## TOWN WARRANT

---

### THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the Town of Derry, qualified to vote in town affairs:

You are hereby instructed to meet at the Veteran's Memorial Building in said Town on the second Tuesday of March next, at ten o'clock in the forenoon to act upon the following subjects:

1. To elect one selectman for three years, four delegates to the Constitutional Convention, Town Clerk, Collector of Taxes, Library Trustees, Trustees of the Trust Funds, Auditors, and all other necessary Town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, for building and repairing bridges, for the maintenance of trunk line and state aid roads, for the suppression of moths, for the police department and municipal court, for hydrant service and electric lights, for salaries of town officials, for the Board of Health, for the expense of town halls, for the support of libraries, for payment to the sinking fund, for state and county taxes, for the use of Upton Post No. 45, G. A. R., for aid to the Derry Visiting Nurse Association, for play ground purposes, for cooperating with the state and federal governments in control of the white pine blister and for all other necessary charges arising in said Town and pass any vote relating thereto.

3. To see if the Town will vote to raise and appropriate a sum of money for the purpose of cooperating with the state in the permanent improvement of its highways in accordance with the provisions of chapter 84 of the Public Laws entitled "State Aided Highways" and pass any vote relating thereto.

4. To see if the Town will vote to authorize its selectmen to borrow money in anticipation of taxes on the negotiable notes of the Town and pass any vote relating thereto.

5. To see if the Town will direct the Collector of Taxes to allow a discount to all persons paying their taxes within such period as the Town shall limit, to fix the rate of such discount, and pass any vote relating thereto.

6. To see if the Town will vote to raise and appropriate the sum of two hundred and fifty dollars for the Derry band, and pass any vote relating thereto.

7. To see if the Town will vote to discontinue a section of Tsienneto Road extending from the fork in the road beyond the W. Palmer place to the English Range Road, and pass any vote relating thereto.

8. To appoint any necessary committee on any article embraced in this warrant.

9. To see if the Town will vote to issue serial notes or bonds of the Town to an amount not exceeding forty-four thousand dollars for the purpose of refunding an issue of three and one-half per cent water bonds amounting to forty-four thousand dollars becoming due November 1st, 1930; to fix the kind and denomination of such notes or bonds; the time and place of payment, the rate of interest and the time when such interest shall be paid, and the manner of payment, all to be done in accordance with the provisions of the statutes of New Hampshire and in accordance with the special provisions contained in Chapter 235 of the Laws of 1927, and pass any vote relating thereto.

10. To hear the reports of agent, auditors and committees heretofore chosen and pass any vote relating thereto.

Given under our hands and seal of the Town of Derry this 24th day of February, 1930.

RALPH C. CARPENTER,

WILLIAM NELLER,

L. H. BAILEY.

Selectmen of Derry.

A true copy of Warrant—Attest:

L. H. BAILEY,

WILLIAM NELLER,

RALPH C. CARPENTER,

Selectmen of Derry.

## DERRY PUBLIC LIBRARY

To the Trustees of the Derry Public Library:

The 25th annual report is herewith presented:—

The past year has been a busy one. Gains in our circulation began the first month and have been made every month except June. The largest gain was in the month of January, when 5,805 books were circulated, a daily average of 223. The total years circulation is 50,340 a gain of 4,166 over the previous year or of 8 per cent. And while the circulation records seem to be the easiest way to show the years work they by no means tell the whole story. Never a day goes by during the school year but the reference books are used. Often whole classes are sent to the library for this material and we will have from ten to twenty young people with pencil and paper taking notes or, waiting for some reference book which does not leave the library. No record of this use of the books is kept but nevertheless it is an important part of the library work and considerable time is employed helping these students and keeping them in order.

The Reading Room is seldom vacant and during busy hours it is not unusual to have nearly all the chairs occupied both in the adult and children's room. Supervision is constantly needed at these times as many young people use the library for a meeting place when books are not their chief interest. At times the noise outside the building has been very annoying and the special police have been appealed to. This has helped temporarily but I believe that police supervision should be provided during at least part of the evenings and that this service would assist in making the library reading room a more attractive place for the adult reader.

