HANOVER FINANCE COMMITTEE ELEVENTH ANNUAL REPORT

The report of the Hanover Finance Committee for the past year is encouraging in view of the uncertainties which were felt a year ago. No new projects of importance have been brought before the Committee. The policies enunciated a year ago as appropriate during the national war emergency have been continued in force. That is, we have sought (1) to maintain the necessary functions of School District, Town and Precinct on an adequate basis, (2) to supply these services as economically as possible and thus keep down the tax rate and reduce competition with Federal war demands for citizens' tax dollars, and (3) to refrain from capital expenditures wherever possible while at the same time planning and preparing for the post-war period and abnormal demands for new equipment.

The Committee was organized early in the Summer but its work has consisted almost entirely of the recent routine but important examination of the proposed budgets of the three municipal units which are summarized below.

RESULTS FOR THE YEAR 1942-1943

The three municipal bodies kept expenditures within the budget appropriations. A few items may be selected for mention. It was not found necessary to borrow any of the \$5,000 to meet emergency expenditures which was authorized by vote of the Town a year ago. The cost of maintaining the Office of Civilian Defense, about \$750, was somewhat larger than was budgeted but the excess is absorbed in the regular town accounts. The shrinkage in revenues from automobile permits by more than the estimates was more than offset by unexpected increases in property tax receipts (due to new construction in 1941), and in state collected taxes. The Precinct spent about \$1,500 less than was budgeted for road oiling due to difficulty in obtaining oil. The School budget is expected to show an increase in its balance by about \$1,000, due to unexpectedly large receipts from out-of-town High School pupils for tuition. Furthermore, the unforeseen breakdown of

the Grade School heating plant and purchase of a new stoker was met out of savings without exceeding the budget.

A consolidated budget statement for 1942-43 is presented showing the combined expenditures and receipts of the three municipal units.

	<i>Precinct</i>	<i>Estimate for Schools</i>	<i>Town</i>	<i>Totals excluding Duplication</i>

County			14 000	14 000
Precinct and Schools			118 765	
			<hr/>	<hr/>
			181 365	196 540

The proposed Precinct tax is back to the figure of two years ago; that for schools shows another reduction of about \$2,300 although there will be no curtailment of functions or in teachers' salaries.

The Precinct budget proposes increased expenditures for fire services in order primarily to maintain both police and fire departments on a twenty-four hour service during the war emergency. These special services are carried, as they were a year ago, as emergency expenditures due to the expectation that they may be discontinued at the close of the war unless made permanent by specific vote of the Precinct. The sum budgeted for oiling is restored to its figure of last year although it is uncertain how much oil will be available.

In the proposed town budget, attention is called to the anticipated increase in cost of Old Age Assistance and of maintenance of cemeteries. In response to proposals made to the Committee by Mr.

R. J. Putnam and Mr. D. C. Rennie, who appeared as representatives of the Dartmouth Cemetery Association, a private organization, the Committee recommends that the town should take over the assets of the association and the obligation of maintaining the cemetery in the future. This item involves an extra outlay of about \$450 for the present year. The expected reduction in County taxes by \$4,700 is partially counterbalanced by the large but uncertain decline expected in receipts from automobile permits. Last year the Committee overestimated receipts from this source. It is believed that the 50 per cent decrease estimated for the coming year is a conservative figure. The decrease is expected to arise both as a result of a decrease in number of cars registered and in the greater age of all cars. It is worth stressing that this drastic shrinkage—estimated to be \$5,000 in two years—from automobile fees is a material factor in keeping up the property tax rate. The alternative would be materially to curtail the service of maintaining streets and highways, including sanding and snow removal. Much of this cannot be eliminated provided highways are properly maintained for use of essential services such as transporting children to school.

With reference to plans for anticipating the purchase of new equipment, such as a tractor for use of the town, the Committee feels that it is unwise to allow Town and Precinct budgets for equipment to be reduced to the vanishing point although the equipment cannot be purchased at present and the immediate reaction of taxpayers to reduced taxes would be favorable. The equipment item is normally a recurring item in the combined budgets and therefore should regularly be included as a charge against current revenues. Therefore, although new equipment is generally unavailable at present, because of the pressing demands of military services, it seems wise to the Committee, so far as is legally possible, to take steps now to meet these accumulated post-war needs for new equipment. The result should be to keep local tax rates from fluctuating widely from year to year. It would appear to be shortsighted to expect national demands for tax money to so change in the next few years as to make it easier to include cost of a tractor in any subsequent year's budget than to provide for it piecemeal in the next two or three years. Therefore the Committee has voted to include an item of \$2,500 in this year's town budget for

equipment, specifically for purchase of a new tractor. This procedure, we are informed, will be legal provided legislation which is now being contemplated is passed by the New Hampshire legislature this year.

The probable effect of the proposed budgets on tax rates is shown in the following table. In spite of emergency expenditures and shrinking revenue from automobiles, the Committee is gratified that the estimated tax rate is the lowest in ten years.

TAX RATES

	1933	1935	1939	1941	1942	Est. 1943
Town	83	1 17	96	79	77	84

HANOVER MUNICIPAL DEBT

<i>Description</i>	<i>Rate</i>	<i>Date of Final Payment</i>	<i>Present Amount Outstanding</i>	<i>To be Paid in 1943</i>
Grade School Bonds	4%	Aug. 15, 1944	5 000	3 000
High School Bonds	3½%	Feb. 15, 1954	78 000	8 000
Ledyard Bridge Bonds	3¼%	Dec. 1, 1954	30 000	3 000
Municipal Building Note	3%	July 31, 1949	17 500	2 500
			<hr/>	<hr/>
			130 500	16 500

The accompanying table shows the condition of the respective debts. The proposed reduction of \$16,500 for 1943 will leave a combined debt of \$114,000.

The present membership of the Finance Committee is as follows:

Herbert W. Hill (term expires 1943)

Morgan A. Smith (term expires 1943)

Fred F. Parker (term expires 1944)

Lloyd P. Rice (term expires 1944), Chairman

Haslett D. Fullington (term expires 1945)

Martin J. Remsen (term expires 1945)

Andrew G. Truxal (representing the Selectmen)

Fletcher Low (representing the School Board), and

Gordon H. Gliddon (representing the Precinct Commissioners),
Secretary.

