## TOWN OF ATKINSON

**TOWN WARRANT**

## STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Atkinson, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at Grange Hall, in said Atkinson on Tuesday, the thirteenth day of March, next at one o'clock in the afternoon, close not earlier than seven P. M., to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Article 3. To raise and appropriate the sum of \$300.00 (three hundred dollars) for rent of Grange Hall for use of Town and School purposes, also for community, recreational and educational meetings to be held under the following conditions for the ensuing year: (a) no meeting to be over 4 hours duration; (b) meetings not to exceed 3 per month, except under special circumstances; (c) paid entertainments sponsored by the aforesaid groups to be charged for at the rate of \$4.00 per meeting to be paid for by the groups to the Atkinson Grange Hall Committee; (d) all arrangements for meetings to be approved by the Selectmen and the Hall Janitor; (e) the meetings to be properly chaperoned.

Article 4. To raise and appropriate the sum of \$200.00 (two hundred dollars) which includes the amount required by law for Kimball Public Library.

Article 5. To raise and appropriate the sum of \$1,000.00 (one thousand dollars) to pay Note 92 for Island Pond Road.

Article 6. To raise and appropriate the sum of \$2,500.00 (twenty-five hundred dollars) to resurface tar roads.

Article 7. By request. To raise and appropriate \$1,000.00 (one thousand dollars) to gravel Providence Hill Road.

Article 8. By request. To see if the town will vote to give a 2% (two percent) discount on present year's taxes if paid within 30 (thirty) days of receipt of warrant.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 (fifteen hundred dollars) to gravel and install rails on Island Pond Road.

Article 10. To raise and appropriate the sum of \$1,500.00 (fifteen hundred dollars) to tar gravel roads.

Article 11. To see if the Town will vote to authorize and instruct the Planning Board, which will be known as a Zoning Commission, to prepare a zoning ordinance and to report at either a special or annual town meeting and to raise and appropriate the sum of \$500.00 (five hundred dollars) for the expenses of this board.

Article 12. By request. To see if the Town will vote to raise and appropriate the sum of \$350.00 (three hundred and fifty dollars) to tar and ditch part of Stickney Road, starting at Conley Road.

Article 13. By request Trustees. To see if the Town will vote to raise and appropriate the sum of \$600.00 (six hundred dollars) to paint and repair Kimball Public Library.

Article 14. By request. To gravel Willow Vale and raise and appropriate for the same.

Article 15. By request. To raise and appropriate the sum of one hundred dollars (\$100.00) to rebuild the dam

which controls the flow of water from Luce's Pond under Maple Avenue.

Article 16. To see if the Town will vote to authorize the Selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

Article 17. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to hire such sums of money as the town will need in anticipation of taxes.

Article 18. To hear reports of Town Officers and Committees, act on same and transact any other business that may legally come before the meeting.

Business meeting will be adjourned until Saturday evening, March 17th, 1951.

**BUDGET OF THE TOWN OF ATKINSON, N. H.**

Warren E. Kolb (appointed)	Truant Officer and School Census Taker
Jonathan A. Osgood	Superintendent of Schools

## THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School district in the town of Atkinson qualified to vote in district affairs*

You are hereby notified to meet at the Grange Hall in said district on the fifteenth day of March, 1951, at seven-thirty o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the Federal Works Agency, or other United States Government or State Agencies, or local or private agencies.

10. To see if the district will vote to raise and appropriate six hundred dollars (\$600.00) for improvements on the school playground, to include a chain-link fence on the street side.

11. To see if the district will vote to raise and appropriate five hundred dollars (\$500.00) to re-shingle the old church roof of the Rockwell School.

12. (By petition.) To see if the district will vote to raise and appropriate two hundred seventy-five dollars (\$275.00) for additional transportation costs involved in extending the school bus route to pick up children on Providence Hill.

13. To transact any further business that may legally come before the meeting.

Given under our hands at said Atkinson this seventh day of February, 1951.

