The year of 1971 has been a busy one at the library. We have welcomed many new readers.

In February we were hosts for the Book Buying Meeting of this area. Librarians and trustees in this district were invited. Mr. Ralph Riley, District Consultant and Mr. John Wright, Bookmobile Supervisor were present and gave Book reviews.

National Library Week was observed in April with the emphasis on Ecology. The Conservation Committee of the town were special guests. Mrs. Carol Brown, State Library Consultant, visited us during this special week.

The art exhibits arranged through the kindness of Mrs. Katherine Grimes of Stinson Lake are a great point of interest each summer. Several hundred people came to view her work and we thank her for her thoughtfulness in sharing her paintings with us.

The Summer Reading Club for the boys and girls was held during July and August. "Dive into Summer with Books" was the theme. Many participated and were rewarded at the close of the contest with prizes and a party.

A special thank you to Mary Jo Simpson who volunteered so many hours in helping us during the busy summer months. We appreciate this gesture on the part of our young people.

Your librarians have taken two 10-week courses this past year. One was on Children's Services and the other on Book Selection.

Movies were held 4 times during July and August for the young people.

Patronage of the library is increasing each year. The Bookmobile is a great source of help with new books for all ages and the addition of Spoken Word Records. Also the Large Print books from the State are very popular.

The world of books is exciting. Are you missing out on this excitement? You are fortunate to have a fine library in your town—won't you visit us real soon?

REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

LEST WE FORGET — IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong, dry, hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellarholes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947; nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand—a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic be sure open fires are allowed and if they are, put them dead out when leaving.
4. **Most Important**—instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year—1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered to ask others to heed Smokey's message.

Number of fires reported and acres burned—1971 season:

REPORT OF THE TRUSTEES OF TRUST FUNDS

As of December 31, 1971

Five new funds have been established this year and additions have been made to the five existing funds, so that your Trustees are now administering 200 funds.

Our income has remained almost the same as last year due largely to the lower business activity during the year which has depressed stock prices and dividends and the fact that we are distributing this income over a larger number of funds.

Our stock portfolio remains the same as last year i.e.:

1828 Shares Puritan Fund	Market Value Approx.	\$19,358.62
1250 Shares Keystone K-1	Market Value Approx.	10,375.00
784 Shares Keystone B-4	Market Value Approx.	7,103.04
9.35 Shares Broad Street	Market Value Approx.	136.41
		<hr/>
		\$36,973.07

The market value of these shares varies from day to day, some having advanced since this report and predictions are that 1972 will see much better results.

We have funds in six New Hampshire banks amounting to about \$21,446.75

This figure is approximate due to the fact that although we have requested information, some banks have not given us the information when this was written and the bank books are in a safety deposit box and not available to the bookkeeper at this time.

Reported Assets \$58,419.82

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Rumney in the County of Grafton and State of New Hampshire qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said district on the fourth day of March, 1972, at 7:30 o'clock in the afternoon of said day to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

3. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

4. To see what sum of money the District will appropriate to construct, equip and furnish an addition to the existing Russell School and to raise the same by borrowing on the credit of the District through the issuance of bonds or notes of the District in accordance with the New Hampshire Municipal Finance Act and any other enabling legislation.

5. To see if the District will vote to authorize the School Board to apply and expend for the construction, equipping and furnishing the addition as described in Article 4 hereof, any interest earned on proceeds of the sale of any serial bonds or notes in connection with the project.

6. To see what sum of money the District will vote to raise and appropriate for the support of public schools and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from State Foundation Aid Fund, together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the application to be raised by taxes by the Town.

7. To see if the District will raise and appropriate the sum of One Thousand Eight Hundred Seventy Dollars (\$1,870.00) to provide Special Education services for the school.

8. To see if the District will vote to authorize the School Board to make application for, accept and expend on behalf of the District any and all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or the United States.

9. To transact any other business that may legally come before this meeting.

Given under our hands and seals this 17th day of February, in the year of our Lord Nineteen hundred and seventy-two.

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

Most of the teachers in the Russell School are currently participating in an ESS Science Institute sponsored by Plymouth State College through the aid of the Spaulding-Potter Charitable Funds. These teachers spend three hours each Monday evening for the purpose of:

1. strengthening their background in science
2. learning how to use the ESS materials

We will implement this program in the Fall of 1972. The students will have the opportunity to avail themselves of an outstanding science program.

Three weeks of educational workshops were held in Plymouth prior to the opening of school and some of your teachers participated. The primary emphasis was placed on reading instruction. We are planning to hold one week of in-service training for all teachers prior to the opening of school next Fall.

