REPORT OF BEDFORD VOLUNTARY FIRE DEPARTMENT

To the Citizens of the Town of Bedford:

We want to tell you in brief of some of the things that have been accomplished in the past and of those we hope to do in the future, and in these endeavors we of course need the hearty co-operation of the people of the town. Two years ago the Town purchased a wonderful fire engine, one of which the Town may well be proud; but how helpless we are without the essentials that go with it. I refer most of all to water and hose. We would impress upon the property owners here the importance of these two necessities. Last summer Lyman Kinson together with his good neighbors created a pond near his home and the six corners which will help to protect the property in that vicinity.

Also, with the right of flowage given by Mrs. Hill and the co-operation of the town and neighbors, a pond was made at the foot of Woodbury Hill, which protects property in the Centre and especially our Town Hall. We have at present 1,750 ft. of hose. We have in the Warrant this year an article asking for 750 ft. additional.

Some distances have been measured and we find that to protect our church it will require at least 2,500 ft. of hose to reach from the above mentioned pond, which is the only source we have at the present time. We do wish to impress on all the importance of such ponds and will you keep this in mind and take a look round about your homes and see if the same thing can be done and if so notify us that we may know where to go for water when we arrive, thereby helping the Town as well as yourself.

I also understand that George Hardy has made a place where water can be obtained, as well as a number of neighbors, who made one near Max Ramig's mill. We have purchased through the organization the past year several rubber coats and hats, Siamese couplings, etc.

We have insured the company of 26 active members so that if injured while in the performance of his duties as a volunteer fireman he will be compensated in accordance with the injuries sustained. The cost of this policy is \$156.00 per year.

Below is a list of fires responded to during the past year :

- Wednesday Morning, January 7, 1931—George Sturtevant Chimney Fire.
- Sunday, January 11, 1931—Napoleon Morin Chimney Fire.
- Tuesday, February 3, 1931—Bleachman's Chimney Fire.

ANNUAL REPORT OF SCHOOL BOARD

ANNUAL MEETING, 1931

The annual meeting of the Bedford School District was held at the Town Hall on Thursday, March 5th, 1931, at 2 P. M. The following officers were re-elected for the ensuing year:

Moderator—William Melendy.

Clerk of School District—Alice G. Fosher.

Treasurer—William S. Manning.

Mrs. Nettie B. Tarr was elected a member of the School Board for three years.

Mr. George Warren was elected a member of the School Board for one year to fill the place left vacant by the resignation of Mr. H. S. Wonson.

The Town Auditors were elected School Auditors for the ensuing year.

The district voted to adopt the budget of \$17,496.00 recommended by the School Board, less an estimated income of \$1,449.93 or \$16,046.07.

The Medical Inspection Act was dismissed.

THE SCHOOL YEAR

A meeting of the new School Board was held after the district meeting. The Board organized for the year 1931-1932, with Mr. A. J. McKelvie as chairman and Mrs. Nettie B. Tarr as clerk.

A meeting of the supervisory union was held at the home of Mrs. Wells in Goffstown on Tuesday evening, May 12. Mr. J. Byron Tarney was again unanimously re-elected superintendent of schools in the union at the same salary of \$3,400.00. Each district pays one quarter, or \$350.00, of the excess salary of \$1,400.

The supervisory union also adopted the following school calendar for the year 1931-1932:

| | | |
|--|---------|--------|
| Begin Tuesday, September 8 | | |
| September 8 to November 25..... | 10 wks. | 2 days |

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens and Taxpayers of Bedford:

This year has brought no change in the teaching staff. The following items may be of interest:

THE STEVENS-BUSWELL SCHOOL

| | | |
|-----------------------|------------------|-----------|
| Miss Anne Nichols.... | Grades 4-5-6-7-8 | Pupils 38 |
| Mrs. Rita Remick | Grades 1-2-3 | Pupils 25 |

THE DONALD STREET SCHOOL

| | | |
|------------------------|----------------|-----------|
| Mrs. Marjorie Sullivan | Grades 5-6-7-8 | Pupils 30 |
| Miss Jennie Cashion... | Grades 1-2-3-4 | Pupils 29 |

THE PETER P. WOODBURY SCHOOL

| | | |
|------------------------|----------------|-----------|
| Miss Annette B. Cote.. | Grades 5-6-7-8 | Pupils 30 |
| Miss Dorothy McLain. | Grades 1-2-3-4 | Pupils 34 |

| | |
|------------------|-----|
| Total Enrollment | 186 |
|------------------|-----|

The "teacher load" is quite evenly distributed. The school census last September gave a school population—from 5 to 16 years of age—of 267. Fourteen of this number are in high school, twelve have completed the elementary work and are no longer in school; about forty are attending Parochial Schools in Manchester.

HIGH SCHOOL PUPILS

This number has been increasing during the last few years. The first half of the present year found 23 pupils in West Side High School. Two of these will graduate in June. One has dropped out. The remaining 20 will probably return to

High School next fall. In addition there will be a number of new ones—a number now somewhat uncertain—but somewhere between 8 and 12. This will approach a total of 30. Since the tuition charge is about \$100 per pupil the total charge will approximate \$3,000—more or less—dependent upon the exact number. This accounts for the \$1,000 increase in the Budget item for high school tuitions. This increase is not within our control. High school attendance—in most cases—is a matter of choice. Most choose to go. The loss between grade eight and high school is becoming less and less—a tendency no one would desire to change.

