REPORT OF THE SELECTMEN AND TOWN MANAGER

Even though the necessary repairs to the main sewer system on Church Street exceeded the appropriation by \$26,528.29, the financial position of the Town is very sound. On December 31, 1960, the end of the fiscal year, there was a net budget surplus of \$19,473.98. The Board of Selectmen have authorized that \$10,000.00 of this surplus be used to reduce the 1961 tax rate.

During the year 1960 the Town of Hampton has experienced continued growth, change, and loss. The impact of the loss of our Chairman of the Board of Selectmen, Harry D. Munsey, will be continued to be felt in the years to come. His years of experience in the town government of Hampton was more than ten times the cumulative experience of the present Board of Selectmen and Town Manager.

It is expected that 1961 will be another year of growth, and that Hampton will continue to experience growing pains. In order to maintain present standards, we must not only increase efficiency but ask for more money. A positive approach must be taken in the field of planning, and the construction of services and facilities at this time. The citizens of Hampton could take the negative approach, but all it would do is postpone the eventual day of reckoning. We have tried to keep pace with the need of community by requesting that at least \$50,000.00 of the budget be set aside for perma-

ment improvements in facilities, sidewalks, roads, sewers, and drains.

Town Clerk's Report

PROCEEDINGS OF THE ANNUAL TOWN MEETING HAMPTON, N. H., MARCH 8, 1960

The meeting opened at 10:00 A. M. with Moderator

Edward S. Seavey, Jr. presiding.

Prayer was offered by Rev. W. G. McInnes:

Almighty and Eternal God, God of our fathers, our Father, as we lift up our minds and hearts to thee, we ask that this moment of prayer may not be a mere gesture to an ancient custom, but that it shall be for each one of us through thy grace a real experience of consecration, as we call upon thee for guidance and help.

We give thee thanks that thou hast made the lines for us fall in the pleasant places of this community. We are grateful for ocean and shore, for marsh and river, for grove and meadow. We remember with gratitude those of the past who cherished and improved this goodly heritage that we enjoy. We bless thy name for good friends and neighbors, for questing youth and wise maturity, for just laws and honest government and for thy call to each one of us to assume responsible citizenship.

As we strive to plan for and provide the things that are needful this year, looking ahead to the years to come, wilt thou remind us that we cannot escape history, and that in a rapidly changing time and situation we cannot stand still but must constantly change for the better, or perish. Make us dissatisfied with anything but the best.

Remind us today and every day that the freedom which is thy gift is not license to do as we please, but

requires the responsible performance of duty from every citizen if it is to flourish.

Help us, our God and Father, to put first things first. Make us unselfish and thoughtful and considerate of others. Give us a sense of humor, but give us also respect for the truth.

So may we deserve Thy guidance and Thy benediction. Through Jesus Christ our Lord.

Amen.

ARTICLE 4

Report of the Budget Committee:
To the Hampton Town Meeting:

The gross budget recommended by the Municipal Budget Committee for the ensuing year is \$498,172.00. This is \$3,400.00 less than the 1959 approved budget. This results in a figure of \$378,852.00 to be raised by property taxes.

The Budget Committee held three Executive Sessions and two Public Hearings in preparing its recommendations for this Town Budget. The completed budget has been published in the Hampton Union as well as the Hampton Town Report, and posted as required by law.

Special Article No. 20 concerns an appropriation of money and this article has been recommended by the Budget Committee and is included in the gross budget total mentioned above.

Special Articles 17, 22, and 23 concern appropriations of money and these amounts have been submitted by the Budget Committee without recommendations.

We would like to express at this time our appreciation for the complete cooperation that we have had from the Board of Selectmen, Town Manager and Department Heads during the preparation of this budget.

Respectfully submitted,
HERBERT A. CASASSA,
Chairman
Municipal Budget Com.

(Complete report on file.)

The sum of \$498,172.00 has been recommended by the Budget Committee to be raised and appropriated by the Town of Hampton (This includes \$800.00 for purposes of Article 20)

Article 17, 22, and 23 were submitted without recommendation. Mr. Herbert Casassa made the motion that the sum of \$497,372.00 be raised and appropriated. Seconded by James Tucker. So Voted.

Note: This amount does not include any money for special articles, which are voted later.

ARTICLE 5

SALE OF PROPERTY ACQUIRED BY TAX DEEDS

Motion by John W. Perkins

I move that Article 5 be accepted as read with the provision that any sale be at Public Auction.

Seconded and So Voted.