Respectfully submitted,

HANOVER FINANCE COMMITTEE,

WARRANT
THE STATE OF NEW HAMPSHIRE

Grafton, SS.

Town of Hanover

To the inhabitants in the Town of Hanover in the County of Grafton, in the State of New Hampshire qualified to vote in town affairs:

You are hereby notified to meet in the Gymnasium of the High School in said Hanover on Tuesday, the 9th day of March next, at one o'clock in the afternoon to act upon the following subjects:

First: To choose by ballot a clerk to serve for one year.

Second: To hear the report of the Selectmen, Treasurer, Auditors and other town officers and committees and pass any vote relating thereto.

Third: To choose by ballot

To serve for three years:

One Selectman
One Library Trustee
One Trustee of Trust Funds
One Member Advisory Assessors' Board

To serve for one year:

One Treasurer
Two Auditors
Three Fence Viewers
Two Surveyors of Wood and Lumber
Other necessary Town Officers

Fourth: To raise such sum of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

Fifth: To see if the Town will vote to purchase, for a nominal consideration, the land and all the other assets of the Dartmouth Cemetery Association, a private corporation; and from and after the date of such acquisition to exercise complete control, management and supervision of said Cemetery; and to pay the expenses of the same out of the Town Treasury, insofar as said expenses cannot be met out of the present assets of the Cemetery, which will be turned over to the Town if this Article is adopted.

Sixth: To see if the Town will vote to adopt the Non-Partisan Ballot System for town elections, as provided by House Bill No. 75, enacted by the 1943 Session of the New Hampshire Legislature, and entitled—"An Act To Provide for Non-Partisan Ballot System for Town Elections, and School and Village District Elections."

Seventh: To transact any other business that legally may be brought before said meeting.

ANDREW G. TRUXAL,
HORACE E. HURLBUTT,
NILES A. LACOSS,
Selectmen of Hanover.

A true copy of warrant, attest:

ANDREW G. TRUXAL,
HORACE E. HURLBUTT,
NILES A. LACOSS,
Selectmen of Hanover.

ABSTRACT FROM THE TOWN CLERK'S RECORD

At a legal meeting of the inhabitants of the Town of Hanover, March 10, 1942 the meeting was called to order by Edgar H. Hunter, Moderator.

The Town Warrant was read by the clerk.

The Town Report was accepted as printed.

Elections:

For three years:

Andrew G. Truxal, Selectman
 Helene H. Poland, Library Trustee
 Francis V. Tuxbury, Trustee of Trust Funds

For one year:

L. Leroy Blodgett, Town Clerk
 Ethel C. Bond, Treasurer
 David C. Rennie and John W. Harriman, Auditors
 William H. Hart, Elmer Dana, and Vincent C. Harris,
 Fence Viewers
 Harvey N. Camp and William H. Hart, Surveyors of
 Wood and Lumber

Voted: That in addition to the County, Highway, and regular Poll taxes provided by law, the Town raise the sum of seventeen thousand six hundred fifty-eight dollars (\$17,658) and appropriate said sum and all other moneys which may be paid into the treasury and which are not required by law otherwise to be expended, according to the budget, and report as printed by the Selectmen.

Voted: That the Selectmen by and with the approval of the Finance Committee be authorized to borrow a sum not to exceed five thousand (\$5,000) dollars, payable within a period not to exceed one year, to provide for additional fire, police and health protection due to the War emergency.

Voted: To place under gates and bars the three-fourths of a mile of highway leading from the Goose Pond Road to the Rodney Adams place so-called, said place now owned by the Town of Hanover.

Voted: To accept the report of the Committee which was appointed, according to the vote of the Town Meeting, March 11, 1941, to consider the adoption of the Australian Ballot at Town Meetings. The report of the Committee was in the negative.

Voted: By checklist to see whether the Town of Hanover would adopt the Australian Ballot. Total number of votes cast, 140; 87 being in the negative, and 53 in the affirmative.

Voted: That upon all taxes on real and personal property paid on or before July 15, 1942, a discount of three per cent be allowed the taxpayers.

Voted: That the Selectmen be authorized to borrow such sums of money as may be necessary to meet the Town's obligations until the taxes are collected and paid into the treasury.

L. LEROY BLODGETT,
Town Clerk.

HANOVER TOWN LIBRARY REPORT, 1943

The library has been open the usual number of days during the year. The number of adult books loaned is not as large as usual but the juvenile circulation shows no diminution.

The new books that have been purchased are circulating well. A set of collective biographies is proving to be quite popular with our young teen-age borrowers.

Two innovations have been introduced: the library is now being used Thursdays for making surgical dressings. This brings the meeting place nearer the center of the village, a help in these days of gas and tire shortage.

The second is the registering of borrowers. This custom is followed in many libraries and the librarian began this work at the beginning of the library year, February first.

The trustees and the librarian will welcome any suggestions that will make the library of greater use to the public.

Respectfully submitted,

HELENE A. POLAND,
A. L. CAMP,
Trustees of Hanover Town Library

LIBRARIAN'S REPORT, 1943

Hanover Town Library

Volumes in library		4 100
Books purchased during the year		68

MARY HITCHCOCK MEMORIAL HOSPITAL

During the year January 1, 1942 through December 31, 1942, the Hanover Free Bed Fund in the Mary Hitchcock Memorial Hospital, Hanover, New Hampshire has rendered 576 days' service to 36 residents of the Town of Hanover, New Hampshire.

The portion of free bed funds allotted by the Trustees to the Town of Hanover, together with an appropriation by the Town, plus a cash payment by one of the occupants of the free bed in the amount of \$35.00 brought the total allotment this year to \$2,685.00.

The charges at the minimum hospital rates for services rendered to these patients during the period amounted to \$2,412.78.

DONALD S. SMITH,
Superintendent.

FOREST FIRE WARDEN'S REPORT

The forest fire warden is, by law, the designated local leader in forest fire matters. He exercises his prerogatives and discharges his duties as such under the direction of the District Chief and the State Forester. There was never a time when the warden needed each citizen's good will and cooperation more than he does now. With manpower waning, fire prevention, through efficient preparation, care with fire and compliance with all laws and regulations becomes a vital duty of citizenship.

