SELECTMEN'S REPORT MARCH, 2003

Our town has faced major challenges in the past year, and now it seems that things may at last be starting to get better for us. There have been some encouraging developments recently, although many difficult issues still remain to be confronted and resolved. Certainly some problems, such as school funding, are outside our control and unlikely to improve any time soon, but we must do the best we can with what we can control and hope for the best on the rest.

The biggest challenges over the past year have stemmed from the Troy Mills bankruptcy. There were two big problems caused by the bankruptcy: financial impacts on the town, and the uncertain fate of the Rockwood Brook hazardous waste site. Recent developments in both areas have been positive, because our community has pulled together on these critical problems.

The financial impacts from the Troy Mills bankruptcy have been serious in several areas: unpaid taxes and debts to the town; expensive legal representation; erosion of the tax base; and the ripple effect on the entire town economy. Troy Mills owed our town almost a million dollars when they filed for bankruptcy. That amount consisted of back taxes, unpaid water bills, payments due for town landfill closure costs, and interest on those debts. The effect was to create a deficit through a stroke of the auditor's pen, because the taxes that had been accounted for as due and collectable could no longer be counted as part of the general fund. As a result, borrowing for the town tax anticipation note was more difficult, and town finances were scrutinized more carefully. Under these difficult conditions our town employees worked together and kept expenditures under control, so that the deficit would have been eliminated if the auditors didn't write off the current taxes on Troy Mills property. We believe that the resulting picture of town finances is misleading and unduly pessimistic.

Most of the Troy Mills property has been sold, at a bankruptcy auction in late January, and the results of those sales are awaiting bankruptcy court approval for final disposition. Other money in the bankruptcy estate will also be delivered to the town as soon as the court approves. We can expect that the taxes on property conveyed to new owners will be paid on time.

SELECTMEN'S REPORT

None of these factors is reflected in the auditor's treatment of town finances.

The Monadnock Economic Development Corporation is purchasing the Troy Mills complex, and MEDC is a local owner with a good track record. MEDC has plans to retain existing tenants and to develop expanded uses in the future, with participation by the Troy Industrial Development Authority. This should lead to more local involvement in planning and management of the complex, and to shared success for the industrial complex and the town.

The final resolution of the hazardous waste site on Rockwood Brook remains uncertain, but a process that will allow local community involvement is developing. The NH Department of Environmental Services and the US Environmental Protection Agency have begun activities to contain the toxic materials and planning for their removal.

The Selectmen have appointed a community advisory committee of local leaders to be the point of contact for the DES and EPA efforts, along with the forum for redevelopment planning for the Mill complex and community redevelopment in general. This group has developed from the citizen's meetings organized last summer by Don Upton, and the Board of Selectmen wish to thank and compliment everyone involved in those initiatives.

Looking to the future, there are several initiatives that will depend on your support for success. We have agreed to undertake a project to develop a community profile and vision for the future, with the help of the UNH Cooperative Extension Service, and we have also applied for a grant under the PlanNH program to support redevelopment planning for the mill complex. These projects will need volunteers to help develop our community's future – please do your part!

Respectfully submitted,

Lowell B. McCulley, Chairman
Edward F. Thomas

ARTICLE 8. Whereas, New Hampshire residents pay the 12th highest cost of insurance in the country; and whereas, the cost of health insurance premiums for families has increased by 45% over the past three years; and whereas, 100,000 New Hampshire residents have no health coverage and 77% of them have a full-time worker at home; and whereas, due to these rising costs almost half of New Hampshire's small businesses cannot afford health coverage for their employees, therefore be it resolved that we, the citizens of Troy, New Hampshire, call on our elected officials from all levels of government, and those seeking office, to work with consumers, businesses, and health care providers to ensure that:

- Everyone, including the self-employed, unemployed, un - and underinsured, and small business owners has access to an affordable basic health plan similar to what federal employees receive;
- Everyone, including employers, consumers, and the state, local and federal government makes a responsible and fair contribution to finance the health care system;
- Everyone receives high quality care that is cost efficient and medically effective; and
- That these efforts help control the skyrocketing cost of health care.

Not recommended by the Selectmen. **(BY PETITION)**

ARTICLE 9. To see if the town will vote to raise and appropriate the sum of two thousand eight hundred fifty-seven and 33/100 dollars (**\$2,857.33**) to reimburse Frederick Lawrence for his expense in the lawsuit against the Water and Sewer Department since he was considered an employee of said department. This will be no cost through taxation; this will be raised from collection of water and sewer rates. Not recommended by the Selectmen or the Budget Committee. **(BY PETITION)** Ballot vote.

ARTICLE 10. To see if the town will vote to grant an easement to the Troy Historical Society for public access to the Cheshire Railroad Depot. The easement being in recognition of restoration funding by the Land and Community Heritage Investment Program (LCHIP). Recommended by the Selectmen.

