REPORT OF POLICE CHIEF

This year we have found a tremendous increase in the activities of this department, which was called upon 464 times for its services. This department shows a rapid growth in most every facet of duty it performs. I need not tell you of the increased need for police protection, due to the fact that larger police departments are expanding and improving facilities, which tends to drive the offenders farther away from the larger cities and towns into the smaller towns. Therefore we need all the good will and assistance the Town and its People can give us to keep Your Town as free of trouble as possible. The efficiency of the department was greatly improved with the addition of a second two-way radio. We have also enjoyed the services and cooperation of all law enforcement agencies of the State and their cooperating alliances.

I would like to take this opportunity to thank my officers, the Board of Selectmen and especially the citizens of Candia for their assistance and facilities they have provided to make this department's job easier, thus making Your Town an orderly, safer and more enjoyable place to live in.

Respectfully submitted,

ROBERT A. BAKER SR.
Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

FIRE RECORDS

Fire records are made by people—those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966).

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us: (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres—a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important—Instruct your children that matches are not play things.

SUPERINTENDENT'S REPORT

The continued scarcity of teachers, the increased number of pupils, and the spiral of inflation all cause increased educational costs. As one of the "most needy" of school districts Candia must have more state aid. This year Candia receives \$69,985.94 in foundation aid, about \$5,000 more than last year. If the law now on the books were fully implemented, Candia would receive \$123,760.37 in 1967-68. Another amount of \$8,005 is now received as one of the 20 most needy districts. This is not part of the State Board of Education's program, has always been a special appropriation by the legislature, and could easily be lost. Every effort must be made by the people of Candia to see that state aid is increased considerably so that the property owner does not carry all the burden of increased costs. This is a legislative year and all of us should be active to see that legislation favorable to Candia is passed.

A Title III project sponsored by our supervisory union, but under the direction of the Manchester Institute of Arts and Sciences, has been funded with \$96,600. Candia has already participated in this and will continue to do so for the rest of the school year. In addition to this, we expect the other project, the Psychological Service Center for Pre-School and Primary Grade Children for Rockingham County, will be funded and put into operation sometime this spring. I believe it safe to say that not many school districts in the state will be participating in two Title III projects.

We hope we may have your usual excellent support for your schools.

Respectfully submitted,

C. MAURICE GRAY,
Superintendent of Schools
