FOREST FIRE WARDEN'S REPORT

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of $\frac{1}{4}$ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

WILLIAM McNAMEE
AUDITOR

SUPERINTENDENT OF SCHOOLS REPORT

To the Citizens of the Windsor School District.

This year the Superintendent and the Board established goals for both the Superintendent's office and the Board to accomplish over the school year. The Superintendent's office has already taken steps to adjust its administrative procedures and capabilities to best facilitate the accomplishment of these goals, and is planning to report its record of successes and failures in next year's message. It is expected that goal-setting will be a regular part of the Superintendent's annual plan in the years to come as will an annual report on the goals set.

This year's goals are as follows:

Superintendent's Office

I. Top Priority Goals:

1. To ensure that all district's administrative priority goals are worked toward in a consistent and effective manner.
2. To ensure that a system of Principal evaluation is developed and implemented.
3. To develop an operational administrative manual and to see that its provisions are carried out.
4. To develop and implement an effective needs assessment for each district and the Union.
5. To develop and implement standardized budgetary procedures and to present each Board with a Superintendent budget proposal.
6. To ensure that each Board and all administrators receive complete up-to-date and accurate financial reconciliations.
7. To investigate and report to the Boards on the feasibility of programmed budgeting procedures.
8. To provide each Board with complete agendas, including necessary supportative information.
9. To develop job descriptions for all SU #24 Office staff and to work toward the development of written procedures for all major staff tasks.
10. To ensure that a useable and complete filing system is developed in the SU #24 Office.
11. To promote a SU #24 effort at adult education and

greater Community-School involvement.

12. To ensure that an increased effort is made at effective Public Relations.
13. To encourage cooperative projects between districts and cooperative communications.

The Superintendent's Office is currently making a major effort to get the community more involved and interested in school affairs. Two major aspects of this effort are a greater degree of reporting of school activities in local newspapers and the establishment of a Community Education Program. Procurement of CETA funds by the Superintendent's office has helped greatly in regard to both of these. Another part of this effort is a Needs Assessment Program, which is providing every citizen an opportunity to voice his or her opinion on what Windsor needs in regard to educational programs and facilities.