For years efforts have been made to improve the usual bad Spring and Fall fire record. It was not until this year, however, that this problem was, to a great extent solved when permit burning was more rigidly restricted. Forest fire wardens were instructed not to issue permits except on rainy days and even then not to issue permits for burning in or near large slash or blowdown areas. This plan worked out so well it has been decided to make it the established policy governing legal burning.

Everyone is well acquainted with the several civilian defense groups. Many of our fellow townsmen are serving in one or more of them. It is only recently, however, that the Office of Civilian De-

fense, recognizing the threat forest fires are to our timber facilities and resources and the possible disruption of war activities in critical areas, established the "Forest Fire Fighters Service." Its purpose is to provide fire fighters, equipped and trained, to strengthen the hand of the local forest fire warden; to acquaint the people in the area with their responsibility in fire prevention and suppression and to provide an opportunity for people in and near forested areas to participate in the war effort.

The State Forester is the State Coordinator; the District Chiefs are District Coordinators and the Warden is the Local Coordinator. The Forest Fire Fighters Service personnel will be registered under the direction of the Office of Civilian Defense; it will be trained by the warden and other assistants, aided by the District Chief. Individual citizens are urged to join this service group by applying to the forest fire warden or to the Civilian Defense Chairman. By becoming a part of this organization locally, individuals can contribute their share toward the protection of our forest resources which are so vital to the war job.

It is recommended that the small amount of \$15.00 be made available for the purchase and keeping in repair small forest fire hand tools. These small tools can be obtained through the State Department at one half the cost to the state.

During this critical period it is more than ever the part of good and prudent citizenship to remember

1. That permission to burn in or near woodland or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.
2. To be careful when smoking in or near the woods and not to throw or drop lighted cigars, cigarettes or matches.
3. To notify your local warden promptly of any fire you see.
4. That fire prevention is the best and cheapest fire insurance.
5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. *This is patriotism at work.*

The 1942 fire record for our town follows:—

Number of fires or investigations	6
Area burned	12.5 acres
Number of permits issued	37

Further detail data available upon request.

WARRANT
 THE STATE OF NEW HAMPSHIRE
 Grafton, SS. Town of Hanover

To the inhabitants of the Village Precinct, in the Town of Hanover, in the County of Grafton, in the State of New Hampshire qualified to vote in Precinct affairs:

You are hereby notified to meet in the Nugget Theatre in said Village on Thursday, March 11, 1943 at 8:30 P.M. o'clock, to act upon the following subjects:

First: To choose by ballot a Moderator to serve for one year.

Second: To choose by ballot a Clerk to serve for one year.

Third: To hear the report of the Precinct Commissioners, Treasurer, Auditor, and other Precinct Officers and pass any vote relating thereto.

Fourth: To raise such sum of money as may be necessary to defray Precinct expenses for the ensuing year and make appropriation of the same.

Fifth: To choose by ballot a Treasurer and an Auditor, each to serve for one year; a Precinct Commissioner and a Pine Park Commissioner, each to serve for three years.

Sixth: To transact any other business that may legally come before said meeting.

Given under our hands and seals this 24th day of February, 1943.

W. H. McCARTER,
 G. H. GLIDDON,
 J. A. MULHERRIN,
Commissioners.

A true copy of the warrant — attest:

W. H. McCARTER,
 G. H. GLIDDON,
 J. A. MULHERRIN,
Commissioners.

Hanover, N. H.
March 12, 1942

A meeting of the voters of the Village Precinct of Hanover, New Hampshire, was called to order at 8:30 o'clock P.M. The Warrant was read by the Clerk.

Article 1. Archie B. Gile was elected Moderator for a term of one year.

Article 2. Ira W. Leavitt was elected Clerk for a term of one year.

Article 3. *Voted:* That the Precinct Report as printed, including the reports of the Commissioners, Treasurer, Auditor, and other Precinct officers, be accepted.

Article 4. *Voted:* That the Village Precinct of Hanover, New Hampshire, raise the sum of twenty-nine thousand (\$29,000) dollars, and appropriate said sum and all other moneys which may be paid into the Treasury to defray the expenses of the Precinct for the year ending January 31, 1943, according to the budgets and report as presented by the Commissioners.

Article 5. Ethel C. Bond was elected Treasurer for a term of one year, Clarence W. Cofran was elected Auditor for a term of one year, William H. McCarter was elected Precinct Commissioner for a term of one year, and Joseph A. Mulherrin was elected Precinct Commissioner for a term of three years.

Article 6. *Voted:* That upon all taxes upon real and personal property paid within fifteen days after the date of the tax bill or on or before July 15, 1942, whichever is the later date, a discount of three per cent be allowed the taxpayers and that the Commissioners be authorized to borrow such sums of money as may be necessary to meet the Precinct's obligations until the taxes have been collected and paid into the Treasury.

There being no more business to come before the meeting, it was voted to adjourn.

IRA W. LEAVITT,
Clerk.

| 11. George T. Barclay | |

The department called for assistance from Lebanon, White River Junction, Vt., Enfield, Canaan and Woodstock, Vt. police departments uniformed officers numbering one hundred and seventy-one (171) to assist in various College special events during the year.

All information concerning reported crime in the Precinct, Town and State is filed at Police Headquarters. Files consist of the following:

1. Stolen cars and plates
2. Wanted cars and plates
3. Missing persons and wanted persons
4. Stolen property (by article)
5. Crime against person and property

Other files maintained at Headquarters are as follows:

- a. Bicycles (alphabetical and numerical)
- b. Criminal index (alphabetical)
- c. Fingerprint index (by classification)
- d. Master lost and stolen (by article)
- e. Pistol, record of sales and permits issued
- f. Transients (by number and fingerprint classification)
- g. Motor Vehicle violations (alphabetical)

The above report reveals details of routine police activities in the Town and Precinct during the past year. In addition to its regular

police activities the department has fingerprinted 1,015 persons, chiefly persons entering the services, as well as OCD workers and a number for personal identification purposes. In most cases the individual is required to have from three to five sets, which would bring the total number of sets to well over 4,000.

