TOWN WARRANT

State of New Hampshire

TO THE INHABITANTS OF THE TOWN OF CONWAY, County of Carroll, in the State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at Kennett High School Auditorium at Conway, New Hampshire, on Tuesday, the tenth day of March, 1981, at nine o'clock in the forenoon to act upon the following subjects hereinafter set forth. Voting on Articles 1, 2, 3, 4, 5, 6, 7, 8 and 9 will be by official ballot and the polls shall open for balloting at nine o'clock in the forenoon or as soon thereafter as the Moderator calls the meeting to order and declares a quorum present. The remaining articles of the Warrant shall be acted upon at seven o'clock in the evening or at the closing of the polls if the meeting shall vote to keep the polls open to a later hour.

ARTICLE 1. To choose all necessary officers.

ARTICLE 2. To see whether or not the Town will adopt, or if already legally valid, ratify as amended the Town of Conway Sign Ordinance as proposed and recommended jointly by the Board of Selectmen and the Town of Conway Planning Board to be acted on under official ballot of the Town.

ARTICLE 3. To see whether or not the Town will adopt, or if already legally valid, ratify the Town of Conway Mobile Home Ordinance as proposed and recommended jointly by the Board of Selectmen and the Town of Conway Planning Board to be acted on under official ballot of the Town.

ARTICLE 4. To see whether or not the Town will adopt the Zoning Ordinance amendments dealing with setbacks and definitions as set forth under Proposal 1 proposed and recommended by the Town of Conway Planning Board to be acted on under official ballot of the Town.

ARTICLE 5. To see whether or not the Town will adopt the Zoning Ordinance amendments dealing with lot size and density as set forth under Proposal 2 proposed and recommended by the Town of Conway Planning Board to be acted on under official ballot of the Town.

ARTICLE 6. To see whether or not the Town will adopt the Zoning amendments dealing with establishing a wetland conservation district as set forth under Proposal 3 proposed and recommended by the Town of Conway Planning Board to be acted on under official ballot of the Town.

ARTICLE 7. To see whether or not the Town will vote to adopt the provisions of RSA 72:70 for a property tax exemption on real property equipped with a wood heating system, which exemption shall be in an amount of 100% of the cost of said wood heating energy system. Agreeable to a petition signed by Jeff Hall and others to be acted on under official ballot of the Town.

ARTICLE 8. To see whether or not the Town will vote to adopt the provisions of RSA 72:62 for a property tax exemption on real property equipped with a solar energy heating or cooling system, which exemption shall be in an amount of 100% of the cost of said solar system. Agreeable to a petition signed by Jeff Hall and others to be acted on under official ballot of the Town.

ARTICLE 9. To see whether or not the Town will vote to adopt the provisions of RSA 72:66 for a property tax exemption on real property equipped with a wind powered energy system, which exemption shall be in an amount of 100% of the cost of said wind energy system. Agreeable to a petition signed by Jeff Hall and others to be acted on under official ballot of the Town.

ARTICLE 10. To see whether or not the Town will adopt the following Ordinance:

Building Permit,
Change of Use,
and
Certificates of Compliance

Section 1: This ordinance is adopted pursuant to RSA 31:39 for the purposes of better regulating and promoting the general health and welfare of the public, and of the occupants and users of the buildings and other structures in the Town of Conway, N.H. as well as better ordering the public's prudential affairs.

Section 2:

a.) i. No building or other structure shall be constructed, altered or moved until a written building permit has been issued by the Selectmen for said Town, or their agent. A certificate of occupancy/compliance may be issued by the Town as requested after completion of work under the building permit.

ii. There shall be no change of use of any land or building within the Town from one use to another use until a written application for zoning permit or change of use has been filed and approved by the Selectmen for said Town, or their agent.

Section 2:

b.) A non-refundable fee of \$5.00 shall be paid to the Town with each application for a building permit; provided that with every application filed late, there shall be an additional fee paid at the rate of \$5.00 for each day late. A non-refundable fee of \$15.00 shall be paid to the Town plus \$2.00 for each abuttor required to be notified for every application for zoning permit or change of use.

c.) Each application for a building permit and application for zoning permit or change of use shall be in writing signed by the applicant, on forms to be supplied by the Town all in sufficient detail to show conformance with this ordinance and all other applicable State and Town of Conway laws, rules, regulations and ordinances. Copies of the original forms to be used hereunder have been filed by the Selectmen with the Town Clerk of Conway with a copy of this proposed ordinance prior to its adoption.

d.) Any building permit shall expire upon completion of the proposed project as may be indicated on the form, or at the end of one year; whichever time shall arrive earlier. All building permits issued by the Town prior to the date of adoption of this ordinance shall remain valid no longer than one year after the effective date of this ordinance.

