FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

New Hampshire faces a continuing challenge in its forest fire problem—97 per cent of all forest fires being man-caused and preventable—a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Carelessness and perverseness, however, continue to be big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires—all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and local forest fire warden need YOUR thoughtful and cooperative effort—The rules are simple.

1. Don't burn at home—use your town dump and avoid all fire problems.
2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.
3. Be sure that all lighted materials—cigars, cigarettes and matches—are completely out before discarding them. Use ash trays in automobiles.
4. Make certain that your debris, camp and cook fires are completely out before leaving them.
5. Insist that others be careful and comply with burning requirements.

6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER—the fire you prevent might be the one which could burn YOUR property.

REMEMBER—FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS AND OUR MOST IMPORTANT UNDERTAKING

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Unity, I herewith submit my first annual report as Superintendent of Schools.

We wish to state that there were two changes in the faculty assignments this year. Mrs. Mildred Clark was appointed as a new teacher for grades three and four. She succeeded Mrs. Winnifred Towne. Mr. William Hall was appointed as teacher of grades seven and eight to replace Mr. Donald Fletcher. Mrs. Lois Cragin returned as teacher of the primary grades, one and two. Mrs. Nelson has assumed the responsibility of principal of the building and teacher of grades four, five and six.

We are all very proud of the new school building. Mrs. Kenneth Smith has continued as janitor of the building. The school officials appreciate the excellent work done in the maintenance and care of our classrooms. The physical condition of the building is excellent and provides most comfortable surroundings in which the children may live and study.

Mrs. Irene Chase has continued as cook and is in charge of our hot lunch program. The lunches have been most satisfactory and enjoyed by the pupils and teachers as well.

The all-purpose room is a great addition to this modern school. It is the center of activity during the noon lunch period and also serves as an assembly room for many school and social activities. With the addition of new tables and chairs, we are now able to serve hot lunches to all children at one sitting.

This year, through financial help from the Spaulding Fund, we have resurfaced the driveways and walks with a hot top finish. This has helped to preserve our floors and improves the general appearance of the building and grounds.

As in the past, the transportation of pupils has been taken care of by bus routes operated by Mr. Lund and Mr. Stone. Overcrowded conditions on one bus route is anticipated next year.

As usual, Miss MacIver, our school nurse, has had a very busy year. I hope that everyone appreciates the very fine work

she has done throughout the union. Her services in the care of sick and needy children are indispensable.

The budget next year will, undoubtedly, show a slight increase. This is due to the increase in cost of tuition for a greater number of children attending high school. This added expense is a situation over which the school board has no control. It is hoped that this added cost can be, in part, offset by savings in other directions.

We are fortunate in having a very fine staff of teachers in our Unity School. We hope to retain this experienced staff. With our fine building and strong teachers, we can provide good educational opportunities for the children of the town of Unity.

I have enjoyed very much my work with the teachers and members of the school board. Working together, we can continue to maintain a high level of educational standards for the young people we serve.

Respectfully submitted,

NOYES C. STICKNEY, SR.
Supt. of Schools

PRINCIPAL'S REPORT

The school year of 1957-1958 has been a very pleasant and eventful year. The teachers and school personnel have worked together in cooperation and harmony to create a successful program. The School Board, Nurse, and Superintendent have given us valuable aid in our many projects.

We are grateful to the P.T.A., to the Unity Firemen, and many individuals who have also given time and money. We have found our bus drivers willing to accomodate us cheerfully.

Although we have concentrated on the "three Rs", we have endeavored to give other educational instruction through movies, music appreciation and special speakers. The children have heard Francine Carnaille from France, Rev. Grandea from the Philip-pines, Mr. V. A. Perkins of Claremont, and Captain Edythe C. Sheridan, an Army Nurse from Korea.

During Book Week, open house was held in conjunction with a Book Fair. At this time also, tea was served by P.T.A. members to a large group of parents.

Many parents and friends attended our Christmas Program at the school. A play by the seventh and eighth grades was presented and a pageant by the combined grades, first through sixth.

