John F. Simpson	Health Officer
Edward Conery	Truant Officer

The consolidation of the Brook Road and Village schools seems to be working out very satisfactorily. The transportation is good, there is a reduction in expense, and the pupils enjoy some things not always possible in a small school. It is a great advantage to have a school equipped with a piano, radio, rhythmic band instruments, and a place available for basketball. There is a stimulus to pupils in being in classes large enough to furnish some competition.

It is a fine thing that an experiment in serving hot lunches is being made. I feel sure, if it is found possible to continue this project, it will prove a benefit to the children.

The building is in excellent condition and in need of only the usual small repairs for the coming year. It would be a very great improvement if running water could be brought in, so a sink with a drinking fountain and hand washing facilities might be installed.

Respectfully submitted,

EDWARD A. JANES, Superintendent.