AUSTIN B. WASON,  
WARREN E. KOLB,  
ERNEST R. SCOTT,

*School Board*

The Polls will be open to vote for District Officers from 7:30 to 8:30 P.M. The other articles of the Warrant will be taken up at 8:30 o'clock.

## SCHOOL BOARD'S ESTIMATE FOR 1951-1952

## BUDGET WORK SHEET

This is a presentation of the budget work sheet which your School Board has been operating under during 1950-51, and their estimated expenses for the year 1951-52. It must be taken into consideration that monies appropriated in the month of March, to be used the following year, do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Atkinson:

It is with pleasure that I submit my First Annual Report as Superintendent of your Schools.

In replacing Mr. L. Munro Grandy, who accepted the position of Superintendent of Schools in Dover, New Hampshire, as of August, 1950, after serving in that capacity in this area for a period of three years, it is heartening to note the tremendous educational strides which were made in Atkinson and in Supervisory Union 55 during the past few years. Superintendent Grandy, the School Board and citizens of Atkinson deserve much credit for having made such advances in the educational facilities of the community.

This report, which will be followed by reports of the School Principal, the Supervisor of Art and Music and of the School Nurse, will be presented under the following headings:

1. School Enrollment and Census Figures
2. School Personnel
3. Buildings and Equipment
4. Curriculum and Teaching Aids
5. Finances
6. In-Service Training of Teachers
7. Recommendations

#### I. ENROLLMENT AND SCHOOL CENSUS:

The September, 1950 enrollment in the Rockwell School was 91, as compared with 83 in 1949, and 74 in 1948. The total number of Atkinson children who have entered High School during the current school year is 25; of this number 1 enrolled at Sanborn Seminary, 1 enrolled at Hampstead High School, 21 enrolled at Haverhill High School and 3 at Salem. In addition to the above, 1 elementary pupil attends school in Salem.

The enrollment by grades for September, 1950 is shown in the following table:

Rockwell School	Grades								Total
	1	2	3	4	5	6	7	8	
Primary Room	19	19							38
Intermediate Room			9	10	8				27
Elementary Room						9	6	11	26
									—
Total									91

The above figures show a total of 38 children in the primary room; this figure as compared with the number in respective grades 1 and 2 in 1949 shows an increase of 6 in each grade, or a total increase of 12 in those two grades in one year.

Although the 1950 School Census does not indicate an appreciable increase in school enrollment for next year, it is possible that the number in grades 3, 4 and 5 might exceed 40 children. A directive sent from the State Department of Education to all School Board members and Superintendents of Schools, some time ago, states as follows:

“Classes exceeding 30 pupils provide most limited educational experience and growth.

- (a) Any class exceeding 40 pupils shall be divided or,
- (b) Classroom space permitting, a teacher assistant shall be provided, or
- (c) Application shall be made to the State Board of Education for permission to operate half day programs.”

The School Board has considered the possible need for an additional teacher and added classroom space for next year, but is hoping that it will not be necessary.

## II. SCHOOL PERSONNEL:

The shortage of qualified teachers has not only continued, but has increased during the past years. To secure and retain well qualified teachers, it will be necessary to continue to increase teachers' salaries. Mrs. Stella M. Olsen and

Mrs. Alice Scott both returned in September to their respective positions of Principal and teacher of Grades 6, 7, and 8, and as teacher of the 1st and 2nd grades. In the 3rd, 4th, and 5th grade room, we were fortunate to secure the services of Mrs. Bernice Billewicz on a substitute basis to replace Mrs. Marion S. Evans, who was not able to continue her work in Atkinson.

During the Xmas Vacation, the School Board employed Mrs. Katherine Gardella of Haverhill to replace Mrs. Billewicz, who did not wish to continue because of the commuting distance from Lawrence.

Mrs. Gardella was graduated from Keene Teachers College and has attended Boston University and Nursery Training School in Boston; she has had considerable teaching experience in the public schools of Haverhill, Mass.

Mr. Thayer Illsley has served very satisfactorily as the school janitor during the current year.

