## TOWN WARRANT FOR 1957

---

### TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs: You are hereby notified to meet at the High School Auditorium in said Hampton on Tuesday, the Twelfth day of March, 1957, at ten o'clock in the forenoon to act upon the following subjects:

ARTICLE 1. To choose by Australian Ballot one Selectman for Three years, one Town Clerk, one Town Treasurer, one Collector of Taxes, four members of the Budget Committee for three years.

ARTICLE 2. To choose all other necessary officers for the ensuing year.

(The polls for the election of officers and to vote on any other articles which may appear on the ballot, will open at ten o'clock in the forenoon and will not be closed earlier than six o'clock in the afternoon of the same day.)

ARTICLE 3. To see if the town will vote to accept the Budget as submitted by the Budget Committee and to raise and appropriate the sum of \$453,628.00 for Town purposes.

ARTICLE 4. To see if the town will vote to give the Selectmen and Town Treasurer power to borrow money in anticipation of taxes.

ARTICLE 5. To see if the town will vote to give the Selectmen power to administer, sell or otherwise dispose of any real estate acquired through tax deeds.

ARTICLE 6. To see if the town will vote to raise and appropriate the sum of \$1,000 for publicity and promotion of the natural resources and recreation advantages of the Seacoast Region, said sum to be turned over to the Seacoast Regional Development Association for expenditure.

ARTICLE 7. On petition of Alton P. Tobey and eleven other legal voters of the Town of Hampton, to see if the town will vote to raise and appropriate the sum of Seven Thousand Seven Hundred (\$7,700.00) Dollars for the purpose of contributing through the Hampton Beach Chamber of Commerce toward the issuance and distribution of circulars and other written or printed matter and toward publicity by other means and toward promotional activities calling attention to the resources and natural advantages of the town.

ARTICLE 8. On petition of Thomas J. Downs and 18 other legal voters of the Town of Hampton, to see if the town will vote to raise and appropriate the sum of One Thousand (\$1,000) Dollars to be expended on the publication and mailing of brochures, cards and other advertising media; this being part of the program of the Hampton Development Council as authorized by passage of Article 31 in the Town Warrant of 1956; provided that the majority of voters of the Town of Hampton desire this Council to continue their work of trying to attract new, clean industry into the town.

ARTICLE 9. On petition of Mrs. Roger F. Henderson and nine other legal voters of the Town of Hampton, to see if the town will vote to raise and appropriate the sum of Three Thousand (\$3,000) Dollars to construct a sidewalk on the South side of High Street from Mill Road to Five Corners.

ARTICLE 10. To see if the town will vote to raise and appropriate the sum of Four Hundred (\$400) Dollars

for the purchase of a resuscitator to be placed with the Police Department.

ARTICLE 11. On petition of Bernard A. Barteau and eleven other legal voters of the Town of Hampton, to see if the town will vote to accept the street known as Thomsen Road running parallel with Hobbs Road from High Street to Mace Road.

ARTICLE 12. On petition of Beatrice T. Boudreau and 27 other legal voters of the Town of Hampton, to see if the town will vote to change the present name of Marsh Avenue at Hampton Beach to Sunset Boulevard.

ARTICLE 13. To see if the town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting on March 8, 1949, and as amended by subsequent Town Meetings as follows:

(A) By adding after Section 5, Article III the following section:

Section 6. Residential C Seasonal District. In the Residential C Seasonal District no building or land shall be used for any purpose except a single or double family residence or residences and private garages accessory thereto and not more than two single family residences and a private garage for each residence or one double family residence with a private garage shall be erected, placed, moved or otherwise located on each lot. The letting of rooms to five or less lodgers or tourists in a single family residence or to ten or less in a double family residence by the owner or tenant thereof shall be permitted.

(B) By adding after Section 6 of Article IV the following new section: Section 7. Residential C Seasonal District.

1. In the Residential C Seasonal District no structure shall exceed two stories in height nor shall any single

family residence structure contain less than 500 square feet at the ground level, nor shall a double family residence structure contain less than 750 square feet at ground level, both exclusive of garages.

2. No structure in the Residential C Seasonal District shall be placed closer than 10 feet from the street frontage or frontages or closer than 7 feet to any other building on the same lot or closer than 7 feet from one side lot-line or closer than 12 feet from the opposite side lot-line (the purpose of this is to provide for an adequate driveway on one side or the other of the lot).

3. In the Residential C Seasonal District no building shall be erected, placed, moved or otherwise located on a lot containing less than 6,000 square feet in area and less than 60 feet in width unless such a lot is on record in the Rockingham County Registry of Deeds prior to the adoption of this section.

(C) By adding after Section 8 of Article V the following new section: Section 9. Foundations. In the Residential C Seasonal District on structure shall be erected, placed, moved or otherwise located except on concrete or masonry foundation walls resting on adequate footings.

(D) To amend Article II Districts by changing the number thereof from "Five" to "Six" and adding a new district "Residential C Seasonal" between "Residence B" and "Business".

(E) By striking out the description of the Business District — Hampton Beach — First Street to Hampton River in Appendix A and inserting in place thereof the following:

**BUSINESS DISTRICT — HAMPTON BEACH  
FIRST STREET TO HAMPTON RIVER**

Beginning at the intersection of First Street and the Ocean Boulevard; thence running southerly by the west-

erly sideline of said Boulevard to a point opposite Dumas Avenue; thence turning at right angles and running easterly to a point 100 feet easterly from the easterly side of said Boulevard; thence running southerly by a line parallel to and 100 feet easterly from the easterly side of said Boulevard to the Atlantic Ocean on the southerly shore of Great Boars Head; thence turning and running westerly across said Boulevard to the westerly sideline thereof; thence running in a general southerly direction following the westerly sideline of said Boulevard to a point opposite Haverhill Street; thence easterly across said Boulevard to the northeast corner of the lot fronting on Haverhill Street and the Boulevard; thence running in a general southwesterly direction following the rear lines of the lots fronting on said Boulevard to the State Park; thence turning and running westerly by the State Park and a continuation of the northerly line thereof to Hampton River; thence running northerly by said river to a point on the centerline of Bragg Avenue extended westerly; thence turning and running easterly by the centerline of Bragg Avenue extended to a point 137.5 feet westerly from the town intercepting sewer; thence turning and running northerly by a line parallel to and 137.5 feet westerly from said town intercepting sewer to Church Street; thence turning and running in a straight line to a point in a line at right angles to Ocean Boulevard through the intersection of Dumas Avenue and 300 feet westerly from the westerly sideline of Ocean Boulevard; thence running northerly by a line parallel to and 300 feet westerly from Ocean Boulevard and westerly by a line parallel to and 300 feet southerly from Winnacunnet Road to a point in the extension to the westerly sideline of Ring's Restaurant land, so-called, in a southerly direction; thence turning and running northerly by the projection of and by the westerly sideline of Ring's Restaurant land to a point 300 feet northerly from

the northerly sideline of said Winnacunnet Road; thence turning and running westerly 300 feet from the northerly sideline of Winnacunnet Road to Eel Ditch; thence turning and running northerly by Eel Ditch to the centerline of First Street extended westerly; thence turning and running easterly by the centerline of First Street and its extension westerly to the point of beginning.

And by adding the following new district at the end of Appendix A:

#### RESIDENTIAL C SEASONAL DISTRICT

Beginning at a point in the southerly sideline of Church Street 137.5 feet westerly from the town intercepting sewer; thence running southerly by a line parallel to and 137.5 feet westerly from said sewer to the centerline of Bragg Avenue extended westerly; thence running westerly by said centerline of Bragg Avenue extended to Hampton River; thence running westerly and northerly by said river and by Tide Mill Creek to a point on a line parallel to and 200 feet northerly from Glade Path; thence turning and running easterly by a line parallel to and 200 feet northerly from Glady Path to the westerly boundary line of the Business District — Hampton Beach — First Street to Hampton River; thence running southerly by said westerly boundary line to Glade Path or Church Street and the point of beginning.

(F) To amend the GENERAL DISTRICT Appendix A by striking out the same and inserting in place thereof the following:

#### GENERAL RESIDENTIAL DISTRICT

All areas in the Town of Hampton not included in Residence A, Residence B, Residential C Seasonal, Business, and Industrial Districts.

ARTICLE 14. To see if the town will vote to authorize the Selectmen to obtain by purchase or by eminent

domain proceedings, an easement 10 feet in width for the purpose of a drainage line from Kings Avenue to Mill Road.

ARTICLE 15. To see if the town will vote to authorize the Selectmen to obtain by purchase or by eminent domain proceedings, an easement 10 feet in width for the purpose of a drainage line from Bonair Avenue to the Marsh.

ARTICLE 16. To see if the town will vote to authorize the Selectmen to obtain by purchase or by eminent domain proceedings, a right-of-way 75 feet in width from the so-called Tide Mill to a point on Glade Path opposite the present Marsh Highway for the purpose of a future roadway.

ARTICLE 17. To see if the town will vote to raise and appropriate the sum of Twenty-five thousand dollars (\$25,000.00) to be added to a gift of Ten Thousand Dollars (\$10,000.00) pledged by Howard G. Lane and Wheaton J. Lane, said Thirty-five Thousand Dollars (\$35,000.00) to be used for the purpose of building and equipping an addition to the Lane Memorial Library and to authorize and empower a Committee consisting of the Library Trustees and three residents of the town to be appointed by the Moderator to determine the size of the addition, to solicit bids and accept the most advantageous bid or bids, to supervise the construction, to purchase the equipment, and to take any other steps necessary or desirable in connection therewith; and the said sum of Twenty-five Thousand Dollars (\$25,000.00) to be raised by the issuance and sale of notes and/or bonds of the Town of Hampton in the principal amount of \$25,000.00 to be issued pursuant to the Municipal Finance Act payable exclusively from funds to be raised from taxation, to bear interest at a rate not exceeding 5% per annum payable semi-annually, maturing during a five (5) year period, principal payable in equal annual

installments of \$5,000.00 each year, the first payment to be due one year from date of said notes and/or bonds, to be sold for not less than par; the fixing of the rate of interest, the provisions for the sale of the notes and/or bonds and all other matters in connection therewith to be left to the discretion of the Selectmen.

ARTICLE 18. On petition of George J. Enwright and 12 other legal voters of the Town of Hampton, to see if the town will vote to accept Tobey Street and Gray Avenue, according to Plan of Waverly Park approved by the Planning Board.

ARTICLE 19. To see if the town will vote to raise and appropriate the sum of Two Thousand (\$2,000.00) Dollars for the purpose of mapping the marsh area southerly from Island Path in order that streets and lots may be developed in an orderly fashion.

ARTICLE 20. On petition of Leon L. Sicard and 13 other legal voters of the Town of Hampton, to see if the town will vote to accept Palmer Street, Sicard Street and Biery Street as located on Plan of Better Built Homes.

ARTICLE 21. On petition of Esther T. Proctor and 25 other legal voters of the Town of Hampton, to see if the town will vote to raise and appropriate the sum of Three Hundred (\$300) Dollars to hire in 1957 a consultant forester: (1) to make a Hampton Shade Tree Survey along the roads in Residential Areas A and B, Business Areas, and along Route 101 from Exeter line; (2) to make a written report to the Selectmen and in the newspapers regarding findings; present conditions, present needs, and specific recommendations on a future replacement plan, to try to maintain the attractiveness of Hampton's shade trees in the future; (3) to supervise the timing and adequacy of the insecticidal spraying of the town's shade trees.

ARTICLE 22. To see if the town will vote to raise and appropriate the sum of Fifteen Thousand (\$15,000) Dollars for the purpose of rebuilding the main creek crossing of the sewer pumping line between Hampton Beach and the sewer treatment plant.

ARTICLE 23. On petition of Alexander H. Finan and ten other legal voters of the Town of Hampton, to see if the town will vote to accept a street known as Homestead Circle on the westerly side of Mill Road.

ARTICLE 24. On petition of Raymond Sturgis and nine other legal voters of the Town of Hampton, to see if the town favors continuation of the town manager plan as now in force in this town. (This question will appear upon the ballot).

ARTICLE 25. To see if the town will vote to accept a street known as Lamson Lane.

ARTICLE 26. To see if the town will vote to accept a street known as Tower Drive.

ARTICLE 27. On petition of Charles Hedges and eleven other legal voters of the Town of Hampton, to see if the town will vote to accept Josephine Drive and Bourn Avenue according to Plan of Brookfield as approved by the Planning Board.

ARTICLE 28. On petition of Robert Webber, Commander of Hamptons' Post No. 35 and twenty other legal voters of the Town of Hampton, to see if the town will vote to raise and appropriate the sum of \$750 to partially fill and grade a plot of land in the High Street Cemetery approximately 140 feet by 160 feet, and located north-easterly of the Tool House, to be used for Memorial Day and other Memorial exercises.

ARTICLE 29. On petition of Roland W. Paige and thirteen other legal voters of the Town of Hampton, to see if the town will vote to raise and appropriate the

sum of \$150 for appropriate bronze signs to be erected at the entrances of streets named in memory of Edward W. Tobey and Roland M. Gray, World War II.

ARTICLE 30. On petition of Deborah Gale Bryer and twelve other legal voters of the Town of Hampton, to see if the Town of Hampton will vote to lease to the Hampton School District for the sum of \$1.00 per year the former Martel property on Academy Avenue.

ARTICLE 31. To receive the report of the Selectmen and Planning Board relative to their study of methods of financing sewer extensions and operations as requested by the last Annual Town Meeting and to see if the Town will direct the Selectmen and the Planning Board to seek special legislation authorizing the assessment of sewer rentals as recommended in the report, such special legislation not to be effective until adopted by the Town.

ARTICLE 32. To receive the reports of the special committees which were authorized to report at the Annual Town Meeting.

ARTICLE 33. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 23rd day of February in the year of Our Lord, 1957.

DONALD A. RING,  
HARRY D. MUNSEY,

Selectmen of Hampton, N. H.

**PROCEEDINGS OF THE ANNUAL TOWN MEETING  
HAMPTON, N. H.  
MARCH 12, 1957**

The Annual Town Meeting, March 12, 1957 was held at the High School Auditorium. The Meeting was opened at ten A.M.

Prayer was offered by the Rev. J. Holland Maughan, Pastor of the Baptist Church.

**Prayer for Town Meeting**

We come before Thee, O Lord, this day as citizens of this community, asking for Thy blessing in all that is best within and about us, and for Thy pardon for all wherein we have fallen short of what we should have done had we been worthy of the greatness of the past, and the hopes of the present, and the call to higher things in the days that lie before us.

Help us to remember, O Lord, that unless Thou build the community, they labor in vain that strive to build it. And so make every one of us willing to labor with unwearying faithfulness at the work of making our community great in all that is of Thy blessed purpose.

Awaken us anew to righteous activities for the good of our community, that the children of today may be enabled to become noble citizens of the days that are to be.

We thank Thee, O Lord, that in our midst are men found worthy by their fellow citizens to represent them in the councils of this community, and to direct the affairs of this town. Bless them in the discharge of their duties.

May we be diligent against evil, intolerant of what is not of Thy good, and holding no part with what has not

the sign of the clean hand the pure heart in the affairs and life of the place we live in.

Grant that our trade may prosper and every righteous undertaking have success, that the homes of the people may have light and comfort, that the women and children may have security and joy.

Make us, O God, good citizens here in our community, not afraid to answer the call of duty to serve the needs of people, always ready to accept and discharge the duties of high and Christian citizenship.

Watch over our deliberations here this day that our minds may be clear, our emotions controlled, and our decisions in accord to Thy will and for the good of all in our community. Guide us we pray, in Jesus' name.

Amen.

Moderator Edward S. Seavey, Jr. swore in the following Ballot Clerks: Raymond Sturgis, Henry Bailey, Solon Gremmels, Clarence Shaw, Helen Mullin, Alice Downer, Marian Scannell, Eleanor Dennett, Clara Gale, Lena Emery, and Ethel Hamilton.

Mr. Douglass E. Hunter moved that the Moderator dispense with the reading of the entire Warrant, as it had been duly posted and published. Seconded. So Voted.

## ARTICLE I ELECTION OF OFFICERS

(On Australian Ballot)

## ARTICLE II ELECTION OF OFFICERS

Mr. Irving Campbell moved that the polls be closed at 8:00 P.M. Seconded. So Voted.

