REPORT OF THE FOREST FIRE WARDEN
AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned - 1972 season:

STATE - 410 fires, 361 acres burned
DISTRICT - 9 fires, 2.5 acres burned
TOWN - no fires

MASCOMA AREA HEALTH COUNCIL
Summary of Services for Town Reports
January 1, 1972, to December 31, 1972

Mascoma Area Health Council, founded in April of 1969, is completing its fourth year of service to the towns of Canaan, Enfield, Grafton and Orange. Two nurses, each working half time, provide full time visiting nurse service to the area.

The Council also operates monthly free Well Child Conferences for children from birth to age 6, at which any child may receive regular complete physical examinations, all immunizations, and vision and hearing tests. Under the schedule at present in effect, the child is seen by our nurses just after birth, and then at the clinics at 3, 5, 7, 9 and 12 months, at 18, 24 and 30 months, and at age 3, 4, 5 and 6 - or more frequently when justified. Parents accompany their children to these clinics; any trouble discovered is discussed with them and referred for further testing and treatment. Follow-up visits are made by the nurses. For any child who will not see a private physician, the Council provides the physical examination necessary for entrance to kindergarten or first grade. It is also under contract to supervise the health of the children in the Headstart program.

Nutritionists are also available at each clinic, to discuss and teach nutrition for child and family. These nutritionists are also available to help older people who need it, on special diets, etc.

In the summer of 1972 the Council made a start on a long hoped for dental program, and 135 children had their teeth cleaned and received fluoride treatments, and children and parents received counseling on proper dental care. Unfortunately the State of New Hampshire funds supporting this program ran out; we hope to have it again when new State budgets have been voted on.

Except for several grants from the State of New Hampshire received in its first years, the Council depends for support on the 4 towns served, each of which contributes on the basis of its population. While the Council must of necessity make a charge for its services other than the clinics, these services are available to everyone regardless of ability to pay.

At present our nurses are Mrs. Gertrude Clark of Grafton and Mrs. Toni Sadowsky of West Lebanon. During the past year they have made 1,450 visits to area residents for nursing service or health promotion, counseling and support.

The Council is governed by a volunteer board of directors elected from the 4 towns, and its medical policies and practices are supervised by a Medical Advisory Board consisting of area physicians and several volunteers.

The Council maintains its office in the Health Room at Mascoma Valley Regional High School, with its own telephone (632-7234). It is heavily dependent on, and grateful to, the Methodist Churches of Canaan and Enfield and the School, which provide space for its clinics, and to the School for its office space there. A pamphlet describing the Council and its work and service is available on request. Its monthly meetings (first Monday, 7:30 p.m. at the School) are open to the public, and visitors and volunteers are welcomed.
