise and appropriate \$1500.00 for gate upgrades.

Sally Ripley described how going out on the metal planks to use the come-along to raise the gate was dangerous in bad weather now that we cannot raise and lower the boards as we were used to doing. We would like to install a wheel type mechanism.

A motion to approve was appropriately made and seconded. vote was affirmative.

Article 6. Next annual meeting date

To see if the Village District will vote to hold its next annual meeting April 13, 2019 at 9 a.m. at the Chapel-by-the-Lake in Munsonville, NH
A motion to approve was appropriately made and seconded. vote was affirmative.

Article 7. Appoint agents to CRF or ETF

To see if the Village District will vote to appoint the commissioners of the Granite Lake Village District as agents to expend from the *Dam Capital Reserve Fund established in December 2008*.

Sally Ripley described the need to be able to pay for repairs required by the state at any time it requires. The state has been inspecting all dams due to recent heavy flooding rains; we have been raised to a high risk dam, partly due to the house below the dam and above the swamp. Also should the water go over the boards the water will top Granite Lake Rd. Also we have some minor repairs to make and a new engineer to find. A motion to approve was appropriately made and seconded. vote was affirmative.

A motion was made to adjourn and was approved. 9:15 a.m.

Respectfully submitted

Sally Ripley, clerk

SHARING OUR ROADS IN NELSON

Our town roads are more than a means of simply getting from one place to another; they also provide the important links within the community that make our town whole. As a courtesy to the many people who walk, run, bicycle, drive, ride horseback, visit, parade, provide maintenance, perform rescue, or otherwise use the roads within our town, we remind everyone that in Nelson we SHARE OUR ROADS. Please observe this and respect everyone's equal right and responsibility to use our roads sensibly and safely.

—Nelson Share the Roads Committee
Chair Mary Cornog

Here are some common-sense tips and safety advice to follow.

Driving on Our Roads

- Obey posted speed limits on all roads, noting lower limits in congested areas.
- Stay on the right side of the road and maintain a safe distance when following.
- Be alert to others on the road, and slow down as you give walkers, runners, bicyclists, horseback riders, and others a wide berth. And always remember to be alert for children.
- Be aware that dogs may accompany those sharing the road and may not be on leashes.
- When approaching a curve or dip/rise in the road, slow down and stay to the right.
- Be patient and pass, or let others pass, with caution, when safe to do so.
- When traveling on dirt/gravel roads, be aware that dust and small rocks may be flung up by your wheels.
- Don't trust GPS navigation in Nelson. "Shortest route" may lead you down what locals would call a logging road, and many roads won't show up at all.

Walking/Running on Our Roads

- Wear bright, reflective clothing, and add blinking lights when it is dark.
- Walk/run against traffic where safe, along the side of the road. Stay as far to the side as possible.
- Always look for an escape route. If a car for some reason gets too close to you, it's good to know where to go.
- When walking/running in a group, move along no more than two abreast on the left side of the road.

- When walking/running with a dog, make sure it is under control at all times.
- Try to make eye contact with a driver coming by you so you are sure he/she knows you are there.

If you rent out property, especially short term in the summer, please pass this information along to your tenants.