Section 3: The Selectmen shall be authorized to amend the forms to be used hereunder from time to time provided at least two public hearings shall be held with each hearing having published notices therefor at least two weeks prior to such hearing; after the second hearing, the Selectmen shall vote to adopt amended forms, record the amended forms with the Town Clerk of Conway, and there-

after the same shall be valid and enforceable. In the notice of the second hearing, the entire proposed amendment shall be published and only non-substantive changes may be made after the second hearing.

Section 4: Any violation of any provision of this ordinance or the forms promulgated hereunder shall be punished on conviction by a fine of not more than \$100.00 plus costs; to be paid over on collection to the use of the Town. The Town may also enforce this ordinance and the regulations hereunder by injunction, restraining order, or other appropriate action.

Section 5: Should any provision(s) of this ordinance or of the forms promulgated hereunder be held invalid by any court, then such decision shall not affect the validity of the remainder of this ordinance or the forms promulgated hereunder.

Section 6: This ordinance shall apply throughout the Town of Conway and shall take effect when adopted at any duly warned Town Meeting. This ordinance may also be amended in the usual manner by majority vote of the Town at any Town Meeting for which the Warrent gives notice of the proposed change. This shall not be deemed to limit the authority of the Selectmen to adopt and/or amend forms consistent with the powers and procedures hereunder established or as may be amended at any such Town Meeting.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of One Hundred Twenty Thousand Dollars (\$120,000.00) to build and equip a new garage facility for the Town, the funds to be allocated as follows:

- a. \$100,000 to build and erect a new 6-bay pass-through design highway service and storage garage, 60' x 100', and
- b. \$20,000 for a truck lift in the new garage, and an engine analyzer in the present garage.

Recommended by the Budget Committee.

ARTICLE 12. To see if the Town will vote to appropriate and authorize withdrawal from the Federal Revenue Sharing Fund for use as setoffs against budget appropriations in the amount indicated; and

further to authorize the Selectmen to make pro-rata reductions in the amounts if estimated entitlements are reduced or take any other action hereon. Recommended by the Budget Committee.

Appropriation	Amount
Highway Department Expense	\$100,000
Town Office Expense	20,000
	<u>\$120,000</u>

ARTICLE 13. To see if the Town will vote to appropriate the sum of Seventeen Thousand Dollars (\$17,000.00) for the lease/purchase of a Motorola radio console, and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972. Recommended by the Budget Committee.

ARTICLE 14. To see if the Town will vote to appropriate the sum of Twenty Thousand Dollars (\$20,000) toward a maximum of \$35,000 for the lease/purchase of a computer for the Accounting Department of the Town Office, \$1,000 of which would be for a study of our requirements with our auditor and a municipal programmer, and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. Recommended by the Budget Committee.

ARTICLE 15. To see if the Town will vote to establish a Capital Reserve Fund for a long-term solution to the disposal of solid waste at such time as the voters decide, and to appropriate the sum of One Hundred Thousand Dollars (\$100,000.00) for the Solid Waste Solution Capital Reserve Fund, and authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. Recommended by the Budget Committee.

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of Thirteen Thousand Seven Hundred Fifty Dollars (\$13,750.00) to continue the Town's involvement in a regional solution to the disposal of solid waste. This sum, to be disbursed as authorized under RSA 31:4, paragraph XXXIV, will provide for the acquisition of legal, professional and technical assistance as required. Recommended by the Budget Committee.

ARTICLE 17. To see whether or not the Town will adopt the following ordinance: Ordinance Controlling Operation of Conway's Landfill Facilities

Section 1: This ordinance is adopted pursuant to RSA 31:39 and RSA Chapter 147:23 for the purposes of better regulating and promoting the general health and welfare of the public and toward more prudent operation of the Town's facilities for waste disposal as well as better ordering the public's prudential affairs.

Section 2: The Selectmen are authorized to establish and/or amend reasonable rules and regulations from time to time controlling the use, operation and public's convenience regarding waste disposal at the landfill facility now or hereafter operated by the Town for its citizens and the citizens of towns contracting with the Town of Conway. Such rules and regulations may encompass hours of operation, segregation of waste products to be dumped, fees for dumping waste in violation of segregation of waste products to be dumped, and all other reasonable rules and regulations necessary and/or appropriate toward the prudential management of said landfill facilities.

