## **REPORT OF THE PLANING BOARD**

During the year we have received and approved one application for the subdivision of land. This was the sale of a house lot to Mr. Arnold Ellis by Mr. Russel Andrews.

Additional discussion has been held on the problem of the traffic hazard at the Stone Fish. A plan was agreed upon by the Selectmen and others, but it has not been completed. It is hoped that the State Highway Department will give us some help on this.

The Board has been asked by the Selectmen to help with an overall plan for Town buildings. This involves the recommendation of sites for new town buildings in the future.

During the year suggestions are given to the Board concerning changes in the zoning regulations. Three of these are to be discussed at a public hearing to be held before town meeting.

The Board has decided to renew our request for money from the town to have a soil map made of most of the town. The work would be done by the Soil Conservation Service on a 50/50 basis of matching funds. The soil map would provide information on the suitability of the land for building, roads and septic systems, etc. Our proposal has been submitted to the Budget Committee for their consideration.

No doubt you all have received and returned to us a questionnaire asking how you would like the Town of Shelburne to develop. Your answers will help us in our future decisions on Town planning. Please remember that we are open for suggestions at any time.

Respectfully submitted.  
Robert Dinsmore, Chairman

# *LIBRARY REPORT*

1972

The library was open from 3:00 to 5:00 on Thursday afternoons throughout the year and dispensed nearly 1400 books to 59 patrons. The 32 children among the users of the library borrowed more than 900 books. A magazine shelf was also available, offering Jack and Jill, Appalachia, NASA publications, Organic Gardening, Consumer Reports, Time, and a few other government and miscellaneous publications.

A sale of discarded books was set up at the time of Town Meeting. This added a little to our fund for purchasing of new books as well as providing shelf space for them. 44 new books were purchased including children's books, reference books, and books in the fields of biography, history, art, travel and ecology. Our own collection is greatly augmented by loans from the State Library. We borrow annually about 2000 books through the quarterly visits from the Bookmobile, or through special library loans.

Our physical facilities were improved by the replacement of a miscellaneous collection of bookcases by a set of matching built-in bookcases that greatly increases the shelf space. This improvement requires a complete reorganization of books which is still far from complete, but which will eventually produce greater convenience for the readers, allow a more advantageous display of new books, and protect the books from the occasional high water in the spring.

We appreciate gifts that have been made by Mrs. Abigail Hopkins, Mrs. Lowell Reed, and Mrs. Kathleen Judge. We also appreciate the readers who make our effort to maintain the library worthwhile.

Respectfully submitted,  
Elizabeth Dore

\* The starred items are required by law to be raised as determined by the proper authorities. This District determines the salaries of the District Officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1972-73 is as follows: Dummer, \$213.84; Errol, \$938.26; Gorham, \$12,715.38; Milan, \$1,119.42; Randolph, \$703.08; Shelburne, \$520.02; State Share, \$2,500.00. The Teacher's Retirement and the State Employees' Retirement Association assesses the amount for the Superintendent's Retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law.

## **OF**

### **SUPERINTENDENT OF SCHOOLS**

To the Citizens of the Town of Shelburne:

The 1972-73 school year ushered in a budget less than the previous year by some \$700. We all hope the trend will be able to continue and the need for tax dollars will decline.

#### **Tuition**

The largest one element in your school budget is tuition costs. Increases in the number of students and increased tuition levels at times cause wide fluctuations from year to year. Shelburne has little control over these fluctuations and must shoulder whatever budget increases result.

Below is a table representing three years of tuition rates charged to Shelburne by the Town of Gorham.

	1972-72	1972-73	1973-74
Kindergarten	302.00	302.00	330.00
Elementary	610.00	605.00	661.00
Junior High	735.00	895.00	920.00
Senior High	845.00	1,015.00	1,015.00

#### **Staff Development**

Under Article 7 of your Warrant your school board is asking you to elect from among the voters in the district one who will represent the town on the Staff Development Committee. We hope a member of the town who has an interest in education and who wishes to provide leadership in determining what the future of education will be through its teachers and for future generations in the Gorham-Randolph-Shelburne area will file for the position.

The Staff Development Committee has its basis in action taken by the State Board of Education in 1970. The State Board of Education passed guidelines for the purpose of renewing the license of all educators through a master plan developed and administered by local parents, teachers, school board members, administrators, and students. Under the master plan each teacher or certified person licensed by the State Board shall be required to prepare a personal professional improvement program under the master plan for the purpose of renewing his license.

The master plan has advantages over the previous requirement of filing six semester hours of work every 5 years in order to renew ones license. Under the new guidelines, each individual will be required to file 50 hours of work every three years to maintain his professional standing. The fifty hours may represent course work, seminars, conferences, travel, etc. and leaves the door open for each person to seek out an experience best suited to his needs and desires and at the same time serve the best interest of the students with whom he works.

#### Transportation for 1973-74

Transportation for 1973-74 may be affected by the scheduled repairs on the North Bridge. As I am sure many of you know, an inspection was made of the lower bridge to determine if it was safe to use by the school bus. It was determined that it was not safe and its use should be discontinued. There lies our dilemma during the coming year when both bridges will not be available to us with our large bus. Hopefully, with the cooperation of your selectmen and your school board a solution will be found.

#### School Budget

The proposed 1973-74 budget will continue its decline for the second year. The request of \$48,219.58 represents a reduction of \$2,579 below the current level of expenditure.

	1972-73	1973-74
