TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Gymnasium in said Hampstead on Tuesday, the ninth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose all necessary School District officers for the year ensuing.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

General Government	\$13,515.00
Protection of Persons and Property	10,900.00
Health	2,660.00
Highways	17,000.00
Libraries	2,215.00
Public Welfare	3,300.00
Patriotic Purposes	450.00
Recreation	300.00
Public Service	1,750.00
Interest	647.00
Payment on Principal of Debt	2,100.00
County Tax	12,000.00
	\$66,837.00

4. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

5. To hear reports of Auditors and Committees and to act thereon.

6. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public sale acquired by the town through Tax Collector's deeds.

7. To see if the town will vote to raise and appropriate the sum of Three Thousand Nine Hundred and Seventy-One Dollars and Seventy-Three Cents (\$3,971.73), to purchase a new chassis for Engine (No. 3).

By request of Fire Engineers.

8. To see if the town will appropriate funds to provide three (3) centralized wells, for the benefit of any town citizens who find their wells exhausted by drought or otherwise — one well to be as nearly centralized as possible in Hampstead, one well in East Hampstead, one well in West Hampstead — and furnish each well with a satisfactory covered building to prevent freezing, whatever pumping system used. By request.

9. To see if the town will vote to accept State Aid Construction of Class V roads and raise and appropriate, or set aside for said purpose the sum of Two Hundred Fifty-Five Dollars and Forty Cents (\$255.40). State's Share \$1,702.67.

10. To see if the town will vote to approve the naming of the following Drives, Lanes, Roads and Streets located within the town of Hampstead, N.H.:

Park Street	From Emerson Ave. Southerly — Dead End (Emerson's Mobile Home Park)
Shore Road	From Harris Ave. to Dead End — East and West
Thomas Drive	From Ells Shore Drive to Grove Drive
Wakefield Drive	From East Shore Drive to Grove Drive
York Road	From Rte. 111 to Tewksbury Road
Planning Board.	

11. To see if the town will authorize the Planning Board to propose a Commercial and/or Industrial Zone. This would be submitted to the town at a later date for approval. We would then have three zones, A — Residential, B — Recreational, and C — Commercial and/or Industrial. Planning Board.

12. To see if the town will vote to raise and appropriate a sum of money to place four (4) street lights at Cortland Road and Russet Lane, Orchard Park, between Lot Numbers 1 and 2, 6 and 7, 19 and 20, and 42 and 43. By petition.

13. To see if the town will vote to accept the roadways known as Russet Lane, from Rte. 121A up to and including Lots 11 and 12 and Cortland Road, running from the intersection of Russet Lane to the boundary of Lots 29 and 43 located in the section of East Hampstead called Orchard Park. By petition.

14. To see if the town will vote to raise and appropriate a sum of Twenty-Five Hundred Dollars (\$2500.00) to remodel the dam at Wash Pond for fire protection purposes.

15. To see if the town will vote to raise and appropriate the sum of \$383.00 as authorized by RSA 31:4, par. XIX for the annual budget of The Seacoast Regional Development Association. By request.

16. Does the town wish to continue this year's policy of holding the business meeting of the warrant on the first Friday following Town Meeting Day at 8 of the clock in the evening?

17. To see if the town will vote to accept the donation of One Thousand Dollars (\$1,000.00) made to the town by Cohen Foundation Camps, Inc.

The polls will close at 6 p.m.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord nineteen hundred and sixty-five.

DORIS M. SPOLLETT
CHARLES W. LINDQUIST, JR.
LAURENCE C. CORNWELL

Selectmen of Hampstead

A true copy of Warrant—Attest:

DORIS M. SPOLLETT
CHARLES W. LINDQUIST, JR.
LAURENCE C. CORNWELL

Selectmen of Hampstead

Notice:

- (1. It is our understanding when the meeting is opened at 10 a.m. a motion will be made to close the polls at 8 p.m.)
- (2. It is our understanding that also a motion will be made to postpone the business meeting to the following Friday at 8 p.m.)

REPORT OF THE SELECTMEN

The year 1964 has been a good year for the Town of Hampstead.

We are growing rapidly, but because the Town has looked ahead, new buildings and developments are an asset to the town.

Many groups, too numerous to mention here, have had the interests of our community at heart. These groups have made suggestions and helped to carry them out. This is good, for we need new blood, different viewpoints, and a feeling that all are a part of community living.

After March 1st, we intend to use the High School for our office. This will give us much needed space and will make it far more comfortable for our meetings during the winter months.