Three hundred fifty-six police records were checked at the request of various war plants and Government agencies.

Four hundred ten personal letters of recommendation were written for persons at their request, this being a requirement to gain employment in certain war plants and for applicants in certain branches of the service. A great many confidential investigations were made for the State and Federal Bureau of Investigation.

The continued co-operation of the officials and citizens of the Town and Precinct has been of great assistance in maintaining the efficiency of the Department.

Respectfully submitted,

ANDREW J. FERGUSON,
Chief of Police.

AUDITOR'S CERTIFICATE

Hanover, N. H.
February 16, 1943

I have examined the accounts of W. H. McCarter, G. H. Gliddon, and J. A. Mulherrin, Precinct Commissioners, for the fiscal year February 1, 1942 to January 31, 1943 and I find them to be correctly kept and supported by proper vouchers.

I have examined the accounts of Ethel C. Bond, Precinct Treasurer, for the fiscal year February 1, 1942 to January 31, 1943 and I find them to be correctly kept and supported by proper vouchers.

CLARENCE W. COFRAN,
Auditor.

Amount of Ladders raised in feet	5 984	7 077

The Board of Engineers has recently completed another inspection of the business establishments of Hanover. The inspectors finished the work with the distinct feeling that the merchants are not only willing, but are most anxious, to do whatever is necessary to make their premises as fireproof as is possible. It is especially pleasing to re-

port that the High School Building was evacuated in less than three minutes.

We must still remind people that they should be careful with regard to the use of matches, building fires and smoking in or near the woodlands. A distinct fire hazard exists as the blown-down wood becomes drier. Remember, each person must obtain a permit from the proper authorities, before starting a fire.

During the year 1942, there were ten test blackouts. The men of the Fire Department had an excellent record in reporting to the Station and moving the equipment to the designated places.

The Rescue Squad, in accordance with the organization of Civilian Defense, is now under the control and supervision of the Fire Department. This squad reports on each Air Raid Alarm and is under the immediate charge of Mr. E. David Wing.

Twelve of our experienced firemen have been called into the armed services. If this procedure continues at the present rate, the people of Hanover are going to find their Fire Department undermanned, and with very little chance of filling up the vacancies. It takes time to train these men, and it is progressively more difficult to find people who are willing to volunteer for these services.

Of the twelve auxiliary firemen at the end of the year, four have gone into the armed services, and four have been taken into the Regular Department.

Mr. L. A. Gove fostered the idea for the service flag which hangs in a window of the Court Room.

Miss Hannah Croasdale of the Auxiliary Firemen very graciously carried out an idea of Assistant Chief A. P. Stewart by making a plaque which carries the names of the men of the regular department who have been called to the service of their country. This plaque now hangs on the first floor of the Municipal Building.

During the fall, Chief C. H. Nott was fortunate enough to be chosen to attend a Training School at Penn State University in Pennsylvania, and New Hampshire University at Durham, New Hampshire.

The Fire Station is now covered during the twenty-four hours of the day. This exacting and confining work is being done by two

men, each man serving a twelve-hour shift. It is strongly hoped that this shift can be covered by three men, instead of two. Such a procedure would be more humane and efficient. Furthermore, in the case of illness of one of the men, the station could be covered by the other two experienced men, rather than as at present, by hunting up people who can give the time to help out during the emergency.

Considering its age, the equipment is in good condition. After the war, new equipment must be purchased, as it is almost impossible to buy any at this time.

During the year, the Department was given a trailer through the generosity of Mr. Ray Hughes. Assistant Chief A. P. Stewart rebuilt the trailer to meet our needs, so that now it can be used either to carry a boat, water, food, or hose, as the situation demands.

The Xmas party for the children proved very enjoyable in spite of the extremely cold weather. This party was made possible by the thoughtful and generous contributions of many of the business men, as well as of members of the Department. Our sincerest thanks and deepest appreciation is extended to all who in any way contributed to the success of this annual party.

It is again gratifying to state that the attendance and spirit of the men at the summer and winter drills have been very fine. These drills assume greater importance as our experienced men are called away, and as there is such a rapid turnover of the new men. This latter situation is a matter of grave concern to your Board of Engineers.

Respectfully submitted,

CARLTON H. NOTT,
Fire Chief.

REPORT OF HEALTH DEPARTMENT

February 9, 1943

To the Commissioners of the Village Precinct of Hanover, New Hampshire:

This year there have been reported some 165 cases of contagious disease in the Hanover Precinct; of these 145 were from epidemics of chicken pox and mumps early in the year, German measles in the spring, and measles in December. I think it probable that there were considerably more cases than came to the attention of the Health Officer.

Control of the spread of the so-called "Children's Diseases" is difficult and almost impossible when there are unreported cases. If no doctor is in attendance it is the duty of the parents to report a contagious disease in the family. The State Board of Health no longer requires the placarding of homes for these diseases, which actually places a greater obligation on the parents to see that a sick child is isolated and remains isolated until well.

I believe we could reduce the extent of these epidemics if parents would keep their children home from school for a day when the child appears to be coming down with a cold or sore throat. This statement is made for the reasons that these diseases are all spread more readily in the early stages, and second, most of these diseases appear with symptoms which appear like a cold.

Drinking glass examination made by both the State and locally seem to show that in general the glasses are fairly well washed. The milk situation, as shown by both State and local inspections and examinations, appears to be satisfactory.

Some 90 bacteriological and 50 microscopic examinations of the Hanover water supply showed that water is of good quality and has a low bacterial count. It is safe for drinking purposes. The occasional unpleasant but harmless taste of the water is due at those times to growth of rather large numbers of algae and protozoa in the water. In December, copper sulphate could not be used to destroy the algae due to the ice-covering of the reservoir.

Officers of the Precinct, Dartmouth College and the Eastside Sewer Company at a joint meeting last Fall, agreed to employ Weston

and Sampson, Sanitary Engineers, to make a detailed survey of the sewage nuisance in the Eastern part of the Precinct, with the object of determining the best final solution of this serious problem. The survey was made and three possible methods of handling the sewage were outlined, with estimates of cost of each. Any one of these three proposals calls for a considerable expenditure of money and some of the materials appear to be unobtainable for the duration. Mention of this report is made here to indicate that the problem is being seriously considered as one of the future improvements to be made in the Precinct.