### III. BUILDING AND EQUIPMENT:

Your School Board has kept the Rockwell School Building in excellent repair. Dark-out shades were installed over the windows in Mrs. Olsen's room in order that moving pictures can be shown in that room. During the past summer, an apron of "hot-top" was laid near the playground end of the building, and the playground was leveled and enlarged. Considerable work is now needed to surface the playground area and eliminate the rough gravel surface that now exists and thereby lessen the possibility of accidents and damaged wearing apparel. The playground should be fenced at least on the road side.

### IV. CURRICULUM AND TEACHING AIDS:

The basis of all of our teaching is Citizenship Training. Character education and the fundamentals are necessary parts of this training. Our curriculum has been set up and followed as suggested by our State Department of Education, with allowances made so that teachers may vary their work according to their respective groups of children.

Methods of instruction are so designed by the various teachers as to allow to the greatest possible extent for in-

dividual differences; the pupil-teacher relationship throughout the school is excellent. An attempt is made in the upper elementary grades to assist pupils in deciding what educational program to follow after they complete the eighth grade work. Pupil self-evaluation and knowledge of occupations is an important phase in upper elementary grades.

New and modern textbooks and other teaching aids have been purchased as the budget has permitted, to replace those that have been worn and outdated. A need for new books still exists. It would be impossible to replace all worn and dilapidated books, and keep up with modern texts without a continuity of a liberal budget for these materials each year.

Mental ability tests which have been given to the Atkinson children indicate that they are not below average in ability. Standardized achievement tests have indicated that children have generally shown achievement commensurate with their ability. It is believed that the continued use of up-to-date teaching materials by well trained and experienced teachers will help the Atkinson children to continue to achieve as much as their ability permits.

The fullest development of a child's potentialities depends upon close cooperation between parents and teachers. They should have the same goals and understand each other's methods and plans for attaining them. Parents should recognize and encourage those experiences in the lives of children which occur outside the school room, which tend to foster desirable physical, social, emotional, spiritual and mental growth. Such experiences, under the guidance of parents, supplement and extend the school experience.

With money which was raised recently by the teachers and pupils of the Rockwell School (by presenting the Operetta), a 16 mm. moving picture projector is being purchased. Audio-visual aids are considered to be very necessary parts of school equipment in order that children may be given the greatest possible advantages.

#### V. FINANCES:

School expenses—as all other costs—are continuing to increase. The recent international situation has caused a recent increase of 10% in the cost of textbooks and consider-

able increase in the costs of other school supplies. High school tuition has increased during the current school year from \$203.00 to \$220.00 at Haverhill High School, and at the Haverhill Trade School.

The Atkinson School Budget, for 1951-52, as will be presented at the Annual School District Meeting in March, is the result of a great amount of study and thought; every precaution has been taken to spend the money of the town with due prudence. The School Districts in this Supervisory Union are much in need of more State Aid to Education, in order that children may receive a satisfactory education without increasing the local property taxes beyond reasonable limits.

#### VI. IN-SERVICE TRAINING OF TEACHERS:

Teachers, as do members of other professions, need continuous in-service training in order that they may keep pace with the changing and improved methods of teaching. Those people who were responsible for the programs that have been provided in this area during recent years deserve commendation.

During the past summer a three-weeks Workshop for teachers was carried on at the Hampstead Central School. This program stressed "The Language Arts," and practically all teachers in Supervisory Union No. 55 took advantage of the course as offered by various education experts under the direction and supervision of ex-Superintendent Grandy.

During the current year, all teachers are availing themselves of the opportunity of reading "The Educator" (Journal of the New Hampshire State Teachers' Association) and the National Education Association Journal, as well as many other professional publications which the schools provide, and to which they personally subscribe.

Atkinson teachers attended the two-day Convention of the State Teacher' Association in October, 1950, and a representative of the school has attended other professional conferences such as one that was sponsored recently by our State Department of Education at the Phillips Exeter Academy on Guidance.

