TOWN WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Derry, qualified to vote in Town affairs:

You are hereby instructed to meet at the Veteran's Memorial Building in said Town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To elect one Selectman for three years, Town Clerk, Treasurer, Collector of Taxes, Library Trustees, Trustees of the Trust Funds, Auditors, and all other necessary Town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the maintenance of the poor, for laying out and repairing highways, for building and repairing bridges, for the suppression of moths, for the police department and municipal court, for hydrant service and electric lights, for salaries of town officials, for the Board of Health, for the expense of the Town halls, for the support of libraries, for state and county taxes, for the observance of Memorial Day, for aid to the Derry Visiting Nurse Association, for playground purposes, for co-operating with the state and federal governments in control of the white pine blister and for all other necessary charges arising in said Town, and pass any vote relating thereto.

3. To see if the Town will accept state aid for construction of the Class 2 road known as Island Pond Road and raise and appropriate, or set aside for said purpose, the sum of \$3,729.00; or will accept state aid for construction of Class 5 roads and raise and appropriate, or set aside for said purpose, the sum of \$1,002.37, and pass any vote relating thereto.

4. To see if the Town will direct the Collector of Taxes to allow a discount to all persons paying their taxes within such period as the Town shall limit, to fix the rate of such discount, and pass any vote relating thereto.

5. To see if the Town will vote to discontinue as a public highway that portion of South Main Street beginning at the line of the State Aid highway at the Odell farm and extending Northerly along the Westerly side of the Murdock farm building to its junction with the State Aid road, said discontinuance to become effective when the new cut-off Easterly of the Murdock building has been completed and a new entrance has been provided from the State Aid road to the Murdock buildings, and pass any vote relating thereto.

6. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds, and pass any vote relating thereto.

7. To see if the Town will vote to authorize its Selectmen to borrow money in anticipation of the taxes for the year 1936 on the negotiable notes of the Town, said loans to be repaid from 1936 taxes collected, and pass any vote relating thereto.

8. To see if the Town will vote to adopt the provisions of the Municipal Budget Act, and pass any vote relating thereto.

9. To see if the Town will vote to raise and appropriate the sum of \$500.00 or any other sum of money, for the purpose of advertising and giving publicity to the natural industrial advantages of the Town of Derry, and pass any vote relating thereto.

10. To see if the Town will vote to raise and appropriate the sum of \$500.00 for free public band concerts in the Town during the summer of 1936, and pass any vote relating thereto.

11. To hear the reports of Agents, Auditors, and Committees, heretofore chosen, and pass any vote relating thereto.

12. To appoint any necessary committee on any article embraced in this warrant.

Given under our hands and seal of the Town of Derry, this 21st day of February A. D. 1936.

EVERETT R. RUTTER,
JAMES S. WEBSTER,
WARREN M. HATCH,
Selectmen of the Town of Derry.

DERRY PUBLIC LIBRARY

Annual Report of the Trustees

During the past year the Library has cooperated with the Town by turning back one hundred dollars of its appropriation. This has been reflected in a smaller number of new books purchased. The building is now ten years old, and if it is to be kept in good condition, it will be necessary in the coming year to spend some money in repairs on the interior.

The following reports of the Librarian and the Treasurer cover fully the work of the library and are herewith submitted.

HARRIETT D. LOW,
FRED G. BENSON,
ETHEL M. ADAMS,
WALTER A. PILLSBURY,
ALMA B. PIERONI,

To the Trustees of the Derry Public Library:
The 31st annual report is herewith presented:—

The library rooms have been open daily, except Sundays and holidays from 2:00 until 5:30 and from 6:30 until 9:00 o'clock except Wednesday and Thursday evenings when they are closed at 8:00 o'clock.

In spite of the general decline in the circulation of library books throughout the state and country the Derry Public Library has held its own. There has been a decline of about 2250 in the juvenile circulation, but this has been nearly balanced by an increase of 1600 in the adult department which leaves a loss in circulation of 672 which is almost negligible when our years circulation of 63,894 is considered.

During the spring Miss Priscilla Lunderville an ERA worker, conducted story hour classes for all grades in

the basement of the library. These were most enthusiastically received especially by the younger children and during this time the juvenile circulation increased. In June the Vacation Reading Club was organized, 37 joined the club and 26 completed the course and were awarded certificates for good summer reading.