ARTICLE 11. To see if the town will vote to send the following resolution to the New Hampshire General Court: Resolved, in its first two years of operation, the Land and Community Heritage Investment Program (LCHIP) has helped communities throughout New Hampshire preserve their natural, cultural and historic resources and, therefore, the State of New Hampshire should maintain funding for LCHIP in its next biennial budget. Recommended by the Selectmen.

ARTICLE 12. To see if the town will vote to accept Dort Street Extension as a public highway. Recommended by the Selectmen.

ARTICLE 13. To see if the town will vote to raise and appropriate the sum of twenty-five thousand dollars (**\$25,000**) for the purpose of retaining consultants to assist the town with planning, economic development, and management issues. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until completion or by December 31, 2005, whichever is sooner. Recommended by the Selectmen and the Budget Committee.

ARTICLE 14. To see if the town will vote to raise and appropriate the sum of fourteen thousand three hundred fifty dollars (**\$14,350**) for an assessing package from Vision Appraisal Technology and a computer to run the package. Recommended by the Selectmen and the Budget Committee.

Recommended by the Selectmen and the Budget Committee.

ARTICLE 20. To see if the town will vote to raise and appropriate eight thousand four hundred forty-eight dollars (**\$8,448**), the unexpended balance of Article 20 voted at the March 2002 Town Meeting for the Dort Street Monitoring Wells. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until completion or by December 31, 2005, whichever is sooner. Recommended by the Selectmen and the Budget Committee.

ARTICLE 21. To see if the town will vote to raise and appropriate the sum of twenty thousand dollars (**\$20,000**) for sand sealing new pavement on town roads. Recommended by the Selectmen and the Budget Committee.

ARTICLE 22. To see if the town will vote to raise and appropriate the sum of forty-three thousand nine hundred thirty dollars (**\$43,930**) which will be received from the Highway Block Grant from the State of New Hampshire during 2003 for the maintenance, construction, and reconstruction of Class IV and V highways. Recommended by the Selectmen and the Budget Committee.

ARTICLE 23. To see if the town will vote to raise and appropriate the sum of one thousand two hundred sixty dollars (**\$1,260**) to be placed in the Fire Department Capital Reserve Fund. This sum to come from fund balance (surplus), the amount received from the sale of the 1971 Ford truck (34-M4), May 19, 2001. No amount to be raised by taxation. Recommended by the Selectmen and the Budget Committee.

ARTICLE 24. To see if the town will vote to discontinue the Landfill Capital Reserve Fund. Said funds, with accumulated interest to date of

withdrawal, are to be deposited in the general fund. (Majority Vote Required). Recommended by the Selectmen.

ARTICLE 25. To see if the town will vote to raise and appropriate up to the sum of forty-seven thousand two hundred twenty-five dollars (**\$47,225**) to be deposited into the Transfer Station/Recycling Center Expendable Trust. This is a result of the discontinuance of the Landfill Capital Reserve Fund. No amount to be raised by taxation. Recommended by the Selectmen.

ARTICLE 26. To see if the town will vote to raise and appropriate up to the sum of forty thousand dollars (**\$40,000**) to construct a building for the exchange table, interior renovations in the recycling center, a roof over the dock, and overhangs for the recycling windows and overhead doors and authorize the withdrawal of that amount from the Transfer Station/Recycling Center Expendable Trust. No amount to be raised by taxation. Recommended by the Selectmen.

ARTICLE 27. To see if the town will vote to raise and appropriate the sum of three hundred thirty-seven thousand thirty-nine dollars (**\$337,039**) for the Water/Sewer Department operations. Income comes from collections of water and sewer rents. Recommended by the Selectmen and the Budget Committee.

ARTICLE 28. To see if the town will vote to raise and appropriate the sum of thirty-eight thousand dollars (**\$38,000**) for meter replacement and parts necessary to install and authorize the withdrawal from the Sewer Department Expendable Trust Fund established under Article 27 of the March 2001 Town Warrant. No amount to be raised by taxation. Recommended by the Selectmen and the Budget Committee.

ARTICLE 29. To see if the town will vote to raise and appropriate the sum of five thousand dollars (**\$5,000**) for a new sampler and chemical feed pump for the Sewer Department and authorize the withdrawal from the Sewer Department Expendable Trust Fund established under Article 27 of the March 2001 Town Warrant. ANIMAL CONTROL

FY 2002 we hired a new Animal Control Officer, but there were some problems and she resigned. Due to the Town having financial problems, As well as not being able to find a replacement. The Police Department has tried to handle most of the animal complaints. This is not our normal duties and we have had no training in handling animals. This job needs to be handled by a person with some experience and training in how to deal with animals. The Officer's do the best we can with what we've had. We had a few upset town residents because we have not had an animal control Officer. Now that the Town is doing better and due to the Police Department being short handed, I will be advertising for some one to fill the position of Animal Control Officer ASAP.

