REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Groton:

In submitting my third report I am mindful of the increased pleasure and satisfaction in my work which has come through better acquaintance with both pupils and parents, through the continued alert cooperation of a conscientious school board in the interests of the schools, and the devoted and efficient services of the teachers. Necessary supplies and equipment are being provided. Essential repairs have kept the school property in good working order.

We finished the school year ending June 30, 1935 with a good degree of success. A total of thirteen boys and twenty girls were enrolled of whom two were residents of Hebron leaving 31 of our own boys and girls. Our average membership was 31, the per cent of attendance 95. We promoted 27, and failed none. Two were graduated from the eighth grade at South Groton with excellent graduation exercises. Both graduates started this year at Bristol High School.

This year ten boys and eight girls are enrolled at South Groton, six boys and eight girls at the North school. Removals had reduced our total on February 1, 1936, from 32 to 27. There are two girls in the eighth grade, both at the North Groton school.

Our school year began last September with two new teachers. At South Groton we have Mrs. Zelma Watts, a mature woman of many years of experience who has kept herself abreast of modern education by Normal School attendance. She is doing a valuable service, making an attractive school home, conscientiously and alertly teaching her school, and identifying herself with the life of the community.

At North Groton Miss Laurretta Shovan is teacher. She was graduated from Plymouth Normal School where she was a student of high rank. She is having a successful year.

Both schools have extended their value by community contacts. Each seems to occupy a place of esteem and worth in the neighborhood life.

Mrs. Lovett's services as school nurse are of great importance in safeguarding the health of the children. She has supplemented her schoolroom activities with house calls in the interests of the pupils. She is alert in responding to requests for assistance.

I believe that assured progress is being made in providing our schools with vital education in attractive schoolrooms under competent teachers. My purpose as superintendent is to foster in all ways possible the growth of both pupils and teachers. I am again grateful to the members of the school board for their very kindly and sympathetic consideration.

Respectfully submitted,

GUY E. SPEARE,
Superintendent of Schools.