Just previous to the opening of schools last September, a two-day Workshop was held at Salem for all teachers in this Supervisory Union on the subjects of Reading, Handwriting and Guidance. Several teachers' meetings and/or conferences have been held since September with various groups and individuals on follow-up work pertaining to the subjects of the summer and September Workshops, as well as on problems that arise in local situations.

Plans are under way to offer a course on the Teaching of Science in the Elementary School. Present plans will provide that the course be given in Salem by a well-qualified professor of a nearby college or university so that teachers working for degrees might secure two or three credits on a graduate as well as on an undergraduate level. It is anticipated that as many as  $\frac{1}{3}$  of the teachers in Supervisory Union No. 55 might avail themselves of this opportunity. All of the Atkinson teachers have enrolled.

#### VII. RECOMMENDATIONS:

In conclusion, the following recommendations are offered for consideration:

1. That physical examinations by a Medical Doctor be given to each child at least three times during his twelve years of public education. (Many districts now give a physical examination to each child each year.)
2. That the School District adopt a salary schedule for employees.
3. That consideration be given to offering a complete noon lunch to each child in school.
4. That physical education be provided to the children in all grades.
5. That kindergarten be provided for all 5 year old children.
6. That a part-time special or remedial teacher and/or a reading consultant be provided.

In closing, I quote from a recent publication of the National Education Association.\*

\* "Our School Population"—National Education Association, Washington, D. C.

“Universal appreciation of education as an enrichment of the life of the individual, as a basic experience for all who hope to find the good life in a democratic society, is a goal toward which the American people are traveling and from which they will not be deterred. Those who make plans for tomorrow’s schools may take this into account as a factor which not only has an important effect upon the size of our school population, but one which greatly increases interests in and support for education.”

I wish to express sincere appreciation to the members of the School Board for their advice and assistance, to the school personnel for their whole-hearted cooperation, and to the pupils and all others who have helped to make our work effective and enjoyable.

Respectfully submitted,

JONATHAN A. OSGOOD,

*Superintendent of Schools*

 Jessie R. Soule, R. N., School Nurse

## REPORT OF THE PRINCIPAL OF ROCKWELL SCHOOL

To the School Board and Mr. Jonathan A. Osgood, Superintendent of Schools:

I am submitting a brief resume of the activities of the Rockwell School.

The aims of our school are:

1. To guide each girl and boy that he may be a good citizen of his home, school, community, and country.
2. To discover and develop each child's abilities that he may live and make a living to the best advantage to himself and society.

I believe that there has been an improvement in the teaching of the skill subjects such as reading, writing, arithmetic, and social studies due to professional courses taken by the teachers.

Tests were given to show accomplishments in subject matter and to help the teachers diagnose areas which need more work. The results showed a substantial gain. The teachers recognize a need for better hand writing and spelling.

Cumulative records were started. A record will be kept for each child from the time he enters school until he graduates or withdraws. It contains the following material:

- (a) Personal information
- (b) Health information
- (c) Scholastic achievement reports
- (d) Tests and their results
- (e) Character rating

The Good Citizenship Medal, an award made annually by the Sons of the American Revolution to the student who in the opinion of his teachers and classmates has best exemplified the principles of good citizenship, was awarded to Sylvia White.

Annually the American Legion of Plaistow sponsors an essay contest for the eighth grades in the surrounding towns. A medal is awarded for the best essay selected. The medal came to Atkinson and was presented to Dorothy DeBlois.

The operetta, "Molly, Be Jolly," given by Grades I through VIII under the guidance of Mrs. Prudence Douglas, was most successful. The toy orchestra made its appearance for the first time. A net profit of \$100 was realized. This, with a school fund of \$75 which has accumulated from various sources, is to be used to purchase a film projector and screen for the school. Women of the community took the responsibility of costuming.

A United Nations Flag was made and presented to the school by the women of the Farm Bureau Home Demonstration Group. A special program was prepared and the public was invited. At this time oil paintings of the Rockwell brothers were presented to the school. They have been hung in the hall beside the plaque.

