## HANOVER FINANCE COMMITTEE

### THIRTEENTH ANNUAL REPORT

The Hanover Finance Committee wishes to repeat the statements made in its report a year ago relative to (1) the sound financial condition of the three municipal units, (2) the necessary increase in wages and salaries in order to maintain the personnel for our municipal services, (3) the drastic decrease in receipts from automobile permits, and (4) the wisdom of the policy of setting up capital reserve funds to cushion the post-war demands for replacing worn out equipment.

The financial results for 1944 differed in a few respects from what had been anticipated. For the second year in succession the Town closed the year with an unexpected balance of about \$8000 on hand. This is explained to a large extent, as it was a year ago, by the decrease of \$2,800 spent on highways due to inability to get labor, the unforeseen decrease of about \$1,700 spent on town poor, and the unexpectedly large receipts from property taxes of \$2,600 in excess of estimates.

In the case of the Precinct, the financial results of the year 1944 may be misleading. Although there appears to have been a balance of \$500 left over, it is a fairer picture of the actual situation to record the results as an operating deficit of about \$1,500. Most precinct expenditures by departments showed insignificant variations from the sums budgeted. In the case of the fire department, however, expenditures were \$940 in excess of the budget. Other expenses which exceeded budget appropriations were about \$300 each on fire hydrant rentals and on health and sanitation—the latter for a survey of sewers. The balance on hand is explained largely, therefore, by the fact that the \$2,000 which was appropriated for new fire equipment in case it should be available—instead of setting up a capital reserve fund, as the Town did—was largely spent on current operating expenses of the fire department, and less than \$500 on new equipment. This experience demonstrates both the danger of preparing for post-war equipment needs by excessively large current appropriations, and the complete sound-

ness and wisdom of the policy of setting up capital reserve funds which can be used only for the purpose of replacing worn out equipment after the war. A post-war capital reserve fund of \$4000 is therefore proposed by the Precinct for the subsequent purchase of new equipment.

Receipts from certain state collected taxes are difficult to estimate accurately and it is fortunate if one bad guess offsets another. In 1944 the savings bank tax yielded \$400 more than was estimated; a year previous it yielded \$700 less than the estimate. The interest and dividend tax receipts have been over-estimated in each of the last two years—in 1944 by nearly \$800. The more conservative estimate of \$13,000 is suggested for 1945. Much satisfaction may be derived from the remarkably accurate estimate for 1944 of the rapidly dwindling receipts from automobile permits, now only \$2,500. The same method of estimating suggests a figure of \$2,000 as probable in 1945. In understanding the increasing reliance upon the property tax as a source of local revenue in war time, it is well to be reminded that pre-war receipts from automobile permits were \$7,800 in 1941-42, whereas the estimated \$2,000 for 1945 shows a decrease of \$5,800, or 75%, in four years. The savings bank tax likewise is down from \$3,475 in 1942-43 to an estimated \$1,000; interest and dividends from \$15,887 to an estimated \$13,000, and high school tuitions from \$8,761 to an estimated \$6,500.

In comparing Town and Precinct budgets proposed for 1945 with either the budget or the actual expenditures for 1944, it should be noted that figures for 1944 are for an eleven months' period only, while those for 1945 are for a full year and many of the items therefore should be expected to be nine per cent larger.

In some cases where expenditures last year were below the sums budgeted, it was due to inability to secure labor, as on highways and for pine blister rust (under "Other Accounts"). Nevertheless, \$200 has been included for this last item for 1945 and the highway figure has been placed at \$12,500 as compared with an average pre-war figure of about \$16,000. Payments for old age assistance and for Town poor are expected to be higher than they were in 1944. On the recommendation of the Chamber of Com-

merce, an item of \$200 is included as a Town contribution to the Dartmouth-Lake Sunapee Region.

The policy is continued of building up a capital reserve fund for the purchase of needed Town equipment after the war. Since the \$4,000 capital reserve item which is included for 1945 will build up this Town fund to \$12,000, it is believed that this should constitute a reasonably adequate capital reserve for Town post-war equipment.

Another Town expense worth comment is the anticipated decrease in the County tax, (due to a current surplus). Finally, mention should be made of the fact that although the total amount spent on highways has decreased about \$4,500 or 25% since 1941, and although the total wages paid out for work on Town highways decreased \$3,700 from 1941 to 1944, the wages per hour are now considerably higher than they were in 1941.

On the revenue side, few items demand comment. Three taxes yielded more than was estimated in the 1944 budget: poll taxes \$250, property taxes \$2,500, and the savings bank tax \$400 in excess of estimates.

Changes in the School District budget for 1945-46 appear to be insignificant both in the total sum asked for and in most of the individual items. Nevertheless, certain changes worth mentioning are hidden in the over-all figures. In particular, although the total amount budgeted for teachers' salaries remains about the same, the fact is that the salaries of nearly all of the teachers are being increased by a total of \$2,825. This proposed increase, taken in conjunction with the 7.8% increase reported a year ago, will result in an average increase of 13.7% in salaries over those of two years ago. The salaries of janitors and of the school nurse have been increased by \$600.

These salary increases have been made possible without materially affecting the total School budget largely because of the marked decrease in payments of principal and interest on School District bonds. Grade School bonds were fully paid off in 1944 with a resulting saving of \$4,000 in payments on principal and \$675 in interest as compared with two years previous.

Furthermore, this situation makes it seem advisable to set up a

reserve fund for the post-war purchase of a school bus. While the legal situation is not entirely clear, the Finance Committee recommends to the School District that \$1,000 of the \$1,100 budgeted for "New Equipment" be set aside for a capital reserve for post-war equipment purchase. If the establishment of such capital reserve is not legal before June 30, 1945, the \$1,000 is to be applied to the reduction of the school tax for 1946-47. This would make current additions of \$9,000 to reserve funds of the three municipal units for the purpose of meeting post-war needs for new equipment.

Finally, the income which is estimated to be received from out-of-town pupils for High School tuition has been reduced for next year by \$700, due to the anticipated decrease in the number of pupils expected to enter from Lyme. It is very difficult to estimate accurately the number of out-of-town pupils which may be enrolled in Hanover High School or to estimate the effect of such enrollment on budget receipts. Nevertheless, it is clear that for the nine-year period since the High School was built the estimates of tuition receipts have been so conservative that actual receipts from this source have exceeded budget estimates by an average of \$645 per year. More liberal estimates of tuition receipts clearly are necessary in order to reflect more accurately the true operating expenses of the schools. It would be sounder policy to operate occasionally at a deficit if more liberal estimates of tuition receipts resulted occasionally in actual receipts falling below estimates.

