TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hebron, in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Hebron Community Hall on Tuesday, the thirteenth of March next at nine of the clock in the forenoon to act upon the following subjects:

1. To choose all Town Officers for the year ensuing.
2. To see what sums of money the Town will raise and appropriate for the ensuing year for expenditures enumerated in the proposed budget appearing in the Town Report. Copy of the budget is attached to the posted Warrant.
3. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
4. To see if the Town will vote to give two per cent cash discount on taxes if paid fifteen days from date of tax bill.
5. To see if the Town will authorize the Selectmen to sell property bought by the Town at Tax Sale.
6. To see if the Town will raise and appropriate \$100.00 for the Hebron and Groton Athletic Association to be used specifically for the improvement of the ball field.

**THE FOLLOWING ARTICLES WERE ADDED
TO THE POSTED WARRANT:**

By request of the Fire Department:

Article 8. To see if the town will vote to raise and appropriate the sum of \$25 to match an equal sum of \$25 to be received from the State for the purpose of clearing brush from back roads and trails.

By request of Alan Esty, representing George Gibbs, Sarah Youngman, Philip Hazelton and Norton Braley, Beach Committee:

Article 9. To see if the town will vote to instruct the Trustees of Trust Funds to pay over the Memorial Beach funds to the Beach Committee upon their request.

Article 10. To see if the town will vote to allow the Beach Committee to purchase beach property other than the Hassan property, and to instruct the Selectmen to borrow \$7,000 or as much thereof as may be necessary to add to funds available.

7-a To see if the Town will vote to adopt a plan for extending to employees of the Town the benefits of title II of the Federal Social Security Act (Old Age and Survivor's Insurance) as authorized by Chapter 101 of the Revised Statutes Annotated Amended by Chapters 301 and 332 of the Laws of 1955 and to raise and appropriate the sum of \$65.00 to defray the town's share of the cost thereof.

7-b To see if the Town wishes to exclude from the plan services in any class or classes of positions filled by popular election.

7-c To see if the Town wishes to exclude from the plan services in any class or classes of positions the compensation for which is on a fee basis.

7-d If a plan for Social Security coverage is adopted, to see if the Town will authorize the selectmen to execute on behalf of the Town the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the Town will designate the Treasurer as the officer to be responsible for the administration of the plan.

8. To transact any other business that may legally come before the meeting.

Other articles may be added before the Warrant is posted.

Given under our hands and Seal the 8th day of February in the year of our Lord, nineteen hundred and fifty-six.

NELSON C. ADAMS,
SYD HUCKINS,
FOSTER F. McCLELLAND,
Selectmen of Hebron

VIRGINIA S. McCLELLAND,
Treasurer

The library is opened Saturday afternoons. Approximately one thousand books and magazines were circulated. Of the one hundred and three new books added a few were gifts, the rest purchased from the library and Bancroft funds.

The bookmobile leaves books for school and library.

An 1860 Grafton County Wall Map was given the library by Miller Bestick and Rev. Walter Brockway gave papers and maps of historical interest to the town.

AQUILLA M. ADAMS,
Treasurer

REPORT OF STATE HEALTH OFFICER

The following is a report of activities carried on in the town of Hebron for 1955, by the N. H. Department of Health, Bureau of Public Health Nursing.

The children of the first and second grades had the opportunity of receiving the Salk Polio Vaccine at Plymouth Clinics conducted in May and October of 1955. Three children took advantage of this opportunity. Arrangements were made for transportation by the School Officials and the School Nurse. The clinics were sponsored by the National Polio Foundation and conducted by the N. H. Department of Health with the cooperation of School Officials and the School Nurse. Many thanks to all who cooperated to help make this program a success.

Home visits have also been made in the town to infants and preschool children.

Respectfully submitted,

LOIS W. BARTON, R.N.,

Public Health Nurse

N. H. Department of Health

Plymouth, N. H.

January 16, 1956

REPORT OF TOWN AUDITORS

On January 21st we examined all books and accounts of the Town Officers in the Selectmen's Office in Hebron.