The Police, Fire, Highway Depts. etc., have done well to keep their budgets within reason. This is not easy, for they are constantly under pressure for new services. Their reports are found elsewhere in this booklet.

The year 1965 offers us another challenge. There will be more building, more people, and never ending problems.

We welcome your suggestions and criticism. On those Saturdays, the first of the month, when we receive a smile and a word of encouragement, we go about the next month's work forgetting the "crank" letters and the harsh words, knowing full well that our town is the envy of all those around us.

May we continue in this pattern and set our goals even higher.

Respectfully submitted,

DORIS M. SPOLLETT

CHARLES W. LINDQUIST, JR.

LAURENCE C. CORNWELL

REPORT OF THE FIRE ENGINEERS

During the past year the Hampstead Fire Department responded to 34 fire calls; Local calls 28, Outside calls 6.

Three water holes were fenced in, namely: 1 next to Hampstead Garage, Stage Road; 1 next to Allen Pomeroy's, East Road; and 1 at Whitey Fenton's, East Road.

We would like to thank Mr. and Mrs. Whitey Fenton for the land they so generously gave to the town of Hampstead for a fire hole. Also, our appreciation goes to Roger Ordway and Paul Collette for the deed to the land with water hole on Stage Road.

We extend our sincere thanks to the Woman's Club for their donation of \$150.00, given during the past year.

We now have four Walkie Talkie radios, which should be very helpful in any emergencies.

At this time we wish to remind you that the Red Network Phones are for reporting **Fires only**. These phones are installed in the following homes; Frank E. Howard, Main Street; Gene Duston, Main Street; Robert Letoile, Chief, East Hampstead Road; Stanley Lapham, Rte. 121A, East Hampstead and John Parlin, Main Street.

We would like to thank the Hampstead Police Department for their fine cooperation during the past year.

It has been a pleasure to serve as your Fire Chief during the past two years and I sincerely thank all those who have been so helpful and cooperative. I feel certain that you will give the same support and cooperation to your new Chief, Robert Letoile.

Respectfully submitted,

RUSSELL J. HALL,
Chief of the Board of Engineers

REPORT OF THE FOREST FIRE WARDEN
AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964.

Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

RALPH STEVENS
District Chief

RUSSELL J. HALL
Warden

REPORT OF THE POLICE DEPARTMENT

The Police Department is pleased to submit to the residents of the town of Hampstead, its annual report for the year 1964.

The department investigated a total of 44 automobile accidents during the year. This represents an increase of 25 over the preceding year of 1963. This is a clear indication of the tremendous increase in vehicle traffic on the highways of the town and the subsequent increase of necessary police patrol work. One has only to look back a few short years to 1957 when the first report of this administration showed only 3 auto accidents during the same length of time. Of these reported auto accidents during the year, there were 19 injures, 12 requiring hospitalization and one fatality.

Court cases during the year showed a marked upswing compared to 1963. Officer in court cases totaled 71 during the year compared to 56 during the preceding year. The larger majority of these cases resulted in findings of guilty. The increased difficulty in obtaining such findings necessitates the police officer of today to be more and more versed on the law and its functions.

In April the Police Department Blue Network system was installed. At present there are three phones installed with tentative plans completed for the installation of the fourth unit. The residents are urged to report any and all police matters on this system. It is also requested that no other subject matter be discussed on this system to insure its top efficiency.

Considerable new equipment has been purchased by the Police Relief Association and turned over to the town. Among these items were 2 Smith and Wesson Police Revolvers, 2 two-way radios, 2 sirens, 4 police winter uniform coats, a portable stretcher carried in the chief's car at all times and a polaroid camera used for accident and criminal investigations. The association is pleased to relieve the town

of such burdens and all we ask in return is continued support at our annual functions.

The annual Halloween Party was held under the joint efforts of the PTA and the Police Department. As usual we feel proud of the fact that complaints during this period were at a minimum. We can also feel equally as proud in knowing that a small part of this trouble free period was our responsibility.

Residents are urged to license their dogs prior to April 1st. Considerable time is expended annually by the department in getting dog owners to obtain licenses.

Thanks are extended to the officers of the department, the residents of the town, both newcomers and longtime, and heads of various town agencies for their assistance and cooperation. Only by the assistance of my companion officers can we maintain an efficient department ready to assist either night or day.