During the year two exhibits have been held in the library, sponsored by the Derry Woman's Club. The first was on New Hampshire products and was visited by about 1,000 people. The other was a showing of flowers raised in Derry gardens. This attracted about 800 people. In each instance the reading room was given over for three days for the display. The library seems a fitting place to further community spirit by such exhibits and we were glad to co-operate with the Woman's Club by providing a place to hold them.

Last summer Mrs. H. F. McGregor sent us from her home in Texas a beautiful table with the McGregor coat of arms carved at each end. We appreciate this gift very much. The table has been placed in a conspicuous place in the center of the reading room and is much admired.

We have purchased the past year a new filing case for mounted pictures. This was put into immediate use to the great convenience of the school teachers as the pictures are now much more carefully classified and arranged in a manner to make them more easily located. We also purchased a speedograph by which we have been able to furnish monthly lists of the new books to our patrons both adult and juvenile, at a minimum cost.

During the summer much of the woodwork inside the library was refinished and the pilasters were painted. This has put the interior with the exception of the floors in good shape. The floors should be gone over in the spring, the one in the children's room being in bad condition. I should recommend a linoleum or similar covering for this room as it has hard and constant use.

Gilt lettering has been placed on the outer front door giving the hours when the library is open.

The special seasons of the library year have been observed as in former years but with new features each year. The Vacation Reading Club had 35 members, 28 of which received diplomas for completing the course of ten or more books from the prescribed list.

Children's book Week was featured by a Book Character Contest in which 22 questions were answered by characters in children's books. The books were all from the list issued by the U. S. Bureau of Education and these lists were distributed and have influenced the reading for good of some of the children.

The town schools have all been visited and collections of books have been sent to four district schools.

Your Librarian and both assistants attended in part the annual sessions of the New Hampshire Library Association held at Concord. The library was also represented at a neighborhood meeting in Nashua.

I submit the following statistics;

Respectfully submitted,

ELSIE GASKIN,

Librarian.

Another year has come to a close and in submitting our annual report would say this has been our banner year. We have had the largest circulation, showing a gain of eight per cent over the previous year.

The Library is used more and more by the students in connection with their studies, and with the efficient aid of our librarians is of great assistance to them.

The usual replacements have been made from time to time with the popular books of the day.

The increasing use of the Library calls for larger expenditure, which means it will be necessary next year to add new book cases to care for the larger supply of books. The appropriation should be increased if possible to meet the demand.

The necessary painting of the interior has been done and the property is in good condition.

We have lost two members during the past year,

Mrs. George D. Gilcreast by death and the resignation of Mrs. Lena T. Beardsley, who has moved from town.

We would extend our sincere thanks to our efficient librarian and her able assistants for their faithful work during the year, also wish to express our appreciation of the willingness of the local press in publishing items of interest and lists of the new books from time to time.

#### REPORT OF TRUSTEES OF THE TAYLOR LIBRARY

The year is marked by the most important event for the Taylor Library since it was founded fifty two years ago.

Frederick J. Shepard, Jr., has built and will present to the town, a very attractive brick library building, modern in every way. The books were transferred in the latter part of the year.

Miss Cora L. Bachelder, our librarian for nineteen years, tendered her resignation in October, on account of ill health, but the Board of Trustees gave her a leave of absence for one year to regain her health. Mrs. Annie B. Shepard took over her work and proceeded with the work of moving the books and cataloguing them in the most approved manner, for which service she deserves and has our sincere thanks.

The reports of the Treasurer and Librarian will be found on another page. We feel keenly the need of a larger appropriation in order to keep the new building in proper condition and the library supplied with desirable books.

We take this opportunity to thank those who have donated books and other reading matter, and especially the donor of our new building, to be known as The Shepard Library Building; also the other members of the Shepard family, who so generously contributed the furniture.