The boys and girls benefit much from the excellent cooperation between community and school. Through funds provided by the P. T. A., the Woman's Club, and the Atkinson Grange, needy pupils were supplied with free milk. An average of 12+ free bottles daily were supplied. A balance of \$40.86 was left in June. This was turned over to the School Board. This fund enabled us to begin the milk program early in the fall before money could be appropriated by the various organizations.

The usual activities of the school in conjunction with the community were carried out, namely:

1. Participation in Memorial Day Exercises
2. Parents' Day in observance of National Education Week
3. A Christmas Party
4. Boston Trip for grades 7 and 8 to attend the Pop Concert.

Democracy demands that everyone has a voice in decisions. Pupils have a chance to practice democracy inasmuch as they help formulate and suggest rules and practices for

their school. Pupils help to govern themselves and participate in classroom decisions.

The gravel and hot-top have greatly improved the playground, but hazardous conditions still exist as:

1. Sharp rocks which are continually working up. (Entire school has picked up the rocks several times.)

2. The banking toward the road without some protection presents a danger problem far more serious than appears to one who has not supervised the children on the playground.

Respectfully submitted,

STELLA M. OLSEN,

*Principal*

#### REPORT OF THE SUPERVISOR OF ART

To Mr. Jonathan A. Osgood, Superintendent of Schools:

I hereby submit my annual report of the art activities and instruction in Atkinson.

The art program of the past year has been one of steady progress. As well as the continuation of the fundamentals in lettering, color, and design, the individual needs of each teacher's program of study has been considered. Whenever possible, murals, units, and individual pictures were interwoven with their subjects. Along with seasonal decorations, the development of creative work in crayon, water color, poster paint, finger paint, and weaving were done.

Some of the student's art material was selected and sent to the Director of Fine Arts in Concord, New Hampshire, to be used at meetings, and as a part of a traveling unit for the state.

In cooperation with the Music Supervisor during the trip to "Pops," the children were able to visit the Children's Museum in Jamaica Plain, Massachusetts. At the museum is a collection of art material from all over the world at a child's level.

A first attempt of creating a bulletin board design each month by the first and second grades, was introduced, the results of which were excellent. In November a backdrop

which consisted of the interior of a barn was painted for the operetta.

Weaving on a cardboard loom was the only new medium introduced this year.

In closing I wish to thank the teachers for their interest and cooperation.

Respectfully submitted,

DOROTHEA S. ROTH,

*Supervisor of Art*

### REPORT OF THE SUPERVISOR OF MUSIC

To Mr. Jonathan A. Osgood, Superintendent of Schools:

I hereby submit my first annual report as music supervisor in Atkinson.

The main objective of teaching music is to lead each child into a permanent love and understanding of beautiful music. To reach this goal, the child must be learning to sing, learning to listen, learning to translate music into bodily movement. Our school program adequately provides for this objective by including: music reading, music appreciation, rhythms, and singing for fun.

A half hour a week is spent with each group by the music supervisor. The lesson is then carried on daily by the classroom teacher. In the first grade, it is merely the learning of rote songs, rhythms and listening. Grade II begins music reading and each grade higher carries on a similar program of a more advanced nature, until Grade VIII is reached where the work is at a junior high level.

This year, the children have enjoyed learning to do many folk dances. Not only does this kind of music open whole vistas of new interests; it is also of great benefit to the coordination of the child especially at the adolescent stage.

On December 2nd, the Rockwell School presented the operetta, "Molly, Be Jolly." It was very well received. This was the first appearance of the toy band and was an outstanding feature. Every member of the band was outfitted in a green and white uniform. These uniforms were made by

the mothers and added a great deal to the appearance of the band.

Since the Union is now divided, as far as music is concerned, I suggest that the towns under my supervision establish a music fund from which to build a record library to be used in the towns of Hampstead, Atkinson, Plaistow and Newton. At the present time, the only record library available is the one in Salem, which is of little use to a supervisor in the above-mentioned towns.

In closing, may I express my thanks to all those who have made my first year in Union 55 such a pleasant one.

