CHESHAM LIBRARY

With the money voted to us by the town of Harrisville we bought a sign for the Library, paint for the shelving and wood for the heating of the room.

The number of books taken out for reading this year has been about thirty a week during both the summer and the winter. We find a need for more books for the first to third grade reading.
During the year the books were catalogued under the direction of Miss Dorothy Annable of the Public Library Commission. These cards have not been put into proper shape for lack of files.

Respectfully submitted,
HARRIET FRANCIS,
Librarian.

Harrisville, January 31, 1932.
REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Harrisville:

I herein submit my ninth annual report as superintendent of schools.

These days of business depression forcibly impress on us conditions that are difficult to meet. However, we can cope successfully with our environment if we adopt the slogan of economy, thrift and efficiency.

Let us remember that renewed interest should be focused at this time upon the need of efforts to encourage and assist the young people to remain in school. Let us remember the splendid spirit put forth by the teachers of our entire country during this period when financial conditions have caused great hardships. Their attitude has been one of the bright spots in the depression.

Let us not forget functions of our schools must revolve about the creative interests of the child. In the words of President Hoover, "We approach all problems of childhood with affection. Theirs is the province of joy and good humor. They are the most wholesome part of the human race, the sweetest, for they are fresher from the hands of God."

These beautiful words should give us courage and inspiration to carry on and prepare the growing generation in such a way that it may successfully cope with the conditions that await it.

The school nurse, Margaret E. Harris. R. N., examined 68 pupils in the month of Jan. 1931 with the following results:

Stanford's Achievement Tests were given; one at midyear and one in June. The Otis Standard Graduation examination for elementary schools Form B was given to the eighth grade.
In these tests, the pupils maintained creditable standing in their respective grades.

**TEACHERS FOR THE YEAR ENDING JUNE 30, 1931**

Village Grammar, Annie E. Boynton  
Village Primary, Anna M. Ryan  
Chesham, Beatrice Hickey

Throughout the year the teachers proved themselves faithful, conscientious and devoted to the interests of the children in their charge and the schools show continued progress in the grading of pupils, curriculum adjustment and in particular attention to the variations in individual children.