Section 3. The Selectmen may adopt and/or amend such rules and regulations from time to time provided at least two public hearings shall be held with each hearing having published notices therefor at least two weeks prior to such hearing; after the second hearing, the Selectmen shall vote to adopt and/or amend such rules and regulations, record the rules and regulations so adopted and/or amended with the Town Clerk of Conway, and thereafter the same shall be valid and enforceable. In the notice of the second hearing, the entire proposed rules and regulations or amendments thereto shall be published and only non-substantive changes may be made after the second hearing.

Section 4: Any violation of any provision of this ordinance or the rules and regulations promulgated hereunder shall be punished on conviction by a fine of not more than \$100.00 plus costs, to be paid over on collection to the use of the Town. The Town may also enforce this ordinance and the rules and regulations promulgated hereunder by injunction, restraining order, or other appropriate action where such remedy is appropriate.

Section 5: Should any provision(s) of this ordinance or the rules and regulations hereunder promulgated be held invalid by any Court,

then such decision shall not affect the validity of the remainder of such ordinance, rules or regulations.

Section 6: This ordinance or any rules or regulations promulgated by the Selectmen, may be amended by majority vote of the Town at any Town Meeting, the Warrant for which gives notice of the proposed change. This shall not be deemed to limit the authority of the Selectmen to adopt and/or amend rules and regulations consistent with the powers and procedure hereunder established or as may be amended at any such Town Meeting.

Section 7: This ordinance shall apply to all users of the landfill facility, now or hereafter operated by the Town, and shall take effect when adopted at any duly warned Town Meeting.

SELECTMEN'S REPORT

The Town government during 1980 has made healthy progress toward efficient operation and orderly future growth for the Town.

With the approval by the voters of the Town's first Zoning Ordinance and the vote affirming the existence of the Planning Board, the Board of Selectmen has taken a number of administrative steps to ensure that the Town's zoning and planning ordinances would be applied fairly. These include the appointment of a Board of Adjustment to deal with requests for variances to the Zoning Ordinance, or to review alleged errors in the administration of the ordinance. This Board, under its Chairman, Arlond Shea, has done excellent work in handling this difficult task.

The Board of Selectmen also wishes to commend the appointed members of the Planning Board and the Chairman, Paul Whetton, for its diligence and long hours of hard work in administering the subdivision regulations and in proposing changes in the Zoning Ordinance to strengthen it.

A prerequisite of the function of good government is a good administrative staff. The Town Manager, Assistant Town Manager, Assessor, Treasurer, Town Clerk and Tax Collector, and office personnel have worked hard and efficiently to keep the wheels of government moving. The appointment of the first full-time Town Assessor has resulted in a large increase in assessed valuation and better knowledge of construction activities within the Town.

The appointment of an Assistant Town Manager to research and draft new regulations, and review the changes in State law that effect the Town government, has relieved the Town Manager of much paperwork and allowed him to devote more time to the important function of running the Town.

The Town Treasurer has worked very closely with our computer operator and financial advisors, resulting in keeping our net interest expense at a minimum, and keeping the Town Manager and Selectmen informed monthly of the financial position of the Town.

The Board would also like to note the excellent job done by the office personnel in answering the myriad of questions posed by the public in a courteous manner, while keeping up with the pulse of daily activity at the Town Hall.

The Town Highway Crew, under the direction of the Town Manager and Foreman, has begun a program of placing asphalt on the Town's highways instead of oiling and sanding. This work has been facilitated by the purchase of an asphalt spreading machine. The Town crew was also able to construct two new streets with this machine. The use of asphalt will result in maintenance free highways for years to come.

The disposal of solid waste remains a thorn in the side. Through expenditure of a good deal of time and energy, the Board is offering a short-range solution for action by the voters at the 1981 Town Meeting. The Board is also actively pursuing a long-range solution to this problem through the formation of a regional effort.

The year has presented challenges and frustrations. The Board of Selectmen believes, however, that progress has been made and will continue to be made in the year ahead.

Charles V. Sturdivant, Chairman
Board of Selectmen

TOWN OF CONWAY
AUDITORS' OPINION

We have examined the financial statements of the various funds and groups of accounts of the Town of Conway, New Hampshire for the year ended December 31, 1979, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records as we considered necessary in the circumstances.