Finally, two changes are to be noted in the method of reporting the financial results of the School District. First, in the financial report, the amount budgeted and the actual expenditures and receipts for the last completed year will be shown in parallel columns. This is not possible for each current year, since the school year ends in June; but it has not previously been done even for the preceding year. Secondly, a complete report is being published in the Superintendent's Report of the financial accounts of the High School Activities Association because of the public interest in these activities.

In order to bring the rate of discount on tax bills more nearly in line with prevailing rates of interest, the Finance Committee rec-

ommends to the three municipal units that the discount rate be reduced from 3% to 2%.

The probable effect of the proposed budgets on tax rates is shown in the following table.

	TAX RATES					Est.
	1933	1935	1939	1941	1944	1945
Town	83	1 17	96	79	82	72
Precinct	62	57	56	54	53	64
School	1 10	1 48	1 51	1 51	1 46	1 46

WARRANT  
THE STATE OF NEW HAMPSHIRE

Grafton, SS      Town of Hanover

To the inhabitants of the Town of Hanover in the County of Grafton, in the State of New Hampshire qualified to vote in town affairs:

You are hereby notified to meet in the Gymnasium of the High School in said Hanover on Tuesday, the Thirteenth day of March next, at ten o'clock in the forenoon to act upon the following subjects:

*First:* To choose by Non-Partisan Ballot the following Town officers:

one Selectman for three years  
one Selectman for two years  
one Town Clerk  
one Treasurer  
one Library Trustee  
one Trustee of Trust Funds

*Second:* To see if the Town will vote to support United States membership in a general system of international cooperation, such as that proposed at the Dumbarton Oaks Conference, having police power to maintain the peace of the world.

*Third:* To hear the reports of the Selectmen, Treasurer, Auditors and other Town officers and pass any vote relating thereto.

*Fourth:* To raise such sum of money as may be necessary to defray town charges for the ensuing year and to make appropriation of the same.

*Fifth:* To elect by majority vote the following Town officers:

Two Auditors

One Member of the Advisory Assessors Board

Three Fence Viewers

Two Surveyors of Wood and Lumber

Other necessary Town officers

*Sixth:* To see if the Town will vote to authorize the Supervisors of the Check List to close registration for the check list on the Saturday before annual and biennial elections.

*Seventh:* To see if the Town will vote to place under gates and bars that section of the Wolfeboro Road from Goose Pond east to the Canaan Town Line.

*Eighth:* To ask the Town to vote to place under gates and bars that road starting from the Lower Reservoir east to the Upper Reservoir, then south to the junction road—Napoleon Monica to Emmet Marshall.

*Ninth:* To see if the Town will vote to elect our Highway Agents by ballot—to become effective in 1946.

*Tenth:* To transact any other business that legally may be brought before said meeting.

Polls will be closed at three o'clock.

Given under our hands and seals this Twenty-sixth day of February in the year of our Lord Nineteen Hundred Forty-five.

ANDREW G. TRUXAL,

ROBERT J. PUTNAM,

NILES A. LACOSS,

*Selectmen of Hanover*

A true copy of Warrant, attest:

ANDREW G. TRUXAL,

ROBERT J. PUTNAM,

NILES A. LACOSS,

*Selectmen of Hanover*

## ABSTRACT FROM THE TOWN CLERK'S RECORD

A legal meeting of the inhabitants of the Town of Hanover was called to order by Edgar H. Hunter, Moderator, on March 14, 1944, at 10:00 A.M.

The Town Warrant was read by the Clerk, L. Leroy Blodgett.

It was voted that the polls for the election of delegates be closed at five o'clock.

The Town Report was accepted as printed.

The following officers were elected by Non-Partisan Ballot:

Horace E. Hurlbutt, Selectman, for three years

Martha C. Fuller, Library Trustee, for three years

H. C. Edgerton, Trustee of Trust Funds, for three years

L. Leroy Blodgett, Town Clerk, for one year

Ethel C. Bond, Treasurer, for one year

The following officers were elected by ballot:

David C. Rennie and Donald L. Barr, Auditors, for one year

Thomas E. Ward, Member of the Advisory Assessors Board, for three years

Leon G. Hayes, Elmer A. Dana and Vincent C. Harris, Fence Viewers, for one year

Harvey N. Camp and William H. Hart, Surveyors of Wood and Lumber, for one year

*Voted:* That in addition to the State, County, Highway, and regular Poll Taxes required by law, the Town raise the sum of Twenty-one Thousand Seven Hundred Four Dollars (\$21,704) and appropriate said sum and all other moneys which may be paid into the Treasury, and which are not required by law otherwise to be expended, in accordance with the budget and report as presented by the Selectmen.

*Voted:* That the Town of Hanover create a Capital Reserve Fund for the future purchase of equipment, in accordance with Chapter 160 of the New Hampshire Laws of 1943.

*Voted:* That the Moderators of the Town, School District, and Precinct appoint a Hanover Commission on Post-War Planning and Rehabilitation to study the long-time future needs of the three governmental units, and to work in co-operation with the State Council on Post-War Planning and Rehabilitation and such Commission be requested to report at the next regular Town Meeting.

*Voted:* That upon all taxes on real and personal property, paid within fifteen days after the date of the tax bills, or on or before July 15, 1944, whichever is the later date, a discount of three per cent be allowed the taxpayer.

*Voted:* That the Selectmen be authorized to borrow such sums of money as may be necessary to meet the Town's obligations until the taxes are collected and paid into the treasury.

L. LEROY BLODGETT,  
*Town Clerk.*

## HANOVER TOWN LIBRARY REPORT

for the

Year Ending December 31, 1944

During 1944 the Hanover Town Library was open the usual number of days with the exception of two days due to the illness of the librarian.

It has been our object this year to increase our service to the school-age readers. With this in mind, early in the year the Trustees voted to charge no fines against the school and to give an extension of three days to all borrowers to enable them to return the books without fines.

The number of books loaned is slightly smaller than last year. It is interesting to note that a large per cent of the books borrowed by both adults and juveniles have been non-fiction. We are pleased to find that so many of our new juvenile non-fictions are being used and appreciated.

