AUDITOR'S REPORT.

Thornton, N. H., Feb. 15, 1905.

Having examined the accounts of the Selectmen, Treasurer, Collector, Town Clerk, Overseer of the Poor, School Board and Road Agents, I find them correctly cast and properly vouched, and considering the fact that no money was raised to pay town charges it appears that the affairs of the town have been prudently managed for the year ending Feb. 15, 1905.

Prior to April 1, 1903, for some reason which I do not clearly understand, there was abated \$158.17, and I do not recommend any further abatements of the 1898 tax, but I would respectfully suggest that the collector (A. C. Moulton) amend his record and return of land sale, in the town clerk's office, so that they will appear as required by law, Chap. 60-61, of the Public Statutes.

ALFRED BOWEN, *Auditor.*

REMARKS.

In considering the work of the past year, there are many ways in which the school could be improved.

First the children should attend more regularly in order to do good work.

Second we would suggest that the parents visit schools frequently that they may know the work their children are doing.

We desire to thank the teachers for their co-operation in trying to improve the welfare of the pupils under their care.

REPORT OF TRUANT OFFICER.

We were troubled the past year by much truancy.

It seems to me to be the fault of the parents' lack of interest in the children's welfare.

I had over twelve calls from teachers in five districts and there were many cases unreported.

I would recommend that the school board make the compulsory school age 7 to 15, according to public school laws, Chapter 93 section 6.

The school board was with me in wishing more regular attendance.
