# ORGANIZATION OF THE CITY GOVERNMENT

Tuesday, March 27, 1923.

At ten o'clock in the forenoon of the above date, members-elect of the city council for the municipal year of 1923 and the members from the previous council met for organization at the city council room agreeably to the provisions of the city charter.

The oath of office was administered to the Mayor-elect, Hon. Charles H. Perkins by the City Solicitor, Theo S. Jewett, Esq.

And the City Solicitor administered the oath of office to the following councilmen-elect, viz:

Ward 1—Frank A. Barlow  
Ward 2—William D. Kempton  
Ward 3—George E. Stevens  
Ward 4—Andrew J. Brodhead  
Ward 5—Walter L. Huse  
Ward 6—Earle D. Seaverns

Prayer was then offered by the Rev. Charles J. Jones, after which the mayor delivered his inaugural address.

# INAUGURAL ADDRESS

OF

HON. CHARLES H. PERKINS

March 27, 1923.

Gentlemen of the Council:

In assuming this office, as the sixteenth mayor of Laconia, it is with mingled feelings of gratitude and a desire to serve our people faithfully. I believe that each of you share with me in this attitude.

As a native son, I well remember the first inaugural of thirty years ago. Since that time many changes have taken place and we have added greatly to our population and valuation of property. We now have a population of approximately 15,000, and a taxable valuation approaching \$15,000,000. We are therefore intrusted from a business point of view with the management of a corporation of the above personel and investment, to which we are pledged to give our best thought and effort. In this council, we miss the faces of some with whom we had pleasant relations in our last. We thank them for the help they gave us then and hope they will visit us as often as they can. We greet four new members, representing different activities, sent here by the loyal support of their differen wards.

The past year was a busy one and much work was accomplished. This year bids fair to be equally active, and we welcome the task. This year, we dedicate our new High School. In so doing we add greatly to our school equipment. Under the able management of the joint committee of the Board of Education and city council, and the active interest

of their many friends, the work has gone forward. In comparison with similar construction in other cities, we have great reason to feel gratified in this accomplishment. We are passing through a period of reconstruction to which we must give earnest and careful thought. To many of our young people our local schools provide the only opportunity they will have of this nature. We owe it to them to give them the best equipment of heart and mind possible for the duties of citizenship.

We have thousands of dollars invested in your school properties. It should attract to our city a class of people who are interested in their children and who would become good citizens and the right type for our varied industries. These buildings should be made centers of community interests and the meeting place of those working for its good.

We have a problem in our housing situation. Several agencies are at work for betterment. We should encourage all we can by assisting to provide suitable roads, walks and lights for residential sections where they are needed.

Our tax situation is a question which always commands attention. Many of our taxpayers have not the earning capacity of past years. Their dollars formerly earned and saved have not the purchasing power as when earned. All classes should be fairly considered but these have an appeal different from those who can compete and measure up to the present standards. I think our taxpayers are willing to be generous in purse and thought, provided they consider the outlay worthy and the money carefully expended. I believe this council will do its best to adjust its tax rate and outlay fairly.

There are many matters of pressing interest embodied in our departmental reports, with their suggestions and recommendations for appropria-

tions. We will mention in a brief way some portions of interest and leave their more careful study for consideration and conferences soon to be taken up.

#### BOARD OF PUBLIC WORKS

This board, having in charge the operation of the department of streets, sewers and engineering, under the direction of our city engineer, Lt. Col. Charles A. French, have continued their policy of constructing in as permanent a way as possible the projects under their supervision.

During the past year two of its faithful men were lost by death: Capt. Joseph H. Killourhy, first assistant engineer, who had been with the department for nearly thirty years, except while in the military service during the World War, died as a result of an automobile accident, October 19, 1922. Mr. John J. McDonough, foreman of the first division of the Street department, died Feb. 1, 1923, after a service of about thirteen years. Both were men whose loyal service to the department and city will be greatly missed by all.

Our street department, with its hundred miles of roads and their new construction of bridges, sidewalks and drains with their year round care and upkeep, cost this past year, \$121,370.98.

The large job of the summer was the Federal Aid project which completed The Weirs boulevard, so-called. One-half the total expense amounting to \$22,523.33 was borne by the Federal Government, and the other half was borne by the state and city in the proportion of one-third by the state and two-thirds by the city. This completes the Daniel Webster Highway from the Belmont town line to the Meredith town line, making a road much appreciated by travelers and a matter of much local pride.

The maintenance of our hard surface roads built previous to 1922 (92,848 sq. yds.) cost five cents

a square yard. Of our sixteen bridges of more than ten foot span, eleven are in excellent condition; two (Gold Street and Weirs), good; one (Church street), fair; and two (Mill Street No. 2, and Fair Street), poor. Since 1906, nine bridges of reinforced concrete and one of steel and concrete, all in excellent condition and good for many, many years have been built. During the same period the Church Street and Mill Street bridges have been rebuilt twice and the Fair Street once. The life of these last three will be short. Included in the number of these classed as excellent, is the Messer Street bridge, all completed except surfacing which could not be finished on account of cold weather. An appropriation of \$20,000 was made for this bridge and it will be completed within that figure.

Necessary temporary repairs were made on the Church Street bridge at an expense of \$2,088.44. This bridge, together with conditions on Church Street, will require attention in the near future.

Several drains have been built and the Gilbert brook drain extending from the river back as far as possible, will be continued this year. McGrath Square, also delayed by cold weather, will be completed.

We recommend the continuance of our municipal policy of the past few years, to extend each year as far as practicable the hard surfacing of our more important thoroughfares, as we have an experienced organization and good equipment for this class of work.

For special consideration for 1923, we call your attention to Messer Street from the south railroad crossing and the end of the present macadam to Union avenue; Gilford avenue to Union avenue to Highland Street; Elm Street from Frankin (now McGrath Square) to School Street; Veteran Square

(in part) and South Main Street from Champlin Street southerly.

Petitions for sewers have been presented for several localities where they are badly needed.

Drains are also required on Walker Street, Endicott Street from the State road to the White Oaks road, and also on Sheridan, School, North and Belvidere streets.

Our street sprinkling apparatus has become inadequate and should be replaced.

A very complete detailed report is given by Mr. French, to which we refer you for further reference.

#### DEPARTMENT OF EDUCATION

This department under our Board of Education and Superintendent of Schools John S. Gilman, together with his assistants and teachers, ranks with the best in our state.

At the commencement of this school year, we had 1,057 pupils in the grades, 354 in the high school and 198 in the evening school.

The high school increased from 182 in 1912 and 278 in 1917 to 354 this year. The high school has the privileges of New England College Entrance Examination Board and may send pupils to any New England college, admitting pupils by certificate, if the pupils meet the scholarship requirements.

Seventy men and sixty-four women took advantage of the opportunity offered by our evening schools to learn the English language this winter, while sixty-four were enrolled in the vocational classes which included commercial work, sewing and machine shop work.

In February, 1922, the City Council authorized a bond issue of \$225,000 for the erection of a high school building upon the lot on Union avenue, acquired for the purpose in 1915. An issue of \$40,000,

in eight notes of \$5,000 each, has been authorized by the council for the purchase of furniture and equipment for the building.

This building will give an opportunity for the high school to expand its usefulness, especially in the Mechanic Arts and Commerce courses, for the organization of the seventh and eighth grades as a Junior high school, for instruction in physical training. It will also relieve the overcrowded conditions existing in several of the grade buildings where some of the teachers have nearly sixty pupils in their schools and will provide an auditorium for school and community gatherings. This building will be ready for occupancy this September and should be a source of pride to every citizen of Laconia:

With the increased facilities presented in our schools, Laconia will offer splendid educational opportunities. We urge our boys and girls to make the most of their opportunities and direct the attention of those who have not had these privileges in their childhood to the benefits to be obtained in the evening school classes.

#### FIRE DEPARTMENT

This department under the direction of Arthur W. Spring, chief engineer, with four assistant engineers and companies of competent men have rendered a splendid service to our city.

It has been the policy of the department to maintain its efficiency and to add to its equipment from time to time in such a way as to distribute the expense. Last year a new American LaFrance type 39, triple combination engine was purchased for the Ward 6 station. Half of the money for this purchase was set aside in 1921. It has added greatly to the efficiency of the department.

During the past year there have been forty-six bell alarms and one hundred and sixteen still alarms. Several bad fires would have occurred had it not been for the efficient work of the firemen, who responded readily and eagerly to the fire alarms.

Our fire alarm system has been in use many years. It is now operated to its full capacity and is inadequate. We should have four circuits instead of two, so that our alarm system could be extended. Master alarm boxes should be placed in each station. This would enable the department upon receipt of a still alarm to call up any box number in the city. In case of damage to a circuit there would still be a reserve. A system such as we should have would cost about \$2,500.

Several localities are in need of better protection and should have alarm boxes in convenient places. More hydrants are needed, as in a number of places the amount of hose required is too great and the loss of time laying it expensive. Suction pipes should be placed at the bridges. These would take the place of hydrants in their locality. A thousand feet of hose is now needed to take the place of some badly worn. For new apparatus we should consider the purchase of a motor ladder truck as an important addition required in the near future.

Our department is one of the best in the state and we have every reason to feel grateful to them for their protection of life and property.

#### PARK COMMISSION

Under this title three men and two women serve without compensation. They have charge of all parks, playgrounds and bathing beaches owned or leased by the city. Under their supervision much

work has been done to improve the condition of Leavitt and Opechee parks, and the work is to be continued this year.

These two parks are the playground centers of the children and during the summer vacation period are visited daily by large numbers of them. The children are under the care of directors and assistants trained for that work and all athletic, manual and educational features are supervised.

At Leavitt park the average daily attendance of girls was 37 and of boys 52, a total of 89, with a total for the season of 4,913. At Opechee park the daily attendance was 121 for the girls and 132 for the boys, a total of 253, with a total of 14,604 for the season. We give the above figures to show the great interest in the work, and its help in our community life. Some new equipment was provided each park and the grand stand at Opechee park was made safe. Carnivals and other gatherings with band concerts for the public were held several times at each place and large numbers of people enjoyed these occasions.

The commission recommend that the barn and outbuildings at Leavitt park be removed and that suitable housing and comfort arrangements be made. They recommend that an appropriation of \$500 be made to put the house in suitable condition. They also recommend that \$1,000 be appropriated to continue the grading at Opechee park.

At this time we make mention of the two weeks' vacation given one hundred and three children from the tenement districts of New York city which was provided by our citizens and commencing August 8th. Some of the letters received after their return indicate the gratefulness of these boys and girls.

For further consideration I would refer you to

the reports of our several departments which have taken up in detail many matters of interest. It is our privilege and duty to keep in sympathetic touch with each and with the public service systems of our city who have all welcomed us to a closer understanding for the common good. We also have organizations and individuals working purely for public benefit, with these we can confer with great profit.

If in the foregoing I have seemed to exceed the present requirements, it has been with the hope that our citizens who may read this will take a keener interest in the affairs of our Laconia, beautiful city on the lakes. I thank you for your attention.

# MUNICIPAL REGULATIONS

## FOR PAYMENT OF BILLS AGAINST THE CITY

All bills against the city must be approved by the persons authorizing the charge; and unless this is done, no action can be had upon the bill by the committee on accounts and claims, and no order will be given for its payment.

*When bills are certified to as above, and left with the City Clerk not later than Thursday at 12 o'clock M., preceding the last Monday of each month, they will be audited by the committee on accounts and claims, and if approved by them and allowed by the Council, will be ready for payment on the following Wednesday, at the office of the City Treasurer.*

Meetings of the committee on accounts and claims are held on Friday preceding the last Monday of each month at 7.30 o'clock P. M., at the City Clerk's office.

# CITY GOVERNMENT

LACONIA, N. H.

Inaugurated fourth Tuesday of March, yearly.  
Stated meetings: The last Monday of each month at  
7.30 o'clock P. M., at city council room, Masonic  
Temple, Main street.

1923

Ward 6—John M. Sanborn  
Haven E. Corliss  
Olin C. Moore  
Charles L. Simpson

## EXERCISES

in honor of

PRESIDENT WARREN G. HARDING

On the morning of August 3rd, 1923, our city received the news of the death of President Warren G. Harding.

Bells were tolled in the churches in different sections of the city from ten to eleven o'clock a. m., and the following message was sent to Mrs. Harding:

*August 3, 1923.*

*Mrs. Warren G. Harding,  
San Francisco, California.*

*The Citizens of Laconia, New Hampshire,  
extend to you their heartfelt sympathy in  
the death of your Beloved Husband and our  
Honored President.*

*Charles H. Perkins, Mayor.*

Arrangements were made to hold a Memorial Service on the afternoon of August 10th, to take place at the hour of service at Marion, Ohio.

On the above afternoon, all of the Military Organizations and many of the Fraternal Orders together with the Boy Scouts and school children formed on Court and Academy streets, and under the command of Joseph P. Pitman, Commander of the American Legion, marched to Opechee Park. During the time of march the church bells were again tolled in different sections of our city.

The afternoon being very pleasant, a large number of people gathered at the park where the following program was given:

## PUBLIC MEMORIAL SERVICE

## To Our Deceased President

The public is earnestly requested by the committee of arrangements to meet at

OPECHEE PARK

Friday Afternoon, Aug. 10, 1923

at two o'clock.

The following program has been arranged subject to change:

	N. H. N. G., Bat. C., No. 197 A. A. Capt Austin
Taps	Members of Masonic Band

*The Mayor presided.*

Following the exercises at the park the organizations marched to Bank Square where they were dismissed.

The following resolutions as presented by the Committee on Resolution were forwarded to Mrs. Harding:

#### RESOLVED

That by the death of Warren G. Harding our Country has lost a President who loved America and believed in her, who loved his fellow-Americans and believed in them, who gave to America and his fellow-Americans all that he was and had, even to the laying down of life itself in their service;

That we, the people of Laconia, unite in mourning not only a devoted, whole-souled, revered ruler, but also an honest, lovable, companionable American, great in sympathy, in kindness, in all the human qualities which enable men to live together happily, helpfully, hopefully;

That we recognize the life just ended as a call to greater love of home and country, to a better understanding politically and industrially, and to the more earnest practice of the simple virtues without which no republic can long survive.

#### RESOLVED

That a copy of these resolutions be forwarded to Mrs. Harding and that a copy be spread upon the records of Laconia this tenth day of August, Nineteen Hundred Twenty-three.

## ADDENDUM

---

### MEMORIAL TO EX-PRESIDENT WILSON

On Sunday, Feb. 3rd, the country was saddened by the death of Ex-Pres. Wilson, who died at his home in Washington, D. C., where he has been an invalid for the past four years.

Ex-Pres. Thomas Woodrow Wilson was born at Staunton, Va., Dec. 28, 1856.

He was a graduate of Princeton University and after some years in other institutions as a professor, was called back as its president, Aug. 1, 1902.

Nov. 10, 1910 he was elected Governor of New Jersey and President of the United States, Nov. 4, 1912, and again in 1916, retiring Mar. 4, 1921.

During his term of office the World War was fought and won by the allies with whom this country was associated. It was while on a speaking tour in the interest of the League of Nations that he suffered a nervous breakdown near Wichita, Kansas, Sept. 26, 1919, and on Oct. 5, 1919 was stricken with paralysis at the White House. His condition was no doubt hastened if not caused by the great strain he was under during this period. He had a wonderful career and his place in history is secure as one who strove for world peace and the betterment of mankind.

Upon receipt of the news of his death the Mayor sent a message of sympathy to Mrs. Wilson and the flags of the city were flown at half mast.