Announcements by Moderator: Visitors welcome, but requested to sit in designated place. Persons addressing

the chair asked to give their names. No Demonstrations. All Articles will be read individually by the Moderator at the time they are taken up.

### ARTICLE III BUDGET

The Budget as recommended by the Budget Committee is \$453,628.00.

The Report of the Budget Committee was given by the Chairman, Carl M. Lougee, who explained it in detail.

### BUDGET REPORT

March 12, 1957

To the Hampton Town Meeting:

The gross budget approved by the Municipal Budget Committee for the ensuing year is \$453,628.00. This is \$88,262.10 more than the actual 1956 expenditures. However, anticipated income for 1957 is estimated at \$169,323.00, an increase of \$46,726.50 over 1956. The resulting \$284,305.00 to be raised by taxes is \$24,077.07 more than the amount raised last year.

The Budget Committee held three Executive Sessions and two Public Hearings in preparing its recommendations for this Town budget. The completed budget has been published in two issues of the Hampton Union, as well as the Hampton Town Report which was distributed on March 2nd.

Articles 6, 7, 8, 9, 10, 17, 19, 21, 22, 28 and 29 in the Warrant concern an appropriation of money, and these individually have been recommended by the Budget Committee and are included in the gross budget total mentioned above.

If you will kindly turn to page 77 in the Town Report, I shall briefly explain each item in the third column as recommended by the Budget Committee. (At this point such explanation was given.)

We would like to express, at this time, our appreciation for the complete cooperation that we have had from the Board of Selectmen, Town Manager and Department Heads during the preparation of this budget.

Respectfully submitted,

CARL M. LOUGEE, Chairman  
Municipal Budget Committee

Mr. O. Raymond Garland said that the Librarian should have an increase in salary, as her work had greatly increased.

Mrs. Margaret Wingate asked for a breakdown on the item of Sewer Maintenance. Mr. Lougee said that there were 6 men in the Department and basic wage increase, plus cost of 4 manholes was included in the above item.

There followed much discussion on the subject of increased salaries for the various departments.

Mr. Raymond Goding moved that the Budget as recommended by the Budget Committee be accepted, with the exception of the Articles in the Warrant. Seconded.

Chief John Malek stated that long hours, dangerous type of work, and damage to uniforms while on duty, were some of the reasons that the Police Officers needed a raise in pay.

Selectman Lawrence Hackett expressed the opinion that definite sums should not be voted as salaries for town employees, but should be left to the discretion of the Selectmen.

Mr. James Tucker Sr. said that he had no objection to salaries being raised, but felt that the proper place for discussion on the subject was at the Budget Committee hearings, prior to the Town Meeting.

Town Counsel John W. Perkins stated that it is not proper procedure to set salaries of men in various de-

partments at Town Meeting. An overall raise is proper, then Selectmen set individual salaries.

1st Amendment: Mr. Raymond Goding's motion was amended by Mr. Wilfred Cunningham by the following words: "to increase the appropriation for the Police Department by \$750.00 to be used for salaries." Seconded. So voted.

2nd Amendment: Mr. O. Raymond Garland made the amendment that the Budget for the Library be increased from \$3,500.00 to \$3,700.00. Three fourths of the \$200.00 to be used to increase the salary of the Librarian and the remaining fourth to increase the salary of her assistant. Seconded. So voted.

Mr. Harold Towle requested the town wage scale — which was read by Town Manager True.

Mr. James Tucker Sr. asked if the Department wanted a ten percent raise over last year's salaries, or a ten percent raise over the amount recommended by the Budget Committee.

Town Mgr. True replied that a ten percent increase was asked for, but only about 7 percent recommended. They would like the difference, which would amount to:

\$350.00	Fire Dept.
300.00	Health Dept.
300.00	Sewer Dept.
550.00	Special Activities

---

Total \$1,500.00 if whole 10 percent voted.

3rd Amendment: Mr. Norman ..... moved that the Budget be increased \$1,500.00 to be applied to salary increases in the Departments as outlined by Mr. True. Seconded. So voted.

Mrs. Margaret Wingate moved that the meeting be recessed for one hour. Seconded. So voted.

ARTICLE IV  
MONEY IN ANTICIPATION OF TAXES

Mr. Douglass Hunter moved that Article 4 be accepted as read. Seconded. So voted.

ARTICLE V  
TAX DEEDS

Mr. Kenneth Langley moved that Article 5 be accepted as read. Seconded. So voted.

ARTICLE VI  
SEACOAST REGIONAL AND DEVELOPMENT ASSO.

It was moved that Article 6 be accepted as read. Seconded. So voted.

ARTICLE VII  
CHAMBER OF COMMERCE

Mr. Donald A. Ring moved that Article 7 be adopted as read. Seconded. So Voted.

ARTICLE VIII  
HAMPTON DEVELOPMENT COUNCIL

Selectman Lawrence Hackett moved that Article 8 be adopted as read. Seconded. Later voted as amended.

Mr. Hunter asked if the same committee would continue their work.

Mr. William Elliot amended Mr. Hackett's motion by adding the words "and the same Development Council be authorized to continue for one year." Seconded. So voted.

ARTICLE IX  
HIGH STREET SIDEWALK

Mrs. Leslie Hall moved that Article 9 be adopted as read. Seconded. So voted.

Discussion before the vote: Discussion over the advisability of building the proposed sidewalk on the north or south side of High Street ensued.

Chief Malek said that a sidewalk should be built on the south side of High street in order to have the children cross at one spot — where there is a police officer.

Mr. Carl Bragg asked the amount of land damage on the south side of High street in case sidewalk was built there.

Selectman Ring said that the walk could be built within the boundaries of the State Road.

Mr. Bragg suggested that the sidewalk commence at Five Corners and be built toward the Marston school.

#### ARTICLE X RESUSCITATOR

Mrs. Margaret Wingate moved the adoption of Article 10. Seconded. So voted.

#### ARTICLE XI ACCEPTANCE OF THOMSEN ROAD

Mr. Leroy Hamilton made the motion that Thomsen road be accepted by the Town, when the condition of the road meets the specifications of the Selectmen.

(Selectman Hackett explained that a street must be up to proper grade, and have sufficient drainage to be approved.)

#### ARTICLE XII CHANGING NAME OF MARSH AVENUE

Mr. L. Hamilton made the motion that the name of Marsh avenue be changed to Sunset Road. Seconded.

Mr. William Elliot asked if there were other suggestions.

Selectman Ring stated that we already have a "Sunset Avenue" and a "Sunset Lane" in town.

Selectman Hackett asked the Moderator to read from the Revised Statutes: "Selectmen only may change names of streets, and record with the Town Clerk."

Mr. James Tucker Sr. amended Mr. Hamilton's motion to: "cross out Sunset Road, and substitute Ashworth Avenue". This as a suggestion to the Selectmen if voted.

Mrs. Beatrice Boudreau sponsor of Article 12 expressed herself as agreeable to the change to Ashworth Avenue, and said that 90 percent of the people at the Precinct Meeting were agreeable to the change.

Mr. Fred Gagne, Chairman of the Precinct Commissioners said that he was also favorable.

Article 12 was voted as amended.

## ARTICLE XIII

### ZONING

As the Chairman of the Marsh Reclamation Commission, Mr. Alfred Janvrin, was not present, Mr. John True read their report as follows:

#### Report of Marsh Reclamation Commission

I would like to read article 30 as it appeared in last year's Town Warrant.

Article 30 of Town Warrant — March 1956.

On petition of Alfred Janvrin and thirteen other legal voters of the Town of Hampton, to see if the town will vote to establish a Commission of seven members, all citizens of Hampton, to be appointed by the Board of Selectmen and to be known as the

Marsh Reclamation Commission. It shall be the duty of this Commission to ascertain the pertinent facts bearing on the feasibility of reclaiming all or a portion of the Hampton Marshes as a municipal project and to report its findings and recommendations either at the next regular Town Meeting or at an intervening Special Town Meeting which may be called for that purpose. And, in connection with this article to see if the Town will vote to raise and appropriate the sum of \$500.00 for the use of the Commission making this necessary study.

Committee appointed were: Alfred Janvrin, Chairman, Alton Tobey, John Perkins, Douglass Hunter, Donald Ring, Howard Page, Norman Royal.

At one of our first committee meetings we decided to look to the Master Plan report for information, in this report we found a section that was devoted to Sub-Marginal Lands. I would like to quote from this report for the benefit of those who have not read it, and it was from this report that we have made our recommendations.

#### “Sub-Marginal Land”

There are within the town of Hampton some 1600 acres of salt marsh land. The great salt marsh also extends into the neighboring towns of Hampton Falls and Seabrook. All told, there are approximately 4,500 acres of marsh land adjacent to Hampton Beach. The Hampton River and its tributaries drain this entire marsh area. For years, the vast extent of the marshes has challenged the minds of men: various schemes for the use of the marshes have been proposed, but the marshes have remained unchanged for centuries providing, in the main, refuge for thousands of migratory birds, and sport in season for hunters.

As long as there has been room for building expansion on the great sand bar that forms Hampton Beach, little effort has been made toward developing the marshes. Today, there is a great need for additional space at the beach, and more and more people are looking to the marsh land as an area for future expansion. The potential for development which is present in the marshes could well re-shape the entire economic structure of the town. The problems involved are many, and careful planning is essential to the success of any marsh development project. A master plan of marsh reclamation should be prepared that would set forth a long range program for developing Hampton's marsh areas in an orderly and economically justifiable manner. At no time in recent years has there been greater opportunity for the success of such a venture than present at this time. Today, there is a demand for land for seasonal homes, and other properties which will provide a steady market for new lots as quickly as they can be developed by reclamation. More important, perhaps, is the fact that machines and equipment for dredging and filling work are now constructed and available at prices well within the means of a community such as Hampton, to operate. In fact, on the basis of current comparative information on hydraulic filling done by municipally-owned equipment versus contracting such work, it appears that if a community has 300,000 cubic yards or more of fill to be placed under average conditions, it can buy the necessary equipment and perform the work for the same cost that would be required if the work was privately contracted; at a cost of 30 cents per cubic yard. In three to six months the capital investment would be written off and any additional work performed thereafter would cost only five to ten cents per cubic yard.

Recent dredging and sand placement along the bathing beaches cost the state and federal government more than 90 cents per cubic yard. The same dredging facilities were offered to the town before the dredging equipment was removed for 50 cents a cubic yard. With the possible future dredging and placing of one or more million cubic yards of fill, the benefits to be derived from community-owned dredging facilities would be of tremendous value to the Town of Hampton. Such equipment could be used for yearly replacement of sand along the beach, as well as for marsh reclamation.

The future prosperity of Hampton may well depend upon the intelligent use of its sub-marginal lands. However, if marsh reclamation is to prove beneficial to the community as a whole, the Town of Hampton must participate actively and materially in the planning and execution of the work. (end of quote)

It is from the Master plan report and the committee's observation of the Marsh area and meetings we held with the Planning Board, engineers and other interested parties that we recommend the adoption of articles 13 and 19 so that a further study can be made and the area developed in an orderly and economical manner.

Respectfully submitted,

F. ALFRED JANVRIN

"I will be glad to answer any questions."

Selectman Donald Ring moved that Article 13 be adopted as read. Seconded.

Mr. Norman Royal called attention to an error in the zoning article and moved an amendment to the motion "that article 13 be tabled until correction can be made." Motion defeated.

Mr. Ring assured the assembly that although a small bit of description was omitted, that the correction would be made next year. Mr. True showed area on zoning map.

Mr. Ring's motion was voted in affirmative. Article 13 was adopted as read.

#### ARTICLE XIV

##### DRAINAGE LINE, KING'S AVENUE

Mr. James Tucker, Sr., moved Article 14 be adopted as read. Seconded. So voted.

Mr. L. Hamilton asked where the drainage was going when it reached Mill Road. Will it go on private land. Mr. True explained that elevations were such that it could go through culverts. Already a brook and a ditch into which it will go.

#### ARTICLE XV

##### DRAINAGE, BON AIR AVENUE TO MARSH

Mr. True explained the need of drainage at Surfside, and moved the adoption of Article 15 as read. Seconded. So voted.

#### ARTICLE XVI

##### NEW ROAD ACROSS THE MARSH

Mr. James Tucker Sr., moved the adoption of Article 16 as read. Seconded. So voted.

Mr. Tucker spoke of the increasing necessity of a new road across the marsh.

Mr. David Drummond asked how long a distance, and how much money was involved.

The distance at the point in question is approximately  $\frac{2}{3}$  of a mile.

The Selectmen explained that the location of the Town Dump had been changed to the end of Tide Mill Road, and the fill was going to be used as a basis for the proposed new roadway.

## ARTICLE XVII ADDITION TO THE LIBRARY

Mr. John Perkins moved the adoption of Article 17 as read. Seconded. Requires  $\frac{2}{3}$  vote as it is a Bond Issue.

Unanimous vote in favor of Article 17.

Mr. James Tucker Sr., presented a Resolution which was adopted.

## RESOLUTION

WHEREAS Mr. Howard G. Lane and his son, Mr. Wheaton Lane, have evidenced their interest in the cultural and educational welfare of our community by their substantial gift of \$10,000 towards an addition to the Lane Memorial Library, and

WHEREAS this is but further evidence of this interest, made manifest in the first instance by Mr. Howard Lane's gift of the library to our town as a memorial to his father, therefore

BE IT FURTHER RESOLVED THAT THIS RESOLUTION BE MADE A PART OF THE RECORDS OF THIS MEETING AND THAT A COPY OF THE RESOLUTION BE FORWARDED TO THE LANE FAMILY.

Hampton, New Hampshire

March 12, 1957

## ARTICLE XVIII

ACCEPTANCE OF TOBEY STREET AND  
GRAY AVENUE

Mr. George Enwright moved that Article 18 be accepted as read. Seconded.

Mrs. Margaret Wingate amended his motion to read: "when they meet the approval of the Selectmen" at the end of the article. Seconded. Voted as amended.

## ARTICLE XIX

## MAPPING MARSH AREA

Mr. Wilfred Cunningham moved that Article 19 be adopted as read. Seconded. So voted.

## ARTICLE XX

ACCEPTANCE OF BIERY, PALMER AND  
SICARD STREETS

Mr. Donald Ring moved the Adoption of Article 20, when said streets meet with the approval of the Selectmen. Seconded So voted.

## ARTICLE XXI

## CONSULTANT FORESTER

Miss Ruth Stimson moved the adoption of Article 21 as read. Seconded. So voted.

## ARTICLE XXII

## SEWER PUMPING LINE — CREEK CROSSING

Mr. Leroy Hamilton moved Article 22 be accepted as read. Seconded. So voted.

## ARTICLE XXIII

## ACCEPTANCE OF HOMESTEAD CIRCLE

Mr. Alexander Finan moved that Article 23 be accepted with the addition of the words "subject to the approval of the Selectmen." Seconded. So voted.

ARTICLE XXIV  
TOWN MANAGER PLAN

On Australian Ballot (Result: In favor, 603 votes; Against, 376 votes).

ARTICLE XXV  
ACCEPTANCE OF LAMSON LANE

Mr. Leroy Hamilton moved the acceptance of Lamson Lane subject to the approval of the Selectmen. Seconded. So voted.

ARTICLE XXVI  
ACCEPTANCE OF TOWER DRIVE

Mr. Leroy Hamilton moved that the street known as Tower Drive be accepted, subject to the approval of the Selectmen. Seconded. So voted.

ARTICLE XXVII  
ACCEPTANCE OF JOSEPHINE DRIVE AND  
BOURN AVENUE

Mr. L. Hamilton moved the acceptance of Article 27 as read, with the addition of words "upon approval of the Selectmen." Seconded. So voted.

ARTICLE XXVIII  
PLACE FOR MEMORIAL DAY EXERCISES  
AT CEMETERY

Mr. Donald Ring moved the adoption of Article 28 as read. Seconded.

Mr. Roland Paige made the following amendment to Mr. Ring's motion:

— to amend the article by striking out the remainder of the present article beginning with the words "ap-

proximately 140 feet by 160 feet," — and substituting the following: "approximately 145 feet by 125 feet, the location to be determined by the Board of Selectmen and the Cemetery Association" to be used for Memorial Day and other Memorial Exercises."