The Budget for FY 2003 will be increased \$18 for Social Security. There will be no other increases to the Animal Control Budget.

The following is the proposed Animal Control Budget.

	FY 2002	FY 2003
Animal Control Officer	2,040	2,040
Advertising	50	50
Dog Licenses	100	100
Equipment Purchase	200	200

TROY AMBULANCE, INC.

Troy Ambulance would like to extend our gratitude to the residents of Troy who have worked with us to facilitate the purchase of a new ambulance in 2002. In July at the Arts Festival, Troy Ambulance had the ambulance present for viewing. We invite anyone who has not seen our new ambulance and wishes to view it to call us. We would proudly make arrangements for you to see it.

Over this past year we have responded to 158 calls. We have welcomed three new members of this past year. Currently, we have three members enrolled in the EMT-Basic Certification Program.

As always, we are continually advancing our service in training and equipment to enhance our service and dedication to the residents of Troy. We look forward to continuing this dedication in the future.

Respectfully,

*Kellie Ellis, President

TROY ARTS FESTIVAL

The annual Troy Arts Festival is once again scheduled for mid July 2003. We are actively seeking volunteers for our committee.

Plans are to include Arts and Crafts with activities for children as well. We would like to increase the attendance of exhibitors for the festival on the common. Our goal is to bring the community together for a day of fun and events for the whole family. Historically this has been a wonderful tradition for the Town of Troy.

If you have any ideas or would like to be a member of our committee please contact Sharron Thomas at 242-7836.

January 30, 2003

To the Board of Selectmen
Town of Troy, New Hampshire

We have audited the general purpose financial statements of the Town of Troy, New Hampshire as of and for the year ended December 31, 2002, and have issued our report thereon dated January 30, 2003.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of the Town of Troy, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with accounting principles generally accepted in the United States of America. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the

effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of the Town of Troy, New Hampshire for the year ended December 31, 2002, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors and irregularities in amounts that would be material in relation to (lie general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Troy, New Hampshire in a separate letter dated January 30, 2003.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record, and its distribution is not limited.

TROY BUDGET COMMITTEE

We, the Troy Town Budget Committee, feel that after much thought and eight (8) meetings with Department heads and Selectmen, we have agreed on a reasonable budget for Troy. We feel that the departments will operate efficiently and the taxpayers will not be sent to the Poor House.

CEMETERY COMMISSION

The cemetery crew spent another busy summer upgrading and improving the appearance of both Mountain View and Village Cemetery. Some of the improvements that were made were seeding and filling of lots. We also replaced one riding mower. All this could not have been accomplished without the help of Skip Mason, Andy Guyette, Karie Guyette and Bob Smith. We also purchased some software to upgrade our records.

TROY CONSERVATION COMMISSION

This past year has been a very busy and active year for the Troy Conservation Commission. It is our sincere desire to continue to expand our work in this coming year for the residents of Troy.

During the year 2002, the Troy Conservation Commission sponsored a town cleanup. Our date in May was rescheduled due to a late spring snow to this past October. The day was most successful and we would like to thank all of the volunteers and local businesses that contributed to the effort. Additionally, last April the Troy Conservation Commission sponsored a "Troy Fishing Derby" for children. Over 70 children participated and prizes were awarded to all participants. We plan on continuing this event with a third annual Fishing Derby next April.

The Conservation Commission also sponsored an "Owl Program" (including live owls) for the Troy Elementary School, which was a wonderful success. We are hoping to sponsor several programs for our Troy children this year.

New programs sponsored by our commission this year include: conducting a biodiversity inventory of our conservation lands (This project will include area students. Students will learn methods and protocols for conducting biodiversity research while providing Troy with an inventory of species and habitat.), and hosting a natural and cultural history hike for families up Gap Mountain.

Finally, we have been keeping current with town issues regarding growth and development. Members of our commission have assisted with wetland analysis requests and reviewing site plans for possible development.

This coming year we hope to increase our support to the various Troy Town Committees and Troy Elementary School conservation projects. As always, you are most welcome to attend our monthly meetings (usually held the last Tuesday of each month at 4:30 in the Town Library - check the Troy Town News' calendar).

TROY FIRE DEPARTMENT

As more and more demands are placed on our communities resources, it becomes harder and harder to plan annual budgets and do long range planning, money is not easy to come by. Funding Capital Reserve Funds is one small step to help with major purchases. New pumpers are expensive. To have funds put away in savings will help when the time comes to make a purchase.

Money is just one of the issues facing us. Finding dedicated people to get involved and stay involved is another.