In accordance with his wishes the funeral services were marked with simplicity. The service occurred at his residence in Washington, Wednesday afternoon, Feb. 6th, at three o'clock. During the hour of service bells were tolled about the city and the stores were closed. Memorial services were held in several of the churches on Sunday, Feb. 10th.

His remains were placed at rest in the Chapel of Resurrection below the nave of the Cathedral of S. S. Peter and Paul on Mount St. Albans overlooking Washington.

## MEMORIAL TO EX-GOV. QUINBY

On Saturday, February 9th our city was saddened to learn of the death of Ex-Gov. Quinby who died suddenly in New York City, Friday, Feb. 8th, while sitting in his automobile.

Henry Brewer Quinby was born in Biddeford, Me., June 10, 1846.

His ancestors were from some of the best of New England stock.

He was a graduate and trustee of Bowdoin College of Brunswick, Me., and a graduate of the National Medical College of Washington, D. C.

On June 22, 1870, he married Octavia M. Cole, daughter of the late Hon. Benjamin J. Cole and shortly after became associated with Mr. Cole and continue the business till about ten years ago.

They had two children, Henry Cole and Candace Ellen, now Mrs. Hugh N. Camp, Jr., with whom he was living at the time of his death, Mrs. Quinby and his son having died within the past few years.

For more than forty years Gov. Quinby was closely associated with the affairs of our city. For a number of years he was the president of the Laconia National Bank and the City Savings Bank; was a trustee of the Laconia Hospital and closely associated with the Masonic interests being a Past Grand Master and a 33rd degree Mason.

He had held various political offices, having served on Gov. Straw's staff; also in the House of Representatives an State Senate and Governor's Council. In 1909 and 1910 he was governor of New Hampshire.

Gov. Quinby was one of our best citizens and will be long remembered and honored by those associated with him.

The funeral service was held at St. Bartholomew's Church, 15th St. and Park Ave., New York City, Monday morning, Feb. 11th at ten o'clock and burial took place at Woodlawn Cemetery.

Upon receipt of the news of his death the Mayor sent a message of sympathy to his daughter, Mrs. Camp. Memorial services were held in his home church at Lakeport, Sunday, Feb. 17th.

## Resolutions and Ordinances

# RESOLUTIONS

---

*In the Year of our Lord one thousand nine hundred and twenty-three.*

A RESOLUTION accepting the gift of botanical and mineral specimens for the use of the Laconia High School from the Estate of Laura A. Carter, late of Laconia.

Section 1. That the City of Laconia accept the provisions of Laws 1911, Chapter 163 as amended by Laws 1923, Chapter 91, relating to compensation to injured workmen while in the employ of said city of Laconia.

Section 2. That the Mayor of the City of Laconia is hereby authorized, empowered and instructed to execute on behalf of the City of Laconia an acceptance of said Workman's Compensation act by filing with the Commissioner of Labor for the State of New Hampshire such acceptance blank as is provided by said Commissioner.

Passed and approved January 28, 1924.

CHARLES H. PERKINS,  
*Mayor.*

# ORDINANCES

---

*In the Year of our Lord one thousand nine hundred and twenty-three.*

AN ORDINANCE regulating nuisances within the limits of the City of Laconia.

*Be it ordained by the City Council of the City of Laconia, as follows:*

Section 1. No person, firm or corporation shall keep, or maintain within the limits of the City of Laconia, any junk yard, dump or any offensive matter or animal upon his or its premises or permit or allow the same to be so kept, used or maintained, so near to any highway, park, street or alley or other public place, or adjoining or abutting any land owned or occupied by any other person, firm or corporation so as to be offensive to the use and enjoyment by the public of said highway, park, street or alley or any other public place; or a menace to public health; or so as to be offensive to the use, occupation and enjoyment of said adjoining or abutting premises by its owners or occupants; or in such a manner that the contents of said junk yard, dump or other offensively used premises are discharged upon any highway, park, street, alley or other public place or upon the land of any person, firm or corporation.

Section 2. Any person, firm or corporation who shall violate or cause to be violated any of the provisions of this ordinance, or any rule, order, or regulation made by the Board of Health under the authority of this ordinance, shall upon conviction

thereof be fined not more than twenty dollars with costs of prosecution or be imprisoned not over thirty days, or both.

Passed and approved May 28, 1923.

CHARLES H. PERKINS,  
*Mayor.*

---

*In the Year of our Lord one thousand nine hundred and twenty-three.*

AN ORDINANCE in amendment of Chapter 30, of the revised ordinances of the City of Laconia, relating to the numbering of houses.

*Be it ordained by the City Council of the City of Laconia, as follows:*

That Chapter 30 of the Revised Ordinances of the City of Laconia relating to the numbering of houses be amended by striking out the whole of said Chapter 30 and inserting in place thereof the following:

Section 1. In the numbering of the houses and buildings on any street, the odd numbers shall be on the right-hand side and the even numbers on the left-hand side in the progressive order of numbering, beginning with the lowest numbers and proceeding therefrom with increasing numbers but omitting numbers for vacant lots and spaces, according to the system hereinafter set forth.

Section 2. The numbering of Main street shall begin at the southerly end. The numbering of any street connecting with Main street but not crossing it shall begin at Main street. The numbering of any street crossing Main street shall begin at the southerly or westerly end. The numbering of any street

connecting with Union avenue but not with Main street shall begin at Union avenue. The numbering of a street leading off from any street connecting with Main street or with Union avenue shall begin at said connecting street. The numbering of a street leading off from any street whatever and likely to be farther extended shall begin at said street from which it leads off. The numbering of any street not provided for by the foregoing rules or of any street for which the rules conflict shall begin at the southerly or westerly end, unless otherwise specially provided for.

Section 3. The numbering of Fair street shall begin at Academy street. The numbering of Messer street shall begin at Church street. The numbering of Center street shall begin at Adams street.

Section 4. The numbering of Endicott street shall begin at the Gilford Line. The numbering of Lakeside avenue shall begin at Endicott street. The numbering of any street intersecting with either Endicott street or Lakeside avenue shall begin at said intersection. The numbering of any street intersecting with Weeks street shall begin at said street.

Section 5. In the residential part of the city every twenty-five feet measured along the center of the street, and in the business part of the city every twelve and one-half feet measured along the center of the street, shall have an odd number for right-hand side of the street and the next even number for the left-hand side of the street, which said number shall be the proper number for any door or entrance to any house or building having a door or entrance within such space. If there are two or more doors or entrances needing to be numbered within one of such spaces and on the same side of the street, they may be distinguished by giving to one the number of an adjoining space having no

door or entrance to be numbered or by using a fractional number or by using the number of such space with a letter following.

Section 6. For the purposes of the preceding section, the business part of the city is defined as follows: Main street from a point three hundred and eight feet south of Union avenue to Church street; California court; Meredith court; Mill street from Main street to Union avenue; Beacon street; Hanover street; Canal street; Pleasant street from Bank Square to New Salem street; Water street from Bank Square to a point two hundred feet therefrom; Gove place; Court street from Main street to Court Square; Union avenue from Main street to Locust street and from Laurel street to Harrison street; Elm street from Union avenue to Franklin Square; Fore street; Gold street; Clinton street from Union avenue to Mechanic street; Lakeside avenue from Endicott street to Centenary avenue; Tower street from Lakeside avenue to Maple street.

Section 7. The city engineer shall keep a record of the correct number for every door or entrance of any house or building fronting on any street, as the same may have been determined by him or his predecessors. He shall determine, in accordance with the provision of section 2, where the numbering of any new street shall begin, and shall determine and keep a like record of the correct number for the door or entrance of any new house or building on any street. Such record shall be open to the inspection of all persons interested. On application of the owner of any house or building, he shall furnish a statement of the correct number or numbers therefor. He shall also notify the owner of any house or building known to him not to be numbered or not to be properly numbered with the correct number affixed as provided in the following section,

giving such description as may identify the house or building, the proper number or numbers, and instructions for procuring and affixing the same.

Section 8. The owner so notified shall, within sixty days thereafter, affix to every door or entrance specified in the notice a metallic or other suitable number, at least two inches in height and so placed as to be plainly visible and legible at all times from the street. In default thereof, he shall be punished by a fine of not more than five dollars. If such default shall continue for one week after conviction therefor, he shall be punished by a fine of not more than five dollars for each additional week that such default may continue.

Section 9. When any house or building has two or more doors or entrances fronting on any street, but not appropriated to different occupants, nothing herein shall be construed as requiring that each door or entrance shall be numbered.

Section 10. The city engineer's determination of the proper number or numbers of any house or building, if the owner has acted thereon and affixed the number or numbers so determined, shall not be changed without the consent of such owner or vote of the city council. And all determinations heretofore made by any city engineer of the city as to the proper place to begin the numbering of any street, if numbers have been affixed in accordance therewith, are hereby ratified and confirmed.

Passed and approved May 28, 1923.

CHARLES H. PERKINS,  
*Mayor.*

*In the Year of our Lord one thousand nine hundred and twenty-three.*

AN ORDINANCE in amendment of an ordinance relating to the regulation of street traffic.

*Be it ordained by the City Council of the City of Laconia, as follows:*

Amend Article 4 of said Ordinance by striking out the whole of said article and inserting in the place thereof the following:

Section 1. Unless in any emergency or to allow another vehicle to cross its path, no vehicle shall stop or stand in any highway except close to the curb or sidewalk.

Section 2. No vehicle shall stop or stand with its left side to the curb or sidewalk on Main street between Church street and Court street, on Pleasant street between Depot street and Water street, on Church street, on Court street between Main street and Bay street, on Union avenue between Messer street and Clinton street, or on Elm street between Union avenue and the bridge.

Section 3. No vehicle shall stop or stand on Church street from Veterans' Square to the bridge for more than five minutes at a time; or upon Main street from Walker Square to Veterans' Square on a Saturday from twelve o'clock noon until eight o'clock in the evening for more than thirty minutes at a time, except for the purpose of loading or unloading merchandise.

Section 4. No vehicle shall stop or stand at a street intersection or upon any cross-walk. Street cars are included in this prohibition.

Section 5. No vehicle shall stop or stand within ten feet of a fire hydrant.

Section 6. When a horse drawn vehicle is backed up to the curb or sidewalk, the horse or horses shall be turned so as to stand as nearly parallel with the sidewalk as possible and headed in the general direction of travel for the side of the street on which the vehicle is standing.

Section 7. No horse shall be left unattended in any street or highway unless it is securely fastened by being tied to a post or a weight or unless the wheels of the vehicle to which it is harnessed are securely tied, fastened or chained and the vehicle is of sufficient weight to prevent its being dragged at a dangerous speed with the wheels so secured. No horse shall be hitched to any tree or shrub, or to any fire alarm or police signal post, or to a hydrant.

Section 8. No motor vehicle shall be left unattended in any public street with its motor running or its brakes off; but, before leaving the motor vehicle the driver shall stop the motor, disengage it, and set the emergency brake.

Section 9. Canal street shall be a one way street and all traffic shall proceed from Main street to Beacon street; Hanover street shall be a one way street and all traffic shall proceed from Beacon street to Main street.

Section 10. All vehicles shall be driven and parked in accordance with such designated lines and areas as shall be made by the Police Department.

Section 11. No person shall drive a vehicle to the left of any traffic sign.

Section 12. This ordinance shall take effect upon its passage.

Passed and approved July 2, 1923.

CHARLES H. PERKINS,

*Mayor.*

*In the Year of our Lord one thousand nine hundred and twenty-three.*

AN ORDINANCE in amendment of an amendment of an Ordinance relating to the regulation of street traffic.

*Be it ordained by the City Council of the City of Laconia, as follows:*

Section 1. Amend Section 3 of Article 4 of said Ordinance by striking out the whole of Section 3 and inserting instead thereof a new Section 3 which shall read as follows:—"Section 3. No vehicle shall stop or stand on Church street from Veterans' Square to the bridge over the Winnepesaukee river, for more than five minutes at a time, except for the purpose of loading or unloading merchandise."

Passed and approved July 30th, 1923.

CHARLES H. PERKINS,  
*Mayor.*

---

*In the Year of our Lord one thousand nine hundred and twenty-three.*

AN ORDINANCE in amendment of Chapter 19, Section 10, entitled Salaries of Board of Health, Board of Assessors, and Ward Officers, as amended by Ordinance passed and approved June 29, 1920.

*Be it ordained by the City Council of the City of Laconia, as follows:*

Section 1. Amend Section 10 of said Chapter 19 of said ordinance by striking out the whole of

said section 10, and inserting in the place thereof a new section which shall read as follows:

Section 10. The Board of Assessors shall be paid in full for the services of its members, the sum of Twenty-five Hundred Dollars (\$2,500) per annum, payable semi-annually. The Chairman of said Board of Assessors shall receive Nine Hundred Dollars (\$900) per annum, and the two other members of said Board shall each receive the sum of Eight Hundred Dollars (\$800) per annum. The services of the members of said Board of Assessors shall include the assessment of taxes, and taking the enrollment.

Section 2. This ordinance shall take effect as of April 1, 1923.

Passed and approved November 26, 1923.

CHARLES H. PERKINS,  
*Mayor.*

---

*In the Year of our Lord one thousand nine hundred and twenty-three.*

AN ORDINANCE in amendment of Chapter 6, Section 6, entitled Tax Collector and Collection of Taxes, of revised ordinance passed and approved June 29, 1920.

*Be it ordained by the City Council of the City of Laconia, as follows:*

Section 1. Amend Chapter 6, of said ordinance by striking out the whole of Section 6, of said chapter, and inserting in place thereof the following: Section 6. The Collector of Taxes shall receive in full for his services for collecting all the taxes of each year, and performing all the duties appertain-

ing to his office, the sum of Eighteen Hundred Dollars, the same to be paid in equal monthly payments of One Hundred Fifty Dollars each.

The official year shall be for the purpose of this ordinance, the first day of July of the year following his appointment upon a full and complete accounting, either by collection, sale, or abatement of all taxes committed to him for collection.

Section 2. This ordinance shall take effect as of April 1, 1923.

Passed and approved November 26, 1923.

CHARLES H. PERKINS,  
*Mayor.*

---

*In the Year of our Lord one thousand nine hundred and twenty-three.*

AN ORDINANCE in amendment of an ordinance relating to the regulation of street traffic.

*Be it ordained by the City Council of the City of Laconia, as follows:*

Amend Section 9 of Article 4 of said Ordinance passed and approved on July 2, 1923, by striking out the whole of said Section 9 of Article 4 and inserting in the place thereof the following:

Section 9. Canal street shall be a one way street, and all traffic shall proceed from Main street to Beacon street.

Passed and approved November 26, 1923.

CHARLES H. PERKINS,  
*Mayor.*

*In the Year of our Lord one thousand nine hundred and twenty-four.*

AN ORDINANCE creating the office of Tree Warden.  
*Be it ordained by the City Council of the City of Laconia, as follows:*

Section 1. The City Council, on or after the fourth Tuesday of March in each year, shall appoint a Tree Warden, who shall be a discreet person, a resident of the City of Laconia, interested in the planting, pruning, and preservation of shade and ornamental trees, whose business shall be to perform all the duties specified under Chapter 98, Laws of New Hampshire for 1901.

Section 2. The Tree Warden shall receive in full for his services the sum of Two Hundred Fifty Dollars per annum, payable in equal semi-annual payments.

Section 3. This ordinance shall take effect as of April 1, 1923.

Passed and approved January 28, 1924.

CHARLES H. PERKINS,  
*Mayor.*

## ADDENDUM

---

Resolutions passed since the foregoing Resolutions and Ordinances were printed.

---

*In the Year of our Lord one thousand nine hundred and twenty-four.*

A RESOLUTION authorizing the issuing of a note as security on trust funds.

