## WINDSOR, NEW HAMPSHIRE

From an article titled, "New Hampshire Name &  
Whence It Came"

appearing in the **Manchester Union Leader**

WINDSOR — This New Hampshire town was originally known as Campbell's Gore and appears to have taken its name from Windsor, Conn., the home of James Campbell and his son, James Campbell Jr.

The Campbells, whose name appears in the early records as Cammell, were among those who received grants in the new town of Thornton in 1768, and later migrated to the Hillsborough section, bringing with them a group of Connecticut settlers, which included the families of Chapman, Jones, Dresser, Lovejoy, Knowlton, McClintock and Atwood.

Although Windsor seemed to have prospered from its beginning through the establishment of several mills, one of its first annual town reports stated that it had "no church, no minister, no doctor, no store, no post office, no hotel, no voice in the Legislature, no paupers, no drunkards, and no troubles, with no prospect of having any."

Although one of New Hampshire's "small" towns, Windsor has shown a growth of 20 per cent in the past decade.

ELMER MUNSON HUNT.

— x — x — x — x — x —

It would have been interesting if we had the date pertaining to the article written by Mr. Hunt. However, let's refer to the Town of Windsor and its happenings in 1972.

The Town of Windsor in 1972 is still prospering. However, we have no farms, no cattle, no clothespin factory, no grist mills, no church, no minister, no doctor, no store, no post office, no hotel, no direct voice in the Legislature, no paupers, no drunkards, and no troubles, with no prospects of having any.

The town is blessed to have three juvenile camps, Holiday Trail and its companion camp, Holiday Highlands, Camp Interlocken for boys and girls, with many of its diversities in the camping world, including group camping throughout the United States and foreign countries, and Camp Wedico for boys, representing Guidance Camp, Inc.

The three juvenile camps contribute approximately fifty percent of the town's income. The remaining eighty-four

taxpayers make up the balance of the income on property taxes.

The voters of the town exercise frugality at the annual Town Meetings, realizing that every cent they appropriate must be paid for out of property taxes. As a result of this practice, the town is enjoying a very low tax rate of fifteen dollars per one thousand valuation.

We have fourteen families in residence; we have four families who continue to keep a voting residence in Windsor, although they live elsewhere. Under the State law they may exercise such a course.

Seven children attend the Hillsboro-Deering school system, the town folks were all excited when our two recent graduates from high school maintained honor grades and graduated with honors.

## State of New Hampshire

### TOWN WARRANT

To the inhabitants of the Town of Windsor in the County of Hillsborough in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Windsor on Tuesday, the 7th day of March, 1972, the Town Meeting to open at the conclusion of the School District Meeting; which is called for at 6 P.M., to act upon the following subjects.

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear reports of Auditors and Agents heretofore chosen and to pass any vote in relation thereto.

4. To see if the Town will vote to raise and appropriate \$1,600.00 for highways.

5. To see if the Town will vote to accept State Aid on its highways and raise and appropriate \$23.52 as the Town's share.

6. To see if the Town will vote to raise and appropriate \$100.00 for Police and Forest Fire expenses.

7. To see if the Town will vote to raise and appropriate \$60.00 for the upkeep of the Town House.

8. To see if the Town will vote to raise and appropriate \$30.00 for Street Lighting.

9. To see if the Town will vote to raise and appropriate \$100.00 for the upkeep of the Town Cemeteries.

10. To see if the Town will authorize the Selectmen to borrow money in anticipation of Taxes.

11. To see if the Town will authorize the Selectmen to use all or any amount of surplus to alleviate the tax rate.

12. To see if the Town will vote to raise and appropriate \$50.00 to donate to the Hillsboro Rescue Squad.

13. To see if the Town will vote to raise and appropriate

\$150.00 to be paid to the Town of Hillsboro as a token of appreciation for the use of their public sanitary receiving station, commonly referred to as the "Dump."

14. To see if the Town will vote to raise and appropriate \$1,250.00 for bridge repair at Black Pond.

15. To see if the Town will authorize the Selectmen to establish standards for new roads and present them to the Town at its next Town Meeting for approval.

16. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 1st day of February, in the year of our Lord nineteen hundred and seventy-two.

THOMAS H. HINES  
ERIC WILTON  
RONALD HOUGHTON  
SELECTMEN OF WINDSOR, N.H.

## FOREST FIRE WARDEN'S REPORT

### Lest We Forget — It Can Happen Here

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the westcoast with their dry seasons and strong dry hot winds, but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947. Nothing could stop the wind-driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a fire-brand - a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them DEAD OUT when leaving.
4. MOST IMPORTANT - instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year - 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned - 1971 season:

STATE	463 fires	160 acres
DISTRICT	106 fires	61½ acres
TOWN	0 fires	0 acres

FOREST FIRE WARDEN

## The State of New Hampshire

### Windsor School District

### SCHOOL WARRANT

To the Inhabitants of the School District in the Town of Windsor qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the seventh day of March, 1972 at six o'clock in the afternoon to act upon the following subjects:

1. To choose by non-partisan ballot the following school district officials:

- A. Moderator for the ensuing year.
- B. Clerk for the ensuing year.
- C. Treasurer for the ensuing year.
- D. A Member of the School Board for the ensuing three years.
- E. Auditor for the ensuing year.

2. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

3. To hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto.

4. To choose agents, and/or committees in relation to any subject embraced in this warrant.

5. To see if the district will vote to authorize the School Board to make application for and to accept on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire for the school year 1972-1973.

6. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the district.

7. To transact any other business that may legally come

before said meeting.

Given under our hands at said Windsor this third day of February, 1972.

## SUPERINTENDENT'S MESSAGE

There are a number of things I would like to discuss in this report to you that attest to the idea that it is our continuing desire to achieve a system of education that recognizes each child for his own worth, strives to provide for this recognition through varied methods of instruction and attempts to do so within reasonable economic bounds. Through the efforts of many people we are moving in this direction. The process of education is not an individual matter. It is one that requires a coordinated effort on the part of all members of the system wherein each one's peculiar talents can be utilized to their fullest for the benefit of the children, their school and community. Many of the programs to be discussed, although on the surface not seemingly related to the foregoing, do nevertheless have as their ultimate goal the strengthening of the system educationally as well as economically. The discussion that follows is not necessarily in any order of importance.

Accountability is becoming a byword in the economics of education. It is, perhaps, long overdue. As we approach the two million dollar mark in total budgets in Supervisory Union #24 it is becoming vital that we develop techniques whereby we know well where the educational tax dollar is going and whether or not it is reaching the goals we have set. Accountability in its strictest sense is rather sophisticated for small school districts that do not have access to the computer. Yet that is no excuse. We have begun to work with our staffs in developing their budget requests on the basis of the goals they desire to accomplish. In addition we are looking to them for evidence of long-range planning in the development of their programs and for the ways in which these programs will be evaluated. Expenditures for teaching materials are now made by a modified program format so that we may readily identify amounts of money being spent in each subject area. This will lead us to the point whereby we may begin to relate the economic factors of our program to the educational results. This is not an easy task. However, we feel it to be most vital in assisting your school board members in interpreting their budget needs and school programs to you. At the same time it will lead us down the road to greater economic efficiency. In a day when education is going to have to compete with many other vital community needs this process is of high priority.

Not simply to keep getting more dollars, but to use better what we have.

Continuing along the line of economics, a considerable amount of effort has been spent in some of our districts in trying to discover ways by which we may make better use of community resources in expanding our school programs. The rather traditional outlook that an education ought to take place solely in the school, and that it was the exclusive domain of the certified professional portrays a weak position. This is not to say that the teacher is no longer a vital person in the process, for most certainly he is and will continue to be, although the role will probably undergo some significant changes. The point to be made is that we have in all of our communities persons who have particular talents who, on a part-time, paid or unpaid basis, could enrich the variety of educational experiences that could be made available to our students. Also, as space needs become known community facilities could become a reasonable alternative to expensive building programs. Currently, this is the object of study by the Henniker and Hillsboro Districts. For the smaller districts shared use of such facilities as libraries, town halls and the like along with talented residents may be one approach to providing an educational program that would help meet the requirements of the State Elementary Standards.

Before closing out on this theme I would like to make two proposals.

1. Each community develop a Human Resources Committee whose function would be to identify those residents who possess skills and a desire to share them, and to develop ways in which these talents might be used.
2. A committee should be developed composed of representatives of municipal and school departments for the purpose of sharing information and plans relative to fulfilling community needs now and in the future and to develop methods by which the available tax dollars may be used most effectively.

And finally these things are also happening to make for a better educational opportunity for each child:

- A course in how to individualize instruction sponsored by the Unionwide curriculum project — CAPE.
- Plans are now being developed through a joint committee - school, college and community - to initiate a community services center to meet the numerous

social needs of the residents in the area served by Supervisory Union #24.

-Initiation of individualized instruction and continuous progress programs in our schools wherein each child is recognized for his individual worth and appropriate methods of instruction used to meet his particular needs. Success is emphasized rather than failure.

-An advisory committee of teachers who meet monthly with me to discuss items of concern. This represents a small beginning at developing better lines of communication between the central office and those with whom we work.

-A project designed to use in a more effective manner the skill and experience of staff members in the instructional process. Commonly referred to as Differentiated Staffing, the gist of the project is to identify the various tasks a teacher has to perform, assign specific responsibilities and roles to each person and provide the environment wherein staff members can work as a team and benefit by what each has to offer. Two pilot programs will be initiated in Hopkinton commencing in September of 1972.

Each effort described in this report manifests our sincere desire to make the educational opportunity available to your children the best we possibly can. Despite all the fancy pronouncements we find in wordy philosophies of education, it still comes down to the desire to provide at a reasonable cost a sound and up-to-date system of education. I am blessed with many fine people on my staffs and on the school boards in Union #24 who can make this happen.

With your support it will.

Respectfully submitted,

DOUGLAS BROWN