As is the practice with most New Hampshire communities, the Town of Conway has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in these financial statements.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the various funds and groups of accounts of the Town of Conway, New Hampshire at December 31, 1979, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information and the column on the accompanying combined balance sheet, captioned "Totals, Memorandum Only," although not considered necessary for a fair presentation of the financial position and results of operations of such funds and group of accounts, are presented primarily for supplemental analysis purposes. This additional information has been subjected to the audit procedures applied in the aforementioned examination of the basic financial statements and is, in our opinion, fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In connection with our examination we also (1) made a study and evaluation of the Town's system of internal accounting control, (2) performed tests of compliance with the Revenue Sharing and Anti-recession Fiscal Assistance Acts and regulations as required by Sections II.C.3 and III.C.3 of the "Audit Guide and Standards for Revenue Sharing and Anti-recession Fiscal Assistance Fund Recipients" (guide) issued by the Office of Revenue Sharing, U.S. Department of the Treasury and (3) compared the data on the Bureau of Census Form RS-8 to records of the Town of Conway as required by Section II.C.4 of the "Guide." Our findings are set forth below:

- (a) The Town has failed to comply with the provisions of Section 52.44 of the Act, which require that Anti-recession Fiscal Assistance Funds be appropriated or obligated within six months of their receipt. Of

the total funds appropriated and expended in 1979 (\$21,217), \$10,031 represents unappropriated funds at December 31, 1977; \$10,630 represents funds received in 1978 and \$556 is interest earned.

(b) The Town has not maintained a record of tangible personal property having a value in excess of \$1,000 acquired with Revenue Sharing Funds.

OFFICE OF THE SECRETARY OF THE TREASURY

February 6, 1981

Dear Ms. Barringer:

We have reviewed your response to our letter dated December 29, 1980. We find the response acceptable and consider your government to be in compliance with respect to the problem noted by the Audit Division.

This letter does not affect your government's status regarding possible compliance problems (if any) which are being handled by other Divisions of the Office of Revenue Sharing.

We appreciate your cooperation in this matter.

Sincerely,
Paul Landry
Supervisory Auditor
Office of Revenue Sharing

REPORT OF POLICE COMMISSION

1980

During this past year the Commission held twenty-six regular meetings. These meetings are open to the public and anyone with a problem or a complaint is welcome to come and air their views. The Department has operated well under the guidance of Chief Lance.

As many people know, the Chief attended the F.B.I. National Academy in Virginia and was away for a period of thirteen weeks. While the Chief was away, Lieutenant Anthony was in charge and we feel the Lieutenant did a good job.

David Todd graduated from the Police Standards and Training Academy at Pease Air Force Base with the highest score in his class.

The Department lost some personnel to larger departments and higher salaried jobs. Although we are very sorry to lose these men, we as Commissioners feel their replacements have done an outstanding job with new ideas and improved efficiency.

In October David Roode and Steven Richardson approached the Commission with a proposal for acquiring trained police dogs, known as K-9's. The proposal was made that the officers would purchase the dogs and sell them to the Town for \$1.00 each. The only thing the Department would have to do is feed and outfit the dogs with the necessary gear for their in-service training. The dogs have to be certified before the kennel will release them permanently. This certification entails about thirteen weeks of training with the handler. We are pleased to say that the dogs and handlers are doing well and hope to have a public demonstration sometime in the near future.

Most of our meetings are routine. We go over the bills and the payroll and confer with the Chief on any matters that require our attention. We had numerous meetings with members of the Conway Police Association prior to our finalizing the budget. We feel this procedure allows our patrolmen a voice in the budget make-up process where salaries and benefits are discussed.

We would like to thank the Selectmen for their attention to our building repairs in the form of a new roof and insulation. These repairs represent a worthwhile investment in our town buildings.

We would like to take this opportunity to thank the Selectmen and the Town Staff for their kind assistance and we look forward to a continuing relationship of mutual cooperation in the future.

Respectfully submitted,
CONWAY POLICE COMMISSION

REPORT FROM THE CHIEF OF POLICE

The Conway Police Department has continued to improve the level of service and responsiveness to our community. This is the third year that we have reduced the number of criminal offenses reported. I believe this to be a significant trend considering that national crime statistics indicate an upsurge in criminal offenses reported.

One area of alarm that we are presently addressing and hope to reduce is armed robbery. Three armed robberies and one attempt were reported in 1980. We participated in a seminar sponsored by the Carroll County Trust Company and are working with the Mount Washington Valley Chamber of Commerce to coordinate future seminars addressing crime prevention techniques.

The Department continues to address the burglary problem primarily through highly visible and active patrol application. The community experienced a total of 191 commercial and residential burglaries in 1980.

Larceny has become a very serious problem in our community. The most common theft is property stolen from parked vehicles. These thefts usually occur when valuable property is left in plain view. The best advice is to conceal the property within the vehicle or lock it in the trunk when your vehicle will be unattended for any period of time.

The total value of property lost in robbery, burglary, larceny, and auto theft was \$205,577.00 in 1980.