Respectfully,

KENNETH H. CLARK,
Chief of Police

PLANNING BOARD REPORT

During 1964, an application form was devised and printed for the use of persons or parties wishing to submit a definite plot plan for approval. This will permit abutters to be notified of a proposed sub-division with which they will be directly concerned.

A joint meeting with the newly formed Industrial Commission was held to discuss what an industry or business would look for in a town of our size.

Many hours have been devoted to discussing the zoning changes required to utilize land acres of the town for orderly development of these areas for commercial or industrial growth.

The Planning Board has an article in the warrant which should be given serious consideration by all.

Many thanks to all who have shown an interest in our endeavours.

Respectfully submitted,

JOHN ARLING,
Chairman, Planning Board

AUDITORS' REPORT

We hereby certify that we have examined the foregoing accounts of the Selectmen, Tax Collector, Treasurer, Town Clerk, Trustees of Trust Funds, Road Agent, Library Trustees, Sexton and Police Chief, for the year ending December 31, 1964, and find them correctly cast and proper vouchers therefor.

STANLEY P. JOHNSON
LINCOLN K. DRAKE

Auditors

January 20, 1965

LIBRARY TRUSTEES REPORT

During the past year the use of the Library facilities has increased more than in any previous year. The population has increased, which accounts in part for the greater use of the Library, but the interest shown in our books and magazines by the younger people as well as older groups, is a source of gratification to all who have tried to make the Library of more help to our community.

The money allotted for new books has been spent carefully and thoughtfully and requests made by the public have been considered in our purchases. We always welcome suggestions from the public as to how we may improve our facilities and make the Library a greater asset to our Town.

We deeply appreciate all the assistance we have received from so many sources during the year.

Respectfully submitted,

ESTHER ORCUTT
PEARL CORNWELL, Treasurer
MARJORIE KIRKNESS, Chairman

LIBRARIAN'S REPORT

The Hampstead Public Library has had a definite increase in circulation this past year in fiction and non-fiction books. Since the School Library has been organized, the children's books have dropped off, but it will pick up again in the summer.

Books in the children's and young people's room have been weeded out and about 200 were discarded because of their condition. Some of the classics have been replaced, and new books are bought as soon as the money comes in. This has all been done by the Book Consultant, Mrs. Rachel Sanborn and the chairman of the Trustees, Mrs. Clinton Kirkness. In time we will go through the whole Library, weeding out the old books and keeping it up to date.

The Bookmobile comes every 10 weeks, leaving around 200 books. We are very grateful for this service. Books of any kind and material, such as reference books for High School students, may be obtained at any time from the State Library, and the office in Exeter, and I will be pleased to order whatever is wanted.

The Friends of the Library have donated many new reference books, such as: The World's Great Religions, Shakespeare in his Age, The Story of N. H., Nature Notebook, Modern Biology, and The Earth Beneath Us; for which we are very grateful. I wish to express my sincere appreciation to them for their assistance in mending and repairing books and taking out all discards from the file. Last spring The Friends also came in and cleaned the Library.

In April, National Library week was observed. The children came from the school in groups and they were welcomed by Mrs. Clarence Nadeau, and then were introduced to the Librarian. Refreshments were served by Mrs. George Sakash, Chairman of the Friends of the Library and her assistants. Short stories were read by Mrs. Kent White, to the pre-school age and lower grades, and to her I express my thanks.

Many gifts of books and magazines have been gratefully received this year by the following donors: Mr. Carl Bannon, Mr. Thomas Fraser, Mr. Everett Thomas, Mrs. Horace Tarleton, Mrs. Harold Shedd, Mrs. Alice Mosher, Mr. A. Frederickson, Miss Shirley Ayer, Mrs. Edna St. Germaine, and Mr. John Garland.

Anthology of the World's Best Poems has been donated by Mr. and Mrs. Elmer Ingraham. Mr. Marshall Griffith has loaned us a collection of Antique Books from the Oldshade Antique Shop, and they are in use continually. We certainly do appreciate these collections.

Through the kindness of the Grange, Woman's Club, and the Friends of the Library, a revolving bookcase has been added to the Library, on which we keep the latest books.

I wish to extend my thanks to Mrs. Bertha Whiteneck, Mrs. Esther Orcutt, Mrs. Clinton Kirkness, and all others who have assisted me with my work.

To the Trustees, I express my appreciation for their splendid co-operation.

The Library is open every Tuesday and Saturday from 2 p.m. to 7 p.m., except on holidays.