ARTICLE 6

BORROWING MONEY IN ANTICIPATION
OF TAXES

Kenneth Langley moved that Article 6 be adopted as read.

Seconded and So Voted.

ARTICLE 7

MARSH RECLAMATION AUTHORITY

Carl M. Lougee, Chairman of the Marsh Reclamation Authority gave his report which is on file.

Mr. Lougee explained maps which were on display.

There are 1600 acres of Marsh land within the boundaries of Hampton.

260 acres to be included in the first project area.

The area colored green on map—houselots

orange area—commercial use

red area— Town Marina, if ever needed

Waterways, entrance, and Park Areas were shown

Estimated reclamation cost \$4,000.00 per acre

Price per lot estimated \$1,350.00

Robert Bridle requested that Article be voted by Sections. Granted.

Miss Ruth Stimson asked if any area had been reserved for wild life. It was pointed out that the first section to be developed would not be suitable for that purpose.

Section 1, (Article 7)

Mr. James Tucker Sr. made the motion that Section 1 of Article 7 be adopted as read.

Amended by Selectman David Colt to add to this section:

‘Said appropriation to be in the nature of a loan to be repaid to the Town of Hampton when funds are available.’ Seconded.

Robert Bridle asked if there would be continued requests for money. Mr. Lougee replied that the Authority hoped to obtain sufficient capital without asking town for more money.

Norman Royal questioned intent of the amendment, as the \$11,500.00 has already been voted for the Marsh Reclamation Commission and is merely being re-appropriated to the Authority.

Town Counsel John W. Perkins expressed the opinion that the money was voted last year for the Commission, so the Town should give the money that is unexpended to the Authority with no repayment to the Town requested.

Amendment carried. Section 1 voted as amended.

Section 2, (Article 7)

Bertrand Roy asked if the grade of Marsh Authority project was made too high, what would happen to land nearby that was already graded. Chairman Lougee said that it was necessary to have an over-all grade set for all land in the area, but many things of this type will have to be done gradually to avoid flooding.

Selectman Donald A. Ring made the motion that Section 2 of Article 7 be adopted as read.

Seconded and So voted.

Section 3, (Article 7)

Selectman Donald A. Ring moved that Section 3, Article 7 be adopted as read.

Seconded and So Voted.

Schedule for acquisition of land after development:

1. Original owner may purchase back the marsh land which he has owned—all developed.

2. Hampton Residents may purchase land.
3. Residents of the State of New Hampshire.
4. Anyone else not in above categories.

Land now owned by the Town of Hampton will be offered to the Town of Hampton, first, at the developed price.

Section 4, (Article 7)

Norman Royal made the motion that Section 4, Article 7, be accepted as read.

Seconded and So Voted.

Discussion on size of lots.

No previously recorded plan near Marsh area will be affected by regulation. Mr. Lougree said that present seasonal "C" zoning required 7500 square feet per lot. 75 foot frontage will be required. Ralph Harris expressed the opinion that the lots were being planned too large.

ARTICLE 8

SEWER FOR TUTTLE AVENUE

Not recommended by the Budget Committee.

David Drummond moved that Article 8 be indefinitely postponed.

Moved and So Voted.

ARTICLE 9

ACCEPTANCE OF HOBSON AVENUE

Robert Bridle stated that this street was voted accepted as soon as approved by the Board of Selectmen, at the 1959 Town Meeting.

The Town had no deed to the street in 1959. Must be voted again. Wilfred Cunningham moved that Article 9 be accepted as read.

Seconded and So Voted.

Ralph Harris asked re-consideration of Article 8 for remarks only.

He said that 40,000 yards of fill, paid for by an individual—not a corporation—had been used in the area of Tuttle Ave. Mrs. Harris is spending \$500,000.00 for 100 houses which will be some of the best at Hampton Beach.

1 foot of fill above sewer line existing.

Tuttle Avenue is the only street in the area that does not have town sewer. Lots have been recorded since 1923.

Houses at the beach bring more revenue to the town because most of them are only occupied in the summer so there is no cost of educating children.

Mr. Harris asked consideration of these facts in voting on ensuing articles.

ARTICLE 10

ACCEPTANCE OF MOORING DRIVE

Douglass E. Hunter stated that Mooring Drive did not go as far as Hampton River, and amended Article 10 to read “toward” the River. Seconded.

Article 10 voted as amended.

RETURN TO ARTICLE 17

SEWER PROJECTS

Kenneth Langley, sponsor of Article 17 spoke:

Map on display showing areas to be serviced by proposed sewer project.