*Resolved by the City Council of the City of Laconia, as follows:*

That the Treasurer of the City of Laconia be and is hereby authorized to make and execute a note to the Trustees of Trust Funds for the City of Laconia, for the sum of twenty-four thousand two hundred ninety (\$24,290.) dollars and twenty-seven (27) cents, said note to be dated February 15, 1924, and be due and payable twelve months from date and bear interest at the rate of four per cent, per annum, the said sum being the amount held by said City as Trust Funds and not otherwise secured, the income to be expended in care of various cemetery lots.

Passed and approved February 15, 1924.

CHARLES H. PERKINS,

*Mayor.*

*In the Year of our Lord one thousand nine hundred and twenty-four.*

A RESOLUTION making certain appropriations and transfers for the year ending February 15, 1924.

*Resolved by the City Council of the City of Laconia, as follows:*

The remaining sum of \$612.81 which was unexpended in construction of the surface drain from the new high school lot be, and the same is hereby authorized to be transferred from said account to high school grading account.

That the sum of \$1080.29 be and the same is hereby appropriated for the completion of the high school grading.

And be it further resolved that the sum of \$1464.97 be and the same is hereby appropriated from funds not otherwise expended, for maintainance of a public skating rink at the Pearl Street Grounds.

Passed and approved February 15, 1924.

CHARLES H. PERKINS,  
*Mayor.*

# Department Reports

ANNUAL REPORT

OF

LACONIA SCHOOL DISTRICT

Laconia, New Hampshire

February 15, 1924

## REPORT OF SCHOOL BOARD

---

*To the School District of Laconia:*

The School Board submits its report for the period since the issue of the last report in 1921. Because of new legislation in that year changing our school district organization, abolishing the school district meeting and placing the appropriation of the money in the hands of the city council, and further because of the fact that the fiscal year of the city ends on the 15th of February and the fiscal year of the school district ends on the 30th of June, there was confusion resulting in omission to make a report since that time. This report covers the period for the school year ending June 30, 1922, and the school year ending June 30, 1923.

The progress that has been made, and the changes which have occurred is dealt with clearly and in admirable detail by the Superintendent of Schools in his report, which is annexed. To this report the careful attention of the citizens of Laconia is urgently requested for a thorough understanding of all that has been done and of what is proposed to be done in the future. It is quite unnecessary here to repeat or to elaborate upon the statements of the Superintendent.

A statement of the finances for the two-year period will be found at the end of the Superintendent's report. The cost of operation of our schools is considerably below the average cost of school operation in the state. This is particularly significant because, in computing our average, a very large item of the total cost, of course, is attributable to the high school, while the average for the state is based

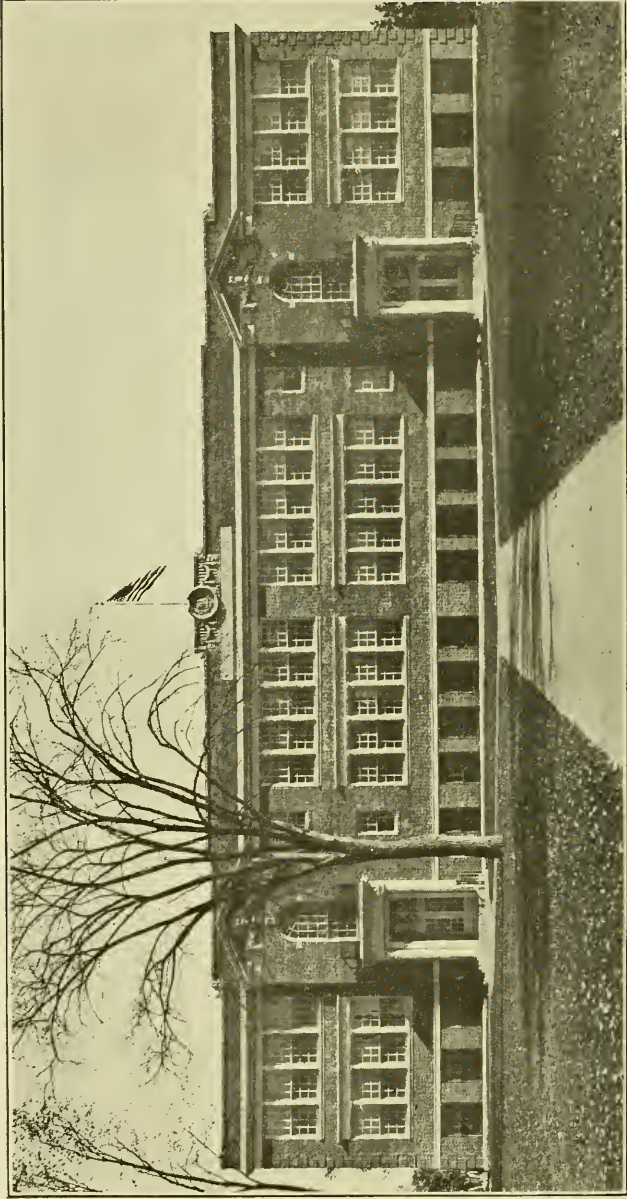

Photo by Nelson

LACONIA HIGH SCHOOL

largely on the cost of conducting the first eight grades in the 256 school districts. The cost of operation for the year ending June 30, 1922 was \$90,677.11, and for the year ending June 30, 1923, \$94,801.28. It should be borne in mind that, in comparing cost of operation given in the Superintendent's report with the school expenditures given in the City Treasurer's report, the former covers the period from June 30 to June 30, while the latter covers the period from February 15 to February 15, and, consequently, that the totals taken at different periods in the calendar year will not agree. The principal item of expense is that of salaries. In the year ending June 30, 1923 it amounted to \$61,766.21 on a salary schedule which represents about the average salary schedule in the State of New Hampshire. This year, with the increased force called for by the opening of the new high school, and with an effort made, so far as appeared reasonable under the circumstances, to eliminate double grade teaching by one teacher, which has been the subject of much criticism, the salary item approximates \$75,000, an increase of about \$12,000 over last year. This increase in the salary item added to the actual cost of operation for the year ending June 30, 1923, of \$94,801.28 would call for an expenditure of at least \$107,000 this year, to say nothing of many incidental extra expenditures required by changes made in the system of education and necessitated by the opening of the new building. Our estimate of our needs for the year 1923-1924 was an appropriation of \$110,000 for the active operation of our schools, an amount still many thousands of dollars below that which is expended in other cities of comparatively the same size for the same purpose. The appropriation made, however, was \$100,000, or \$10,000 less than what we thought would be a minimum

requirement, and we are now far enough advanced through the school year to prophesy that the appropriation will be insufficient. We consider that it is only just to the taxpayers and fair to the governing body of the city that they should be appraised of this fact in season, so that ample provision may be made therefor. How much the appropriation will be exceeded it is impossible exactly to forecast, but it will not be more than the \$10,000 which was cut from our budget. Every effort is being made to effect the strictest economy commensurate with a sensible, efficient administration of the school system.

We would be delinquent did we not acknowledge our sincere appreciation of the hearty cooperation which has been extended by all those in the employ of the school district, either in an executive or educational capacity. The test, in the period of readjustment through which we have passed in the last year, has been severe, but a desire and effective effort to serve the best educational interests of the city has been manifested by all, much to our personal and official gratification.

The benefit of the new high school building is speaking for itself daily. This building is a result, not of over-night thought, but of much intensive study, by many agencies, of our educational needs, of our financial limitations and of the experience of many communities. While the delay in its construction was attended by a rapid increase in costs, nevertheless, much profit has been derived through the years of mature and constant consideration given to the problem, and we believe that we now have the most thorough-going, efficient high school equipment, accompanied by the least extravagance of money and space available in the State of New Hampshire. Its charm rests largely in its simplic-

ity of construction; its social value in its latent ability to develop thoroughly the physical, mental and moral capabilities of our youth, and in its power in many ways to become an important factor in our healthy community life. The arrangement of the courses of study, the adoption of the so-called Junior high school system, and the transportation of the children of the Crockett and White Oakes School Districts to Laconia, have served to give the maximum number of children the benefit of working in the new building, an object the attainment of which, alone, we believe to be well worth while. One recommendation of the Superintendent we do desire to repeat and reinforce. We trust the day is not far distant when the land in the rear of the new building may be developed into a well-planned recreation field, to supplement the indoor activities of the school children, and to afford to the community at large a community playground for all occasions. It is much needed and our modern equipment will not be complete until we have it.

The problem of sessions in the new high school has been extremely troublesome. A program was adopted at the commencement of the year which did not prove entirely satisfactory. With the cooperation of the teachers, the Principal and Superintendent, a new plan has been worked out and put into use for trial, which is proving much more satisfactory. But efforts on the part of the teachers and of the School Board will not cease until this problem is solved in such a way as will afford the greatest good to the greatest number of people.

We are grateful to the people of Laconia for the confidence which they have reposed in us, and for the generally helpful, constructive criticisms which have been offered. In no other way can our school system be more highly perfected than through

the active cooperation of the teachers and the public with the School Board in seeking, in an unselfish constructive manner rather than in a prejudicial destructive attitude, to solve our common problems. We earnestly invite the aid of every interested person in our effort to establish a school system in Laconia second to none in New Hampshire.

### SUPERINTENDENT OF SCHOOLS

JOHN S. GILMAN. Office at High School, 345 Union Avenue. Hours: School days, 8.30 to 9.00 a. m. and 4.00 to 5.00 p. m. Saturdays, 9.00 to 11.00 a. m.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

*To the School Board of Laconia:*  
Gentlemen:

I herewith present to you my fifth annual report covering the years 1922 and 1923. I am leaving out all statistical tables and have gone into conditions of the various schools rather more fully than usual. I shall attempt also to show the organization of our schools under the present system and shall make recommendations that I believe would be a benefit to our schools.

The completion of the new high school building made possible a re-organization of the school system on the 6-6 plan at the opening of the fall term this year. The removal of the seventh and eighth grades to the high school building relieved the overcrowded conditions in several of the grade buildings to a certain extent. It also made possible the introduction of manual training and domestic science in the seventh and eighth grades without duplication of equipment and without extra teachers for that work.

It was also possible to introduce French, elementary science, and algebra and geometry in these classes. The greater part of the time, however, is spent upon the fundamental subjects, which, with the introduction of the new subjects, means a better preparation for the later years of the high school. It has been the experience of those where the 6-

year high school has been adopted that boys and girls are less likely to leave school at the end of the 8th year and that the school mortality becomes much less.

Pupils of the age of those in the seventh and eighth grades mingle with the older pupils much better than they do with the younger pupils and this makes the problem of administration much easier.

The courses for the 7th and 8th years are as follows:

- 7th English  
 History and Civics  
 French  
 Mathematics—Arithmetic and Concrete  
 Geometry  
 Geography and Elementary Science  
 Manual Training or Domestic Science  
 B and C Subjects  
 Music, Drawing and Health
- 8th English  
 History and Civics  
 French  
 Mathematics—Arithmetic and Algebra  
 Geography and Elementary Science  
 Manual Training or Domestic Science  
 B and C Subjects  
 Music, Drawing and Health

The enrollment in the high school has increased from 137 in 1903-1904 to 388 this year.

For the last five years and for five-year periods previous to that the enrollment was as follows:

1903-1904	137
1908-1909	188
1913-1914	191
1918-1919	257
1919-1920	243
1920-1921	278
1921-1922	316
1922-1923	355
1923-1924	388

In grade 7, 112 have been enrolled; in grade 8, 100, making the total enrollment in the 6-year high school this year to date, 600 pupils.

The increase in high school enrollment is nation wide, and is due largely to the introduction of practical courses which prepare boys and girls to a large extent for their life work.

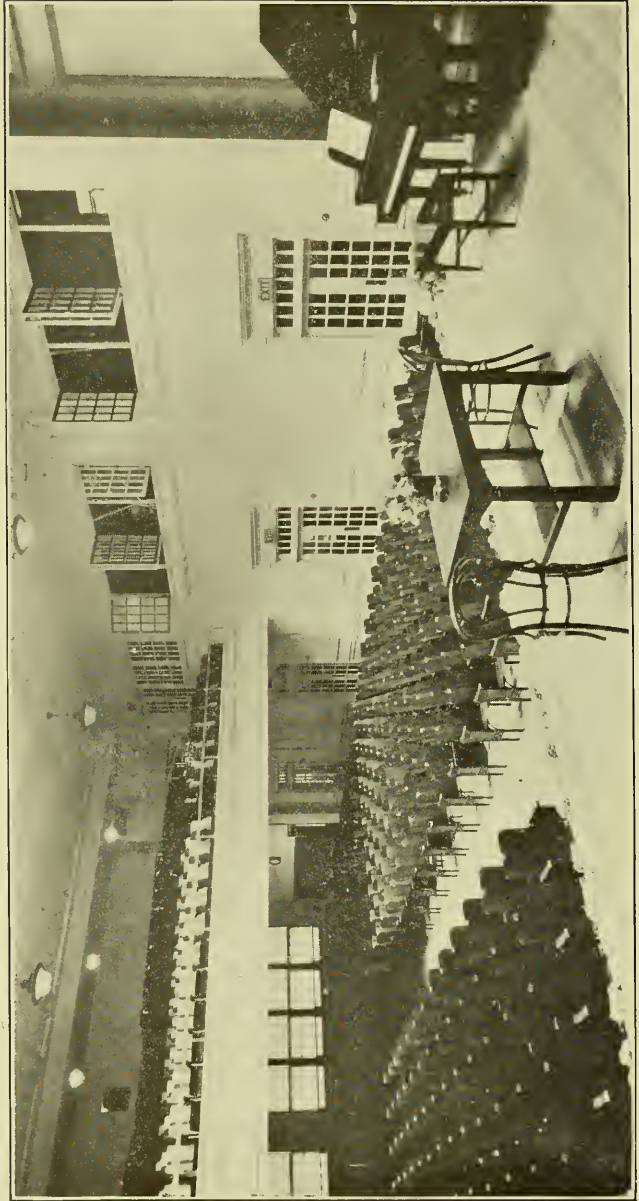

In 1918 the Mechanic Arts course in our high school was started in a very small way in a room that had been partitioned off in the girls' basement. Fourteen boys of the Freshman class elected this course that year, and about as many more from the Sophomore and Junior classes, some of whom returned to school for the purpose of taking this course, were allowed to take advanced work. From this small beginning five years ago the course has developed until there are 90 boys enrolled in the 4-year course and five men give their entire time to instruction in this work.