All vouchers were checked with the Selectmen's Receipts and Payment Book. All voucher numbers were accounted for and each voucher had attached invoices, time sheets or other supporting evidence. The Treasurer's accounts were checked and found to be properly signed and in good order. The bank balance was reconciled with the Cash Book balance. The Clerk's accounts were checked. The Tax Collector's accounts were checked and spot checks made on the Tax Books and Blotter. The bonds of the Town Officers, Trustees of Trust Funds and all insurance policies carried by the Town were examined and found to be in order.

All Town Books were found correct and the Town Audit Report was filed with the State Tax Commission as required.

NORTON W. BRALEY,
JOHN MERRILL,
Town Auditors

School District

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hebron qualified to vote in district affairs:

You are hereby notified to meet at the Community Hall in said district on the 6th day of March 1956, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate the sum of \$200, the same to be made immediately available.

10. To see if the school district will vote to raise and appropriate a sum not to exceed \$2000 to send the 7th. & 8th. grade pupils to the Bristol schools.

11. To transact any other business that may legally come before this meeting.

Given under our hands at said Hebron this 15th day of February 1956.

SUPERINTENDENT'S REPORT 1955-56

We wish again to emphasize the most serious shortage of teachers who are qualified through either training or successful experience, or both, and to quote material based on a study financed by the Ford Foundation for the Advancement of Education and written by Mr. Beardsley Ruml and Sidney C. Tickton, noted business men. The demand for teachers is great and will increase for years to come because: (1) The total number of births during the depression years was relatively very small (the present college age group); (2) 1954 produced the biggest crop of babies yet with over 4 million being born in comparison with less than 3 million in 1944; (3) In the next 10 years we will need to recruit three new teachers for every two now employed; (4) It would take half of all college graduates for each of the next 10 years to meet this demand; (5) We have now 9,200,000 pupils in the 14-17 age level but in 1965 there will be 14,200,000! The above constitute basic facts, the foundation of serious troubles, and can not be changed. These in themselves create a tremendous shortage of teachers, making a very restricted economic supply of a scarce commodity and resulting in an increasing market value of the same,

higher salaries. Adding to this shortage and increased demand due to increased number of pupils we have a rising salary level in the field of industries as shown below:

Average Wages 1953

Workers auto manufacturing	\$4947
Coal mining	4198
Electrical machinery	3956
Telephone operators N. Y. Tel. Co.	3224
Teachers big city high schools	5526
Teachers small city high schools	4292
Teachers small city Elem. schools	3682
Teachers small town Elem. schools	3190

From this it can be seen that there is little incentive for a pupil to spend four years, or more, of his life, and a considerable capital investment in a vocation paying less than jobs in industry which pay as you learn. Earning over \$10,000 per year were 41 per cent of the physicians and surgeons, 28 per cent of the lawyers and judges, and 24.6 per cent of the dentists, and .95 per cent of the teachers.

Why does anyone enter the teaching profession today? What are these basic figures going to do to every salary paid any teacher in the years to come? No amount of unfavorable publicity or unkind belittling thinking can change the demand for teachers caused by children already born and who will be educated during the next 20 years.

Much is being written about the poor quality of education of today and most of it implies great superiority of past educational systems. How did we get into such dire circumstances, if we are in them, when the situations of today are the results of a supposedly superior educational system of previous generations? Certain it is that those now in school and yet to go to school can not be blamed for circumstances due to their parents and grandparents. We are trying to blame the newly born for errors of our own, and past generations, which errors actually may not be very great anyway. Somehow or another the people of the United States past and present, (and future, I'm sure) have given an account of themselves unmatched, and universally envied. We might ask, "How good can we get?" The answer is, of course, "Better." That's the premise we work with, and always will, but to do so and keep some small degree of sanity requires a judicious omission of much that is being popularized at the moment. For instance, reading is taking a "panning" at the moment (it was history a few years ago and it will be either math or spelling in a year or so.) Most of what is being written assumes that we know nothing about two things: (1) How to teach reading; (2) What results we are now getting.