So that the article will read

"Article 28. On petition of Robert Webber, Commander of Hamptons' Post No. 35, and twenty other legal voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of \$750.00 to partially fill and grade a plot of land in the High Street Cemetery approximately 145 feet by 125 feet, the location to be determined by the Board of Selectmen and the Cemetery Association, to be used for Memorial Day and other Memorial Exercises." Seconded. Article 28 voted as amended.

Mr. Paige also read the following letter from Robert S. Webber, Commander of Hamptons' Post No. 35:

Mr. Edward S. Seavey, Jr.,  
Moderator,  
Town of Hampton, N. H.

Dear Mr. Moderator:

WHEREAS: The Hamptons' Post No. 35, American Legion, Department of New Hampshire, have respectfully requested, and now would like to recommend that your town meeting raise and appropriate the sum of money necessary for a memorial lot which will be both suitable and can accommodate our Memorial Day assembly for years to come.

AND WHEREAS: Post No. 35 would like to contribute to such a worthwhile project, we hereby ob-

ligate our Post to erect a speakers platform and a flag pole.

(signed) Robert S. Webber  
Post Commander

Elmer E. Eldredge  
Post Adjutant

Mr. John Perkins moved that the offer of Legion Post No. 35 to erect a speaker's platform and flagpole at the Cemetery be accepted, and that a letter of thanks be sent to the Legion, and action placed on record. Seconded. So Voted.

#### ARTICLE XXIX

#### BRONZE STREET SIGNS FOR TOBEY STREET AND GRAY AVENUE

Mr. Leroy Hamilton moved that Article 29 be accepted as read. Seconded. So voted.

#### ARTICLE XXX

#### MARTEL PROPERTY, LEASE

Mr. Donald Ring moved the adoption of Article 30 as read. Seconded.

Mr. Lawrence Hackett amended Mr. Ring's motion so that Article 30 will read: "until such time as the Cooperative High School is built," at the end of the proposed article. Seconded. So voted.

Mrs. Hackett asked if it was good business to purchase property for \$15,000.00 and lease it for \$1.00 per year. At the present time it is being leased for \$70.00 per month.

Mr. Frank Freeman asked why the Martel House should be leased to the School District.

Principal of the High School, Bruce Russell said that the present enrollment at the High School is 250 pupils. The graduating class numbers 50 pupils and the number expected in the fall from the Elementary School is 100 — an increase of 50 pupils over this year.

More room is needed and by using the Martel house, which is next to the school, for the Home Economics Dept. the room used at present could be divided into one Home Room, and a Biology Laboratory.

### ARTICLE XXXI SEWER RENTALS

Mr. Raymond Goding read the following report of the Planning Board and Board of Selectmen:

In Compliance with Article No. 34 as voted in the 1956 Town Meeting of the Town of Hampton, the Board of Selectmen and the Planning Board have made a study of the sewerage system in the Town, both as to its present maintenance and construction, and to possible extensions, maintenance and repair, and present to the Voters of the Town the following information as compiled by this body.

The present treatment plant with a designed capacity of 1,250,000 gallons per day was constructed in 1934 with existing lines at Hampton Beach connected to it, and others added so that sewer facilities are now available to practically all properties between Boars Head and Hampton River. In 1952 a sewer system was installed in the Village area and connected to the treatment plant, and with the recent extensions of the system there are now about 1700 connections into the mains, with the maintenance cost of the present system and treatment plant being approximately \$29,000.00 annually.

In addition to the annual maintenance cost of the present system there is an outstanding debt of Series A bonds issued in 1950 amounting to \$158,000. with interest at 1.9%, Series B. bond issued in 1951 amounting to \$40,000. with interest at 1.5%. These bonds are being repaid \$9,000.00 annually with interest of \$3,587.00 this year, the interest payments decreasing gradually to the payment date of 1979.

Major repairs to the present system will be needed in the immediate future, consisting of rebuilding ten manholes which are disintegrating and leaking on the main collector line back of Hampton Beach, and additional areas of the Town being added to the system will eventually require enlargement of the treatment plant.

Extensions may be gradually made to the system from areas adjacent to the present mains without major expense. This type of extension might be Brown Avenue at the Beach, Anns Lane, Philbrook Terrace, portions of Mill Road and Mace Road, Leavitt Road Morningside Drive and other side street to Winnacunnet Road. The Master Plan sets up a priority of critical areas needing sewerage, and most critical being the North Beach area. The first stage of this construction would necessarily be a pumping station at Winnacunnet Road near Ocean Blvd. to pump up to a point in Winnacunnet Road near Rings Restaurant, from which point a gravity line could run to the treatment plant. The next stage would be sewers along Kings Highway and side streets to Ocean Blvd. extending up to 18th Street, with a lift station at 10th Street. Other priorities are High Street (east) including portions of Ocean Blvd., North Shore Road, Plaice Cove, Surfside, Locke Road area, and the Exeter Road area.

The estimated cost of these extensions are as follows :

Anns Lane, estimated to cost \$25,000. with about 30 entrances; Leavitt Road, estimated to cost \$45,000. with about 120 entrances; Kings Highway area, estimated to cost \$300,00. with about 220 entrances; with other priority areas estimated to cost a total of \$500,000. per.

It has been ascertained that Federal Aid is only available for paying one-third of the cost, or \$250,000. whichever is smaller, for construction of treatment plants. \$500,000. per year is allocated to New Hampshire and distributed according to priorities determined by the State Water Pollution Commission. There is, before the New Hampshire Legislature, a bill to provide reimbursement of 10% of bond payments on treatment works.

With this information at hand the Board of Selectmen and the Planning Board have discussed all possible systems of payment for construction, maintenance and repairs.

The present laws relative to sewers, Section 10-12, Chapter 252, RSA, do not permit rentals except in case of new sewer systems, or new constructed treatment works.

In the opinion of the Board this does not apply to extensions such as we are faced with in this community. In order to charge sewer rentals in connection with the maintenance of our present system, or extension thereof, special legislation will be necessary. The Board believes that special assessments on a front foot, or other basis, are not feasible in this Town. It is possible that special legislation might be obtained to permit rental charges for the cost of part, or, all, of the maintenance of the present system, and thus allow

tax money to be used for extensions, or a system of rentals might be established to pay for the cost of all, or part, of new construction.

The Board of Selectmen and Planning Board having taken into consideration the aforementioned, offers the following plan to the Voters of the Town of Hampton:

“An annual sewer rental charge of approximately \$20.00 to be assessed on an equitable basis on all single family entrances to the sewer system, present and future, a proportionate charge to be made on multiple dwelling and commercial building entrances, for maintenance and operation.

(With 1700 entrances of which 25% are commercial at present, this would represent approximately \$42,000.00)

The Town should raise and appropriate for new sewer extensions an amount equal to what it has recommended for sewer maintenance.

The Anderson-Nichols Company, who have furnished us with our Master Plan, recommend serious consideration be given to paying for extensions by sewer rentals.

Since any plan that may be adopted by the Voters of the Town of Hampton will require special legislation, a vote authorizing the Board of Selectmen to seek such legislation is necessary.

Respectfully submitted by:

The Board of Selectmen  
Donald A. Ring, Chairman  
The Planning Board  
Ray L. Goding, Chairman

Mrs. Margaret Wingate asked if all abutors are now connected with the Town Sewer System. Reply — all but a few.

Mr. W. Cunningham expressed the opinion that only people who enjoy the privilege of being connected with the Town Sewer should bear the cost of maintenance.

Mr. Charles B. Butler said the information given in Article 31 was not sufficient to vote on, and moved that Article 31 be referred to the committee for further information and details. No Second.

Mr. John Perkins (Town Counsel) said that Article 31 will have to be adopted by the town before anything can be done, or permission of the Legislature obtained. He moved that the Report of the Committee be accepted, that Article 31 be accepted as read, and that the committee be authorized to continue its work. Seconded. So Voted.

## ARTICLE XXXII

### REPORTS OF SPECIAL COMMITTEES

Mr. James Tucker Sr. gave the Report of the Municipal Building Committee.

## ARTICLE XXXIII

### REPORT OF COMMUNITY CENTER COMMITTEE

Article 33 of the Warrant for the 1956 Town Meeting called for the Moderator to appoint a committee of seven citizens to consider the advisability of erecting at some future date by means of voluntary subscriptions and taxation, a memorial municipal building with adequate parking space, so located and so designed that it may serve (1) as a Town Hall, (2) a Community Center, and (3) as a convention facility which might be helpful in attracting early and late season business to Hampton Beach. The committee was to report its findings to the next regular Town meeting. The article was adopted.

As a result, the moderator appointed a committee consisting of Herbert Casassa, Roland Emery, Frank Freeman and James W. Tucker, at the same time extending authority to the committee to add three more members if it were deemed advisable. The committee has already added John Dunfey and Thayer Wade to its membership.

At the first meeting of the committee, the writer was elected chairman and Frank Freeman, secretary. Many pertinent matters, relating to the rapidly growing necessity for such a memorial municipal center, adequate sites for its erection, its component parts, the facilities to be afforded in each part, parking areas, method of financing and future procedure of the committee, were discussed.

Each committee member was furnished with an outline, sketch-map of the present municipal and other properties bordering on the east side of Academy Avenue and on the adjacent north side of Winnacunnet Road, containing lot dimensions. They also had for discussion, consideration and emendment, a tentative list of the component main sections of a proposed municipal center consisting of a Town Hall, a Police Station, a Fire Station and a Municipal Auditorium.

There was also a tentative list of facilities for each section. This list was carefully discussed and evaluated. Twenty-three separate offices and rooms were considered as primarily necessary to properly house all municipal officers, departments, boards, committee and records. For a Police Station attention was given to the need of adequate office space for police officials, magistrates, attorneys and for a commodious court room with the possibility of a small cell block.

The need of a proper apparatus room, equipment room, custodian and storage space, offices, recreation

room, dormitory, kitchen, toilet and bath facilities were considered with reference to a central fire station. Much thought was also given to the importance of a large, thoroughly equipped municipal auditorium and complete stage facilities, with smaller halls, game rooms, kitchen and other facilities which would serve as a complete recreational center for adults as well as youth, at the same time caring for possible convention needs.

As to the question of who or what should be memorialized in such a civic center, it seemed to be the consensus of opinion that men and women of Hampton who served in all of the nation's wars, beginning with the Revolution, should be honored primarily, with the proper provision for rendering homage to the founders of historic Hampton and its nationally famous Beach.

Concerning procedure, it is quite obvious that the committee should have ample opportunity for necessary conferences with the selectmen, the town manager, and the town counsel, with the heads of various municipal department to be housed in the proposed center, with the planning board and with other agencies, before submitting any detailed or comprehensive plans for the consideration of the citizens.

Because the need for the several main component parts of the proposed municipal center i.e., Town Hall, Police Station, Fire Station and Auditorium varies in degree of urgency, thought was given by the committee to an initial overall plan of the entire Civic Center which might then be followed by the building of the component parts, over a term of years, and in order of their absolute necessity. Much thought was also given to the town's present financial circumstances and to the various methods which might in the future be adopted to finance such a costly project without imposing too great a burden on property tax payers.

However, the immediate necessity—apparently fully recognized by this and other adjacent communities—for a new High School building, would make necessary the deferral for at least one year of even long-range plans for the development of a memorial municipal center, designed to serve the needs enumerated in the governing Article.

For these reasons the committee respectfully requests that the foregoing be accepted merely as a report of initial progress and requests furthermore that it be continued for another year, at the conclusion of which time, a more detailed, comprehensive and factual report will be submitted for the consideration of the voters.

(signed)

J. W. Tucker,  
Chairman for the Committee

Hampton, New Hampshire  
March 12, 1957

Mr. Tucker requested that the above report be accepted merely as a progress report.

Mr. John Perkins moved that the report given by Mr. Tucker be accepted, and that the Committee be authorized to continue during the coming year. Seconded. So Voted.

#### KOREAN HONOR ROLL

Report of Committee by: Mr. Roland Paige.

Addressed to Moderator Edward S. Seavey Jr.

As the committee appointed by you to prepare the necessary details in establishing a list for a Korean Honor Roll, and as a result of the 1956 town meeting the following recommendations were approved:

1. A Korean Honor Roll will be erected.
2. The date of eligibility will be June 25, 1950 to July 27, 1953.

In view of the following facts, we respectfully request that this committee be allowed to continue its work until the town meeting of 1958.

1. In 1957 State records should be available for use in compiling a list of names.
2. It would be necessary to hold public hearings in connection with making corrections if needed.
3. We are prohibited from obtaining the necessary cost until our list is completed.

Respectfully submitted,

Roland W. Paige, Chairman,  
Korean Honor Roll Com.

Vernon B. Dennett  
Roscoe B. Palmer  
Barbara Bogrett

William D. Holman  
Donald A. Ring  
Marian Leach

Mrs. Margaret Wingate moved that the above report be accepted, and that the Committee be accepted, and that the Committee be requested to continue their work. Seconded. So Voted.

Selectman Donald Ring made the motion that the Marsh Reclamation Committee continue their work. Seconded. So Voted.

Selectman Lawrence Hackett moved that the present Committee on Historical Sites, be continued for another year. Seconded. So Voted.

Mr. O. Raymond Garland proposed a resolution that the Town Wage scheduled be incorporated in the Town Report.

Mr. Douglass Hunter proposed a resolution that the Selectmen be authorized to add or delete material for

the Town Report and that all material be in by February 1, 1958. Seconded. So Voted.

Miss Ruth Stimson proposed a resolution that the Town Reports be indexed. Seconded. So Voted.

Mrs. Margaret Wingate asked for the legal status of the "Fish House Case". Selectman Hackett replied that the briefs had been submitted to the judge for decision.

Mr. Raymond Goding proposed the following resolution:

"Be it resolved that we the voters of Hampton do hereby earnestly request our State and Federal government to take the immediate and necessary action to protect the great New Hampshire landmark known as Great Boar's Head against the forces of erosion as a civic and conservation measure in order to save its great scenic beauty and its economic worth, and to remove the hazards to life and property that are now existant there by strengthening the flanks of Great Boar's Head to withstand the forces that now destroy it, and thereby conserve to the State and to others a heritage that has been grossly neglected and wasted throughout the many years of its history.

Mr. L. Hackett moved the adoption of Mr. Goding's resolution, and that a copy be sent to our legislators. Seconded. So Voted.

Mr. James Tucker, Sr. moved that the following resolution be sent to Selectman Harry D. Munsey.

"At the Town Meeting on Tuesday March 12th your absence was noted with regret. The greetings of the Meeting are extended to you and the deepest sympathy on the loss of your beloved wife, Ethel Munsey."

The Meeting adjourned.

Respectfully submitted,  
Helen W. Hayden, Town Clerk

Committee appointed by Moderator Edward S. Seavey, Jr. to work with Library Trustees on building the addition to the Lane Memorial Library.

Mrs. Olive W. Ring, Alan G. Bushold, James W. Tucker, Sr.

**WARRANT FOR SPECIAL TOWN MEETING  
OF THE TOWN OF HAMPTON, N.H.**

**August 21, 1957**

To the inhabitants of the Town of Hampton, in the County of Rockingham, in the State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the High School Auditorium in said Hampton on the 21st day of August, 1957, at 7:30 o'clock, p.m. Eastern Daylight Saving Time, to act upon the following subjects:

(This Meeting is held in accordance with a Decree of the Superior Court in and for the County of Rockingham dated July 30, 1957, which said Decree gives this Special Town Meeting the same authority as that of an Annual Town Meeting.)

Article 1. To receive a report from a Committee chosen at the last Annual Town Meeting to supervise and construct the addition to the Lane Memorial Library relative to essential repairs and improvements to the main Library Building.