Respectfully submitted,
HAZEL K. GARLAND,
Librarian

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Memorial Gymnasium in said district on the eighth day of March, 1965 at 8:00 o'clock in the afternoon to act upon the following subjects:

1. To hear the reports of Agents, Auditors and Committees, or Officers chosen and pass any vote relating thereto.
2. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
3. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.
4. To see if the District will authorize the School Board to make application for and to receive, in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.
5. To see if the District will authorize the School Board to apply any or all local, State and Federal Aid grants or donations, as well as all accrued or earned interest to the building project.
6. To see if the District will vote to complete the addition to the Central School, to authorize the School Board to execute any and all contracts or agreements necessary and proper and advisable in connection with the completion of such addition and authorize the School Board to issue bonds or notes in an amount not to exceed Thirteen Thousand, Five Hundred Ninety-Six Dollars and Eighteen Cents (\$13,596.18) for the purpose of financing such completion.

7. To see if the District will vote to raise and appropriate the sum of Four Hundred Seventy-Six Dollars (\$476.00) to meet the first interest payment on the notes or bonds authorized in Article 6.

8. To see if the District will vote to raise and appropriate the sum of Eight Hundred Seventy-Five Dollars (\$875.00) to zone-heat the four rooms in the first addition to the Central School.

9. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this twentieth day of February, 1965.

WILLIAM J. LETOILE, JR.
DAVID L. MORRIS
GLENDON N. EMERSON

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board has been operating during 1964-65 and their estimated expenses for the year 1965-66. It must be taken into consideration that monies appropriated in the month of March, to be used in the following year, do not necessarily correspond in individual terms, because of the impossibility of projecting the rising price indexes twelve months hence.

SCHOOL DISTRICT OF HAMPSTEAD

REPORT OF THE HIGH SCHOOL STUDY COMMITTEE

The Hampstead High School Study Committee is pleased to present this progress report to the citizens of Hampstead.

It is the hope of this committee that every citizen in Hampstead will give this, and subsequent reports, serious thought to help determine the needs of our future citizens. The ever-increasing number of school children and cost of operating schools is a national and local problem, and we are giving careful consideration and study to all aspects of providing a modern education for the children of our town.

The committee, appointed by the School Board, met for an organizational meeting on August 31, 1964. Donald Duston was elected Chairman, Mrs. Robert Noyer, Recording Secretary; other members include Mrs. Warren K. Ross, Paul Gibbons, and Andre Fleuriel. The School Board presented a tentative outline of the purpose and scope of the committee's duties. Ways and means of acquiring necessary information for a meaningful evaluation was discussed. It was suggested that the committee meet with a member of the Timberlane Cooperative School District Planning Board and a representative from the State Department of Education in the near future.

Mr. David Rockwell, a member of the Timberlane Cooperative School District Planning Board, spoke at the following meeting, and familiarized the committee with the Timberlane study. He suggested that our major areas of concern should be: enrollment data and projections, curriculum recommendations, and finance. He stressed the importance of a thorough investigation of possible plans for secondary education. Three alternatives were cited: 1) continuing the present contract with Pinkerton, 2) joining Timberlane Cooperative School District, and 3) providing our own town high school. The committee believes that an investigation of such scope will require a considerable length of time. Intensive study of enrollment, transportation, curriculum, cost, and zoning will be undertaken before any recommendations

are made, and the committee welcomes constructive suggestions from the voters at any time.

Mr. Damon Russell, Director, Administrative Services, State Department of Education met with the committee on December 10, 1964. He outlined the order of investigation the committee should follow and a discussion period was held.

On January 18, 1965 a committee meeting was held at which time it was proposed that meetings be requested with the Superintendent of Union 55 and the Board of Trustees of Pinkerton Academy for discussion.

On February 3, 1965 the committee were guests of the Board of Trustees of Pinkerton Academy at a meeting held for informal discussion with Mr. Hackler and School Boards representing students at Pinkerton. The purpose of the meeting was to acquaint School Board members with Pinkerton's finances, curriculum, and future plans. The problem of increasing enrollment was discussed and the trustees expressed an interest in meeting with the Hampstead School Board and High School Study Committee to explore future needs for our students. This meeting will be held in the very near future.

Respectfully submitted,

DONALD DUSTON, Chairman
High School Study Committee

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hampstead:

I am presenting herewith my Ninth Annual Report as Superintendent of Schools in Hampstead. Reports from the Principal and Supervisors will discuss more in detail the activities of the school. Statistical reports are listed separately.