The sewer map mentioned in last year's report and used by the local Civilian Defense has been redrawn and reduced in size. The small copies of the map (sewer lines omitted) will be available shortly for the public at a small fee.

Respectfully submitted,

KENNETH N. ATKINS,
Health Officer.

REPORT OF PINE PARK MANAGER
for the
Precinct of Hanover
February 5, 1943

To the Voters of the Precinct of Hanover:

Pine Park consists of about ninety acres of woodland lying beyond and adjoining the property of the Hanover Country Club, notably along the ridge bordering the Connecticut River, and on the riverside flats below the ridge, and in the area of the Vale of Tempe. Despite the damage done by the 1938 hurricane, it still contains some of the most beautiful pine trees in this part of the country. Legal ownership of the Park is in a board of five trustees. Active supervision is carried on by two managers, one representing Dartmouth College and the other the Precinct of Hanover. The manager for Dartmouth College is Mr. Halsey C. Edgerton, the College Treasurer.

During the past year, the only Park operations have been the usual routine spring and fall cleanups of the pathways, in the interest of improved access and of lowering the fire hazard. That is all that the very limited funds at the disposal of the managers has permitted.

In the reasonably near future, the managers would like to do various things. We want to make a more thorough cleanup of certain interior areas. We should like to do a modest amount of reforestation. We want to improve some of the vistas and pathways, to encourage greater use of the Park.

However, we have felt that under current wartime conditions these desirable projects so far have not been of sufficient urgency to warrant a request to the Precinct for a budget appropriation, or an appeal to the public for private subscriptions. We may make such request or appeal later, should the needs of the Park become more acute.

Respectfully submitted,

DONALD L. STONE,
Park Commissioner.

WARRANT

STATE OF NEW HAMPSHIRE, GRAFTON, SS. TOWN OF HANOVER

To the Inhabitants of the School District of Hanover qualified to vote in District Affairs:

You are hereby notified to meet at the Grade School Auditorium in Hanover, New Hampshire, on Thursday, the 18th day of March, 1943, at seven and one-half o'clock in the evening to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose by ballot, a Clerk, a Treasurer, and an Auditor, each to serve one year.
3. To choose three members of the School Board to serve for a term of three years.
4. To hear the reports of Agents, Auditors, Committees or other officers heretofore chosen, and to pass any vote relating thereto.
5. To see how much money in addition to the amount required by law the District will vote to raise for the support of schools for the ensuing year.
6. To see what sums of money the District will raise and appropriate in addition to the receipts of the Department to apply to the payment of outstanding obligations and interest on same and to meet the needs of the Department for all other purposes as set forth in the budget.
7. To see if the School District will vote to adopt the Non-Partisan Ballot System for School District elections, as provided by House Bill No. 75, enacted by the 1943 Session of the New Hampshire Legislature, and entitled—"An Act To Provide for Non-Parti-

san Ballot System for Town Elections, and School and Village District Elections.”

8. To transact any other business which may legally come before this meeting.

Given under our hands and seals at Hanover, N. H., this first day of March, 1943.

School Board, School District of Hanover, N. H.

PROCEEDINGS OF ANNUAL MEETING

Hanover, New Hampshire
March 19, 1942

The annual meeting of the School District of Hanover was called to order at seven and one-half o'clock in the evening at the Grade School Auditorium in Hanover, New Hampshire, by the Moderator, William H. Murray. Articles of the warrant which had been duly posted according to law, were read by the Clerk, Raymond B. Baird.

The following officers were elected by ballot:

Article I: William H. Murray was elected Moderator for the ensuing year and was duly sworn before assuming office.

Article II: Raymond B. Baird was elected Clerk for the ensuing year, as was Ethel C. Bond for Treasurer and each was duly sworn before assuming office. Harold G. Gordon was elected Auditor for the ensuing year.

Article III: Kathryn E. Allen was elected a member of the Board of Education for the School District of Hanover for a term of three years. John P. Amsden and Francis V. Tuxbury were re-elected, each for a term of three years.

Article IV: Voted: That the annual report of Agents, Auditors, Committees and other officers heretofore chosen, be accepted as printed and placed on file.

Archie B. Gile as chairman of a special committee to investigate the possibility of using a non-partisan Australian ballot in electing School Board members, gave a verbal report stating the committee felt it was unwise to legislate at the present time. Be it moved, that the 1942 annual meeting of the School District go on record as being in favor of the development of a procedure to make legal the use of a Citizens' Ballot in town elections in New Hampshire where the Australian Ballot as defined in the state statutes is not applicable. Result of ballot: 86—yes; 4—no. Be it moved that the School Board shall inform the Attorney General, and any New Hampshire legislative committees concerned with the development of procedure to make legal the use of the Citizens' Ballot in town elections in New Hamp-

shire where the Australian Ballot as defined in the state statutes is not applicable, of the vote of this meeting relating to the same. Motion carried, Unanimous—Yes.

Article V: Voted: That Articles V and VI be considered together.

Articles V and VI: Moved: That the District raise and appropriate, including the amount required by law, \$78,983.64. This amount, in addition to the unexpended balance and the receipts of the Department, to be used for school purposes as follows: \$11,000.00 for the payment of bonds, \$240.00 for salaries of school board and other officers of the District, and \$67,743.64 for general expenses and improvements as set forth in the budget.

Article VII: Moved: That upon all taxes upon real and personal property paid within fifteen days after the date of the tax bills, or on or before July 15, 1942, whichever is the later date, a discount of 3% be allowed the taxpayers.

Voted to adjourn at 8:45 o'clock.

RAYMOND B. BAIRD,
Clerk.

REPORT OF THE SCHOOL BOARD

The School Board of the School District of Hanover presents its annual report, the 89th in the series of such reports. This report contains the usual proceedings of the meeting of March 1942, and the warrant for the current year. It also embraces the financial report of the work of the department and the budget, the report of the superintendent of schools, and the appendix.

