1960 ANNUAL REPORTS

This report is dedicated to two men who have given many years of service to the town of Sandown.

Woodbury S. Pevere

Bernard A. Love

Mr. Pevere served 7 years as Road Agent starting in 1902; he also served as Police Officer, Constable, Surveyer of wood bark and lumber and was a Trustee of Trust Funds for 35 years.

Mr. Love, who is still active in town affairs, first served as Selectman in 1909 and has held the following offices. Special police, Supervisor of the Checklist, Ballot Clerk, Road Agent, Trustee of Trust Funds, Auditor, Tax Collector, Chief of the Fire Dept. and 45 years as Forest Fire Warden. He also served the School District as a member of the School Board, Moderator, Auditor and Bus Driver.

We are very grateful to these men for the many years that they have given in service to their town, and we hope that we may be favored with their knowledge for many years to come.

1960 ANNUAL REPORTS

REPORT OF THE PLANNING BOARD FOR 1960

The Sandown Planning Board has recently completed its recommended revision and modification of the "Building, Zoning, Land Subdivision, and Mobile Home Ordinance". Many of these revisions consist of amendments adopted by the townspeople over the years at special or regular town meetings.

Also, revision of our basic subdivision ordinance was recently completed. The new "Land Subdivision Control Regulations" were designed to meet the needs of the town in view of the population explosion here in the southern counties of New Hampshire. The statistics recently released from the 1960 census show the surrounding area experienced a population gain of 25 to 30 percent. The predicted future growth for the next decade is conservatively estimated at a magnitude equal to or surpassing the growth of the last decade. Sandown experienced a population growth of only 13 percent during this time. However, it is felt this is mainly due to its geographical location in relation to the nearby industrial centers of Manchester, Haverhill and Lawrence. We feel that the present trend in suburban living will soon overtake our town. Your Planning Board, in anticipation of this growth, is recommending these regulations with which it hopes to provide for orderly growth within the town.

In addition to our regular meetings, the Planning Board has held seven special meetings to accomplish the goals planned for the year. Four new subdivisions were examined and given either approval or partial approval during the year.

The Planning Board wishes to acknowledge the suggestions and recommendations we received from Everett Holmes in connection with road construction for our new Subdivision regulations.

The Planning Board would appreciate more active participation on the part of the townspeople at our regular meetings. These meetings are held on the third Wednesday of every month, and the public is invited to attend.

1960 ANNUAL REPORTS

SUPERINTENDENT OF SCHOOLS REPORT

It is with confidence that I relate to you the fact that this year through the effort of the superior teachers that you have that the type of education your children are receiving is comparable to other schools in nearby communities.

Although you have not been asked for an additional teacher so that each pupil will receive greater individual attention I urge you to be considering this so that in the near future this might become a reality. It is extremely difficult for one person to teach four grades and within each grade groupings in each subject area. It is up to you however to determine the type of education that you would like your children to receive. I therefore leave the questions of an additional teacher for your consideration.

Reference is made again this year to the questions brought to your attention last year in my report to you; mainly the type of education you expect and the type you are willing to support. We still need to reduce class size to 25 or 30. We still need a program of studies. We still need a basic series in our subject areas. In addition one of the greatest needs in this Union is still help at the Union level. This is in relation to the position of Superintendent. It is unreasonable to expect anyone to fulfill all the obligations this person should fulfill as Superintendent of Schools and properly care for all the communities that are expected to be cared for in this Union. I feel it necessary to again this year request and emphasize the need for a Helping Teacher.

In looking over our needs listed last year it is noted that some of them have been fulfilled. For example, we are rapidly progressing toward a program of minimum essentials and a program of studies. We have improved our basic series in the subject areas. We have evaluated and made changes and are now using a new report card. We have developed and have only recently put into use a permanent record system that is universal throughout the Union. There is being offered an in-service training program for teachers, insignificant as it is at the present time, we are providing courses to improve teaching ability.

In conclusion I would like to offer to you as parents and and citizens a challenge. Let us all search ourselves and others to determine what type of school is most desirable, ask ourselves if our school presently fits these requirements, and if not attempt to create change so that it will.

THAYER D. WADE
Superintendent of Schools

SCHOOL HEALTH REPORT

To The Superintendent of Schools:

As a newcomer in the position of Nurse-Teacher I was surprised and pleased at the changes that have occurred over the years. No longer is the nurse responsible only for checking heads, fingernails, etc. The entire wellbeing, physical and mental, of every child with whom she comes in contact, is of vital importance to her.

Sandown is indeed fortunate to have teachers interested in the health and health education of their pupils. Because they observe them daily, any difficulties are seen and are reported to the nurse. She can then proceed to work with these children and their parents to overcome the problems.

This past year all children received routine checkups on height, weight, hearing and vision.

The financing of a Dental Health Program is under consideration by the members of the P. T. G., to be put in effect during the 1961 - 1962 school year.

I would like to thank all the people and groups who have helped with their services and financial aid.

Respectfully submitted,
SHIRLEY TOWNSEND, R. N.
School Nurse-Teacher