Article 2. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) to be used for the purpose of repairing and improving the Lane Memorial Library Building and to authorize and empower the Committee appointed under Article 17 of the Warrant for the Annual Town Meeting held March 12, 1957 to determine what repairs, improvements and equipment are necessary, to solicit bids and accept the most advantageous bid, to supervise the construction, to purchase equipment and to take any other steps necessary or desirable in connection therewith; and the said sum of \$15,000.00 to be raised by the issuance and sale of notes and/or

bonds of the Town of Hampton in the principal amount of \$15,000.00 to be issued pursuant to the Municipal Finance Act, payable exclusively from funds to be raised from taxation, maturing during a five year period, principal payable in equal annual installments of \$3,000 each year, the first payment to be due one year from the date of said notes and/or bonds, to be sold for not less than par; the fixing of the rate of interest, the provisions for the sale of the notes and/or bonds and all other matters in connection therewith to be left to the discretion of the Selectmen.

Given under our hands and seals at said Hampton this 30th day of July, 1957.

HARRY D. MUNSEY,  
DONALD A. RING,  
LAWRENCE C. HACKETT,

Selectmen of the Town of Hampton.

A True Copy — Attest:

HARRY D. MUNSEY,  
DONALD A. RING,  
LAWRENCE C. HACKETT,

Selectmen of the Town of Hampton.

**RECORD OF SPECIAL TOWN MEETING**

---

The Special Town Meeting was held at the High School Auditorium with forty-three people attending.

The Meeting was opened at 7:30 p.m. and the Warrant and the Certificate of Decree from the Superior Court were read by Moderator Edward S. Seavey, Jr.

**ARTICLE I**

Mr. Carl M. Lougee, Chairman of the Municipal Committee, gave the following report:

August 21, 1957

To the Hampton Special Town Meeting:

The Budget Committee held a public hearing on Thursday, August 15, 1957 at the Municipal Court Room relative to Article No. 2 in the warrant having to do with an additional appropriation of \$15,000.00 for repairs and alterations to the Lane Memorial Library in connection with the present construction of the new addition.

At the Executive Meeting following the hearing it was unanimously voted to recommend this appropriation of \$15,000.00. Budget Committee further recommends that this amount be included in and paid in full from this year's budget rather than be handled through a bond issue as Article No. 2 in the warrant reads.

Respectfully submitted,

Carl M. Lougee, Chairman,  
Municipal Budget Committee.

Mr. James W. Tucker, Chairman of the Library Committee appointed following the Annual Town Meeting—gave the Committee Report. He stated that when

the addition to the Lane Memorial Library was being planned, it was found that many repairs were needed in the original building which it would be easier and less expensive to accomplish at the time of building the additional room. The Committee felt that \$15,000.00 was needed to repair and improve the Lane Memorial Library Building, and asked the Selectmen to arrange for a Special Town Meeting.

Dr. Harold Pierson moved that Mr. Tucker's Report be accepted. Seconded. So Voted.

## ARTICLE II

Dr. Harold Pierson presented the following substitute motion for Article 2.:

Mr. Moderator: I move that we raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) to be used for the purpose of repairing and improving the Lane Memorial Library Building and authorize and empower the Committee appointed under Article 17 of the Warrant for the Annual Town Meeting held March 12, 1957 to **determine what repairs, improvements and equipment are necessary, to solicit bids and accept the most advantageous bid, to supervise the construction, to purchase equipment and to take any other steps necessary or desirable in connection therewith.**

Motion seconded by James W. Tucker. So Voted.  
Meeting adjourned at 7:50 p.m.

Respectfully submitted,

Helen W. Hayden, Town Clerk

# TOWN WARRANT for 1958

---

## TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the High School Auditorium in said Hampton on Tuesday, the eleventh day of March, 1958, at ten o'clock in the forenoon to act upon the following subjects:

ARTICLE 1. To choose by Australian Ballot one Selectman for Three years, one Town Clerk, one Town Treasurer, one Collector of Taxes, four members of the Budget Committee for three years.

ARTICLE 2. To choose all other necessary officers for the ensuing year.

(The polls for the election of officers and to vote on any other articles which may appear on the ballot, will be open at ten o'clock in the forenoon and will not be closed earlier than six o'clock in the afternoon of the same day.)

ARTICLE 3. To see if the town will vote to accept the Budget as submitted by the Budget Committee and to raise and appropriate the sum of \$484,630.00 for Town purposes.

ARTICLE 4. To see if the town will vote to give the Selectmen and Town Treasurer power to borrow money in anticipation of taxes.

ARTICLE 5. To see if the town will vote to give the Selectmen power to administer, sell or otherwise dispose of any real estate acquired through tax deeds.

ARTICLE 6. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for publicity and promotion of the natural resources and recreational advantages of the Seacoast Region, said sum to be turned over to the Seacoast Region Association for expenditure.

ARTICLE 7. On petition of James W. Tucker, Sr. and twenty-six other legal voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of two thousand dollars (\$2,000.00) to implement the research and planning studies of the Memorial Civic Center Committee, to authorize the continuance of this committee and to authorize the committee to engage in other activities designed to further the program as follows:

(a) To utilize funds provided by the Congress of the United States for the advance planning of public works programs. Long term, interest free loans are made available to municipalities, the repayment schedule of which is so designed as to require no payment until such time as the town is engaged in the actual work of construction and then only as each portion of the overall construction program is completed. And further

(b) To assist the Town Manager and the Board of Selectmen in preparing an application and contract for these federal funds authorized under Section 702 of Public Law 560, 83rd Congress, as amended, and as administered under the Housing and Home Finance Agency, such funds to be used for the engineering, site planning and design of the proposed Memorial Civic Center. And

(c) To assist the Town Manager in developing a program including site selection, procurement of land purchase options, negotiations with competent professional firms experienced in the design of mu-

unicipal buildings and the preparation of contracts for architectural services provided for under the aforementioned federal fund program.

ARTICLE 8. On petition of Donald A. Ring and ten other legal voters of the Town of Hampton to see if the town will vote to raise and appropriate the sum of seventeen thousand dollars (\$17,000.00), this money to be invested at the highest rate of interest. This amount to be put aside each year to be used for the erection of a municipal center.

ARTICLE 9. On petition of Alton P. Tobey and ten other legal voters of the town of Hampton to see if the town will authorize the selectmen to take an option on land south of the High Street parking lot now owned by Kenneth Swain, said option to be taken up by special article at the 1959 town meeting.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000.00) to purchase mechanical street sweeping equipment to proceed on a street cleaning program as recommended by the Town Manager. Street cleaning program would include the following:

(a) Sweeping the streets and parking areas on a daily basis at Hampton Beach by mechanical means rather than hand sweeping method as now utilized. It is expected that the sweeping program would be considerably more efficient and make a substantial reduction in present payroll requirements.

(b) Establish a regular street sweeping program to cover all business and residential areas of the Town on a weekly basis.

(c) Establish a program of picking up leaves from residential streets during the fall season.

ARTICLE 11. To see if the town will vote to authorize the Selectmen to lease the "Fish House" lots, so-called, to the present occupants or others upon such terms and conditions as, in the opinion of the Selectmen, will best protect and preserve their historical beauty and promote the interests of the town, and rescind any prior votes of the town inconsistent with the foregoing.

ARTICLE 12. On petition of Donald A. Ring and ten (10) other legal voters of the Town of Hampton to see if the town will vote to raise and appropriate the sum of three thousand dollars (\$3,000.00) to extend water mains on present existing roads. The installation on existing roads to be determined by the Selectmen.

ARTICLE 13. On petition of John E. Merrill and twenty-two other legal voters of the Town of Hampton, to see if the town will vote to raise and appropriate the sum of thirty-four thousand dollars (\$34,000.00) for the installation of a sanitary sewer system and fixtures for a distance of three thousand one hundred sixty-five (3,165) feet on Leavitt Road from High Street to Winacunnet Road.

ARTICLE 14. On petition of Alton P. Tobey and eleven legal voters in the Town of Hampton to see if the Town will vote to raise and appropriate the sum of nine thousand dollars (\$9,000.00) to enter into a contract with Atlantic Homes Realty Inc. for the construction of 2,884 feet more or less of sewer mains in Exeter Road. The construction costs will include the cost of constructing approximately 2,142 feet of 8 inch gravity main with two "Y"s at each 100 feet interval from the development to the existing town manhole in Exeter Road and the cost of constructing a 6 inch force main from a lift station a distance of approximately 742 feet to the existing manhole. This work to be done in conjunction with the construction of a sewer system within the development, on

a street known as Caralan Ave., a lift station to be provided by the developer in Exeter Road, as well as all engineering costs for the entire project. The estimated share of the cost to be borne by the developer is estimated at approximately sixteen thousand five hundred dollars (\$16,500.00).

The entire project to be subject to Town supervision and inspection and billed to the developer on an actual cost basis. The contractor shall maintain actual cost records on the cost of the work to be undertaken under the contract for the work to be performed for the Town and refund any amount that may be due the Town if the actual costs are less than the estimated nine thousand dollars (\$9,000.00), contract cost.

ARTICLE 15. On petition of Harry I. McDormand and seventeen other legal voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of three thousand five hundred dollars (\$3,500.00) to obtain by lease purchase over a three year period, mechanical street sweeping equipment in order to make possible a street cleaning program as recommended by the Town Manager. The street cleaning program would include:

(a) Sweeping of streets and parking areas on a daily basis during the season at Hampton Beach by mechanical means rather than by the hand sweeping method now utilized. It is known that such a sweeping program will be considerably more efficient and will immediately make a substantial reduction in present payroll requirements.

(b) Establish a regular street sweeping program to cover all business and residential areas of the Town on a weekly basis.

(c) Establish a program of sweeping up leaves from all residential streets during the fall season.

ARTICLE 16. On petition of Harry G. Zitrick and thirty-four other legal voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000.00) for the installation of approximately 400 feet of storm drainage and fixtures on Hobbs Road.

ARTICLE 17. On petition of Alexander L. Bowley and twenty-two legal voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) to grade and surface Mary Batchelder Road, from Old Stage Road to Towle Road.

ARTICLE 18. On petition of Noel W. Salomon and ten other legal voters of the Town of Hampton, to see if the Town will vote to accept the streets known as Pine Road and Birch Road, subject to approval of the Selectmen.

ARTICLE 19. On petition of Robert J. Dunfey and ten other legal voters of the Town of Hampton, to see if the town will vote to accept the street known as Duston Avenue, running from Ashworth Avenue to Whitten Avenue, subject to approval of the Selectmen.

ARTICLE 20. To see if the Town will vote to give the Selectmen power to change the name of any street in case of duplication or similarity of names, as prescribed in Chapter 109, Section 5, Revised Laws of N. H.

ARTICLE 21. On petition of Pauline A. Langley and ten other legal voters of the Town of Hampton, to see if the Town will vote to amend the zoning ordinance of the Town of Hampton, adopted at the annual Town meeting March 8, 1949, and amended at subsequent Town meetings, as follows: By adding the following area to the business area of the Town:

Beginning at a point on the southerly sideline of High Street at land of Harvey A. and Pauline B.

MacKenzie; thence running S 0° - 47' E by said MacKenzie's land parallel to and 30 feet westerly from the westerly end of the garage building situate on said property a distance of 236.3 feet to land of H. Clifford Bean, formerly of Joseph J. Mace; thence turning and running S 80° - 27' W by said Bean land 632 feet, more or less, to Meadow Pond; thence turning and running in a general north-westerly direction by Meadow Pond and Waste Gate Stream, so called, about 412 feet to High Street; then turning and running S 88° - 12' E by High Street 808 feet to the point of beginning.

ARTICLE 22. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton, adopted at the annual Town meeting on March 8, 1949, and as amended by subsequent Town meetings as follows:

By adding the following new Residence A District to Appendix A:

#### RESIDENCE "A"

South of Winnacunnet Road

Beginning at a point 300 feet southerly of the southerly sideline of Winnacunnet Road measured along the projection to the south of the westerly side-line of Ring's Restaurant Land, so-called, and running southerly in a straight line to the northerly edge of the Marsh; thence turning and running generally westerly by the northerly edge of the Marsh to the land of the Town of Hampton known as the Sewage Disposal Plant; thence running generally northerly and westerly along the easterly and northerly bounds of said Town of Hampton land, and along the northerly side of the right-of-way thereto to the Tide Mill Road and continuing in a straight line to the edge of the Marsh; thence turning and running westerly by the northerly edge of

the Marsh to the Hampton River Boat Club Land at a point 200 feet from the westerly sideline of Landing Road; thence running northerly 200 feet westerly of the westerly sideline of Landing Road to a point 200 southerly from the southerly sideline of Park Avenue; thence turning and running easterly bounding on Resident "A", Hampton Village, and on Residence "B" Winnacunnet Road to the point of beginning.

ARTICLE 23. On petition of Arthur C. Moulton and ten other legal voters of the Town of Hampton; to see if the town will vote an amendment to the zoning ordinances, to provide zoning protection to the Hampton Airport, as described in sections 1 thru 11 and shown on the Hampton Airport Approach Plan dated May 15, 1956. In pursuance of the authority conferred by Chapter 51 of the Revised Laws and for the purpose of promoting the health, safety and general welfare of the inhabitants of Hampton, by preventing the creation or establishment of airport hazards, thereby protecting the lives and property of the users of the Hampton Airport and of occupants of land in its vicinity and preventing destruction or impairment of the utility of the Airport and the public service it provides.

To amend existing zoning ordinance to provide airport approach area regulations

An amendment of the zoning ordinance regulating and restricting the height of structures and objects of natural growth and otherwise regulating the use of property in the vicinity of the Hampton Airport by creating airport approach areas and establishing the boundaries thereof; defining certain terms used herein; (providing for enforcement); (establishing a Board of Appeals); and (imposing penalties). (The last three items not needed if already provided for).

In pursuance of the authority conferred by Chapter 51, of the Revised Laws and for the purpose of promoting the the health, safety and general welfare of the inhabitants of Hampton, N. H., by preventing the creation or establishment of airport hazards, thereby protecting the lives and property of the users of the Hampton Airport and of occupants of land in its vicinity and preventing destruction or impairment of the utility of the Airport and the public service it provides.

The following amendment of the Zoning Ordinance is hereby adopted by the legal voters of the Town of Hampton as follows:

**Section 1. Definitions.** As used in this ordinance, unless the context otherwise requires:

(1) "Airport" means any area of land or water, whether constructed or not, which has been approved by the director as a site for the landing and taking off of aircraft or utilized or to be utilized by the public as a point of arrival or departure by air.

(2) "Approach Area" means an area having dimensions of 300 feet in width at a point 200 feet from end of the landing strip and flares to 2,250 feet in width at a distance of 10,200 feet. The center line of this approach area shall coincide with the centerline of the landing strip extended.

(3) "Airport Hazard" means any structure, tree, smoke, steam, dust or other substance which obstructs the aerial approaches of an airport or impairs the reasonable visibility in the vicinity thereof, electrical impulses and disturbances which interfere with radio aides or communications and lights which might result in glare in the vision of pilots of aircraft or be confused with airport lights.

(4) "Non-conforming Use" means any structure, tree, or use of land which does not conform to a regula-

tion prescribed in this ordinance or an amendment thereto, as of the effective date of such regulations.

(5) "Person" means any individual, firm, co-partnership, corporation, company, association, joint stock association or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

(6) "Structure" means any object constructed or installed by man, including such objects although regulated or licensed by other provisions of law.

(7) "Tree" means any object of natural growth.

**Section 2 Areas.** In order to carry out the purposes of this amendment all of the land within the boundaries of the approach areas and all of the land within a distance of 8,000 feet from the airport reference point shown on the Hampton Airport Approach Plan dated May 15, 1956 which is attached hereto and made a part hereof, is hereby declared subject to the restrictions of this amendment.

**Section 3. Height Limits.** No structure or tree shall be erected, altered or allowed to grow within the areas described in Section 2 hereof, above a slope ratio of 20 feet to one foot measured from a point 200 feet from the end of the landing strip served by an approach area or above a slope ratio of seven feet to one foot measured from the side of the landing strips and the approaches, or within a distance of 5,000 feet from the Airport Reference point above a height of 150 feet above the airport elevation or above a slope ratio of 20 feet to one foot between 5,000 feet and 8,000 feet from the airport reference point, except that the Board of Appeals shall have the power to grant a variance of this regulation where literal application or enforcement of the same would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this regulation.