Members of the department have continued to take part in training programs during the past year, improving their skills to better serve you. Nine new members of the department completed training and have received Firefighter 1A and 1B certificates. Four have also continued on to Level 2 and received their certificates. Congratulations to all.

We wish to thank the membership of the fire department, friends of the fire department, explorer scouts and corporate supporters who have given money for the purchase of a used rescue truck for the town. It soon should be in service replacing the current rescue truck. The new rescue will greatly improve our capabilities at emergency calls.

To the members of the department we say thank you for your dedication to serve our community during fire and rescue emergencies.

We invite all citizens to visit the fire station and bring the kids. We look forward to seeing you on Sunday mornings.

FOREST FIRE WARDEN & STATE FOREST RANGER REPORT

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands cooperate and coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are mandatory for all outside burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow.

Violations of RSA 227-L:17, the fire permit law, and other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$2,000 and/or a year in jail, plus suppression cost.

A new law effective January 1, 2003 prohibits residential trash burning (RSA 125-N). Contact New Hampshire Department of Environmental Services at (800) 498-6868 or www.des.state.nh.us for more information.

GAY-KIMBALL LIBRARY 2002 LIBRARIAN'S REPORT

The efforts of staff, volunteers, and trustees contributed to a successful year of public service at Gay-Kimball Library.

In 2002 we held 55 events for children, including story and craft sessions, game nights, class visits, and movie showings. Seventy-five children participated in our summer reading program, kicked off by a magical performance funded in part by a grant from the state library. Special events for adults included fascinating talks by authors on stone wall building and farming.

The library depends on dozens of volunteers who support its smooth functioning. Kathy Marrotte and Darcy Doyle spearheaded fundraising efforts. John Gove expertly maintained our computers. Darcy Doyle, Lynn Smith, and Bernadette Quinn were faithful evening volunteers. And the library trustees - Mame Bisaccio, Eileen Breckell, and Bernadette Quinn - dedicated their time and talent for the care of the library. Thanks to all!

Now more than ever, communities rely on libraries for free access to books, ideas, resources, and information. We value and protect privacy and freedom of speech; respect individuals and their beliefs; and encourage the celebration of differences and similarities. Gay-Kimball Library extends a warm welcome to Troy residents.

TROY HERITAGE COMMISSION

The major accomplishment of the Heritage Commission in 2002 was the concluding of our 2-1/2 year effort to be listed on the National Register of Historic Places. On October 28th, the New Hampshire Review Board approved our application. On December 13th, the National Park Service, Department of the Interior, listed the Troy Village Historical District on the National Register of Historic Places.

On October 3rd, the Heritage Commission held its 4th Information Meeting about the National Register listing. Featured participants were: Christine Fonda, N.H. Coordinator; Lynne Munroe, Consultant; John Colony III, Harrisville Historical District; and Richard Lawrence, Troy Lawrence Farm.

Thanks go to the many Troy residents who, through financial contributions and many other ways, assisted in bringing this honor to Troy.

Our Spring Lecture Series, offered with grants from the New Hampshire Humanities Council, featured Frank Behrens, James Atkinson, and Katherine Hoffman. Each of the three lectures were well attended by Troy and area residents.

We have reordered our "TROY, NEW HAMPSHIRE, A New England Mill Town, Walking Tour Guide" and encourage any Troy business or individuals who have display space to contact us for copies at P.O. Box 22. Copies of "TROY: The Way It Was" are available for \$3.00 a the Troy Town Clerk's office.

The Heritage Commission provided a booth at the summer Craft Fair.

Pia Lawrence, a longtime Heritage Commission member has decided to retire. We shall miss Pia's wise counsel. To note her long tenure and many contributions, we have named her a Lifetime Honorary Member.

Christmas on the Common was a well attended town-wide celebration of the Christmas season 2002.

Plans are underway for a late Spring/early Summer event to commemorate the listing of the Troy Village Historic District on the National Register. Plan to attend this special event honoring our town.

HIGHWAY DEPARTMENT

The year 2002 started out to be an easy year budget wise. We made cuts wherever possible, but as you all know in November and December we got hit with a lot of snow. This summer we paved a portion of West Hill, changed a few culverts, and did all our regular maintenance. We also started doing all the digging for the Water Department. We got our new one-ton dump truck and put it into service.

In 2003, we plan to pave Bigilow Hill with the Block Grant money. The tree removing and ditching have already been started. Also, the sealing project planned for last years will hopefully be completed this year.

I would like to thank my assistant, Gary LeBlanc, for another year of dedicated service, along with Rod Paige, Ray Dicey and Peter Matson, for all their help in the past year. Also, to all department heads and the townspeople for all your support.

