WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Stewartstown, in the County of Coos in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said town of Stewartstown on Tuesday, the 9th day of March, next at ten o'clock in the forenoon to act upon the following subjects:

1. To see if the town will vote to accept State Aid.
2. To see if the town will vote to accept the budget made up by the Selectmen and Dallas Chase and to raise money for the same. If not, to see what sum of money the town will vote to raise to defray town charges for the ensuing year as follows:
 - (a) Town Officer's Salaries.
 - (b) Town Officer's Expenses.
 - (c) Election and Registration.
 - (d) Town Hall, office and other buildings.
 - (e) Damage and Legal Expenses.
 - (f) Health Department.
 - (g) Town Dump Expenses.
 - (h) Vital Statistics.
 - (i) General Expense of Highway Department.
 - (j) Civil Defense.
 - (k) Interest of Temporary Loans.
3. To raise such sums of money as may be necessary for support of the poor.
4. To raise such sums of money as may be necessary for support of libraries.
5. To raise such sums of money as may be necessary for care of cemeteries.

6. To see if the town will vote to raise two thousand seven hundred dollars (\$2,700.00) for street lighting
7. To see what sum of money the town will vote to raise for the following departments:
 - (a) Police Department
 - (b) Fire Department
 - (c) Sewer Department
8. To see what sum of money the town will vote to raise in addition to that required by law, for the town maintenance.
9. To see what sum of money the town will vote to raise for winter roads.
10. To see what sum of money the town will vote to raise for summer roads.
11. To see if the town will vote to raise nine hundred fifty dollars (\$950.00) to contribute to the Upper Connecticut Valley Mental Health Service.
12. To see if the town will vote to raise twenty thousand dollars (\$20,000.00) for a Survey for the disposal of Solid Waste Material, which will be required by law as of July 21, 1971.
13. To see if the town will vote to discontinue the road leading from the Harry and Harlie Weir place to the north boundary of the Knights place.
14. To see if the Town will vote to discontinue the plowing of private driveways.
15. To see if the town will vote to authorize the Selectmen to incur debts for temporary loans in anticipation of taxes of the municipal year and pay out of the tax money when it is received.
16. To see if the town will vote to instruct the Selectmen to appoint all other officers as required by law not elected by Non-Partisan Ballot.

17. To choose by Non-Partisan Ballot the following Town Officers:
- (a) Town Clerk
 - (b) Selectman for three years coming
 - (c) Town Treasurer
 - (d) Two Road Agents
 - (e) One or more Auditors
 - (f) Overseer of Public Welfare
 - (g) Collector of Diamond Pond Rent
 - (h) One or more Sextons
 - (i) Trustee of Trust Funds
 - (j) One library trustee for three years ensuing.
18. To transact any other business that may legally be brought before this meeting.

Given under our hands and seals this 22nd day of February in the year of our Lord nineteen hundred and seventy-one.

WILMAN I. ALLEN
ROGER L. McALLASTER
HARRY E. BIRON
Selectmen of Stewartstown

A true copy of Warrant — Attest:

WILMAN I. ALLEN
ROGER L. McALLASTER
HARRY E. BIRON
Selectmen of Stewartstown

Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Stewartstown qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on Tuesday, the 9th day of March, 1971, at 10:00 o'clock in the forenoon at which time the polls will be opened, followed by the business meeting at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To bring in your ballots for the election of School District Officers to be elected by ballot for the School District of Stewartstown for the ensuing year (s).
2. To determine the salaries of the officers and fix the compensation of any agents of the district.
3. To hear the reports of Agents, Auditors, Committees, or officers chosen and pass any vote relating thereto.
4. To see if the District will vote to form a School Building Planning Committee.
5. To see if the District will vote to accept a Dual Enrollment Plan with St. Albert's School.
6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.
7. To see if the District will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

8. To transact any other business that may legally come before this meeting.

Given under our hands at said Stewartstown this 22nd day of February, 1971.

SUPERINTENDENT'S REPORT

Housing the school program and providing sufficient space for pupils is becoming an ever increasing problem. With changes taking place within the basic curriculum of elementary and secondary education and the addition of related services for pupils to include music, physical education, health, library, audio-visual, combined with an increase in the school population, however slight, local communities are now faced with school plants that are or are becoming inadequate to meet all these changes and needs.

Although revisions in school facilities have been made through the years to accommodate the changing school program, this has not been accomplished without the sacrifice of existing space or the increasing demand on the local taxpayers.