Owing to the present war conditions and paper shortage we have not been able to get all of the books we have ordered and have not received notice of the cancellation of our orders in time to re-order before the close of the year.

It is the plan of the Trustees for the coming year to bring our

World Book Encyclopedia up to date and to continue purchasing more extensively along the same lines as this year.

We are very grateful to Miss Goodwin of the Bookmobile for her help in furnishing lists to guide us in our selection of juvenile books.

Respectfully submitted,

HELENE A. POLAND,  
MARTHA T. FULLER,  
ADNA L. CAMP,

*Trustees of Hanover Town Library*

### LIBRARIAN'S REPORT

February 1, 1944 to January 1, 1945

Stock		
Number of volumes in Library		4 590

## ETNA FIRE ASSOCIATION

## SECRETARY'S REPORT, 1944

The Annual Meeting of the Etna Fire Association was held at its Station House on August 1, 1944, presided over by the President, Clifford R. Elder.

The following officers were elected:

President—Clifford R. Elder  
Vice-President—James Spencer  
Secretary and Treasurer—Harley H. Camp  
Chief—Adna L. Camp  
First Engineer—Harvey N. Camp  
Second Engineer—Leon G. Hayes  
Maintenance—Morris H. Hayes  
Henry A. Thompson

We are glad to report the past year has been good, in many ways. There have been few bad fires. Our personnel has been kept up. The Fire Station back wall has been repaired, and a few small articles of equipment have been added. The Fire Department has responded to 11 calls: 1 house, 9 chimneys, 1 grass fire.

Since January 1, 1944, ten regular meetings have been held, with an average of three-fourths of the members in attendance. Our Maintenance men have kept the equipment in readiness for service. There is also a personal interest taken on the part of all to keep up the efficiency of our department. While there are some things very much needed, such as a heavier pumper, with a container for water supply, portable to isolated places, this and other items are to be hoped for when conditions permit. Harvey N. Camp, the Fire Warden appointed by the Town for our district has been very cooperative and thorough in his responsibility.

In the Spring of 1943 it had become apparent that something must be done to reinforce the back wall of our fire station from the action of flood waters of Mink Brook, which had already caused some damage. The Association appointed Alvin A. Poland and the Secretary as a committee to have the responsibility of making plans and the execution thereof for necessary repairs. At a

later date men and trucks volunteered to bring gravel for the job. Owing to the early coming of cold weather along with many other conditions caused by the war, we were not able to get help until this last summer. Under the leadership of Mr. Poland and the cooperation of others, some of whom were not members of the Association but because of their interest and willingness to help, the Association was very greatly benefited and the project was completed more quickly and in a more thorough manner.

In all fairness to those taking part, we are happy to call your attention to certain facts that should be known by not only those in our own community and outlying districts, but to all taxpayers of the town. This is definitely a town matter since the town owns the building and helps to maintain our fire department. To Mr. Poland as leader and chairman and to Mr. Myron Trumbull, both of whom have had unlimited experience in cement work, we are greatly indebted. Including those helping but not members are Mr. Myron Trumbull, Mr. Niles A. Lacoss, Mr. and Mrs. Edward Millen, Mr. W. H. Trumbull and Company, and others. The town furnished lumber for forms and cement, and the work was done by members and many friends. Our Association President, Clifford Elder, and Fire Chief, Adna L. Camp, gave freely of their time to help the undertaking. The working hours amounted to well over one hundred. Then taking into consideration the fact that at such times there is a keen incentive to do, be and give your best in love for the ultimate good, one can readily see the efficiency might be increased by a modest estimate of fifty per cent.

To all who by any means have helped in any way, in behalf of the Etna Fire Association may we express our sincere appreciation.

## MARY HITCHCOCK MEMORIAL HOSPITAL

During the year January 1, 1944 through December 31, 1944 the Hanover Free Bed Fund in the Mary Hitchcock Memorial Hospital, Hanover, New Hampshire, has rendered 478 days' service to 32 residents of the Town of Hanover, New Hampshire.

The portion of Free Bed Funds allotted by the Trustees to the Town of Hanover, together with an appropriation by the Town, brought the total allotment this year to \$2,650.00.

The charges at the minimum hospital rates for services rendered to these patients during the period amounted to \$2,470.74.

JAMES CAMPION,  
*Acting Superintendent*

## FOREST FIRE WARDEN'S REPORT

Another year has come to a close and your Warden is pleased to report a very successful one.

No serious fires of any nature have occurred and may I thank my deputies, my chief, the State Department and, most of all, the citizens of Hanover for the whole-hearted support they have given me.

It is this fine support which has given Hanover such a clean record.

We have added some head lanterns to our equipment this year which enables a man to use both hands in fighting at night.

Let us keep up the good work so that when our boys come home with victory they may find "their forests" green and peaceful.

Thank you.

J. WALTER FERSON,  
*Forest Fire Warden*

## ANOTHER ENEMY TO CONQUER

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.
2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.
3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.
4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.
5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.

## KEEP NEW HAMPSHIRE GREEN

## AUDITORS' REPORT

We have examined the foregoing accounts of the selectmen, town treasurer, collector of taxes, town clerk, judge of the municipal court, and trustees of trust funds for the year ending December 31, 1944, and find them correct and all disbursements supported by proper vouchers.

DAVID C. RENNIE,  
DONALD L. BARR,

WARRANT  
THE STATE OF NEW HAMPSHIRE

Grafton, SS      Town of Hanover

To the inhabitants of the Village Precinct, in the Town of Hanover, in the County of Grafton, in the State of New Hampshire qualified to vote in Precinct affairs:

You are hereby notified to meet in the Grade School Auditorium in said Village on Friday, March 16th, 1945 at 7:30 P.M. o'clock, to act upon the following subjects:

*First:* To choose by ballot a Moderator to serve for one year.

*Second:* To choose by ballot a Clerk to serve for one year.

*Third:* To hear the report of the Precinct Commissioners, Treasurer, Auditor, and other Precinct Officers and pass any vote relating thereto.

*Fourth:* To raise such sum of money as may be necessary to defray Precinct expenses for the ensuing year according to the proposed budget for 1945 and make appropriation of the same.

*Fifth:* To see if the Precinct of Hanover will vote to create a Capital Reserve Fund for the future purchase of equipment, in accordance with Chapter 160 of the New Hampshire Laws of 1943.