Personnel

Ten teachers joined the Hampstead School system this current year. They were: Rodolphe Simon, Jr., grades 7 and 8, a graduate of Plymouth State College with teaching experience in Candia, N.H.; H. Lewis Stone, grade 6, a graduate of the University of New Hampshire; Patricia Zangari, grade 6, a graduate of Lowell State College; Patricia Brouillard, grade 5, a graduate of Riviere College; Mrs. Regis Fanaras, grade 5, a graduate of Lowell State College with teaching experience in Tewksbury, Mass., and Salem, N.H.; Mrs. Shirley Bevington, grade 3, a graduate of the University of Massachusetts; Ruth McCarthy, grade 2, a graduate of Hunter College; Mrs. Joan Willard, grade 2, a graduate of Gorham State College, with teaching experience in Bethel and Yarmouth, Maine; Freda Clark, grade 1, a graduate of Plymouth State College; Nina DiPietro, grade 1, a graduate of Boston University.

All teachers have continued membership in local, state and national professional organizations.

It is important that we meet the minimum salary set by law in Massachusetts, which is \$5,000. Seven of our new teachers this year come from our neighboring state. There is still a shortage of qualified teachers and because most of our applicants for Union #55 positions come from Massachusetts, we have no alternative but to meet the minimum if we want satisfactory teachers and quality education. There is a travel problem as well for these teachers which accentuates our problem. Higher salaries will cause less teacher turnover.

Curriculum

The reports of our various supervisors on the following pages gives you some idea of what is being accomplished in our school system.

Most important in improving education is a good teacher in an uncrowded classroom. We need, also, a curriculum that will meet the needs of all children. We must provide modern and up-to-date textbooks. We need various audio-visual aids to supplement the program. We need extra services for the special students. We need supervisory help for teachers. We want to teach and work in an atmosphere of cleanliness that is safe for our children.

I am very happy to say that we have adopted and carried out the above program to a marked degree. For this coming year we are continuing all our programs and will continue our adoption changes in language arts, modern math, reading and science in order to meet changing needs and use textbooks that will include the latest teaching techniques.

The achievement of our children continues to be above the national norm.

Housing

Our elementary school enrollment continues to rise. You were fortunate to have constructed additional classrooms. This year it was necessary to open up one more classroom after school opened in September to relieve the load in grade 5. We will need two more classrooms for next September, an additional fourth grade and an additional seventh grade. We have two classrooms each in grade 3 and grade 6 which causes this problem.

It will be necessary to complete the second floor of the new addition to accommodate this need. It would appear that you should be set for elementary housing for the immediate future. If there is a real increase in population to warrant three classrooms per grade, then you will have a different situation.

There has been some talk and some inquiries about the Timberlane Cooperative and whether or not it would be wise to petition for annexation. It would appear best to study the values of joining the cooperative, to study the future housing needs at Pinkerton, to compare various costs, and to study especially what might be best for your children.

The cooperative movement has become very popular for small school districts. It is an attempt to give them equity and control and to equalize the educational opportunities for all New Hampshire school children.

Your secondary students have done well at Pinkerton. Whether or not the future holds better prospects for them by joining the Timberlane Regional School District is something you should investigate.

Appreciation

Appreciation is expressed for the continued support and cooperation of the Parent-Teachers Association, the Civic Club and all other groups and individuals.

I wish to thank the School Board, Principal, teachers and children for their cooperation in working for a better educational system for Hampstead.

Respectfully submitted,

WENDELL V. DAVIS
Superintendent of Schools

REPORT OF SPECIAL EDUCATION CLASS

To the Superintendent of School and the School Boards of
Plaistow, Hampstead, Atkinson and Newton:

I hereby submit my fifth annual report as teacher of the PHAN Special Class.

This year the PHAN Special Class is located in the Polard School. September found us in a large, cheerful room with vast window area and private toilet facilities and sink

which proved very helpful. Because it was necessary to divide some large classes in Plaistow and add new teachers, our class was re-located to another classroom of approximately equal facilities.

Our class in September composed of 14 pupils, ages 8 to 16, had six girls and eight boys. There is a wide gap between the teenage and elementary groups, both physically and socially. There is a definite need for two separate classes. Two special education classes are being proposed for the school year 65-66. Anticipated enrollment will be approximately 18-20 students; therefore, two classes will be necessary to meet state requirements.