Vocational education is now becoming an important aspect in the secondary program. Rapid changes now taking place in occupational opportunities and vocational fields available to a student upon graduation are having a direct effect on the responsibilities of the secondary school program. Since a major function of education is to prepare a student for the future and to assist him in securing gainful employment, thought must be given to present vocational education programs and to their possible expansions to best meet the needs of those students who may not be financially able or desire to pursue a formal four year college program.

The concept of shared services by local and north country area school districts has made possible the sharing of a speech and hearing therapist as well as workshops for local teachers in the areas of art, audio-visual, and reading. The sharing of school facilities on a tuition basis has long been carried on by local districts and this year the voters in a number of districts will be asked to establish a planning committee to investigate the feasibility of a long term tuition contract under an Authorized Regional Enrollment Area (AREA) concept.

With the increasing expansion of educational programs and facilities it is strongly recommended that local districts continue working together in meeting these needs and in providing the most financially feasible solutions.

Respectfully submitted,

STEPHEN E. DEHL
Superintendent of Schools

COUNSELING SERVICES DEPT.

Testing programs for achievement, ability, intelligence and interest take up a good percentage of the school counselor's time. In this report I will try to explain the implication and importance of these tests.

The first testing in the school year is required by the State of N. H. and records ability and achievement for grades 4, 6, 8 and 10 – the tenth grade takes an additional (SCAT) School and College Ability Test under this program. 310 students were tested in this program totaling 2,399 student test hours.

Next there is the (PSAT) Preliminary Scholastic Aptitude Test given to juniors and seniors planning some form of education beyond high school. 48 of our students took this testing totaling 144 test hours.

For college bound students there is the (ACT) American College Tests and the (CEEB) College Entrance Examination Board (SAT) Scholastic Aptitude Test and Achievement Tests. These tests are taken on Saturdays throughout the school year and involve the juniors and seniors. Some 30 of our students will take these tests this year totaling about 150 hours.

The (NMSQT) National Merit Scholarship Qualifying Test is given to college bound juniors and if a student should qualify he would receive a \$1,500.00 merit scholarship. This year about 20 of our students will be tested covering about 60 test hours.

The (NEDT) National Education Development Tests record a student's intelligence and achievement in grades 7, 8, 9, and 10. The areas covered are English, math, social studies, science and vocabulary. 220 of our students are tested in this program totaling 1,320 test hours.

This year for the first time we will test our students "interests" – their likes and dislikes. This test, the (OVIS) Ohio Vocational Interest Survey, will be given to all seventh grade students and will total some 228 test hours. The interest survey results will be used with the other test scores and the students school marks to help determine what subjects in high school will best suit his needs.

In the 1970-71 school year over 700 students will be involved in these testing programs totaling more than 4,300 student test hours.

Respectfully submitted,

Jason Sibulkin
Counselor

ANNUAL REPORT FOR VER-SHIRE SCHOOLS & SHOPS

Colebrook, New Hampshire

This program has provided an increasing opportunity for the students to participate in activities and experiences which may lead to productive employment. For some, the employment will be in private business and industry. For others, it will be in a sheltered employment situation.

The Specific Goals have been:

1. to instill a sense of personal worth and self-sufficiency;
2. to identify and develop any skills and talents that can lead to productive employment in a secure environment;
3. expand the opportunity to socialize with others and gain community awareness and support.

Such goals have been more readily achieved in a setting other than the academic classroom, at home or in isolation from peers. Thus the socialization in a class with others who have similar needs has expanded limited surroundings and developed positive outlooks in an actual job environment.

Academics, as such, has not been abandoned since many trades and skills require certain academic skills which must be learned and practiced. It has been demonstrated that if certain students are unable to sufficiently develop a trade or skill they still are benefitting from an opportunity to work and socialize outside of their neighborhood environment.

Some of the Objectives that have been met:

- a. We have identified and evaluated present skill levels, strength and weakness of students in the program.
- b. We have developed and identified skills in the program of activities specifically designed for the students.
- c. We have aided the students to adjust and to function within the limits of their weaknesses.
- d. We have taken the basic steps in preparing the students as far as possible for possible productive employment in a community work setting.