Let's look briefly at results of nationally standardized tests given every year in Union No. 4. To avoid exact identification we will assume the grades taken to be fictitious although the figures used are basically correct. Twenty-four out of 35 in grade 6 scored above grade level in reading last April with the highest level above grade 10; 12 were at the 8th grade level or higher. In grade 5 fifteen out of 30 were above grade with 8 above grade 7. More of the same could be quoted based on recorded facts but let's reverse the figures and say that 15 out of 30 were below grade level, which is true. Popularly these are the ones that get into print! But let's go one step further and say that the abilities of the pupils in this grade vary from border line feeble-mindedness to high superiority, but none near the genius level. We are speaking here of those abilities necessary to acquire a high degree of reading ability or academic achievement. We are not considering mechanical, social, artistic, musical, or any number of other abilities. In summary we can say that our results are as anyone acquainted with human beings knows deep down in this heart and secretly admits to his conscience: an average grade will test average in accomplishment with bright pupils achieving brilliantly and dull ones doing below a standardized level with exceptions both ways occasionally thrown in for good measure; a mathematical average, whether of business profits or grade achievements, is composed of all elements both good and bad. Schools have one great handicap from the viewpoint of achieving only top quality results: We can not give the "pink slip" to those not improving our product! We might add here, in view of some recent publicity nationally, that it takes a mighty smart youngster with exceptional ability in mathematics to become an engineer; just requiring all pupils to take four years of high school math is not going to automatically produce atomic scientists but will produce an amazingly large number of flunks in high school!

Some years ago the "better" schools were de-emphasizing marks to such an extent that those of us who were still "old-fashioned" enough to cling to them were

just not accepted as being quite normal! A recent article has been written stating that marks are very much in style, are perhaps being stressed too much not because of not being in step with modern trends but because so many scholarships are being offered putting a very high premium on marks and slighting those which may have other abilities equally important, or more so, than those necessary to achieve good grades. And so the educational pendulum swings in another arc! Past performance is still one of the best indexes we have to predict future success.

The last legislature increased state aid to needy school districts from \$900,000 to \$1,200,000 which when read one way is a 33% increase but when looked at from another angle is a mere \$300,000 hardly enough to build a high school for 150 pupils. When the tough educational problems facing us, and some are in Union No. 4, are carefully analyzed this is a very small amount of money when compared with what some of us believe will be eventually necessary to even partially meet our educational needs. Canaan received \$19,400 of state aid; Danbury \$8,143; Alexandria and Orange some few dollars over \$1,000. The first two are significant amounts but are small when compared with present and future needs (particularly the latter). Even towns not receiving aid at present, and who may never under a formula based on need as measured at present, may well require significant amounts of aid to meet future needs including salary spirals. The local real estate tax should not be expected to meet all of these costs and the state with its different sources of tax money will be required to help more and more or the federal government will be forced into educational fields because of its biggest source of revenues, the individual income tax of which New England contributes a share far in excess of its population. We are now paying for federal projects benefiting other sections of the country and should not be too squeamish about getting more of it back here, at least for capital improvements for schools, flood control and like projects. We believe in local control of education, the least amount of state control, and no federal control, if pos-

sible, but, at present, we can not foresee the local unit being able to increase its contribution indefinitely, foresee the state as being reluctant to be financially realistic in its educational obligations, and only a hodgepodge of ideas at the national level. A state building aid bill was passed providing aid beginning with the school year of 1956-57 provided funds become available. This would pay up to 20% of outstanding debt for a current year of buildings approved by the Department of Education. It seems unwise to plan on receiving much from this source because it is too indefinite. This bill marks a step up in the right direction and we have hopes of its increasing in future years. Educational costs are bound to increase very materially in the years to come due to the pressure of more children, if for no other cause.

Respectfully submitted,

C. MAURICE GRAY
