REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Brookline:

I herewith present my ninth annual report, the twenty-ninth in the series.

Teachers

A list of teachers is printed elsewhere in this report. I need comment only upon the changes, which were two in number. Mrs. Lizzie Steele in the Intermediate Room declined to serve longer. Mrs. Marguerite O'Neil in the Grammar Room transferred to another school.

Teachers' salaries have not kept pace with the increases in other lines. The average salary in New Hampshire of all school personnel, men and women, is now just under \$2,300; while the national average of industrial wages is about \$2,650. This comparison takes no account of the higher professional requirements for teaching. In one of the most progressive countries of the world, the average teacher receives about twice as much as the industrial worker and the training period is much longer. I quote the N. A. M. Congress of 1947: "We have placed in the hands of our school teachers one of the most important tasks confronting us—the job of making patriotic American citizens of our children. Let us set ever higher standards for our school teachers and pay them proper salaries for the important task we have entrusted to them." The C. I. O. and A. F. of L. have expressed similar views.

As the available supply of teachers is limited, I urge you to make funds available to adequately pay your teaching staff. The New Hampshire P. T. A. President calls attention to the small number of teacher college graduates and urges increased compensation. Retirement, marriage and other reasons may cause a hundred elementary grade openings in this State. Changes may result in a hundred other cases. Finances certainly will

not produce teachers if none are to be had, but will help if any desirable candidate is available.

Costs

Trends in school costs are upward. I give you the per pupil school costs for this Union, so that you may know the facts. Whether the upward trend is too little or too much, I leave to your judgment as you compare these costs with the costs of every other item in your living.

Elementary Grades 1-8

	1941-1942	1946-1947 Estimate
Amherst	80.76	103.74
Brookline	55.26	82.43
Hollis	89.70	116.67
Milford	76.95	107.26
Mont Vernon	132.95	154.64

High School Grades 9-12

Amherst	102.60	245.00
Hollis	124.64	220.00
Milford	77.42	180.00

Pupils

The Promotion of Pupils is an interesting study. Again listing the towns of this Union by number only, the results are:

Town	Promoted to	Trial	
	Next Grade	Promotions	Not Promoted
1	83.3%	5.8%	10.9%
2	90.0%	6.25%	3.75%
3	89.4%	5.3%	5.3%
4	88.5%	4.1%	7.4%
5	86.6%	6.7%	6.7%

The above refers to pupils in the first eight grades. Your town is number 2 on the above list. Last year comparable figures were 89.4%, 8%, 2.6%. There is very little change in the two years and points to no great problem in this regard.

Needs

As pointed out in years past, steps should be taken to eliminate the barbed-wire fence between the Daniels Academy playground and the adjacent property. The erection of a fence on the street side of both the Primary and the Grammar buildings would be a safety factor worthy of your consideration.

If the teacher situation remains as critical as it now appears to me, you may be forced to give serious thought to consolidation of the first six grades in the Daniels Building and transporting grades seven and eight to another town. This would eliminate one teaching position locally.

The new State Aid law contains a statement that aid is "for equalizing educational opportunity and improving the public elementary and high schools." It was not intended to reduce the cost to the towns, but to help them meet rising costs and to help them improve their services. In this Union of five towns, there are two school nurses working on a part-time basis. There are three music teachers on full-time or part-time work. There is no art or handwriting supervisor. This Union, through increased State Aid now available, could improve its services by employment of a full-time school nurse, a full-time music teacher or possibly two, an art teacher, and the employment of expert handwriting service on a part-time basis. These items should be union-wide and as a unit. We need integration of efforts without dulling the endeavors of any individual community. There are now too many people concerned with the program to affect too definite a responsibility. As the superintendent has influence in all the Union, so should the field workers who work under his guidance and direction.

Gratitude

Again I am very grateful to all who have contributed to the success of the school. I pay especial tribute to the

teachers and to the School Board. An admirable spirit of cooperation has pervaded all our efforts.

Very respectfully,
 HAROLD C. BOWLEY,
 Superintendent of Schools.