Miss Martha Smith of Salem, N.H., a senior at Keene State College, is completing nine weeks of practice teaching with the PHAN Special Class on January 22. She has conducted the reading and arithmetic groups at the lower levels besides assisting the teacher in numerous ways. This has made it possible for all reading and arithmetic groups to meet with a teacher every day.

Our television set has proved very helpful especially in our social studies and science fields. We regularly have TV classes in "The Story of the Granite State," "Exploring Nature," and "Land and Sea," as well as "Art at Your Fingertips." The older group also enjoys the "Careers" program and "Current Events." We are all taking five Field Trips in New England via television.

Health and cleanliness are stressed in the classrooms. Mrs. Banks, our school nurse-teacher, has presented several films and filmstrips in Health Education.

Arts and crafts projects this year began with woven reed baskets made by each pupil. Following this 10,000 pop-sicle sticks were used in the production of oxcart planters, banks, jewelry boxes, bread baskets, and fruit baskets. Plaster of paris was used for molding creche figures. Each pupil made a set of six creche figures which were then hand painted. A few were made as class gifts. Four older boys painted five of the large plywood figures used in the outdoor

creche at the Pollard School. Styrofoam ornaments were molded and decorated for Christmas trees. Woven pot holders were also made.

We are always appreciative of the cooperation of different individuals and organizations who help us fulfill our needs. This year, I wish to mention in particular the Plais-tow-Atkinson Lions Club which provided seventy-five dollars worth of craft materials chosen by the teacher and the Hampstead Parent-Teacher Association for its generous gift of \$100, which made possible the purchase of a good record player and additional craft supplies.

I wish to convey my appreciation to Mr. Thomas Caron for his cooperation and continued thanks for the guidance and support of the Union staff.

Respectfully submitted,

RUTH W. WEBSTER

REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schols, and citizens of Hampstead:

It is with pleasure that I submit my second annual report as Supervising Principal of the Hampstead Central School.

The 1964 school year was marked by growth. Student enrollment increased over 10% from the previous year. Our school staff numbered twenty-one people, including teaching and non-teaching personnel. An addition was begun on the school building. The new section will consist of eight classrooms, one multi-purpose room, and boys' and girls' lavatories. The first floor will be completed for occupation early in 1965, and the second floor will be finished at a later date.

The high school building was prepared to house four classes. The upper room was partitioned and the small, lower room was used as a classroom. Grades six, seven, and eight, were located in the high school building.

Increased enrollment necessitated the division of two classes. Grades five and six were divided. Grade six was divided prior to the opening of school in September, and grade five was divided during the month of November. Mrs. Regis Fanaras, a teacher with several years experience in Supervisory Union No. 55, was hired to teach one of the divisions of grade five.

Changes were noted in the area of curriculum. The Greater Cleveland Mathematics Program was adopted, and is being taught in grades one through six. A new Scott-Foresman reading program was introduced in grades one, two, and three.

Educational field trips were held in all grades as a part of the curriculum. The trips were supervised by teachers and parents. The eighth grade outing was held at Nantasket Beach.

A Specialty Fair was held in May with pupils in grades four through eight preparing individual projects, and primary grade pupils preparing class projects. Award ribbons were presented to all participants.

The Central School was represented in an inter-scholastic athletic program with boys' teams in basketball and baseball, and girls' teams in basketball and softball.

Graduation exercises for the eight grade were held on June 18, 1964, at the Congregational Church. Twenty-five pupils received diplomas. Mr. Wendell V. Davis, Superintendent of Schools, was the speaker. A reception for the graduates was held in the gymnasium following the program.

National Education Week was observed the week of November ninth through thirteenth. Open house was held at the school during the week. The following week a workshop for parents was offered. The teachers reviewed the curriculum and teaching methods and materials used at their respective grade levels.

The Book Fair was also held during National Education Week under the sponsorship and direction of the Hampstead P.T.A. Mrs. Mary Smith supervised the program.

Pupils from grades five through eight participated in the Annual National Spelling Bee sponsored in New Hampshire by the Manchester Union Leader.

The testing program included Otis Mental Ability Tests, administered in grades two, four, and six; Metropolitan Readiness Tests and S. R. A. Mental Ability Tests administered in grade one; Stanford Achievement Tests given in grades two through eight; and the Orleans Algebra Prognosis Test, given in grade eight. Also, basic reading tests were given and various individual diagnostic tests were administered. The results of the Stanford Achievement tests showed that 79.7% of the pupils taking the test scored at or above grade level.

