ANNOUNCEMENTS

Research Communications Academy
Improve how you communicate the power and impact of your scholarship with broad audiences with UNH’s fourth annual Research Communications Academy, now accepting cohort member applications. Open to UNH faculty, graduate students (master’s and Ph.D.), postdoctoral researchers and research staff from all schools, colleges, institutes and disciplines. Apply here by November 15.
Open October
Follow the @unhlibrary on Twitter and Instagram all month to learn more about open access publishing options and tools. The library can help you make your scholarship open access, even if you’ve already published in a subscription journal. For more information click here or contact us.

Broadening Participation in Research Workshop Series
On Nov. 9, the next session of the Broadening Participation in Research workshop series will focus on expanding the reach of your work through engagement with the broader community. Partners from UNH Extension, UNH student organizations, and the grad school will discuss opportunities to reach diverse groups of current and potential future students as well as ways to further disseminate the results of your research to a broader audience. Register for the November 9 (12:40-2 p.m. on Zoom) workshop here.

The Broadening Participation through Mentoring workshop was rescheduled to December 2, 12:40-2 p.m.; register here. Slides from the September 14 Broadening Participation in Research: Introduction session are here.

Laboratory Door Caution Signs
PIs and lab owners are encouraged to review the laboratory door caution signs posted at their labs to verify the accuracy of the emergency contact info. Please request updates and changes through the signs module in UNHCEMS or by emailing Karrie.Myer@unh.edu.

Communications Resources
Need a logo? A great photo of T Hall? Some training in communicating the power of your research? This new website collects a range of research and outreach communications resources.

Workshop Resources
Slides and resources from past research development programs are available here. Slides and resources from previous UNH Collaborative Research Excellence (CoRE) workshops are here.

FUNDING OPPORTUNITIES AND RESOURCES

COVID-19 Funding and Research Resources
See COVID-19 Funding Opportunities, Research Priorities, and Resources and the Quick Guide - Resources Supporting COVID-19 Research.

Limited Submission Programs to Act on Now
Because some sponsors limit the number of applications from an institution, please contact Mark Milutinovich as soon as possible if you are interested in applying to any of the following. Be sure to watch for our email at the start of each month for a more comprehensive list or check current LSP Deadlines.

**UPCOMING EVENTS**

**Conducting Research Involving College Students**
Tuesday, October 26, 12:40 - 2 p.m.
Virtual
This session will provide a high-level overview of pertinent laws and regulations affecting this population, identify issues that frequently arise when conducting research involving students at UNH and provide strategies for addressing such issues in an application to the UNH Institutional Review Board. Register [here](#).

**FY22 CoRE Kick-off Event**
Thursday, October 28, 3 - 4:30 p.m. *(rescheduled from October 14)*
Virtual
Awardees of the FY22 UNH Collaborative Research Excellence (CoRE) initiative will share information about their projects. The approximately hour-long event is open to CoRE team members (internal and external) and the entire UNH community. Please register to receive a Zoom link. To learn more about CoRE, see previously funded projects, access collaboration resources, and more: [https://mypages.unh.edu/core](https://mypages.unh.edu/core)

**NIH Fall 2021 NIH Virtual Seminar on Program Funding and Grants Administration**
November 1-4, 2021
Virtual
This event is designed to demystify the NIH grant application, review, award, and post-award processes and policies. In addition to the presentations (live sessions, as well as an on-demand video library), there are opportunities to connect with NIH/HHS staff, take part in discussions, and access a broad range of resources. The target audience for this event is those who are new to working with the NIH grants process as an investigator or administrator. [Details and free registration](#).
DoE Office of Science Open Call Information Session
Tuesday, November 2, 2:30-4:00 p.m.
Virtual
The Department of Energy (DoE), the nation’s largest federal sponsor of basic research in the physical sciences, hosts an information session highlighting its priority research topics for FY22 and how to apply to its annual “open call” for applications on a variety of topics. Register to attend or request materials [here](#).

Collaborative Research and Scholarship: Managing Differences for Success
Thursday, November 4, 2:10-3:30 p.m.
Virtual
In the second of this two-part workshop, panelists will highlight successes and issues presented by teams/collaborations that involve different types of partners such as international, business/industry, government, community, other institutions and members of differing academic rank. The panelists will also discuss their approaches and practical solutions to promote effectively functioning teams/groups. Learn more and register [here](#).

Funding Scenarios & Search Strategies for Early Career Researchers and Scholars
Thursday, November 18, 1 - 2:30 p.m.
Virtual
This seminar discusses funding scenarios for moving toward independence as a scholar and provides an overview of strategies and resources for taking advantage of the special funding opportunities offered to early-career researchers and scholars by federal agencies, not-for-profits, professional societies, and other external sponsors. Tools and assistance provided by the Office of Research and Large Center Development will be highlighted as well. Please [register](#) to receive Zoom link and/or request session materials.

GOOD NEWS

Despite the challenges of the pandemic, UNH researchers secured a record $260 million in funding in FY21. Fourteen research teams have received FY22 CoRE funding for interdisciplinary projects. The U.S. Coast Guard honored [staff from Shoals Marine Lab](#) for a life-saving ocean rescue. UNH’s Institute for Health Policy and Practice is a partner in a [major grant](#) that will help rural health care providers and communities address the impacts of COVID0-19. Catch up with the latest research from Paul College faculty in the [2021 Paul Perspectives](#). Research from the lab of assistant professor of nutrition Sherman Bigornia found [surprising connections](#) between cognitive function and dietary fats. See what assistant professor of natural resources and the environment Remington Moll caught recently in a [camera trap](#). Read more UNH research news [here](#), and please send research news — high-impact results, new grants, awards, compelling [photos and images](#) and more — to [Beth Potier](#).