Respectfully submitted,

BOARD OF EDUCATION.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hanover:

The 15th annual report of your superintendent of schools is submitted in accordance with the regulations. This is the 28th by a superintendent and a part of the 89th by the school board to the citizens of the School District of Hanover.

OVERVIEW. The overwhelming and unprecedented events of the past two years will all have the effect of modifying both world and national civilization. Many of the cherished institutions which we possess and many of the previous ways of life which we have enjoyed will become obsolete and many of them will be discarded for the scrap heap. Democracy, in common with the many other types of governmental organization, is in the throes of a crisis which is almost beyond our limited comprehension. The whole structure of world and national society is undergoing a subtle and baffling readjustment. Illustrations of these changes are in our very midst. The role of woman, first in defense, then in industry, and finally in the armed forces is one of many. Another that forces itself upon the schools is that boys and girls who are now 14 years old may be called upon within four years to do men's and women's work. Pressure groups are already at work to lessen the restrictions upon child labor. The former threat of child exploitation may be reasserting itself. These far-reaching and ever widening spheres of change in our social and economic ways of life make it obligatory upon those of us who have the responsibility of providing for the education of youth at all levels to so modify our thinking and so reconstruct our educative planning as to meet better the needs of the hour and at the same time to prepare better for that almost inevitable newer order. Most educators are agreed that we must not discard all the fine heritage of the past but through the slow process of education must keep active the best in our ideals, attitudes and practices simultaneously building up concepts of such modified ideals, attitudes and practices as emerge in a readjusted society.

VICTORY CORPS. The first objective in such a program of conservation and readjustment is to win a successful victory. This can be

accomplished only by making available all of the resources, human and material, at our command. One of the ways through which it is proposed to meet the need for manpower is through the organization of a Victory Corps in the high schools of the country. This program includes guidance to the young people in connection with the critical occupations and the critical needs of the nation in several pursuits necessitated by an all out war program. It also contemplates a re-emphasis upon the social studies in such a way as to intensify citizenship training and a somewhat better understanding of the problems of the war. Such subjects as science and mathematics are emphasized as they are considered basic to many of the services. These subjects are valuable both in peace and in war and cannot be grasped without increasing and intensifying both the teaching and the learning. Another activity of this program is that of providing some type of pre-flight training in aeronautics for those whose tendencies lean in the direction of aviation in some one of its many phases. There are also the many courses which train for some of the critical occupations in civilian life to make up for the loss of men and women to the armed forces. These shortages of manpower must be met through the training received by the older boys and girls in our high schools. This program includes further preparation for essential services in the community at large. Business, home making, and the professions must all be considered and our young people trained to make the necessary adjustments that will assist them in completing their educational activities in such a way as to meet the needs of these several service activities. And finally, is the program for physical fitness. The need for this is more and more apparent as the strenuous work of the war progresses. This part of the program can only be begun in our high school with the present teaching staff available. Although we have loaned some of our teachers to the state for training in connection with this program, it is not possible for them to carry on the full, intensive and vigorous work which is required. There has been hearty cooperation and willingness on the part of the teaching staff to do everything within reason to make the Victory Corps program function in the last two years of the high school. The only other activity in connection with this program is that of military drill, but since our school is not large and since it is impossible to secure definitely trained military

officers, it seems altogether inadvisable to undertake to do anything in connection with this part of the Victory Corps program.

UNITED EFFORT. Pupils and teachers in all of the schools have given freely of their time in promoting and implementing the various programs set up by the government. The elementary pupils have assisted in the salvage program, changed their penny savings objectives to the purchase of War Savings Stamps and Bonds, and have become more and more conscious of the value of maps and globes in their study of land and water areas. The high school pupils through their several organizations—the Student Council, boy scouts, girl scouts, manual arts classes for both boys and girls, music, drawing—have all participated in some type of war service. These activities have included building of airplane models, building of stretchers, full participation in the salvage program, both paper and metal, the sale and purchase of War Savings Stamps and Bonds, the learning of patriotic songs, and the drawing of wartime posters. In short, there has been undertaken any activity for which the work of the schools could be adapted and at the same time conserve the educational opportunities of the young people. Much of this work has been guided and directed by the teaching staff in all of the schools. The teachers themselves, with the aid of many of the citizens of the town, have participated in all of the rationing programs set up by the government. This work has been under the immediate direction of Headmaster Bacon as site administrator who has organized and carried through the major part of this program and been personally responsible for the distribution of many of the rationing forms and stamps. The teachers have also purchased many War Stamps and Bonds and have given freely of their extra school time toward aiding the war work without endangering their educational activities, illustrated by the service rendered by Mr. Branch as chief air raid warden of the community. It is not too much to say that everyone connected with the schools has found some place in which he or she could make a contribution.

CAFETERIA. It is a pleasure to report that the cafeteria service has been continued without limitation. Through the AMA a limited amount of surplus commodities has been provided thereby lessening

the cost of the food products served. These surplus commodities have now become so scarce that it will be difficult and probably impossible to secure additional supplies of this type. Present reports indicate that the cafeteria is operating with only a limited cost to the School District. This cost helps to pay for the additional employee necessary to carry on the program. Generally speaking, there have been less complaints and greater satisfaction with the lunches available than has been the case in some years past, although it can never be possible to entirely satisfy a student body made up of individuals coming from different homes and with differing habits of diet.

TRANSPORTATION. A survey of transportation routes and a reassignment of contract busses have lessened somewhat the amount of mileage necessary for this work. The District owned school bus has been limited to the one task of carrying children to the schools. It is probable that this type of restricted service will be necessary until after the emergency has passed.

PERSONNEL. Resignations of the teachers did not come until rather later than usual. Only two new teachers were required by the end of the school year in 1942, but at the opening of schools in September it soon became apparent that other teachers would be attracted away from this situation to what seemed to them more favorable conditions either as to environment or salary, and at least one other because of entering into the armed services of the country. The high school suffered a real loss for the duration when it became advisable for Mr. Heffernan to become an officer in the Navy. While there is always sure to be some educational loss resulting from the withdrawal of teachers, it can be said that the work in general is being carried on reasonably satisfactorily with the newer and less familiar teachers who have come to this School District since September. The only other personnel changes are those of the janitors at the high school. After some care in selection and unavoidable delay in securing desirable individuals to do this work, it can be said that at the present time the men employed are carrying on their work in a satisfactory manner without friction among themselves or with the teachers and pupils.