“First, if I may—and with the permission of the Moderator—give you the voters of Hampton a very brief resume of the sewerage system as it has progressed over the years in Hampton.

In 1908 we started with an outfall system at the Beach where we pumped raw sewerage into the Ocean. In 1933 we built an Imhoff Tank system, which we added to in 1936. Later on, in 1950—1951 a sewer system in the town was constructed.

Since that time we have added to this system when and where we felt there was an urgent need.

However, in 1952 we employed the services of the Haley and Ward Engineering firm of Boston to make a survey and present a plan as to how and where we should proceed with our sewerage extensions. This work was done and the article before you now encompasses their full report and recommendations in order to their priorities—with the exception of Priority No. 6 which has been com-

pleted. Then again in 1956 a further study was made to become a part of our Comprehensive Master Plan. Again the same critical areas remained in the same order of priority. 1 through 6. In 1955, during an examination of the pumping station, and when we should have been pumping no more than 10,000 gallons of infiltration we were in fact pumping 350,000 gallons (sea water). This was caused by infiltration, and the need to improve and correct this condition has been apparent to the town officials and voters for some time. Due to the urgency of the school needs this work has been postponed.

I will now quote from the Haley and Ward report where they state that (quote) There are two major critical areas in Hampton where existing sewerage disposal methods are detrimental to the health and welfare of the community. These areas are the entire North Beach, Boar's Head, and the expanding thickly settled residential section between Mace Road and Winnacunnet Road.

Of these two areas, North Beach is the most critical in spite of the fact that property in this section of town is chiefly seasonal. The area is low, with a high water table and poor natural drainage. Effluent from hundreds of septic tanks drains toward the marsh where this effluent surfaces causing an unwholesome condition. This same Marsh area is being rapidly developed for seasonal residences which are further aggravating the existing bad conditions and accentuating the need for public sanitary sewer facilities.

As you probably know from recent articles you have read, we are now spending over \$50,000.00 per year for extensions, maintenance, etc. With the plan that I am asking you to vote today I sincerely feel

that this bond issue will be entirely self-liquidating. Now if you will be kind enough to go over the data sheet that has been printed for your convenience, and for which I received the entire support of the town office, town manager, and selectmen, and where a good deal of credit lies for the fact and figures you have before you.

I was advised yesterday by Mr. William Healy, head of the State Pollution Board that there is money enough available (both Federal and State) at this time for this project. He also stated that I might quote him as saying that it would be well to vote for this now, because after July 1st there would be no assurance of aid.

I have also been advised by Judge Perkins that it is possible to have the bond guaranteed by the State and effect a certain percentage of saving. $3\frac{1}{2}\%$ assured.

Once our preliminary plans are accepted—only 30 days to get Federal aid. Of the \$860,000.00 bond issue it will be possible to gain \$60,000.00 in interest by investing in Treasury Bills. (90 days at $4\frac{1}{4}\%$)

Residents of Woodland Road expressed the desire to have the sewer lines extended further in that vicinity.

Howard Page asked if there was money enough allowed to repair the roads after all this sewer pipe had been laid.

Reply: It is mandatory for bidders to repair roads after completion of the work.

Kenneth W. Langley made the motion that Article 17 be adopted as read. Seconded by James Tucker, Sr.

So Voted.

A two-thirds vote is required as this article contains Bond issue.

ARTICLE 20

Miss Ruth Stimson moved that Article 20 be accepted as read.

Seconded and So Voted.

ARTICLE 21

SHADE TREE COMMISSION

Mr. Roland Paige moved that Article 21 be adopted as read.

Seconded and So Voted.

ARTICLE 22

PURCHASE OF DEACON TUCK GRIST MILL

This article submitted without recommendation of Budget Committee. Mr. Donald Ring, sponsor of Article 22, spoke in favor of preserving Historic spots in Hampton.

Mr. Carl Bragg explained that the Mill was not the original structure. To make the Mill operate in original manner the level of the pond would have to be raised and buildings recently erected nearby would be flooded. The purchase of this property does not include flowage rights.

James Tucker, Sr. spoke in favor of preserving Historic Buildings, and marking Historic spots, and felt that the engineering services to supervise the restoration of the old mill could be obtained free.

Mr. Donald A. Ring moved that Article 22 be passed as read. Seconded.

After much discussion Kenneth Langley moved the previous question. $\frac{2}{3}$ vote required. (142 votes required)

Tellers appointed: Everett Mann and Francis Nownes.

