Fred J. Shedd
[L. s.]

To the Inhabitants of the Town of Bow in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Bow on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see what sum of money the town will raise and appropriate for highways and bridges in addition to amount required by law.
4. To see if the town will vote to accept state aid on highways.
5. To see if the town will vote to raise such amounts as recommended by New Hampshire Highway Department.
6. To see if the town will vote to raise $650 for electric lighting.
7. To see if the town will raise and appropriate $54 to install three lights, from Bow Junction to Concord line at Hall Street.
8. To see if the town will raise and appropriate such sums of money as may be necessary to install street lights on Bow Bog road, from Bow Center road to Clarence J. Colby's.
9. To see what action the town will take in regard to raising and appropriating money for the purchase of tractor snowplows.
10. To see what sum of money the town will raise and appropriate for Old Home Day.
11. To see if the town will raise and appropriate $200 for control of White Pine Blister Rust.
12. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twentieth day of February, in the year of our Lord, nineteen hundred and twenty-eight.

FRANK E. COLBY,
ARThUR M. CASE,
Selectmen of Bow.

A true copy of Warrant—Attest:

FRANK E. COLBY,
ARThUR M. CASE,
Selectmen of Bow.
TOWN BUDGET.

Estimates of revenue and expenditures for ensuing year, February 1, 1928, to January 31, 1929, compared with actual revenue and expenditures for previous year, February 1, 1927, to January 31, 1928.

Source of Revenue.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the School District in the town of Bow qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 13th day of March, 1928, at 1.30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and truant officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.
9. To choose a member of the School Board for one year.
10. To see how much money the district will raise and appropriate for enlarging the Bow Center schoolhouse.
11. To see what amount of insurance the district will approve for the new schoolhouse at Bow Mills.
12. To transact any other business that may legally come before said meeting.

Given under our hands at said Bow this 18th day of February, 1928.

EMMA P. CLOUGH,
EDWIN A. COLBY,
School Board.

Salaries of district officers, $287.00
Excess salary for superintendent, 253.00
Per capita tax, $2 for each pupil, 280.00
Medical inspection, 150.00
High school tuition, 1,600.00
Amount required for elementary schools, $5 per $1,000, equalized valuation, 7,826.31

$10,396.31

REPORT OF THE STATE BOARD OF HEALTH.

The following is a report of the work done this year with the babies and preschool children under the direction of the State Board of Health, Division of Maternity, Infancy and Child Hygiene, with the aid of the ladies and people of the town.

A Child Health Conference was held, and twenty-seven (27) preschool children were examined; 16 of these were found to have defects, and 25 defects were found among these children. A number of the defects have been corrected or placed under treatment since that time. At the conference this year a number of the defects found last year had been corrected since that time.

STATE BOARD OF HEALTH.
MARY G. HURLEY.
REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens:

I herewith submit my eighth annual report of the schools of Bow for the year ending June 30, 1927.

There were maintained during the year, six schools for a school year of thirty-six weeks with no change in the teaching force.

The total school enrollment was 124 (62 boys and 62 girls), with a daily average attendance of 92.96 per cent making a gain of 1.03 from last year.

The schools were in session on an average 346.67 half-days.

LENGTH OF SCHOOL YEAR.

The minimum length of a standard school year shall be at least thirty-six weeks, 360 half-day sessions. Cities and many large towns provide schools for thirty-eight or more weeks per year.

In order that our pupils may enjoy as nearly as possible equal school opportunities with those living in cities and larger towns it behooves the School Board to so arrange the terms that the schools shall be in session on as many half-days as possible.

This may be accomplished by arranging the terms so that most of the holidays shall come in vacation. On some of the holidays, as Washington’s Birthday, Columbus Day, and Fast Day the schools may be in session and exercises arranged to commemorate the day. Parents and citizens may well be sent special invitations to visit the schools upon these days.

Another plan is to contract the teachers for 360 half-days of service in thirty-seven weeks. This plan allows for making up lost time.

Either of these plans will add greater school value without increasing school cost.

If 360 sessions are paid for, wisdom and economy call for an administration where few if any sessions are lost.

Another important factor in school administration is the
assignment of pupils to the different schools. The number of pupils and the number of grades per teacher call for serious consideration by the school authorities and citizens. It is clearly evident that when twenty-five or thirty pupils in six to eight grades are assigned to one teacher good school work cannot be accomplished. It is equally as evident that where too few pupils are assigned to a teacher the best results cannot be obtained.

In recent years roads and transportation have been so greatly improved that pupils may be assigned to schools where good conditions exist and this assignment make a financial saving for the district.

School Attendance.

Many requests come from parents and guardians to excuse their children from attending school for reasons that cannot be considered as legal, such as, want of shoes and other clothing, distance from school, a need to work in order to help support the family, and the over-age pupil who for truancy or dullness finds himself in one of the lower grades at the age of fifteen, making a plea that school work is not profitable for him.

"The New Hampshire school attendance law is very simple. All children must attend a public or an approved private school every day that the school is in session from their eighth to sixteenth birthdays, or to their fourteenth birthday if they have then completed the eighth-grade. There is no excuse except physical or mental incompetence. Neither poverty of parents nor isolation of the home may stand in the way. At least eight years of schooling is an inalienable right of New Hampshire children.

"For thirty years this law has been unchanged and has been enforced. For this purpose, each district has its own truant officer. Commonly these men are vigilant and effective. The cities are particularly well served. In the small towns often difficulties arise due to the fact that the truant officer and the negligent parent are neighbors or
relatives and an official act is likely to be regarded as a personal one."

Health.

An important factor in modern education is the care of the health of the pupils.

A school nurse has been engaged for this purpose who regularly examines the pupils for defects of eye, ear, teeth, throat, respiratory organs, and for the causes of underweight.

Dental clinics are held and defects of the teeth are recorded on a card which is carried home by the pupil. These examinations are free. The parent may employ the school dentist at a greatly reduced cost or their own dentist as they prefer.

All health cards are sent out as danger signals with no thought on the part of the school authorities of dictation but with a desire to work with the parent to safeguard the health of the child.

Excellent work was done by the school nurse, Katherine O'Donnell, R.N.

A uniform and carefully graded course of study in health and health habits was taught by each teacher.

School Activities.

The State Program of Studies for the Elementary School is well taught by the teachers.

The Junior High School Program in Mathematics, English and History is now taught in the higher grades and the other branches of the Junior High Program will be introduced as soon as conditions permit.

Standardized tests have been given during the year in all the fundamentals.

Teachers meetings have been well attended. At these meetings instructive and inspiring addresses were delivered.

The relation of teachers, superintendent and School Board is cordial and all are earnestly working for the better education of the children.
Parents and citizens are invited to visit the schools frequently.

In conclusion I express my appreciation for the cordial cooperation and assistance given to me.

Respectfully submitted,

Henry S. Roberts.