TROY HISTORICAL SOCIETY

The Society met regularly in Kimball Hall during 2002. Work days were held in the museum area to continue the process of cataloging, arranging, and organizing the displays and equipment. Many new donations of artifacts of local interest were added to the collection. The museum was open on the first Saturday of each month during the senior breakfasts so that the public could view the collection.

A trifold brochure was designed and mailed to every household in Troy and also put on display at various sites in Troy. The Society hopes to raise awareness of the museum and the importance of its collection and of the need for more of Troy's residents to get involved in its activities.

The telephone switchboard, formerly housed at the bank, was installed in the museum in a setting that replicates its original surroundings.

The old time living room display that was erected at the Troy Crafts Festival was well received by fairgoers.

New members are always welcome to attend meetings and volunteers are encouraged to participate in the Society's activities. Contact any of the people listed below for further information on how you can become an active member.

Prenatal care, hospice services, wellness clinics and child health clinics are also available to residents. Town funding partially supports these services.

**HOME HEALTHCARE, HOSPICE AND
COMMUNITY SERVICES**

FINANCIAL REPORT

The actual cost of all services provided in 2002 with all funding sources is \$252,012.00. These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurance, grants and patient fees. Services that were not covered by other funding sources have been supported by your town. In 2002, town support totaled \$1,962.00 for home care and \$1,576.00 for the Meals-On-Wheels program.

For 2003, we request a total appropriation of \$1,962.00 to be available for home care and \$2,869.00 for the Meals-On-Wheels program.

Thank you for your consideration.

INDUSTRIAL DEVELOPMENT AUTHORITY

The web page about Troy at <http://www.town.troy.nh.us> is supported by the Industrial Development Authority (IDA) and maintained by Bob Loy. This information source about Troy receives substantial attention; for example, a recent 3-month count showed 6053 hits, or inquiries logged. The listing of businesses in Troy continues to lead the list in interest, but tourist information and local history are not far behind.

The IDA has promoted the idea that useful and welcome improvement in business in Troy may be developed through promotion of tourism in the village. A Town approved creation of a brochure giving direction to attractions and services in Troy has been in planning for some time. Through the management and artistic talent of Marcia Press this project has been brought to completion. The map and background information in this circular will direct visitors to the attractions and services in Troy.

Bringing the Cheshire Railroad Depot into restoration has long been a central objective in the reach by the IDA for an improved tourist attraction. This project now will get under way in 2003, funded by a grant supported by the Transportation Enhancement program of the NH Department of Transportation. The goal is to restore the Depot to the state shown in surviving early 20th century archival records. Late 2003 should find the Depot serving as a tourist information center for those attracted by Troy, the old rail trail and the climbs of Gap Mountain and Mt. Monadnock. Use as a museum and community service center also will be welcome.

MONADNOCK ADVISORY COMMISSION

The Monadnock Advisory Commission is charged by the State of New Hampshire under R.S.A.258:1 to advise and guide the Department of Resources and Economic Development (DRED) on the management of their lands and leased lands of the Society for the Protection of New Hampshire Forests (SPNHF) and the Town of Jaffrey. The lands are located on Mt. Monadnock, Gap Mountain, and Little Monadnock Mountain.

For the past two years the Monadnock Plan Steering Committee, appointed by the Division of Parks, has met on a monthly basis to develop a Master Plan for Monadnock State Park and environs which would "balance the needs for recreation, conservation, education, and financial stability."

At a November 20, 2002 meeting at the Jaffrey Civic Center, this Steering Committee passed its plan on to the Advisory Commission for conclusion and implementation. In the early months of 2003 the Monadnock Master Plan (draft) will be made available for public comment on the WEB: www.nhparks.state.nh.us, in local newspapers, at MAC Town Offices and libraries, and at public information sessions. The final plan is to be completed by the end of June, 2003.

MONADNOCK FAMILY SERVICES

As you know, Monadnock Family Services (MFS) is active in your community, providing quality mental health services to anyone who needs them regardless of their ability to pay. As part of this mission, we feel it is important to let you know the extent of our work, and are pleased to give you the enclosed census report which outlines services provided to residents in your town during 2001-2002. Over the past year, MFS provided services to over 6,500 adults, children and older adults, of which 125 were residents of Troy.

Once again, MFS is asking for your financial support to help underwrite the cost of services we provide to the uninsured and underinsured individuals in your town. Based on figures from the 2001 population estimates from the NH Office of State Planning, we are asking for the equivalent of \$1.25 per capita, which for the town of Troy, amounts to \$2,478.75.

We ask for your continued consideration and support of our request. The cost to MFS to serve the uninsured has increased steadily with rising treatment costs and more people seeking subsidized services. The cost of serving the uninsured and underinsured residents of the Monadnock Region has averaged a half a million dollars annually for the past four years. United Way funds and town subsidies cover about a third of this significant expense. Our services to uninsured adults are further jeopardized as state regulations prohibit us from supplementing non-funded or under-funded services with state funds.

