DISTRICT CHIEF & FOREST FIRE WARDEN REPORT

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

SUPERINTENDENT OF SCHOOLS REPORT

To the Citizens of the Windsor School District.

Since the students from Windsor attend the Hillsboro-Deering Schools, under the AREA Agreement, I am taking the liberty of presenting my report to the citizens of Hillsboro-Deering in this space. I believe this report will be of interest to the citizens of Windsor.

Way back in 1647 when public education was born in this nation, schools were basically asked to teach the traditional three R's; Readin', 'Ritin' and 'Rithmetic. Wilson Riles, State Superintendent of Schools in California, put it well when he said that today schools are being asked to do what people used to ask God to do. When I look at the myriad of tasks we have, I don't think he's far from wrong.

Exactly what is public education being asked to accomplish? Whether through state or federal laws or through local directive, today's schools are being asked to feed students breakfast, lunch and a snack; check student's vision, hearing and teeth; show students how to brush their teeth; teach young people good nutrition; provide special services for the gifted and the handicapped; provide recreation; teach students to respect others and to respect themselves; show young people how to ride their bikes safely and how to drive cars; and convince young people not to use drugs.

All of these are great challenges, but where does it stop? Education has accepted them because they must be done. A hungry child can't learn. A disrespectful, disruptive child can't learn. In the past the family or other agencies handled these responsibilities. But today they fall upon our public schools. Even with these additional, time-consuming tasks, local public education is achieving many successes. The following is a sampling.

* Discipline has improved - Firm but fair administration of discipline by teachers and Principals has been responded to by over 90 percent of our student body who cause no significant disciplinary problems.

* 41% of last year's Seniors went on to further education.

* Participation by our students in the Concord Area Vocational School is expanding thereby providing expanded program opportunities for our Juniors and Seniors that could not be available locally without excessive cost. Twenty-four (24) Juniors are currently attending Concord Area Vocational Programs and we anticipate 50 Juniors and Seniors attending in 1981-82.

* Quality services, as required by law, are being provided for 67 handicapped students.

* A Unit-wide Community Education Program has been re-activated under the able direction of Jolene Schillinger and is functioning on a financially self-sufficient basis.

* Accountability Programs and programs for Gifted and Talented students are being developed.

* The First Annual School Board's Awards Program provided recognition to the following teachers for their teaching excellence in 1979-1980: Heleen Kurk, Villa Ramsay, Constance Douglas, Marcia Barford, Nina Van Lund, Roberta Wheldon, Geraldine Phelps, Glenn Page, Barbara Murphy and Chuck Gaides.

* Five of our elementary students were State Young Authors Contest Winners.

* Four of our elementary students were winners in the "MESSENGER" writing and art contest.

* Mrs. Heleen Kurk's third grade class won an award from the U.S. Environmental Agency's Poem and Poster Contest.

* A reading/writing Grant was obtained that permitted expanded local elementary programs without local district expense.

* The results of the Metropolitan Reading Tests in the Elementary School indicated that our students are performing at a good level.

* Charles Gaides, High School Science Teacher received an N.E. Award as Teacher of the Year in Earth Science.

* Computer education programs were provided for the first time and are being well received by students.

* Standardized test results in the Middle School are at the 60.2 percentile nationally.

* Marion MacWilliams, Librarian, has developed a library education program for 8th graders that results in students taking the "National Library Exam".

* A fully developed and widely supported athletic and activities program has been implemented in Grades 6-8.

* Roberta Wheldon's successful work with students in compiling excellent records in Math League competition.

* Stacy Gauthier and her staff of the "Bailey Bugle" received a 2nd place award in the prestigious Columbia University Scholastic Press Association Competition.

* A \$19,000 grant has been received from the State Department of Energy due to the efforts of Head Custodian Mike Jones and a wide variety of energy savings programs have been implemented.

These and many other positive developments have been achieved through the hard work and commitment of the whole school community. While more remains to be accomplished, I am sure your continued support and cooperation will result in continued advances.

Respectfully submitted,

THOMAS J. WATMAN