The motor vehicle accident statistics for 1980 are 4 fatalities, 5 pedestrian accidents, 363 property damage accidents, and 74 personal injury accidents. The Department efforts are at capacity in attempting to reduce our accident statistics. It is saddening to find that this number of persons have been killed or injured on our highways. Our efforts will continue, but we need the community's help through the use of safe and defensive driving techniques.

I am pleased to report that the final figures on the 1980 police budget disclosed that we underexpended our budget by approximately \$1,300.00 which was returned to the General Fund (see Comparative Statement of appropriations and expenditures - 1980).

The 1981 budget request contains a requested increase of \$52,777.00 or 10.8%. In general terms this provides for an increase in labor costs of \$34,828.00 and an increase in operating expenses of \$17,949.00

The labor cost increases are created by a 9% cost of living pay increase, 3% merit pay increases and an increase of \$10,000.00 in contract services. The \$10,000.00 increase in contract services is part of a total \$30,000.00 which is completely reimbursed by the firm contracting the services.

The increase in operating expenses reflects the impact of inflation on energy costs and increases in the cost of employee benefits.

The department will not increase personnel in 1981. The present complement is 16 sworn police officers and 6 civilian employees.

I am asking for your commitment to enter into a lease/purchase agreement with Motorola Communications for the purpose of acquiring a "Communications Console" for the Department Dispatch Center.

The acquisition of this equipment will provide us with the ability to tape record radio and telephone communications, consolidate several radio units into one piece of equipment and add frequencies which we do not have at the present time. This piece of equipment will meet the needs of our department well into the future. More importantly it will not become outdated and may be added to as the town and town services grow.

This piece of equipment will be offered in a special article.

I wish to express my gratitude to the Conway Police Commissioners and the many individuals in the town that supported my attendance at the 121st session of the F.B.I. National Academy in Quantico, Virginia. The three month training program was academically challenging and personally rewarding. The application of this training will enhance my attempt to provide our community with the most efficient, economical and professional law enforcement agency in our state.

Respectfully,
Donald S. Lance, Jr.
Chief of Police

PLANNING BOARD

In its final year as an appointed board, the Conway Planning Board worked a full agenda. It conducted a total of fifty-three meetings:

27 Subdivision consideration meetings

14 Work meetings to renew proposed changes to the zoning ordinance, subdivision regulations and road specifications.

4 Public hearings regarding zoning ordinance changes and Planning Board abolishment (1980 warrant article).

2 Flood plain variance hearings.

6 On-site inspections.

A summary of actions:

Subdivisions considered.....	38
Total acres subdivided.....	1094
Lots approved.....	86
Multi-dwelling units approved.....	142
Lot line adjustments.....	10

Total appropriation 1980.....	\$7150.
Total expended.....	\$7351.
Overexpenditure.....	\$ 201.
Returned to Town Treasurer in fees and charges.....	\$2114.

Personnel turnover, although not a major problem, was a factor affecting board efficiency. Following the 1980 Town Meeting, Mr. Jay K. Hounsell completed his appointment and term as Chairman, and Mr. John Small resigned. They were replaced by Mr. Glenn R. Saunders and Mr. Bayard W. Kennett.

Holdover members of the board were Mr. Paul D. Whetton, Mrs. Pauline Hall, Mrs. Marlis Whittier, and Mr. Robert Twombly. Mr. Charles V. Sturdivant, Chairman of the Board of Selectmen, served as an exofficio member.

Mr. Robert Towmbly found it necessary to resign in early June and was replaced by Mr. Douglas Swett. Mr. Swett subsequently resigned due to an out-of-state work assignment and was replaced by Mr. Edward J. Poliquin. Mr. Thomas Steele was appointed as an alternate member.

The updating of our 1966 Master Plan is a prime concern of this board. A steering committee has been established and is scheduled to complete this task in 1982. Planning Board members, Mr. Kennett and Mr. Saunders, have accepted assignments on the Master Plan Steering Committee.

This work will require an increase in the Planning Board appropriation for 1981 and 1982. These additional funds, totalling approximately \$9,200 each year, will pay for additional secretarial services, the cost of conducting an attitude survey and the contract charges by North Country Council. Although this \$18,400 is far less than the cost of our 1966 Comprehensive Master Plan, one should realize that this updating procedure should be repeated at least every ten years.

I wish to acknowledge the fine cooperation this Board has received from all the town officials who responded to our call for support of the Master Planning Project.

And finally, thanks should be extended to each member of the board for the many hours invested and the difficult decisions they were required to make.