**Section 4. Use Restrictions.** Notwithstanding any other provisions of the zoning ordinance, no use may be made of the land described in Section 2 hereof in such manner as to create electrical interference with radio aids or communications between the airport and aircraft, make it difficult for flyers to distinguish between airport lights and others, result in glare in the eyes of flyers using the airport, impair visibility in the vicinity of the airport by the creation and discharge of smoke, steam, dust or other obstructions to visibility or otherwise endanger the landing, taking off, or maneuvering of aircraft.

**Section 5. Non-conforming Uses.** The regulations described in Section 3 and 4 of this amendment shall not be construed to require the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations as of the effective date hereof, or otherwise interfere with the continuance of any non-conforming use. Nothing herein contained shall require any change in the construction, alteration, or intended use of any structure and the construction or alteration, of which was begun prior to the effective date of this amendment, and is diligently prosecuted and completed within two years thereof.

**Section 6. Variances.** Any person desiring to erect any structure or increase the height of any structure, or permit the growth of any tree, or use his property, not in accordance with the regulations prescribed in this amendment, may apply for a variance therefrom. Such variance shall be allowed where a literal application of enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this amendment.

**Section 7. Permits.**

(1) **Future Uses.** No material change in violation of Sections 3 and 4 hereof shall be made in the use of land, and no structure or tree shall be erected, altered, planted, or otherwise established in violation of Sections 3 and 4 hereof in any of the areas of land described in Section 2 hereof, unless a permit therefor shall have been applied for and granted. Each such application shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit applied for shall be granted.

(2) **Existing Uses.** Before any existing use, structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, within any of the areas of land described in Section 2 hereof, a permit must be secured authorizing such replacement, change or repair if it is in violation of Sections 3 and 4 hereof. No such permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming use, structure or tree to be made or become higher, or become a greater hazard to air navigation, than it was on the effective date of this ordinance or than it is when the application for a permit for replacement, change or repair of existing use, structure, or tree shall be granted.

**Section 8. Hazard Marking and Lighting.** Any permit of variance granted under Section 6 or 7 may, if such action is deemed advisable to effectuate the purposes of this amendment and reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the Hampton Airport at its own expense, to install, operate and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

**Section 9. Severability.** If any of the provisions of this amendment or the application thereof to any person or circumstance is held invalid, such invalidity shall not effect other provisions or application of this amendment which can be given effect without the invalid provision or application, and to this end the provisions of this amendment are declared to be severable.

**Section 10. Airport Plan.** A copy of said Airport Approach Plan shall become a part of the Zoning map of the Town of Hampton.

**Section 11. Effective Date.** This amendment shall take effect upon adoption.

**ARTICLE 24.** To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the annual Town meeting on March 8, 1949, and as amended by subsequent Town meetings, as follows:

By adding after Article V the following new article:

**ARTICLE VA—Regulations for Exterior Design and Appearance of Dwellings erected in any housing development.**

**Section 1.** The Town of Hampton hereby finds that uniformity in the exterior design and appearance of dwellings erected in the same residential neighborhood tends to adversely affect the desirability of the immediate and neighboring areas for residential purposes and impairs existing residential property in such area; tends to impair the value of both improved and unimproved real property in such areas with attendant deterioration of conditions affecting the health, safety and morals of the inhabitants thereof and the community at large; and tends to deprive the municipality of tax revenue and destroys a proper balance between taxable value of real property in such areas and the cost of municipal services provided therefor. It is the purpose of this

Article VA to prevent these and other harmful effects in the design and appearance of dwellings erected in any housing development in the same residential neighborhood and thus to promote and protect the health, safety, morals and general welfare of the community.

Section 2. Except as provided in this Article VA, not more than one building permit shall hereafter be issued for any dwelling to be erected in a housing development consisting of two or more houses if it is substantially alike in exterior design and appearance with any neighboring dwelling situated on the same or opposite sides of the street within two (200) hundred feet of a dwelling then in existence or for which a building permit has been issued or is pending. The distance herein specified shall be construed to mean the distance between the street property lines of the respective properties.

Section 3. Houses within such specified distance from each other shall be considered uniform in exterior design and appearance if they have any one of the following characteristics:

(a) The same basic dimensions and floor plans are used without substantial differentiation of one or more exterior elevations; or

(b) The same basic dimensions and floor plans are used without substantial change in orientation of the houses on the lots; or

(c) The height and design of the roofs are without substantial change in design and appearance; or

(d) The size, type and location of windows and doors in the front elevation are without substantial differentiation.

Section 4. In addition to the requirements specified in Section 3, there shall not be less than three (3) separ-

ate basic house designs in every housing development consisting of eight (8) or more houses, and not less than five (5) basic house designs where there are fifteen (15) or more houses.

Section 5. To insure conformity with the provisions of this Article VA, no building permit shall hereafter be issued for more than one dwelling in any housing development, except as provided in Section 6, until an engineer's survey or architect's drawing of the entire tract or part to be developed, has been submitted to the Building Inspector showing thereon, or on a schedule attached thereto, the model number, type and design of each house, with the proper street and lot numbers for each house. The survey or drawing shall show the dimensions of each house, its exact location on the lot with setbacks and width or depth of all yard spaces. In event of subsequent desired change in basic design, size or location of a house in such a tract, a revised plan and application therefor shall be filed and approved before such work is started.

Section 6. To further insure conformity with the provisions of this Article VA in respect to new subdivisions for the purpose of a housing development, the Planning Board of the Town of Hampton may at its discretion, require a performance bond, and an affidavit or a performance guarantee, that the subdivision will be developed as a whole so that the intent and purpose of this Article VA is satisfied.

Section 7. Appeals for relief from the provisions of this Article VA may be taken to the Zoning Board of Adjustment, and relief may be granted by said body when, in its opinion, such relief is not detrimental to the public interest.

Section 8. If any sections, subsection, sentence, clause or phrase of this Article VA is for any reason held to be unconstitutional or invalid, such decision shall

not affect the remaining portions of this Article. The Town of Hampton hereby declares that it would have passed each section and subsection hereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases may be declared unconstitutional or invalid.

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) to authorize the Selectmen to determine, with the advice of counsel, the Town Council, Marsh Reclamation Committee, Planning Board, State Officials, and others as they may desire, the organizational method by which marsh reclamation will be performed, and to take the necessary action to create or implement that organization.

ARTICLE 26. To see if the Town will vote to change the zoning regulations to limit the so-called Residential "C" area (5,000 square foot lots) to the area east of the proposed marsh reclamation and to establish a minimum lot size of 7,500 square feet in the areas proposed for reclamation.

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000.00) to authorize the Marsh Reclamation Committee to proceed with further planning with a view to obtaining more definite preliminary plans, engineering data, cost estimates, data for regulatory ordinances and other data, all of which will be required by such agency as may be established to handle the marsh reclamation.

ARTICLE 28. On petition of Roland W. Paige and ten other legal voters of the Town of Hampton, to see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the purpose of purchasing and erecting a Korean Conflict Honor Roll to be cast in bronze.

ARTICLE 29. On petition of James W. Tucker, Sr. and fifteen other legal voters of the Town of Hampton, to see if the town will vote to adopt the non-partisan ballot system for all future town elections, regular and special, as provided by Chapter 22 of the New Hampshire Laws of 1943 and any subsequent amendments.

(This article will appear on the Australian ballot).

ARTICLE 30. To receive the reports of the special committees which were authorized to report at the Annual Town Meeting.

ARTICLE 31. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 21st day of February in the year of Our Lord, 1958.

HARRY D. MUNSEY,  
LAWRENCE C. HACKETT,  
DONALD A. RING,

Selectmen of Hampton, N. H.

## SELECTMEN'S AND TOWN MANAGER'S GENERAL REPORT

---

The financial picture for the fiscal year for 1957 indicates a successful year of operations. The audit report indicates a BUDGET surplus of \$35,575.48 for the fiscal year. The total CASH surplus at the end of 1957 was \$43,432.91.

The Board of Selectmen set aside the sum of \$29,471.51 to provide funds already obligated by contract and to preserve funds for projects voted as special articles at prior years Town Meetings. The sum of \$13,961.40 remains as Cash Surplus which may be used to reduce the 1958 tax rate.

### HIGHLIGHTS OF IMPORTANT MUNICIPAL GOVERNMENT PROGRAMS IN 1957

Following is a list of important projects that have been completed during the year 1957:

1. Construction and landscaping of park area in Depot Square.
2. Reconstruction of interceptor sewer across Hampton Marsh.
3. Created the position of Dog Officer to enforce State statutes and local ordinances relating to dogs.
4. Approved installation of two new hydrants.
5. Approved installation of thirty-two new street lights including a street lighting modernization program in the central business district utilizing mercury vapor lights.
6. Construction of storm drainage for the Kings Avenue area.

7. Construction of storm drains in the Surfside Park area, (This system will be extended in the Spring of 1958).

8. Construction of a sidewalk on High Street from Mill Road to Locke Road.

9. Authorized purchase of a replacement pump at the beach pumping station (installation to be completed in the Spring of 1958).

10. Adapted old cold-patch shelter at the gravel pit for storing of bulk rock salt thus taking advantage of the lower cost of bulk salt over individually bagged salt.

11. Stimulated neighborhood tree planting program by procuring 150 Rock Maple trees from the State Forestry nursery.

12. Installed new street lighting and stop signs at the "Five-Corner" intersection on High Street.

13. Prepared application to the State Department of Public Works and Highways for increased Town Road Aid to reflect the 12 additional miles of highways constructed in new developments during the past five years.

14. Completed the building program for the expansion of library facilities at the Lane Memorial Library.

#### HIGHLIGHTS OF IMPORTANT MUNICIPAL GOVERNMENT PROGRAMS PROPOSED FOR 1958

1. Utilization of Town owned building on Academy Avenue for Civil Defense Auxiliary Police Headquarters and Police Administrative offices.

2. Creation of Department of Public Works to assume full responsibility for road construction and maintenance; Sewer construction; Plant operation and

maintenance; Refuse collection and dump operation; Snow and ice control; and Town equipment maintenance.

3. Dutch Elm disease and mosquito control spraying program operated by the Town.

4. Machinery and equipment repair at the sewerage plant.

5. Reconstruction of four manholes on the interceptor sewer line at Hampton Beach to eliminate infiltration of sea water.

6. Construction of sewer line in L Street to replace broken pipe.

7. Reconstruction of storm drainage system at Tuck Memorial property.

8. Construction of drainage system for Hobbs Road.

9. Modernization of street lighting at Hampton Beach in cooperation with the State Department of Forestry and Recreation.

10. Construction of addition to Town Hall for administrative office.

11. Application for State Bridge Aid for construction of Tide Mill Bridge and purchase of surplus bridge steel from the Department of Public Works and Highways.

12. Construction of sewer system for Anns Lane.

13. Construction of portion of sewer system on Winnacunnet Road towards North Beach.

14. Enlarged scope of community services program at Lane Memorial Library to include longer hours of operation; cultural programs; exhibition of arts and crafts and Historical material; wider selection of books

and reference materials. The Trustees of the Lane Memorial Library will be assisted by a new organization of interested citizens, known as the Friends of the Lane Memorial Library.

These are some of the highlights of the work program for 1957 and projected programs for 1958. While we can take some pride in the accomplishments of governmental operations thus far, we are keenly conscious of the many problems that lie ahead.

HARRY D. MUNSEY, Chairman  
LAWRENCE C. HACKETT,  
DONALD A. RING,

**DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION  
Concord, New Hampshire  
SUMMARY OF FINDINGS AND RECOMMENDATIONS**

January 15, 1958

Board of Selectmen  
Hampton, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Hampton for the fiscal year ended December 31, 1957, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

**SCOPE OF AUDIT**

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Municipal Court, Library, Cemetery Association and Trustees of Trust Funds.

**FINANCIAL STATEMENTS**

Comparative Balance Sheets — Dec. 31, 1956 - Dec. 31, 1957

**(Exhibit A-1)**

Comparative Balance Sheets as of December 31, 1956 and December 31, 1957, are presented in Exhibit A-1. As indicated therein the Net Debt increased by \$6,377.90 in 1957.

**Analysis of Change in Financial Condition: (Exhibit A-2)**

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

<b>Increase in Net Debt</b>		
Long Term Notes Issued	\$25,000.00	
Cash Surplus Used to Reduce Tax Rate	34,738.00	
	<hr/>	\$59,738.00
<b>Decrease in Net Debt</b>		
Budget Surplus	\$35,575.48	
Notes and Bonds Paid	16,500.00	
Increase in Accounts Receivable	625.00	
Decrease in Accounts Payable	24.96	
Collector's Excess Credits (Net)	634.66	
	<hr/>	\$53,360.10
<b>Net Increase</b>		<hr/> <b>\$ 6,377.90</b>

**Comparative Statements of Appropriations and Expenditures  
Estimated and Actual Revenues: (Exhibits A-3 & A-4)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1957, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$13,-961.40, plus a net unexpended balance of appropriations of \$21,614.08, resulted in a net budget surplus of \$35,575.48.

**Summary of Receipts and Expenditures: (Exhibit B-1)**

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1957, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1957, is indicated in Exhibit B-2.

**Statement of Bonded Indebtedness: (Exhibit I)**

**AUDIT PROCEDURE**

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

**GENERAL COMMENTS**

**Current Surplus:**

The current surplus (excess of total assets over current liabilities) increased from \$103,143.44 to \$105,265.54 in 1957, as indicated herewith:

	Dec. 31, 1956	Dec. 31, 1957
Total Assets	\$271,235.93	\$276,288.64
Current Liabilities	168,092.49	171,023.10
	<hr/>	<hr/>
Current Surplus	\$103,143.44	\$105,265.54

**Conclusion:**

The provisions of Chapter 184 of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Hampton for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler, Director

DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

Joseph W. Boudreau, Auditor

O. Maurice Oleson, Accountant

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

January 15, 1958

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Hampton for the fiscal year ended December 31, 1957, and found them to be in good condition. In our opinion the Exhibits included herewith reflect the true financial condition of the Town on December 31, 1957, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Harold G. Fowler, Director

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Joseph W. Boudreau, Auditor

O. Maurice Oleson, Accountant

# LIBRARY REPORT

## REPORT OF LIBRARIAN

---

I hereby submit the following report of Hampton Public Library from January 1, 1957 to December 31, 1957.

Number of volumes added by purchase		435
Adult Fiction	273	
Adult Non-Fiction	100	
Juveniles	69	
Circulation		
Adult Fiction	6,136	
Adult Non-Fiction	2,226	
Juvenile Fiction	2,483	
Juvenile Non-Fiction	631	
Book Circulation	11,476	
Magazine Circulation	1,583	
Book and Magazine Circulation	13,059	

Due to the building of the addition and the renovation of the old building, the Library was closed for four months with the exception of a few days in November and December. Therefore the figures represent practically only eight months of the year. Had the Library been open, the circulation would undoubtedly have exceeded that of the previous year, as there were many new patrons.

On Friday, October 15, a neighborhood meeting was held at the Hampton Falls Public Library, which Mrs. Charles Palmer, Trustee, and I attended. The speaker

was Miss Stroud of the N. H. State Library and there was a display of adult and juvenile books, many of which were already on our shelves.

We trust that the hardships endured by the necessary closing of the Library will be compensated for by the advantages offered in the enlarged facilities.

Balance of Fine Money	\$42.30
Fines	125.95
Necessary Expenses	147.88
Balance	20.37

MARGARET S. NOYES,

Librarian

## MEMORIAL DAY

---

Following is an itemized list of expenditures as the result of American Legion activities in behalf of the Town of Hampton on May 30th, July 4th, and Nov. 11, 1957.

### MEMORIAL DAY

Geraniums	\$84.15	
Wreaths	25.00	
Flags		
American (3 gr.)	59.25	
American (Children's 2 gr.)	27.00	
Betsy Ross (6 doz.)	18.00	
School Band	50.00	
Drum Corps	70.00	
Sound Truck	10.00	
Student Speakers (2)	4.00	
Essay Contest	15.00	
Urn	10.00	
Grave Marker	3.50	
		\$375.90

### JULY 4TH

Ice Cream	\$49.00	
Tonic	20.62	
Prizes	33.86	
		\$103.48

Grave Markers	14.00	
		\$24.00
		\$503.38

ROLAND W. PAIGE,  
For Post #35 American Legion  
Hampton, New Hampshire

**RECREATION COMMITTEE REPORT OF 1957**

---

Hampton's recreation program completed a second successful year with more than 300 youngsters and many adults taking advantage of the organized recreational opportunities afforded.

