BERTHA C. BEMIS,  
Treasurer.

BERNARD F. BEMIS,  
FRANK P. SYMONDS,  
ELEANOR WINN,  
School Board.

Harrisville, N. H., January 31, 1927.
REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Harrisville:

It is with pleasure that I herein submit my fourth annual report as Superintendent of Schools.

Our great problem is to maintain our schools in creditable condition and at the same time keep within the limits of our appropriations.

America's greatest problem today is to train the rising generation of boys and girls into useful citizenship. This implies a thorough preparation in the fundamentals of mental, moral and religious life. No generation of boys and girls ever faced so many temptations, trials and so many pitfalls of society as modern life presents today.

It is the duty of the home, the school and the church to train and guide the emotions of children to a greater degree than ever before.

During the past year, we have tried to keep the instruction in line with modern psychological and pedagogical methods in all our schools. All the teachers have been well prepared and trained in modern methods. They have eliminated fads and placed emphasis on the fundamentals, viz: reading, writing and arithmetic, the use of good English, both oral and written, in composition and conversation and a more extensive knowledge in geography and history.

Creditable work has been done in drawing, health activities, music and nature study.

In reading which is the basis of all other studies, during the first three years, much attention has been placed on word drill and phonics, thereby giving the pupil not only a stock of words but also the tools by which he may decipher other words.

After the third year, attention has been turned more par-
particularly to (1) the getting of the thought from the printed page, (2) the giving of that thought to another with clear enunciation and proper expression, (3) a desire for good literature.

In writing, Houghton's system has been followed, with emphasis on neatness, legibility and a fair amount of speed.

In number work, the following standard laws have been followed: proceeding from the concrete to the abstract, from the known to the unknown, from particular to general, from problem to rule.

As far as possible, we have kept the work practical and confined to principles that enter into the needs of the ordinary citizen.

In presenting and drilling in spelling, the teachers have used every avenue of approach to the child's brain, viz. the eye, the ear, muscles of the throat, arm and hand, and powers of imagination.

The result has been an improvement in spelling, judged by the standards attained from the Ayres's tests.

Promotions in June were based on results of the following tests: Ayres's scale in writing and spelling; Charters's diagnostic language test; Stanford's achievement test. These were supplemented by frequent tests given by the teacher and a few by the superintendent. With these results were taken into consideration the ranks of individual pupils throughout the year.

On the above basis, the following number of pupils were promoted in the respective schools:

TEACHERS FOR YEAR 1925-1926

Chesham, Miss Beatrice Hickey
Village Grammar, Miss Louise Baldasaro
Village Primary, Mrs. Pauline Wells Hall
Eastview, Miss Helen R. Murphy

All the schools closed a successful year in June. The teachers were conscientious and did faithful and effective work.

At Harrisville Grammar were the following special activities during the year: contest in arithmetic, prizes awarded to Vaino Ala and Florence Savrigue; contest in Health.

Books were loaned from State Library for supplementary reading.

Special exercises were held by schools of the town as follows: Thanksgiving, Christmas, Lincoln’s Birthday, Washington’s Birthday and Memorial Day.

A play was given by scholars of village schools. Proceeds were to go to pay expenses of graduation and the purchase of a gong for school building and drinking fountain.

Since September the modern drinking fountain has added to the sanitation and comfort of the pupils and the gong has been useful in increasing the punctuality of pupils at the beginning of school sessions.

Also since September, the pupils have employed some projects to earn money for electric lights. A goodly sum has been realized and with a little help from the district, the lights may soon be installed. There is a pressing need for these lights on cloudy days. Especially in the winter, on such days the rooms are quite dark and this causes much eye strain.

HEALTH ACTIVITIES

Miss Ruth S. Langille, school nurse, reports the results of her three weeks work in Harrisville as follows:

“In spite of Xmas programs, the excitement of rehearsing and getting ready for vacation my three weeks in Harrisville
have been very successful I hope. Although the weather has been very severe and the going bad I have made visits to practically all the homes (and several visits to some). I can say that I was kindly received without an exception. In fact the people seem to welcome the program and are very co-operative and interested. I have examined 80 school children with results indicated below.