PARENT-TEACHERS ASSOCIATIONS

A little more than a year ago the first Association at the Donald Street School. One of the first things done was to find a name for the school building which had always been known as No. 6. After considering various suggestions made by different members of the Association, the name "Donald Street School" was chosen. The School Board accepted and adopted the Association's recommendation, so that now No. 6 is no more—and the "Donald Street School" has taken its place. "Numbered" building no longer—all bear names. Much more appropriate.

This Association has been interested to provide materials or added equipment. Mrs. Anderson volunteered her service to assist with music and her help every other week is a fine service. In order to provide pupils with more reading material, Mrs. Osmond Clapp volunteered to be responsible for carrying books to and from the Woodbury Memorial Library. Books remain in the school about two weeks—then they are taken back and others are brought. This makes more reading possible for a number who would not have it so otherwise. These are splendid, actual, constructive features of the Association work. The officers are:

President—Mrs. George Robertson

Secretary—Mrs. Paul Anderson

Treasurer—Mrs. Harold Tillson

The Stevens-Buswell Association organized since the present school year began. This Association has begun with splendidly planned programs—relating to various phases of school work. The officers are :

President—Mrs. Myrtie Sargent

Vice-President—Mrs. Martha Wiggin

Secretary and Treasurer—Mrs. Bernice Wiggin

Reference has been made previously to the arrangement for library books for the Donald Street School. A similar plan works also for the Peter P. Woodbury School. Books are brought from and returned to the library in about two-week periods by Miss Dorothy McLain. A room has been fitted up with some tables, seats and desks and book space. "Librarians" have charge of the books and keep record of pupils' reading. Books here come from Bedford's own library, some from the "Traveling Library" at Concord, some from Manchester. In addition to these Mrs. Gordon P. Woodbury gave the school a fine 24-volume set of "The Book of Knowledge" besides a number of other books.

Many pupils of the Stevens-Buswell School have access to the Library and their books are also added to by the teachers, who bring from other sources.

Of the abilities which a school can help to develop, none is of greater importance than that of teaching to read—to read with discrimination and understanding. This habit is one of the safest and most constructive. With access to the books in the Woodbury Memorial Library and the willing help and co-operation of Miss Isabel McKelvie, Librarian, and those who carry these books back and forth, young people in your schools have best reading opportunity they have ever enjoyed. Records indicate that more than 700 books have been read in whole or in part since October. This does not include school text-books.

COSTS

For the school year 1930-31, the expenditures per pupil in New Hampshire elementary schools for books and supplies were as follows:

| | <i>State Average</i> | <i>Bedford</i> |
|----------------|----------------------|----------------|
| Books | \$1.36 | \$1.31 |
| Supplies | 1.60 | 1.29 |
| | <hr/> | <hr/> |
| | \$2.96 | \$2.60 |

For elementary pupils the State Average cost per pupil was \$83.66. Bedford's average per capita cost was \$76.05. These figures indicate that for books and supplies, Bedford was below the State Average. Also for per capita cost, Bedford is below the State Average.

PURCHASE OF SUPPLIES

In practically all the Unions the Superintendent buys the "supplies" for the schools. The largest single item is for "papers." These papers include arithmetic paper—white composition of letter size—small white composition—yellow practice—drawing paper—and composition books, etc.

There are two ways of buying. One way is to buy for each district separately—make out an order and send it to one of the several "school Supply Houses." In a Union like this, that would mean four district orders probably sent to four different companies.

Another way is to "bunch" orders to secure buying advantages. That is, find out the requirements of each district for various items—then combine these into one order. This makes for economy in these ways—in larger quantities the price is lower. On small orders companies do not pay freight—on orders over a certain amount they do. Price advantages, too, are usually secured by buying papers direct from the mills.

This second plan has been followed for years in this Union. Finding the "best place" to buy—bunching orders—ordering direct from paper mills with goods prepaid to whatever place desired—results in a yearly saving.

SUPERVISION

All towns and cities in the State are included in State-wide supervision in 60 Supervisory Unions. Bedford, with New Boston, Goffstown Special and Goffstown Town School Districts comprise Supervisory Union No. 19. Let us omit the 30 larger Unions including the larger towns and all the cities and consider the other 30 smaller Unions. Union 19, with slightly more than 825 pupils and 35 teachers, is among the highest ten. The largest number of pupils in any of these ten Unions is about 920—the largest number of teachers is 43. Of the salaries paid by these ten, the salary paid by this Union is lowest and substantially under the average for the ten.

HEALTH SUPERVISION

In the main this has been a "healthy" year. No epidemics, and less trouble from "colds" than in some other seasons. The Toxin-Anti-Toxin Clinic conducted by the State last May, co-operating with local organizations and the school nurse, treated 25 school children. During the year a great deal remedial work has been done for defective teeth, tonsils and eyes.

In all of our schools a number of children bring lunch. For all of these something hot by way of drink or chowder or similar foods would be a welcome addition. And there are some pupils in almost every school of the less rugged sort, possibly undernourished, who ought to have a nourishing drink or food—during the day—in addition to the usual lunch. This presents a matter which has been discussed by the Parent-Teachers Association. With the co-operation of the School Nurse and teachers and parents, it should be pos-

sible to do something to meet what in some cases is an actual need, and in many other cases to help the young, active, growing children not only to keep health, but to fortify them against ill-health.

Supplying a hot lunch for the pupils at the Stevens-Buswell School has already been undertaken by the Parent-Teacher Association.

To the members of the School Board and all others who are endeavoring in any way to make your public schools better and more effective, I extend my appreciation.

Respectfully submitted,

J. BYRON TARNEY,
Superintendent.
