AUDITOR'S REPORT

We have examined the accounts of the selectmen, clerk, treasurer, overseer of the poor, library trustees, school board and school district treasurer of the town of Sanbornton, for the year ending January 31, 1926, and find them correctly cast and properly vouched, and the financial statements true.

We have likewise audited the accounts of the trustees of trust funds, and all other matters pertaining thereto, and find same correct, with securities as listed, and receipts and expenditures as stated.

We have examined and found correct the report of the Sanbornton Agricultural and Mechanical Association.

ELSWORTH F. HARRIS,
JONATHAN M. BODWELL,
Auditors.

Sanbornton, N. H., February 18, 1926.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Sanbornton:

I herewith submit my fourth annual report as superintendent of Sanbornton schools.

This past year, like the year before, five schools have been in session for the full time required by law. Two new teachers were obtained for the present school year, one for Calef Hill, the other for the Meadow.

The former proved unsatisfactory in her discipline and was replaced at Christmas.

At the present time all the teachers seem to be satisfactory to everybody concerned, and school affairs are running smoothly.

The pupils seem much interested in their work in all the schools, and the attendance has been exceptionally good thus far, though the Meadow school has given some trouble in this respect.

There is noted improvement in the general attitude of the children toward school work in comparison with that of even two years ago. There is more wide-a-wake interest, more eagerness to do things, greater desire to excel. This is due in part to better teaching, in part to the increased activities within the school room, correlated with regular school work, that appeal to the imagination of the active child. If he reads the story of the three bears, he loves to act it out and be a bear. He loves to go to his seat and draw, rudely perhaps, the three chairs, the three beds, and the three bowls of soup. The story is made real to him and he comes to like his reading because it is full of life. The older children, too,

are responding to that urge to be doing something constructive, and they are drawing, or cutting pictures to paste, illustrating some phase of their study lesson.

It is these things, I believe, that is making the school room a more enjoyable place to live in, and studies something more than a task. The improvements made in the school rooms themselves—new floors, etc., and lighter paint brightening the whole appearance of the room, has undoubtedly had its influence upon the children to make their school life pleasanter.

The Calef Hill school is the next one that should be made more cheerful, by a coat of lighter paint to cover the somber color now there.

The action of the trust fund trustees, in granting a substantial amount from the John Doe Taylor fund, No. 1, to be used in purchasing supplementary material for school use, is much appreciated by myself, the teachers, and all the pupils. This will be another means of improving the quality of school work. This material will be purchased only as it can be immediately used for real need in doing more efficient work.

One outstanding weakness of the Sanbornton schools has been the lack of adequate books and supplies to do either the quantity or the quality of work that should have been done. The amount allotted from the fund is going to be a much needed means of help in remedying this weakness.

It is pleasing that the pupils who have gone from our seventh and eighth grades to Tilton, Franklin and Laconia are all doing so well. It speaks well for the preparatory work done in our schools.

I again wish to acknowledge the splendid co-operation of the Board, and their interest in the best welfare

of the schools. I wish to thank the teachers for their faithful labors, and compliment them for splendid results obtained.

Respectfully submitted,

F. S. LIBBEY,
Superintendent of Schools.

Sanbornton, N. H., Feb. 1, 1926.
