Colebrook Water Works

The Colebrook Water Works is still in a period of transition. We are still collecting unmetered water accounts in advance and meter accounts after they are read each quarter.

By mid-summer we plan to have all water accounts on meters. Then you will all be paying only for the water that you use and not for the number of outlets, as in the past. This will also give us a more realistic picture in our operating statement a year from now.

The year 1966 saw the Colebrook Water Works extend the existing water line by adding Edwards Street to the Colebrook water system. We also replaced the water line on Cross Street with new pipe.

For those who may be interested or have any questions, the Water Commissioners meet the first Wednesday of the month at 8:00 P. M. in the Selectmen's Room at the Town Hall.