Your ongoing support of our work is deeply appreciated, and we hope that our partnership in caring for residents of Troy will continue. WE work very hard to keep our costs down, and to identify, whenever possible, alternate sources of funding for this population.

In addition to the census report, materials are on file in the Selectmen's Office describing the services we provide. If you have questions, or require more information, we will be happy to respond to you.

Again, your support is very important to us. By working together, we help ensure our communities are healthy and vital places to live, work and grow.

Thanks for your consideration.

Sincerely,
Ken Jue, Chief Executive Officer

PLANNING BOARD

The Planning Board had another very busy year with Subdivision Applications, Site Plan Reviews and the amending of the Water Resource Protection District Ordinance.

A number of new members came onto the board this year and two other members resigned. Ernie Descheneaux moved out of the area to warmer parts and Glenn Shattler left to assume the duties of Town Selectman. Our many thanks to both of them for their time and expertise, with a special thank you to Glenn for being the Chairman and for giving so much of his time and efforts. His experience, knowledge and dedication will be missed on the board. We also want to express our appreciation to Eric Twarog, our Southwest Regional Planning advisor, for all of his help and advice. His assistance and support has been invaluable on a number of tough issues and decisions that faced the board during the year.

The Planning Board meets the 1st and 3rd Wednesday of every month at 7:00 p.m. in the Town Hall.

Please feel free to attend any of the meetings and don't hesitate to come and see us with any Zoning Regulations questions you might have. We are here to assist you and are always open to new ideas and plans that will help shape the future of Troy and make it the town we all want it to be.

TROY POLICE DEPARTMENT

Hello,

My name is William H, Farnum Jr. the Interim Police Chief for the Town of Troy. I've been a Police Officer in Troy for 12 years. I've seen the police department budget increase over the past 12 years as you have. It's my job to prepare a budget for the FY 2003 for the Troy Police Department. This is not an easy task, due to the financial problems that we've had over the past couple years. Being in Troy for as long as I have, I've seen what is needed and what is not. Every thing asked for in the past has been needed to run the Police Department, this year will be no different.

In preparing the budget for this up coming year, I sat down and looked at each and every line item to see what will be needed for the FY 2003. I have seen the past couple years budgets that we're presented by Chief Busick. We have a very Professional Police Department and a good group of employees. They take their jobs very seriously and do it with pride. In doing the budget for this FY 2003, I will be trying prepare a budget that will minimize the financial impact on the town but still allow the Police Department to provide the services and programs our Town's people have come to expect. We all know that every thing is going up in price, and there is very little that we can do about it. This year has been no different.

There are some things that I have no control over, such as the increase in the Health Insurance that has gone up substantially. The insurance has gone up buy 43% (\$6758) from last year. Even the cost of our phone service has gone up every year. These are some of the things that I will have no control over.

I've looked at the last two years budgets to get an idea of the costs and the increases needed. The fluctuating and unpredictable fuel cost has caused me to increase the fuel budget. I know that the Police Department has not used what was appropriated last year for fuel. In the FY 2002, I was off patrol for two months and a part-timer officer took a leave of absence for two months. Then Chief Busick left for Swanzey. That left only me to patrol and do the Chiefs duties for five months. During this time there has been no one on duty, or a lack of patrol due to paper work. This has shown up as a saving in fuel usage. When we get through this tough time, there will be

regular patrols again. We can not just stop patrols or give calls to the State Police. They are under staffed and will not respond to calls in our town unless there is an emergency.

Another increase this year will be our Basic Phone Rate. The Selectmen's Office along with the Police Department has been looking for a cheaper phone rate. The rate we are at now, is the best that we could find. The last couple years we have gone over what has been budgeted, so I budgeted what is needed. As with all Municipal Departments Budgets, personnel costs comprise the largest percentage of the budget. Personnel are a Town's most precious resource. Each year you see the personnel cost go up, but this year it has gone down. This is do to changes in personal. We will still need to increase pay scales over the next couple years. Because if we do not, we will lose good personnel too higher paying Police Departments. We are not at the top pay scale nor are we at the very bottom. But if we do not stay up to date on pay, we will be just training personnel for other departments to take. We do not want to be changing personnel every year or so. This becomes costly to the Police Department, which in turn becomes costly to the taxpayers. If we hired a person to day, we would have to put him/her through an FTO program before going to the academy. The person would then be at the Academy between 12 and 16 weeks. While there we would have to pay that officer. This would happen each and every time; we would have to hire someone. You're probably thinking that we should higher someone that is already certified. It sounds easy but in reality, we do not pay enough to draw full-time certified officers. This is why we have to keep our pay scale in the area of the other departments starting pay.