Only one high school in the state is as thoroughly equipped in its Mechanic Arts department as is our high school, for 145 boys can be accommodated in the shops at one time. This year the Smith-Hughes course was adopted, which will insure Federal Aid to the extent of one instructor's salary. The course required by the Federal Act is as follows:

- 1st yr.—English  
 History of Civilization  
 Shop—Woodworking  
 Applied Subjects  
 Mechanical Drawing  
 Shop Mathematics  
 Occupations
- 2d yr.—English  
 Commercial Georgraphy and Industrial  
 History or  
 Algebra and Trigonometry  
 Shop—Pattern Making and Moulding  
 Applied Subjects  
 Mechanical Drawing  
 Shop Mathematics
- 3d yr.—English  
 Economics and Business Practice  
 Machine Work and Electric Wiring or  
 Printing  
 Related Mechanical Drawing and Shop  
 Physics
- 4th yr.—English  
 U. S. Constitutional History  
 Machine Work or  
 Printing  
 Related Mechanical Drawing and Shop  
 Organization

In 1918, 31 pupils were enrolled in the Commercial course in the high school. This year 118 are enrolled. During this 5-year period the course has been strengthened so that the graduates are prepared now for actual office work without further training. It is impossible for the school at the present time to meet the demands for clerical help in Laconia. This course was formerly looked upon as a

AUDITORIUM FROM STAGE

Photo by Nelson

catch-all for boys and girls who wished to get through school as easy as possible. At the present time it is fully as difficult as any course in the high school and the training is the equal of that of any other course. The course for the four years is as follows:

- 1st yr.—English
  - French
  - Bookkeeping, Arithmetic and Typewriting
  - History of Civilization
- 2d yr.—English
  - French
  - Bookkeeping and Arithmetic
  - Typewriting
  - Stenography
- 3d yr.—English
  - Physics
  - Commercial Geography and Industrial History
  - Stenography
  - Typewriting
- 4th yr.—English
  - Chemistry
  - U. S. Constitutional History
  - Economics
  - Office Practice

The Academic or College Preparatory course, with an enrollment of 159 this year, is intended for those students who plan to enter college or professional school. Laconia high school has the certificate privilege of the New England College Entrance Examination Board which grants admission to any boy or girl, meeting the requirements for admission, to any college granting certificate privileges in New England. At the present time there are over 60

graduates of Laconia high school in post secondary schools and colleges and it is pleasing to note that with very few exceptions these pupils are doing creditable work. There is no reason whatever why a boy or girl with proper application to his work during a four-year high school course should not be sufficiently prepared to meet the entrance requirements of any school in New England granting certificate privileges. However, I should advise any boy seeking admission to Massachusetts Institute of Technology or any school of like nature to spend some time in an academic college or in a preparatory school before taking up the work.

To sum the matter up in a few words it largely depends upon the boy or girl himself whether he will secure his college preparation in Laconia high school or not. The Classical Course is as follows:

1st yr.—English

Algebra

History of Civilization

Latin

2d yr.—English

Geometry

French

Latin

3d yr.—English

Physics

French

Latin or Advanced Mathematics

4th yr.—English

Latin

U. S. Constitutional History

French

Chemistry or

Review Mathematics for Latin pupils

Review Mathematics and Chemistry  
for Math. pupils

The Domestic Arts course following sewing and cooking in the 7th and 8th years should be of great practical value to girls who do not care for clerical work or who do not plan to go to a post-secondary school of collegiate type. It should be understood that this is not a fudge-making and fancy sewing course but that the purpose of this course is to instruct a girl how to care for and to manage a home. Fifteen girls were enrolled in this course this year.

The work of this year includes:

English  
Sewing and Cooking  
History of Civilization  
French or  
Bookkeeping and Arithmetic  
B and C Subjects

This will be lengthened to a full four-year course of a standard equal to the others of the high school.

#### ATHLETICS

The gymnasium has made possible physical training in the high school for the first time. Mr. Downs, in addition to directing this course, does the coaching for the three major sports, football, basketball and baseball.

The football season last fall was short because it did not seem advisable at the opening of school to have a team. However, a great deal of interest was awakened among the boys, a large number of whom practiced faithfully for several weeks. Next year Laconia high school should be represented on the gridiron by a strong team.

Basketball has taken a strong hold upon the school and is being played at the present time by

over 200 boys and girls. An automobile league has been formed, in which games are being played weekly and the final games will be played late in February by the teams representing the different classes.

The Athletic Council was re-organized in the fall. The new constitution and by-laws were drawn up and athletics was placed upon a good standing in the high school.

The student body is represented in the Council by a student chosen from the Laconia High School Students' Association. The Constitution and By-Laws of the Athletic Council follow:

#### LACONIA HIGH SCHOOL ATHLETIC COUNCIL CONSTITUTION

This organization shall be known as the Laconia High School Athletic Council.

##### MEMBERSHIP

The membership shall include one member of the School Board, the Superintendent of Schools, the Headmaster of the High School, a representative of the Alumni Association, the Physical Director, a Faculty Manager, and the President of the Student Association.

##### PURPOSE

The purpose of the Council shall be to direct all athletic activities of Laconia high school.

##### OFFICERS AND THEIR DUTIES

The officers shall be a president, a secretary, a treasurer, who shall be the faculty manager, and an executive committee to consist of the above named officers.

##### ELECTION

These officers shall be elected annually on the first Friday of the fall term of the high school.

## MEETINGS AND QUORUM

The annual meeting shall be held the first Friday of the fall term. There shall be a meeting within two weeks of the close of each athletic season. Other meetings shall be held on the call of the president or at the request of any two members.

The duties of the officers shall be those usually performed by the respective officers.

Four members shall constitute a quorum for the transaction of business.

## RULES AND REGULATIONS

## ELIGIBILITY

In order to be eligible to represent Laconia high school in athletic contests a contestant must conform to the following rules:

1. A pupil shall be under 20 years of age.
2. A pupil shall be an undergraduate; i. e., he shall not be a graduate of a four-year course in any secondary school.
3. A pupil shall present to the Headmaster a certificate of fitness from the city physician or from his family physician.
4. A pupil must do satisfactory work in at least three unit courses during the ranking period next preceding the contest.
5. The Headmaster shall request from the headmaster of the opposing school a list of the students eligible to represent his school on a certain date, at least five days before the game, and he shall furnish a similar list, if requested by the headmaster.
6. The Council shall have power to rule on all cases of eligibility not covered by the above rules.

## ELECTIONS

## TEAM MANAGERS

Managers of each sport shall be elected by the Athletic Council on the first Friday in June from six candidates who are members of the eleventh grade.

All assistant managers below eleventh grade must serve at least one year as assistant manager.

No member of any athletic team shall be a candidate for a managership.

In case of a vacancy a new manager shall be appointed by the Athletic Council.

Each manager must submit his schedule through the Faculty Manager to the Athletic Council for its approval at least one month before the opening game of the schedule.

## CAPTAINS

The captain of any team shall be elected immediately after the final game of the season by ballot and by majority vote of all players who have participated in the equivalent of two full games of the season just closed.

In case of vacancy in the captaincy, a new captain shall be elected by those players participating in the first game after the vacancy has occurred.

In case of failure to elect a captain in the manner prescribed in Section 1 or 2, the captain shall be elected in some manner prescribed by the Council.

## DUTIES OF MANAGERS

The manager shall assist the Faculty Manager in the advertising for the games; the hiring of officials for games; the sale of tickets and policing at games; the entertainment of visiting teams; the issuing and care of equipment and care of players.

He shall submit a report of each game in writing to the Faculty Manager recording time, place, and opponents, members of team playing and time participating, names of officials, and other comments on the game.

He shall submit a full financial statement of each game to the Faculty Manager within three days of the contest.

#### FACULTY MANAGER

He shall have charge of all equipment and finances.

He shall make contracts with other schools for athletic contests.

He shall direct managers.

#### ATHLETIC LETTERS

Athletic letters shall be awarded by the Council as follows:

Football letters shall be awarded to players who have participated in the equivalent of one full game during the season.

Basketball and baseball letters shall be awarded to players who have participated in the equivalent of two full games during the season.

The manager of any team shall be awarded the team letter.

#### CONDUCT AND RESPONSIBILITY

The members of all athletic teams or candidates for the same shall at all times be under the personal supervision or the Physical Director or other person designated by the Council.

No team representing Laconia high school shall play any game not authorized by the Council and no team shall take a trip unless accompanied by someone selected by the Council.

## DEBATING AND OTHER ACTIVITIES

Interest in debating has been revived in the high school the last two years and the school has been represented by strong teams. This year the coaching is in charge of Mr. Freedman of the English department and the preliminary debates will be held February 15 with the Tilton School and Meredith high school.

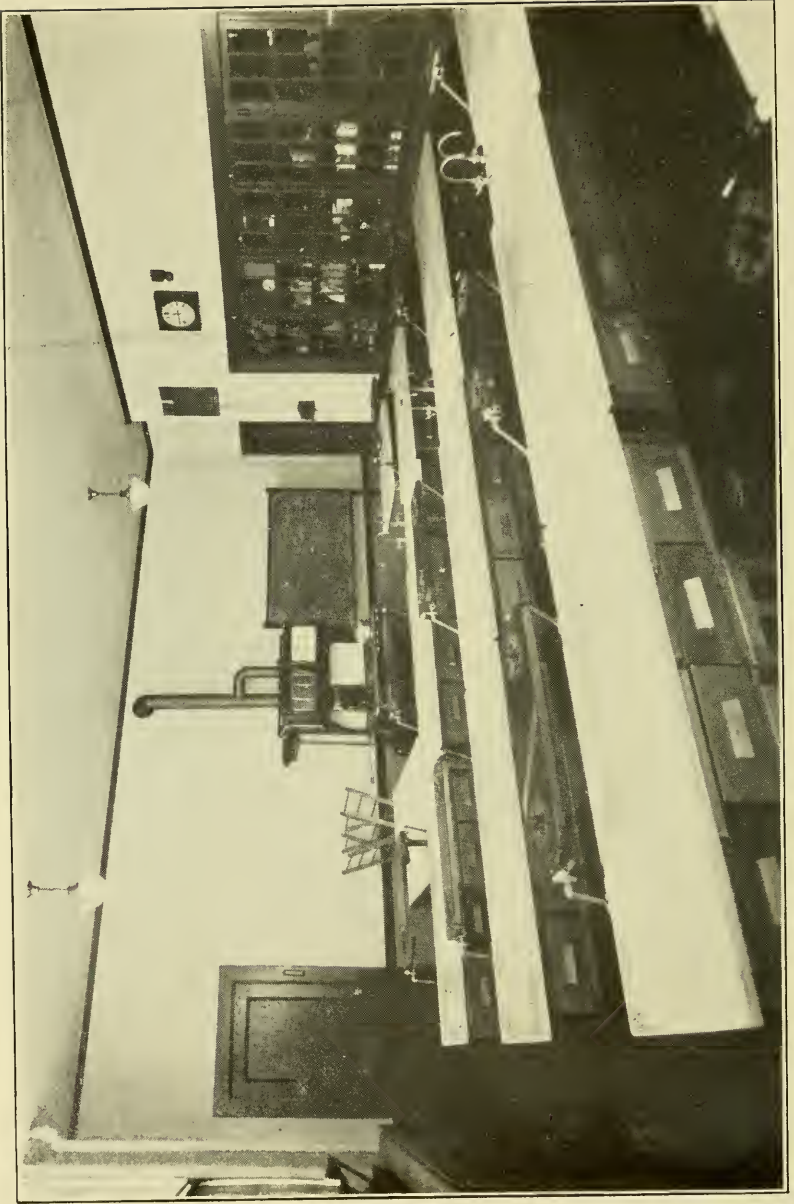

A prize speaking contest is held annually and the winners are sent to the University of New Hampshire for the State Inter-Scholastic Prize Speaking Contest.

The school paper, THE LAKONIAN, was revived two years ago, and at the present time takes its place among the best school papers of New England. The merchants and professional men of Laconia have supported the paper well, so that its finances are on a sound basis. Miss Swain has charge of the literary work among the students and Miss Doane, the financial part.

Last spring the high school contracted for a lyceum course for this season. The contract was underwritten by the Chamber of Commerce. This course of five numbers costs approximately \$1,100, and has been so successfully handled by the Students' Association that there will be a surplus of over \$300 at the end of the season, which will be added to the athletic fund for the high school. The clerical work connected with the course has been done by the students of the Office Practice class.

It was voted by the School Board to close the Bowman Street building upon the completion of the new high school building and to use the old high school building on Academy Street for the grades that attended Bowman Street school.

Last summer all of the furniture was removed from the rooms of the old high school building and stored. The desks from the Bowman Street building were placed in five rooms. One large room on

the first floor and all of the old assembly hall on the third floor, besides a small room on the second floor, are used for plays and games.

Many repairs were made in the basements and throughout the building, so that at the present time this building is in very good condition and does not need repairs beyond painting the walls in some of the class rooms.

The pupils of the fourth grade on the east side of Main street were transferred to this building this year to relieve the grade at Academy street building.

The desks from the unused room were removed so that this room may be used for plays and games and entertainments.

The exterior woodwork of the building has been painted and the gutter on the roof which has given considerable trouble has been thoroughly repaired. The walls of the class rooms will need repainting within two years.

I recommend strongly that the lot adjoining the school lot that was purchased by the city two years ago, be cleared of trees and leveled, so that it may be used for play purposes by the children of this school and of the neighborhood.

Plymouth Summer School

Grades III and IV, 37 pupils enrolled

## GRACE E. O'BRIEN

Randolph Normal School

16 years' experience

University of Vermont Summer School

Grades V and VI, 39 pupils enrolled

At this building there is one unused room from which the furniture has been removed so that it is available for different kinds of school activities. I expect that it will be necessary to open another school at this building next year as the enrollment here promises to be larger.

No repairs have been made on this building for three years, and it will be necessary to do some painting, both on the exterior and on the interior before long. I wish also that the playground in the rear of the building might be given some attention.

## HARVARD STREET SCHOOL

SHIRLEY C. DOW

Fisher Kindergarten

12 years' experience

Keene and Hyannis Summer Schools

Grade I, 31 pupils enrolled

RUTH A. BARTLETT

Plymouth, 1923

Grades II and III, 33 pupils enrolled

GERALDINE B. FOSS

Plymouth, 1923

Grades III and IV, 35 pupils enrolled

J. HAZEL DUKE

Plymouth Normal School

Keene and University of Vermont Summer  
Schools

Grades V and VI, 39 pupils enrolled

This building has been newly painted throughout and is in very good condition at the present time. Owing to the large number of pupils in the upper grades of this building, it seems that it will be necessary to change the school boundaries again so that some of the pupils now at this school will go to Gilford avenue and the Academy street buildings.

## MECHANIC STREET SCHOOL

ARDELLA T. DAVIS

Plymouth Normal School, 1923

Grades I and II, 41 pupils enrolled

MARGARET C. DAVIS

Johnson Normal School

5 years' experience

Plymouth Summer School

Grades II and III, 43 pupils enrolled

Concord Training School  
Keene Summer School  
Grades IV and V, 32 pupils enrolled

## WINIFRED J. WELCH

Concord Training School  
5 years' experience  
Grades V and VI, 36 pupils enrolled

No repairs will be necessary at this building except the painting of two of the school rooms during the coming summer. A new fence should be built on the west side of the school lot. The pupils from the White Oaks neighborhood are transported to this building this year, instead of to The Weirs. This arrangement is much more satisfactory under the present organization of schools because the pupils of the 7th and 8th grades and the upper grades are transported to the high school.

## WASHINGTON STREET SCHOOL

## THELMA R. GRAY

Gorham Normal School  
1 year's experience  
Grade I, 23 pupils enrolled

## ROSETTA F. DAME

Framingham Normal School  
14 years' experience

Grade II, 32 pupils enrolled

## MARGARET BALDWIN

Johnson Normal School  
7 years' experience  
Plymouth and Johnson Summer Schools  
Grades III and IV, 37 pupils enrolled

ALICE J. WADLEY

Medford High School

20 years' experience

Plymouth Summer Schools

Grades V and VI, 33 pupils enrolled

One half of this building has been newly painted so that very few repairs are necessary here. The younger pupils from the Crockett school are transported to this school, while those in grades 7 to 12 are taken to the high school. This is a much more satisfactory arrangement than it would be to run a school for the first six grades at the Crockett building and take the others to the high school. It will readily be seen that because of the large enrollment in the Washington street and Mechanic street schools more school rooms will be necessary at that end of the city within a short time. I suggest that the matter of further accommodations at Lakeport be looked into at once.

THE WEIRS SCHOOL

GERTRUDE M. GEORGE

New Hampton Institute

36 years' experience

Plymouth Summer School

Grades I to VI, 26 pupils enrolled

Mrs. George is to be commended for the 20 years of faithful service in this school, during which time she has had the welfare of each boy and girl in her charge at heart and has labored diligently and faithfully for their interests.