REPAIRS. The heating plant at the grade school required major attention at the end of the last school year. Much discussion and planning resulted in making provision for a coal stoker for that building. A Combustioneer stoker was installed in the early fall and is now in operation. It is reasonably certain that over a period of time this will result in a limited saving to the School District in the purchase of fuel for that building. While this saving might not be immediately noticeable, it is now apparent that with due care such will be the ultimate result; but better than this is the fact that the building itself has never been heated as efficiently as during the current school year. The other repairs were what might be regarded as minor, and limited only to those which had as an objective the preservation of the buildings and their continued efficient operation. The Univent System at the high school was overhauled resulting in noticeable improvements in the heating of that building. It is planned to carry on such further repairs during the summer vacation as will tend to preserve the buildings. It must not be forgotten that neglect of the ordinary repairs to school buildings may result in later years in unexpected and unusually large expenditures in order to keep the buildings usable and at the same time to prevent serious deterioration of the buildings themselves.

BUDGET. Again it is possible to report that your school board and superintendent are carrying on the schools with a budget which is substantially less than the expected income. This is due in part to economies in the budget itself and in part to increased income. These two factors have made it possible to reduce the amount to be raised by taxation for the school year 1943-1944 by something like \$2,200. It must not be overlooked that this has been possible at a time when supplies and repairs and equipment cost more than has been the case in some previous years. There are no marked changes in the items of the budget and it may not be possible to keep exactly within the amounts allotted to the separate items. As has been stated in previous reports, since the situation at the new high school has become more stabilized and since the costs of operating schools have remained fairly static, it has been possible to gradually decrease the amounts requested. It is planned to keep as near as possible to the amounts set up and to limit expenditures to what may be regarded as necessities. It may be

that the competitive pressure of other groups will, in the end, make it necessary to increase pay roll costs in order to maintain a teaching staff of the quality required in a community such as Hanover.

RECENT TRENDS. The war emergency has brought into focus the major lines of demarcation separating the members of society into different age groups. Each of these age groups are again arranged according to different classifications. This trend has emphasized the tendency in the schools to think of the pupils as of different age levels and as having differing capacities, inclinations and desires within those age levels. This means that it has been well established that the lower age groups of boys and girls in the elementary schools are taught the fundamental subjects common and necessary to all individuals. The pupils at the higher age level—the secondary schools and the colleges—are again thought of as dividing themselves into several groups. One is made up of those who are planning to enter the professions and who require the background of languages, science and mathematics as well as the social studies. Another is for those who need to enter productive fields of labor as soon as they are permitted to do so under the legal requirements. And a third group is made up of those who expect to enter some one of the several types of war service. This has caused the administrative and educational programs to be set up in such a way as to provide a study content which will be of value to each of the three groups. It is clear that much of the work for all three groups may be thought of as vocational in trend so that the content taught will be that which will aid each group in reaching its objective in the most efficient manner. This trend leads rather definitely to a greater emphasis on the part of the teachers involved in the work of educational and vocational guidance. Immediately such guidance will endeavor to show the boys what subjects are needed and what subjects should be stressed for those who are planning to enter one of the fields of the armed forces. It will also need to stress the fields within which manpower is likely to be needed in the immediate future. Thought has been given to these factors in our local situation. The trend in the secondary schools, then, is toward modifications and intensifications in the fields of the sciences and mathematics, and such changes in the other fields of knowledge as will more

directly lead toward the objectives for each of the separate groups in the secondary school field. Such a program still provides for those young people who expect to profit by the traditional subject matter in the liberal arts program, but it also helps direct the attention of the young people to the vital subjects in the fields which are immediately necessary in the present emergency. Another trend which has very definitely affected the activity program of the high school is the limitation placed upon the use of transportation to enter inter-scholastic competition in the several sports. War necessity has brought about a greater emphasis upon intramural sports, and the Victory Corps program is providing in part for the physical development which is an offshoot of a full athletic program. It has been the aim of the headmaster and teachers in the high school to meet, at least in a limited way, all of these trends, bearing in mind that society still needs to have well-informed and well-trained citizens, if it is to carry on the traditions of democracy. Still another trend is that which has to do with the post secondary institutions. Some of the colleges are offering inducements to high school juniors to enter the colleges and receive what might be called their basic training in the secondary field, and at the same time receive some of the advantages of the college environment and the college equipment. This trend does not appeal particularly to the administrators in the secondary field because it is thought that the basic secondary work can be equally as well done in the high schools at less cost to the individual than it can be done in the college. If it should be determined to set up in the State of New Hampshire various programs in trade training centers, and should some of the older boys have definite trade training aptitudes, they can be better taught in the straight trade schools than in the average high school. It is the personal belief of your superintendent, however, that even such trade training should be given to the later teen age group. In general, it is desirable for pupils to complete the work in the secondary school before taking up a definite trade training program.

COMMENTS. The preceding report indicates some of the lines of activity which have been carried on through the school department. The cooperation of the local Defense Committee in the program of rationing and of the citizens in accepting the regulations without

undue criticism have all helped to make the work of the teachers less burdensome. The thoughtful attention of every citizen is particularly directed to the trends in the educational field, not only those which are mentioned in this report, but those others which are promulgated from time to time, and in the end may not only affect the success or failure of the public schools themselves, but may help or hinder the educational growth of the young people. The pupils, teachers and superintendent recognize the general spirit of cooperation and helpfulness on the part of the members of the school board and citizens of the town in making it possible to operate the schools with a minimum amount of friction. We unite in expressing our willingness to render our best service to the community and to undertake those necessary government activities, we trust, without a too serious neglect of our regular duties.

Respectfully submitted,

ROBERT J. FULLER,
Superintendent of Schools.