*Sixth:* To choose by ballot a Treasurer and an Auditor, each to serve for one year; and one Precinct Commissioner to serve for three years.

*Seventh:* To transact any other business that may legally come before said meeting.

Given under our hands and seals this First day of March, 1945.

GORDON H. GLIDDON,  
WILLIAM H. McCARTER,  
JOHN S. GOULD,  
*Commissioners*

A true copy of warrant, attest:

GORDON H. GLIDDON,  
WILLIAM H. McCARTER,  
JOHN S. GOULD,  
*Commissioners*

Hanover, N. H.  
March 16, 1944

A meeting of the voters of the Village Precinct of Hanover, New Hampshire, was called to order at 7:30 o'clock. The Warrant was read by the Clerk.

Article 1. Donald L. Stone was elected Moderator for a term of one year.

Article 2. Ira W. Leavitt was elected Clerk for a term of one year.

Article 3. *Voted:* That the Precinct Report as printed, including the reports of the Commissioners, Treasurer, Auditor and other Precinct officers be accepted.

Article 4. *Voted:* That the Village Precinct of Hanover, New Hampshire, raise the sum of twenty-six thousand dollars (\$26,000.00) and appropriate said sum and all other moneys which may be paid into the Treasury, to defray the expenses of the Precinct for the year ending December 31, 1944, according to the budget and report as presented by the Commissioners.

Article 5. Ethel C. Bond was elected Treasurer for a term of one year. Clarence W. Cofran was elected Auditor for a term of one year. John S. Gould was elected Precinct Commissioner for a term of one year. Gordon H. Gliddon was elected Precinct Commissioner for a term of three years.

Article 6. *Voted:* That upon all taxes upon real and personal property paid within fifteen days after the date of the tax bill or on or before July 15, 1944, whichever is the later date, a discount of three per cent be allowed the taxpayers and that the Commissioners be authorized to borrow such sums of money as may be necessary to meet the Precinct's obligations until the taxes have been collected and paid into the Treasury.

There being no more business to come before the meeting, it was moved to adjourn.

IRA W. LEAVITT,  
Clerk

## AUDITOR'S CERTIFICATE

Hanover, New Hampshire  
January 26, 1945

I have examined the accounts of John S. Gould, G. H. Gliddon, and W. H. McCarter, Precinct Commissioners, for the period of eleven months, February 1, 1944 to January 1, 1945, and I find them to be correctly kept and supported by proper vouchers.

CLARENCE W. COFRAN,  
*Auditor*

## REPORT OF POLICE DEPARTMENT

January 1, 1945

To the Board of Commissioners of the Village Precinct of Hanover,  
New Hampshire:

## ROSTER OF THE DEPARTMENT

1. Andrew J. Ferguson, Chief
2. Charles F. R. Stone, Patrolman
3. Archie H. Thorburn, Patrolman

*Special Officers*

- |                        |                         |
|------------------------|-------------------------|
| 1. Harry Andross       | 11. Henry S. Knox       |
| 2. Robert Agan         | 12. Francis T. LaBounty |
| 3. Rufus J. Bruce      | 13. Wilfred J. Larty    |
| 4. Harley H. Camp      | 14. Fred C. Lee, Jr.    |
| 5. Sylvio J. Desroches | 15. Eugene F. Lorden    |
| 6. Alfred J. Gauthier  | 16. Dana Leavitt        |
| 7. Howard G. Gowitzke  | 17. Louis Pregent       |
| 8. Seymour Hazen       | 18. Carl Palmer         |
| 9. Edward G. Hobbs     | 19. James Q. Robie      |
| 10. Ellis W. Holmes    | 20. Francis Tuxbury     |

The department called for assistance from Lebanon, White River Junction, Vermont, Canaan, Enfield, Woodsville and Lisbon police departments, uniformed officers numbering fifty (50) to assist at various College events during the year.

*Auxiliary Police*

The auxiliary police have not been active in the past year; however, the following officers are considered members and ready to assist in any emergency.

- |                     |                     |
|---------------------|---------------------|

Violation of U-Turn	55		
Violation of Taxi Ordinance	4		
	273	222	23

Comparing police activities with recent years the record reveals somewhat the same pattern with one notable exception: fifteen violations of the firearms ordinance in the Precinct. It was mostly teen-age activity.

The record itself does not account for the hours of routine and preventive police work that make up a major portion of the department's responsibility. This past year investigations for Federal, State and other law enforcement agencies have reached an all-time high. This is due to our inter-relations with war-time conditions throughout the nation.

Voluntary cooperation on the part of citizens has been extremely gratifying to everybody concerned with law enforcement. It is difficult to express our appreciation for this fact, but we do take this opportunity to try to do so. It is the real answer to an orderly and livable community.

Respectfully submitted,

ANDREW J. FERGUSON,  
*Chief of Police*

## REPORT OF THE FIRE DEPARTMENT

Hanover, New Hampshire  
January 1, 1945

During the past year, the largest number of fires were due to grass, brush, and leaves (9), and to chimneys (7). These figures indicate that the Community should be particularly careful in regard to burning grass and leaves, and then only when permission has been obtained. Chimneys should receive attention at least once per year.

The Nugget fire of last year was the largest one since 1937.

It is impossible for the Department to meet all the requests for the burning of grass, for several reasons. First, the men volunteer their time and services for this work, over and above their regular work and drills. Then too, the time in which the burning can be done is short and limited. This fact, coupled with the uncertainty of securing a sufficient number of volunteers, makes it imperative to burn over only the most hazardous places. Thirty acres were cared for in this manner.

The drills were well attended this year, and as usual the attitude of the men was excellent. They were eager and willing to learn the skills and techniques which would make them better firemen, and their seriousness of purpose was evident at all times.

In these war days we are confronted with the problem of a rapid turn-over of men. We no sooner have one group of men become familiar with the various procedures of fighting fire, than we have to try to secure new men and start the process all over again. Such a condition is the result of the demands of war, with all its ramifications, upon our personnel. But the new men are doing their best to keep the work of the department up to standard. Everybody realizes that you cannot make a fireman in six easy lessons, it takes time—years.

The task of teaching the new men, as well as refreshing the work of the older men, is made easier because of a planned and progressive program for both the indoor and outdoor drills.

