REPORT OF THE CANAAN STREET PARK COMMISSIONER

The same area of grass that was mowed last year was mowed again this year at a cost of \$69.71. A small evergreen in front of the town hall that had been badly damaged during the winter was replaced at the cost of \$10. Unfortunately, no improvement or extension of the park area was carried on this past year. The lawns have now been mowed regularly for three summers and are beginning to looks very much better.

We started the year with \$17.43 on hand to which was added the appropriation of \$100. Total expenses were \$79.71, leaving a balance on hand at the end of 1962 of \$37.72.

Respectfully submitted,

The following is a report of the activities conducted for the town of Canaan, by the N. H. Department of Health, Bureau of Public Health Nursing for the year 1962.

The age group over six years of age will obtain their Type 3 vaccine at a later date. Following the clinics the records of the pre-school age receiving the vaccine, were turned over to the family physician stated on cards signed at the clinics.

The State X-ray Unit was in the town in the fall. This was under the supervision of Mr. Jenson, State X-ray Survey Supervisor. A total of 44 X-rays were taken. The nurse made follow-up calls on results of X-rays as necessary.

Home visits have been made in the town on babies, preschool children, mothers, follow-up on X-ray reports, arranging for children to attend pedriatric cardiac clinics, crippled children's clinics, mental hygeine clinics and others as necessary for diagnosis and treatments. Follow-up visits have been made following the child's clinic visit. Some have had assistance through the N. H. Sight Conservation Program.

My sincerest thanks to the following for their excellent assistance in the Canaan Health Programs during the past year.

Dr. I. A. Dinerman and his office nurse, Mrs. Ruth Lester R. N. for excellent medical assistance rendered.

Mrs. Daniel Fleetham and her local committee for assistance at clincs, the Mascoma Valley Woman's Club for sponsoring the Sabin Polio vaccine clinics, thus making the vaccine available for all over six years of age.

Canaan School Nurse Mrs. C. Banard R. N. and all school personnal. The Mason's for the use of their hall for clinics and the Canaan Reporter Press for excellent publicity freely given.

Each of the above mentioned have contributed to the programs and helped in making the services available for residence of Canaan.

Respectfully Submitted,

LOIS B. REED R. N.

Superintendent's Report

The establishment of the Mascoma Valley Regional School District has been the result of a great deal of work by people interested in securing a better education for the young people in their communities. As we look forward to better opportunities in our schools, we should be grateful for the efforts made by these folks. No one has assumed that the new system would be less expensive, but we hope that the tax burden will not be excessive.

Canaan was fortunate to receive a larger portion of the school foundation aid this year from state funds. It is expected that the present session of the General Court will provide more support for our schools during the coming biennium.

Again this year, the first grade has had to be split, resulting in a search for the required extra room. The American Legion has made one of their rooms available for the use of the sixth grade. This is a rather poor situation, but Mrs. Smith and her class seem to be doing reasonably well in their semi-isolation.

Financially the School District is in good condition this year with the inclusion of pupils from Grafton's elementary grades. This addition has been made without the necessity for any additional teachers, and was not the cause of the need for the extra room for the sixth grade.

We are looking forward to being of continued service to the pupils of Canaan through the new Regional District.

Respectfully submitted,
EDWARD H. CURRIER

PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Costs of surpressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

- 1. Dispose of burnable waste at the town dump.
- 2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
- 3. Burn safely picking a clean site, avoiding dry windy weather and preferably burning late in the day.
- 4. Have something to keep the fire under control—pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
- 5. Be sure your fire is dead out before you leave it.
- 6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to instill in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 3 fires, 2 caused by lighning, 1 by burning grass.

We burned 5.1 acres. Permits issued — 139.