Because of several removals from The Weirs the membership of this school has dropped to 17.

Conditions at this school were improved last summer by the installation of new blackboards and a jacketed stove, a telephone, and electric lights.

Twenty high school pupils are being transported on the railroad to Lakeport.

## GENERAL STATISTICS

	Year ending June 30, 1922	Year ending June 30, 1923
Different pupils registered	1356	1406
Average attendance	1161	1210
Average membership	1221	1270
Average half days of grade schools	342	352
Half days of High School	356	364
Pupils having perfect attendance	113	119
Cases of tardiness	459	450
Tuition pupils in grades	11	13
Tuition pupils in High School	38	44
Visits by citizens	1869	1436

## EVENING SCHOOL

Two hundred eighty-six pupils—128 men, 158 women—were enrolled in the evening schools in 1922. Last year there were 194 enrolled, 101 of whom were men, and 93 women. This year 277 have been enrolled, which included 74 men and 123 women. There has not been the large number of illiterates in the evening schools during the last three years that there were during the war period when business in the factories attracted a great many non-English speaking people to Laconia. However, there are in Laconia at the present time many people who would profit by attending the English classes of the evening school, which at the present time have an enrollment of only 80.

Miss Blanche Weymouth, Director of Americanization, has published lessons on English for beginners that are being used in our classes to good advantage. This year for the first time a charge of 50 cents per month has been made in the advanced classes to cover the bare cost of materials used.

## HEALTH SUPERVISION

It is almost impossible to show in a report the

amount of work accomplished by the school nurse, Miss Gertrude Heney, because of the different phases of her activities. Last year 175 children had milk at school and 221 children had milk the previous year. It is really surprising the amount of good that a small quantity taken by many of these children does. In many cases the weight of the children has been increased and their interest in school work has been revived. The milk for the majority of children was furnished by the Laconia Chapter of the Red Cross.

A tabulated report of the work for the two years is as follows:

	1921-1922	1922-1923
Visits to schools	211	304
Visits to homes	226	194
Pupils examined	1320	1421
Pupils excluded because of contagion	208	30

In 1921-1922 there were 222 cases of malnutrition, of which 139 received treatment. Last year there were 194 cases and 175 received treatment. Last year 413 pupils had defective teeth and 259 received treatment. In 1921-1922 there were 65 pupils with defective vision, 50 of whom received treatment. In 1922-1923, 130 pupils were found with defective vision and 59 of these received treatment.

Every year a large number of pupils are found who have trouble with breathing for various reasons. There are several cases of skin diseases and several pupils who have pediculosis every year.

It would be a great benefit to many of the pupils of our schools if a dental clinic could be established at the beginning of another school year. A medical clinic could also do a splendid work as there are many cases which can be handled only by some such means as this.

## DRAWING AND ART

In the lower grades art work is most effectively carried on by correlation with other subjects. It is also influenced by the seasons, weather and plant life. Paper cutting forms a most important part of the elementary art education. This includes the cutting of paper flowers and fruit, trees and landscapes, designs, letters, poses, and story illustrations.

In the upper grades the crayon becomes more valuable and in the spring emphasis is laid upon civic attractiveness, interior decoration, bird and animal life, and posters.

In the high school appreciation of art is stressed, including appreciation of noteworthy pictures by famous painters, designs, posters, lettering, and decoration. This year the art supervisor, Miss Ruth K. Walstrom, a graduate of the art course of Keene Normal School, is introducing a short course in the history of art and architecture, which should prove valuable in many ways.

## MUSIC

Mr. Osgood has had charge of the music in the public schools for nearly thirty years, so that a whole generation has been under his supervision. In the lower grades an effort is made to encourage a fondness for singing by the use of rote songs and other songs suitable for little folks.

In the upper grades more attention is given to note reading and to the technique of singing. While in the high school choral work is emphasized.

The students of the high school have maintained a very creditable orchestra under the leadership of Mr. Osgood. The orchestra assists at many school functions and also furnishes music for many public gatherings.

## LACONIA TEACHERS' ASSOCIATION

Last summer 25 teachers of Laconia schools attended summer sessions. During the winter months a series of educational lectures, to which the public is invited, is being maintained by the Association, and a concert, the proceeds of which will be used for charitable purposes, is presented this year as has been the custom for several years. The Association has a fund which is used for needy children in the city.

## FINANCIAL REPORT

Current expenditures for the last two fiscal school years were as follows:

## ADMINISTRATION

	1921-1922	1922-1923
Superintendent's excess salary	\$ 1,458.33	\$ 2,000.00
Truant officer and census	1,010.53	1,061.00
Expenses of Administration	1,846.91	698.30

## INSTRUCTION

Teachers' salaries	52,702.98	61,766.21
Evening Schools	1,958.69	1,350.75
Textbooks	2,401.49	2,397.13
Scholars' Supplies	2,150.51	1,774.69
Flags	32.03	27.00
Other Expenses of Instruction	242.48	1,016.86

## OPERATION AND MAINTENANCE OF SCHOOL PLANT

Janitor Service	3,539.00	3,764.00
Fuel	3,959.00	4,795.35
Water, Light and Janitor's Supplies	861.07	1,109.73
Minor Repairs	4,327.84	2,762.95

## AUXILIARY AGENCIES AND SPECIAL ACTIVITIES

Medical Inspection	1,512.23	1,403.20
Transportation of pupils	2,613.58	3,426.22
Other Special Activities	1,120.00	121.72

## FIXED CHARGES

Insurance	170.42	158.90
-----------	--------	--------

## OUTLAY FOR CONSTRUCTION AND EQUIPMENT

New Equipment	4,296.72	2,355.27
New Buildings	1,671.30	————

## OTHER CHARGES

Tax for State-wide Supervision (\$2 per capita)	2,802.00	2,802.00
--	----------	----------

TOTALS	\$90,677.11	\$94,801.28
--------	-------------	-------------

The question naturally arises in the minds of many people, "Why have school expenses increased to such an extent in the last few years?" I will not attempt to answer this question in detail here but will call to your attention a few comparisons. The report for the year ending February 15, 1917, shows that the teachers' payroll amounted to \$26,025.69. Last year the amount was \$61,766.21. This year it will be in the neighborhood of \$75,000. The average annual salary of elementary teachers in 1917 was \$457.00; this year it is \$1,218.00. The average salary of the high school teachers in 1917 was \$783.00; this year it is \$1,522. The minimum salary for elementary teachers is \$900; this is increased \$100 each year until a maximum of \$1,300 is reached. There is no salary schedule in effect at the present time for teachers beyond the sixth grade. Salaries in grades seven and eight range from \$1,100 to \$1,300. Women teachers in the last four years of

the high school receive from \$1,200 to \$1,700, and men teachers' salaries average \$1,650. In 1917 nine teachers were employed in the high school; this year there are eighteen teachers. Twenty-eight teachers were employed in grades below the high school; this year there are thirty-one teachers.

Expenditures for fuel, janitor service, textbooks and supplies have increased in about the same proportion so that questions regarding increased expenses can be answered by a little investigation.

A book recording all items of expense authorized by the School Board may be found at the superintendent's office and should be studied by anyone interested in school finances.

Of every \$1.00 of the 1921-1922 total there was spent for

Administration	\$0.037
Teachers' Salaries	.60
Supplies and Books	.051
Janitors' Salaries	.04
Fuel	.046
Water, Light and Janitors' Supplies	.014
Repairs	.044
Medical Inspection	.02
Recreation	.013
Transportation	.031
Evening School	.022
New Equipment and Building	.064
Miscellaneous	.018
(Ins., Maps, Flags, Graduation Exp.)	
	\$1.000

### RECOMMENDATIONS

1. There are several boys and girls in the schools who are two or three years older than the average age for their grades. This condition is due

to frequent change of schools, to sickness, to unfamiliarity with the English language or to slow mentality. These children should be in classes by themselves where special work could be given them that would meet their needs.

2. Several people have manifested a desire to have kindergarten classes formed. This is a branch of public school work which should be looked into in the near future.

3. Parent-teacher associations at Lakeport, at the high school and at the Laconia end of the city should stimulate the interest of parents and other citizens in the schools. Here is a splendid opportunity for the people of Laconia to work for the improvement of their schools.

4. The large lot in the rear of the high school should be developed as soon as the necessary funds can be provided. Here are possibilities for the best playground and athletic field in the state and one that would have few equals in New England.

### CONCLUSION

The teachers of Laconia are well trained for their work and are working for the best interests of the children.

It is impossible at this time to give a true estimate of the advantages arising from the re-organization of the school system. However, this system is based upon ideas advanced and perfected by some of the best educators of the United States and should prove as successful in Laconia as it has elsewhere.

I assure you that the time and thought given by the School Board to the interests of the schools are fully appreciated by the men and women who work under your direction.

Respectfully submitted,

JOHN S. GILMAN

## REPORT OF THE BUILDING COMMITTEE

---

*To the Mayor and City Council of Laconia:*

In February, 1922, the City Council authorized a bond issue of \$225,000 for the erection of a high school building on a ten-acre lot on Union avenue that had been purchased a few years before. Lewis H. Wilkinson was mayor at that time and the Council comprised James R. Irwin, John X. Twombly, George E. Stevens, James A. Payson, Walter L. Huse and George A. Collins.

Provision was made for a building committee of six members, three to be chosen by the Council and three by the School Board. This committee was made up of Mayor Wilkinson, who was elected chairman, Councilman Collins, Charles A. French, City Engineer; Fletcher Hale, Chairman of the School Board; Arthur D. O'Shea of the School Board; and Superintendent of Schools John S. Gilman, who was chosen secretary.

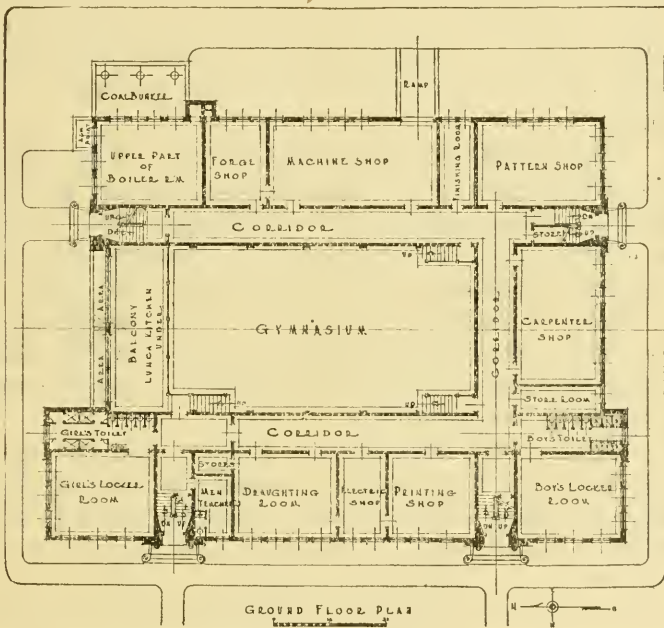

The committee considered different plans that had been proposed to the School Board and interviewed several architects with the result that Philip S. Avery of Boston was engaged as architect for the building. After the plans had been perfected, bids were called for and the contract was awarded May 26, 1922, to James Miles & Son Company of Worcester, Massachusetts, whose bid was \$208,897.00.

John H. Flagg was the building supervisor in charge of the construction and O. T. Muzzey, a builder and contractor of long experience, looked after the city's interests as inspector during the period of construction.

The excavating was started in June, 1922, and

the work went ahead so rapidly that construction was carried along during the winter months of 1922-1923.

The exterior walls are of brick backed by Denison interlocking tile. The interior is of frame construction with the exception of the four stairways, which are of fireproof construction. The finish on the ground floor is Carolina pine, while the other two floors are finished in native oak. Hardwood was used for the floors throughout the building.

The ground floor is four feet below the surface level, while the boiler room and the gymnasium are six feet lower. The boiler room is of fireproof construction and contains two boilers. Adjacent to the boiler room are the coal pockets, with a capacity

of 100 tons, the transformer vault, and the ash hoist. The switch board for the building is in a steel cabinet in the boiler room.

It was the desire of the building committee to keep as far as possible from unnecessary ornamentation and yet to have a building that would be a credit to Laconia. With this end in view, Mr. Avery designed a building of the colonial type, whose dimensions are 165 feet in length and 125 feet in depth.

The School Board had visited different school buildings in New England and had considered plans for five or six years so had formed pretty definite ideas regarding an arrangement of the interior of the building that would meet the needs of all departments of the re-organized school system in Laconia.

Opportunity for physical education is provided in a gymnasium sixteen feet in height to the girders with a playing space 80 feet in length and 50 feet in width. Adjacent to the gymnasium are showers and locker rooms for the boys and for the girls.

The mechanic arts department on the ground floor has accommodations for 145 boys at one time and is designed to meet the needs of a course that is growing in popularity.

On the first floor are the kitchen and the sewing room for the domestic science department, and nine recitation rooms. Each recitation room in the building accommodates 35 pupils and has the usual equipment of teachers' cupboards, telephone, etc. The offices, the women teachers' room, and the nurse's room are in one end of the building on this floor.

The auditorium with a seating capacity of 806 is in the central part of the building. In the rear are folding doors which make it possible to open

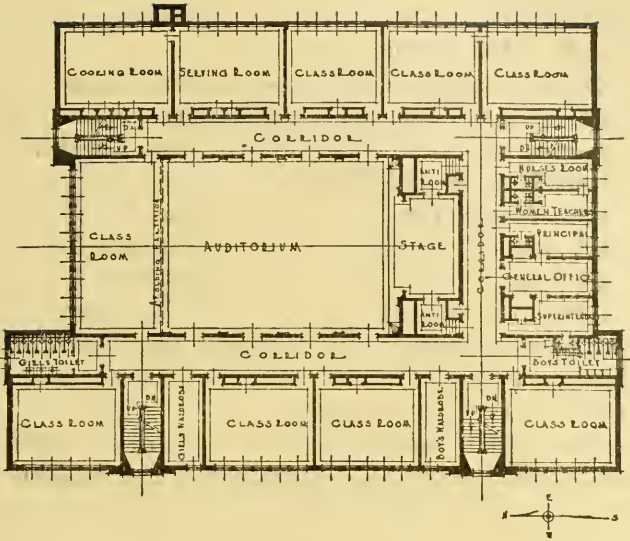

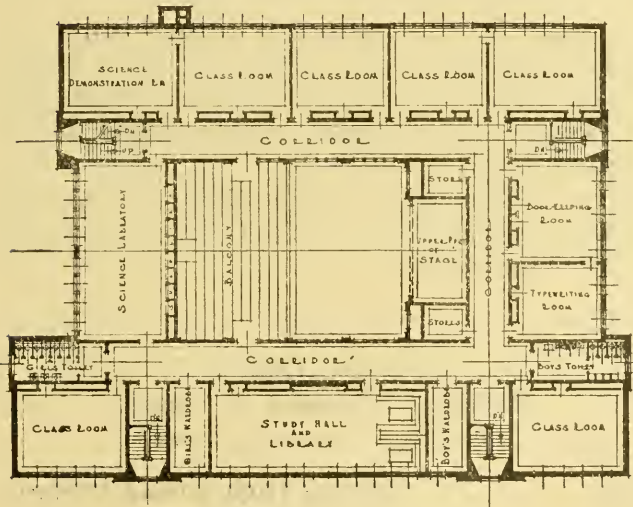

**BUILDING COMMITTEE**

FIRST FLOOR PLAN

SECOND FLOOR PLAN

two classrooms and increase the seating capacity to nearly 1,100 people.

On the second floor are the laboratories in one end of the building, the commercial rooms in the other end, and six recitation rooms, besides the large study hall and library.