Several of the members volunteered for extra drills out-of-doors with the pumps. The spirit of these men should be com-

mended, and their efforts will benefit both the department and the community.

A new hose drier is now located in the station. This piece of equipment will dry the hose much quicker, and keep it in better condition. Some new hose has also been purchased.

This last year Alfred Duclos, John H. Conners and Sten Olson have been taken into the Armed Forces of the Nation. Letters and cards have been received from former members of the Hanover Volunteer Hose Company, from both the European and Pacific Areas.

The members of the department again wish to express their sincere thanks to the people of the Community for their spontaneous generosity with regard to the Children's Xmas Party. This year's party was so well attended, both on the trucks and at the station, that for the sake of safety, slightly different arrangements will be made another year.

Respectfully submitted,

BOARD OF ENGINEERS

C. H. Nott

S. C. Hazelton

Amount of 1½" Hose laid in feet	2 000	3 200
Amount of Booster Hose laid in feet	2 115	3 775
Amount of Ladders raised in feet	1 982	3 700

## REPORT OF HEALTH DEPARTMENT

January 27, 1945

To the Commissioners of the Village Precinct of Hanover, New Hampshire:

This year only 114 cases of contagious disease were reported—a marked reduction from last year's 810. Mumps appears to cause our largest epidemic with 52 cases reported, followed by 20 cases of measles, 12 chicken pox and 8 German measles.

Last Spring a mosquito control program was started. Breeding places of mosquitoes were discovered and visited several times during the warm months. As soon as spraying apparatus and oil were available these breeding waters were sprayed and resprayed during the summer as necessary. Study of the kinds of mosquitoes was made and it appears that most of the local mosquitoes are unable to spread Malaria and are simply unpleasant pests; however, there is one possible Malaria vector found here in small numbers. It is planned to begin the mosquito control program early this Spring and continue during the Summer.

In the late Summer and Fall there was an epidemic of Infantile Paralysis in the Town of Hanover and measures of quarantine and restriction of children were applied. We did not have an epidemic in the Precinct.

Bi-weekly reservoir water bacteriological examinations were made and at all times the water was found safe for drinking purposes.

Restaurant inspections, glasses' examinations, dairy inspections, milk examinations, and a few nuisance inspections have been made.

Respectfully submitted,

KENNETH N. ATKINS,  
*Health Officer and Milk Inspector*

## REPORT OF THE SCHOOL BOARD

The School Board of the School District of Hanover presents its annual report, the 91st in the series of such reports. This report contains the usual proceedings of the meeting of March 1944 and the warrant for the current year. It also embraces the financial report of the work of the department, the budget, the report of the superintendent of schools, and the appendix.

Respectfully submitted,

BOARD OF EDUCATION

## WARRANT

STATE OF NEW HAMPSHIRE, GRAFTON SS. TOWN OF HANOVER

To the Inhabitants of the School District of Hanover qualified to vote in District Affairs:

You are hereby notified to meet at the High School Gymnasium in Hanover, New Hampshire, on Wednesday, the 14th day of March, 1945, at seven-thirty o'clock in the evening to act on the following subjects:

1. To choose by ballot a Moderator, a Clerk and a Treasurer each to serve one year.
2. To choose by ballot three members of the School Board to serve for a term of three years.
3. To choose an Auditor to serve one year.
4. To hear the reports of Agents, Auditors, Committees or other officers heretofore chosen, and to pass any vote relating thereto.
5. To see how much money in addition to the amount required by law the District will vote to raise for the support of schools for the ensuing year.
6. To see what sums of money the District will raise and appropriate in addition to the receipts of the Department to apply to the payment of outstanding obligations and interest on same and to meet the needs of the Department for all other purposes as set forth in the budget.
7. To transact any other business that may legally come before this meeting.

Given under our hands and seals at Hanover, N. H., this 6th day of February, 1945.

FLETCHER LOW

KENNETH FOLEY

KATHRYN E. ALLEN

JOHN P. AMSDEN

## PROCEEDINGS OF ANNUAL MEETING

Hanover, New Hampshire  
March 15, 1944

The Annual Meeting of the School District of Hanover was called to order by the Moderator, Herbert W. Hill, in the High School Gymnasium at seven-thirty o'clock. Articles of the warrant which had been duly posted according to law were read by the Clerk, Raymond B. Baird.

The following officers were elected by ballot:

*Article I:* Moderator—Herbert W. Hill  
Clerk—Thomas C. Kirkwood  
Treasurer—Ethel C. Bond

*Article II:* Kenneth W. Foley, James F. Cusick, and Fletcher Low were elected members of the School Board to serve for a term of three years.

*Article III:* Harold G. Gordon was elected Auditor of the School District for the ensuing year.

*Article IV:* Voted: that the Annual Report of Agents, Auditors and other officers heretofore chosen be accepted as printed and placed on file was passed unanimously.

*Article V and VI:* Voted: that Articles V and VI be considered together.

*Article VI:* Moved: That the School District raise and appropriate, including the amount required by law, \$82,503.00. This amount, in addition to the unexpended balance and the receipts of the Department to be used for School purposes as follows: \$10,000.00 for payment of bonds, \$240.00 for salaries of Officers, the remainder for general expenses and improvements as set forth in the Budget. This Article was thoroughly explained by Fletcher Low, after which it was passed.

*Article VII:* It was moved and passed, that a vote of thanks be extended to Mr. John B. Stearns for his services as a member of the School Board and one of special thanks to Mr. Robert Putnam for his very faithful service over the extraordinary period of twenty-four years as a member of the board.

Voted: That upon all taxes upon real and personal property paid within fifteen days after the date of the tax bills or on or before July 15, 1944 whichever is the later date a discount of 3% be allowed the taxpayers.

Voted: To adjourn at 8:30.

THOMAS C. KIRKWOOD,  
*Clerk.*

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hanover:

The long list of annual reports of the Town School Districts and School District number one was continued after the consolidation of the two groups in 1928. This is the ninety-first such report to have been published in the long series. It is the thirtieth by a superintendent of schools and the seventeenth in the present series.

**Introductory**—The objectives for such reports are to place before the citizens the basic statistical and financial facts together with such an account of recent developments and trends as may have a bearing upon the future educational practices of the school community. This report will endeavor to approach these objectives as well as to make such observations and recommendations as seem pertinent at the present time.

