AUDITORS REPORT

January 17, 1959

We have carefully examined the accounts of the Selectmen, Treasurer, Clerk, Tax Collector, Road Agents, Trustees of Trust Funds and Library Trustees for the year ending December 31st, 1958, and find them to be correctly cast and properly vouched with the following exceptions; Error in Treasurer's account of .01. This should be added to the Book balance to equal the Bank statement balance. Due the Collector \$1.23 on 1957 Tax Levy by overpayment. Due the Collector \$3.45 on 1956 Redeemed Land Account by overpayment.

REPORT OF PLANNING BOARD FOR 1958

Much of the Board deliberations were concerned with the existing conditions of roads, bridges, sanitary aspect and welfare of our town, with a view to the betterment of our future.

We are gratified with the installation of the new telephone system for which your Selectmen, together with the Planning Board, bent their energetic efforts to accomplish the desired results.

The long term road program and the successful functioning of our Zoning and Building Ordinance are progressing apace, and in general we are pleased with the friendly and helpful cooperation our town folks afford us.

Thus do we feel encouraged to continue our labors for the good of all.

Respectfully submitted,

D. L. Shepard

SANDOWN SCHOOL DISTRICT SCHOOL WARRANT THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Sandown, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the sixth day of March, 1959, at eight o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the District will vote to hereafter use a check list for the election of officers, beginning with the 1960 Annual Meeting, and will adopt as it's School Check List the Town Check List, as provided in R. S. A. 197: 12A as inserted by Laws of 1957, Chapter 57.

Town of Sandown

10. To transact any other business that may legally come before this meeting.

Given under our hands at said Sandown this 22nd day of January, 1959.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Sandown:

Many parents have asked how homework fits into the educational picture of Sandown. Although there are many people who denounce all home assignments and will continue to denounce them, home study has had and continues to have a traditional place in our American educational system. Though it may change form from time to time and from generation to generation, it seems likely that some form of home study will be maintained. Most school systems throughout the country continue to give home assignments in one form or another.

When homework is assigned, it is important for the teacher to check upon this work, to see that it is actually accomplished, and to note that something is achieved thereby. Regardless of whether it be a home study assignment or a classroom assignment, the assignment made by the teacher must be called for by him. Little or no desirable learning is achieved when teachers make assignments and then rarely hold students responsible for them.

The amount of time that a child is expected to spend in home study varies greatly in different localities. In Sandown, I believe that a maximum should not exceed two hours in the upper grades, and one hour in the intermediate grades. None shall be given in the primary grades.

When homework involves writing or study, it is highly important that the child have a definite place to do it. He certainly will not get much accomplished if home assignment must be made in the family living room with other people either televiewing, listening to the radio, or carrying on different types of conversation.

Once the child realizes that homework is his own responsibility, it will be wiser for the parents to allow him to arrange the time he wishes to provide for it, and then observe whether he holds to the time agreed upon. If the child learns to budget his time, he will see to it that the home study is not neglected.

When work is assigned to be written it is of the utmost importance that the child do the work himself, rather than copy it after someone else has worked it out for him. When the latter occurs, little, if any, real learning takes place. The child only learns to get others to do his work. If the child has difficulty with a certain problem or other point in the assignment, a parent might help him over a difficulty by explaining the matter to him. This is entirely different from copying out answers worked by someone else, without understanding how they were achieved.

Homework can greatly aid in the development of the child's character and personality as well as his academic achievement. Properly assigned and properly fulfilled, home study can build habits of self-reliance and responsibility and, when group assignments are made, of co-operation and working with others. Again, when the nature of the assignment is such as to permit it, a considerable amount of learning in related areas can be achieved.

Our school lunch program under the direction of Mrs. Geisser is one of which we can be proud. Mrs. Geisser is providing well balanced meals for your children. This is evidenced by the large number of children who partake of these meals.

In closing, I thank the children, Principal and teachers for their efforts in making the educational program successful. I also thank the Citizens and School Board for their part in making my task a pleasant one.

Respectfully submitted,
George P. Sullivan
Superintendent of Schools

SCHOOL NURSE'S REPORT

To the Superintendent, School Board Members, and Citizens:

The school health program of 1958-59 began with three spring preschool clinics at the Danville Town Hall. These were held in conjunction with the State Department of Health. Parents of preschool children in Sandown were given the opportunity of bringing them for physicals, various shots, and vaccination for smallpox. Attendance was good.

Eye and ear testing are nearly completed. These programs have been greatly facilitated by the up-to-date pieces of apparatus which were recently purchased by the school Union.

Opportunities for informal health teaching were taken advantage of, and home visits were made by the nurse concerning physical defects.

Commendation is again due Mrs. Geisser for the fine lunch program which she is carrying on. Because turkey is the only meat which the Federal government is now supplying, it is becoming increasingly harder for these lunch programs to remain solvent.

Parents and teachers as usual have been most cooperative, helping to make Sandown a pleasant place in which to be school nurse-teacher.

Respectfully submitted,
Constance J. Huss, R. N.