Coat rooms for the boys and for the girls are located next to the front stairways on the first and second floors, while toilets and lavatories for both sexes are in rooms at the end of the front corridors on all three floors. The heating and ventilating systems are adequate in every particular and are economical in their operation.

The pupils appreciate the advantages offered by the facilities of this building and the citizens of Laconia have a right to take a great deal of pride in such a modern school plant, which is large enough to meet the increase in attendance due to the natural growth of the city for several years.

A great amount of time was devoted to the work by all of the men on the committee, which held 45 meetings between February, 1922, and September, 1923, besides many informal conferences on the job between two or more members.

The building was completed in August, 1923, and was dedicated the evening of September 21 with the following exercises:

### General Inspection of Building

The old houses on the school lot were sold for \$870.00. The bonds were sold at a premium of \$5,827.50 or a total of \$230,827.50. The money received from the sale of the bonds was placed at interest in amounts needed for payment during the construction of the building and the interest amounted to \$6,700.04. Thus it will be seen that the grand total was \$238,397.54.

In February, 1923, the City Council authorized the Building Committee to purchase equipment to the amount of \$40,000 and voted to issue eight five-thousand-dollar notes to pay for the equipment.

The City Council voted \$3,110.16 of accrued interest to be used for the building.

From the total amount, \$278,397.54, the expenditures for the building and the equipment amounted to \$268,110.16. The City Council voted that \$10,000

of the bond premium and accrued interest be used for grading and a statement of this amount will be found elsewhere in the City Report.

A financial statement for the building and equipment follows:

# FIRE DEPARTMENT

---

## REPORT OF CHIEF ENGINEER

*To the Honorable Mayor and City Council:*

I have the honor of submitting for your consideration the annual report of the condition and operation of the fire department for the year ending Feb. 15, 1924. During the past year the department responded to one hundred and fifty-three still alarms, 41 box alarms and 11 engineers' calls.

Jan. 5, box 48, John Fanther, 97 Lyford St. No insurance.

Jan. 16, box 47, J. P. Smith, Belknap Extension. Covered by insurance.

Jan. 24, box 56, Roy Meserve, 13 Arch St.

Jan. 26, box 25, Orman T. Lougee, 514 Main St. Feb. 5, False Alarm.

Feb. 12, box 59, Arthur Gagnon, 35 Merrimac St.

Feb. 25, box 63, D. M. Rowe, 11 Clay St.

Feb. 26, box 73, Mrs. Josephine Herbert

Feb. 26, box 59, Lehigh Landry, 28 Warren St.

March 2, box 54, Oscar St. Jacques

March 13, box 57, Dr. King, Union Ave.

March 14, box 3-3-3, Metropolitan Ice Co.

March 15, box 25, Morrill Swain, Main St., occupied by Cloverdale Co.

April 6, box 52, Fred Lacour, Union Ave.

April 7, box 51, grass fire on Gilford Ave.

April 10, box 43, Mrs. A. E. Hill, occupied by Salta Co.

April 23, box 86, Frank Bailey, Belvidere St.

April 25, box 3-3-3, Engineers' call, Nestledown Farm

- April 26, box 68, Laconia Car Co., lumber pile  
 May 11, box 3-3-3, E. Gilman, Province road  
 May 14, box 44, H. Clevenson, Gilbert St.  
 May 17, box 67, Paul M. Mahoney, automobile  
 on Court St.  
 May 24, box 62, Standard Oil store house  
 May 24, box 3-3-3, Engineers' call, Peter Drouin,  
 Gilford, N. H.  
 May 29, box 78; False Alarm  
 June 16, box 3-3-3, Engineers' call, Cotton Hill  
 June 22, box 74, Mrs. K. K. Sawyer, 879 Union  
 Ave.  
 June 23, box 47, Automobile owned by Charles  
 Benzio, collision  
 July 2, box 28, Arthur D. O'Shea, house on  
 Water St.  
 July 6, box 3-3-3, Weirs, N. H., store and lunch  
 owned by Kenyon  
 July 7, box 48, Mike Contos, Messer St.  
 July 31, box —, William Osgood  
 August 4, box 62, Frank Stone, Court St.  
 August 18, box 57, Dr. Lester A. Brown  
 August 19, box 52, Frank Hale, Union Ave.  
 August 21, box 23, Laconia Car Co., Water St.  
 Sept. 4, box 25, St. Jean de Baptist bake shop  
 and hall  
 Sept. 9, box 62, Ralph Fifield  
 Sept. 21, box 57, L. Baldi Co., storehouse  
 Oct. 10, box 59, David Fillion  
 Nov. 12, box 47, A. J. Champagne  
 Nov. 15, box 55, Almond Sanborn  
 Dec. 2, box 3-3-3, Harry Huard  
 Dec. 6, box 25, Lyman Marshall, Mill St., oc-  
 cupied by Hamel, Schaffer, Dyon, Democrat

## STILL ALARMS

January 1st, 1924

Arthur W. Spring,  
Chief, Laconia Fire Dept.  
Sir:

In compliance with orders received, I have the honor to submit the following report of Still Alarms for fire, responded to by this company for the year ending December 31st, 1923. Total number of Still Alarms responded to, 43, as follows:

Date.	A. M.	P. M.	Location.	Owner or Occupant.	Nature of Fire.	Damage.	Remarks.
Jan. 2	5.30		327 Elm street	Mr. Clark	Chimney	None	1 Pony
Jan. 12		1.20	Union avenue	E. J. Parsons	Chimney	None	No chem
Jan. 12		8.40	14 Railroad avenue	Paradise house	Chimney	None	No chem
Jan. 13	11.40		Franklin street	Benjamin Smith	Chimney	None	1 Pony
Jan. 14	2.30		363 Elm street	Mrs. Emma E. Chase	Chimney	None	None
Jan. 29		2.00	33 Fore street	Arthur Woodman	Chimney	None	2 Pony
Feb. 4	9.15		12 Railroad avenue	A. Paradise	Chimney	None	1 Pony
Feb. 17		4.05	106 School street	Greenleaf house	Chimney	None	3 Pony
Feb. 20	8.40		Deil avenue	W. S. Spooner	Chimney	None	No chem
Feb. 21	6.55		39 Gold street	Sidney Collins	Chimney	None	1 Pony
Feb. 23		13.40	13 Granite street	John Meader	Chimney	None	2 Pony
Feb. 23		2.00	43 Appleton street	Thomas Perry	Chimney	None	4 Pony
Mar. 5	9.55		105 Mechanic street	Ernest St. Armitage	Chimney	None	1 Pony
Mar. 10	9.45		14 St. Catharine street	John Lane	Chimney	None	1 Pony
Mar. 26		4.10	14 St. Catharine street	L. E. Booth	Chimney	None	1 Pony
Mar. 29		12.05	Mounton street	Ed Evans house	Chimney	None	1 Pony
Mar. 31	9.30		95 Gold street	Eugene Jones	Chimney	None	1 Pony
Apr. 2	5.45		235 Mechanic street	Isaac Sakansky	Chimney	None	2 Pony, 135 gal. Ex
Apr. 12		2.10	Junk yard, Union avenue	M. Smith	Chimney	None	No chem
Apr. 16		2.50	179 Valley street	Casper Banker	Chimney	None	1 Pony
May 1		3.40	636 Union avenue	Sleeper's block	Chimney	None	145 gal. Ex., 1 pony
May 17		12.35	41 Elm street	Peaslee's store	Chimney	2 ladders	145 gal. Ex., 1 pony
May 24		4.35	Black Brook	Precautionary call	Grass fire	None	1 Pony
June 2		6.36	Lily Pond road	Chas. Wallace house	Re-kindling fire	None	No chem.
June 25		5.20	168 Mechanic street	James Haddock	Rubbish fire	None	145 gal. Ex.
June 26		5.07	12 Hill street	Ernest Nutting	Boiling varnish	Slight	4 Buckets water
July 2		6.35	154 Elm street	F. R. Adams	Chimney	None	Extng'sh'r 4b cketts
July 2		1.50	Union avenue	Clara Clark place	Brush fire	Engineers call	145 Ex. 4 pony
Aug. 24		4.00	Elm street	Country club	Brush fire	None	No chem
Oct. 2		2.30	Lake Front	Steamer Uncle Sam	Woodwork	Slight	2 pony
Oct. 18	10.55		86 Sheridan street	Thos. Picard	Chimney	None	2 Pony
Nov. 8	11.00		Black Brook	Dodge place	Chimney	None	2 Pony
Nov. 12		7.00	41 Fore street	Stevens block	Chimney	None	No chem
Nov. 23		11.00	12 Railroad avenue	Isaac Sakansky	Chimney	None	1 Pony
Dec. 2		2.45	Appleton street	Harry Huard	History and attic	Trifling	145 Gal. extingisher
Dec. 5		5.35	Blaiddell, Gilford and Union ave.	Sau Tyrrell place	Chimney	None	2 Pony
Dec. 7			Union avenue	M. Collins	Cat in tree	None	Pulled Box 71
Dec. 11	8.10		Junk yard opp R. R.	Isaac Sakansky	Rubbish fire	None	2 Pony Pulled Box 73
Dec. 12			603 Union avenue	Dr. Rowe house	Chimney	Trifling	2 Pony
Dec. 19	8.10		13 Granite street	John Meader	Chimney	None	2 Pony
Dec. 28		12.25	100 Valley street	Mr. Baker	Chimney	None	2 Pony
Dec. 30		5.45	33 Clark avenue	Harrison Merrill	Chimney	None	1 Pony

During the past year this department expended \$20,000 for payroll and maintenance. The following items were purchased: A Gamewell four-circuit repeater and transmitter, switches and circuit breakers, also storage battery parts with positive and negative plates, three miles of fire alarm wire, six non-interfering fire alarm boxes to be located in different parts of the city at a cost of \$3,600.00, one pair of young horses for the central fire station at a cost of \$650.00, fifteen hundred feet of 2½ inch fire hose, one dozen firemen's rubber coats, four 4½ inch stand pipes with suction hose connections for our pumping engines (one installed on Union Ave. near railroad crossing, one near bridge on Elm St., and two more to be located later), two folding ladders purchased at a cost of \$18.00 each.

The apparatus and fire fighting equipment are in good condition. The only apparatus that is needed is a city service ladder truck, motorized, which would cost \$9,500.00.

- 212 South Main and Grant streets.
- 314 Corner Hill and Pear streets.
- 315 Gilford avenue and Brook street.
- 316 Main and Church streets.

### SIGNALS

- 1—Test signal which is struck every day at 12.30.
- 2—Given after an alarm denotes "fire out."
- Three blasts of the whistle or strokes of the bell at 8 a. m., and 1 p. m., dismiss grades one, two, three and four.

Six blasts, separated into threes, dismiss all grades, including high school.

4—Companies not answering first alarm, dismissed.

5—Second alarm.

7—Third alarm.

15—Militia call to armory.

#### DIRECTIONS FOR GIVING AN ALARM

To open the box break the glass and turn the key. In each box there is a small bell called a tell-tale, designated expressly for the purpose of informing you whether an alarm is being transmitted the instant you open the door.

Open the box and if this bell is not heard, pull down the hook the whole length of slot once only and let go. But if this bell should be heard, it would indicate that another box had been pulled and it would be useless to attempt to pull another until the one already pulled had performed its mission. Unless your presence is most urgently required at the scene of the fire, remain at the box to direct the department.

ARTHUR W. SPRING,  
*Chief Engineer.*

# TWENTY-THIRD ANNUAL REPORT OF THE BOARD OF PUBLIC WORKS

---

Laconia, N. H., Feb. 12, 1924.

*To the Honorable Mayor and City Council:*

We would respectfully submit for your consideration, the twenty-third annual report of this department, including a transcript of the detailed reports and recommendations of the City Engineer, Street Commissioner and Superintendent of Sewers.

It is a pleasure to express our appreciation of the attitude of your honorable body in accepting many of our recommendations and granting appropriations therefor, and the general spirit of cooperation always manifest throughout the year.

No very large individual projects have been undertaken within the year, and we have been able to extend our system of macadamized streets over a considerably less area than the average in recent years yet, much has been accomplished in the aggregate, in the way of special work authorized by you. Many jobs not of large proportions, by themselves, but contributing greatly to the welfare of the several localities affected, as well as to the general benefit have been completed.

The construction of several lines of sanitary sewers, the installation of a number of new surface drains and the building of many new sections of sidewalk are notable examples of accomplishment in this direction.

The completion of the Messer street bridge was accomplished early in the year, and we now have a very satisfactory structure, adequate in every way for the needs of traffic. Thus is another of our

bridge problems solved by the replacement of an old wooden structure, by a modern and up-to-date bridge of steel and concrete construction; but, the end is not yet, so far as these problems are concerned, for we are confronted with the situation at other localities, where the need for new bridges is becoming acute.

The increase in through traffic on the Daniel Webster Highway, the main artery of travel through the city, has become very large, through the summer season, and our local traffic on this route is of no small proportions. Located upon this main line of travel, is the Church street bridge and the bridge over the Weirs Channel, both of which need to be replaced with structures of sufficient strength and size, built of steel and concrete, in the very near future, and we would recommend that as soon as the proposed widening of Church street, from Main street to the river, can be completed, a new bridge be provided for, at this point.

The Street Commissioner also reports the wooden bridges at Fair street and Mill street as fast deteriorating.

In recommending additional work for the ensuing year, it seems to us that we should renew our oft repeated suggestion that we continue, to some extent, at least, as a municipal policy, the extension of our system of macadamized street. We have the organization and equipment and the disposition to do a substantial season's work, if funds are forthcoming.

In addition to the proposed reconstruction of Church street from Main street to the river, we would call your attention to the detailed recommendations of the Street Commissioner, as to streets specially needing a hard surface and we would

recommend that some selections therefrom be made, as soon as conditions may permit.

We would further recommend that the granite block paving on Water street be extended to the railroad crossing and as much further as you wish to make an appropriation for. Some of this material has been on hand for this work for several years.

The further extension of our sanitary sewer system should receive careful consideration and we commend the Commissioner's specific recommendations as a basis for new work to be authorized in 1924; we also endorse his recommendations as to extension of the Gilbert Brook improvement, and new surface drains on Endicott, School, North Sheridan, Belvidere and Walker streets.

We recommend the following general appropriations:

Bridge repairs	\$ 1,500.00
Cleaning streets	5,500.00
Cleaning catch basins	1,300.00
Collection ashes and waste	7,000.00
Cutting trees, brush, grass, etc.	800.00
Drain repairs and maintenance	2,000.00
Insurance	500.00
Maintenance of macadam	5,000.00
Sanding sidewalks	650.00
Recovering sidewalks	2,400.00
Sprinkling and oiling	5,000.00
Purchase of equipment	4,000.00
Winter expenses	9,000.00
General repairs and maintenance	17,000.00
	<hr/>
	61,650.00

## SPECIAL APPROPRIATIONS

City engineering	2,000.00	
Sewer maintenance	3,000.00	
	<hr/>	5,000.00
State aid maintenance	100.00	
Trunk line maintenance	1,800.00	
	<hr/>	1,900.00
		<hr/>
		\$68,550.00

## BRIDGES

The following table gives in a general way the condition of all city bridges of ten feet or more span.