Respectfully submitted,
Paul D. Whetton
Chairman
Town of Conway Planning Board

REPORT OF FOREST FIRE WARDENS AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your business, Our business, Good business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

REPORT OF CONSERVATION COMMISSION

The Commission met several times throughout the 1980 year. Less time was spent this year on dredge and fill applications due to fewer being submitted. The majority of the Commission's time involved three major items: firewood for town residents from town owned land, surveying the East Conway Common Land and a Town Wetland Ordinance.

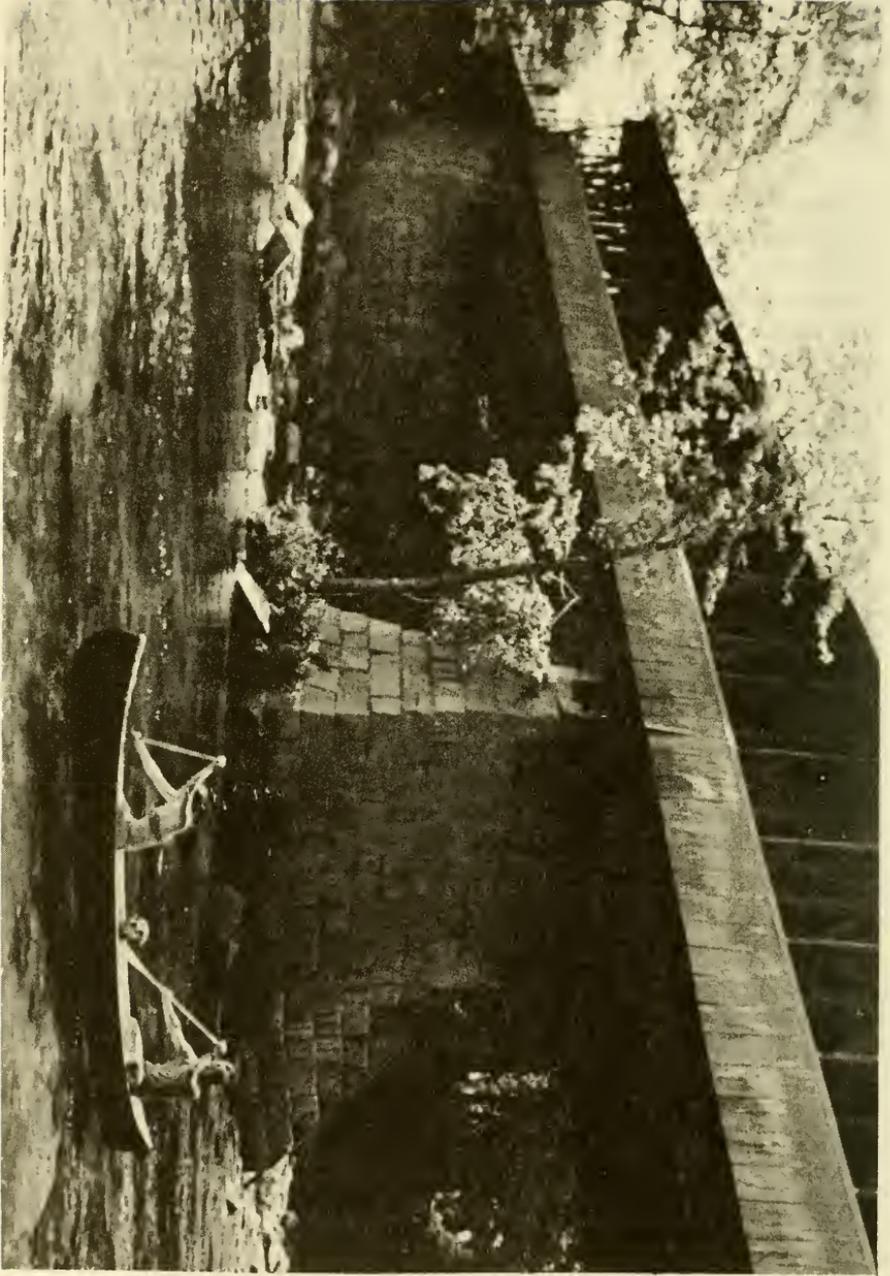

The Commission felt a need to identify a parcel of land and develop a procedure whereby town residents could harvest firewood at no cost or at least with only minimum cost to them. The Conway Common Land off Hurricane Mountain Road (906 acres) was identified as a good wood source and a forty acre parcel was laid out with a road network. The Soil Conservation Service marked the roadway, keeping proper distance from brooks and taking care not to have too steep a slope so as to reduce erosion possibilities. After the road was completed in August it was closed by the Selectmen as a result of the land being in a public watershed of the North Conway precinct. Although there was no visible soil erosion the state law prohibits road construction without a permit in a public watershed area. The Commission will continue to pursue a permit so townspeople may harvest firewood in this area.