Respectfully submitted,

L. WINSLOW EMERSON, President,

Gratuitous service after the resignation of the Librarian made a material reduction in the yearly

expense of operating the library which cannot be counted on for the coming year, and the cost of insurance will be materially increased, which makes an increase in the town appropriation exceedingly desirable, if the library is to properly carry out the intentions of the donors of permanent funds and the recently erected building for the library's future home.

#### REPORT OF LIBRARIAN

The library began the year February 2, 1929.

The work of classifying the books and making a card catalogue was taken up in the summer under the direction of Miss Alice T. Rowe, a trained librarian assisted by Mrs. Annie B. Shepard and others. This work is still going on.

There are many worn-out and obsolete books which will be discarded and it is impossible to state the exact number of books in the library until the catalogue is finished.

On December 14, 1929 the library was opened for the last time in the old room in the town-house which it has occupied ever since its opening in February 1878. It was then closed to allow time to move the books across the street and arrange them in the new Shepard building, where it was reopened January 11, 1930.

Number of bound volumes reported at beginning of year	9,161
Number of bound volumes purchased	91
Number of bound volumes added by gift	27
Number of magazines currently received	12
Number of bound volumes lent	2,697
Number of unbound magazines lent	440

This is to certify that I have examined the books and other financial records of the School Board of Special School District No. 2 of which this is a true summary for the fiscal year ending June 30, 1929 and find them correctly cast and properly vouched.

J. B. BARTLETT, Jr.

Auditor.

July 12, 1929.

TO THE DERRY SCHOOL BOARD:

I take pleasure in presenting to you my tenth annual report as superintendent of schools.

The School Board is to be congratulated that the work of the schools is progressing in a commendable way, considering the facilities at hand for the work. Last year the number of teachers was reduced by one, thus saving the expense of one teacher in the lower grades. On the other hand the junior school has grown sufficiently to warrant the services on an additional teacher. The total enrollment of the schools has not changed much during the past three years. The membership at present is eight hundred and twenty. The enrollment is now somewhat greater than it was at the opening of schools last fall.

Previous studies of the school system have shown much moving in and out of town. There are many people who dwell here because they believe conditions of living are favorable even if they work in other places. These problems affect the state of the school system and need to be studied closely to determine its needs.

Further progress was made last year in reducing the amount of retardation in the schools. The percent of pupils retarded has been reduced the past

five years from forty percent to twenty-five percent. Possibly this figure could be further reduced by increasing the teaching power and further efficiency measures. Such measures, however, become increasingly difficult as new methods and materials are added and the upkeep becomes increasingly difficult.

Owing to the vote of the district to limit the size of the town report, I am printing little which bears upon the needs and general growth of the school system. The tables which record the tests in arithmetic, map study, geography, English dictation, vocabulary tests, spelling, reading, history, and science, and tests given this month in capitalization, punctuation, grammar, and sentence structure are not printed in this report. The chronological age-grade table and the mental age-grade tables on which the work in the reduction of retardation has been based are also omitted. These tables were very valuable for teachers' use and were in convenient form for ready distribution when they were included in the town report. The teachers regard such measurements as the most valuable of aids in supervision.

The study in English recently made shows that our English is strong in the first six grades but weaker in the seventh and eighth grades. Undoubtedly this is due to the heavy teaching load borne by one teacher in the junior school. A division of the load in teaching the English in the junior school is recommended. I recommend the employment of an extra teacher in English in the junior school. This teacher may assist in one or more other subjects.

Owing to the fact that limitations have been placed on the length of this report, I am omitting many comments of public interest that I have made orally or in report form to the School Board. These reports,

however, are available to those who are interested sufficiently to come to the office of the school department and inspect them.

I wish again to take this opportunity to express my appreciation of the many and valuable services contributed by the School Board in the cause of education and their hearty co-operation in the work of the schools.

Respectfully submitted,

CARL COTTON,

Superintendent of Schools.