No.	Name	Span	Material	Condition	Location
1	Academy St.	15.5 feet	Concrete	Excellent	Durkee Brook
2	Church St.	150.0 "	Wood	Fair	Winn. River
3	Court St.	15.0 "	Concrete	Excellent	Durkee Brook
4	Davis Place	23.0 "	Concrete	Excellent	Jewett Brook
5	Elm St.	232.0 "	Concrete	Excellent	Winn. River
6	Fair St.	201.0 "	Wood	Poor	Winn. River
7	Garfield St.	10.0 "	Concrete	Excellent	Durkee Brook
8	Gold St.	145.0 "	Steel, Wood	Good	Winn. River (Foot bridge)
9	Highland St.	25 0 "	Concrete	Excellent	Jewett Brook
10	Main St.	72.0 "	Concrete	Excellent	Winn. River
11	Messer St.	100.0 "	Steel, Concrete	Excellent	Winn. River
12	Mill St., No. 1	36.0 "	Concrete	Excellent	Power Canal
13	Mill St., No. 2	128 0 "	Wood	Poor	Winn. River
14	Union Ave., No. 1	19.0 "	Concrete	Excellent	Jewett Brook
15	Union Ave., No. 2	13.0 "	Concrete	Excellent	Black Brook
16	Weirs	100.0 "	Steel	Fair	Winn. River

The Messer street bridge, erected in 1922 but not entirely finished, was completed, painted and the deck and sidewalk given an asphalt pavement. The original appropriation for this work was \$20,000 and the total cost was \$19,074.90, leaving a balance of \$925.10.

This is an excellent structure and should be adequate for a long time.

The bridge at the outlet of Lake Winnepesaukee at the Weirs was given some repairs but it will pro-

bably be necessary to renew the plank deck this year. This bridge is, although it has been strengthened in recent years, too light for the traffic at certain seasons of the year.

The wooden bridges at Fair street, Church street and Mill street are rapidly deteriorating and must soon be replaced. The Fair street bridge is in the worst condition and probably could be most economically replaced by a steel truss bridge with a reinforced concrete deck.

When the proposed widening of Church street is consummated the Church street bridge should be replaced by a reinforced concrete structure.

#### SURFACE WATER DRAINS

A 15-inch pipe drain was built on Fair street from the river to the west side of Water street. A drain was built in Fenton avenue nearly the entire length of the street, and the Gilbert Brook Improvement was extended 752 feet to the westerly line of Main street at a cost of \$8.25 per running foot. The material used for this structure was 42-inch 12 gauge galvanized corrugated iron pipe.

This conduit should be extended this year across Main and Pine streets in a reinforced concrete culvert and through private land to Joliet street in a corrugated iron pipe. This extension would enable the city to immediately construct surface water drains in Baldwin, Gilbert, Lovell and Merrimac streets where the drainage conditions are intolerable. The proper drainage of this area has been postponed from year to year waiting for the improvement of Gilbert Brook, but should no longer be delayed and sufficient money should be appropriated and the work done this year.

I renew my recommendation, in last year's report, for drains in Walker street, Endicott street from White Oak Road to the Boulevard, and on

School, North, Sheridan and Belvidere streets in Ward 6.

#### EQUIPMENT

A Kenney sprinkler and flusher, mounted on a 3½-ton G. M. C. chassis was purchased and did satisfactory work sprinkling and washing streets.

The old air compressor and drilling outfit being much worn, was exchanged for a new outfit of larger capacity and improved model.

One light motor truck for the department should be purchased.

#### MAINTENANCE OF BITUMINOUS MACADAM

The cost of maintaining 98,367 square yards of bituminous macadam built previous to 1923 exclusive of state roads was \$2,528.23 or two and six-tenths cents per square yard which is below the average for a term of years and was due to the heavy blanket of snow which covered the streets from December to March of last year.

#### SIDEWALKS

Asphaltic concrete sidewalks were built as follows: Academy St., 48 sq. yds.; Beacon St., 203 sq. yds.; Cottage St., 397 sq. yds.; Dewey St., 227 sq. yds.; Elm St., 102 sq. yds.; Fenton Ave., 724 sq. yds.; Hanover St., 212 sq. yds.; Warren St., 642 sq. yds.; Union Ave., 288 sq. yds.; a total of 2,843 sq. yds.

3,158 sq. yds. of old concrete walk was re-covered with asphalt.

Many sidewalks were graded and some surfaced with crushed stone.

## STATE ROADS

The sum of \$4,126.72 was spent on trunk line maintenance. This covered the pay of a patrolman and the cost of surface treatment and patching of bituminous macadam from the Belmont town line to the Meredith town line, exclusive of that portion of the Daniel Webster route from West street on the south end to Stark street in Ward 6.

\$84.40 was expended from State Aid Maintenance which covers North Main street from Oak Street to the John Mathes farm.

## SANITARY SEWERS

The following sanitary sewers were built in 1923: Garfield St., 399 ft.; Grant St., 422 ft.; Butler St., 229 ft.; Holman St., 299 ft.; Isabella St., 437 ft.; Shepard St., 283 ft.; Pleasant St., 120 ft.; Walker St., 710 ft.; total, 2,899 ft.

Provision should be made for sewerage North Main street, Tremont street and Folsom street in Ward 1; for sewerage the area including Girard street, Highland street, Gilford avenue and the Gilford avenue gardens, so called; also for sewerage the area east of North street in Ward 6.

No progress whatever has been made with the problem of collection and disposal of the sewage of the Weirs village although much is required in the way of surveys and studies before any comprehensive method is decided upon.

The usual maintenance work was done on the sanitary sewer system. Much trouble was caused by the roots of trees and some from the deposit of mash in the sewers.

By agreement with the owners more than one hundred Carolina Poplar trees were removed by

the city where they were doing damage to the street pavement, sidewalks, sewers and drains.

#### PLUMBING

This department issued permits for and inspected 170 jobs of plumbing during the year.

#### ENGINEERING

Surveys and estimates of street layouts and the various construction projects were made, lines and grades given.

The grading plan of the lawn about the new high school was made by this office and the drains, grading, seeding, etc., was done by city labor under the direction of this department.

Measurements were taken and notices sent for house numbers at the Weirs village.

#### GENERAL

All the work provided for by appropriations was completed during the season and also additional work which was authorized.

Asphaltic macadam pavements were laid to the amount of 4,836 sq. yds. which was the smallest amount laid in any one year since 1908, with the exception of the years 1912, 1914, 1915 and 1918. The Street Department is equipped to, and has laid up to 24,700 sq. yds. per season and it would seem to be good policy to lay each year what could be easily accomplished in connection with the other work of the department. The city collected from automobile licenses last year about \$22,200 and although the law does not specifically so state, public opinion would approve of applying this collection to the surfacing of streets and roads.

I would call your attention to the great need of

a hard surface on the following named streets and suggest that an appropriation be made to cover a part at least of the streets mentioned.

Messer St. from south R. R. crossing to Union Ave., Elm St. from Fairmont to School St., Gilford Ave. from Union Ave. to Highland St., Fair St. from Court St. to Academy St., South Main St. from Province St. to Grant St., Pine St. from South Main St. to Baldwin St.

Respectfully submitted,

CHARLES A . FRENCH,

*City Engineer, Supt. of Streets and Sewers.*

---

# TRUST FUNDS

## REPORT OF TRUSTEES

*To the Auditor of the City of Laconia:*

We respectively submit our report for the year ending February 15th, 1924.

The trustees have, during the past year, visited the various cemeteries and personally examined each burial lot in connection with which the city is holding a trust fund for the care of the same, and have endeavored to authorize and apply in each case the expenditure of such portion of the available income as seemed advisable to most effectively preserve the lot and connections.

**Watson M. Gray trust fund, for care of lot 149, Sec. 4, Bayside Cemetery.**

June 9, 1899, deposited with city treasurer,	\$100.00
Income unexpended,	4.39

**James R. Gray trust fund, for care of lot 572, Union Cemetery.**

Nov. 28, 1899, deposited with city treasurer,	\$175.00
Income unexpended,	27.94

**Adelia G. Maxfield trust fund, for care of lot 67, Hillside Cemetery.**

Nov. 8, 1900, deposited with city treasurer,	\$100.00
Income unexpended,	45.21

**Geo. L. Boynton trust fund, for care of lots 9 and 10, Sec. 5, Bayside Cemetery.**

Nov. 8, 1900, deposited with city treasurer,	\$50.00
Income unexpended,	4.00

**Cora M. Clay trust fund, for care of lot 161, Hillside Cemetery.**

Aug. 16, 1900, deposited with city treasurer,	\$50.00
Income unexpended,	9.14

William E. Gray trust fund, for care of lot 97, Sec. 3, Bayside Cemetery.

Mar. 1, 1900, deposited with city treasurer,	\$50.00
Income unexpended,	4.68

Josiah Rundlett trust fund, for care of lot 434, Union Cemetery.

June 28, 1900, deposited with city treasurer,	\$75.00

Income unexpended,	13.67

James M. Foss trust fund, for care of lot 21-22, Sec. 6, Bayside Cemetery.

Jan. 21, 1901, deposited with city treasurer,	\$250.00
Income unexpended,	29.01

Reuben P. Smith trust fund, for care of lot 45, Hillside Cemetery.

July 20, 1901, deposited with city treasurer,	\$50.00
Income unexpended,	4.85

John Knowlton trust fund, for care of lot 522, Union Cemetery.

Sept. 25, 1901, deposited with city treasurer,	\$75.00
Income unexpended,	3.00

William Taylor Batchelder trust fund, for care northerly half lot 516, Union Cemetery.

Mar. 1, 1900, deposited with city treasurer,	\$75.00
Income unexpended,	16.12

Horace P. Batchelder trust fund for care of one-half southerly half lot 516, Union Cemetery.

Mar. 8, 1901, deposited with city treasurer,	\$37.50
Income unexpended,	6.54

David C. Batchelder trust fund, for care of one-half southerly half lot 516, Union Cemetery.		
Mar. 1, 1901,	deposited with city treasurer,	\$37.50
	Income unexpended,	8.05
Louisa Folsom trust fund, for care lot 46, Sec. 4, Hillside Cemetery.		
Feb. 15, 1902,	deposited with city treasurer,	\$100.00
	Income unexpended,	25.65
Maria Tilton trust fund, for care of lot 370, Union Cemetery.		
Sept. 9, 1902,	deposited with city treasurer,	\$500.00
	Income unexpended,	109.97
Samuel C. Clark, Jr. trust fund, for care of lots 21 and 22, Sec. 2, Bayside Cemetery.		
July 18, 1903,	deposited with city treasurer,	\$200.00
	Income unexpended,	27.53
Thomas Ham trust fund, for care of lots 35-36, Sec. 4, Bayside Cemetery.		
Oct. 2, 1903,	deposited with city treasurer,	\$200.00
	Income unexpended,	15.18
Stephen Perley trust fund, for care of lot 30, Union Cemetery.		
Apr. 8, 1904,	deposited with city treasurer,	\$100.00
Apr. 7, 1921,	deposited with city treasurer,	100.00
	Income unexpended,	13.91
Ossian W. Goss trust fund, for care of tomb, Hillside Cemetery.		
Aug. 1, 1904,	deposited with city treasurer,	\$500.00
	Income unexpended,	169.25
Morrill Hunt trust fund, for care of lot 27, Sec. 4, Bayside Cemetery.		
Oct. 15, 1904,	deposited with city treasurer,	\$100.00
	Income unexpended,	4.50
Joseph B. Keniston trust fund, for care of lot 53, Sec. 5, Bayside Cemetery.		
Dec. 12, 1905,	deposited with city treasurer,	\$50.00
	Income unexpended,	2.25

Charles Lovett trust fund, for care of lot 472, Union Cemetery.

June 22, 1906, deposited with city treasurer, \$100.00  
Income unexpended, 4.26

James B. Hinds trust fund, for care of one-half lot 25, Sec. 4, the  
half next to bayside, Bayside Cemetery.

July 11, 1906, deposited with city treasurer, \$50.00  
Income unexpended, 2.56

Samuel G. Wentworth trust fund, for care of lots 15, 16, Sec. 4,  
Bayside Cemetery.

July 11, 1906, deposited with city treasurer, \$200.00  
Income unexpended, 29.41

Job Abbott trust fund, for care of lot 88, Union Cemetery.

Oct. 10, 1906, deposited with city treasurer, \$100.00  
Income unexpended, 9.72

George F. Poor trust fund, for care of lot 114, Sec. 4, Bayside  
Cemetery.

Nov. 28, 1906, deposited with city treasurer, \$50.00  
Income unexpended, 3.38

Shepard Rowe trust fund, for care of lot 29, Hillside Cemetery.

Dec. 22, 1906, deposited with city treasurer, \$100.00  
Income unexpended, 16.27

Jewett, Sumner and Buxton trust fund, for care lots 77, 78, Sec.  
4, Bayside Cemetery.

May 22, 1907, deposited with city treasurer, \$100.00  
Income overexpended, 3.50

Laura Bean trust fund, for care of lot 13, Sec. 3, Bayside  
Cemetery.

June 1, 1907, deposited with city treasurer, \$50.00  
June 16, 1921, deposited with city treasurer, 50.00  
Income unexpended, 8.32

Mrs. Henry E. Brawn trust fund, for care of lots 33, 34, Sec. 4,  
and one-fourth lot 62, Sec. 3, Bayside Cemetery.

Oct. 10, 1907, deposited with city treasurer, \$150.00  
Income unexpended, 4.00

Frank Ederly trust fund, for care of lot 258, Union Cemetery.

Mar. 6, 1908, deposited with city treasurer,	\$200.00
Income unexpended,	19.84

George Sleeper trust fund, for care of lot 10, Bayside Cemetery.

Apr. 28, 1908, deposited with city treasurer,	\$100.00
Income unexpended,	2.79

Nathan T. Fogg trust fund, for care of lot 1046, Union Cemetery.

# REPORT OF TREE WARDEN

---

*To His Honor the Mayor and Members of the City Council:*

I have the honor of submitting for your consideration the condition of the shade trees on our city streets. Several of the maples are decaying and must be removed. The decay is caused by various insects and fungi, leaky gas and sewer mains. Several poplar trees have been removed by the sewer department as the roots of these trees are a menace to sewer and drain pipes. Planting poplar trees should be prohibited on our streets.

All shade trees should be pruned in early spring-time, also tree-banded with tanglefoot placed four feet from the ground. This will prevent the chewing and sucking insects, spiders' mites, sowbugs and milipedes from laying their eggs on decayed branches. The brown tail moths are coming back and several nests have been located in Laconia, especially on young apple and pear trees.

Fruit trees should be sprayed early before bud-ded. Do not spray fruit trees when in bloom; spray with lead arsenate as soon as budding begins. Formula for insecticides: 3 pounds lead arsenate (paste) or 1 pound dry lead arsenate and 50 gallons water; spray upon foliage.

ARTHUR W. SPRING,  
*Tree Warden.*

# REPORT OF REGISTRAR OF MOTOR VEHICLES

---

*To the Honorable Mayor and City Council:*

I hereby submit the fourth annual report of this department for the year ending December 31, 1923.

# BOARD OF HEALTH

---

*To the Honorable Mayor and City Council of the  
City of Laconia:*

We hereby submit our annual report for the  
year 1923:

## COMMUNICABLE DISEASES

Chicken pox	9 cases
Diphtheria	4 cases
Measles	11 cases
Scarlet Fever	3 cases
Typhoid Fever	8 cases, 3 deaths
Whooping Cough (estimated)	60 cases, 2 deaths
Total number of births	314
Total number of deaths	226
Complaints investigated	79
Houses fumigated	16
Animals buried	7
General milk inspections	4
Special milk inspections	7

Following is the report of the public health  
nurse, Katherine G. Roche, from Dec. 31, 1922, to  
Dec. 31, 1923:

City of Laconia,  
Jan. 28, 1924.

City of Laconia Public Health Department  
Report of Public Health Nurse from Dec. 31,  
1922 to Dec. 31, 1923.

