EDWARD J. TROWBRIDGE,

For the Trustees.

AUDITORS' REPORT

Having examined the accounts of the selectmen, treasurer, clerk, trust fund trustees, and other officers of the town of Sanbornton, we find them correctly cast and properly vouched.

THOMAS T. LANE,
GUY LEAVITT,
Auditors.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Sanbornton:

At the opening of the school year in September, 1931, because of an increase in the school population in the west part of the town, it became necessary to unexpectedly open the Gaza School with 21 pupils, as both the Brook and Chapel Schools were over-crowded. This made five schools instead of four as in the year before. In increasing the number of schools, transportation costs are sometimes reduced. In this case the opening of the Gaza School made an additional expense not provided for in the budget without any appreciable reduction in transportation charges. It was one of those unforeseen conditions which had to be met, and arranged for at the last minute.

During the summer, the Bay School was extensively repaired, new windows being built in, offering better lighting, and shed accommodations much improved. At the Brook School chemical toilets were installed. The Chapel School should next be equipped with chemical toilets.

The arrangements made by your Board for employing a school nurse has worked out very satisfactorily. I trust this arrangement will continue.

The local school enrollment September 30, 1931, was 127. There were 29 attending school out of town. The school census shows 173 children in town between the age of 5 and 16.

It is impossible to predict whether four or five schools will be needed next year. Present conditions would seem to indicate the need of five.

Respectfully submitted,

FRED S. LIBBEY,
Superintendent of Schools.

Sanbornton, N. H., Jan. 21, 1932.