The annual New England Reading Conference was held at Poland Spring, Maine. Attending from the Hampstead Central School were: Mrs. Charlotte Zimmer, Miss Margaret Roehrig, Miss Patricia Brouillard, and Mr. Richard Grey.

Supervisory Union No. 55 began the preparation of a series of curriculum guides in all subject areas. A number of teachers from the Central School participated in this program.

School children were transported by Mr. Frank Howard of Hampstead. Milk was purchased from the Wason-MacDonald Company of Haverhill, Massachusetts.

In the Fall, health examinations were given to pupils of grades 1, 3, 5, 7, and pupils new to the system. Examining physicians were Dr. Raymond E. Moore, M.D., and Dr. William R. Hart, M.D. Mrs. Wanda Scholl, R.N., school nurse-teacher, assisted. Also, all pupils were weighed and measured and given sight and hearing tests by Mrs. Scholl.

Starting in September, speech therapy was available to children in need of this service. The program was conducted by Mr. Vincent Raciti, speech therapist. Mr. Raciti tested all of the children in the school prior to beginning the program to determine those in need of therapy. This testing program showed that sixty pupils were in need of some form of therapy. Mr. Raciti was able to provide treatment for twenty-

four of these children during his weekly visits to Hampstead. Pupils from all grade levels receive treatment.

The school library has continued to grow. In addition to books purchased by the school district, a number of books have been donated to our library. We would like to extend a word of thanks to the many people who have contributed books. Presently, the library contains well over one thousand volumes, including fiction, non-fiction, and reference books.

On behalf of the staff and pupils, I would like to offer a sincere thank you to the Hampstead P.T.A. for their many generous gifts and services. The children of Hampstead have benefited from the work done by this devoted organization.

Enrollment as of December, 1964:

Grade 1C	22
Grade 1D	22
Grade 2M	22
Grade 2W	22
Grade 3R	20
Grade 3B	20
Grade 4	30
Grade 5B	21
Grade 5F	16
Grade 6S	17
Grade 6Z	20
Grade 7	32
Grade 8	18
	—
Total	282

In conclusion, I would like to thank the Hampstead School Board, Superintendent of Schools, Assistant Superintendents, and the administrative staff of Supervisory Union No. 55, for their support and cooperation. Also, I would like to thank the members of the school staff for all that they have done for the children.

Finally, to the parents and friends of the Hampstead Central School, I wish to offer my warmest appreciation for

the interest and enthusiasm shown during the year. It has been a pleasure working with you and your children.

Respectfully submitted,

RICHARD GREY
Supervising Principal

REPORT OF THE REMEDIAL READING TEACHER

“The use of books for pleasure is the most satisfactory recreation; without having acquired the power of reading for pleasure, none of us can be independent.”

Viscount Grey, Falloden Papers

Recreational reading is seldom done by pupils who read below their grade level; and critical reading is usually impossibly difficult for them. To bring these pupils, with reading skills difficulty up to their grade level, has been the work of your Remedial Reading teacher this past year, and a degree of success has been attained with eighty per cent of the group.

Children are assigned to Remedial Reading classes based on the following:

1. I Q
2. Achievement Level
3. Reading Level
4. Entering school from another area, where methods differ.
5. Illness, which has meant a long absence.
6. Failure to master certain important reading skills.

These children are tested very carefully, to see just what the difficulties are. Then, in small groups of four or five, intensive work is done to build up these skills. When there is evidence that the child is doing better work, in the remedial group as well as in his homeroom, he is re-tested. If he reaches grade level, he is released from remedial class, to

make room for someone else who needs help. This testing and releasing goes on in every group, all year.

Each child is given an oral reading test, as well as silent reading tests. Oral reading tests are indispensable for disability diagnosis. They analyze reading skills which cannot be evaluated in a silent reading test, such as word attack; context clues; word and letter reversals; omissions; syllables; derivatives; word calling, etc. While silent reading tests are necessary for a thorough disability analysis, they can never replace the oral tests as a means of showing the presence or absence of fundamental reading skills.

The silent reading tests are comprehension tests and diagnostic tests. The comprehension tests tell the grade level at which a child reads; the diagnostic tests show what skills the pupil has not mastered.

The remedial groups had a total of 53 pupils during the year.

Grade 2	15
Grade 3	11
Grade 4	12
Grade 5	15
	—
Total	53

Fifteen pupils were released during the year, having attained grade level. Many of them showed a growth of one year, or more.