**ENROLLMENT.** A review of the enrollment figures over a period of years brings out the fact that since 1920 there has been a fairly constant increase in the enrollment in the High School. During this time there have been periods of high enrollment followed by recessions, although the graph indicates that former low levels have not been reached. During these last two or three years there is a gradual decline with the likelihood that an increased enrollment will appear at a little later period. The enrollment in the elementary schools during these same years does not follow exactly the pattern of the High School. There have been high spots but in 1944 we were at about the same level as in 1928. This means, probably, that this enrollment will also increase if we are to use as one measure the number of pupils entering the first grade. It is not possible to anticipate the growth following the present temporary decline but if similar trends take place in the community as those which existed during and following the first world war it is reasonable to expect that the school population will still continue to increase. This means that it will be necessary to make provisions

for such increases and to realize that the educational costs are almost sure to rise somewhat proportionally.

Your attention is directed to the fact that the enrollment at the Hanover Center School has now reached ten. Next year that number will be still further reduced by the six sixth grade pupils to be promoted and come to the seventh grade at Hanover. There are at present no new pupils to come to that school so that the number there will be less than ten. Studies made in other school situations have led to the conclusion that it is not economically worth while to operate a school with many less than fifteen pupils, nor is it for the best interests of the pupils themselves. It is with these considerations in mind that a recommendation to close this school is made at the end of this report.

**TEACHERS.** The teacher turnover last year was much less than might be expected. This was due in part to increases in salaries and in part to the desirability of Hanover as a place in which to teach. Factors beyond the control of local agencies are certain to bring about changes in personnel. Mrs. Peck who has served the community for nine years as principal of the Grade School was relieved because of her own needs. Mr. Branch of the High School entered the Navy. Mr. Burbank accepted the headmastership of the Nute High School of Milton, New Hampshire. Other changes were those which resulted from marriages or personal desires. On the whole it has been possible to retain the services of most of our satisfactory teachers over a considerable period of time. This makes for a more stable educational situation and also adds to the steadier progress of the pupils in their school program.

**PUPIL SERVICE.** One of the ways in which to assist the pupils in feeling that they are making a contribution in the community is through the several service opportunities which arise in the school system. This idea has made it possible for the pupils themselves to undertake assignments which have added much to the success of the efforts in the several war drives. War stamps and bonds have been purchased continuously by the pupils throughout the schools. One of the teachers in the Grade building has car-

ried forward the savings system into savings for the stamps, and the student council has promoted the sale of both stamps and bonds in the High School. The increasing amounts nearing \$2,000 in the High School have made it possible to have certain equipment designated as purchased by the school for the use of the Army.

The Boy Scouts have carried on a continuous program of scrap salvage. Already they have gathered more than 70 tons of paper which is their contribution to relieve the paper shortage. The Girl Scouts have assisted also in many and varied activities. They have collected rags for the purpose of adding to this same salvage program. One of their major contributions was in connection with the summer playground work. They have also participated in the drive for the crippled children's funds. Last fall the pupils in the schools gathered more than 200 bags of milkweed pods to alleviate the shortage of that material for life saving purposes. The boys in the High School manual training shop and the girls in the domestic arts department have assisted the teachers in providing material for use in the school building. This material consists of such items as typewriter covers, book cases, cabinets and other needful equipment.

The Junior Red Cross has been organized as never before. Its members have made and forwarded many items for the Veterans Hospital at White River Junction. They have participated through this area headquarters and both the Boy Scouts and the Girl Scouts as well as several other individual pupils have served as aids at the hospital. School pupils in and out of school time are assisting in caring for Occom Pond in winter and are rendering other extra school services in the community. These duties occupy much of their spare time. All of the schools participated in the Bundle Day for the "Saving the Children Federation." The clothing collected through this plan has been distributed among the needy children of Europe.

**BUDGET.** It has been possible to operate the schools upon a somewhat restricted budget although costs have increased to a limited extent. The salaries of all employed personnel; teachers, janitors, clerks, the school nurse have taken an upward trend. This

has had a stabilizing influence so that the turnover has not been as frequent as might be expected. Transportation costs have risen a little because of increased requests from contract carriers and because of the addition of one more route. This item necessarily will continue to be a variable one because of the movements of population and because of the changing requirements of the pupils themselves, their health and their ability to travel.

**SECONDARY EDUCATION.** The enrollment in our High School in keeping with that of the High Schools of the country shows a slight reduction in attendance. This is due to the war situation although the back-to-school movement in September seemed to slow up the withdrawals. It is reasonable to assume that after the hostilities are lessened there will be an increase in High School enrollment. This will mean that there may be a demand for more drastic curricula changes than have taken place. It is almost trite to say that college success and college requirements are not the only criteria on which to judge the value of the work in the secondary school. It will become more and more apparent that with the large percentage of High School pupils finishing their purely school educational careers at the High School level that both curricula and content of courses will need to be aimed at actual living in a complex world. It is not too early to begin planning toward such an objective even in towns like Hanover. It may well be that some veterans and some displaced workers will see the need for more education. They will demand more than the restricted programs of the ordinary High School. Naturally many of them will come to the school for advice as to what is best for them in view of their past history in education, in war, in industry. This will mean the setting up of plans for advisement and suggestions of an occupational nature. To do this work effectively may require the services of a well-trained vocational and educational counselor to assist the headmaster and teachers in rendering the best advice possible. Vocational guidance should be inclusive enough to take in the whole realm of human experience and not be limited to educational guidance alone. It is in keeping with this idea that it

is recommended that some plans be set in motion to bring about this result.

**HIGH SCHOOL ACTIVITIES.** The activities program is designed to interest each boy or girl in one or more of the opportunities in the High School for self development. The interest in the Athletic events is manifested by the fact that from 175 to 200 pupils participate. There are many more who devote time to music, art, the publications, the school dramatics. All of this work involves the handling of various monies and accounts. About ten years ago it was thought advisable to have all of these accounts on a budget basis pass through the hands of a teacher custodian who would receive funds with the deposit slip and disburse all funds upon the order of the activity treasurer. This has enabled the school to keep an accounting of the several transactions and to know that all funds are properly safeguarded. Several citizens and the School Board itself have from time to time asked how the income is spent and have asked for a summary of the receipts and expenses to be published so that any citizen may know something regarding the use of the funds received. The following table attempts to give such an accounting and is submitted at this time for purposes of general information. It may not give all of the answers desired by every individual but is as complete a summary as can well be included in this report. If anyone wishes further detail it can be provided by consulting the headmaster, who has a record of all accounts.