The results of our new S. R. A. testing program indicate we have a serious problem in grades 7 and 8 except in the area of mathematics computation. The following areas are far below acceptable levels of performance:

Reading - comprehension and vocabulary

Language Arts - grammatical usage and spelling

Mathematics - concepts

Social Studies

Science

Use of Sources

In my opinion, buildings by themselves don't make good schools but the learning conditions in the present grades 5 - 8 are deplorable. The teachers in grades 7 and 8 are forced to share the cafeteria with the hot lunch program. Due to an unusually large combined 5 and 6 grades we have found it necessary to acquire the services of an aide for the morning sessions. This aide works with the students in one grade while the regular teacher is free to work with just one grade. This obviously gives the youngsters a better chance to learn.

If the present conditions are permitted to exist next year, I feel certain many more youngsters will fall behind in their education to the extent they may never make it up. Many of the present 8th graders are over a year behind. It has been said that Rumney usually has some students at the top of the class in the Plymouth AREA High School so we must be doing things correctly in the Russell School. What happens to the other 99%? Some have said the teaching is not up to par. This is not true, the teachers as a whole work very hard.

A new mathematics program has been introduced in grades 1 - 6 this year and it is working very well. We will include grade 7 in this program starting next Fall and grade 8 the following year.

A new teaching position was added this year. This venture has prevented the necessity of putting two grades under each teacher, a very undesirable learning situation for many students.

As in many schools there are many students in the Rumney School who need the services of a special education teacher. Six of the seven school districts which comprise Supervisory Union No. 48 have decided the top priority for additional services to students is special education. The following is a list of functions for the special education teacher:

1. Diagnostician
 - (a) Individual Psychological Testing (I. Q.)
 - (b) Achievement Tests
 - (c) learning problems
 - (d) recommendation to teachers
2. Resource Person
 - (a) Coordinator of services available within the State
 - (b) Assist teachers with problems; i. e., set up programs in behavior modification, etc.
 - (c) Obtain and disseminate materials for teachers to use
3. Tutoring
 - (a) When possible work with accurate problems
 - (b) Coordinating use of college students
4. Develop and conduct workshops for teachers on an in-service basis

Hopefully this teacher will be able to coordinate the special education activities with a physical education program as several learning disabilities are best corrected by such a cooperative approach.

The Rumney School Board has worked extremely hard to present the facts concerning the need for an addition to the Russell School. It is now up to you as the responsible citizens to determine the kind of education you want Rumney children to have. Hopefully your decision will be in favor of the children.

Respectfully submitted,

N. Kenneth Smith

Assistant Superintendent of Schools

EXPLANATION OF SUPERINTENDENTS' SALARY

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent and Assistant Superintendent of Schools as per the following quotation: "Reports. Each superintendent salary paid to the superintendent, showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrators, if any is in service in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$14,500, which was received by the superintendent of schools of Supervisory Union No. 48 during 1970-1971 was made up as follows: \$2,500 paid by the State of New Hampshire and \$12,000 was prorated among the several School Districts. Allowance for \$1,000 travel within the Union was also prorated as stated above.

The salary of \$12,000 for the assistant superintendent during 1970-1971 was made up as follows: \$2,700 paid by the State of New Hampshire and \$9,300 was prorated among the several School Districts. Allowance for \$1,000 travel within the Union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

REPORT OF THE SCHOOL NURSE

One day of each school week is spent at Rumney.

Heights, weights, routine vision and hearing tests, health conferences and assisting parents with medical doctor follow-up appointments is a part of routine health work.

First Aid supplies were furnished at a minimum cost through the efforts of the staff of Sceva Speare Memorial Hospital.

Health community resources, the aid of welfare workers, specialized clinics, our local hospital and the aid of doctors has been a coordinated effort for all students.

Forthcoming for the Russell School is a health teaching program, a change in health requirements for 1st grade entrants, a routine physical for everyone working with students, a screening dental program at the New Hampshire Technical Institute in Concord, and a dental consultant, Dr. Allen Naves.

It is a pleasure to assist the Russell School in working for better health for all students.

Respectfully submitted,

BLANCHE A. MacDONALD, R. N.

Supervisory Union Nurse

**REPORT OF THE PRINCIPAL
RUSSELL SCHOOL**

There are two new faculty members this year, Mrs. Carlene Fish and Miss Helen McDowell. Mrs. Fish teaches the 4th grade while Miss McDowell teaches the combined 5th and 6th grades.

This year we have an outstanding Art program under the capable supervision of Mrs. Frances Lamm. Our Physical Education program has been limited to 4-8 grades who use the cafeteria-classroom periodically.

I would like to thank our school board, teachers, school lunch personnel and school nurse for their continued support.

Respectfully submitted,

RICHARD G. GOYETTE,

Principal