As in the first year of operation primary consideration was given to a summer program, again directed by Mr. Robert Carroll, an experienced recreation director. Mrs. Kenneth Russell, of Hampton, was appointed as assistant supervisor, and her work with the girls and younger boys added greatly to the success of the program.

Summer activities, which ran from June 23rd to August 23rd, were again divided into two daily sessions, 9:00 to 12:00, and 5:30 until dusk. The morning sessions had a total registration of 216 boys and girls, and an average daily attendance of 65. Although the evening sessions were not as well attended as those of the previous year, adult and youth activity was observed each evening.

The addition of Mrs. Russell to the staff made it possible to have two or more supervised groups active at all times during the morning sessions. Girls and younger boys under her direction totalled nearly forty active members, and averaged 20 in daily attendance. Recreation for these youngsters included a very popular arts and crafts period, badminton, volleyball, softball, and kickball.

Organized baseball, track and field events, Mr. Carroll supervising, were provided daily for the older boys, ages eight through fourteen. Two baseball leagues were formed, a four team junior organization, which includ-

ed 60 boys, and a two team senior league. The junior teams competed in a 48 game intra-league schedule, while the seniors played or practiced twice weekly, and also met teams from other towns.

Other activities for boys included football, kickball, volleyball, croquet, horse shoes, badminton, and bike racing. During the summer season father-son and family nights were held.

The scope of Hampton's recreational activities was widened this year to include provisions for some limited fall and winter play. For youngsters this consisted of an opportunity for skating, and for adults an experimental series of square dances was scheduled.

As no natural ice was available in Hampton, transportation to the Exeter Academy rink was provided on late fall Saturdays and several times during the Christmas vacation. Groups of 50 to more than 90 young people from the fourth through eighth grades took advantage of this added recreational facility.

The committee is asking for \$1,830.00 for the coming season. Necessary purchases of equipment is the reason for this anticipated increase in expenses. For the past two years the program has been run using borrowed equipment of a re-usable nature. These items, masks, protective devises, non-expendable balls, nets, etc., should be program owned. Greater participation and the addition of a program for girls and younger boys also have created the expectation of increased purchases of expendable items.

## ANNUAL REPORT OF THE CHIEF OF FIRE DEPARTMENT

---

1 Chief Engineer	Permanent
1 Deputy Chief	Permanent
1 Captain	Permanent
8 Privates	Permanent
3 Lieutenants	Call
36 Privates	Call

Total 50 Men

### FUEL CONSUMPTION

Gasoline used 1,985 gallons; Lubricating oil 6 cases;  
Fuel oil 5,424 gallons; Range oil 60 gallons.

### OPERATION OF THE FIRE DEPARTMENT FOR THE YEAR 1957

ANNUAL REPORT  
of the  
Hampton Beach Village District

---

CERTIFICATE OF AUDIT

This is to certify that I have examined and audited the accounts and records of the Hampton Beach Village District for the fiscal year ended December 31, 1957. In my opinion the schedules of receipts and expenditures included herewith reflect the true condition of the Village District on December 31, 1957 together with the results of operations for the year ended on that date.

Respectfully submitted,

FRANK A. BRIGGS,  
Public Accountant

JOHN DINEEN,  
KENNETH ROSS,  
Precinct Auditors

**SCHOOL WARRANT FOR 1957**

---

**School District of the Town of Hampton  
State of New Hampshire**

To the inhabitants of the School District in the Town of Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District affairs:

You are hereby notified to meet at the High School Auditorium in said Hampton on Friday, the eighth day of March, 1957 at three o'clock in the afternoon, and to cast ballots from that hour until at least eight o'clock in the evening of said day for candidates for the following district officers:

1. Moderator for the ensuing year.
2. Clerk for the ensuing year.
3. Member of the School Board for the ensuing three years.
4. Treasurer for the ensuing year.

You are also notified to meet at the same place at eight o'clock in the evening of the same day to act upon the following subjects:

1. To determine the salaries of the School Board and the salaries of other officers of the District.
2. To see if the District will vote to confirm the action of the Building Committee and grant Harold P. and Sadie Smith and their assigns the right to use the roadway leading from High Street as a means of entrance and egress to their property on the West side thereof. (The purpose of this authorization is to carry out an agreement made between the Building Committee and the Smiths at the time of the purchase of the property by the School District.)

3. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

4. To see if the District will vote to authorize the School Board to lease for One Dollar (\$1.00) per year for home economics purposes the property now owned by the Town, known as the Martel property, on Academy Avenue, under such terms and conditions as the School Board may determine.

5. To see if the District will vote to raise and appropriate the sum of Seven Hundred Dollars (\$700.00) for the equipping and operation of the former Martel property on Academy Avenue for home economics purposes.

6. To see if the District will vote to participate with such other School Districts in Supervisory Union No. 21 as may also so vote in the formation of a special class for children of intellectually retarded development and to raise and appropriate the sum of Three Thousand Five Hundred Twenty-nine and 52/100 Dollars (\$3,529.52) for the share of the expense of the Hampton School District therein.

7. On petition of Myra R. Driscoll and twenty-eight other legal voters of the District:

To see if the School District will vote to discontinue kindergarten classes in the public schools beginning with the Fall term in 1957.

8. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of the District, and

of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town; the Budget Committee recommends the sum of \$412,928.28.

9. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 21st day of February, 1957.

DEBORAH GALE BRYER,  
RICHARD D. SIMONS,  
PHILIP M. TOPPAN,

School Board of the  
Town of Hampton.

A true copy of Warrant—Attest:

DEBORAH GALE BRYER,  
RICHARD D. SIMONS,  
PHILIP M. TOPPAN,

School Board of the  
Town of Hampton.

**REPORT OF THE  
ANNUAL SCHOOL DISTRICT MEETING  
HELD AT THE HIGH SCHOOL AUDITORIUM  
HAMPTON, N. H.  
MARCH 18, 1957**

---

The meeting was opened at 3:00 p.m. by Moderator William Elliot.

The following ballot clerks were sworn in: Ustina Simons, Caroline Higgins, Helen Savage, Wilma White, Minnie Philbrick, Joseph Green, Raymond Sturgis, Betsy Green and Roy Gilmore.

The Warrant was read by the Moderator. The polls were declared open. Mrs. Winslow White made the motion that the meeting be recessed until 8:00 p.m. Seconded. So voted.

The Annual School Meeting re-convened at 8:00 p.m.

As the Warrant had already been read, and published, it was not read in full at this time.

Mr. Philip Toppan moved that the polls be closed for voting at 8:15 p.m. Seconded. So voted.

**ARTICLE I**

Mrs. Deborah Bryer moved that the salaries of the 3 School Board Members be \$300.00 each per year, the Treasurer \$500.00, Auditor \$100.00, Clerk \$25.00 and Moderator \$25.00. Motion seconded. So voted.

**ARTICLE II**

**Entrance to Marston School**

Mr. Norman Merrill who was chairman of the Building Committee for the school, made the motion that Article 2 be adopted as read. Seconded. So voted.

Mr. Merrill explained that the purpose of this article was merely to have the agreement with Harold P. and Sadie Smith become a part of the record.

### ARTICLE III

#### Grants — State and Federal Funds

Mr. Richard Simons moved that Article 3 be accepted as read. Seconded. So voted.

### ARTICLE IV

#### Martell Property

At this time the Moderator called upon Mr. Carl M. Lougee, Chairman of the Municipal Budget Committee to explain the School Budget. (Report of Budget Committee on record).

Article 4 was voted as amended.

Amendment: by Mr. L. Hackett — "That the Martell property shall be used by the School District until such time as the Cooperative High School shall be completed." Seconded. So voted.

### ARTICLE V

#### Equipment for Martell House

Mrs. Deborah Bryer moved that Article 5 be accepted as read. Seconded. Mr. Neal Wiggin asked if the equipment in question could be utilized in the Cooperative High School. Mrs. Bryer replied that it could. Article 5 voted as moved.

### ARTICLE VI

#### Special Class

Mrs. Margarate Wingate inquired if money for this article had been approved by the Budget Committee. It had been.

Mr. Harry Parr moved the adoption of Article 6. Seconded. So voted.

## ARTICLE VII

## Kindergarten

Mr. Philip Toppan moved that Article 7 be passed as read.

Mr. Neal Wiggin moved that Article 7 be amended "To vote on Article 7 by yes and no ballot and use kindergarten program in Hampton.

Mr. Robert Kimball spoke in favor of continuing the check list". Seconded. So voted.

Mr. Thayer Wade explained why he considered the kindergarten an integral part of our school system.

Mr. Lawrence Hackett asked the average attendance at kindergarten and mentioned that 3 classes of grade pupils were at present housed in the auditorium of the Centre School.

Mr. Neal Wiggin expressed the opinion that the classrooms being used for the kindergarten at present were needed for older pupils.

Mr. John Dunfey spoke in favor of continuing the kindergarten.

Mr. D. Malcolm Hamilton asked what Grades were to use the basement rooms at Centre School this coming year.

Dr. Edward Manning replied that it was not possible to say at this time.

Mr. Thayer Wade said there was no reason the basement rooms could not be used for any grade.

Mr. Howard Page moved the previous question.

Ballot Clerks appointed were: Martin Gunther, Harold Fernald Jr., William Dennett, Clifford Eastman, Wilfred Cunningham and D. Malcolm Hamilton.

Result of vote: Yes, 90, No, 220. Total votes cast 310. Kindergarten to be continued.

## ARTICLE VIII

## Budget

Mr. William Treat moved that the sum of \$412,928.28 be raised and appropriated as recommended by the Budget Committee. Seconded by Mr. N. Wiggin.

Mr. Frank Freeman inquired purpose of additional physical education instructor. Dr. Manning and Mr. John Peterson explained that it would more fully complete the present program.

## ARTICLE VIX

## Other Business

The motion was made by Mrs. Patricia Finan "that the School Board be instructed to hold kindergarten classes on a two session basis, so that other grade classes will not need to use substandard rooms, namely basement, stage or auditorium. Seconded.

Dr. Manning said that kindergarten age children need an afternoon nap, that 2 sessions would add to the cost of transportation and would cause difficulty in hiring teachers. Motion was not carried.

Mr. Bridle asked if there could be provisions made for registration of new residents so that they could vote at special meetings. Mrs. D. Bryer replied that the method of registration of voters was regulated by State Law.

The meeting adjourned at 9:55 p.m.

Respectfully submitted,

HELEN W. HAYDEN

Clerk of the Hampton, N. H.  
School District

**WARRANT FOR  
SPECIAL SCHOOL DISTRICT MEETING  
School District of the Town of Hampton**

---

**THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District in the Town of Hampton in the County of Rockingham in said State qualified to vote in District affairs:

You are hereby notified to meet at the Hampton High School on Friday, January 18, 1957, at eight o'clock in the evening to act upon the following subjects:

1. To see if the School District will vote to petition the State Board of Education to become a part of a cooperative secondary school district of a region comprising the present school districts of Hampton, Hampton Falls, New Castle, North Hampton, Rye, and Seabrook, or any three or more of said school districts.

2. If the preceding article is adopted, to see if the district will elect one representative to serve on an Interim Committee who shall prepare a financial budget for the proposed cooperative school district, and to include in the organization warrant an article calling for an appropriation for the operation of the proposed cooperative school district during the first year and such other items of business as need to be acted upon at the organization meeting.

Given under our hands at said Hampton this 2nd day of January 1957.

DEBORAH G. BRYER,  
RICHARD D. SIMONS,  
PHILIP M. TOPPAN,  
School Board.

A true copy of Warrant—Attest:

DEBORAH G. BRYER,  
RICHARD D. SIMONS,  
PHILIP M. TOPPAN,  
School Board.

**PROCEEDING OF THE  
SPECIAL SCHOOL DISTRICT MEETING  
HAMPTON, N. H.  
HELD AT THE HIGH SCHOOL AUDITORIUM ON  
JANUARY 18, 1957**

---

The meeting was opened at 8:00 P.M. and the Warrant read by Moderator William I. Elliot.

The Moderator announced that the ballot clerks would be: Helen Savage, Ustina Simons and Caroline Higgins.

He instructed the assembly that no person may vote whose name does not appear on the School District Checklist.

**ARTICLE I**

Mr. Philip Toppan made the following motion:

“Resolved: That the School District of Hampton petition the State Board of Education to become a member of a secondary cooperative school district accommodating Grades 9-12 which may include in addition to this district the following school districts; namely, Hampton Falls, North Hampton, and Seabrook, or any two of these districts.”

Motion seconded.

Mr. Toppan explained that he was the member of the Hampton School Board who met with the representatives of other towns to discuss the matter of a cooperative High School for this area, and read many of the findings of the Union study committee report.

(Entire report on record)

Mr. Toppan called the attention of the assembly to the sheets of figures which had been passed out showing Projected High School Enrollments, Apportion-

ment of Costs of Capital Outlay During the First Five Years, Apportionment of Construction Costs, Total Capital payments only, Principal and Interest first Year and Tax Needed, and Apportionment of Current Operating Costs (based on 500 pupils @ \$350.00 per pupil.) Also Available Borrowing Power for Secondary Cooperative District.

Standing vote taken on Article I, Mr. Toppan's motion. 116 votes cast. Affirmative 113; Negative 3. Motion carried.

## ARTICLE II

Read by Moderator

Mr. Harry Parr moved that Article II be accepted as read. Seconded. Standing vote. Affirmative 121; Negative none. Motion carried.

Mr. James Tucker Sr. nominated Philip Toppan as the Hampton Representative on the Interim Committee. Seconded.

Mr. John W. Perkins moved that the nominations be closed. Seconded. So voted.

Mr. Edmund Langley, Jr. moved that as there was only one nomination, the clerk be instructed to cast one ballot for Philip Toppan. This was done.

Mr. Philip Toppan elected as Hampton's representative on the Interim Committee.

The meeting adjourned at 8:35 p.m.

Respectfully submitted,

HELEN W. HAYDEN

Clerk of the Hampton, N. H.  
School District

# SCHOOL WARRANT for 1958

---

## School District of the Town of Hampton State of New Hampshire

To the Inhabitants of the School District in the Town of Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the High School Auditorium in said Hampton, on Thursday, the Sixth day of March 1958, at TEN O'clock in the forenoon, and to cast ballots from that hour until at least EIGHT O'clock in the evening of said day for candidates for the following district officers:

1. Moderator for the ensuing year.
2. Clerk for the ensuing year.
3. Member of the School Board for the ensuing three years.
4. Treasurer for the ensuing year.

You are also notified to meet at the same place at Eight o'clock in the evening of the same day to act upon the following subjects:

1. To hear the reports of Committees.
2. To determine the salaries of the School Board and the salaries of other officers of the District.
3. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

4. To see if the District will vote to adopt as the check list for school meetings the check list of the Town of Hampton in accordance with the provisions of Chapter 57 of the Session Laws of 1957.

5. To see if the District will vote to change the name of Hampton High School and Academy to Hampton Junior High School to be effective July 1, 1958.

6. To see if the District will vote to raise and appropriate the sum of Three Thousand One Hundred Two Dollars (\$3,102.00) for the purpose of purchasing a certain tract of adjoining land of the Hampton High School and Academy and for the purpose of clearing, plowing, grading and seeding the same, this sum to be added to One Thousand Nine Hundred Ninety-Eight Dollars (\$1,-998.00) now on hand for this purpose.

7. To see if the District will vote to raise and appropriate the sum of Two Thousand Eight Hundred Twenty-Nine Dollars and Ten Cents (\$2,829.10) for the purpose of making equitable additional payments to property owners who have formerly sold to the Hampton School District parcels of land adjoining the land of the Hampton High School and Academy.

8. To see if the District will vote to raise and appropriate the sum of Four Hundred Dollars (\$400.00) for the purpose of publishing the annual school report either as a part of the Town Report or as a separate document.

9. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the Selectmen the balance between

the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town; the Budget Committee recommends the sum of \$372,168.18.

10. To transact any other business that may legally come before said meeting.

Given under our hands and seals at said Hampton this 17th day of February, 1958.