Surveying started on the Common Land in East Conway. This will be a long delicate job due to the need to search all the deeds of land-owners surrounding the two parcels. Plans are to have one parcel completed in 1981.

A Wetlands Survey of Conway was completed by the Conservation Commission in 1980. It was felt there should be a Town Wetland Ordinance to protect these parcels since they are beneficial and a natural resource in the town. A Wetland Ordinance is being proposed for the March 1981 Town Meeting.

Whitaker Woods has become internationally known for its management and beauty. Tours of the town property were given to Canadian and Japanese foresters during the summer months. Other town governments have also been interested in the multi-purpose use of this 136 acre tract purchased by the Town of Conway in 1971 and 1979.

REPORT OF LIBRARY TRUSTEES

1980

There was a marked increase in the use of the library in 1980. Circulation rose 14 percent, from 32,162 in 1979 to 36,792 in 1980, and the number of research and reference questions answered 45 percent, from 1,427 in 1979 to 2,072 in 1980. Attendance in the reading room increased 12 percent, from 4,936 in 1979 to 5,537 in 1980. Improved publicity in the local newspapers about library resources and activities may partially account for the library's growth.

The library is open Monday 10 to 5 and 7 to 9, Tuesday, Wednesday and Thursday 2 to 5 and 7 to 9, Friday 10 to 5 and Saturday 2 to 5.

The library is a depository for talking books from the N.H. State Library. Handicapped people from any state may obtain talking books from a supplementary collection maintained in the State Library.

Of the many exhibits held in the library during 1980, that of the IBM Leonardo da Vinci's inventions was outstanding, attracting more than 1000 visitors.

A summer reading program enrolled 30 children who were encouraged to read. Over 250 books were read by these children, who were awarded paperback books as prizes.

A family health series for adults was organized by Karen MacDonald of the library staff, with professionals in health-related fields donating their time.

A reception was given in the library for town officials and volunteers, in appreciation of their support.

Amy Gardner of the library staff completed at the University of N.H. eight courses required for a Public Library Techniques certificate, and another staff member, Karen MacDonald, completed the first two courses.

Copying service is now available, as a copying machine has been purchased.

The library is now able to offer computerized bibliographies through the State Library.

In recognition of her outstanding contribution to N.H. libraries, Margaret Marschner, Librarian, received the award of Librarian of the Year from the N.H. Library Trustees Association. She was also honored with an invitation from the N. E. Library Board to attend a seminar on systems and network, the purpose of which was to develop plans for future library cooperation in New England.

The library gratefully acknowledges many gifts of books, the help of Donna Deblois, a student at Kennett High School, in preparing a brochure about the History Room; and the work of the Kennett Graphic Arts Department under the direction of David Higgins, in printing posters for the health series, the brochure about the History Room, and the Leonardo da Vinci exhibit.

The librarian and the trustees are proud of the growth of the library, and are deeply grateful to the fine staff and to the volunteers who help with many activities of the library, including day to day operating functions.

NORTH COUNTRY COUNCIL, INC.

TOWN REPORT

In Conway, the North Country Council has been providing general assistance and information to the Planning Board on its overall planning program. This involves consultation on revising the subdivision regulations, subdivision reviews, site review, and implementation of the zoning ordinance. The Council also assisted the Town in preparing the 1980 zoning ordinance and is assisting the Conway Planning Board by initiating a townwide Community Plan which will start approximately in early 1981. NCC is also coordinating an areawide solid waste study and is working with other interested groups to coordinate an effort to extend rail service to the Mt. Washington Valley area. A downtown improvement program for Conway Village was completed in 1979 and one for North Conway Village will be started in 1981.

North Country Council is the regional planning commission and economic development district serving the North Country. In 1980, North Country Council targeted its resources and expertise to fit the needs and problems of the towns and region we serve. In the community planning field, the Council has programmed a systematic way of handling requests from communities for assistance with a local community plan. By the end of 1981, the Council will have assisted six communities complete master plans. For its membership fee in the Council, a town can receive any of twenty-two types of assistance identified by NCC. Communities can contract with NCC to undertake special project programs which require a significant amount of time over and above the normal types of services. Sponsorship of the Municipal Law Lecture series and membership on the Environmental Law Clinic affords the Council with the opportunity to secure necessary legal information on behalf of the town. The Council has been active in a number of regional issues such as transportation, economic development, land use, and housing. In transportation, the Council has supported the restoration of rail service to the Mt. Washington Valley area and initiation of commuter air service in Berlin, assistance to the Whitefield Regional Airport, and improved highway and public transportation systems. In land use, the Council has published reports on the Role of Agriculture in the North Country, Managing Wetland, and several brief fact sheets.

