## FOREST FIRE WARDEN'S REPORT

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipality forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

## SUPERINTENDENT OF SCHOOLS REPORT

To the Citizens of the Windsor School District.

Since the students from Windsor attend the Hillsboro-Deering Schools, under the AREA Agreement, I am taking the liberty of presenting my report to the citizens of Hillsboro-Deering in this space. I believe this report will be of interest to the citizens of Windsor.

The 1979-1980 school year has been one of significant accomplishment. The much needed building addition approved by the voters has been completed and occupied. The addition has reduced the pressure of increased student population and permitted the development of an independent Middle School.

The new Middle School has permitted the development of programs especially tailored to meet the needs of students in grades 6-8 and has permitted these grades to be isolated from many negative factors present in a 7-12 organization. The Middle School teaching staff deserves special commendation for the excellent work they have done in developing and implementing these new programs. The leadership provided by Principal John Blair has been noteworthy.

Strong efforts are being made to develop excellent programs for students, at all levels. The fine work of the newly created department heads, Charles Gaides, Geraldine Phelps and Jim Boynton has assisted the continuing effort. Work on the District's Accountability Plan continues and will hopefully yield positive long-term results.

A strong Superintendent's Administrative Team of new Principals John Blair, Robert Norton and Peggy McAllister has provided professional leadership for the schools. One of the outstanding early developments of the Team has been the excellent student discipline now found in grades R-12. Our commitment to excellence remains strong.

Only one of the State's minimum elementary school standards remains to be met, an elementary school guidance counselor. I hope that the district will see fit to approve this position, at the earliest possible time.

The members of the High School English and Social Studies Departments are working to revise their programs and the whole school's reading program is being evaluated. It is hoped that revisions will result in even stronger programs for students.

Head Custodian Mike Jones has given invaluable direction to the maintenance of the buildings and is commended for his service.

I cannot speak highly enough about the leadership, energy, support and cooperation provided by the current School Board. Hillsboro-Deering Schools have improved dramatically thanks to the efforts of the Board and the support of the public. We will all continue our efforts to work to develop excellent schools that will warrant your continued support.