Number of visits made during year	1,606
Medical	519
Surgical	401

Maternity	243
Prenatal	53
Post Natal	129
Home visits, instructive	261
Receipt for city cases	
Receipts	\$360.25

Following is the report of the work of the New Hampshire Tuberculosis Association, submitted by Marion Garland, the local tuberculosis nurse.

Report of the work of the New Hampshire Tuberculosis Association, Jan. 1923 to Jan. 1924.

Number of clinics held	10
Total number of cases examined at clinics	499
Number of new cases examined at clinics	190
Number of old cases examined at clinics	309
Number of adults examined at clinics	254
Number of children examined at clinics	245
Number found to be non-tubercular	117
Number found to be suspicious cases	35
Number found to be incipient cases	42
Number found to be moderately advanced	12
Number found to be arrested cases	42
Number found to be improved	170
Number of patients who died	6
Number of patients sent to sanitoriums	5
Number of cases under supervision	244
New homes visited	260
Old homes visited	1,400
Social service calls	121

These include visits in Lacona and county.

Although the city scavenger service carried on by the street department collects every kind of waste except paper, still some of the merchants and private individuals seem to demand a dump where they can deposit whatever or whenever they please,

paper, crates, and heavy articles of waste. For years there has been a public dump on Messer St., fairly well taken care of without expense to the city. This swamp has now been filled in and covered. There was so much complaint about private dumps that the mayor and City Engineer French and the board of health decided to hire and locate a place out of the city limits for a public dump. This was located a little off the road to Prospect Hill about one and one-half miles from Laconia proper. The price paid for the privilege is \$200 a year, to come from the board of health appropriation. The place is on private property, and located where it could not offend or trouble anyone, and so far seems to be very satisfactory.

The milk inspection and analysis this year is generally better. The number of milk producers and dealers is about 48, who distribute some 3,500 quarts of milk a day. Of these 48 dealers, 30 have had their cows tubercular tested.

During the last few years Laconia has been very fortunate in the cases of contagious and infectious diseases, but Laconia *has* had epidemics. Some of us remember the small pox and influenza epidemics, and surely we cannot always escape. Not being prepared causes much suffering and loss of life, not to speak of the hundreds of dollars in expense to the city, directly and indirectly. During the last three or four years the board of health has many times recommended the building by the city of an isolation hospital on the hospital grounds. At a meeting of the hospital association in February of this year, permission was given for this purpose; also the trustees recommended it, and Mayor Perkins is enthusiastically in favor of it. Our old isolation hospital could probably be sold for \$3,000. City

Engineer French says that there have been approximately 500 loads of grade taken from the vacant lot, and there are 500 more loads left which the city can use. With these grades taken off, the lot should be sold for building purposes, probably for \$200. We have 12 or 14 beds and bedding, all in very good condition. The new building could be of a bungalow design, with a hot air one-pipe furnace for heat, and of say 20-bed capacity. It could be run under the same management and supervision as our Laconia Hospital, and in case of epidemic, would start with the system all established. It should be source of some income, for who would not rather take a patient suffering from scarlet fever or diptheria, or any communicable disease to a suitable hospital, where he or she could have trained care, instead of quarantining the whole household, as it is sometimes necessary to do. We think this should be taken up seriously by the next mayor and city council, and the city board of health hopes it will be acted on favorably.

J. A. WRISLEY, M. D.

W. E. FLOYD

W. H. TRUE, M. D., *Sec.*

# LACONIA HOSPITAL

---

*To the Honorable Mayor and Members of the City Council of Laconia:*

The enlarged and greatly improved condition of the Laconia Hospital together with the refurnishing has been made possible by the contributions of a generous public. It would not be possible to mention in this article the names of those who have helped but it is safe to state that all those who could have done their full part and the work accomplished is meeting the hearty approval of everybody. A debt had to be created in part payment, that will in time be cared for. The hospital had reached the end of its growth and the enlargement had to be made and the future years will no doubt show the wisdom of the work. A continuous growth has been maintained each year of its life and we believe that we are just at the beginning of the great work that is before us. We have today a capacity for sixty beds, and when the time comes for a further enlargement money will be at hand to carry forward the work. With the present excellent management and improved facilities we are prepared to do not only a larger but a better service than ever before. We want our hospital to stand in class A. We want it to be one of the very best hospitals in the state, and it can be done if a proper effort is made. A high standard of work cannot be maintained without money and we must add largely in the near future to our endowment funds.

Those who have property to dispose of and want it to become a factor for good in this commu-

nity in the years that are to come should not fail to remember the Laconia Hospital Association in its disposition.

WILLIAM F. KNIGHT, *Secretary*,  
Laconia Hospital Association.

---

## REPORT OF TREASURER

Report of E. M. Heard, Treasurer for the year ending December 31, 1923.

Cash on hand January 1, 1923. \$321.97

Frend A. Young, premium on Clerk's bond,	15.00
Clarence S. Newell, Treas., cash held as bonds,	303.00
Clarence S. Newell, Treas., cash,	3,574.74
	<hr/>
	\$5,358.12

# REPORT OF CITY SOLICITOR

---

Laconia, New Hampshire.  
February 15, 1924.

*To the Honorable Mayor and Council:*

It is my privilege to herewith submit my report as City Solicitor for the City of Laconia for the year last past. There has been no active litigation before the Superior Court during the last year although several legal actions are still pending on the Docket. Various ordinances have been prepared which appear in this report. I have also attended to such legal services as have been necessary and supplied the Mayor and Council with such opinions as have been requested as well as those required by the other City Departments. All matters which have been submitted to the Law Department have received careful consideration and attention.

Respectfully submitted,

THEO STEPHEN JEWETT,

*City Solicitor.*

# OVERSEERS OF THE POOR.

---

*To the Honorable Mayor and City Council:*

Gentlemen: We respectfully submit our report as overseers of the poor, for the year ending Feb. 15, 1924.

Owing to the radical change in the law made at the last session of the legislature and the raise in price of board per week at the county farm, this has made a great difference in the expense of this department. Therefore, we would recommend five thousand dollars for the ensuing year.

F. A. RAND,

*Overseer of the Poor*

Wards 2, 3, 4 and 5.

OSCAR A. FLANDERS,

Wards 1 and 6.

# LACONIA PUBLIC LIBRARY

---

## REPORT OF THE TRUSTEES

*To the Honorable Mayor and City Council:*

The undersigned, trustees of the Laconia Public Library, herewith transmit to you the annual report of Arthur W. Dinsmoor, Treasurer; showing the financial condition of the library for the year ending February 15, 1924.

The trustees during the past year have been enabled to continue the purchase of new books to a certain extent, and the fact that the circulation of the library for 1923 exceeded that of 1922 by 2440 is evidence that the patrons of the library were appreciative of this work.

Six additional storage book cases were added to the basement of the library in 1922, and there now remains room for but two more unless an addition to the library building be built. The shelf space in the basement is now so nearly all taken up that it has become apparent that the building will have to be enlarged in the near future unless some other remedy be found.

In going through the contents of these storage cases in the basement the trustees have found material occupying quite a large amount of space which seems clearly of but very little value for preservation; certainly of not enough value to warrant the large expense to the city of an enlargement of the building. This material consists of duplicate numbers and odd copies of magazines, fragmentary lots of publications covering a few years, or a por-

tion of a year, etc., etc., and it has been decided to discard this.

Respectfully submitted,

WILLIAM F. KNIGHT  
ARTHUR W. DINSMOOR  
STANTON OWEN  
CHARLES L. PULSIFER  
FRANK P. WEBSTER  
FREDERICK W. FOWLER  
JOHN S. GILMAN

## REPORT OF TREASURER

---

*To the Board of Trustees of the Laconia Public Library:*

I herewith submit the report of your Treasurer for the year ending Feb. 15, 1924.

## REPORT OF LIBRARIAN

---

*To the Honorable Board of Trustees of the Laconia  
Public Library:*

Gentlemen:—

I submit herewith a summary of the books added to the libraries during 1922 and 1923 and a table of the circulation at both libraries and a table of registration for 1923. I was absent from the library from the 7th to the 19th of December, on account of illness, and was not able to do full work for a time after my return. It was not until February that I was able to get the new books accessioned and cataloged. I did not have time to prepare more than the tables given before the last call for copy came. If it is desired that I should prepare a complete report before the middle of February each year, all new books should be received by the first of December and I should be allowed time to accession and catalog them before the first of January.

One hundred and fifty-four fewer books were loaned in 1923 at both libraries than were borrowed from the Laconia library from 1 March, 1893, to 1 February, 1894, on two afternoons and evenings in a week and at the Lakeport library in a second story store during the year ending 31 January, 1894.

Early in the year a new registration of borrowers was begun. The registration had been continuous since the beginning in the new building in August, 1903. Ten thousand persons had registered. It was decided to ask those who had registered in the first years in the new building to register again. Only a few did so, indicating that nearly all of our present borrowers have registered since 1903.

Miss Danforth completed an inventory of the library during 1923, but the report included losses during two years as no inventory was completed in 1922. Mr. Jones has taken an inventory of the branch library each year.

Miss Bertha S. Fowler was employed at the loan desk the last of October.

The books at the Ossian Wilbur Goss reading rooms include books given to that library and books sent from the main library. All books sent from the main library have been accessioned and counted as the property of that library and are considered as loans to the Ossian Wilbur Goss reading rooms. The gifts are accessioned separately and are counted as the permanent property of that library. The final call for copy for the 1923 report came before the statistics for the year 1922 were compiled.

# REPORT of PARK COMMISSION

---

Laconia, N. H., February 1, 1924.

*To the Mayor and Council of the City of Laconia:*  
Gentlemen:—

The Park Commission is pleased to submit for your consideration their ninth annual report, with such recommendations for the coming year as seem necessary and wise in order to promote the future usefulness of the property under their care that all may receive the full benefit of the money expended for park purposes.

At Leavitt Park the improvements and recommendations made by Mr. Harold S. Fitz have been practically completed, although some of the equipment did not arrive in time to be set up for last season but will be ready for the opening of the season of 1924. However, the light that was recommended for the north end of the park was installed.

July 19th the Woman's club held a very successful carnival which netted \$160.00, while the playground carnival cleared \$168.00, the largest amount ever received. At this carnival paper flowers, made by the smaller children and baskets that were made by the older girls under the direction of Miss Ida Jones, were sold and proved to be more satisfactory than the previous sale of tags.

The season at the playground was a successful one with Mr. Charles W. Peterson as director, this being his first season here. He was ably assisted by Miss Ida Jones who performed all of her duties in a satisfactory manner.

The new bandstand which was built this last year was greatly appreciated by the band, and the

shutters which entirely close it up for winter and are used as tables in the summer have recently been built.

The skating rink which has been tried many times before has this year met with success. A hydrant has been installed so that it is easily flooded. It has been cleared all winter and greatly enjoyed by the school children.

The average daily attendance the past season was 96, (boys 51, girls 45) showing an increase over the past year of 7 in the daily average.

The recommendations made by the director for the coming season are as follows:

The ground should be generally levelled and cleared of stones.

The new court could be enlarged and a top dressing of mixed white clay and sand would make a very good surface.

The cross beams for the rope swings should be examined and two or more swings should be put up.

The sand box should be changed to a shady place further from the swings to insure the safety of the little ones.

The lake bottom at Sandy Shore should be cleared.

The present slide should be moved to Sandy Shore and a larger one put up at the park.

The new drinking fountain should be installed.

Toilets at the park and at Sandy Shore would be valuable.

A diving tower on the raft.

A teeter ladder.

A set of swings for very small children.

More settees.

Two good croquet sets.

A turnstile at the gate of Mr. Robert's field.

The playground at Opechee Park opened June 25th and continued for ten weeks. Mr. Langdon D. Fernald and Miss Ruth Grieve, both of Laconia, had charge of the work.

During the summer months the grounds were graded and this necessarily interfered somewhat with the program planned for the season. However, the attendance was satisfactory and the interest displayed by the boys and girls was very gratifying to the directors and all citizens interested in the playground.

Special emphasis was placed on swimming, and instruction in life-saving was given daily. Forrest Sanborn and Charles Randlett received official recognition as being members of the American Red Cross Junior Life-Saving Corps.

Baseball proved a popular game and many exciting contests were held.

The girls continued to be interested in basketry and sewing, and a creditable exhibit was shown at the close of the season.

Wednesday of each week was "picnic day." The instructors remained on the grounds during the noon hours and enjoyed a basket lunch with many children. During the first week in August an all day picnic was held at Lakeshore Park; and on one occasion Mr. Fernald took a group of boys for an over-night camping trip to Mt. Belknap.

August 27th a track and field meet was held. Gold and silver medals were awarded to the boy or girl scoring the largest number of points, and

ribbon prizes were also given. In the evening of the same day a band concert was given on the grounds and was enjoyed by a large number of people.

The equipment added in 1922 proved a valuable addition to the park and was in constant use from early morning until late in the day.

It is expected that the tennis courts will be in readiness when the grounds open in 1924.

Each year sees an increased interest in playground work, and it is confidently expected that the coming season will be the most successful in the history of the movement.

We offer the following recommendations for the coming year to be presented in detail at the proper time for consideration:

1. That the appropriation for playground purposes be \$1,400.00, the same as last year.

2. That a suitable toilet be constructed along lines previously presented to your Honorable Body, and for which an appropriation was made, but not carried out owing to the lateness of the season.

3. That a suitable fence with prominent entrance be constructed on the Main St. side of Opechee Park, not only that the park may look more in keeping with parks in other cities of our state, but to protect it in some measure from wilful desecration.

It could also be made a source of revenue to the city as there is no other place so desirable for outdoor entertainments.

We suggest that a public hearing be given by your Honorable Body so that the minds of all our citizens may be expressed in this matter.

4. We again call your attention to the South

Main St. Playground purchased a few years ago and suggest that if an instructor was employed a part of the time it would be more useful to the smaller children and more pleasure to the nearby residents.

5. The appearance and comfort at Opechee Park would be greatly improved if the exterior wall of the grandstand were covered, and the bandstand roofed in and the bottom section enclosed. A suitable fence should be provided for the ends of the tennis court and a coating of some mixture for the prevention of excessive dust should be applied in conjunction with the Driving club and Fair association the same as last year.

In closing your Commission wishes to thank all departments of our City Government and the public for their united efforts to make this year's work a success.

Respectfully submitted,  
ALFRED C. WYATT  
CORR F. HAYWARD  
ALICE S. HARRIMAN  
WALTER E. DUNLAP  
FRANK S. PEASLEE

## AUDITOR'S REPORT

---

Laconia, N. H., March 8, 1924.

*To the Honorable Mayor and City Council of Laconia:*

I have examined the books and accounts of the City Clerk, City Treasurer, Board of Public Works, Collector of Taxes, Treasurer of the Public Library, and Trustees of Trust Funds, and find them correctly cast and properly vouched.

I desire to express my appreciation for all courtesies shown me and the ready assistance on the part of all your officials.

Respectfully submitted,

N. JOY HARRIMAN,

*City Auditor.*

## SUMMARY OF VITAL STATISTICS

---

Number of births	315
Number of births not previously recorded	12
Number of marriages	130
Number of deaths	217
Number of deaths occurring at Belknap county farm	8
Number of bodies brought here for burial	37

By Chapter 106, N. H. Laws of 1917, the Clerks of Cities and Towns are required to send a copy of every child's birth certificate to its parents, and if said copy is not received within sixty days from date of the child's birth, the parents should notify the City Clerk in order that same may be placed on record.

Efforts have been made to make the records of vital statistics correct as possible. Should any error or omission be detected, the City Clerk will appreciate the kindness conferred by being informed of the same, that the records of the city may be made right.

EARL FLANDERS,  
*City Clerk.*