This FY budget will not be in two parts. The regular budget and the revenue off set budget will be combined this year. This will make things much easier for everyone to see and under stand. The reason that the budgets were combined was to avoid confusion for everyone. There will be one bottom line figure now. The part-time Grant will run out on January 1, 2003. This means that I need to add the Grant amount to the regular budget for FY 2003. The Town is required to hold these Grant positions open for a period of three years from the date the Grant runs out.

Part Time Grant	15,000	Closed	
Police Professional Liability Offset	1,000	Closed	
Workers Compensation Offset	<u>250</u>	<u>Closed</u>	
 Total Police Department	 227,456	 234,162	

The Police Department Budget (\$234,162) shows an overall increase of 2.95% or \$6,706 for FY 2003. The increase in the items that I cannot control, i.e. Health Insurance, Postage, Basic Phone Rate, Computer Support and a few other items have contributed to increase the total budget. Payroll has gone down over all \$5,798, this is due to the Chiefs salary being less. There will be no Sergeants position if I'm appointed Chief of Police. The Part Time budget will be staying the same as last year, with the exception of the Grant running out.

My proposal budget for FY 2003 is the amount I project it will cost to provide the same level of services to our community. This is an overall \$6,706 increase from the FY 2002 total.

There are a couple things that I would like to explain. The Special Detail Salaries of \$7500 will only be used for special details that are out side the

Police Departments normal functions. Like the Pumpkin Festival Detail in Keene, Jaffrey Fire works Festival and other Road Details. Any money used from the Special Detail Salaries and the Special Overtime from Grants will be coming back to the Town. These two line items can not be used for any thing else other then Special Details.

Thank you for your consideration.

Interim Police Chief

TROY SENIOR CITIZENS

2002 was a busy year. We started the year with a pot luck dinner, picnic, and three dinners at East Hill Farm. Entertainment for the year included Swingers from the Keene Senior Center, Dave Aho, Fran and His Country Classic; and Dough Mealy gave a talk on her trip to El Salvador with young students. We did May basket exchanges; a yard sale; a food sale; Thanksgiving baskets were made up and delivered to a rest home; a Christmas Party at East Hill Farm with Santa, exchange of gifts, dinner, Ron Harry entertained while we ate; buffet breakfast first Saturday of each month, open to the public. Three trips were made. One was to a Lake Sunapee cruise with a buffet lunch. The second trip was to see the Platters and dinner at the Log Cabin. The third trip was to Bright Nights in December. Old Country Buffet was our lunch there, we shopped at Christmas Tree Shop, then from there we went to Forest Park to see over 350,000 lights. They were spectacular.

Once again we wish to thank the Selectmen and the Police Department and other businesses for supporting the Troy Seniors.

Donations were given to the Bridge of Joy and the Helping Hand.

Our meetings are the fourth Wednesday of each month, except April, October and December. Those three months are a East Hill Farm. Our meetings meet at Kimball Hall at 1:00pm. Anyone 50 or older may join. Lunch is served after meetings.

At this time, I wish to thank all the officers and senior members for giving their time and support of the Troy Senior Citizens while I was president.

Bertha Bergevin
President, 2002

PS - We also got the kitchen painted.

SOUTHWESTERN COMMUNITY SERVICES, INC.

We at Southwestern Community Services, Inc. wish to once again thank you for last year's appropriation for our agency.

As we have in years past, we are asking the local communities with which we work to consider a small appropriation to assist our outreach effort. Although our costs have risen, as have your I am sure, we are trying to keep our new request as low as possible, knowing that resources are limited.

An updated list of resources and services that Southwestern Community Services delivered to the residents of Troy during the past year is available in the Selectmen's office. We respectfully request that we be placed on the town warrant to ask the voters to appropriate the sum of \$3,075. This will allow us to continue the outreach and service delivery in Troy at the same level as in the past.

We look forward to continuing the excellent working relationship we have had with Troy over the past 36 years.

Sincerely,

*David W. Osgood, Deputy Director
Southwestern Community Services, Inc.*

SOUTHWEST REGION PLANING COMMISSION

The Planning Commission, with a service area covering 36 municipalities in Cheshire, Hillsborough and Sullivan Counties, is one of New Hampshire's nine regional planning agencies established by the State Legislature and the Region's towns. We continue to provide planning-related assistance to member communities and to represent the Southwest Region in state and federal programs. Our diverse work program covers activities including local planning assistance, natural resources planning, regional information systems & mapping, transportation planning, community & economic development, and hazard mitigation planning. We are funded through multiple sources including local membership dues. For each dollar in local dues, we've succeeded in leveraging six additional dollars to assist in meeting the needs of the Region and its municipal members. These resources provide the Commission the ability to assemble a professional staff which member municipalities have direct access to. Highlights of Commission activities for the past year include:

- Continued assistance to the Troy Planning Board,
- Created critical facilities database for emergency management purposes in Ashuelot River watershed,
- Provided assistance in preparing the application under the Community Development Block Grant program for a feasibility study pertaining to water and wastewater systems,
- Published the document entitled "Guiding Change: The Southwest Region at the Beginning of the 21st Century," representing development activities through several successful grant applications under the State's CDBG program,
- Completion of the Rt. 202 widening north of Peterborough
- Sponsor of several workshops including economic development, transportation, and resource protection
- Assistance in updating Master Plans for several Southwest Region communities,
- Assistance to the Region's towns with local hazard mitigation planning, and
- Continued progress in building a state-of-the-art information system for Southwest New Hampshire.

SOUTHWEST REGION PLANING COMMISSION

We continue to be available to assist you in your planning related activities - please don't hesitate to contact us if you have a project you would like to discuss. Thank you for your continued support of the Commission. We look forward to working with you over the coming year.

Sincerely,

Timothy P. Murphy
Executive Director

TRANSFER/RECYCLING CENTER

Not much has changed at the recycle center over the past year. The market prices are still down. The pay per bag system is running smoothly, but we still have a few people who try to sneak in a black bag.

We have a couple of special warrant articles to make improvements at the center, such as a three-sided building for the exchange table, a roof over the loading dock, and little roofs over the windows and overhead doors. Also, we would like to replace the three-wooden posts in the center with an I-beam; and add insulation in the main building.

I would like to thank the staff at the center. Rod and his crew have done a great job. Keep up the good work.

James E. Dicey
Public Works Director

In Memory of
Sidney Rollins

A faithful employee at the
Troy Transfer Station/Recycling Center
since 1995.

We will miss him.

WAR MEMORIAL RECREATIONAL PROGRAM

This past year the War Memorial Program got off to a rocky start due to the concerns of the possibility of pollutants from the Troy Mill dumpsite leaching into our swimming area. Thanks to a generous donation from Peter Paul (Peter is the son of Dr. Samuel Paul, one of the creators of the War Memorial Program), we were able to do weekly tests in our swimming area to ensure the safety of the children.

Among the many activities that took place at Sand Dam, the children also enjoyed movies at the Town Hall and swimming at Spofford Lake.

The job of the committee is to plan the season, prepare Sand Dam and hire the personnel to oversee the program. The committee is a volunteer organization made up of parents and other residents concerned about the future of our children. The members of the committee are:

Mark Drury
Ronda Fish

Cindy Satas
Jeff Smith

The continued success of our program is dependent upon the support of the community. If anyone would like to become a member of the War Memorial Program please contact one of the committee members.

Respectfully submitted,

Ronda Fish

TROY WATER AND SEWER DEPARTMENT

Sharon Ostrander took over the position of Water and Sewer Superintendent in April and David Johnson has continued as Assistant Water and Sewer Superintendent.

Corrosion control was started in June to reduce the drinking water's tendency to dissolve lead and copper in household plumbing. A round of lead and copper sampling was done in September and the results showed a dramatic drop in the lead and copper levels detected. Though the system still has not met the target levels of the Lead and Copper Rule, it is improving. Two more rounds of sampling will be done, one in the Spring and another in the Fall of 2003. Further adjustments of the corrosion control program will be made, if needed, based on the results from these sampling rounds.

To add to the permitted uses in the Industrial District any use authorized in the Village or Highway Business District (Article X).

Passed **Yes 185** **No 137**

Are you in favor of the adoption of **Amendment No. 6** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To reorganize Article XIII, Board of Adjustment, and add language that addresses new standards by which a variance is judged (Based on a January 2001 NH Supreme Court case) as follows:

- I. The zoning restriction as applied to his/her property interferes with his/her reasonable use of the property, considering the unique setting of the property in its environment;
- II. No fair and substantial relationship exists between the general purposes of the zoning ordinance and the specific restrictions on the property; and
- III. The variance would not injure the public or private rights of others.

Passed Yes 208 No 110

Are you in favor of the adoption of **Amendment No. 7** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To add a minimum of 600 square feet to the creation of a conversion apartment (Article XIII,D.2).

Passed Yes 193 No 132

Are you in favor of the adoption of **Amendment No. 8** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To increase the penalty for violations of the zoning ordinance from \$100 to \$275 per day, consistent with changes to the applicable statute (Article XIV,F).

Failed Yes 156 No 173

Are you in favor of the adoption of **Amendment No. 9** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To add a definition for “ vehicle” as follows: **Vehicle, Unregistered** - A motor vehicle that does not have the proper vehicle plate registration by the State of New Hampshire in order to operate on public roads.