The procedures which have been used to accomplish the above objectives include skill tests designed to establish competency

levels in sorting, shaping, discriminating colors, sizes and weights, making craft articles, sewing, cooking, leather, ceramics, wood working, upholstering, and furniture refinishing. In addition, procedures have been employed by the instructors to maintain and continue where possible, existing academic skills. These include instructions in basic skilled work in counting, reading, and lettering. The students have learned to understand the basic elements involved in keeping time, figuring wages and appreciation of the value of money earned as well as preparation for community involvement by having learned good work habits and acceptable employer-employee relations as well as the worthy use of leisure time.

The activities used in the workshop were deliberately chosen to develop work habit training, eye-hand coordination, finger dexterity and to afford the student access and training with tools in the sheltered shop setting. Each student has progressed to his present level of achievement at his own individual rate of speed.

The simplicity of the beginning task gives the student a feeling of success. This success has, in turn, encouraged the student to make greater effort in the next operation. The students' attention span has increased and they have a greater capacity to tolerate frustration as the result of their ability to master more complex activities. The students who have found success attainable in earlier products have moved ahead to more complex activities depending on the ability of their performance.

The program has been considered a pilot project and the local school officials, Northeast Kingdom Mental Health Service staff, have adopted positive elements of the project for other programs and hope to see it broaden both in scope and in number of students served by the program.

Respectfully submitted,

GEORGE COULTER
Coordinator,
Vershire Schools & Shops

SCHOOL HEALTH

The objectives of a school health program are to perform the necessary functions to maintain and promote good health of the pupils in our schools.

The following services are performed each year: checking heights and weights, vision and hearing; physical examinations for all students in grades 4, 8, and 11 and athletics; T.B. skin tests as recommended by the state T.B. Association; necessary immunizations; pre-school clinics for incoming first graders; and continuous supervision of general health.

A dental health clinic sponsored by the local towns and the state in what is called a Matching Fund Program was held two mornings a week from January through May. Fifteen youngsters received treatment at these clinics.

In April, eighty-six youngsters in grades 1-4 were immunized against German Measles with vaccine made available by the state.

Starting in November, a Speech and Hearing specialist equipped with a mobile lab, visits the area once a week to work with some of our students who have speech and hearing problems. This is made possible by North Country Education Service, a Title III Project.

Every year we strive to improve the school health program. With everyone working together, it is hoped that we can achieve our goal in this endeavor.

Respectfully submitted,

DOROTHY L. DUCRET, R. N.

VOCATIONAL AGRICULTURE

Vocational Agriculture is a four year program at Colebrook Academy. Beginning with the ninth grade, students in the program receive introductory instruction informing them of basic agriculture and opportunities available in that field. Second year students are instructed in the basic principles of agricultural sciences involving shop, laboratory, and field trips. The objective of the first two years is to give the student an understanding of the economic importance of agriculture and a chance to learn of careers that the industry offers.

Third and fourth year students receive specialized instruction in dairy and forestry and are required to perform practical work in both fields. In addition, fourth year students are also required to take a course in farm mechanics to develop skills ranging from wood-working to engine rebuilding. A 40 acre school woodlot also provides an area for third and fourth year students to do practical work in forestry and sugar bush management.

A new Cooperative Education Program was started this year for fourth year students through the aid of federal funds. This program gives the student on the job training in mechanics, dairy, forestry, and related areas through released time from the last periods of the school day. As a new program, it has been unusually successful and at present there are 28 on the Cooperative Education Roster. Since this is a year round program, all students are required to do supervised summer placement work in a field of their choice and to keep records of the same.

The local chapter of the Future Farmers of America has been active since 1931. This is an intra-curricula organization that teaches students leadership, good citizenship through association, and development of skills through field and judging trips. The chapter also sends delegates to the national F.F.A. conventions where skills are further displayed and more skills obtained.

Enrollment in this department has doubled in the last three years.

Respectfully submitted,

ROBERT BURRILL, Instructor
Vocational Agriculture

NOTES ON BUDGET

The School Board has requested for the 1971-72 school year a budget of \$157,767.00. The sum of \$39,400.00 has been anticipated as the estimated receipts, leaving a balance to be raised by taxes, of \$118,367.00. This represents an increase of \$18,786.00 in comparison to the current year. The largest increase, \$11,060.00, is reflected in Tuition Area, as the rates in the receiving districts continually show an increase. Other items which reflect a large increase are Supervisory Union Expense because of the addition of the Guidance Position to this area. The Hot Lunch and Milk Program which is reimbursed by the State, and Pupil Transportation.

ESTIMATED INCOME 1971-72

Balance on Hand	\$ 1,500.00
