This is a summary of your Police Department for the period of January 1, 1970 to December 31, 1970. At this time I want to express many thanks to the State Police, Sheriff's Department, and Conway Police Department for their help and assistance.

I have several suggestions to make to the town. (1) A Police Cruiser (2) Two or more special police, as the number of night and day calls are too much for one officer; (3) we also need some different report forms for record.

LIBRARIAN'S REPORT

BARTLETT PUBLIC LIBRARY - 1970

The book circulation for Bartlett Public Library for 1970 was 7,912. This is an increase of 951 books over 1969. Two hundred forty-nine new books were added to circulation. The Bookmobile visited four times and left approximately 825 books.

The librarian attended five book buying meetings and one district

council meeting.

The state aid grant of \$100.00 was used towards the purchase of a new World Book Encyclopedia. The old set of World Books have now been put on the shelves for circulation out of the library.

The Monday night film programs were again held for ten weeks this summer with an average of 20 in attendance. The library also conducted the "Four Thousand Footer Reading Club" for the children during the summer. Twenty children became members. At the end of the summer the members climbed Black Cap Mountain.

A new storage closet was built providing shelf space for back issues of magazines and library supplies.

The state wide borrowers card became a reality in July in 1970 and is honored by all New Hampshire libraries belonging to the Cooperative system. Any resident wishing to have a state-wide library card may apply at the Bartlett Public Library.

Memorial books were given in memory of Mrs Margaret Hall by the Bartlett school children and in memory of the Murdock MacDonald family by Alice MacDonald Aldridge and Louise MacDonald Record.

The proposed budget for 1971 is as follows:

Report of Forest Fire Warden and District Chief

During this past year, the public has shown a great deal of cooperation in thre prevention of fires. We wish to express our thanks for a job well done.

Your forest fire warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires, a synopsis of these laws follows:

FIRE PERMITS

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning (SUCH BURNING IS RESTRICTED BY REGULATION TO BE PRIOR TO 9:00 A.M. and AFTER 5:00 P.M.)

An Air Pollution regulation forbids the burning of household waste in towns where such rubbish is collected by the town.

EXCEPTIONS

Commercial or industrial burning is allowed under normal conditions with permission of the District Fire Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

REMEMBER! ONLY YOU AND I CAN PREVENT FOREST FIRES

Regional Airport Report – 1970

The year 1970 produced further progress in the improvement of the Eastern Slope Regional Airport. A radio homing beacon has been installed at a cost of \$2,962.95, although completion of the antenna system will probably cost another \$500 or so in 1971. Nevertheless, the beacon is now in operation as a navigational aid; it will be so marked on F.A.A. flight maps; and increased use of the airport should result. This device enables pilots to file instrument flight plans when flying to the airport, and is particularly helpful to airmen who are not yet familiar with our White Mountain Area. The beacon will mean a great deal of newcomers interested in our region, and, in fact, the developers of Evergreen Valley, among others, have been strongly urging such an installation.

As other capital improvements, the Authority in 1970 purchased a self-propelled rotary mower which will permit more frequent mowings of the grassed areas around the runway, and hopefully tend to create a heavier turf. Also, repairs, were made to arrest erosion along the edges of the runway, to prevent damage to the pavement. All these capital expenditures were made possible through receipts from non-tax sources, consisting of rental income from the T-Hanger, and grants totalling \$2,000 from the Mulford Fund. It should be noted that T-Hangar expenses, such as insurance, are not included in the below operating account, but are paid directly from the capital account. In fact, to meet operating costs it was necessary to transfer \$1,300.00 from the capital account to supplement tax-derived income from the Towns and State.

Additional operating costs are anticipated in 1971 to meet F.A.A. requirements for regular checking, maintenance and monitoring of the new radio beacon. We are hopeful that town appropriations will be adjusted to reflect this increased need.

Respectfully submitted,

Eastern Slope Airport Authority

Report of Bartlett Conservation Committee

Members of the Bartlett Conservation Committee were appointed in June and began their first year of business. The Committee met once a month and spent much time getting information and ideas regarding possible projects for Bartlett. Mr Floyd Barker, U.N.H. Extension Coordinator for Natural Resources, was a guest speaker in July and provided the Committee with very valuable information on what has been done by conservation committees.

The Conservation Committee also looked into the possibility of acquiring Goodrich Falls Dam for the town of Bartlett and many aspects of community ownership of the dam were studied. However, for the present this project is at a standstill because of policy changes of the present owners.

An open meeting was called in November to acquaint the people of Bartlett with the work of the Committee and to gather new ideas for future projects. The meeting was well-attended and several ideas of interest — such as a town swimming area and park — were put forth. The Committee will be looking into some of these suggestions in the coming year. Hopefully, some positive action can be taken on some project which will be beneficial to Bartlett. It is hoped that many residents of Bartlett will become interested in the work of the Conservation Committee and will lend their time and ideas so that Bartlett will continue to be a fine place to live.

GENERAL COMMENTS

Total Assets Current Liabilities	June 30, 1969 \$11,204.48 7,060.12	\$6,745.05 \$6,179.04
Current Surplus (Deficit)	\$4,144.36	(\$1,433.99)

Expenditures Made During Year For Purposes Not Included In Approved Budget:

As indicated in the 1969-70 Comparative Statement of Appropriations and Expenditures (Exhibit A-1), during the fiscal year expenditures were made or liabilities were incurred for purposes for which appropriations had not been authorized by the voters at the annual district meeting. These expenditures, Sites — \$800.00 and Buildings — \$6,500.00, ultimately resulted in a net overdraft of appropriations which in turn contributed to the creation of the current deficit mentioned herein above.

In compliance with the directives of the voters and in conformance with sound business practices, the School Board should not spend funds or incur liabilities for projects which were not included in the annual budget of the District. Should changes occur during the fiscal year which require expenditures for amounts not appropriated, supplemental appropriations should be requested from the voters before any expenditures are

made therefor:

Bond and Coupon Register:

In accordance with the provisions of R.S.A. 33:12, the Treasurer must keep a register in such form as is prescribed by the State Tax Commission.

To our knowledge, this requirement has not been complied with.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that the auditor's summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District. Publication of the Exhibits contained in the audit report is optional, at the discretion of the School Board.

We extend our thanks to the officials of the Bartlett School District

for their assistance during the course of this audit.

Very truly yours,

Frederick E. Laplante Director Division of Municipal Accounting State Tax Commission
