HELP YOUR FOREST FIRE WARDEN

PREVENT FIRES — IT PAYS!

Prevention is one of the most important phases of all fire effort. This is particularly true of forest fire control work. Preventing forest fires preserves valuable forest growth and other property, conserves man power and permits their use in productive channels, saves taxpayers' money and conserves fire fighting equipment.

The prevention of forest fires is the most important and difficult part of the work of your forest fire warden who heads a local organization set up primarily for the security of your community's forest property. Appointed by the State Forester, upon recommendation of the Selectmen, he is charged by law with the responsibility of local administration of forest fire laws, fire prevention and suppression. In his work he is aided by deputy forest fire wardens who, in emergency, may assume his power and authority. The warden is guided in his work by instructions received from the State Forester and by the District Fire Chief who represents the State Forester.

The importance and value of the work of the forest fire warden and his deputies is, perhaps, best appreciated during hazardous periods when fire danger is greatest. The public, however, looks to him at all times for speedy and economical suppression of going fires.

To properly fulfill his mission, the warden needs the generous and understanding cooperation of the public at large. He attempts to secure this cooperation by the posting of caution notices, news items and by word of mouth, always carefully explaining the necessity of restrictions imposed. In the matter of giving cooperation, however, the public often fails. The record shows that an average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year. Analysis of fire causes reveal the

fact that more than 98 percent of all forest fires are, consistently, the result of human carelessness and are preventable.

The careless smoker fails to properly extinguish his cigar, cigarette or pipe ashes or thoughtlessly throws them from the car window; the debris burner fails or refuses to consult the warden, as the law requires when the ground is not covered with snow, before attempting to burn; campers fail to properly extinguish their fires or frequently build fires when conditions are unfavorable.

The elimination of human causes from the forest fire problem is the answer. This is not as difficult of accomplishment as it might appear at first glance. Let each one who reads this—

1. Use ordinary common sense with fire in and near woodland.
2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.
3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.
4. Cooperate with and assist the warden and urge others to do so.
5. **HELP YOUR FOREST FIRE WARDEN PREVENT FIRES**—his efforts are only as effective as is the cooperation you give him!

THOMAS J. KING,
District Fire Chief.

BOSCAWEN PUBLIC LIBRARY

The library maintains the following hours: Main building, Tuesdays—2:00 to 4:30 p. m., and 6:30 to 8:00 p. m. Fridays—2:00 to 4:30 p. m. Branch: Mondays—3:00 to 5:00 p. m.; Wednesdays—3:00 to 5:00 p. m., and 6:00 to 8:00 p. m. There are substations at the Water Street School, Merrimack County Farm and Colbyhaven, the nursing home.

The circulation has been somewhat below the average this last year and more of the townspeople are urged to avail themselves of the service that the librarian so willingly gives.

If she has not at hand the research material desired, she can secure books on almost any subject from the State Library.

Both the main library and the branch observed Book Week with a display of books, and both libraries were decorated for the holiday season.

Penacook and Boscawen Congregational Churches enrolled in the Congregational-Christian Reading Contest.

With the assistance of Miss Pratt of the State Library, the librarian has discarded obsolete books to the number of 216.

By purchase, 259 books have been added to the library and 347 catalogued.

Circulation the past year has been 7,070 books; Adult fiction, 4,216; Adult non-fiction, 717; Juvenile fiction, 1,513; Juvenile non-fiction, 624; magazines, 709.

Thanks are extended for gifts of books to Mrs. Edward Towne, Mrs. Charles Wendie and Mrs. Elizabeth G. Hall. The library also received the gift of a book from Dr. Henry D. Chadwick, entitled "The Modern Attack on Tuberculosis". This book was written by Dr. Chadwick, with Dr. Pope as co-author.

A legacy of \$920.00 has been received from the estate of the late Miss Lizzie Choate, the income to be used for the purchase of books and periodicals.

The new librarian, Mrs. Julia Goldsmith, began her duties on May 1, 1946. Mrs. George Colby is the assistant at the branch. The librarian attended the Librarians' Summer School at Concord, also the New Hampshire Library Association Meeting at Franklin.

The Trustees were saddened by the death of Mr. Isaac Coulson, who had faithfully served on the Board since 1938.

Secretary.

 THE "NO SCHOOL" SIGNAL

The Main Street School

Two blasts of the Pioneer fire alarm whistle given three times (2-2-2), and the same number of blasts of the siren on the Torrent Hose House, is the signal for closing schools for one session. Its meaning depends on the time of sounding.

When sounded at 7:30 in the morning, ALL GRADES will be closed for the forenoon session.

When sounded at 8:00 o'clock, grades one, two, three and four will be closed for the forenoon session.

When sounded at 11:45, ALL GRADES will be closed for the afternoon session.

When sounded at 12:15, grades one, two, three and four will be closed for the afternoon session.

The Plains School

Two blasts of the Muchido siren sounded at 7:45 in the morning means that this school will be closed for the entire day.

No school will be announced from the Concord Radio Station WKXL around 7:00 o'clock in the morning.