We have in all ways possible endeavored to cut the expense. One means taken has been to buy books which have been read a few times and sold at a greater discount. We have purchased fewer resewed books and of higher priced books, we have bought either used books or publishers remainders. This policy can easily be carried too far as these books will not give the service which the better bindings do and the policy is used as an emergency method only.

The library rooms were again given over to the Derry Woman's Club, two days, for their annual flower show and many who are not patrons of the library, visited the rooms.

The basement continues to be used for rehearsals of the Derry Band and occasionally business meetings are held in the librarian's office.

Your librarian was honored by being invited to teach the class in Book Selection at the N. H. Summer Library School held in Conway. The invitation was accepted and the school held during the first part of July.

Your librarian attended for two days, the New England and New York Library Conference held at Lake George, N. Y. in September, also the district meeting held in Hampstead.

TAYLOR LIBRARY

REPORT OF THE LIBRARIAN

To the Trustees of Taylor Library:

The 58th annual report is herewith presented:

The library has been open regularly, Tuesday and Saturday, afternoons and evenings, a total of 468 hours on 104 days of the year.

We now have on our list 325 active borrowers and have loaned 6950 books and 1046 magazines during the year.

We have continued our service to the rural districts, Number Six and Seven, with the help of the Teachers, the 36 books sent out have been read by 180 persons.

Through the E. R. A. service we were able to have story telling for the children of our district on Friday afternoons during May and June.

We carried on the usual vacation reading club during the summer months, with an enrollment of sixteen children, eight of whom completed the required course and received diplomas.

These two projects, the story telling and the reading club, greatly increased the interest of the children in books with the result that our juvenile circulation has risen from 1141 last year to 1734 this year. This is about one-fourth of the total circulation.

We have on file lists of books which may be borrowed from the State Library at Concord for the slight cost of return postage. These are expensive and unusual books which a small Library can not afford to buy, but they are thus made available to our readers.

By gift and purchase, we have added to our historical and genealogical shelves three Town Histories; eleven Family Genealogies and seven volumes of the D. A. R. Lineage books. We are now engaged in making a file of all pamphlets containing historical or genealogical matter.

We have donated to the Alexander-Eastman Hospital 45 volumes of surplus books. The Librarian attended the State Library School at Conway in July. Mrs. Julia M. Goldsmith has served as Associate Librarian during the year.

We have had some contagious disease, scarlet fever, measles, chicken-pox.

Shoes, rubbers, clothes and glasses have been provided some children through clubs and the Red Cross.

From the Federal Relief money we have had 11,444 half pint bottles of milk from Feb. 1, 1935 to April 12, 1935, glasses, 6 tonsil and adenoid operations and a dental clinic mostly of second grade children; 128 attended this clinic, we had

- 15 cleanings
- 3 permanent teeth extracted
- 11 permanent teeth filled
- 67 temporary teeth extracted
- 31 temporary teeth filled

86 children attended under weight, mental hygiene and orthopedic clinics in Manchester.

Respectfully submitted,

LILLIAN S. MACKINTOSH,

School Nurse.

SUPERINTENDENT'S REPORT

Business conditions in Derry as well as elsewhere, would seem to justify rigid economy in all departments of public service: It is with this thought in mind that we are preparing the school budget for the year beginning July 1, 1936 and ending June 30, 1937.

Expenditures: There is only one way in which economy can be secured either in private or public affairs and that is by eliminating all unnecessary expenditures and reducing necessary expenses to the lowest point consistent with efficient service.

This is easy to state but difficult to realize in public administration.

The record of the financial management of the public schools in Derry is well known to the public but it needs to be clearly in mind when school appropriations are being voted:

Briefly restated the expenditures for school purposes during the four years of my service here as Superintendent of Schools have been reduced from \$79,823.64 in 1932 to \$63,383.16 in 1933—\$63,427.50 in 1934—\$63,402.11 in 1935 (thus far these are the Actual Expenditures for school purposes)—the estimated cost for 1936 is very close to \$63,000.00. Thus the average cost for the four years is, in round numbers, \$63,300.00 annually and a reduction of \$16,500.00 per year or \$66,000.00 in four years.