RICHARD D. SIMONS,  
PHILIP M. TOPPAN,  
DOROTHY M. LITTLE,

School Board

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Committee and Citizens  
of the Hampton School District:

It is a pleasure to submit my second annual report as Superintendent of Schools. The past year has been an active one; the rapid growth of this Seacoast region has compelled us all to extraordinary efforts to meet the needs of our growing school population. Furthermore, we have tried not only to provide for the minimum necessities, but also to make improvements in the quality of our staff and in our educational programs.

The Seacoast area presently exhibits one predominant characteristic — growth. It has grown in population and in wealth. Present indications are that this trend will continue. Concomitant with growth in communities one expects to find increased needs for public services and, inevitably, increasing costs for such services.

The School Districts of this Supervisory Union have, in the main, been forced to construct new schools to house their growing enrollments. For the moment, we are over the hump as regards this problem. We can be proud of our excellent new buildings which represent distinct improvements in community investment. Unless present trends towards growth are reversed, however, we shall have only a brief breathing space. Within two to three years additional facilities will again be needed in many of the districts.

Federal Aid for school construction under Public Law 815 has been of material assistance to most of our districts. Federal Aid for the operation of schools under

Public Law 874 is also a major factor in defraying costs and in holding down the amounts of money to be raised by local taxation. In the Union as a whole our estimated income from Public Law 874 amounts approximately to \$100,000.00 for the coming school year.

There was a serious effort made in the last session of Congress to eliminate both of these Bills. Should a similar effort succeed during the present session, we would suffer a major blow in nearly every school district. We have estimated full receipts under the existing statute but this expires June 30, 1958. If by March we know that this legislation has been extended it will be necessary to ask for an appropriation larger than that now presented in our budget. It behooves every citizen to make known to our representatives in the Congress that we need to have maintained the system of payment by the Federal Government for pupils coming into our community as a direct result of Federal activities.

The New Hampshire Legislature in the last session enacted legislation which helps in meeting the cost of debt service. Single school districts formerly received state funds to the amount of 20% of the principal of debt incurred for capital investments. The state's share has now been increased to 30% for such districts and to 50% for those districts which join to form twelve-year cooperative school districts. State Aid for the operation of schools was also increased but only two of the Districts in this Union have valuations low enough to qualify for this form of assistance.

To staff our schools for the year beginning in September 1957 it was necessary to engage 52 new teachers, a larger number than any Supervisory Union in the state, including the cities, had to hire. To start with, we needed 20 additional teachers; next, we found it

necessary to discontinue the services of 10 faculty members, the balance represented turnover because of personal circumstances. 10 of these teachers were lost because we could not offer adequate salaries; they accepted other positions at an average increase of approximately \$600.00.

We began the school year in September 1956 with an instructional staff of 101 full-time persons. In September 1957 this had risen to 119. In September 1958 we will need at least 139 faculty members. Except for a few of our New Hampshire cities this will make our Union the largest educational organization in the state.

The following tabulation shows some interesting relationship:

	No. of Towns	Full-time Teach. Staff	Fall Enrol.	No. of Schools
1954 — 55				
Union No. 21	7	78	1,860	11
Hanover	4	75	1,617	11
Hudson	5	82	2,194	15
Lebanon	3	75	1,911	11
Peterborough	6	71	1,507	9
Salem	5	72	2,048	14
<hr/>				
1955 — 56				
Union No. 21	7	78	1,860	11
Hanover	4			11
Hudson	5	82	2,194	15
Lebanon	3			11
Peterborough	6	71	1,507	9
Salem	5	72	2,048	14
<hr/>				
1956 — 57				
Union No. 21	7	101	2,362	11
Hanover	4	80	1,731	11

	No. of Towns	Full-time Teach. Staff	Fall Enrol.	No. of Schools
Hudson	5	100	2,411	16

## 1957 — 58

Union No. 21-	8	119	2,510	10
Hanover	4	87	1,771	11
Hudson	5	104	2,547	16
Lebanon	3	87	2,137	10
Peterborough	6	81	1,648	6
Salem	5	91	2,486	15

## ANTICIPATED FOR 1958 — 1959

Union No. 21	8	139	3,000	11
--------------	---	-----	-------	----

The growth of our Union has created a growing problem in handling the administrative and supervisory duties of the Superintendency. Despite our overall growth in school personnel the Superintendent's staff has been increased only by the addition of a half-time clerk. The following tabulation shows the staff that has been provided:

Year	Supt.	Help Teach.	Exec. Asst.	Sec.
1954 — 1955	1	1	1	1
1955 — 1956	1	1	1	1½
1956 — 1957	1	1	1	1½
1957 — 1958	1	1	1	2

The provision of three full-time persons on the secretarial and clerical staff has solved our problems at that level. The Helping Teacher and the Superintendent, however, cannot reasonably meet the needs in supervision and in administration under the present load. With the addition of the Cooperative secondary

School District to the Union there are now eight school committees with twenty-six members.

The Supervisory Union School Committee is cognizant of the problem and is studying ways of alleviating it. Either the provision of an assistant superintendent or reorganization of the Union administrative structure is needed. No solution has been found at this time which will permit any change in conditions for the coming year beginning July 1, 1958.

We shall again need to hire a large number of teachers. There will be at least 18 additional teachers needed. Some turnover is inevitable. Conservatively estimated, our minimum needs will fall between 30 and 40 new teachers. In order to attract suitable teachers we must offer salaries as good or better than those which will be offered in northern New England.

Last year our minimum salaries of \$3000.00 in all of our districts but Seabrook and Rye made it nearly impossible to hire beginning teachers. We could hire none from Plymouth Teacher's College because the students flatly refused to consider any salary below \$3200.00. In some of our districts we had an advantage in hiring experienced teachers because our salary schedules offered a greater range than that found in some other New Hampshire communities.

This year is a critical one with regard to salaries. The School Committees have recognized this by raising minimum salaries. The new minimums range from \$3,200.00 to \$3,400.00 in the elementary districts. In raising a minimum it is only equitable to increase the salaries of older teachers by the amount of increase. This is not only equitable but is a matter of necessity this year because other communities in New Hampshire are doing so. We would lose our advantage in hiring

experienced teachers if we did not give our teachers now on the staff the benefit of the increase in the minimum.

It must be recognized that a \$3400.00 minimum will, at best, put us on a basis equal to, but not ahead of many New Hampshire communities and those in bordering states with which we have to compete for teachers. Minimums of \$3400.00 will be common, some are already set at \$3500.00 and \$3600.00. An explanation of this problem should help you as voters of the District to realize the reasons which compelled your School Committee to ask for larger budgets in order to raise salaries.

The situation with regard to teacher's salaries will not change in succeeding years. The problem is one of simple economics. Teaching, which has always been an under paid profession, does not look attractive to young men and women when they know of earnings in other occupations. No adequate plans for forestalling the obvious shortage of teachers were undertaken at state and national levels following World War II. As our school populations have grown teachers have remained in short supply. Salaries, therefore, have risen and will continue to rise until the supply of teachers is markedly increased.

Many statistics are published to prove the relatively low earning power of teachers. One statistic is enough to cite, as far as I am concerned. The state wage rate for building laborers, who need no education or experience, is \$2.50 per hour at present, or \$100.00 per week without overtime. Much is often made of the fact that the teacher's work year is only 10 months. This is not a significant argument; those teachers who are able and willing to work in the summer can earn, on the average, only \$500.00 to \$600.00 for the season.

To do so, in many instances, they must work at jobs which contribute nothing to their improvements as teachers.

I have devoted space to the foregoing considerations because of their critical importance at the present time. These matters are of common interest to the citizens of all of the School Districts of the Union. They apply with equal force in every District. The efficient functioning of our schools and the effective conduct of education in our classrooms is the matter at issue.

Before turning to matters concerning individual districts there is one educational program which again concerns all. This is the class for intellectually retarded pupils established last fall at the North Hampton Elementary School. We were fortunate in securing the services of an experienced teacher. The class has proved to be successful not only in our opinion, but in that of many impartial observers who have visited the class. We are indebted to the State Committee on Social Education and to the Trustees of the Spaulding Fund for technical advice and financial assistance in the preliminary work done during the past year which enabled us to make a sound selection of pupils.

As was indicated in my report last year there is a clear need for two such classes in our Union. With a second class in operation, it seems probable that we can provide for pupils who have special instruction without adding a third class for some time. North Hampton can furnish a classroom for another year; Hampton can provide the second classroom in what was its High School building. At the annual budget meeting in December 1957 the Union School Committee voted to recommend to all Districts that sufficient funds be included in their budgets to provide for two classes.

Instruction in the Hampton Schools has been maintained at a high plane. There were many changes in the faculty and several additional teachers had to be hired to meet swelling enrollments. We were able to engage a number of experienced teachers as replacements and to secure beginning teachers of high quality. The strength of the teaching staff has been greatly increased during the current year.

Our industrial arts program has shown a marked improvement this year. Mr. Eugene Ross, the new instructor, has reorganized both materials and methods so as to improve the quality of instruction.

The addition of another Physical Education teacher at the high school level has permitted a more adequate program of Physical Education in all grades. Mr. Robert Dodge, an experienced instructor, has done an excellent job with the high school boys. Mr. John Peterson, in addition to organizing the work done by all three physical education teachers, has been able this year to give time and attention to broadening and intensifying the program in the elementary grades. Mrs. Blatchford has been able to give more time to those pupils she instructs.

Among the advantages Hampton will receive from the establishment of the new Cooperative High School District will be more adequate services in music, art, physical education and nursing. Our schools have been growing so fast that for the past three years there has been a gradual alternation of services in these fields. Were the high school to have remained in this school district it would have been necessary in the coming year to plan for additional personnel to meet instructional needs in these fields. The situation had become impossible to handle in physical education even this year. Diminishing returns would have set in shortly in Music and Art. The School Nurse is now overextended. The advent of

the Cooperative will permit our personnel presently employed to conduct a thorough and satisfactory program next year in our eight grades.

The availability of the High School building for grades seven and eight next September will allow us barely enough classrooms for our eight grades. Considering only those pupils now enrolled 179 seventh and eighth grade children will move into the Hampton Academy building. Within three years we shall have over 225 pupils in that building which was originally designed to accommodate approximately that number. If present growth trends continue the District must plan to add a wing to this building within four or five years. An addition to the Marston School will also be needed.

The movement of large grade enrollments from the lower to upper grades will require the addition of eight teachers next year. With this number of teachers we can still plan to hold class sizes only within a 25-30 pupil range. If a large influx of additional pupils occurs, as is indicated by new registrations since Christmas, we will do well to keep under 30 per class.

The School Committee, being aware of the additional cost to be borne by Hampton taxpayers for the construction and operation of the Cooperative High School, has not asked for funds which will allow for a large addition to the student body. Should this occur it might even be necessary to ask for a special appropriation, although every effort will be made to operate with the budget that is to be submitted to the District.

Increased cafeteria services will obviously be needed. The High School pupils have not used cafeteria services; only 20-25 pupils eat lunches prepared in the schools. The 170 seventh and eighth grade pupils, however, have been accustomed to using cafeteria service; it is estimated that 125, at least, will eat every day. Space, equipment

and personnel must be provided to feed these pupils in the high school building. A plan to do this on as economical a basis as possible has been developed and necessary funds are included in the budget. Food will be prepared at the Centre School but a serving kitchen must be provided in the high school building.

Reorganization of many features of the school programs, custodial services, and clerical services will be possible when the seventh and eighth grades are in their new quarters. The departmentalized instructional program can be improved because these pupils will be more conveniently grouped than they could be next year at the Centre School. The use of the auditorium will allow extended activities in physical education, music, dramatic and assembly programs.

The central office for the schools will be in this building. Mr. Thayer Wade, the Principal who has been on partial leave this year so that he could pursue a doctoral program at Harvard, will be able to supervise all three schools most effectively. The telephone system will be changed so that calls will go through the central office for all schools. This will eliminate the present unsatisfactory condition which requires Mrs. Stevens, the Assistant Principal of the Marston School, to leave her class to answer calls.

Clerical services have been, up to now, adequately provided for the High School but inadequately provided in the elementary schools. The one clerk at the Centre School cannot assist in work needed at the Marston School as much as is desirable. The School Nurse has had far too much clerical work to do in her own program. Beginning next year it is planned to have two clerical workers in the central office. The flow of work for all three buildings can be handled smoothly with this arrangement, and, when necessary one clerk can go into the other two schools to help the Assistant Principals.

It is planned to employ four custodians rather than five. The reduction in night work required at the high school and the increased administrative efficiency possible under one principal working from a central office will permit effective use of a smaller group of janitors. The purchase of a suitable lawn mower will also help to save janitorial time.

Many improvements to grounds and building have been made. The completion of the landscaping at the Marston School has given the District one of New Hampshire's most attractive school buildings. The generosity of the Hampton Academy Trustees in donating almost \$2,500.00 to the cost of grading and seeding the large area near the high school building has given us a fine field for use by the junior high school pupils. The field behind the Centre School has also been regraded and reseeded. The School Committee has made many interior improvements and repairs in the two older buildings, some of which have long been neglected.

The Trustees of Hampton Academy should be given recognition for the many valuable contributions they have made in the form of improvements to the Academy building and in gifts of equipment. Besides the construction of the new field already mentioned, they paid for major alterations to the locker rooms of the school a few years ago. They have annually paid for replacement of typewriters and other equipment in the Commercial Department; they have provided equipment for the Home Economics and Shop programs for many years; they have paid for encyclopedias and other reference books. In the current year alone they have contributed well over \$1,000.00 for the purchase of equipment. Accurate records of the items they have contributed to the school over a period of years have not been kept; the value of their contributions amounts to many thousands of dollars. It is proper to say that the high school pro-

gram in Hampton could not have been kept at a satisfactory level without their contributions unless much more money had been appropriated by the tax-payers.

An improvement in teachers' salaries has been provided for in the school budget. The School Committee made exhaustive investigation of the need for increasing the minimum salary. A minimum of \$3,400.00 has been established which although it represents \$400.00 increase in the Hampton minimum puts us only on a par with other school districts with which we have to compete for teachers. In fact, it leaves us behind some nearby districts such as Portsmouth which has set a new minimum of \$3,500.00 and Amesbury, Massachusetts with a new minimum of \$3,800.00. Exeter will offer \$3,600.00 to married men and \$3,400.00 to other beginners. The School Committee recognized that if we are to hold our teachers the benefit of the increase in the minimum must also be given to those now on the staff. Because of the competition we must meet in securing teachers from the limited supply available this is a critical year for Hampton with respect to salaries. To fail to adopt the recommended schedule could well cause us to begin sliding downward toward a second-class school system.

I have been fortunate during the year to have intelligent assistance and loyal support from many of my colleagues and fellow-workers. My obligations to teachers and other staff members are too numerous to list them here. For their help I am deeply appreciative.

May I also express my appreciation to the members of the School Committee and to other citizens of the District for their understanding of school problems and their readiness to work on behalf of our school children.

Respectfully submitted,  
EDWARD CHANDLER MANNING,  
Superintendent of Schools

**HIGH SCHOOL PRINCIPAL'S REPORT**

---

January 2, 1958

To Dr. Edward C. Manning  
Superintendent of Schools:

I herewith submit my annual report as Principal of Hampton Academy and High School. This will be the last report submitted under the present administration and marks the end of an era in secondary education in Hampton.

I believe Hampton Academy and High School has served the community well. It has met the educational needs of the youth in this area in an edequate manner. Our graduates have gone out to take positions or have continued their education in many post-secondary institutions.

Last year we graduated a class of fifty-two. Eleven entered four year colleges, two junior colleges, two nursing schools and two are in the armed services. Of the remainder twelve are employed and three are married.

In a recent study made of the last five years graduates, we found that over fifty per cent of those taking college preparatory courses entered colleges. Also that over fifty per cent of the total class went on to continue their education in many post-secondary schools. While our state colleges get the bulk of those that go on we found thirteen colleges outside New Hampshire that had received at least one student.

Many of our graduates find employment in the area we serve. We are seldom able to fill all the positions that exist especially in the spring of the year.

I cite these things as evidence that we are preparing the youth of the community to take their place as citizens. The boys of course have to fulfill their service obligation, but in most instances they return to this general area.