Note: "Earned" income consists of Admissions, Guarantee, other Paid Charges and Activity Fees to the amount of \$1,005.00 from the six classes credited to the support of the general athletic program.

"Other" income is received from Benefits, Donations, and Special Projects and includes \$900.00 from the Board of Education for the support of non-athletic activities and \$200.00 from the same source for the direct support of the Cafeteria.

**ADULT EDUCATION.** It is more and more widely recognized that the work of the public schools does not stop when the youth reaches the age of eighteen years. On every horizon there have sprung up discussion groups, forums and the like attended by citizens of all types to participate in the discussion of more of the world's problems and to try to understand how to meet their own problems and obligations. It would seem entirely fitting that in a community such as ours some plan be made for adult education to meet the desires of those interested in keeping abreast of world and national movements and of those who desire to improve their own educational background.

**THE PHYSICAL PLANT.** The fact that Hanover has such an extensive and well-organized school area including rooms, buildings, and grounds has already been given wide state publicity. The grade school in spite of its age is still serving a good purpose. It will need more and more repairs as time progresses but it should serve well many years to come with some minor changes and improvements. The High School building has been in use for ten years and while some of its areas are too small as was pointed out in the original plans it serves reasonably adequately the present program. If the numbers increase and if there should be an expansion in the program some thought will be needed as to increased areas for the additional services. The grounds are well graded and organized. To serve better for its several uses and to avoid certain accident liabilities a substantial fence should be provided along two sides of the field. There is also an urgent need for bleachers for the use of spectators at the games. That portion set apart for the younger children should be provided as soon as possible with more playground apparatus of such a nature as to be available for out-of-school hours and no school days. All of these are items which should be considered in any future planning program. But, Hanover may well point with pride to its well-organized school plant. It is more nearly in keeping with what should be expected in a conservatively progressive community. As citizens let us not fail either to keep the whole plant in good repair nor to make use of its many facilities.

**HEALTH AND PHYSICAL FITNESS.** It has been more than twenty years since Hanover first had a program for the physical examination and follow-up of the physical needs of the pupils of the public schools. A trained nurse has been employed and she has been aided and directed by a school physician. More recently through the aid of the parent teachers association and the Red Cross dental care has been undertaken in the lower grades. Since the revelations of the Army and Navy rejections of draftees because of dental deficiencies the American dental association has inaugurated a check-up of the teeth of those nearing the draft age. This plan has been supported by our local dentists although their time is so limited that the complete plan is not in full operation. Health lessons are a part of the regular school curricula extending to the science classes in the High School. The content of the courses includes personal care, cleanliness, care of teeth, proper diet, and safety. All of these measures are in the right direction. The whole physical program will not be complete until some adequate steps are taken to provide a plan for physical and recreational training. This would mean that the school physician, the school nurse and a physical director could work together to aid in the physical well-being of the boys and girls and help them to overcome some of their physical deficiencies. The employment of such a person should not be too long delayed. The whole program should be made a component part of the larger school program so that it would become an even better well-rounded school organization.

**PLANNING COMMITTEE.** The action of the Board in appointing a sub-committee on Planning was a move in the right direction. If such a committee works in cooperation with the larger planning group the interests of the schools in the major plan will not be overlooked nor allowed to take only a minor role. Long term planning will need to consider such items as population trends, further consolidations, expanded school program, the need and desirability of a kindergarten, teachers' salaries, and the school plant and a school budget in keeping with Hanover's ability to pay. It is then commendable that action has already been taken by the Board along these lines. While no long-term plans can envision

the myriad of changes and unpredictable events which may take place, cause modifications, it is at least a start in the right direction.

**POST-WAR EDUCATION.** It has been my privilege to serve the past year with a group considering what should be the educational plans for New Hampshire when the war is over. This study supported by much evidence and by other investigations points toward an even more comprehensive educational program. The majority opinion is that there will still need to be the teaching of the basic skills of learning, the three R's, there will likewise need to be the program of a broad background of education as that provided in the liberal arts program and only a slightly lesser number who insist upon vocational education. These all should be accompanied with sound training in the American method of living social, political and economic as well as with a study of the comparative methods of living in other countries which go to make up the world picture. There should always be a positive program of ethical and character education evolving from whatever curriculum is undertaken. For New Hampshire the ground work has been laid in the public schools and the two collegiate institutions for the broadened program. The courses of study in government and character training will need to be stressed anew. State-wide plans may need to be developed and some cooperating basis for vocational education be found.

**RECOMMENDATIONS.** So many favorable decisions have been made over the past several years concerning previous recommendations that one hesitates to recall those that still await such action. Duty impels me, however, to bring to mind two of these which are generally acceptable to the school community, but are in the realm of future possibilities.

1. The question of physical fitness has been stressed so seriously recently that it is recommended that provision be made for a more complete physical training program as soon as manpower is available.

2. The School District has made no provision for the training

of the pre-school child. This would be of such marked assistance to the work of the grade school that it is recommended that a kindergarten be established within the reasonably near future.

The following recommendations are in keeping with those of previous years and are made at this time because of present conditions.

1. It is recommended that the Hanover Center School be closed and that the pupils of the first six grades be transported to the Etna School beginning September 1945.

2. It is recommended that serious consideration be given toward the employment of a Vocational Counselor in connection with the High School. This is one of the recommendations which can be postponed until after the other needs of the department have been met.

3. It is recommended that suggested improvements in the Grade School hall and the improvements of the playground and playfield be translated into action as soon as plans and material can be made available.

While all of the citizens have been occupied with activities related in some way to the war necessity it is helpful to record the continued interest of citizens, parents, School Board, and many organizations in the progress of the schools. It is hoped that as a staff we may merit your further confidence and cooperation.