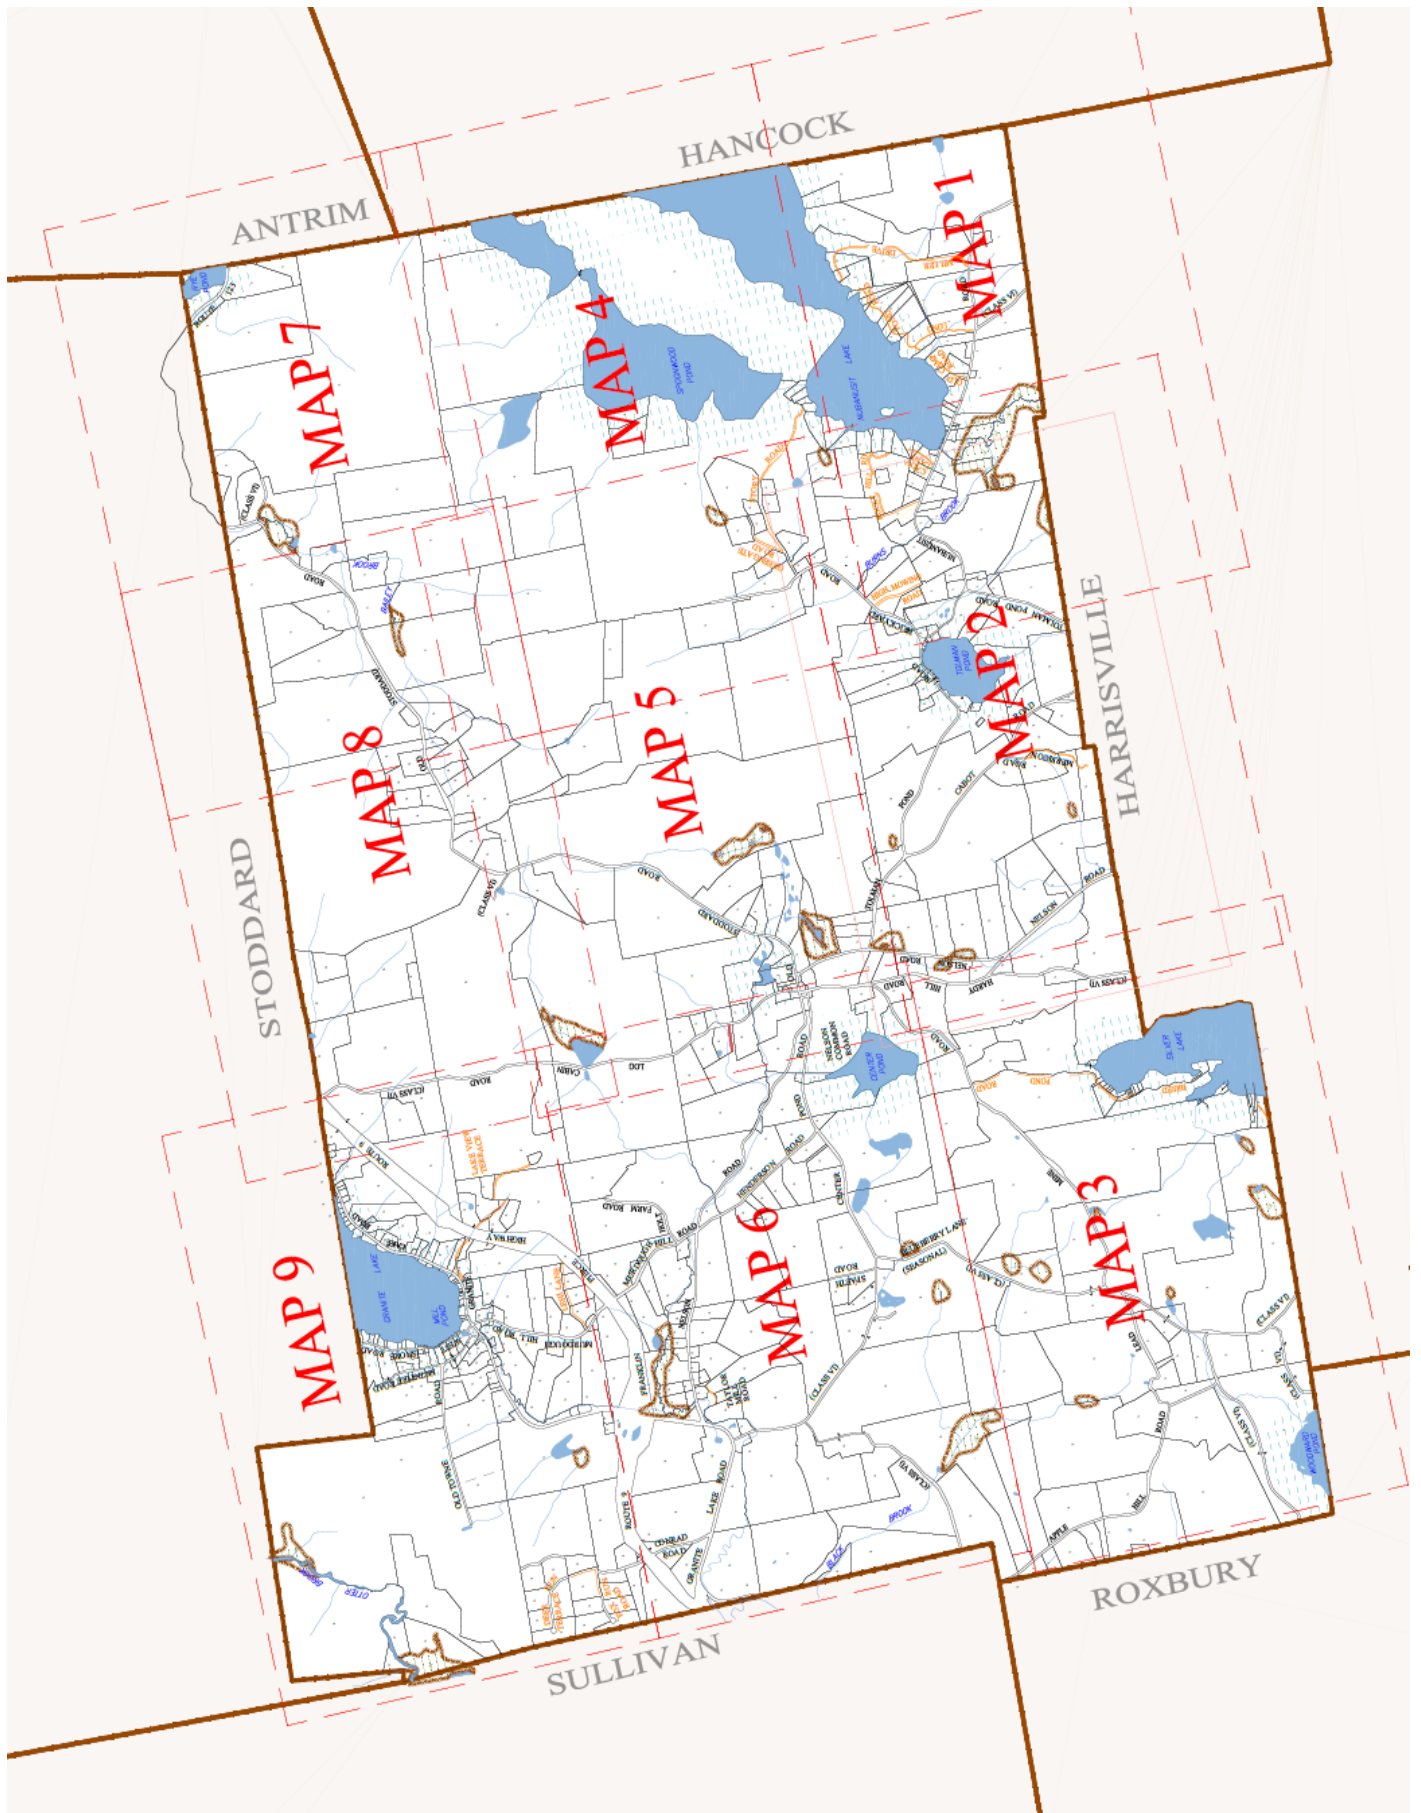

Cycling/Riding on Our Roads

- Always wear a helmet and bright clothing. Wear reflective clothing and use blinking lights when it's dark.
- Ride on the right side of the road, with the traffic, staying as far to the right as possible.
- Watch for oncoming cars that may pull onto the right side of the road to pass a slower vehicle or something else on their side. The driver may not have checked for cyclists or riders on your side.
- Check behind you constantly, making a habit of looking over your shoulder before every intersection, fork, or driveway.
- Be aware that riding toward the sun makes it difficult for drivers to see you as they come up from behind into the sun themselves.

Remember that even though you may be eager to 'get home' or 'get back to the lake' to the comfort and safety of your own home you may be driving by someone else's home, where the same refuge is sought, to get there. Please respect the comfort and safety of all our roadside homes.