During Christmass vacation some very interesting art work from the school was exhibited at the Fiske Library in Claremont.

We are able now to serve lunch to the entire school at the same time because an adequate number of chairs and tables have been provided. We serve hot lunches to an avrage of 59 pupils a day with 48 extra half pints of milk at recess.

We are pleased that Unity finds a way to furnish any facility or service in the educational field whenever need arises.

Respectfully submitted,
ELIZABETH T. NELSON, Principal

REPORT OF SCHOOL BOARD

We should like to briefly express our sincere appreciation to Teachers, Employees, Pupils, Parents and all other interested citizens who make it possible for us to provide a good education for our children. We should like particularly to thank everyone who has worked so diligently on fund raising projects for the school. In determining the sums of money raised voluntarily by our townspeople and students before applying to the Spaulding Trustees for aid, we discovered that a total amount of over two thousand (\$2,000.00) had been raised and expended in a relatively short period of time for the benefit of the Unity School. We are sure that this local effort and cooperation played a large part in the decision of the Spaulding Trustees to grant us the two thousand five hundred (\$2,500.00) dollars necessary for the surfacing of the School driveway. We are grateful to the Trustees of the Spaulding Trust Fund for their gift but none of these projects could have been accomplished without the wonderful spirit of the Townspeople of Unity. It seems only fitting that in this School Report we should let you know of our appreciation.

Heretofore, no special accounting of funds raised voluntarily or given has been made in the School Report and it is the opinion of the Board that such an accounting, while not a part of the regular budget, would be an appropriate part of the report and we have therefore opened a "Special Activities Account" and are including a report of these funds in the School Report.

MARGARET B. DELUDE,

KENNETH SMITH,
Unity School Board.

SCHOOL NURSE'S REPORT

Many times during the past 5 years I have been asked these questions: "Do you work for just this school district?" or "How many schools do you visit?". I would like to take this opportunity to answer these questions.

Your school nurse is employed by Supervisory School Union No. 5. Union No. 5 is comprised of six school districts—one of which is a consolidated school district serving two towns. We have approximately 1300 children in 9 school buildings. The building and opening of three new schools within the last four years resulted in the closing of 14 old one room school houses. The opening of these new buildings has resulted in my having more time to work with the children and more time to visit with parents. Both of these factors have led to a better understanding of the children's problems as well as better means to cope with them. Most important, however, is the fact that these new buildings have provided a more healthful and wholesome atmosphere for both pupils and teachers.

The main office of the school nurse is in Charlestown. As most of you know our Union covers a large area. One of our districts is 30 miles from Charlestown, another is 21 miles, another is 20 and the other two districts are 7 and 9 miles from Charlestown.

A monthly schedule is set up by the school nurse. Certain days of each month are set aside for each school district and a copy of this schedule is posted in each school. Unless an emergency arises or the weather prevents traveling this schedule is met. Needless to say this type of schedule must be flexible to a certain degree. The same type of health program is carried out in all areas.

Salk Vaccine Clinics have again been made available to all areas. Everyone wishing their children to have Salk Vaccine have had several opportunities to do so. At the present time there are no plans for further Salk Clinics in the schools. It is hoped that the pre-school children will have their Salk Vaccine through the Pre-School Immunization Clinics. These clinics will be available to all areas.

Our routine testing programs were carried out this past year as usual. The fine response and cooperation of parents and inter-

ested individuals resulted in many more corrections of defects than we have had in the past. These defects included problems in vision, hearing, dental needs, orthopedic needs, general health, social and classroom adjustments, as well as speech difficulties. In instances where financial assistance was necessary, it was provided by private citizens, service clubs and State agencies.

I would like to express my sincere appreciation to all of you who have helped so much with the school health program—parents, School Board, Superintendent, teachers, principals and those of you who have helped so much with our various clinics. Thank you.

Respectfully submitted.

FLORENCE MacIVER, School Nurse.