Respectfully submitted,

ROBERT J. FULLER,  
*Superintendent of Schools.*

PUPILS WITH HIGH SCHOLASTIC STANDING FOR 1943-44  
Headmaster's List

Pupils with an Average of 85% of Better for the Year

*Senior Class of 1944*

Bettina Bacon	Verla Perkins
Claudia Carter	Marion Pushee
Anna Coleman	Marjorie Rice
Frederick Columbia	Rockcey Robinson
Francis Drury	John Sargent
Hazel Fellows	Jean Small
Norma Follansbee	Mary Stearns
Wesley Lanyon	Joyce Tobin
George Lyon	Marion Tuthill
Jean Macdonald	Olive Whitcomb
Anita Newman	John Wood
Beverly Perkins	

*Junior Class of 1945*

Marjorie Anderson	Anne McCallum
Philip Bagley	Sylvia Morse
Elizabeth Brackett	Mary Neidlinger
Margaret Brown	David Rennie
John Cone	Mae Stone
Bertha Cook	Allen Thornton
Jean Dent	Marilyn Tuthill
June Fitzgerald	Nancy Waterman
Evelyn Henry	Charles Wilkinson
Richard Kirkwood	

*Sophomore Class of 1946*

Esther Adams	Barbara Macdonald
Donald Bond	Margaret Melendy
Katharine Carter	Elizabeth Miller
Pauline Goodrich	Manette Moody
Rosemary Guyer	John Norton
Maretta Hazen	Dorothy Thompson
Betty Hill	Margaret Thompson
Erwin Jache	Margaret Wilson
Susan Knight	Malcolm Wing
Louis L'Heureux	Daniel Woodward

*Freshman Class of 1947*

John Boardman	Jobyna Kingsbury
Maxine Bollea	Joseph Melville
Barbara Bowen	Mádeline Messier
Patricia Bowler	Barbara Miller
Gilbert Clark	Sally Neidlinger
Irma Cook	Susan Neidlinger
Monique Denoeu	Marion Nott
Barbara Dent	Dolores Piper
Victor Elder	Helen Rice
Jane Hastie	Gail Sibley
Elsie Hodgdon	Dale Somerville
Barbara Humphreys	Raymond Stone
William Jordan	Susan Thornton
Helen Kendall	Wendell Tuthill

*Eighth Grade of 1948*

Nella Arce	Alison McCallum
Ruth Berry	Alexandra Miller
Linda Brackett	Charlotte Olsen
Eleanor Greene	Donald Pierce
Nancy Hawes	Laurence Pierce
Joyce Lanyon	Isabelle Smith
Martia Lindahl	

*Seventh Grade of 1949*

Sylvia Allen	Priscilla Page
Katherine Amsden	Zandra Smith
Robert Bear	Nancy Stewart
Lois Browne	Elizabeth Strong
Jean Chan	Noradel Truxal
David Folger	Shirley Wood
Patricia McKenna	

*Graduating Class of 1944*

Alice May Aldrich	Anita Carol Newman
Marjorie Janet Aldrich	Pauline Edith O'Brien
Bettina Bacon	Blanche Lena Parker
Richard Lee Bean	Beverly Bernice Perkins
Schuyler Pierce Berry, Jr.	Verla Maxine Perkins
Claudia Jeannette Carter	Marion Viola Pushee
William Douglas Carter	Richard Brown Rand, Jr.
Jean Lovering Clark	Evelyn Evangeline Reside
Anna Margaret Coleman	Marjorie Bird Rice
Frederick Roderick Columbia, Jr.	Euleta Merle Robinson
Doris Marie Dickinson	Rockcey Helen Robinson
Francis Remington Drury, Jr.	John Winthrop Sargent
Hazel Mae Fellows	Richard Henry Sargent
Norma Helen Follansbee	Marion Jennie Shedd
Floyd Albert Gauthier	Beulah Lorraine M. Slack
John Myrl Graham, Jr.	Jean Marion Small
Stephen Van Hastings	Mary Cornelia Stearns
Barbara Elizabeth Johnson	Colin Campbell Stewart IV
Richard Edgar LaBombard	Joseph Ellsworth Stone
Wesley Edwin Lanyon	Marjorie Arvilla Swasey
Irene May LaPan	Joyce Lorraine Tobin
Nancy Jane Lewin	Alton Scribner Tuthill
George Adair Lyon	Marion Hazel Tuthill
Jean Allan Macdonald	Douglas Thorburn Waugh
Keith Laine Martin	Olive Edith Whitcomb
Mary Ellen Megeska	John Proctor Wood
*Arthur Eugene Merrill	*Salvatore Sam Zappala

\*Members of the Class in the Armed Forces

*Awarded "War Service Diplomas."*

## ACADEMIC AWARDS FOR 1944

Class of 1944

Class President, Wesley Lanyon

Student Council Chairman, Mary Stearns

Class Marshal, Frederick Columbia

Senior Honor Roll Bronze Tablet	Marjorie Rice Frederick Columbia
Balfour Scholarship-Loyalty-Achievement Medal	Wesley Lanyon
Phi Beta Kappa Books	George Lyon Marjorie Rice
Reader's Digest Award	George Lyon
First Honor in Scholarship	George Adair Lyon
Second Honor in Scholarship	Wesley Edwin Lanyon
Third Honors in Scholarship	Francis Remington Drury, Jr. Marjorie Bird Rice Claudia Jeanette Carter
Honorable Mention	John Winthrop Sargent Marion Viola Pushee Jean Allan Macdonald Mary Cornelia Stearns Rockcey Helen Robinson Verla Maxine Perkins John Proctor Wood Hazel Mae Fellows
Fullington Cup Award	Beulah Lorraine M. Slack

*Lower Classes*

Sons of American Revolution Medal for Good Citizenship

Joyce Lanyon '48

Board of Education Cup for 1943-44

Class of 1944

## P.T.A. Bronze Medal for Scholarship Improvement

Class of 1945	Bernard Pierce
Class of 1946	Earl Farnham
Class of 1947	Dale Somerville
Class of 1948	Wendell Stark
Class of 1949	Warren L'Heureux

## CERTIFICATE FOR TRAFFIC PATROL SERVICE

Frederick Columbia '44 (Captain)

*Class Averages*

1944

Class of 1944	83.94
Class of 1945	83.38
Class of 1946	82.16
Class of 1947	80.22
Class of 1948	80.84
Class of 1949	79.62
School Average for the Year	81.69

## CERTIFICATES FOR PERFECT ATTENDANCE

Seniors, 1944

Olive Whitcomb

Juniors, 1945

Pauline Goodrich

Sophomores, 1946

Raymond Gauthier

Barbara Miller

Freshmen, 1947

None

Eighth Grade, 1948

Gladys Dickinson

Seventh Grade, 1949

Royal Melville