1st Semester 1943	50	56	81	73	65	55	4	1	385

PUPILS WITH HIGH SCHOLASTIC STANDING FOR 1941-42
Headmaster's List

Pupils with an Average of 85% or Better for the Year

Senior Class of 1942

Mary-Jane Bond	Nancy E. Low
Barbara Brown	John J. Megeaski
Leonard H. Cook	Ann Norton
Joan C. Daly	Dorothy M. Olds
Genevieve H. Denoeu	Louise A. Pattrell
Jane Gile	David S. Peck
John F. Goodrich	Arthur F. Saboski
Marion L. Gould	Walter A. Snickenberger
Ruth E. Hodgkins	Arlene E. Stone
Janet Hoyt	Eleanor D. Thomas
	Nancy M. Waterman

Junior Class of 1943

Durant Achorn	Effie Kirkwood
Joseph Bannon	Joanne McCarthy
Barbara Basye	Mary Moore
Laura Beauchene	Donald Page
Albert Burbank	Donald Park
Lois Conrad	Elizabeth Picken
David Cowles	Winslow Smith
Richard Giguere	Marjorie Thompson
Mildred Greenwood	Ann Verriest
Janet Kendall	Marjorie Wallace
	Lucille Young

Sophomore Class of 1944

Claudia Carter	William McCallum
William Carter	Blanche Parker
Jean Dent	Beverly Perkins
Francis Drury	Verla Perkins
Hazel Fellows	Marion Pushee
Norma Follansbee	Marjorie Rice
Floyd Gauthier	Rockcey Robinson
Jean Harding	John Sargent
Mary Harriman	Mary Stearns
Wesley Lanyon	Joseph Stone
Irene LaPan	Joyce Tobin
George Lyon	Marion Tuthill
Jean Macdonald	Olive Whitcomb

John Wood

Freshman Class of 1945

Granville Austin	Anne McCallum
Philip Bagley	Sylvia Morse
Harry Bowles	Mary Neidlinger
Margaret Brown	Mae Stone
Bertha Cook	Allen Thornton
Howard Cook	Patricia Troxell
Marion Hazen	Marilyn Tuthill
Marguerite Jones	Ralph Ward
Richard Kirkwood	Nancy Waterman

Class of 1946

Rosemary Guyer	John Norton
Helen Hoyt	John Piane
Susan Knight	James Pressey
Louis L'Heureux	Patricia Tanzi
Barbara Macdonald	Dorothy Thompson
Elizabeth Miller	Philip Williams
Manette Moody	Margaret Wilson

Malcolm Wing

Class of 1947

Joan Bagley	Barbara Miller
John Boardman	Sally Neidlinger
Barbara Bowen	Susan Neidlinger
Patricia Bowler	Marion Nott
Monique Denoeu	Carol Spaulding
Barbara Dent	Rhea Stagner
Jane Hastie	Jane Troxell

Graduates of 1942

Donald William Barr	William Alby MacDonald
Mary Elizabeth Barrett	John Joseph Megeaski
Mary-Jane Bond	Robert Hazen Melendy
Barbara Brown	Earl Joseph Monica
George Barnes Coates	Ann Norton
Leonard Herbert Cook	Dorothy Marion Olds
Richard Earl Colt	Charles William Parker
Joan Chilton Daly	Arlene Louise Pattrell
Genevieve Henriette Denoeu	David Stewart Peck
George Edgar French	Pauline Rhoda Pressey
Jane Gile	Arthur Frank Saboski
James Edward Gillen	Gracie Isabelle Sanborn
John Frederick Goodrich	Walter Alexander Snickenberger
Marion Louise Gould	Arlene Elizabeth Stone
Adele Greeley	Dennis Leo Stone
Mildred Gregory	Edwin Folsom Tash
Marjorie Cornelia Hayes	Eleanor Doris Thomas
Pauline Susan Hayes	Sybil Eunice Wallace
Ruth Elizabeth Hodgkins	Elizabeth Aileen Ward
Janet Hoyt	Nancy Mayo Waterman
Clifford Byron Jordon	John Stillman Weeden
Nancy Elizabeth Low	Frederick Everett Whitcher
	Elizabeth Ruth Wing

ACADEMIC AWARDS FOR 1942

Class of 1942

Class President, Walter Snickenberger

Class Marshal, Richard Colt

Senior Honor Roll Bronze Tablet	Ruth Hodgkins
	Walter Snickenberger
Balfour Scholarship-Loyalty-Achievement Medal	
	Walter Snickenberger
Phi Beta Kappa Books	Walter Snickenberger
	Genevieve Denoeu
Reader's Digest Award	Walter Snickenberger
	Genevieve Denoeu
First Honor in Scholarship	Walter Snickenberger
	Genevieve Denoeu
Second Honors in Scholarship	Barbara Brown
Third Honors in Scholarship	Nancy Mayo Waterman
Honorable Mention in Scholarship	Joan Daly
	Jane Gile
	John Goodrich
	Ruth Hodgkins
	Janet Hoyt
	Ann Norton
	Eleanor Thomas
Fullington Cup Award	John Megeaski
For securing Secondary School Education under Severe Difficulties and at a Great Sacrifice.	

Lower Classes

Sons of American Revolution Medal for Good Citizenship	
	John Norton '46
Board of Education Cup for 1941-42	Class of 1942
P.T.A. Bronze Medal for Scholarship Improvement	
Class of 1943	Wayne Armstrong
Class of 1944	Mary Megeaski
Class of 1945	Ralph Ward
Class of 1946	Esther Adams

Class Averages

1942

Senior Class of 1942	84.02
Junior Class of 1943	83.17
Sophomore Class of 1944	83.13
Freshman Class of 1945	81.77
8th Grade—Class of 1946	80.87
7th Grade—Class of 1947	79.90
School Average for the year	82.14

CERTIFICATES OF PERFECT ATTENDANCE

Seniors:

Pauline Hayes
 Elizabeth Ward
 Elizabeth Wing

Juniors:

Albert Burbank
 Janet Kendall
 Mary Moore
 Phyllis Morse
 Donald Page
 Elizabeth Picken
 Winslow Smith

Sophomores:

Hazel Fellows
 Beverly Perkins
 Olive Whitcomb

Freshmen:

Edith Carr
 Harlan Kimball
 Edna McAlister

Eighth Grade:

Francis Columbia
 Earl Farnham
 Susan Knight

Seventh Grade:

Francis Carrol
 Mary Hill
 Jane Troxell