Respectfully submitted,

PRUDENCE DOUGLAS,

*Supervisor of Music*

#### REPORT OF THE SUPERVISOR OF HEALTH SERVICES

To Mr. Jonathan A. Osgood, Superintendent of Schools:

The following is my report for the school year ending December 31, 1950:

Number of pupils given physical examination	83
Notification of all defects found were sent home.	
Number of visits to schools	59
Number of visits to homes—follow up work	12
Defective vision—4; improved or corrected	2
Number of pupils having defective teeth	38
Pupils who have had dental corrections	5
Enlarged tonsils—5; improved or corrected	2
Impetigo—5; corrected	5
Inspections for contagious diseases	332
One pupil examined by oculists financed by County Welfare.	

Two pupils attended child guidance clinic.

It would be most helpful for each child attending school for the first time to bring a health certificate signed by a licensed physician and the certificate should describe the condition of the pupil when the examination was made.

First aid equipment is available at the Rockwell School for treatment of emergencies at all times. First aid is limited

to first treatment only, following which the pupil should be placed under the care of his parents, who are responsible for subsequent treatment.

In May the Tuberculosis Patch Test was given to seven pupils. Individuals with a positive reaction were X-rayed. No active cases of tuberculosis were found.

Moving pictures, with both sound and color, were shown as an educational health program on Dental Health, Guidance and Obedience, Safety and Tuberculosis and seemingly were much enjoyed by all students.

Since dental caries among school children outrank all other defects, it is hoped that a dental clinic can be made available to all pupils that do not have regular dental care by their family dentist.

There is considerable interest in a program for application of Sodium Fluorine. To be most effective the Fluorine treatment should be applied when a child is three years old, and be repeated at 3- to 4-year intervals during the period his teeth are developing until he is about 13. However, Sodium Fluorine may be given to a child at any age.

One of the primary purposes of the school nursing services is to give individualized health instructions which help pupils to understand their own health problems and to take an increasing responsibility for securing professional care and guidance.

Every effort has been made to obtain treatment for pupils with special health problems through the family physician when possible or a clinic.

What the best and wisest parent wants for his own child, that must be the community want for all its children.

I wish to take this opportunity to thank all cooperative individuals for their interest and help.

Respectfully submitted,

JESSIE REBECCA SOULE, R. N.

## VITAL STATISTICS

### *Births*

January 30, 1950. Linda Jean La Fontaine, Parents: Roland R. La Fontaine and Evelyn B. La Branche of Main St.

May 19, 1950. Andrew Lee Barnum, Parents: Leroy D. Barnum and Marjorie P. Smith of East Road.

July 5, 1950. Laurie Lee Little, Parents: William B. Little and Beatrice E. Currier of Maple Ave.

July 16, 1950. Sandra Marie Webster, Parents: Joseph B. Webster and Rita A. Nadreau of Sawyer Ave.

September 8, 1950. Alden Francis Hurteau, Parents: Kenneth H. Hurteau and Grace E. Mc Nair of Academy Ave.

September 14, 1950. James Everett Nye, Parents: Francis E. Nye and Mary R. Sweeney of Maple Ave.

### *Deaths*

January 21, 1950. Elena Lucilda Barnum at Atkinson, N. H. Age 85. Parents: Solomon Barnum and Clara Hewitt.

April 23, 1950. Florence M. Farr at Atkinson, N. H. Age 72. Parents: William Stanley and . . . .

June 11, 1950. Charles Roland Seaward at Atkinson, N. H. Age 65. Parents: Charles E. Seaward and . . . .

Aug. 5, 1950. Archie Emerson Colbert at Island Pond. Age 51. Parents: Albert E. Colbert and . . . .

Aug. 16, 1950. Howard Putnam at Atkinson, N. H. Age 63. Parents: Oliver Putnam and Mary Mooers.

Sept. 28, 1950. Burton C. Pettengill at Atkinson, N. H. Age 70. Parents: John Pettengill and Henrietta Nichols.