At the beginning of the school year, the following tests were given:

- A. Oral Reading Tests
 1. Botel Informal Inventory
 2. Durrell Analysis
 3. WISC (for IQ) where needed
- B. Silent Reading Tests
 1. Lyons-Carnahan Diagnostic Tests
 2. Standard Achievement (reading)

In the middle of the year, these tests were administered:

1. Metropolitan Reading Achievement
2. Durrell-Sullivan Reading Achievement

At the end of the year, to check progress, these tests were given:

1. Metropolitan Reading Achievement
2. Iowa Silent Reading Tests

In September, to help with grouping, in some grades, your Remedial Reading teacher gave Lyons-Carnahan Diagnostic Reading Tests in the following grades:

Grade 2D	19 tests given
Grade 2M	18 tests given
Grade 4	32 tests given
Grade 5	24 tests given

The following tests were given during the year to new pupils who entered our school without their records from previous schools:

Otis IQ Tests	20
Durrell Reading Achievement	13
Durrell Reading Analysis	4
WISC (IQ)	3

It has been a very rewarding year. I am grateful for the cooperation of a most understanding principal and a fine group of teachers.

CHARLOTTE ZIMMER
Remedial Reading Teacher

REPORT OF THE SCHOOL HEALTH PROGRAM

To the Superintendent of Schools and the School Board of
Hampstead:

I hereby submit my first annual report as school nurse-teacher.

Cursory examinations are done at the beginning of the school year and after each vacation period for the protection of the students. This exam includes inspection of the throat, teeth, glands, head, arms and hands.

The yearly medical examination for all students in grades 1, 3, 5, 7, and those new to the school is done in November by Dr. Raymond Moore, M.D., and Dr. William Hart, M.D., assisted by your school nurse-teacher. Parents and guardians are notified of all defects noted and a successful "follow-up" program is carried out. This year 162 pupils received physical examinations.

A Tuberculin Skin Testing Program is held every other year under the direction of Miss Constance Martin, R.N., Tuberculosis Nurse, assisted by the school nurse. This year grades 1, 5, 6, 7, 8, and all school personnel were tested.

Heights and weights are checked annually on all students and carefully recorded. Also, the vision and hearing abilities of these students is tested each year and any variation is immediately brought to the attention of the parents. In addition to this, grade five is tested for color perception.

Pre-school registration is held in May whereby it becomes the task of the school nurse-teacher to acquaint herself with all incoming pupils and their parents or guardians. Any disabilities they may have in regard to their physical or mental being should be noted at this time so that a successful and happy school relationship will exist.

In addition to caring for daily cases of children who become ill or injured in some manner, your school nurse-teacher acts as a valuable resource person for teachers and pupils when teaching in the field of health. She conducts programs on personal hygiene, smoking, etc., whenever called upon. She frequently serves as a link between home and school when health and mental problems, which may have an influence on children's work at school, are involved.

Finally, may I express my sincere appreciation to the School Board, Superintendent of Schools, Assistant Super-

intendent, Principal, Teachers, parents and friends, for their fine cooperation and understanding in all of my endeavors. With continued support, this health program will grow and its reflection will be noted in the youth of your town.

Respectfully submitted,

WANDA SCHOLL, R.N.

School Nurse-teacher

REPORT OF THE MUSIC SUPERVISOR

As Music Supervisor in the Town of Hampstead, it has been my task to instill in the students a better understanding, appreciation, and knowledge of what might be termed general music; concentrating my efforts on the specific needs, interests, aptitudes and abilities of the children.

The addition of a part-time music supervisor has enabled me to follow through in greater detail and depth a five-fold program, consisting of singing, playing, listening, rhythmic and creative activities through the media of the classroom teacher.

It is also important that such outside activities as music festivals, concerts, and field trips be correlated with the normal in-school program. In the Spring, my predecessor, Mr. Williams, took a select group from Hampstead, together with other surrounding towns, to the annual N. H. Music Festival. Also, a Memorial Day program and a trip to Boston to attend a "Pops" concert were held.

The annual Christmas program performed for parents and friends was held at the gymnasium December 22, 1964.

In conjunction with the program to prepare curriculum guides in Union No. 55, the music supervisors are in the process of preparing a guide for music. The guides will be examined by classroom teachers before they are made final.

We, in the Music Department, would like to thank everyone for their assistance and cooperation.

Respectfully submitted,

JOSEPH J. DeLUCA, JR.

Music Supervisor

ENROLLMENT IN HIGH SCHOOLS

The following tabulation shows the number of high school pupils, by grades, attending various schools and their respective tuition rates.