ARTICLE 23

SELLING A PORTION OF HIGH STREET PARKING LOT FOR A POST OFFICE LOCATION

Selectman Donald Ring spoke in favor of Article 23. The question was asked "To whom are we selling the land?" No satisfactory answer. Post Office Dept. would take an option and put contract out for bid. An individual or individuals would own land and building eventually.

The advisability of selling a portion of the High St. Parking lot hangs on the acquisition of property in the rear now owned by Kenneth Swain.

Herbert Casasa asked if the Swain property could be purchased. Mr. Ring was not sure.

James Tucker mentioned the taking of property by eminent domain. Mr. J. Driscoll asked if the Selectmen or the Town had the right to take land of Swain by eminent domain and then sell the property in the Parking Lot to a private party. The Government does not buy the land for Post Office Buildings.

Mr. William Elliot, Secretary of the Chamber of Commerce urged the town officials to acquire all possible land from the area in back of the Whittier Inn, up to the present Parking Lot.

Mr. Robert Bridle amended Article 23 to read "Must acquire Swain land before selling land at Parking Lot. "This changed wording to "Sale of land for Post Office be subject to availability of Swain Land for Parking purposes."

Roger Heaslip said he felt that a better location for a Post Office Building was needed, but parking space was also needed in the center of the town.

Attorney Seth Junkins mentioned the traffic problems involved if a Post Office building were built at this location, and called attention to the method of carrying mail in ten wheel vehicles which require space in which to park and turn. He expressed the view that the proposed plan was ill conceived, and not well prepared and urged the voters not to be hasty. What is now town property will be owned by individuals after the option of the Federal Government. Herbert Trofatter said that many people were losing track of the fact that we would still have a Post Office even if the town did not sell a part of the Parking Area, and urged that other locations be considered.

Mr. Donald Ring moved that Article 23 be adopted as read.

Seconded and Not Voted.

Motion was made that the House be polled.

Everett Mann and Francis Nownes—Tellers.

ARTICLE 24

OTHER BUSINESS

Mr. William Elliot presented the following resolution which was approved by unanimous vote.

Resolution

WHEREAS the late Luigi Marelli won the respect and affection of his fellow citizens

- (1) Because of his concern for local members of the armed forces, which he expressed by mailing to them personal gifts at Christmas, and
- (2) for his exemplification of all the traits of good citizenship and for his loyalty to and love of his adopted country, and

WHEREAS his associates in the business community and many other citizens have indicated a desire to pay lasting tribute to his memory,

THEREFORE, BE IT RESOLVED by the citizens of Hampton in Town Meeting assembled on Tuesday, March 8, 1960, that the Board of Selectmen is hereby requested to rename in his memory that section of the village heretofore called Railroad Square so that in the future it will be known as "Louis Marelli Square," and

BE IT FURTHER RESOLVED that permission be granted the business people of Hampton to erect, with the authority and under the supervision of the Selectmen, a suitable bronze plaque in the Square at a place to be approved by the Selectmen, indicating that the purpose of this Resolution has been fulfilled.

Resolution Unanimously approved.

Mr. Raymond Goding spoke of the nearly 40 years of service of Selectman Harry D. Munsey who is unable to be present today. He moved that the Town Clerk be instructed to send greetings to Mr. Munsey, together with our wishes for a speedy recovery to good health.

Unanimously Voted.

Representative Douglass Hunter spoke on the subject of the proposed routes under discussion which would provide another entrance to the Beach area.

He said that apparently the State Highway Department engineers strongly favored the "northern route" which would cross some of the best land to be developed in the town, and join Ocean Blvd. near the Coast Guard Station. He felt that this would be the poorest plan for the business part of Hampton Beach.

For many years the people in Hampton have wanted another access to the Main Beach by what is now of the southern routes. State Highway Department feel that

the Northern Route would cost approximately \$5,100,000.00, and the southern route favored by many Hampton people would cost \$5,300,000.00.

Public Hearings will be held in Hampton and citizens are urged to attend these hearing and expresss their views.

Meeting adjourned at 3:55 P. M.

Respectfully submitted,

HELEN W. HAYDEN,

Town Clerk

PROCEEDINGS OF SPECIAL TOWN MEETING

July 12, 1960

Held At Hampton Academy Junior High School

The Meeting was opened at 8:00 P. M. by Moderator Edward S. Seavey, Jr.

The Warrant for Special Town Meeting, and the Return, were read by the Moderator.