The Council has accelerated its economic development program with the addition of a Business Development Director who is making direct contact with businesses to encourage them to locate in North

Country communities who have identified new industry as a need. NCC has prepared a regional industrial brochure coupled with local area fact sheets as a tool to encourage planned economic growth. As a result of these efforts, several companies have expressed an interest in locating in the region. Efforts are underway to establish a Revolving Loan Fund as an incentive for prospective industry.

In rural development, assistance has been provided to a number of communities in areas such as wastewater treatment, solid waste, water supply improvement, and other necessary community projects. A special report on Rural Development is available.

Because of the Council's activity in energy, the Governor's Council on Energy granted NCC some funds which will enable the Council to assist three targeted communities to prepare a local energy plan.

State and federal agencies and statewide groups continue to contact North Country Council for a North Country perspective on such varied issues as growth, forestry, environmental concerns, land use, and manpower training. For example, in June, the Council presented testimony to a special legislative committee on proposed changes needed in the state's planning and zoning legislation. Association with these groups provides NCC with the opportunity to share some of the regional and local concerns expressed by the towns with those state and federal agencies whose decisions will impact on the region. The Council continues to work with other regional councils in New England through the efforts of its President who serves as a Board member of the National Association of Regional Councils.

The efforts and accomplishments of the Council are a collection of the many contributions of local towns, other agencies, our fine staff, the Board of Directors, and the Executive Committee. We express our appreciation to the Town for its support and assistance during the year. North Country Council is an arm of local government in the North Country. Please contact us at 823-8108, if the Council can be of service to your Town.

WATER SAFETY REPORT

Pre-registration for Water Safety classes was held once again last summer, and it was a big help, eliminating a great deal of first day confusion. We plan to continue the system, and thank all those townspeople who expend the extra time it takes to pre-register.

In a change from previous years, two four-week sessions were held at Conway Lake, and only one session was held at Echo Lake. Although communication problems initially led to an undesirable location for our lessons at Echo Lake, a more suitable location was found and cleaned up, thanks to the efforts of volunteers and park personnel. The problem of inadequate access to a raft remained, however. Space at the Conway Lake site is very limited and further expansion of the program at this area does not seem feasible unless some improvements could be made to the site.

The instructors are to be commended for doing an excellent job: at Echo Lake, Nancy Gregory, Tracy Gardner, Cindy Johnson and Sheryl Lowd; at Conway Lake, Session I: Kathryn Burnell and Ellen Gardner. Session II: Tracy Gardiner and Cindy Johnson. Mary McPherson again taught the North Conway Day Care Center children at Echo Lake. Approximately 210 children attended classes. Expenses were as follows:

\$1,293.26	Wages
230.22	Travel
79.28	Employer Social Security
<hr/>	
\$1,602.76	Total

Next year there will be no age restrictions for lessons. However, each child under six must be accompanied by a parent or guardian, and the child must be ready for a group experience.

In an effort to assist anyone planning summer activities ahead of time, here are the dates for next summer's Water Safety Program:

Registration: June 13th
Session I: June 29 - July 24
Session II: July 27 - Aug. 21

Respectfully submitted,

REPORT OF THE NEW HAMPSHIRE MUNICIPAL ASSOCIATION

The New Hampshire Municipal Association has existed since 1957. It is a non-partisan, non-profit organization whose 223 member cities and towns share a common interest in better local government.

NHMA provides a wide variety of services to its member communities. Among the services provided are: legal services, technical assistance, group insurance programs, personnel services and representation of municipal interests before federal, state and administrative bodies.

The ultimate goal of these services is to help elected and appointed officials provide more efficient and effective government at the local level. In its representation of municipal interests before the state legislature, one of the primary goals of the Association is preventing excessive property tax burdens being placed on local governments.

NHMA also conducts many workshops and seminars dealing with local needs and problems. These include programs on such topics as municipal liability, welfare administration, assessing, land use and planning law, budgeting and labor relations. The biggest and most important learning opportunity offered by NHMA is its annual meeting. Held every fall, this meeting provides local officials with valuable program sessions designed to give local officials ideas and information they can put to use in their communities for the people they serve.

Further information about the New Hampshire Municipal Association can be obtained from the Board of Selectmen, or by contacting NHMA offices at 193 North Main St., Concord, N.H. 03301.