It should be noted that there is included in these payments \$5,000.00 on bonded indebtedness plus interest charges thereon. These bonds were issued when the Floyd School was built and will be cleaned up in 1936.

The Tax Levy: During the period above included the tax levy has dropped from \$70,000. in 1932 to \$57,000. in 1937 and this in spite of the fact that in 1932 Derry received \$2,000. of state-aid but since that date has received none.

As an item of much interest in this connection we present the following cost per pupil of public school education taken from a very recent circular from the State Board of Education:—Cost per pupil in all New Hampshire schools averages \$76.93 — cost in Derry \$58.18.

The Budget: Budget making, like winter carnivals, has become a standardized form of mid-winter recreation. Budget making is both a science and an art: As a science it is in the same class as Einstein's relativity: As an art it is closely related to weather prediction: Nevertheless we enjoy its charms and stake our reputation on its uncertainties:

Comparative Statements: In the three column tabulation accompanying this report will be found side by side last year's actual expenditures, the current year's estimated expenditures revised to Feb. 1, 1936, and next year's long-range guess, designated as the budget. By and large it is a very safe basis for making appropriations.

From this budget it seems probable that \$60,000. should be enough to meet all legitimate bills. As an offset to this there should be about \$3,000. of miscellaneous income. As a matter of elementary mathematics the tax levy should be \$57,000.

Special Appropriations: In addition to the foregoing I respectfully ask that a special appropriation of \$1,000. be made available for building and equipping a forge-shop where the boys who take the machine shop course may get practice in forging and simple tool-making as a much needed part of their Mechanic Arts Work.

Courses of Study: In general the State Program of Studies is closely followed: Our history course endeavors to turn the pupil's thoughts toward the future and the solution of its problems. In doing this the history of the development of civilization becomes of more im-

portance than a detailed study of the dead past. A series of juvenile books by Coffman are used in grades four and five: In grades six the civilization of ancient nations is compared with the civilization of today: In the seventh and eighth grades Rugg's books are used to bring geography and history into close relation as a means of understanding the essentials of our highly organized industrial age.

Hand and Machine Work: In the line of hand-training we are in two years accomplishing as much as was done in six years a quarter of a century ago: Seventh and eighth grade pupils who have mechanical ability, acquire great skill in pattern-making, and metal machine-work turning out useful products of excellent workmanship.

In art, a subject hitherto wholly neglected, a beginning has been made and very creditable illustrative work has been done as an aid to history, geography, and nature study.

Reward for Superior Ability: In every group of 100 seventh grade graduates there are at least from five to ten who by native ability and a willingness to work are better fitted to enter high school than are at least 15 to 20 of the eighth graders who either "cannot or will not be educated".

In June 1935 five seventh grade pupils, whose school record was free from any failures and whose marks, were high, were selected to enter the ninth grade as Pinkerton freshmen. Two of these were from Derry, one from Derry Village, one from Auburn and one from Londonderry.

The proper authorities at Pinkerton Academy were consulted and an agreement made that if these pupils failed in their studies or if their parents were dissatisfied with the results, the group, or any member of it,

would return to the eighth grade from which they came.

The results at mid-year showed the complete success of this adventure. The marks of the group, both individually and collectively, are "above the average of the class". The average mark of these five pupils in all subjects is 82.5, 79.5, 86, 80.3, and 81.5 respectively.

In any school system it should be easily possible to reward ability and industry by shortening one or two years the normal period of 12 years from grade one to high school graduation.

Records, Reports, and Promotions: For four years we have been devising a system of records, reports and promotions based on the actual accomplishments of our own pupils and designed for the especial purpose of advancing the standard of local education by first locating the chief defects and then doing something about it.

Systematic records of daily work, simple classifications of all pupils as doing either **satisfactory** or **unsatisfactory** work, frequent reports to parents in all cases where work is unsatisfactory and an earnest request for parents to consult with teachers about these reports: These are the essential features of the plan.

We believe that the preparation of the pupils now entering high schools is improving and that Pinkerton Academy is recognizing this and correspondingly raising its standards.

GEO. H. WHITCHER,

Superintendent of Schools.