The Report of the Municipal Budget Committee was given by the Chairman, Herbert A. Casassa, as follows:

July 12, 1960

To the Hampton Special Town Meeting:

The Municipal Budget Committee held an executive

meeting on Wednesday, June 22, 1960 at the Municipal Court Room relative to Article 2 in the Warrant having to do with an appropriation of \$1,160,000.00 for improvement, replacement and extension works and sewerage facilities under Section 5B of the Municipal Finance Act.

At this meeting, it was voted to submit the subject appropriation without recommendation to the Special Town Meeting on July 12, 1960.

At a later date the Chairman of the Budget Committee was informed by Town Counsel that the "bonding attorneys" could not accept the "without recommendation" vote of the Municipal Budget Committee relative to the \$1,160,000.00 sewer appropriation.

In the light of the above action by the bonding attorneys, it became necessary to hold an executive meeting of the Municipal Budget Committee on Monday, July 11, 1960 at the Municipal Court Room. At this meeting it was voted to rescind the vote of the Municipal Budget Committee on June 22, 1960 relative to the submission of the \$1,160,000.00 sewer appropriation without recommendation to the Special Town Meeting.

It was then voted by the Municipal Budget Committee to recommend that the sum of \$1,160,000.00 be appropriated for the Sewer Project as set forth in Article 2B of the Warrant and as contained in the "Suggested Vote for Special Town Meeting" submitted to this committee. A copy of the "Suggested Vote for Special Town Meeting" is attached to and made a part of this report.

Respectfully submitted,

HERBERT A. CASASSA,

Chairman

Municipal Budget Committee

4. That the Board of Selectmen be and hereby is authorized to engage the services of engineers, to determine the final extent of the sewers and construction as necessary to solicit bids from

competant contracting firms, to accept the most advantageous bid or bids, to supervise the construction of said sewer project, to see that the contracts and agreements are carried out, to purchase any necessary equipment needed in connection with said project, to determine what land or interest in land must be acquired for the project and to acquire the same by purchase or eminent domain proceedings or otherwise and to take any other necessary or desirable action in connection with such projects, bids, contracts, construction, acquisition of land or interest therein and all other related matters; and

Selectman David Colt said that the matter had been discussed, and more or less agreed that \$1,000.00 valuation would be added to properties abutting the sewer lines. That would mean that owners would actually pay on \$500.00 more valuation.

Mr. St. Pierre asked if Belmont Circle could be added to the list of areas included in the proposed sewer bill.

Town Counsel John W. Perkins said that it was not advisable to change the proposed Article as recommended by the Bonding Company, and recommended by the Municipal Budget Committee.

Town Manager Kenneth D. Boehner said that the proposed system was for property east of Five Corners as had been recommended by Haley and Ward.

The Spring and Fall area meetings were held at the branch office of the State Library, the Bookmobile Center, in Exeter. As usual there were books for all ages on exhibit. The subject for discussion at the Spring meeting was "Books For Children", conducted by Miss Margery Stroud of the State Library. The Fall meeting was under the supervision of Mr. Emil Allen, assistant librarian of the State Library. His topic was "Books For Teenagers". Juvenile books were distributed to the librarians who attended these meetings. My assistant and I were present at both sessions.

National Library Week was observed in April with a display of Posters bearing the slogan, "Wake Up and

Read", and an exhibit of new books. Bookmarks were given to the children. May I suggest that bookmarks of some sort be used by all to avoid turning down the corners of the pages.

November 13-19 marked the 42nd celebration of National Children's Book Week, which took as its slogan the phrase, "Hurray For Books!". The full-color poster was designed by Maurice Sendak. The bookmarks for this occasion carry the poem by Elizabeth Coatsworth.

Hurray For Books!
You can look at a book
And better still, read it.
A book is a friend
When you happen to need it.
And when you are through
You can still think about it—
So, "Huray For Books!"
Don't say it, but shout it!

Many books were on display both for children and adults.

The Art Exhibit for the year was in charge of Miss Leota Whitcomb. Descriptions of the exhibits with pictures of the artists have appeared in the Hampton Union. Mrs. Richard Simon has taken over the work for 1961.

The prettily decorated and lighted Christmas Tree was provided by the Library Staff. A bowl of Holly was placed in the Library during the Holiday Season by Mrs. Beatrice Mason. The Dried Flower arrangement was provided by Mrs. Charlotte Batchelder. Books and magazines have been given by the Garden Club as was also the lovely wreath for the door.

The names of many new families have been added to the list of Library Patrons, and some have been lost due

to removal from town. I particularly mourn the loss of Mrs. Edgar Warren, a long-time Patron of the library and a very close friend from the days we were together in Atkinson.