The plans and alterations we made in preparation for the increased enrollment this year have worked out well. We have had close to 290 pupils most of the time, which represents an increase for about forty. The entering class numbered 107 which is the largest so far.

The Home making class now meets in a separate building. The teacher and girls have adapted themselves well to the temporary situation. The room they left has been converted into a home room and biology laboratory and thus increased the total capacity. Classes meet in the library, the teachers room and on the stage. Our new guidance department functions in the visiting team's room. All these things are accepted without complaint and a wholesome situation has resulted.

Again we wish to thank the many organizations and friends that have done things to help the school. The trustees, the service clubs, the P. T. A., the alumni association, church organizations, several town departments and many individuals. Their generous acts have increased the activities that we have been able to have.

I want to express my appreciation to you, your staff and the school board for the constant cooperative spirit in which our work is carried on.

Respectfully submitted,

BRUCE E. RUSSELL,

Principal.

## REPORT OF ELEMENTARY AND JUNIOR HIGH SCHOOL PRINCIPAL

---

To: Dr. Edward C. Manning,  
Superintendent of Schools:

I herewith submit my annual report for the Hampton Elementary Schools and the Junior High School.

Many changes have taken place this year that have resulted in broader educational opportunity for all the pupils.

The first instance was moving eleven grades to the new Marston School at the end of January 1957. This was accomplished in one day with the help of the school staff and the Hampton P.T.A. The overcrowded conditions we had experienced were alleviated and a better instructional program resulted.

Two libraries were organized, one at each school, to assist the pupils in reading enrichment as well as increased reference facilities. The material available at these libraries is at a minimum amount, and should be increased annually.

Because of the extremely heavy pupil teacher ratio in grade 1, it was necessary to employ an additional teacher for the rest of the year.

The instructional phase of the program that had previously been cramped by overcrowding was again increased for its full value. Physical education proceeded at a desirable rate, climaxed by a Junior High inter-scholastic track meet in the spring. A better Art program, using space assigned specifically for Art, resulted in better offerings in pottery, enameling and other skill areas. The Music program improved and both elementary

schools put on a program for the public in the late spring. Everyone is pleased with the school band and with the progress they have made.

We have been proud of our athletics in the Junior High. In both basketball, baseball and softball our teams have either been champions or finished high in the league. This fall touch football was organized under the direction of Mr. Peterson and a great amount of interest was generated. The team finished first in the league.

Many repairs, consisting of painting and remodeling, have been made at the Centre School. This has improved the building and helped to keep it up to date. It will be necessary however, to plan on painting about the equivalent of four rooms each year to keep the building in good condition.

Lawns and shrubbery were completed at the Marston School this fall.

The Junior High program was reorganized to an extent this year to eliminate some weaknesses we previously had. This has proven successful. However, I feel that when the Junior High moves to the present High School building, more revision should take place. Work in this area is already under way and plans are being formulated for the time when the building is available.

A Junior High program of studies was developed during the spring and summer. This was printed and made available to the pupils and parents of the Junior High to help them develop a better understanding of what we were endeavoring to accomplish.

The enrollment in September 1956 was 774. Continuing the extraordinary increase in pupil attendance, this September's figure rose to 870. It should be noted that be-

cause of transfer or similar reasons, we lost a large number of pupils during the summer. If this had not happened, our enrollment would have been well over 900. Because of the increase, it was necessary to hire seven additional teachers for the year 1957-1958. The distribution of these is as follows: Kindergarten, grades 1 through 5, one additional teacher each; Junior High 1, or a total of seven. In addition to this, it was necessary to have a physical education instructor to assist at the Junior High. This was worked out in conjunction with the High School.

Altogether, eighteen new teachers became members of our staff this year. They were assigned as follows: Kindergarten, Mrs. Gallagher, Miss Christensen, Miss Montrone; Grade 1, Mrs. Ross, Mrs. Rockey; Grade 2, Miss Cyr, Mrs. Carpenter; Grade 3, Miss Ludgate, Miss Cogle; Grade 4, Miss Somerby, Mrs. Barrett; Grade 5, Mrs. Cheadle, Miss Whitcomb; Junior High, Mrs. Bowman, Miss Griffin and Mr. Preston. Mrs. Beilman was hired for Art and Mr. Dodge for Junior High Physical Education.

The teacher assignments for each school is as follows:

Centre School: Kindergarten, Miss Christensen, Mrs. Gallagher, Miss Montrone, Miss Snow; Grade 1, Miss Bean, Mrs. Rockey; Grade 2, Miss Cyr, Mrs. Carpenter; Grade 3, Miss Ludgate, Miss Cogle; Grade 4, Mrs. Barrett, Mrs. Cusick; Grade 5, Mrs. Lloyd, Miss Whitcomb; Grade 6, Mrs. Marcotte.

Junior High School: Mrs. Bowman, Mr. Eastman, Miss Griffin, Mr. McClain and Mr. Preston.

Marston School: Grade 1, Mrs. Berry, Mrs. Ross; Grade 2, Mrs. McClain, Miss Millett; Grade 3, Mrs. Cummings, Mrs. Fernald; Grade 4, Mrs. Crane, Miss Somerby; Grade 5, Mr. Barr, Mrs. Cheadle; Grade 6, Mrs. Stevens, Miss Williams.

The special teachers were assigned as follows: Art, Mrs. Beilman; Music, Mrs. Coombs, Mr. Coombs; Physical Education, Mr. Peterson, Mr. Dodge, Mrs. Blatchford; Remedial Reading, Miss Thomas.

Other members of the staff include Secretary, Mrs. Peterson; Nurse, Mrs. McRae; Custodians, Mr. Barnaby, Mr. Brown, Mr. Fogg, Mr. Drysdale; Cooks, Mrs. Moore, head cook, Mrs. Osgood, Mrs. Leach.

As you have probably noted, there are four teachers for each grade in the elementary schools with the exception of Grade 6 in which there are three. Because several of the grades are presently overcrowded, and an increase can justifiably be expected next fall although not quite as great as this year, it will be necessary to plan for four additional teachers, one each in Grades 1, 2, and 3 and one for Grade 6.

The Junior High assignments will have to be completely reorganized. In addition to the five teachers presently assigned, it will be necessary to add two additional home room teachers and a Home Economics and Shop teacher, or a total of four new positions. The reason for this is twofold. First, the enrollment requires another split of classes in both 7th and 8th grade, and secondly, we cannot depend on the High School to supply us with Shop and Home Economics instruction.

When these additional teachers start in September 1958, all available space will be used at all three schools. This is something to contemplate for future reference.

I was fortunate to have been chosen to attend Harvard this year for my Doctor's degree in Administration. I would like to express my gratitude to you and the School Board for granting me a partial leave of absence, especially the Assistant Principals, Mrs. Stevens and

Miss Whitcomb, and my secretary, Mrs. Peterson, for the faithful service and cooperation they have given me under these circumstances.

Hampton has been in the past and will continue to be proud of their educational program, We are constantly surveying, reorganizing, studying and seeking changes to improve the total education each pupil will receive.

I have continued to receive pleasure and satisfaction from serving this community. I shall strive to make my services felt in all aspects of the child's school life in the future.

Respectfully submitted,

THAYER D. WADE,

Principal.

**REPORT OF PHYSICAL EDUCATION DIRECTOR**

---

To Dr. Edward C. Manning,  
Superintendent of Schools:

In grades one through six we have attempted to present a program that is varied and suitable for all children. In addition to the usual activities, there has been more emphasis on self-testing activities such as tumbling and learning how to jump for height and distance in the primary grades. Progression has been used in rope skipping and practically all of the children have learned the rhythm of rope skipping.

A Track and Field Day was held last spring with Hampton Junior High host to North Hampton Junior High.

The project of developing two teacher stations in the Centre School activities room has been completed and put to use. In conjunction with this project, four additional basketball goals were built and installed, and a hazard was removed in screening the lower half of the windows.

In the Junior High School, the program consists of team games such as soccer, touch football, softball and basketball. Tumbling, stunts and relays are also included in the program. Calisthenics and self-testing activities are given throughout the year.

Due to the lack of grassed play area at the High School, out of door team games have been substituted to a great extent with modified team games, self-testing activities such as calisthenics, rope climbing and performing on the horizontal bars. Relays, marching tactics, combatives such as wrestling, crab soccer, and tumbling make up the program in the gymnasium during the winter months.

A Health and Safety course has been started for the freshmen in addition to their two weekly physical education classes.

I would like to recommend the following improvements for future consideration:

The outdoor basketball courts at the present High School can, with slight additions, be used to teach tennis and other net games.

The locker room should be painted and a sturdy plastic curtain placed on the shower entrance so that all shower heads may be used.

Because of the varied use of the present High School Gym by school and community, the present bleachers should be replaced with three rows of folding bleachers on each side. This would increase the present seating capacity when used as an auditorium and these folding bleachers would be quite enough for school assemblies and would not necessitate the use of folding chairs. If room under the present stage could be found for one half of the present chairs, a severe storage problem would be solved.

## ATHLETICS

The 1956-57 basketball squad entered state tournament play with a record of 11 won and 7 lost. The spring sports season resulted in the baseball team posting a 6 and 8 season. The track squad engaged in 8 meets placing third in the league meet and eighth in the state meet. The football team was inexperienced and, with a change in coaching personnel, finished the season having won 1, lost 5 and tied 1. The majority of the squad returns next year. The first formal cross country team engaged in 6 meets, winning 2. A freshman placed fourth in the state meet. The present basketball team is undefeated as this report is being written.

## REPORT OF GIRLS' PHYSICAL EDUCATION DEPARTMENT

---

To Dr. Edward C. Manning,  
Superintendent of Schools:

The Girls' Physical Education Program at the High School this year has had an addition to the curriculum. A course in Health is being taught to all the Freshmen this year. At present the class meets every other week, but in the future the class will be scheduled more often.

Last spring the High School girls played an eight game schedule in Interscholastic softball. The Junior High girls under the direction of Mrs. Lloyd played a six game schedule.

This fall the High School activities consisted of calisthenics, marching drills, volleyball, and indoor softball. The girls played a four game interscholastic schedule of Field Hockey winning 2 games and losing 2 games.

This winter semester the High School basketball team will play eleven games on the schedule. The classes are working on basketball drills and skills. On December 14 the Buccanettes attended a Rules Interpretation Clinic at Portsmouth and were asked to demonstrate various situations of the games.

This Spring the program will be classes in stunts and tumbling, badminton, indoor softball and volleyball. A volleyball tournament will be held at the middle of the Spring semester.

Respectfully submitted,

MRS. BETTY BLATCHFORD,  
Girls' Physical Education  
Director.

**REPORT OF MUSIC SUPERVISOR**

---

To Dr. Edward C. Manning,  
Superintendent of Schools:

Following is a report of activities in school music during 1957:

An outstandingly cooperative and capable teaching force in the elementary grades gave our pupils an excellent foundation in music study for the school year ending in June 1957. The accomplishment of the pupils was very gratifying.

Beginning in September, it was necessary to limit visits to the elementary classes to once in two weeks. After four months of this program, I feel it is unsatisfactory. None of the regular activities have been omitted, but all have necessarily been limited.

High School classes are held once a week, and since there are five groups, I am at the High School one period a day. Last spring Dennis Dionne, Roger Hammond and George Sumner attended both State and New England Festivals at Durham, New Hampshire and Plainville, Connecticut, respectively.

The High School Choir had an active year singing, as usual, for local groups. The Choir was made up of a group of capable singers with good voices. Their loss has caused us to stagger, but we are gradually regaining our footing.

The instrumental program under Mr. Rolvin Coombs has been making strides forward. The Junior Band presented two concerts — one for the P.T.A., and one at the High School Auditorium, in which the Senior Band also played. The Junior Band also played for the eighth grade graduation and on the band stand at the beach

during May. This program was televised. They also auditioned at the State Auditions Festival at Rochester. Chaperoned by a group of parents, 56 pupils from grades 2 through 8 made a fine showing. Comments by the judges were all exceedingly complimentary. Both Bands marched and played Memorial Day.

At a Christmas program given by several of the elementary classes, an orchestra of young players performed in excellent manner. Groups of pupils have played Christmas carols in the town square.

The Senior Band is being replenished by pupils of outstanding ability in the upper grades.

A Music Boosters Club has been formed by some of the parents of instrumental students. At present this Club is planning ways and means of outfitting the Junior Band with uniforms. Their work and interest is certainly appreciated.

Funds from the Christmas program will go to the purchase and moving of a piano to be used in one of the Kindergarten rooms.

I wish to thank you, Dr. Manning, and our Board of Education for the support and cooperation given Mr. Coombs and me in our work.

ESTHER B. COOMBS,  
Supervisor of Music.

**REPORT OF ART SUPERVISOR**

---

To Dr. Edward C. Manning,  
Superintendent of Schools:

The Art Education Program in the schools of Hampton shows a continuous growth and development.

The philosophy of the art program has changed from one of art for the talented few, to an art for all individuals at all levels. The endeavor is one of a creative approach to freedom for self-expression.

The feeling for the value of the experience beyond the result has brought about an understanding of the uniqueness of the individual and challenges the development of intellect, esthetic and moral values. An objective sense of the world is gained through his own creative activities.

By means of audio-visual facilities we are planning to broaden our art program as well as by the exchange of pupils' are work with other schools and extra curricular art exhibits.

During Art Week in the month of November of this year we held exhibits of the pupils' art work in the Centre, Marston and High Schools, grades six through twelve. During the spring, art work of the pupils in the lower grades will be exhibited.

We are in need of more room as well as storage space. The limited space finds us unable to have a full craft program. It is expected that the establishment of the new Regional High School will result in giving us this advantage.

An attempt is being made to meet the present and ever-changing need of our school population, the primary

concern remaining the same — an effort to provide educational experiences that will result in meeting the art needs of the individual helping him to grow and develop his intellectual self.

The co-operation of the teachers and the administrative staff has been greatly appreciated, and helped to make the art program a success.

Respectfully submitted,

EDWINA N. BEILMAN,

Art Supervisor.

## REPORT OF SCHOOL NURSE

---

To Dr. Edward C. Manning,  
Superintendent of Schools:

The following is a report of the School Health Program of the Hampton Schools for the year 1957:

Four hundred sixty-six home contacts have been made by the nurse, usually for the purpose of reporting and assisting in the correction of remedial defects which were found in the screening procedures. To assure a working "follow up" program, records are carried on from year to year, and this explains the fact that more vision defects were corrected than appeared from the records to have been found. These were corrections of vision defects found last year.

This year vision tests were given to 528 children. Fifty-eight children showed evidence of defective vision. Sixty-seven corrections were made. The Lions Club continues to give financial assistance whenever necessary.

Hearing checks were given to 195 children. Three children failed to pass the test and are being treated by physicians.

Four hundred ninety-seven children were examined by the nurse and the following conditions were found:

Condition		Correction
Teeth	46	39
Loss of weight	2	2
Scalp	2	2
Skin	3	2
Speech	15	1

The school physicians examined 241 children plus all sports participants and the following conditions were reported:

Condition		Correction
Enlarged Tonsils	9	5
Heart	24	18
Wax in Ear Canal	3	1

A pre-school clinic was held in May at the Centre School and sixty-three children were examined by the nurse.

Seven children have been excused from vaccination on recommendation of their family physicians for medical reasons.

Two polio clinics were held in the schools and 536 children were given injections of Salk vaccine.

The following cases of contagious diseases were reported among the school children:

Mumps	25
German Measles	10
Scarlet Fever	8
Chicken Pox	91
Measles	2
Impetigo	6
Pediculosis	6

Twenty-four children were taken to a doctor and two were taken to the hospital. Thirty-eight children who became ill in school were taken home. Eight hundred eighty-five children were given first aid.

Parents will be notified immediately if a child is ill or injured at school. Parents will be expected if possible, and whenever necessary, to come to the school and take their child home.

The testing and examining procedures will continue as usual and parents will be notified if any condition is found by the school physician, Dr. Gauron, or the school nurse, which indicates that a child should be seen by his family physician.

We are fortunate in Hampton to have several service clubs which give financial help in the correction of remedial defects. Please notify the school nurse if help is desired.

Respectfully submitted,

SHIRLEY McRAE,

School Nurse.