"We have put on a T. and A. clinic which came out O. K. in spite of the zero weather much to my relief. I have been so afraid that it was not advisable in this weather but the parents were so enthusiastic about the clinic rates and the great benefit of having clean healthy throats to avoid winter illnesses that they literally took things into their own hands and had me make the necessary arrangements at once. However, I had to ban several youngsters who caught cold in connection with the Christmas festivities.

"Therefore I now have twenty promised for a Spring clinic, also eight more who are considering it, out of a possible 34. I have 6 promised to correct vision out of a possible 10 and practically all the parents are in favor of a dental clinic.

"The parents and children are co-operating in a weight building campaign, although the children in these schools do not seem so badly under weight as children in some schools.

"I have done some health teaching in the schools with class room talks, stories, etc. I even taught a hygiene class combining four classes in one when the lessons happened to be right in line with the work. The class of people in Harrisville seemed to be very pleasant to work with there are great possibilities in the town.

"Summary of defects and corrections:
80 pupils examined.
29 underweights.
15 notices of same to parents.
13 defective vision.
10 notices to parents.
3 corrections.
55 defective teeth.
30 notices to parents.
22 corrections.
50 hypertrophied tonsils.
34 notices to parents.
12 corrections.
36 adenoids.
24 notices to parents.
12 corrections.
19 unvaccinated.
19 corrections.
1 anaemic (under doctor’s care).
1 skin disease (under doctor’s care)."

GRADUATION

On the evening of June 10th a class of nine pupils were graduated from the Harrisville Grammar School. An interesting program was given as follows:

PROGRAM

March
Prayer,
Welcome Song,
Salutatory,
Class History,
Class Bibliography,
Joytime of The Year,
Class, Prophecy,
Class Will,
Childhood Days,
Class Doctor,
Advice to Seventh Graders,
Response,
Forth We Go,
Presentation of Gifts,
Valedictory,

Rev. S. B. Long
School
George Finnie
Agnes Beaulieu
Doris Willard
School
Beatrice Emery
Doris Willard
School
Harry Blair
Blanche Record
Florence Lavigne
Class
Dorothy Keough
Aili Barglund
Presentation of Diplomas,  
Farewell Song,  
Closing Prayer,  

GRADUATES

Aili I. Barglund,
Agnes M. Beaulieu,
Harry E. Blair,
Beatrice M. Emery,
George W. Finnie,
Dorothy M. Keough,
Blanche D. Record,
Edith E. Sturtevant,
Doris E. Willard.

Class Motto: Up, Up and Still Up—Success.
Colors: Pink and White.
Flower: Rose.

All the parts were well written and delivered in a pleasing manner before a large audience of parents and friends. The entire program reflected credit on the teachers of the school.

At the beginning of the present school year, some changes in the teaching staff occurred.

Miss Baldasaro, who had taught faithfully and well our Grammar School for three years, resigned in order to become the mistress of a home. Mrs. Hall who had taught successfully the Primary School for two years decided also to confine herself to the duties of the home.

Miss Helen Murphy was transferred from the Eastview to the Harrisville Primary. Miss Uriel Hickey, a graduate of Keene Normal, was assigned to Eastview. Miss Annie Boynston, a teacher of extended and successful teaching, was assigned to the Harrisville Grammar. Miss Beatrice Hickey retained her old position at Chesham. With the exception of an epidemic of whooping cough at Eastview, all the schools are running smoothly and with promise of a successful year.
In conclusion, I wish to express my appreciation of the co-operation of teachers and parents, and support given me and the schools of Harrisville by the members of the school board.

Respectfully submitted,

FREDERICK T. JOHNSON,
Superintendent of Schools.
