## THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Chatham in the County  
Carroll in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town House in said Chatham on Tuesday, the 2nd day of March, Next at 6:30 of the clock in the evening, to act on the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to allow a 2% discount on all property taxes paid within 30 days of receipt of tax bill.
4. To see if the Town will vote to appropriate \$100.00 for the support of the Eastern Slope Regional Airport for the current year.
5. To see if the Town will raise and appropriate \$272.25 asked for by the White Mountain Regional Association.
6. To see if the Town will raise \$100.00 for Civil Defense.
7. To see if the Town will raise and appropriate the sum of \$192.50 for the Home Health Agency, the said sum being equal to \$1.10 per person.
8. To see if the Town will raise and appropriate the sum of \$51.25 to assist the Carroll County Mental Health Service, Inc. 1976.
9. To see if the Town will vote to raise and appropriate the sum of \$50.00 towards the support of the North Conway Child and Youth Project (C-Y Project). This sum to be used as rent for clinic and office space.

10. To see if the Town will raise and appropriate the sum of \$1,000.00 (which is 5% of the cost) towards a new vehicle for the Fryeburg Rescue Unit.

11. To see if the Town of Chatham will vote to become a member of the North Country Council, organized in July 1973. The Council has been designated by the State Office of Comprehensive Planning to be the official planning commission for New Hampshire Planning Region One. The objectives of the Council are to prepare a comprehensive plan for the region, work for consensus on major problems of regional concern, encourage and assist in cooperative projects to solve problems involving more than one town, and help member communities in their planning programs.

The Council's authority is conferred by RSA Chapter 36:45-53. It is advisory to local governments in the region. Member representatives of the Council are appointed by the Board of Selectmen as provided by State Law. Two representatives will be appointed from this Town.

12. To see if the Town will vote to appropriate the sum of \$169.00 as the Town's share for operation of the North Country Council for one year, beginning July 1, 1976. These funds will be used for financing staff, office and general operating expenses, regional planning studies, technical assistance to member communities, coordination with local State and Federal agencies, and other programs of the Council. These funds may be used in conjunction with State and Federal funds available for planning purposes.

13. To see if the Town will vote the sum of \$300.00 to the Saco Valley Fire Department as our share of expenses.

14. To see if the Town will vote to adopt the following sign ordinance:

All privately owned signs placed on Town roads must be a sufficient distance from the shoulder to allow summer and winter maintenance; and if located within Town right-of-way must be adjacent to land of sign owner, or, if located adjacent to land owned by someone other than sign owner, permission of landowner must be obtained.

15. To see if the Town will authorize the Selectmen to investigate the necessity of a Sludgedump and establish one if necessary.

16. To see if the Town will vote to authorize the Selectmen to receive bids on tax mapping and accept the bids most advantageous to the Town.

17. To see if the Town will vote to establish a building permit system making the Board of Selectmen responsible for issuing permits for any new construction or other improvements within the flood prone area identified on the Federal Insurance Administration Flood Hazard Boundary Maps, No. H1 - 16, effective date August 30, 1974. The Selectmen shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites are reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction methods and practices that will minimize flood damage.

18. To see if the Town will vote to adopt the following resolution:

"WHEREAS, certain areas of the Town of Chatham are subject to periodic flooding from rivers, streams and lakes, causing serious damages to properties within these areas; and WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of this Town Meeting to require recognition and evaluation of flood and/or mudslide hazards in all official actions relating to land use in the flood plain areas having flood (and/or mudslide) hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to New Hampshire RSA Chapters 31, 36, 156 & 156A,

NOW THEREFORE, BE IT RESOLVED, that this Town Meeting hereby:

1. Assures the Federal Insurance Administration that it intends to enact and maintain in force for those areas having defined flood hazards, adequate land use and control measures with effective enforcement provisions consistent with the criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests the Selectmen with the responsibility and authority, and means to:

(a) Delineate or assist the Administrator, at his request, in delineating the limits of areas having special flood hazards on available local maps of sufficient scale to identify the location of building sires.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain.

(c) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map and identify floodplain or mudslide areas, and cooperate with neighboring communities with respect to management of adjoining flood plain in order to prevent aggravation of existing hazards.

(d) Submit on anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.

3. Appoints the Selectmen to maintain for public inspection and to furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Intends to take such other official action within its powers as may be reasonably necessary to carry out the objectives of the program."

19. To see if the Town will vote to adopt the following resolution:

"WHEREAS, the Town of Chatham has adopted and is enforcing a building permit system, and

WHEREAS, this building permit system prohibits any person, firm or corporation from erecting, constructing, moving or demolishing any building or structure without first obtaining a separate building permit for each building or structure from the Selectmen, and

WHEREAS, the Selectmen must examine all plans and specifications for proposed construction when application is made to them for a building permit.

NOW THEREFORE, BE IT ENACTED by the Town of Chatham Town Meeting, as follows:

1. The Town Meeting recommends that the Planning Board amend their or prepare regulations pertaining to the flood hazard area to assure that (i) all proposals are con-

sistent with the need to minimize flood damage, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards; and

2. The Town Meeting recommends that the Planning Board amend their or prepare regulations pertaining to the flood hazard area to require new or replacement water supply systems and/or sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site disposal systems to be located so as to avoid impairment of them or contamination from them during flooding, pursuant to New Hampshire RSA 36:21. "

20. To see if the Town agrees to participate in the National Flood Insurance Program by directing the Board of Selectmen to complete the eligibility application and submit the required information to the Federal Insurance Administration.

21. To see what action the Town will take on the Budget Submittal by the Budget Committee.

22. To transact any other business that may legally come before this meeting.

Given under our hands and seal this 10th day of February, in the year of our Lord nineteen hundred and seventy-six.

**FRYEBURG RESCUE**

935-2828

Another year has gone by and we wish to make this brief report of the activities of the Fryeburg Rescue Unit.

The Rescue Personnel have been very busy this past year with all the calls and training courses.

Last winter there was an Emergency Medical Technician's course held at the Bridgton Hospital which was put on by the Southern Maine Vocational Training Institute and coordinated by our Captain, Roland Wiley. Five members were able to attend and are now National Registered EMT-A's.

Last December, we completed a forty-one hour Advanced First-Aid and Emergency Care course with nineteen people participating. Nine have joined the Rescue. We are always glad to welcome new members.

We had one hundred and sixty-seven calls last year, the most we have ever had. The breakdown is as follows: we had five calls in Stow, seven in Chatham, nineteen in Brownfield, twenty-one in Lovell, and one hundred and fifteen in Fryeburg.

We wish to thank our many friends for all the donations we have received this year. We use these donations to buy expendable items and equipment.

Our old vehicle is beginning to show signs of wear from all the runs we have had the past four and one half years. That is why we are asking the towns to buy a new vehicle this year.

If anyone has any questions about the Rescue operation, please contact one of the members.

Respectfully submitted,

Roland Wiley, Captain  
Gerald Kiesman, Sec.

## FOREST FIRE WARDEN

### Report to Towns

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a Forest Fire Warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildlife that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a. m. and 5 p. m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.