Sept. 21, 1950. Theodore H. Knight at Haverhill, Mass. Age 77. Parents: . . . .

Oct. 10, 1950. John H. Smith at Haverhill, Mass. Age 96. Parents: Benjamin Smith and . . . .

*Marriages*

December 31, 1949. John E. DeBlois and Lilian M. Dacey, Atkinson, N. H. and Haverhill, Mass. Parents: Albert G. DeBlois, Mary A. Gallant of Atkinson, N. H.; Daniel P. Dacey, Blanche M. Nadeau of Haverhill, Mass. Married by George B. Keezer, Justice of Peace of Plaistow, N. H.

February 22, 1950. Raymond E. Hunkins and Vera M. Wingate, Atkinson, N. H. and Derry, N. H. Parents: Albert W. Hunkins, Ruth E. Dow of Atkinson, N. H.; Charles F. Wingate, Vera M. Cleasby of Derry, N. H. Married by Rev. Charles D. Maurer, Clergyman of Derry, N. H.

June 30, 1950. Augustine Piazza and Mary C. Mc Donnell, Lawrence, Mass. and Atkinson, N. H. Parents: Nicholas Piazza, Josephine Santamaria of Lawrence, Mass.; Patrick J. McDonnell, Helen R. Bissett of Atkinson, N. H. Married by Kenneth F. Romprey, Justice of Peace of Salem, N. H.

July 4, 1950. Theodore H. Mitton and Erdine S. Richards, both of Atkinson, N. H. Parents: Currie M. Mitton, Sarah W. Thompson, Charlestown, Mass. and Atkinson, N. H.; Joshua A. Richards, Edine B. Russell of Atkinson, N. H. Married by Rev. Walter W. Lyon, Clergyman of Hampstead, N. H.

August 13, 1950. Donald R. Illsley and Shirley A. Colcord, Nova Scotia and Atkinson, N. H. Parents: Brenton H. Illsley, Fannie P. Rockwell of Nova Scotia; J. Harold Colcord, Thirzie E. Harmon of Atkinson, N. H. Married by Rev. Frederick R. Bruce, Baptist, Special Commission Minister of Nyack, N. Y., at Atkinson, N. H.

September 23, 1950. Winthrop W. Brown and Mary Lee G. Peck, Washington, D. C. and Atkinson, N. H. Parents: Charles I. Brown, Frances Woods of Bombay, India and Washington, D. C. Married by Rev. Randolph S. Merrill, Newton, Mass. Special Commission Minister, Congregational, at Atkinson, N. H.

## FOREST FIRE PREVENTION PAYS DIVIDENDS

Most forest fires are preventable because someone is responsible for them. State records for 1950 show 94% of 632 fires resulted from human perverseness and carelessness. Refusal to secure the required warden permit before burning; failure to use good judgment, lack of equipment and assistance while burning; carelessness in smoking and poorly conditioned woods equipment (trucks, tractors, etc.) resulted in a total of 6090.6 burned acres with a loss of \$63,949.10 in valuable property.

Fortunately, these human factors can be dealt with because people can be reached. This the local fire warden tries to do by informing his fellow citizens that EVERYONE MUST:—

1. Secure a written permit to burn in or near woodlands when the ground is not covered with snow.
2. Use good judgment in burning and have enough equipment and assistance to keep fire under control at all times.
3. Be careful when smoking in or near woodlands and refrain from throwing lighted material from automobiles.
4. Make certain that all equipment used in the woods is in good condition.

His success depends entirely upon public reaction to his appeals. He does his part—the rest depends upon YOU and

YOUR compliance with burning requirements

YOUR care with YOUR fires and YOUR smoking and

YOUR care of motive equipment you use in the woods.

It all aids, materially, in reaching the desired goal, the

PREVENTION OF FOREST FIRES—because  
PREVENTION PAYS DIVIDENDS!

Number of local fires—3

Number of acres burned—5½

Number of permits issued—24

WARD W. WRIGHT,  
Forest Fire Warden  
MERTON A. WEBBER,  
District Fire Chief
